EXECUTIVE SUMMARY	
<p style="text-align: center;">Legislative Objectives</p> <ul style="list-style-type: none"> • <u>File 21-0647</u> is a proposed ordinance that would appropriate \$19.3 million Power bond proceeds, de-appropriate \$8.8 million in certain Hetch Hetchy capital projects and revenues, appropriate \$16.4 million for the Bay Corridor Project, \$2.9 million for Power Bond financing costs, and \$8.8 million to Hetch Hetchy fund balance in the SFPUC's Hetch Hetchy Capital Improvement Program in FY 2020-21 and FY 2021-22. • <u>File 21-0649</u> is a proposed ordinance that would increase the SFPUC's authorization to issue Power Revenue Bonds and other forms of indebtedness from \$142,970,073 to \$162,314,897. <p style="text-align: center;">Key Points</p> <ul style="list-style-type: none"> • According to the SFPUC, \$6.8 million of previously appropriated Hetch Hetchy revenues in FY 2020-21 is no longer necessary because of close-out of completed projects and adjustment to the project schedule for the Distribution Services Project. The proposed appropriation would return those monies to fund balance. • The proposed appropriation appropriates \$16.4 million the Bay Corridor Transmission Distribution project in FY 2021-22 to fund construction of transmission and distribution infrastructure related to a new SFPUC substation at Quint Street. <p style="text-align: center;">Fiscal Impact</p> <ul style="list-style-type: none"> • The SFPUC anticipates issuing the proposed \$19.3 million in Power Bonds in 1 or 2 series beginning in FY 2021-22. The debt service for the proposed \$19.3 Power bonds is expected to be \$1.5 million annually. • The SFPUC is expected to remain compliant with its Debt Management Policy and its Fund Balance Policy. • According to the SFPUC, approved FY 2021-22 rate increases ranging from 3% - 6% will fund budgeted operating and capital cost increases including the debt service associated with these bonds. <p style="text-align: center;">Policy Consideration</p> <ul style="list-style-type: none"> • The SFPUC's policy is to request authorization for the future issuance of bonds and other forms of debt to fund new capital appropriations, even if it has unused bond authority. The SFPUC has \$304.9 million in unused Power Revenue Bond debt authority. <p style="text-align: center;">Recommendation</p> <ul style="list-style-type: none"> • Approve the proposed ordinances. 	

MANDATE STATEMENT

Charter Section 9.107(6, 8) states that the Board of Supervisors is authorized to provide for the issuance of revenue bonds for the purpose of the reconstruction or replacement of existing water facilities or electric power facilities or combinations of water and electric power facilities under the jurisdiction of the Public Utilities Commission, when authorized by resolution adopted by a three-fourths affirmative vote of all members of the Board of Supervisors; and issued to finance or refinance the acquisition, construction, installation, equipping, improvement or rehabilitation of equipment or facilities for renewable energy and energy conservation.

Charter Section 8B.124 states that the Public Utilities Commission is authorized to issue revenue bonds and other forms of indebtedness, when authorized by two-thirds vote of the Board of Supervisors, for Water Enterprise and Wastewater Enterprise capital projects.

Charter Section F1.113 states that 0.2 percent of the City's budget, excluding bond debt, must be set-aside for the Controller's audit fund.

Charter Section 5A.31(d) states that one-twentieth of one percent (0.05%) from the proceeds of each issuance or sale of public utility revenue bonds must be set aside for use by the Public Utilities Commission Revenue Bond Oversight Committee to cover the costs of Committee activities.

Charter Section 9.105 states that the Board of Supervisors shall approve by ordinance all amendments to the Annual Appropriation Ordinance after the Controller certifies the availability of funds.

BACKGROUND

The SFPUC maintains three utility enterprises: Water, Wastewater, and Hetch Hetchy. The Hetch Hetchy enterprise includes Hetchy Water, which is responsible for the water system in and around the Hetch Hetchy reservoir, Hetchy Power, which is responsible for power generation, and CleanPowerSF. Because power is generated hydroelectrically, certain capital projects benefit both the Hetchy Water and Hetchy Power operations. Hetchy Power primarily provides electricity to City agencies and other government entities.

