San Francisco
Department of Public Health

Board of Supervisors Beilenson Hearing

June 16, 2026

San Francisco Department of
Public Health

Beilenson Hearing Requirements

The State of **California requires public hearings** when a county is closing, eliminating, or reducing medical services.

- There is **no action** associated with this hearing today

Today's hearing covers reductions to **contracted health and medical services provided by community partners** in the DPH proposed FY26-28 budget.

- The Health Commission held a Beilenson hearing for impacted DPH clinical services (e.g. clinic consolidation) at the May 18, 2026 meeting – *this is not the subject of today's Beilenson hearing.*

California Health & Safety Code Section 1442.5

Prior to (1) closing, (2) eliminating or reducing the level of medical services provided by, or (3) the leasing, selling, or transfer of management of, a county facility, the board shall provide public notice, including notice posted at the entrance to all county health care facilities, of public hearings to be held by the board prior to its decision to proceed.

- DPH posted notices per the 14-day noticing requirement on June 2, 2026, at DPH facilities

Preserving the Safety Net in the Face of Unprecedented Federal (HR 1) and State Medicaid Cuts

San Francisco
Department of Public Health

- The City's \$600 M+ structural deficit included ~\$227 M in Medi-Cal cuts for DPH driven by tremendously damaging federal and state cuts to Medicaid
 - FY26-27 Medicaid reimbursement cut: \$62 M for DPH
 - FY27-28 Medicaid reimbursement cut: \$165 M for DPH
- The Medicaid cuts represents 25% of DPH's entire General Fund allocation for FY25-26. **If DPH were asked to solve this on our own, we would need to make massive cuts to clinical services, public health, and the city's only Level 1 Trauma center** — impacting countless clinical and non-clinical staff and programs and cratering the city's health safety net.
- Instead, given the extraordinary impact of HR 1 on DPH's budget and potential impact on the city's safety net, **the Mayor has directed all departments (not just DPH) to reduce General Fund spending**, so that we can **continue to maintain delivery of core services, including health services**.
- In other words, DPH has had to make difficult budget decisions, and the entire City will be helping to support the health care safety net in the face of unprecedented Medicaid funding cuts.

City's General Fund Backfills Major Federal Funding Loss

San Francisco
Department of Public Health

DPH's General Fund contribution grows faster than the overall budget primarily as a result of the state and federal revenue cuts, including HR 1, along with personnel cost growth driven by MOUs

BHSA: New, Mandated Prop. 1 Spending Requirements

- CA Proposition 1 introduced new State spending requirements for Behavioral Health Services Act (BHSA) funds across Housing, Full-Service Partnership, and Behavioral Health Services and Support.
- DPH must shift and increase investments in Housing and Full-Service Partnership from the General Fund to BHSA to meet new requirements.
- **The programs listed as reductions need to be cut as a result of the new state-required BHSA spending formulas allocations, either in FY26-27 or FY27-28.**
 - DPH communicated these impacts to affected CBOs week of March 23rd, prior to submitting and posting IP for public comment.

Today's Hearing Overview

San Francisco
Department of Public Health

Today's hearing covers reductions to **contracted health and medical services provided by community partners**. It covers \$5.9 M for 25 programs across 17 organizations.

An earlier hearing for proposed elimination or reduction of services at civil service clinical sites was held at the Health Commission in May to coincide with personnel changes and reassignments beginning in this fiscal year.

Recap 5/18 Hearing: Consolidating Low Volume Clinic Sites

There are no layoffs from clinic closures. Over the next four months, DPH will consolidate four sites by assigning specialized clinical staff to other locations. **Every patient will be offered transitions** to another outpatient clinic.

- **Savings of ~\$2.5 million a year** will be achieved through the operational efficiencies of consolidation and elimination of vacancies.

Managed Alcohol Program (MAP)

- The 10 MAP beds will be converted back to Medical Respite beds
- Staffing: 2.5 FTE
- Volume: Est. clients per year: 35-40

Cole Street & Michael Baxter Larkin Street Youth Clinics

- Staffing: 5.8 FTE
- Volume: Est. unique clients per year: ~250 @ Cole; ~350 @ Larkin
- Total patients seen per day: ~8 @ Cole; ~9 @ Larkin
- Propose slow ramp-down of staffing over 6-month period (May-October 2026) with close monitoring of data to assess utilization, impact, and scope/quality of services provided.

Southeast Mission Geriatrics (SEMG) Services

- Staffing: 9.23 FTE
- Volume: Est. unique clients per year: ~200
- Estimated patients per day: ~14 (includes phone, telehealth, clinic visit and home visits)
- Unduplicated clients served in May 2026: 139
- Where clients can transition to: Mission Mental Health, OMI Family Center, Sunset Mental Health (Chinese language providers)

Reductions for Under-utilized Resources

- **BAART Perinatal Program (FACET):** Combine the Perinatal Drug Medi-Cal Opioid Treatment Program (OTP), which has served 6-7 patients per year, with agency's regular OTP program, at the same location. No service impact to clients.
- **Substance Use Disorder Navigators:** End a pilot initiative designed to increase both treatment engagement and retention among client. Alternative navigation interventions, however, have proven more effective at engaging individuals and connecting them to treatment across all levels of care.

Changes in Supply Policy and Other Services

Consistent with the Mayor’s Breaking the Cycle strategic priorities, the Mayor’s Office has directed DPH to focus its investments in behavioral health treatment access and stickiness. DPH proposes several changes to its contracts in line with these policy directives.

Program	Organization	FY 26-27	FY27-28	Share of Org. Contracts with DPH
Treatment Connection through Safer Use Supply Distribution (Hemlock, Duboce, and Eddy Site Closure)	San Francisco AIDS Foundation	\$60,000	\$60,000	<1%
Mobile Behavioral Health Team (SOMA Mobile Site)	Harm Reduction Therapy Center	\$20,000	\$20,000	2%

Seeking efficiencies with several large contractors:

Program	Organization	FY 26-27	FY27-28	Share of Org. Contracts with DPH
Sixth Street Self-Help Center	Central City Hospitality House	\$125,000	\$250,000	4%
Peer to Peer Services	Richmond Area Multi-Services, Inc. (RAMS)	\$224,000	\$224,000	1%
High School Wellness Center Initiative	Richmond Area Multi-Services, Inc. (RAMS)	\$260,147	\$260,147	1%

Reductions Due to State Mandated Behavioral Health Services Act Changes

Savings in this group are **required as a result of California voters passing Proposition 1 and shifting to the Behavioral Health Services Act (BHSA) requirements.** As presented in the BHS Integrated Plan, these changes required by the State have increased required allocations in Housing and Full-Service Partnership, resulting in decreased funding available for workforce development, prevention and early intervention programs, and other behavioral health treatment programs (other than Full-Service Partnership programs).

Program	Organization	FY 26-27	FY27-28	Share of Org. Contracts with DPH
Trauma & Recovery Services	Bayview Hunters Point Foundation for Community Improvement		\$211,639	5%
