My name is **Teresa Lai**
My email address is **infospec@gmail.com**

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Teresa Lai

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Additionally Sunset Blvd is rundown and not maintained. The streets in our community are rundown and not maintained. The weeds in most locations are taller than a child. How does the City or our district supervisor plan to maintain yet another space when they cannot even keep the existing spaces clean?

Brotherhood Way has become a parking lot of rundown RV's, the streets are filthy. Neighbors in the location continue to express concern regarding their safety due to the increase in crime in that area, assumptions that the RV city has increased crime. What guarantee or promise is there that this proposed public space would not become an attraction for a tent city - again impacting the safety of the neighborhood.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to

oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Marcia Lake

Closing the great highway will force traffic onto other routes. Sunset Blvd. is already too crowded. And those who will use 49th Street will be frustrated by all the stop sign. They will most likely speed between stop signs, making it very dangerous for pedestrians. San Francisco is already car unfriendly, please don't make it worse.

Sincerely,
Norman Reid

I had to move from 46th ave because the amount of traffic that closing the great highway made living on my street unbearable. I would have to wait 3-5 mins as traffic (because essentially my street became the great highway) would speed by and i could not get out of my garage and driveway. The idea of rerouting a major highway into a neighborhood is short sighted.

I would love to discuss the impact, the notion of dozens loving the great parkway - where there is a giant park nearby and a bike path and enormous beach next to the great highway, while thousands are inconvenienced(both having to reroute and live in neighborhood impacted by traffic is just a bad decision.

Sincerely,
richard goetz

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Madeleine Bass

My name is **Bill Bishop**

My email address is **wisham@siprep.org**

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Bill Bishop

4 things

1. More traffic diverted to other streets would be bad
2. If City does little upkeep to Sunset Blvd, how could they possibly keep up yet another new "park" area
3. Keep it as is; open weekdays and closed on the weekends when it would be used most
4. There's a most beautiful park right next door to walk

Sincerely,
Ana Baccari

I cannot walk the 2 1/2 blocks to Muni, and if I could I can't climb onto the streetcar. If I cannot drive on the UGH, my enjoyment of the Pacific Ocean is definitely hampered, plus my many trips to doctor appts. add a lot of time to my commute.

My family has been in the Parkside since 1913. My grandchildren are 5th generation Native San Franciscans, and still live in the Parkside. Taraval is difficult to navigate. Construction has been going on for maybe 5 years or more. The tracks have been dug up and replaced at least three times in some places. Businesses can't get deliveries because the delivery trucks have no place

to stop to empty their trucks.

I'm afraid you've lost my vote, and I did vote for you last time. I have a very large family, and they all feel the same way. My neighbors are disappointed in you, also.

The cars outnumber the bicycles by a lot. Twenty thousand cars a day with more than one passenger in many, far outnumber the supposedly 4000 walkers and bikers. There are very few walkers on the UGH, and the fumes from cars are no good for people living on the streets that cars have been taking when they are rerouted.

Sunset Blvd. has had blocked lanes very frequently. Lanes have been blocked yet again for digging in the center divide, and going North, Sunset only goes to the Park.

The vast majority of residents get around by cars. The bicyclists have always been able to share the UGH. My next door neighbor rode his bicycle twice a week along the UGH, and all the way to Pacifica with no trouble.

It's not the cars that don't want to share the rode, it's the Bicycle Coalition. I'm pretty sure the majority of them don't live in our City. The walkers have ruined the dunes by walking over the plants and destroying them, which causes more sand on the road. They don't use the paths that were there for years for people to cross the highway to get to the beach. Garbage is strewn all over. They have no respect for the beauty of the beach and ocean.

Driving has become difficult throughout The City, and I'm pretty sure the Board of Supervisors do not ride their bikes or take public transit to get to work. You either drive yourselves, or have a driver.

Think about the working citizens of The City who use that highway 5 days a week to get to work, either on the opposite side of the Park, or down the Peninsula or over the GG Bridge. You're losing a lot of voters. You said you'd work for the people in District 4. Instead, you got people from the other side of The City to vote to close the highway, by telling them how much the infrastructure would cost the taxpayers. That cost was mostly for the UGH extension. Most of the voters from the other end of The City have never been to the beach, and are certainly not going to regularly drive, or take public transit to

walk along a highway. The promenade has been great for walkers. I used to walk it frequently, but since I'm in Central Parkside, it's out of my reach now.

There is no reason why the highway can't be shared. It's the Bike Coalition who refuses to share. They want it all.

A very concerned registered voter

Sincerely,
Carol Lavelle

We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Please stop getting fooled by these special interest groups and consider the needs of your constituents who elected you. Do the right thing and remove this proposition. There is plenty of room on on the GH to satisfy all the needs of all parties who use the Great Highway. Just get the Dept. of Public Works to do their job and clean the highway and paths and trim the trees off the highway so bikes can pass safely.

All the Best and please reconsider your position and how it will effect thousands of people every day.

Sincerely,
Sergei Tavasieff

My name is **Michelle Lommen**

My email address is **mlommen@pacbell.net**

I have personally emailed Joel before and am more than happy to slam your inbox with the below prepared email. But before, I'd like to again express my deep concern about the negative impact to your neighbors that is being championed.

Shutting down Great Highway permanently forces Outer Richmond residents in to TWO north/south routes. From three. We didn't have much before but UGH was a very efficient and low-pollution option for heading down to the peninsula. And never mind the fact that Outer Sunset constituents have many more options to travel south than we do, considering we are physically blocked by GGP.

Rather than focusing on closing down all of UGH, why not spend time and resources in improving traffic flow at Sloat? Wouldn't that be a far better option for ALL of the Outer Avenue constituents?

If you care about pollution and traffic flow, you would be supporting keeping UGH open. The traffic that has been forced onto Sunset and 19th are aging the roads faster, increasing congestion, slowing traffic and INCREASING pollution. Making it harder for cars to travel in SF does not actually prevent people from needing cars to get around town. Buses and bicycles are not a feasible option for those of us who need to travel to the peninsula for work, family, or even just shopping. Not everyone works remote and not everyone orders from Amazon.

I simply cannot believe how deaf you are to the very real and negative impact shutting down UGH has for this part of the city.

I doubt this will actually change your position, but please consider permanently closing UGH and instead focus on improving traffic flow at the southwest

corner of Sloat. And if you are that anti-car, that anti-D1, that anti-neighbor, then why not just double-down and instead try shutting down Embarcadero or the Marina? I'm sure those residents would be THRILLED to have the entire city vote on a road closure that immediately impacts only them. That's what happened to D1 yet everyone accuses us of whining over "just a road". We wouldn't continue to fight this if it didn't have such a real impact. If nothing else, I urge you to consider why we continue to fight.

And now, this:

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Michelle Lommen

Hardly anyone uses the Great Highway on Friday afternoon when it is closed to vehicles. It needs to be open to ALL, including vehicles, Monday through Friday.

You said that you want to add benches and other amenities to the "park" that would be created by a permanent closure. The City doesn't have enough personnel to take care of our existing parks and the proposed budget cuts funding for Rec & Park!

Based on your recent vote to close the Great Highway from Sloat to Lake

Merced, you are not fiscally responsible. If you read the CCC permit that you approved, you would know that you approved spending well over \$210 million for a permit that's only good for 20 years!

