

[Planning, Administrative Codes - Development Impact Fee Reductions]

Ordinance amending the Planning Code to: 1) reduce Inclusionary Housing Program requirements of the Planning Code, for projects exceeding a stated unit size that have been approved prior to November 1, 2023 and that receive a first construction document within a specified period; 2) adopt a process for those projects to request a modification to conditions of approval related to development impact fees, subject to delegation by the Planning Commission; 3) reduce Article 4 development impact fees, including Inclusionary Affordable Housing fees, for projects approved before November 1, 2026 that receive a first construction document within 30 months of entitlement; and, 4) modify the Inclusionary Housing Program Ordinance effective November 1, 2026 to reduce applicable fees, and on-site or off-site unit requirements, for projects that exceed a stated unit size; amending the Administrative Code to update the Inclusionary Housing Technical Advisory Committee member requirements; affirming the Planning Department's determination under the California Environmental Quality Act; making public necessity, convenience, and welfare findings under Planning Code, Section 302; and making findings of consistency with the General Plan and the eight priority policies of Planning Code, Section 101.1.

1 Section 1.

2 (a) The Planning Department has determined that the actions contemplated in this
3 ordinance comply with the California Environmental Quality Act (California Public Resources
4 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of
5 Supervisors in File No. 230769 and is incorporated herein by reference. The Board affirms
6 this determination.

7 (b) On July 13, 2023, the Planning Commission, in Resolution No. 21353, adopted
8 findings that the actions contemplated in this ordinance are consistent, on balance, with the
9 City's General Plan and eight priority policies of Planning Code Section 101.1. The Board
10 adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the
11 Board of Supervisors in File No. 230769, and is incorporated herein by reference.

12 (c) Pursuant to Planning Code Section 302, this Board finds that these Planning Code
13 amendments will serve the public necessity, convenience, and welfare for the reasons set
14 forth in in Planning Commission Resolution No. 21353, and the Board adopts such reasons as
15 its own. A copy of said resolution is on file with the Clerk of the Board of Supervisors in File
16 No. 230769 and is incorporated herein by reference.

17
18 Section 2. General Findings.

19 (a) San Francisco's Inclusionary Affordable Housing Program is intended to help
20 address the demonstrated need for affordable housing in San Francisco. As rents and sales
21 prices for housing outpace what is affordable to the typical San Francisco family, the City
22 faces a continuing shortage of affordable housing for all but households with the highest
23 incomes. The California Association of Realtor's "California Housing Affordability Update," for
24 the first quarter of 2023, reported that the median home price in San Francisco was
25 \$1,550,000, requiring a minimum qualifying income of \$384,000 to purchase such a home.

1 San Francisco's median home prices are over twice the State of California's median of
2 \$619,900, and over four times the national median home price of \$371,200. The majority of
3 market-rate homes for sale in San Francisco are priced out of the reach of low- and moderate-
4 income households.

5 (b) San Francisco is facing a shortage of all types of housing. To meet San
6 Francisco's share of the regional need for housing between 2023-2031, the City must
7 accommodate over 82,000 units, including ~~32,881~~ 46,598 units for extremely low, very-low
8 ~~and low- and moderate-~~ income households, ~~and 49,188 units for moderate and above-~~
9 ~~moderate income households.~~ The Inclusionary Housing Program is an important part of the
10 City's overall strategy for providing affordable housing to very-low, low- moderate-, and
11 middle-income households, and has created more than 3,300 units since its inception. But the
12 success of the Inclusionary Housing Program is contingent on the overall feasibility of
13 residential development. For that reason, Planning Code Section 415.10 requires periodic
14 review of the program's requirements.

15 (c) From October 2022 through April 2023, consistent with Planning Code Section
16 415.10, the Controller and the Affordable Housing Technical Advisory Committee (TAC) met
17 to conduct and review the feasibility of the City's inclusionary affordable housing obligations.
18 The Controller and the TAC studied five condominium prototypes and five rental apartment
19 prototypes, and considered key economic parameters, such as: interest rates, capitalization
20 rates, land prices, construction costs, use of the State Density Bonus law, rents and sale
21 prices.