Hetch Hetchy Capital Improvement Program

According to the San Francisco Public Utilities Commission's (SFPUC) 10-Year Financial Plan, the Hetch Hetchy Enterprise Capital Improvement Program for FY 2021-22 through FY 2030-31 is \$1.57 billion, of which \$1.034 billion is for the Hetchy Water Capital Program including Water, Power and Joint Water and Power Projects, and \$533 million is for the Local Power Capital Program. Major funding sources include power revenues, power revenue bonds, and water revenue bonds.

DETAILS OF PROPOSED LEGISLATION

File 21-0647 is a proposed ordinance that would appropriate \$19.3 million Power bond proceeds, de-appropriate \$8.8 million in certain Hetch Hetchy capital projects and revenues, appropriate \$16.4 million for the Bay Corridor Project, \$2.9 million for Power Bond financing costs, and \$8.8 million to Hetch Hetchy fund balance in the SFPUC's Hetch Hetchy Capital Improvement Program in FY 2020-21 and FY 2021-22. The detailed sources and uses of these funds are shown below in Table 1.

Table 1: Sources of Uses for Changes to Hetch Hetchy Capital Improvement Program

	FY 2020-21	FY 2021-22	Total
Sources			
Cruise Ship Power	148,830	0	148,830
Transbay Center	1,991,297	0	1,991,297

Total Uses	6,843,536	21,344,824	28,188,360

Source: File 21-0647

Bond proceeds would be placed on Controller's Reserve pending receipt of bond revenues and construction related expenses.

Use of the appropriated funds is also subject to the Board of Supervisors' discretionary adoption of California Environmental Quality Act (CEQA) Findings for projects, following review and consideration of completed project related environmental analysis.

File 21-0649 is a proposed ordinance that amends Ordinance 172-20 (File 20-0836) to increase the SFPUC's authorization to issue taxable or tax-exempt Power Revenue Bonds and other forms of indebtedness by \$19,344,824 from \$142,970,073 to \$162,314,897. Authorized forms of debt include refunding bonds, New Clean Renewable Energy Bonds and Qualified Energy Conservation Bonds, commercial paper, revolving credit notes, and bond anticipation notes to finance the

Hetch Hetchy Capital Improvement Program. As noted above, the increase in the debt authorization is to provide funding for the Bay Corridor Transmission Distribution Project.

The ordinance would authorize the Controller, Treasurer, and City Attorney to take necessary actions to facilitate the issuance of the debt. Finally, the SFPUC would be required to provide a report to the Board of Supervisors that includes the amount of Power Revenue Bonds issued under the proposed and prior authorizations, total amount sold, the remaining authorized but unissued amount, and the bond authorization no longer necessary due to changes in projects and project financing.

Unspent Revenues in FY 2020-21

According to the SFPUC, \$6.8 million of previously appropriated Hetch Hetchy revenues in FY 2020-21 is no longer necessary because of close-out of completed projects and adjustment to the project schedule for the Distribution Services Project. Table 2 below provides detail for each revenue source.

Table 2: Changes to FY 2020-21 Revenues

Project	Reason for Change
Cruise Ship Power	Close out completed project with budget savings
Transbay Center	Close out excess balance not needed for final project incentive payments
Enterprise Fund	Close out completed project with budget savings
525 Golden Gate	Close out completed project with budget savings
Hunters Point Municipal Power	Close out excess budget related to completed Hilltop portion of the Hunters Point project; remaining funds still needed for Hillside portion of the project.
Distribution Services	Funds are not needed in the upcoming fiscal year due to adjustments to project schedules; these funds will be requested in future years based on revised schedules.