At that time the CCC could tell the City to REMOVE the giant seawall. Have you ever visited the site of the project? How many of your colleagues on the Board have visited the site? Have they ridden their bikes out there? It's a long way from City Hall.

Dennis Holl

Sincerely,
Dennis Holl

I'm concerned that the City has not investigated whether or not shutting the Great Highway permanently will put residents in the Richmond at risk in an emergency. I called the Department of Emergency Management this week, and they told me they haven't studied whether shutting down this major route out of the City would negatively impact our ability to flee in case of fire or airstrikes.

Since the Richmond has insufficient water supplies in the event of a major fire, and since San Francisco would obviously be a high profile target in case of war in the Asia-Pacific Theater of Operations, this impact to our emergency readiness **MUST** be addressed.

Chain of Lakes already frequently backs up to a crawl on weekend days, so in a disaster you may be trapping Richmond residents. For example, imagine what would happen if the Golden Gate Bridge were catastrophically disabled and residents needed to move out to the south in a hurry.

The potential for loss of life would be high.

Please do not put this highly politicized and unfunded park (even though the idea sounds really nice) ahead of the safety of Richmond residents without at least studying the impact on emergency management/traffic flow in an emergency.

Thank you for your consideration.

Sincerely,
Lauren Meredith

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Joe Faulkner

Before we get into the below boilerplate disappointment, picture what this does to someone who's not thirty + sporty. I live by the VA. I am a senior coming out of a 10-yr disability. I drive a car. I am grateful for San Francisco Health Network for excellent care. I do have Drs. in The Richmond. My oncologist is at UCSF Mission Bay. My PCP is at UCSF Zion. My dentist is at UCSF Dental School. My community food box is at Stonestown. My church community is on Brotherhood Way. Lake St. is closed. California St. has been reduced in width. Cabrillo St. is closed. Geary St. will soon be under construction. The Chain of Lakes, 19th St. and Stanyan St. are the only N/S cross town access points. Golden Gate Park has closed off through streets. The Presidio has closed off through streets.

I am not a Sunset constituent but I do cut through your neighbourhoods with regularity. I would not be happy with the excessive traffic load. But they, and I, have no choice as our mobility options have been funnelled to so few streets. In a medical or earthquake emergency, the Westside will be in dire straits.

Please consider expanding your view to include your Westside citizens.

I am writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

I fully support bike lanes and open spaces but this closure is unnecessary!

- we already have two HUGE open spaces right there: Golden Gate Park and the beach. WALK THERE. I DO. There is also the Zoo, Lake Merced, Fort Funston, Lands End, AND Sutro Park. ALL of these beautiful open spaces abut the Great Highway.

- TWO parallel surfaced roads for bikes wheelchairs etc ALREADY EXIST on either side of the Great Highway:

- The path on the east side runs the full two miles and is slightly higher than the roadway often offering ocean views where the road cannot. Monday through Friday It is EMPTY during the day.

- The paved path on the west side, usually covered in sand, runs About a mile with beautifully terraced entrances at several entry points. It is empty all the time because it is not maintained. I believe most west side residents would gladly pay to keep that clear for walkers, bikes, and those with limited mobility.

- The roadway will be virtually EMPTY Monday through Friday with people at work and school. It will also be empty many other days of the year because it is cold and windy and rainy. Etc.

- These times, weekdays and during bad weather when biking, walking, and public transit are difficult if not impossible to use, is when drivers need the

road the most.

- The closure seems to appeal to a vocal, active minority who do not realize that one day they too will be recovering from surgery, driving elderly relatives to appointments and children to school, and will want vehicle access.

- We residents in the Outer Richmond would have only TWO two roads to get to our neighborhood:

19th Avenue/Park Presidio which is a virtual freeway connecting 280 to the Golden Gate Bridge and 101 in Marin and

Sunset Blvd which now, due to park road closures, comes to a dead end/forced right at Lincoln.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Pam Nissley

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Robert Fowler

There is rarely enough people that use the Great Highway on the days of closure, whilst the impact is great on people who live in districts 1 and 4, causing severe traffic on MLK/crossover and inside Golden Gate Park.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Permanently closing the Great Highway to vehicles is a really bad idea. It benefits too few residents and visitors. It neglects those who rely on vehicles to access jobs, appointments, school, and other activities. It increases traffic congestion, environmental health concerns, and safety issues in other neighborhoods.

Here is a better idea...split the difference. There are currently two-lanes of traffic in each direction. Preserve the eastern northbound lanes for vehicles with one-lane in each direction and 24/7 access. Convert the western southbound lanes into a recreational path for bicycles, pedestrians, dog-walkers, and any non-vehicle activity with a safety barrier. Crissy Field in the Presidio is a perfect example, but with more space for the recreation path/park design.

This serves and benefits all interested parties, allows access for all, and keeps traffic moving more easily across town. Plus, it is an awesome view for all to enjoy.

Be a good neighbor!

Sincerely,
Margaret Repath

Was a survey done? Before the last election I heard surveys had been sent out to residents in affected neighborhoods to get opinions regarding the Great Highway and Golden Gate Park. Strangely I never received any of them, nether online or in the mail. Later I heard a lot of materials were sent only to residents who appeared to be in favor of closing roads. I don't know how that could be, but I heard nothing about any of it until the election was almost upon us.

I can't believe you did this! Closing the Great Highway to cars is not what the people of the Outer Sunset want. It wasn't in 2022, and it still isn't.

Sincerely,
Anna Bockris

Subject: SFMTA Board: Hit PAUSE on West Portal and REJECT Staff Proposals on July 16th.
Date: Wednesday, June 26, 2024 2:12:38 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Message to SFMTA, Mayor, and the Board of Supervisors

From your constituent Katherine Clements

Email kateclemmac@gmail.com

I live in District

SFMTA Board: Hit PAUSE on West Portal and REJECT Staff Proposals on July 16th.

Message: SFMTA Board Chair Eaken, Vice Chair Cajina, and Directors Heminger, Henderson, Hinze, and Tarlov,

I welcome safety improvements in West Portal, but not at the expense of increasing “conflict” and decreasing safety on adjacent streets and intersections and putting small businesses at risk. I urge you to pause to learn more, measure accurately, and then implement in fiscally responsible phases in West Portal. There is no evidence that any of the options presented thus far will improve safety or would have prevented the tragedy that occurred.

I urge the SFMTA Board to REJECT the upcoming SFMTA staff proposal for West Portal. A full assessment of all corridor safety issues and alternative options is required after Fall traffic patterns have stabilized with the return of L Taraval LRV service and school year resuming.

My concerns are significant:

1. SFMTA’s “high-conflict” verbiage does not mean high-risk.
2. All options over-burden adjacent residential streets, create a problematic one-way street on Lenox (which has universal resident opposition), and increase congestion in intersections that already

have a higher volume of traffic and accidents (per SFMTA):

- o There are 10x the number of traffic accidents at Vicente/WP versus Ulloa/WP
- o Predicts a 50-75% traffic increase on Wawona – a residential street

3. Shifting buses to streets may have once mitigated operational concerns, but it also DECREASED SAFETY and INCREASED “conflict” by requiring transferring MUNI riders to cross multiple intersections.