22 (d) The Controller and TAC found that none of the development prototypes studied
23 were financially feasible at the current inclusionary housing rates in the Planning Code. Most
24 prototypes studied had significant negative land value, indicating that the prototype would not
25 be financially feasible, even setting aside the cost of land. The prototypes, which were studied

1 because they represent the types of residential development that are common in San
2 Francisco, account for a majority of the housing production in San Francisco. The finding that
3 these two prototypes are not feasible suggests that residential development is, broadly
4 speaking, not financially feasible under current economic conditions at current inclusionary
5 housing rates.

6 (e) Economic conditions that render residential development infeasible threaten
7 several important policy priorities of the City, including the expansion of the City's housing
8 supply, the production of inclusionary affordable housing units, as well as the creation of jobs
9 and growth in tax revenue.

10 (f) On June 30, 2023, the Controller ~~will submit~~ submitted a report to the Board of
11 Supervisors that summarizes the residential development feasibility analysis and the
12 recommendations developed by the Controller, with TAC agreement, between October 2022
13 and April 2023. ~~That~~ The report ~~will recommend~~ recommended that the City's inclusionary
14 housing rates be reduced from the current rates of 22% - 33%, to a range of 12% to 16%.

15 (g) The City's inclusionary housing requirements are an important policy lever, that, if
16 optimized, can facilitate robust and ongoing production of both market rate housing and
17 inclusionary housing. The Controller and the TAC found that the current citywide rates of 22%
18 to 33% directly contribute to the economic infeasibility of residential development. By reducing
19 the rates in line with the Controller and TAC's recommendation, the City will stimulate
20 residential development, increase production of inclusionary affordable housing, create jobs,
21 and grow tax revenue.

22 (h) In addition to reducing the inclusionary obligations for new projects seeking
23 entitlement from the City, the TAC discussed and recommended reducing inclusionary
24 obligations for projects that already have been approved, but have not been constructed.
25 These "pipeline projects" represent tens of thousands of units that could quickly move into the

1 construction phase of development should the project's economics improve. The sponsors of
2 these pipeline projects have likely spent considerable money securing land, pursuing
3 entitlements, and advancing design, but have also been subject to significant construction
4 cost escalation and rising interest rates during the time between project conception and today.
5 By reducing their inclusionary obligation below that of new projects seeking entitlement over
6 the next three years, the City will incentivize these projects to advance into the construction
7 phase, and swiftly provide much needed market rate and inclusionary units.

8 (i) This ordinance amends the Inclusionary Housing Ordinance to create a temporary
9 program to reduce the inclusionary obligations for projects approved before November 1,
10 2023; and (2) a temporary program to reducing inclusionary housing obligations for projects
11 that are approved between November 1, 2023 and November 1, 2026, so long as they obtain
12 a first construction document within 30 months. The ordinance requires the TAC to convene
13 again, no later than January 1, 2026, to review the economic feasibility of the City's
14 inclusionary housing obligations and sets the requirements for projects approved after
15 November 1, 2026, unless the City amends the requirements before that date. The ordinance
16 creates a temporary program to reduce other development impact fees for projects that get a
17 first construction document within 30 months of project approval, thereby providing an
18 incentive for projects to advance to the construction stage.

20 those units if such levels require modification for the project to continue to qualify for the same amount
21 of density bonus previously approved, and findings required by Section 206.6(e) related to eligibility
22 for a density bonus, concessions and incentives and/or waivers of development standards, consistent
23 with Section 415A.4(e). Notwithstanding the previous sentence, modifications to a density bonus project

24 **SEC. 415.10. REPORTING TO BOARD OF SUPERVISORS.**

25 (a) Findings.

1 San Francisco continues to experience a housing crisis that requires a broad spectrum
2 of land use and financing tools to address. The 2022 Housing Element Update of the City's
3 General Plan calls for 40% ~~38%~~ of all new housing production to be affordable for lower
4 income households below 80% of area median income and ~~19%~~ 17% of new housing
5 affordable to be built for moderate/middle income households up to 120% of area median
6 income. San Francisco's inclusionary housing program, which requires housing developers to
7 provide affordable units as part of their projects, is a critical component of the City's programs
8 to expand affordable housing options. The Inclusionary Housing program is one of the City's
9 tools for increasing affordable housing dedicated to lower income San Franciscans without
10 using public subsidies, and in particular it is a useful tool for creating any affordable housing to
11 meet the growing need of moderate/middle income households.

