Greetings Esteemed Members of the Rules Committee,

On behalf of my friend and colleague Debra Walker I would like to support her confirmation for the police commission. I think this job at this time is extremely important and can I imagine Ms Walker taking this seriously, and giving this commission the time and attention it deserves. Recognizing that this is a hot topic and crucial reform is needed I would vouch for the participation of Ms Walker and for her to have an even hand and a good and solid grasp on the issues. This is not an envied position. Hard decisions need to be made. Ms. Walker has multiple years being on commissions and knows not only the lay of the land but what is at stake and how to maneuver in touchy situations.

Thank you for your consideration

Sincerely,

Krissy Keefer