4. A bike share station in the tunnel area also increases “conflict.”

5. It is fiscally irresponsible to implement a project in an intersection not included on the prioritized High Injury Network when the SFMTA is currently facing a \$12.7M deficit, and looking at a \$240M deficit by 2026. The Valencia Street bike lanes originally cost \$1.5M for eight blocks (more than 10% of the current deficit), and having to re-do that work will cost significantly more. Let’s not make the same mistake in WP.

There are opportunities to make the area around West Portal Station less confusing. The scope of options so far is extreme, disruptive, potentially less safe, and more chaotic as it will overburden adjacent residential streets, where children play. SFMTA also proposes adding a commercial bike share station to the Tunnel entrance and is resistant to less dangerous nearby locations.

There are many things that can be done to make West Portal safer and easier to navigate. The community has repeatedly asked for safety-related improvements before, but those requests have been ignored by SFMTA Staff.

I ask the SFMTA Board to require a holistic approach predicated on valid data compiled after a comprehensive Fall traffic study and consideration of community and expert input. All modes of transportation, the needs of our merchants who are dependent on automotive transit, and the needs of 23% of the West Portal population who are seniors must be considered.

I appreciate the work the West Portal Welcome Committee has done representing the neighborhood and merchant corridor. Predicating their discussion on the original ill-conceived, confusing and

potentially dangerous traffic reconfiguration option that is solely focused on the West Portal/Ulloa intersection does not take into consideration the impact, unintended consequences and more urgent vulnerabilities along the rest of the corridor and surrounding streets.

For these reasons, I urge you to VOTE NO on July 16th and reject the SFMTA staff proposal for West Portal until more comprehensive information can be compiled.

Thank you.

I'm really disappointed to hear about this proposal to close the Great highway permanently. I commute to South San Francisco from Monday through Friday to work as a physician at Kaiser. My husband works as a surgeon at the VAMC in San Francisco, and has multiple coworkers who use the great highway commute to the VA.

Permanently closing the Great Highway will not only increase commute times for healthcare workers, it also greatly inconveniences the patients who are seeking care. Have you surveyed any of the workers at the VAMC, thousands of whom will be negatively affected by your proposal? My good friends Terry Hong and Ellen Lee worked hard on your campaign so that you could get elected, and even though I live in district 1, I believed in them so I donated to your campaign. If this proposal passes, I and others like me will spend an additional 10 minutes per day commuting. Maybe that doesn't sound like much to you. But multiple that by 5 days per week, and 48 weeks per year. Guess what-- you will add an additional 40 hours of commute time to my commute, not including weekends when I have to work urgent care. That's an ADDITIONAL ENTIRE WEEK spent just commuting in my car. Who'll be paying for the extra gas and electricity to power my vehicle and others who be affected? You won't and the City of San Francisco won't. It's like an unseen and unfair tax. This is why I really detest San Francisco. There's a perfectly useable alternative path which is parallel to the great highway and has better views because it is elevated and was intentionally created for pedestrian use.

And if your argument is that sand intrusion is an issue, how about examining where this happens? The worst places are where errant pedestrians don't stay on path, trampling the succulents whose purpose it is to anchor the soil) sand in place. How about focusing on a campaign to educate people on the importance of Crossing at crosswalk and not jaywalking over the succulents in the median and the ones also on the ocean side of the road?

Sincerely,
Shandra Yoshimi

My name is **Mark Rand**

My email address is **anothergoodguy665@gmail.com**

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Mark Rand

I've owned my home on 48th & Lawton for 48yrs. Since weekend closure of the Upper Great Hwy, traffic has increased greatly on 48th Ave. On weekends, as a senior citizen, I no longer feel safe walking due to speeding cars in a hurry to get thru the Outer Sunset to connect with Skyline & Hwy 1. Cars often do not stop at stop signs. If the Great Hwy. is closed 24/7, traffic issues will become dangerous and problematic on 48th Ave.!!!

Sincerely,
D F Owen

We do not live in SF, but we live in Westlake and GH is our route 3-4 times a week to doctors' offices, visit our family in SF and shopping. It is extremely inconvenient for us when it closed on weekends. But now you are pushing closure of it completely. We are old people and extra inconvenience is not good for our health and morale. Think about working people and older generation, not about young and egotistical people, who insist on it. We are very disappointed in you. And if we are not one of your constituents, our families are. Think about it.

Inna and Vadim Belyaev.

Sincerely,

Inna Belyaev

My personal addition: I truly do not understand the need to create a "park" that is immediately adjacent to a true "park" - the National Park called Ocean Beach. For decades bicyclists, walkers, cars have shared the beach, the Great Highway, and the walking path east of the GH. The major traffic arteries will be decreased by 1/3rd. The supposedly "naturalized" Chain of Lakes (per the GG Park master plan) has been destroyed by the diverted traffic. I just had to use Sunset a few days ago. There is construction going on there, just like there was on 19th Ave for years. The log jams created by the closure of the GH is totally unacknowledged by you. All other touted parks (in Munich, the High Line) were areas that were unused (the High Line with the unused rr track) or traffic had a viable diversion plan (Munich built a tunnel for cars under their park). You don't just CLOSE a major artery without plans for accommodating the displaced traffic.

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

Greetings,

I am a voter and I live on the lower great highway. I also voted for you. I am writing to express my profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

My disappointment in your actions is as great as my shock at the callous disregard for your constituents.

Sincerely,
Leslie Tipton

Sincerely,
Leslie Tipton

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Judith Tichy

There is currently a beautiful bike and pedestrian path and a GIANT beautiful beach for people to cavort on. Isn't closing the road on weekends enough for you?? Why take away access for people who have no easy way to get to the beach, or commuters who use that road daily? (I bet many, many more people drive that road on weekdays than people who want to walk on it.) Is it really better to have all that traffic going through the adjoining neighborhood so a few people can use the road to walk /bike on during the week? Really, what is wrong with the path that is already there? How about the pollution all those cars are going to cause stopping and starting at all of those stop signs and the danger for pedestrians on the neighborhood streets? The entitlement of some people demanding road closures, because biking is easy for them is infuriating. There are plenty of places to enjoy the area, including the road closures in Golden Gate park. Cars do exist in the City for a reason, whether you'd like them to disappear or not.

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Also, last night (June 25) there was a water rescue off Noriega. At 10 pm I saw about 6-7 police and fire dept. vehicles on the Upper Great Highway at Noriega. The fire dept rescued someone from the water. I don't know much more than that, but my point is that if the highway had been closed and it was a park with no emergency access (even if there were, the rescue time would have been delayed), the person would have drowned. Another reason why this highway must be open to emergency vehicles.

Sincerely,
Wendy Liu

I am writing to express my profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. I sometimes elect to drive home on Great Highway after a stressful day at work to enjoy the fresh air and views. Great Highway is for all City residents, not just those who live nearby and can walk or bike. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent, and the interests of all San Francisco residents.

The resulting increase in local traffic congestion and compromised safety indicate how concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community and all San Francisco residents in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents and city residents. Great Highway belongs to all residents...no matter their preferred form of transportation. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Kathryn Coffey

Supervisor Engardio,

It appears you have done a 180 on the tune you sang to your constituents when running for Supervisor in your district regarding the Great Highway, by sponsoring a bill proposing a total closure of the Great Highway; an unfunded, poorly structured bill designed to dupe the public into yet another grossly understaffed/underfunded park, just to kowtow to the Bicycle Coalition and several other "Non Profits" that apparently now run our City.