12 The City adopted an Inclusionary Housing ordinance in 2002 that set requirements on
13 market rate development to include affordable units at 12% of the total for the first time. The
14 inclusionary program has successfully resulted in more than ~~2,000~~ 3,330 units of below-market,
15 permanently affordable housing since its adoption. The City prepared a Nexus Study in 2007
16 in support of the program, which was updated in 2016. The reports demonstrated the necessary
17 affordable housing in order to mitigate the impacts of market rate housing, ~~and the inclusionary~~
18 ~~requirements were increased to 15% of total units.~~ The City's inclusionary housing requirements,
19 which have been set at various levels since 2002 in response to changing economic conditions, are
20 codified in Section 415 of the Planning Code. ~~The City is now in the process of updating that nexus~~
21 ~~analysis.~~

22 ~~In 2011, Governor Jerry Brown dissolved the State Redevelopment Agency, which was the~~
23 ~~City's primary permanent funding stream for affordable housing. In 2012, in response to this loss, the~~
24 ~~voters amended the San Francisco Charter to create the Affordable Housing Trust Fund, which~~
25 ~~included a provision to lower the on-site inclusionary requirement to 12%. In November 2014, in~~

1 ~~response to an escalating affordable housing crisis, the voters passed Proposition K, which set forth a~~
2 ~~policy directive to the City to ensure that additional affordable housing is a minimum of 33% of its~~
3 ~~overall housing production to low- and moderate/middle-income households up to 120% of the Area~~
4 ~~Median Income and at least another 17% affordable to households from 120% to 150% of the Area~~
5 ~~Median Income.~~

6 ~~The Board of Supervisors has proposed to the voters a Charter amendment that will appear on~~
7 ~~the June 7, 2016 ballot. The Charter amendment would authorize the City to enact by ordinance~~
8 ~~subsequent changes to the inclusionary housing requirements, including changes to the minimum or~~
9 ~~maximum inclusionary or affordable housing obligations applicable to market rate housing projects.~~

10 ~~On March 1, 2016, the Board of Supervisors unanimously adopted Resolution No. 79-16~~
11 ~~declaring that (1) it shall be City policy to maximize the economically feasible percentage of affordable~~
12 ~~inclusionary housing in market rate housing development to create housing for lower and~~
13 ~~moderate/middle-income households; (2) if the voters adopt the proposed Charter amendment on June~~
14 ~~7, the Board intends to adopt a future ordinance requiring the Controller and other City departments to~~
15 ~~conduct a periodic economic study to maximize affordability in the City's inclusionary housing~~
16 ~~requirements; and (3) the future ordinance would create an advisory committee to ensure that the~~
17 ~~economic study is the result of a transparent and inclusive public process.~~

18 The purpose of this Section 415.10 is to provide for the ongoing study of how to set
19 inclusionary housing obligations in San Francisco at the maximum economically feasible
20 amount in market rate housing development to create housing for low and moderate/middle
21 income households, at the income levels set forth in Section 415.10(d), and with guidance
22 from the City's Nexus Study, which ~~should~~ shall be periodically updated.

SEC. 415.5. AFFORDABLE HOUSING FEE.

~~The fees set forth in this Section 415.5 will be reviewed when the City completes an Economic Feasibility Study.~~ Except as provided in Section 415.5(g), all development projects subject to

1 this Program shall be required to pay an Affordable Housing Fee subject to the following
2 requirements:

3 (a) **Timing of Fee Payments.** The fee shall be paid to DBI for deposit into the
4 Citywide Affordable Housing Fund at the time required by Section 402(d).

5 (b) **Amount of Fee.** The amount of the fee that may be paid by the project sponsor
6 subject to this Program shall be determined by MOHCD utilizing the following factors:

7 (1) The number of units equivalent to the applicable off-site percentage of the
8 number of units in the Principal Project.

9 (A) For housing development projects consisting of 10 units or more, but
10 less than 25 units, the applicable percentage shall be 20%.

