MAYOR

LEGISLATIVE DIGEST

[Fire Code - Fire Department Service Fees]

Ordinance amending the San Francisco Fire Code Section 113.10 and 113.21 to increase fees for certain Fire Department services; and making environmental findings.

Existing Law

Sections 113.10 and 113.21 of the San Francisco Fire Code specify Fire Department fees for overtime and plan review.

Amendments to Current Law

The proposed legislation would increase the fees the Fire Department recovers for performing services Fire Department employees perform beyond normal working hours. In addition, the Fire Department proposes to increase the fees for services associated with reviewing plans.

Background information

The current fees set do not cover the costs to the Fire Department of providing the services. The proposed fee increase will cover those costs.

Controller's Discussion of the Mayor's FY 2012-13 and 2013-14 Proposed Budget June 14, 2012

Charter Section 9.102 requires that the Controller provide the Board of Supervisors with an opinion regarding the accuracy of economic assumptions underlying the revenue estimates in the Mayor's Proposed Budget and the reasonableness of such estimates. On May 31, 2012, Mayor Edwin Lee submitted his FY 2012-13 and FY 2013-14 Proposed Budget to the Board of Supervisors. An overview of the revenues is provided in Table 1.

Overall, the proposed two-year budget appears to be reasonable given the information currently available. The proposed budget reduces the City's recent reliance on one-time revenues and includes a gradual rebuilding of reserves, reducing prospective budgetary shortfalls, provided that the current economic recovery is sustained and potential future reductions in State revenues remain manageable.

Overview

As shown in Table 1, the Proposed Budget for FY 2012-13 of \$3.5 billion General Fund and \$7.3 billion All Funds represents a 7% increase from the FY 2011-12 original budget. The Proposed Budget for FY 2013-14 represents a further 3% increase in both General Fund and All Funds. Highlights include:

- **Local tax revenue estimates are reasonable given current economic assumptions but will continue to be monitored.** The proposed budget reflects the prevailing economic consensus in assuming a steady economic recovery through FY 2012-13 and FY 2013-14, with regular revenues increasing by \$220 million over the FY 2011-12 budget (representing \$92 million above the revised FY 2011-12 revenue outlook in the Controller's Nine Month Budget Status Report), and FY 2013-14 revenues increasing by a further \$109 million. However, San Francisco's economy is vulnerable to national and international economic developments that could cause changes to the currently favorable trends in job growth, property values and tourism. Any significant economic slowdown would require the Mayor's Office and Board to adjust the budget to reflect reduced revenues. The Controller's Office will monitor local tax receipts and the overall economic outlook carefully and provide revenue projection updates throughout the budget years.