As a former gardener at the Lower Great Highway Park for 6+ years - yes, you already have a 2 mile Park there that is grossly understaffed, poorly funded nor maintained - I am appalled at your attempt to close this vital thoroughfare, a Tsunami Evacuation Route, no less. No bill to permanently close it should be put before the public without a thorough, disclosure of estimated costs to the taxpayers:

- * including staffing (currently 1 gardener plus occasional group projects)
- * large machinery purchases needed to maintain it (currently zero specific to PSA 4 and all prior requests falling on deaf ears)
- * full redo of all irrigation to current municipal standards for the entire park,
- * full ADA compliance of the entire 2 mile stretch (currently grossly out of ADA compliance, with all but 4 entrance pathways currently ankle twisters; and you might want to move all those new stop signs you put right IN the entrance pathways on lower Great Highway, despite my best efforts to alert installers of the ADA violations. When bikes are locked to them no disabled person can get by)
- * Cost of the Environmental impact report needed to assess damage to the threatened snowy plover in the dunes as well as all the increase in pollution from stop n go traffic now on Lower Great Hwy and rerouted through the neighborhoods.
- * Cost to life and limb of the public by our Emergency Services personnel

losing access to a roadway to save lives both on Ocean Beach but also in surrounding neighborhoods of the Sunset and Richmond districts

- * Cost of Daily graffiti removal and damage caused by no ability of Park Patrol or SFPD to patrol the area safely and efficiently. Safety cameras I requested at the worst spots were denied as unapproved by policy of the City but unlabelled/no signage hidden cameras were installed on the paths and roadway to gather doctored numbers for political purposes. The public was not informed but discovered them anyway.

- * Cost of foot patrols and increased officer presence now that the highway will no longer exist and the park will butt up to the GGNRA/Ocean Beach which RPD has no control over.

- * Cost of the inevitable encampment removals.

- * Cost of regular sand removal around park benches and other planned park installations plus storm damage and WHO is paying since DPW will no longer be responsible with no straight roadway and easy access to remove it .

- *Cost of new traffic signalling at and along Lincoln, Lower Great Highway and Sloat (In addition to what has already been spent on traffic calming)

- * Cost of new concrete and paving for two miles both top and bottom.

- * Cost of dune restoration and park restoration caused by massive trampling when the highway is closed and the public are free to bike and hike indiscriminately across the plantings and dunes.

That's just off the top of my head and in no particular order. The bill is currently extremely non transparent and is obviously just a ploy to close the road now permanently, with no actual plan, no money, and misguided political purposes.

You also have an already approved new park at the southern end of Sloat approved through your board, also unfunded. Why don't you work on that one and see how you do keeping the sand out of it? See how much money it will take to keep it from falling in to the Pacific, since that's the claim for all of this.

The rest of the vital thoroughfare of the Great Highway should be maintained for cars and bicycles, with at least a sane compromise on Sat/Sun scheduled during the WARM months, permitted weekend events and not an entitlement when it's cold/foggy/windy and the few people on it can easily use the existing park paths, which you should be upgrading already.

Beach access has never been a problem. The public has always crossed safely

to Ocean beach at the intersections and have for many decades. There already exist parking lots for those with other access issues.

\$1.5 million already given to the Bicycle Coalition to teach people to ride bikes and scooters! How did anyone learn to ride before that? Maybe those nearly 6' wide sidewalks in SF? I only had 3 footers where I lived, poor me. You already have JFK Drive in GGP, Lake Merced Path and a 10' wide path at the existing Lower Great Highway Park to name a few.

I have plenty more to say and hundreds of pictures of the debacle created at the Great Highway by actions of the Mayor and the Board of Supervisors. I will continue my rounds on social media, district meetings, marches and tabletop political events to spread the word of the actual consequences of those bad decisions to all your constituents and our precious environment. I actually understand what the words "Public Servant" mean and have amply demonstrated it. November will be a rude awakening for some of you as the word continues to get out on these issues, from an insider with actual facts, not the PR claptrap the public is getting.

"Sparking joy" and "Joyful streets" is some of the ridiculous rhetoric you should lose immediately.

I work in D7 San Francisco and commute from the South and care for an elderly parent in Marin. The closing of the Great Highway, crazy hours of commuter lanes on Crossover Dr and Park Presidio, horrible road conditions on 19th Ave and frankly most City streets, are making driving across town a nightmare.

Consider this my Whistleblower report with all the protections that entails.

And since the brutal, unprovoked assault/battery I endured while working at the Lower Great Highway Park in July '22, (yet another symptom of the City's unwillingness and inability to handle the area), I will be monitoring the ADA compliances closely as I now unfortunately fall in that category.

Sincerely,

Lauren Doyle Kerins

3417 Gardner, SFRPD

William Hammond Hall Award 2018

Sincerely,
Lauren Kerins

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Nancy Bronstein

And wait until the day when the Sunset needs to be evacuated in an emergency - only two possible north-south routes will be left : Sunset Blvd and 19th Street. Insane!

Sincerely,
Carmen Huber

I am writing to express my profound disappointment in your selfish influence and attempts at trying to obtain a full-closure permanent closure of the great highway.

As a hard-working man for the last 35 years of my life in the field of public service, I find joy in a few things in life, and one of my few joys is to drive to work and later home from work on the great highway. When I see the ocean I know I am home and it brings me peace and tranquility; therefore, your decision to try to take this away is absolutely heartbreaking and I am disgusted by your selfish and inconsiderate attempt to take this simple joy away from many like me. Have a little compassion for this hard-working man and many others like me that enjoy traveling on the great highway. As a resident and taxpayer of San Francisco, I urge you to please do not close the highway permanently! Closing it on the weekends is a fair compromise and it should remain as such.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Wally Rosales

There is an abundance of parks and open space in San Francisco, including Baker Beach right next to the Great Highway. Golden gate park is also accessible to all and in proximity. And we have the Presidio! Stop the war on cars. Not all of us can bike or walk everywhere. It's unrealistic. I raised three children here and I needed my car to survive. I love to bike, hike and walk and I am frustrated by the continuing encroachment on our roadways by the anti-car extremists. The SF Bicycle Coalition has just 6000 members and is on the payroll at City Hall. There a clear conflict of interest and they do not represent San Franciscans. JFK Drive and the slow streets are bad enough but this proposal is ridiculous.

Sincerely,
Marian Heath

Supervisor Engardio,

I am extremely disappointed that you and Supervisors Matt Dorsey, Rafael Mandelman, Myrna Melgar, and Dean Preston support full closure of the Great Highway.

I live at Ulloa x 44th Ave and I am extremely affected by traffic congestion. I do not have faith that the proposed stoplights will improve the situation. Perhaps if those had been put in place BEFORE we would have additional information on the effectiveness.

The photo of the Halloween festival on the GH is a misrepresentation of the average use and is misleading to folks who are not close to the actual daily Fri-Sun use.

Your failure to adequately represent our Sunset community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents.

Sincerely,
Aileen Mazer
Sunset resident over 20 years

P.s You will not have my vote for any future office.

Sincerely,
aileen mazer

Great highway = cars. The weekday and weekend compromise seems to be working. However weekends driving along side streets especially on nice day around beach area is very congested.

Can you PLEASE explain why?? Even if erosion issues on north-west lane of highway, still can give cars access to south-north.