11 (B) For development projects consisting of 25 units or more, the
12 applicable percentage shall be ~~27%~~33% if such units are Owned Units.

13 (C) For development projects consisting of 25 units or more, the
14 applicable percentage shall be ~~24.5%~~30% if the development project is a Rental Housing
15 Project. In the event a Rental Housing Project becomes an Ownership Housing Project, the
16 Project Sponsor shall either (A) reimburse the City the proportional amount of the Inclusionary
17 Affordable Housing Fee, which would be equivalent to the current Inclusionary Affordable
18 Housing Fee requirement for Ownership Housing Projects, or (B) provide additional on-site or
19 off-site Affordable Units equivalent to the current inclusionary requirements for Ownership
20 Housing Units, apportioned among the required number of units at various income levels in
21 compliance with the requirements in effect at the time of conversion. Any additional Affordable
22 Units provided on-site or off-site shall comply with Section 415 and the Procedures Manual.

23 (2) The affordability gap, using data on MOHCD's cost of construction of
24 affordable residential housing. ~~No later than January 31, 2018, the Controller, with the support of~~
25 ~~consultants as necessary, and in consultation with the Inclusionary Housing Technical Advisory~~

~~Committee (TAC) established in Planning Code Section 415.10, shall conduct a study to develop an appropriate methodology for calculating, indexing, and applying the appropriate amount of the Inclusionary Affordable Housing Fee. To support the Controller's study, and annually thereafter, MOHCD shall provide the following documentation: (1) schedules of sources and uses of funds and independent auditor's reports ("Cost Certifications") for all MOHCD-funded developments completed within three years of the date of reporting to the Controller; and, (2) for any MOHCD-funded development that commenced construction within three years of the reporting date to the Controller but for which no Cost Certification is yet complete, the sources and uses of funds approved by MOHCD and the construction lender as of the date of the development's construction loan closing. Cost Certifications completed in years prior to the year of reporting to the Controller may be increased or decreased by the applicable annual Construction Cost Index percentage(s) for residential construction for San Francisco reported in the Engineering News Record. MOHCD, together with the Controller and TAC, shall evaluate the cost-to-construct data, including actual and appraised land costs, state and/or federal public subsidies available to MOHCD-funded projects, and determine MOHCD's average costs. Following completion of this study, the Board of Supervisors, in its sole and absolute discretion, and within the legal allowances of the Residential Nexus Analysis, will review the analyses, methodology, fee application, and the proposed fee schedule; and may consider adopting legislation to revise the Inclusionary Affordable Housing fees. The method of calculating, indexing, and applying the fee shall be published in the Procedures Manual. The Department and MOHCD shall update the fee methodology and technical report every three years, with analysis from the Technical Advisory Committee, in order to ensure that the affordability gap remains current, consistent with the requirements set forth below in Section 415.5(b)(3) and Section 415.10.~~

~~* * * *~~

(5) The applicable amount of the inclusionary housing fee shall be determined based upon the date that the project sponsor has submitted a complete Project Application

1 ~~Environmental Evaluation application.~~ In the event the project sponsor does not procure a
2 building permit or site permit for construction of the principal project within 30 months of the
3 project's approval, the development project shall comply with the inclusionary affordable
4 housing requirements applicable thereafter at the time when the project sponsor does
5 proceed with pursuing a building permit. Such time period shall be extended in the event of
6 any litigation seeking to invalidate the City's approval of such project, for the duration of the
7 litigation.

19 Income eligible to apply for middle-income units. For any Affordable Units with rental rates set at
20 110% of Area Median Income, the units shall have a minimum occupancy of two persons. MOHCD
21 may reduce Area Median Income pricing and the minimum income required for eligibility in each
22 rental category.

23 (4) Notwithstanding the foregoing Area Median Income limits for Rental Units
24 and Owned Units, the maximum affordable rents or sales price shall be no higher than 20%
25 below market rents or sales prices for the neighborhood within which the project is located,

1 which shall be defined in accordance with the American Community Survey Neighborhood
2 Profile Boundaries Map. MOHCD shall adjust the allowable rents and sales prices, and the
3 eligible households for such units, accordingly, and such potential readjustment shall be a
4 condition of approval upon project entitlement. The City shall review the updated data on
5 neighborhood rents and sales prices on an annual basis.

