Bicycle commuting has been an integral part of the Nicolson family since 1995. When our children were in pre-school my wife and I would take them to school in trailers or trail-a-bikes. Now that they are older they ride their own bikes to school. My wife and I both commute to work downtown via bicycle from the Sunset district. I believe all this experience with family cycling in the city provides great background to communicate the needs of the family cycling community to the BAC. Not all residents of district 4 are fully supportive of bicycle improvements in the city. When talking to these residents I feel I am able to express the objectives of the cycling advocacy groups in San Francisco while also I am able to express their frustrations to the BAC in order to develop improvements that are inclusive to all interests.

Pursuant to Charter section 4.101 (a)1, please state how your qualifications represent the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, sex, sexual orientation, gender identity, types of disabilities, and any other relevant demographic qualities of the City and County of San Francisco:

Since moving here in 1972, I have lived in the Haight, Noe Valley, Western Addition, Western SOMA, and West of Twin Peaks. Throughout that time, I have primarily traveled as a MUNI rider, pedestrian and bicyclist, striving to promote healthy transportation and lifestyle choices that serve people of all economic classes, ages, ethnicities, and gender/sexual orientation. While I arrived with no assets, and grew up sometimes homeless, San Francisco has served as a place of great opportunity. I continue feel a responsibility to give back, and to that end, have served in a wide range of volunteer positions. In my role as chair of the Bicycle Advisory Committee for a decade, I have used the position to balance my advocacy for bicycling with the concerns and desires of others who share our streets, especially seniors like me, children like my grandchildren, the disabled and transportation challenged, and women who have suffered from discrimination and cultural exclusion in their home cultures.