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. The decision to close the Great Highway is an exclusive approach. It allows only for people will mobility to enjoy the view of the ocean. People who cannot walk, or ride a bike will not be able to enjoy access to the ocean. This approach will exclude many residents from enjoying a valuable and necessary environmental gift. How is this even allowed in this day of enlightened values and inclusivity.

I are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities.

This is a road that we as tax payers paid to build, maintain, and use. There is already plenty of open space, beach area and walkway area for people to use. The Great Highway should be open for transportation, its original intended use.

This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we SF residents and tax paying citizens are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Elena Madsen

I can't help but believe that you are doing this as a means to circumvent the pilot program. I have no words to describe how despicable and disrespectful that is. People have adapted the the compromise; chances are, the pilot program would have determined this is ultimately the best use of the space. However, you are not even willing to give that a chance. It's obviously much more important to you that a tiny minority of those lucky enough to either work for home or not work at all are able to use their playground whenever they want. This is a class issue, and it's very clear whose side you are on.

Let me remind you that you were elected not by those voting for you, but by those voting against Mar. At the rate you are going, you are more than likely to suffer the same fate as Mar come election time. It's damned disappointing to have to constantly vote against one person rather vote for another, but such is the state of politics in this city.

Sincerely,
Alyse Ceirante

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Astrid Crabbe

I strongly oppose closing the Great Highway. The road was built for cars and there are existing pedestrian trails.

You are unnecessarily creating traffic jams through the GG park and the residential neighborhoods.

Bad idea!

The Mayor and most on the BOS have demonstrated over and over again their lack of including the needs of those of us who live here in S.F. along with all those who used the Great Highway for years. To shut down an important roadway connecting SF to the South is a sham.

One can only hope that new leaders are voted in during our upcoming elections and those who have not represented us but continue to pander to the Bike Coalition and special interest groups will be gone.

Bree Brown

Sincerely,
Bree Brown

Mr. Engardio and all of the Supervisors in agreement are misguided on this issue. It's not about wanting to live in the past, in the good old days of SF, or not wanting to move SF forward into a healthier future, as many in favor of a GH park keep repeating. It's about maintaining vital access for emergency vehicles and limiting traffic congestion in the outer avenues. Is anyone on the BOS (or the mayor) interested in these very real issues to Outer Sunset residents? It appears not as we have yet to see comprehensive research findings that address these questions. I've also not seen any dire warning that the GH section between Sloat and Lincoln will fall into the sea because it is a roadway and not a park.

Sincerely,
Anna-Lisa Helmy

Sincerely,
Anna-Lisa Helmy

The current Great Highway Pilot Program will be null and void if this measure passes. There will be no required environmental studies, no community input on the pilot program's effectiveness, and no opportunity to maintain the current weekdays open/weekends closed plan that many have adapted to. This change will have drastic implications.

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Shelly Horton

Your decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities is a profound disappointment.

It represents a perfect example of all that is wrong with the the supposedly liberal left in San Francisco. After having supervised the sell-out of the city to Silicon Valley, and destroyed the working and middle class in the process, here comes the pet window-dressing project: make a "park" of 4 lanes of road where a much larger park already exists. It's a scum and a shame.

This decision will severely impact our community and demonstrates a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Davide Verotta

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

I fully support bike lanes and open spaces but this closure is unnecessary!

- we already have two HUGE open spaces right there: Golden Gate Park and the beach. WALK THERE. I DO. There is also the Zoo, Lake Merced, Fort Funston, Lands End, AND Sutro Park. ALL of these beautiful open spaces abut the Great Highway.

- TWO parallel surfaced roads for bikes wheelchairs etc ALREADY EXIST on either side of the Great Highway:

- The path on the east side runs the full two miles and is slightly higher than the roadway often offering ocean views where the road cannot. Monday through Friday It is EMPTY during the day.

- The paved path on the west side, usually covered in sand, runs About a mile with beautifully terraced entrances at several entry points. It is empty all the time because it is not maintained. I believe most west side residents would gladly pay to keep that clear for walkers, bikes, and those with limited mobility.

- The roadway will be virtually EMPTY Monday through Friday with people at work and school. It will also be empty many other days of the year because it is cold and windy and rainy. Etc.

- These times, weekdays and during bad weather when biking, walking, and public transit are difficult if not impossible to use, is when drivers need the

road the most.

- The closure seems to appeal to a vocal, active minority who do not realize that one day they too will be recovering from surgery, driving elderly relatives to appointments and children to school, and will want vehicle access.

- We residents in the Outer Richmond would have only TWO two roads to get to our neighborhood:

19th Avenue/Park Presidio which is a virtual freeway connecting 280 to the Golden Gate Bridge and 101 in Marin and

Sunset Blvd which now, due to park road closures, comes to a dead end/forced right at Lincoln.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Pam Nissley

Subject: SFMTA Board: Hit PAUSE on West Portal and REJECT Staff Proposals on July 16th.
Date: Wednesday, June 26, 2024 10:19:51 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Message to SFMTA, Mayor, and the Board of Supervisors

From your constituent Anastasia Fink

Email sfink1420@gmail.com

I live in District

SFMTA Board: Hit PAUSE on West Portal and REJECT Staff Proposals on July 16th.

Message: SFMTA Board Chair Eaken, Vice Chair Cajina, and Directors Heminger, Henderson, Hinze, and Tarlov,

I welcome safety improvements in West Portal, but not at the expense of increasing “conflict” and decreasing safety on adjacent streets and intersections and putting small businesses at risk. I urge you to pause to learn more, measure accurately, and then implement in fiscally responsible phases in West Portal. There is no evidence that any of the options presented thus far will improve safety or would have prevented the tragedy that occurred.

I urge the SFMTA Board to REJECT the upcoming SFMTA staff proposal for West Portal. A full assessment of all corridor safety issues and alternative options is required after Fall traffic patterns have stabilized with the return of L Taraval LRV service and school year resuming.

My concerns are significant:

1. SFMTA’s “high-conflict” verbiage does not mean high-risk.
2. All options over-burden adjacent residential streets, create a problematic one-way street on Lenox (which has universal resident opposition), and increase congestion in intersections that already

have a higher volume of traffic and accidents (per SFMTA):

- o There are 10x the number of traffic accidents at Vicente/WP versus Ulloa/WP
- o Predicts a 50-75% traffic increase on Wawona – a residential street

3. Shifting buses to streets may have once mitigated operational concerns, but it also DECREASED SAFETY and INCREASED “conflict” by requiring transferring MUNI riders to cross multiple intersections.

4. A bike share station in the tunnel area also increases “conflict.”

5. It is fiscally irresponsible to implement a project in an intersection not included on the prioritized High Injury Network when the SFMTA is currently facing a \$12.7M deficit, and looking at a \$240M deficit by 2026. The Valencia Street bike lanes originally cost \$1.5M for eight blocks (more than 10% of the current deficit), and having to re-do that work will cost significantly more. Let’s not make the same mistake in WP.

There are opportunities to make the area around West Portal Station less confusing. The scope of options so far is extreme, disruptive, potentially less safe, and more chaotic as it will overburden adjacent residential streets, where children play. SFMTA also proposes adding a commercial bike share station to the Tunnel entrance and is resistant to less dangerous nearby locations.

There are many things that can be done to make West Portal safer and easier to navigate. The community has repeatedly asked for safety-related improvements before, but those requests have been ignored by SFMTA Staff.