6 (5) Starting on January 1, ~~2018~~2028, and no later than January 1 of each year
7 thereafter, MOHCD shall increase the percentage of units required on-site for projects
8 ~~consisting of 10–24 units, as set forth in Section 415.6(a)(1), by increments of 0.5% each year, until~~
9 ~~such requirement is 15%. For all development projects with 25 or more units, the required on-site~~
10 ~~affordable ownership housing to satisfy this Section 415.6 shall increase by .5%~~1% annually for two
11 consecutive years starting January 1, ~~2018~~2028. The increase shall be apportioned to units
12 affordable to low-income households, as defined above in subsection 415.6(a)(3). Starting
13 January 1, ~~2020~~2030, the increase to on-site housing developments with 25 or more units shall
14 increase by 0.5% annually, with such increases allocated equally to moderate_ and middle_
15 income households, as defined above in subsection 415.6(a)(3). The total on-site inclusionary
16 affordable housing requirement shall not exceed 26% for Ownership Housing Projects or 24%
17 for Rental Housing Projects, and the increases shall cease at such time as these limits are
18 reached. MOHCD shall provide the Planning Department, DBI, and the Controller with
19 information on the adjustment to the on-site percentage so that it can be included in the
20 Planning Department's and DBI's website notice of the fee adjustments and the Controller's
21 Citywide Development Fee and Development Impact Requirements Report described in
22 Section 409(a).

23 (6) The Department shall require as a condition of Department approval of a
24 project's building permit, or as a condition of approval of a Conditional Use Authorization or
25 Planned Unit Development or as a condition of Department approval of a live/work project,

1 that ~~12%~~15%, 18%, or 20%, as applicable, or such percentage that has been adjusted
2 annually by MOHCD, of all units constructed on the project site shall be Affordable to
3 Qualifying Households so that a project sponsor must construct ~~.12, .15~~, .18, or .20 times, or
4 such current number as adjusted annually by MOHCD, as applicable, the total number of units
5 produced in the Principal Project. If the total number of units is not a whole number, the
6 project sponsor shall round up to the nearest whole number for any portion of .5 or above. In
7 no case shall the total number of Affordable Units required exceed the number required as
8 determined by the application of the applicable on-site requirement rate to the total project
9 units.

11 (11) Specific Geographic Areas. For any housing development that is located
12 in an area with a specific affordable housing requirement set forth in a Special Use District or
13 in any other section of the Code such as Section 419, the higher housing requirement shall
14 apply. ~~The Planning Department, in consultation with the Controller, shall undertake a study of areas~~
15 ~~greater than five acres in size, where an Area Plan, Special Use District, or other re-zoning is being~~
16 ~~considered for adoption or has been adopted after January 1, 2015, to determine whether a higher on-~~
17 ~~site inclusionary affordable housing requirement is feasible on sites that have received a 20% or~~
18 ~~greater increase in developable residential gross floor area or a 35% or greater increase in residential~~
19 ~~density over prior zoning, and shall submit such information to the Planning Commission and Board of~~
20 ~~Supervisors.~~

21 (12) If the Principal Project has resulted in demolition, conversion, or removal of
22 affordable housing units that are subject to a recorded covenant, ordinance, or law that
23 restricts rents to levels affordable to persons and families of moderate-, low- or very-low-
24 income, or housing that is subject to any form of rent or price control through a public entity's
25 valid exercise of its police power and determined to be affordable housing, the Commission or

1 the Department shall require that the project sponsor replace the number of Affordable Units
2 removed with units of a comparable number of bedrooms and sales prices or rents, in addition
3 to compliance with the requirements set forth in this Section.