Source: SFPUC

Bay Corridor Transmission Distribution Project

As shown above in Table 1, the SFPUC intends to issue \$19.3 million in Power Bonds to fund construction and financing costs related to the Bay Corridor Transmission Distribution project. According to information provided by SFPUC, the Bay Corridor Transmission Distribution project includes installation of infrastructure to convert transmission voltage electricity from the PG&E Potrero Substation at a new SFPUC substation on Quint Street and distributing the electricity to Power Enterprise customers. The scope of work includes s underground duct bank work, cable pulls, transformer substation and transmission connections to the PG&E Potrero substation and related customer interface equipment and cables. Construction is expected to occur in FY 2021-22.

FISCAL IMPACT

Bond Issuance and Debt Service

The SFPUC anticipates issuing the proposed \$19.3 million in Power Bonds in 1 or 2 series beginning in FY 2021-22. The debt service for the proposed \$19.3 Power bonds is expected to be \$1.5 million annually.

SFPUC Debt Management Policy

SFPUC's Debt Policy provides for issuance of short-term debt, such as commercial paper, and refunding bonds. The SFPUC's financial policies requires that each Enterprise generate net revenues (including fund balance) of at least 1.35 times of annual debt service to remain compliant with the Department's Bond Indenture Agreement and that annual revenues are at least 1.10 times of annual debt service. The SFPUC is expected to remain compliant with these debt service coverage ratios.

Fund Balance

SFPUC's fund balance reserve policy requires a fund balance of 90 days or 25 percent of operating expenses. According to the 10 Year Financial Plan, the Hetch Hetchy Water and Power Enterprise fund balance is expected to exceed this level over the 10-year plan period. The 10 Year Financial Plan shows negative net operating revenues in four of the next ten years (i.e., operating revenues are less than expenses) which will draw down on the fund balance, although the fund balance will exceed the minimum amount of 25 percent of operating expenses.

Power Rate Increases

According to the SFPUC, approved FY 2021-22 rate increases ranging from 3% - 6% will fund budgeted operating and capital cost increases including the debt service associated with these bonds. Increased debt service from these bonds represent about 0.5% of the proposed FY 2021-22 budget.

POLICY CONSIDERATION

Status of Authorized and Issued Power Enterprise Debt

As of June 16, 2021, the Board of Supervisors have previously authorized the issuance and sale of \$423.4 million in Power Revenue Bonds and other debt, of which \$118.5 million of Power Revenue Bonds and commercial paper have been sold with \$304.9 million in authorized and unsold bonds. The proposed ordinance (File 21-0647) authorizes an additional \$19.3 million in Power Revenue Bonds and other forms of debt. The SFPUC's policy is to request authorization for the future issuance of bonds and other forms of debt to fund new capital appropriations, even if it has unused bond authority.

RECOMMENDATION

Approve the proposed ordinances.

From: Ashley Groffenberger, Mayor's Budget Director
Date: June 1, 2021
Re: Mayor's FY 2021-22 and FY 2022-23 Budget Submission

Madam Clerk,

In accordance with City and County of San Francisco Charter, Article IX, Section 9.100, the Mayor's Office hereby submits the Mayor's proposed budget by June 1st, corresponding legislation, and related materials for Fiscal Year (FY) 2021-22 and FY 2022-23.

In addition to the Mayor's Proposed FY 2021-22 and FY 2022-23 Budget Book, the following items are included in the Mayor's submission:

- The Annual Appropriation Ordinance and Annual Salary Ordinance, along with Administrative Provisions, physical copies of which will be delivered by the Controller's Office
- The proposed budget for the Office of Community Investment and Infrastructure for FY 2021-22
- 22 separate pieces of trailing legislation (see list attached)
- A Transfer of Function letter detailing the transfer of positions from one City department to another
- An Interim Exception letter
- A letter addressing funding levels for nonprofit corporations or public entities for the coming two fiscal years
- Memo to the Board President requesting for 30-day rule waivers on ordinances
- Request for release of Budget and Appropriations Committee Reserve

Please note the following:

- Technical adjustments to the budget are being prepared, but are not submitted with this set of materials.

Sincerely,

Ashley Groffenberger
Mayor's Budget Director