I ask the SFMTA Board to require a holistic approach predicated on valid data compiled after a comprehensive Fall traffic study and consideration of community and expert input. All modes of transportation, the needs of our merchants who are dependent on automotive transit, and the needs of 23% of the West Portal population who are seniors must be considered.

I appreciate the work the West Portal Welcome Committee has done representing the neighborhood and merchant corridor. Predicating their discussion on the original ill-conceived, confusing and

potentially dangerous traffic reconfiguration option that is solely focused on the West Portal/Ulloa intersection does not take into consideration the impact, unintended consequences and more urgent vulnerabilities along the rest of the corridor and surrounding streets.

For these reasons, I urge you to VOTE NO on July 16th and reject the SFMTA staff proposal for West Portal until more comprehensive information can be compiled.

Thank you.

Can you join the SFMTA Board Meeting in person to voice your opinion?

I might be able to attend on Tuesday July 16th. Keep me posted.

Closing the great highway isolates us from one another-
Blocks student transit to Lowell High school.
Blocks workers traveling to work.
Blocks me getting to my dentist and to
my friends in the Sunset.
Blocks convenient access to Stonestown which is DYING.

It a horrible choice for the majority of people!

Chain of Lakes and crossover drive have become nightmares to drive on for commuters.

I cannot commute by bike or foot. Neither can families with young children or elders.

You really want to close the Great Highway so that A FEW can enjoy the space some of the time but whenever they feel like it? Even though there are walking paths and bike paths and the beach?

It's selfish.

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. We don't need another park, the BEACH is right there for pedestrians to use! We also have Golden Gate Park! Senior citizens, disabled people, and family's with multiple children depend on vehicles to get around the city. NOT EVERYONE CAN RIDE A BIKE TO GET WHERE THEY NEED TO GO!!!

Sincerely,
Jasmine Meidinger

Dear Joel and mayor breed,

Myself, my family and my neighbor voted for you to vote out Gordon Mar, who was Pro closing Great Highway permanently. When we emailed with you in the beginning of your campaign you agreed that there should be a "compromise". Unfortunately it looks like he weren't really telling the truth.

I think Saturday and Sunday to allow families to enjoy GH, is a fair option. Closing it on Friday afternoon is irresponsible, especially during the busiest traffic day and time of the week. If you really utilize this city like most of us natives and residents, especially on the west side do. The congestion on 19th is absurd, Sunset Boulevard a joke leading to one lane roads and closed roadways in GGP has made this impossible to maneuver. Our families and friends that live in the surrounding Peninsula and Marin refuse to come in anymore because it's so difficult to get around this city and Park so they no longer want to spend good money here. Taking more funds out of San Francisco.

I have two special needs Sons that I need to drive to and from Great Highway at Sloat to 4th and Clement daily and then I work in North Beach. sometimes it takes me over an hour to get home to go 5 miles. On Fridays an hour and a half if lucky.

There's other ways we can do this and we thought you had our backs, that's why all of us voted for you. Thinking Joel would make better choices than Gordon Mar. If you really listen to majority of your constituents you would actually consider can widening the trail. People can use GGP, that's been totally redesigned for families & Bikes. Or just walk on the beach, what a concept. A lot of my bicyclist colleagues don't even like riding Great Highway on weekends it's dangerous, it's so sandy and cold. The best part about this

absurdness is when there's maybe 20 people on there when cold/windy on Friday and 5000+ people sitting in traffic for hours trying to get home to be with our families, to go do something family with our families!

I really really wish you would really listen to the majority of your constituents, the older Asian communities and older Russian communities out here that need their cars. Not just the hipster techies from North Beach and Russian Hill that voted on this ballot and it doesn't affect their daily life. Keep Monday through Friday (midnight, not noon) OPEN is all we're asking, I think that is a legitimate solution to a compromise.

Please think about the big picture Not just for a few of the Privileged. Thank you. Loreen Bernardini

Sincerely,
Loreen Bernardini

My name is **Julisnne Okeefe**
My email address is **jnokeefe@gmail.com**

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Julisnne Okeefe

Has anyone studied traffic on the few other means of crossing the park (Chain of Lakes), Crossover/Transverse, 19th Ave when the GH is closed vs when it is open? I live in the Richmond and have been driving kids to St Ignatius in the Sunset for the past 7 years (with one more year to go) and I can tell a difference in traffic for sure. I wish my kids could consistently take the bus to school but with before and after school activities, the extra time the bus adds to the commute makes that impossible. Yes the southernmost part of the GH has to close, but it's much easier and more efficient to use GH to Sloat to Skyline than it is to use GH to Lincoln to Sunset to Sloat to Skyline. Closing the GH with no improvement to public transportation is silly. All you'll be left with is the same

amount of cars with fewer ways to get where they're going. Any why do you need a huge park in between Ocean Beach (which is massive and only frequented en masse on the handful of warm days we get) and Golden Gate Park (one of the largest urban parks in the country)?

Sincerely,
Sara Kiehn

We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

As a lifelong resident and father of four, I thought of you as a moderate whom I could support, an ally in keeping San Francisco a liveable city for families, but your action in clandestinely and duplicitously introducing the ballot measure to close the highway makes it clear that was a misjudgment.

Sincerely,
Paul Mohun

Listen up Newby,

How dare you be so presumptuous that you think you know what's best for the Sunset District and our fair city.

Tremendous overreach .I will make it my life mission to oust you from city govt. It's already egregious that a major artery is closed noon on Friday and the west side has been plunged into gridlock on weekends . Just turn on Lincoln .That's your answer.Lets send them down your street buddy.The unmitigated gall for you to waltz into our great city a try to pull off a stunt to appease bicyclist. We got plenty of parks already surrounding that immediate area . GGP is larger than Central Park for christ sakes

A park ? A park ? Have you people lost your minds ? Look around the city .It's a disaster. Streets littered with homeless and junkies.Store fronts empty in every shopping district. Vacancy rates at all time highs in downtown office buildings and residences. People and businesses leaving in droves.Born ,raised, lived, worked,in this city for 65 years.Never have I ever seen it this bad and this your big idea.Shame,shame shame on you.

I telling you now .Leave it alone .Our money needs to be spent on city services and nothing else .Knock it off already with the stupid ideas .Valencia is just the beginning. Tumblin is going and you are too.

Imagine what the sand has to say about your park.

Go back to Michigan

This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Stephanie Lehman

Subject: SFMTA Board: Hit PAUSE on West Portal and REJECT Staff Proposals on July 16th.
Date: Wednesday, June 26, 2024 9:26:53 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Message to SFMTA, Mayor, and the Board of Supervisors

From your constituent Anthony Rivero

Email anthonyrivero@gmail.com

I live in District

SFMTA Board: Hit PAUSE on West Portal and REJECT Staff Proposals on July 16th.

Message: SFMTA Board Chair Eaken, Vice Chair Cajina, and Directors Heminger, Henderson, Hinze, and Tarlov,

I welcome safety improvements in West Portal, but not at the expense of increasing “conflict” and decreasing safety on adjacent streets and intersections and putting small businesses at risk. I urge you to pause to learn more, measure accurately, and then implement in fiscally responsible phases in West Portal. There is no evidence that any of the options presented thus far will improve safety or would have prevented the tragedy that occurred.

I urge the SFMTA Board to REJECT the upcoming SFMTA staff proposal for West Portal. A full assessment of all corridor safety issues and alternative options is required after Fall traffic patterns have stabilized with the return of L Taraval LRV service and school year resuming.