4 (13) The applicable amount of the percentage required for the on-site housing
5 units shall be determined based upon the date that the project sponsor has submitted a
6 complete Project Application ~~Environmental Evaluation application~~. Any development project that
7 constructs on-site affordable housing units as set forth in this Section 415.6 shall diligently
8 pursue completion of such units. In the event the project sponsor does not procure a building
9 permit or site permit for construction of the Principal Project within 30 months of the project's
10 approval, the development project shall comply with the inclusionary affordable housing
11 requirements applicable thereafter at the time when the project sponsor procures a building
12 permit. Such deadline shall be extended in the event of any litigation seeking to invalidate the
13 City's approval of such project, for the duration of the litigation.

15 **SEC. 415.7. OFF-SITE AFFORDABLE HOUSING ALTERNATIVE.**

16 If the project sponsor elects pursuant to Section 415.5(g) to provide off-site units to

18 Planning Department and MOHCD of its intent prior to approval of the project by the Planning
19 Commission or Department. The Planning Department and MOHCD shall provide an
20 evaluation of the project's compliance with this Section 415.7 prior to approval by the Planning
21 Commission or Planning Department. The development project shall meet the following
22 requirements:

23 (a) **Number of Units:** The number of units constructed off-site shall be as follows:
24
25

4 (2) For housing development projects consisting of 10 units or more but less
5 than 25 units, the number of Affordable Units constructed off-site shall be 20%, so that a
6 project applicant shall construct .20 times the total number of units produced in the Principal
7 Project. If the total number of units is not a whole number, the project applicant shall round up
8 to the nearest whole number for any portion of .5 or above. In no case shall the total number
9 of Affordable Units required exceed the number required as determined by the application of
10 the applicable off-site requirement rate to the total project units. Owned Units shall be
11 affordable to households earning up to 100% of Area Median Income, with an affordable sales

18 ~~8%~~7.5% of the units affordable to moderate-income households, and ~~7%~~7.5% of the units
19 affordable to middle income households. In no case shall the total number of Affordable Units
20 required exceed the number required as determined by the application of the applicable off-
21 site requirement rate to the total project units. Owned Units for low-income households shall

For any Affordable Units with purchase prices set at 100% of Area Median Income or above, the units shall have a minimum occupancy of two persons. This unit requirement shall be outlined within the Mayor's Office of Housing Preferences and Lottery Procedures Manual no later than February 26, 2018. MOHCD may reduce Area Median Income pricing and the minimum income required for eligibility in each rental category.

(4) For any Rental Housing Project consisting of 25 or more Rental Units, the number of affordable units constructed off-site shall generally be ~~30%~~24.5% of all units constructed on the project site, with a minimum of ~~18%~~12.5% of the units affordable to low-income households, 6% of the units affordable to moderate-income households, and 6% of the units affordable to middle-income households. 3 for eligibility in each rental category. MOHCD shall set forth in the Procedures Manual the
4 administration of rental units within this range.

5 (5) In the event that a Rental Housing project converts to an Ownership
6 Housing project, the Project Sponsor shall either (A) reimburse the City the proportional
7 amount of the Inclusionary Affordable Housing Fee, which would be equivalent to the then-
8 current Inclusionary Affordable Housing Fee requirement for Ownership Housing Projects, or
9 (B) provide additional on-site or off-site Affordable Units equivalent to the then-current
10 inclusionary requirements for Ownership Housing Projects, apportioned among the required
11 number of units at various income levels in compliance with the requirements in effect at the
12 time of conversion.

13 (6) The applicable amount of the percentage required for the off-site housing
14 units shall be determined based upon the date that the project sponsor has submitted a
15 complete Project Application ~~Environmental Evaluation application~~. Any development project that
16 constructs off-site affordable housing units as set forth in this Section 415.6 shall diligently
17 pursue completion of such units. In the event the project sponsor does not procure a building
18 permit or site permit for construction of the principal project or the off-site affordable housing
19 project within 30 months of the project's approval, the development project shall comply with
20 the inclusionary affordable housing requirements applicable thereafter at the time when the
21 project sponsor procures a building permit. Such deadline shall be extended in the event of

1 **SEC. 419.3. APPLICATION OF UMU AFFORDABLE HOUSING REQUIREMENTS.**

2 (a) Section 419.1 et seq. shall apply to any housing project located in the UMU Zoning
3 District of the Eastern Neighborhoods, that is subject to the requirements of Sections 415 et
4 seq.

