Item 3 File 19-0625	Departments: Public Utilities Commission, Port, Airport
------------------------	---

EXECUTIVE SUMMARY**Legislative Objectives**

The proposed ordinance would (1) appropriate \$12,218,229 in the Public Utilities Commission (SFPUC), (2) de-appropriate and re-appropriate \$2,127,062 in the Airport Commission, and (3) de-appropriate and re-appropriate \$304,443 in the Port Commission in FY 2019-20.

Fiscal Impact

- The proposed ordinance appropriates \$12,218,229 to the SFPUC FY 2019-20 budget in expenditure recoveries from City departments, CleanPowerSF revenues, and fund balance to pay for \$12,218,229 in cost-of-living adjustments (COLA) and work orders for the enterprises and CleanPowerSF.
- \$22,647 of the proposed SFPUC appropriation is not subject to Board of Supervisors approval because \$22,647 would be transferred out of the CleanPowerSF annual operating budget for FY 2019-20, and CleanPowerSF is self-appropriating.
- The proposed ordinance de-appropriates \$2,127,062 in unappropriated revenue and general reserve and re-appropriates \$2,127,062 for work orders in the Airport's FY 2019-20 budget.
- \$282,917 of the proposed Airport re-appropriation, which corresponds to a Department of Technology work order that received a cut during the last budget cycle, is subject to approval by a two-thirds vote of the Board of Supervisors pursuant to Charter Section 9.113(c).
- The proposed ordinance de-appropriates \$304,443 in unappropriated revenue in the Port's FY 2019-20 budget and re-appropriates \$304,443 for work orders and the Countywide Cost Allocation Plan adjustment.
- \$139,396 of the proposed Port re-appropriation, which is associated with increases in technology projects, telecommunications services, and fuel stock, is subject to approval by a two-thirds vote of the Board of Supervisors pursuant to Charter Section 9.113(c).

Recommendations

- Amend the proposed ordinance to state that \$282,917 of the Airport re-appropriation requires a two-thirds vote of all members of the Board of Supervisors for approval.
- Approve the proposed ordinance, as amended.

MANDATE STATEMENT

Charter Section 9.105 provides that amendments to the Annual Appropriation Ordinance be subject to Board of Supervisors approval by ordinance, after the Controller certifies the availability of funds.

Charter Section 9.113(c) states that, in the event the Mayor or a member of the Board of Supervisors recommends a supplemental appropriation ordinance after the adoption of the budget and prior to the end to the budget year that contains any item rejected by the Mayor or the Board of Supervisors in the original budget appropriation, the supplemental appropriation can only be approved by a two-thirds vote of the Board of Supervisors.

DETAILS OF PROPOSED LEGISLATION

The proposed ordinance would (1) appropriate \$12,218,229 in the Public Utilities Commission (SFPUC), (2) de-appropriate and re-appropriate \$2,127,062 in the Airport Commission, and (3) de-appropriate and re-appropriate \$304,443 in the Port Commission in FY 2019-20.

Pursuant to Charter Section 9.113(c), \$12,195,582 of the SFPUC appropriation, \$453,770 of the Airport re-appropriation, and \$139,396 of the Port re-appropriation requires a two-thirds vote of all members of the Board of Supervisors for approval.

FISCAL IMPACT**Public Utilities Commission**

The proposed ordinance appropriates \$12,218,229 in expenditure recoveries from City departments, CleanPowerSF revenues, and fund balance in the SFPUC FY 2019-20 budget to pay for \$12,218,229 in cost-of-living adjustments (COLA) and services of other City departments (or work orders) for the enterprises and CleanPowerSF, as shown in Table 1 below.

According to Mr. Carlos Jacobo, Budget Director at SFPUC, the increase in salaries and fringe benefits is due to a 3.3 percent cost-of-living increase for employees, as shown in Table 2 below. SFPUC's two-year fixed budget for FY 2018-20 did not include a cost-of-living increase for FY 2019-20 because the amount of the adjustment was unknown when the budget was prepared in 2018.

Unappropriated Revenue	637,616	0	(637,616)	(100%)
Total Uses			\$12,218,229	

According to Mr. Jacobo, the approximately \$3.4 million increase in FY 2019-20 work orders is largely due to (1) a \$1.1 million increase to the adopted budget for Department of Technology infrastructure, including Committee on Information Technology (COIT)-approved projects and replacing end-of-life equipment; (2) an approximately \$972,000 increase for Controller Information Systems Operations for COIT-approved projects; (3) an approximately \$195,000 increase for the Controller's Office related to the conversion of time-limited project positions to permanent positions for ongoing support of the new financial system; (4) an approximately \$550,000 increase for the Power Enterprise's City Attorney services to fund two new Attorneys and one new Paralegal position to work on PG&E matters; and (5) an approximately \$284,000 increase for Department of Human Resources employee relations.

Mr. Jacobo advises that \$22,647 of the proposed appropriation is not subject to Board of Supervisors approval because \$22,647 would be transferred out of the CleanPowerSF annual operating budget for FY 2019-20, and CleanPowerSF is self-appropriating.

Airport Commission

The proposed ordinance de-appropriates \$2,127,062 in unappropriated revenue and general reserve and re-appropriates \$2,127,062 for work orders in the Airport's FY 2019-20 budget, as shown in Table 3 below.

According to Ms. Kaitlyn Connors, Budget Director at the Airport, the proposed re-appropriations in FY 2019-20 were requested by the departments listed above in Table 3 to cover anticipated increases in service. According to Ms. Risa Sandler in the Budget and Analysis Division of the Controller's Office, \$282,917 of the proposed re-appropriation is subject to approval by a two-thirds vote of the Board of Supervisors pursuant to Charter Section 9.113(c). The proposed re-appropriation amount of \$282,917 corresponds to the Department of Technology work order that received a cut during the last budget cycle.

Port Commission

The proposed ordinance de-appropriates \$304,443 in unappropriated revenue in the Port's FY 2019-20 budget and re-appropriates \$304,443 for work orders and the Countywide Cost Allocation Plan adjustment, as shown in Table 4 below.

Total Uses			\$304,443

According to Ms. Meghan Wallace, Finance Director at the Port, the work order adjustments include:

1. An increase to the Department of Human Resources for the City Hall Fellows program. The Port requested and will receive a fellow to support the Finance team's work to implement an Economic Impact Policy and update the Capital Improvement Program.
2. An allocation of costs for COIT-approved projects to be implemented by the Department of Technology.
3. An increase for telecommunications services provided the Department of Technology based on prior year use trends and current rates.
4. An increase for fuel provided by Central Shops based on prior year use trends and current rates.

As noted above, only \$139,396 of the \$304,443 re-appropriation is subject to Board of Supervisors approval pursuant to Charter Section 9.113(c). The \$139,396 amount is associated with the increases in technology projects, telecommunications services, and fuel stock.

RECOMMENDATIONS

1. Amend the proposed ordinance to state that \$282,917 of the Airport re-appropriation requires a two-thirds vote of all members of the Board of Supervisors for approval.
2. Approve the proposed ordinance, as amended.