My concerns are significant:

1. SFMTA’s “high-conflict” verbiage does not mean high-risk.
2. All options over-burden adjacent residential streets, create a problematic one-way street on Lenox (which has universal resident opposition), and increase congestion in intersections that already

have a higher volume of traffic and accidents (per SFMTA):

- o There are 10x the number of traffic accidents at Vicente/WP versus Ulloa/WP
- o Predicts a 50-75% traffic increase on Wawona – a residential street

3. Shifting buses to streets may have once mitigated operational concerns, but it also DECREASED SAFETY and INCREASED “conflict” by requiring transferring MUNI riders to cross multiple intersections.

4. A bike share station in the tunnel area also increases “conflict.”

5. It is fiscally irresponsible to implement a project in an intersection not included on the prioritized High Injury Network when the SFMTA is currently facing a \$12.7M deficit, and looking at a \$240M deficit by 2026. The Valencia Street bike lanes originally cost \$1.5M for eight blocks (more than 10% of the current deficit), and having to re-do that work will cost significantly more. Let’s not make the same mistake in WP.

There are opportunities to make the area around West Portal Station less confusing. The scope of options so far is extreme, disruptive, potentially less safe, and more chaotic as it will overburden adjacent residential streets, where children play. SFMTA also proposes adding a commercial bike share station to the Tunnel entrance and is resistant to less dangerous nearby locations.

There are many things that can be done to make West Portal safer and easier to navigate. The community has repeatedly asked for safety-related improvements before, but those requests have been ignored by SFMTA Staff.

I ask the SFMTA Board to require a holistic approach predicated on valid data compiled after a comprehensive Fall traffic study and consideration of community and expert input. All modes of transportation, the needs of our merchants who are dependent on automotive transit, and the needs of 23% of the West Portal population who are seniors must be considered.

I appreciate the work the West Portal Welcome Committee has done representing the neighborhood and merchant corridor. Predicating their discussion on the original ill-conceived, confusing and

potentially dangerous traffic reconfiguration option that is solely focused on the West Portal/Ulloa intersection does not take into consideration the impact, unintended consequences and more urgent vulnerabilities along the rest of the corridor and surrounding streets.

For these reasons, I urge you to VOTE NO on July 16th and reject the SFMTA staff proposal for West Portal until more comprehensive information can be compiled.

Thank you.

WE have Golden Gate Park, Lake Merced, Ocean Beach and Land's End hiking trail all nearby. Do we really need yet another park that will require city resources to maintain and police? I think not. City officials complain that people are not going downtown, are not using public transportation etc. now that the worst of COVID is behind us. If you keep restricting the ability of people to get back on the road by limiting car use, slow streets, little used double wide bike lanes, inane traffic configurations (Valencia St.) etc. people will just stop trying. We have stopped going to the Mission for that reason. We have great parks and natural resources in the city but sometimes a small minority can't seem to get enough. Let common sense rule!

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. Your actions as supervisor do not represent the wishes of the southern residents of SF who wish to readily travel north south. The congestion from closing GGP has has an enormous traffic impact on stanyan Masonic Franklin tough and Vaness. Esp on the weekends when the great hwy is closed at noon when people are leave g or coming to sf for the weend. And staying closed til 6am. Who's walking in the middle of the road then. There is no money or need for a huge park in place of the hwy. stick to fighting crime homeless making local school stay open while being honest about the terrible state of sf' budget. I'm a homeowner mom wife who finds sf very difficult to do everyday activities.

Sincerely,
Michele Haas

I am writing to express my disappointment in your final decision to close the Great Highway to cars. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of not only the residents you are elected to represent, but of the entire city. For example, the zoo is already experiencing problems and closing the highway will limit access to this beloved and beleaguered institution. If, god and China willing, we get pandas, the traffic on neighboring streets would be profoundly affected. Not everyone can bike to the zoo, and bus access is not always workable.

The Great Highway's closure and the resulting increased traffic congestion and compromised safety indicate how concerns and needs of many in the City were overlooked in your decision-making process. I am extremely unhappy with the way that this action was taken.

Sincerely,
Cameo Jones

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Therese Deasy

We are writing to express our profound disappointment in your final decision to close the Great Highway to residents, neighboring commuters, and those who drive children to school or themselves or others to appointments and other activities. This decision will severely impact our community in ways that appear to have yet to be fully considered, demonstrating a troubling disconnect between your actions and the interests of the residents you are elected to represent.

The resulting increased traffic congestion and compromised safety indicate how our concerns and needs were overlooked in your decision-making process. This oversight, which has led to a situation with which we are deeply dissatisfied, is wholly unacceptable.

Your failure to adequately represent our community in this matter is disheartening. You must recognize the deep sense of alienation and frustration this decision has caused among your constituents. We will work diligently to oppose your measure and ensure our voices are heard and considered in future decisions.

Sincerely,
Jennifer Tobiason

Subject: Why is the Great Highway vote only all open or all closed?
Date: Monday, June 24, 2024 2:52:57 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Am wondering why, with SO Many of the non bike crowd willing to look at a compromise of open on weekdays for cars and closed on weekend or weekends for the biker crowd, why it's an all or nothing, either a park or not vote? Are you afraid of the other outcome getting the most votes? That wouldn't make the bike guys happy. Is this the reason that this option isn't up? It's not like this would be hard. Where I work, In Redwood City, there is a frontage road that runs parallel to HW 280. Just like the GWH it runs both N/S and is often used by both bikers and drivers. What RWC did was close that road twice a month on the weekends for bikers and walkers. While the rest of the time the road is open to all. Very practical. Why don't we get that same option to vote on here? Please DO NOT even think about mentioning costs to me. This city spends more that a small country does on various (and often dubious) programs

Subject: PLEASE include a vote that provides a fair compromise for the UGH
Date: Monday, June 24, 2024 2:39:20 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Mr. Joel Engardio,

As a current constituent, we need a vote that includes a compromise option (open to cars during the week and closed to cars on the weekend, from Saturday thru Sunday. Why isn't there an option where both drivers and park goers share this beautiful space? Why can't we keep the current setup permanent?

With plans for more housing in the Sunset, vehicles and population will only increase. All the more reason to keep the UGH open.

Please do not create more traffic or bottlenecks.

I live only a few blocks from the UGH and GGP and drive the UGH 3-4 days a week.

Thank you,
Bella

I wrote to JE asking if the weekend option would be on the ballot. He answered similar to Tony's reply. He's afraid to put the compromise on the ballot and is afraid Breed won't be in office in 2025. This is clearly a political move to circumvent the pilot and ignore the large group of people who want a compromise. Below is my reply to him:

Joel:

The weekend closure was never sold as being temporary and not a permanent action. It was temporary until a decision would be made on 2025. There is no reason not to make a weekend closure an option. If you had the political will to listen to a significant number of your constituents, you would make parttime closure an option. There is no reason not to do that, other than you are making a political decision to pander to the bike lobby. No one thinks otherwise. There are a huge number of people who would support weekend closure, but you are afraid to give them that option because it would anger the bike cult and it would hurt your political career. Also, this is an obvious ploy to get this done before we get a new mayor who may not be so aligned with the BC. It is very obvious why you are doing this. You're worried that it may not be approved. The pilot was until 2026. No decision should be made until then. This is wrong.