5 (b) Additional UMU Affordable Housing Requirements to the Section 415 Inclusionary
6 Affordable Housing Program Requirements. The requirements of Section 415 through 415.9
7 shall apply subject to the following exceptions:

8 (1) For all projects sites designated as Tier A, a minimum of ~~14.4 percent~~ 12.3%
9 of the total units constructed shall be affordable to and occupied by qualifying persons and
10 families as defined elsewhere in this Code, so that a project sponsor must construct ~~144~~ 123
11 times the total number of units produced in the principal project beginning with the
12 construction of the tenth unit. If the total number of units is not a whole number, the sponsor
13 shall round up to the nearest whole number for any portion of .5 or above.

14 (A) If the project sponsor is eligible for and elects pursuant to Section
15 415.5(g) to build off-site units to satisfy the requirements of this program, the sponsor shall
16 construct ~~23 percent~~ 18.8% so that a sponsor must construct ~~23~~ 188 times the total number of
17 units produced in the principal project beginning with the construction of the tenth unit. If the
18 total number of units is not a whole number, the sponsor shall round up to the nearest whole
19 number for any portion of .5 or above.

20 (B) If the project sponsor elects pursuant to Section 415.5 to pay the fee
21 to satisfy the requirements of this program, the sponsor shall meet the requirements of
22 Section 415 according to the number of units required above if the project applicant were to
23 elect to meet the requirements of this Section by off-site housing development. For the
24 purposes of this Section, the City shall calculate the fee using the direct fractional result of the
25

1 total number of units multiplied by the percentage of off-site housing required, rather than
2 rounding up the resulting figure.

3 (2) For all project sites designated Tier B, a minimum of ~~16 percent~~ 13.1% of the
4 total units constructed shall be affordable to and occupied by qualifying persons and families
5 as defined elsewhere in this Code, so that a project sponsor must construct ~~.16~~ .131 times the

10 415.5(g) to build off-site units to satisfy the requirements of this program, the sponsor shall
11 construct ~~25 percent~~ 20.5% so that a sponsor must construct ~~.25~~ .205 times the total number of

14 number for any portion of .5 or above.

15 (B) If the project sponsor elects pursuant to Section 415.5(g) to pay the
16 fee to satisfy the requirements of this program, the sponsor shall meet the requirements of
17 Section 415 according to the number of units required above if the sponsor were to elect to
18 meet the requirements of this Section by off-site housing development. For the purposes of
19 this Section, the City shall calculate the fee using the direct fractional result of the total
20 number of units multiplied by the percentage of off-site housing required, rather than rounding
21 up the resulting figure.

22 (3) For all project sites designated Tier C, a minimum of ~~17.6 percent~~ 14.4% of
23 the total units constructed shall be affordable to and occupied by qualifying persons and
24 families as defined elsewhere in this Code, so that a project sponsor must construct ~~.176~~ .144
25 times the total number of units produced in the principal project beginning with the

1 construction of the tenth unit. If the total number of units is not a whole number, the sponsor
2 shall round up to the nearest whole number for any portion of .5 or above.

3 (A) If the project sponsor is eligible for and elects pursuant to Section
4 415.5(g) to build off-site units to satisfy the requirements of this program, the sponsor shall
5 construct ~~27 percent~~ 22.1% so that a sponsor must construct ~~.27~~ .221 times the total number of
6 units produced in the principal project beginning with the construction of the tenth unit. If the
7 total number of units is not a whole number, the sponsor shall round up to the nearest whole
8 number for any portion of .5 or above.

9 (B) If the project sponsor elects pursuant to Section 415.5 to pay the fee
10 to satisfy the requirements of this program, the sponsor shall meet the requirements of
11 Section 415 according to the number of units required above if the sponsor were to elect to
12 meet the requirements of this Section by off-site housing development. For the purposes of
13 this Section, the City shall calculate the fee using the direct fractional result of the total
14 number of units multiplied by the percentage of off-site housing required, rather than rounding
15 up the resulting figure.

16 (c) Timing of Fee Payments. Any fee required by Section 419.1 et seq. shall be paid to
17 DBI for deposit into the Citywide Affordable Housing Fund at the time required by Section
18 402(d).