Subject: Re: Supporting the Great Highway as a Highway – A Message for Supervisor Engardio

Supervisor Engardio,

Your response is a bunch of BS!! The city will only lose more money, commerce and tourism. Why did Prop I fail? Because there was no voter turnout and those who voted for it were on the east side of the city! Also, supporters of Prop I had no advertising money. Bike Coalition and Walk San Francisco lobby used taxpayer dollars to pay for advertising. This is part of the city hall corruption with ongoing investigations of where taxpayer dollars are going. Your numbers are fake! 10,000 people a weekend do not come to the great highway. However pre COVID

statistics show 17,000 to over 20,000 cars use the highway daily. And you geniuses are going to divert this traffic through the neighborhood claiming it won't be a problem. You are acting like a bunch of fools! Where is the budget for this? How many more gardeners, and emergency services will be needed? What cost will be shared with GGNRA? You have all these Miami Beach renderings of what it will be like but it is mostly freezing and windy out at the beach. You are not representing your constituents the same way Gordon Mar neglected his constituents. We will vote you out like we did Mar.

On Thu, Jun 20, 2024 at 10:01 AM EngardioStaff (BOS) <EngardioStaff@sfgov.org> wrote:

Hi Anthony,

Thanks for your message and letting me know how you feel about the Great Highway.

You mentioned wanting to reopen the highway to cars 24/7, but I need to let you know that is not possible before 2026. There is currently a pilot program that closes the highway to cars from noon Friday until Monday morning. This pilot was legislated by the Board of Supervisors with a 9-2 vote and it runs through the end of 2025. The pilot closure was appealed to the Coastal Commission earlier this year, but that appeal failed.

I understand many residents do not want the Great Highway to be a park. I also hear from many residents who do want it to be a park. The correspondence to my office is split, with a slight majority in favor of a park. This mirrors the results from Prop I — a November 2022 ballot measure that called for reopening the Great Highway to cars full time. In the Sunset, Prop I failed 53 to 47 percent.

The failure of Prop I meant the part-time park pilot could continue. But the arrangement is set to end in 2025. As the deadline approaches, the fight between pro-highway and pro-park advocates will only intensify.

That's why we need to decide once and for all if the Great Highway is going to be a park or not. That's why I am putting the question on this November's ballot.

A decision of this magnitude deserves to be made directly by voters.

Why the November 2024 ballot?

The next scheduled election after November 2024 is June 2026. By then, the pilot weekend road closure will be over. That means the decision over the Great Highway will be in the hands of the

Board of Supervisors and the mayor in 2025.

If voters want to directly determine what happens to the Great Highway, they need to do it this November.

What is the political reality?

Legislative action today might not favor the pro-highway advocates. It's highly likely a majority of supervisors would support a permanent park and the mayor would sign it.

Waiting until 2025 might not change the result. Many of the frontrunners in this year's supervisor races would likely support a permanent park. It wouldn't matter if a new mayor opposed a permanent park, because a veto-proof majority of eight is possible in the new class of supervisors.

The following reasons help explain why local politicians are likely to support a permanent park:

— An effort by pro-highway advocates to reduce the weekend road closure hours on Fridays failed by a supermajority at the Board of Supervisors (9 to 2) in December 2022.

— Local politicians are influenced by the Prop I vote in November 2022 that tried to reopen the Great Highway to cars full time. That vote failed in a citywide landslide, 65 to 35 percent. It also failed 53 to 47 percent in the Sunset, which is home to the Great Highway. Few politicians want to go against a majority of voters on an issue.

— There is the reality that the Great Highway extension south of Sloat will be permanently closed because of extreme coastal erosion. This closure has already been legislated. The highway will no longer directly connect to points south like Daly City and Interstate 280. All drivers will be forced to turn left at Sloat and make their way around the zoo and past Lake Merced to points south. There is nothing that can be done to reverse the decision to close the extension.

— Local politicians have also paid close attention to the failed lawsuits and appeals by pro-highway advocates attempting to restore full time traffic — especially a Coastal Commission appeal that was denied by unanimous decision. Read the Coastal Commission findings here: <https://documents.coastal.ca.gov/reports/2024/5/Th10a/Th10a-5-2024-report.pdf>

This is the political reality we have to deal with.

Why going to the ballot matters

Pro-park advocates urged me to introduce legislation at the Board of Supervisors given the high likelihood that a majority would support a permanent park and the mayor would sign it into law.

But I strongly feel that an issue of this magnitude needs to be decided directly by the voters. That's why I put the question on the ballot along with the signatures of four colleagues (supervisors can put a measure directly on the ballot with at least four signatures and no more than five).

Supervisors Dorsey, Mandelman, Melgar, and Preston joined me in putting this measure on the ballot.

If you do not support a permanent park, now you have an opportunity to make your voice count and convince a majority to join you. If you are pro-park and able to win a majority, you can always point to the “will of the voters” as the reason for the park.

The question on the ballot will be clear: Shall the Great Highway become a permanent coastal park

or not?

Benefits for drivers

It's important everyone understand that the Great Highway is becoming a road to nowhere, even if it remains open to cars. The section south of Sloat is falling into the ocean because of coastal erosion.

This section will close next year no matter what. The Board of Supervisors legislated the southern closure unanimously. All drivers heading south on the Great Highway will be forced to turn left at Sloat, then go around the zoo and past Lake Merced to continue south.

That's why I've been focusing my energy on finding a better way to travel south when it's no longer possible to use the Great Highway for direct connection to Skyline, Daly City, and Interstate 280.

One solution is to optimize a new route. When the section of Great Highway south of Sloat closes, southbound drivers will be forced to turn left at Sloat. But what if we made it easier to turn left at Lincoln instead? What if it was better to just head to Sunset Boulevard for points south?

I'm calling for traffic lights to replace stop signs on Lincoln for better traffic flow. Road improvements on Sunset Boulevard are coming. And a traffic light will replace the three-way stop sign at Sloat and Skyline that creates back-ups.

I believe that pushing for these traffic improvements will benefit drivers by making it easier to get where they need to go. A seamless drive down Lincoln to Sunset Boulevard will also keep drivers from cutting through neighborhood streets. If no one pushes for these traffic improvements, the situation would only be worse.

The closure of the Great Highway south of Sloat is a certainty. Now Great Highway drivers have to ask the question: Is it better to turn left at Sloat or Lincoln?

If we can improve the driving experience along Lincoln and Sunset Boulevard, drivers will be able to get to the same point at the same time whether they turn left at Sloat or Lincoln. This provides a win-win opportunity for a coastal park between Lincoln and Sloat that can bring a lot of joy to San Franciscans.

Coastal Commission findings

Pro-highway advocates appealed the weekend park to the Coastal Commission in April 2024, seeking a return to a full time highway. The Coastal Commission unanimously denied the appeal.

The Coastal Commission findings dismissed the appellants' concerns point by point.

Read the full report here: <https://documents.coastal.ca.gov/reports/2024/5/Th10a/Th10a-5-2024-report.pdf>

Below are some highlights.

- On public access: "The appeal contentions appear misplaced," the report stated. "Regarding

public access contentions, the project provides improved access along this section of the Upper Great Highway for pedestrians, bicyclists, and other non-vehicular users (e.g., persons in wheelchairs, families with baby strollers, etc.). The Great Highway system (i.e., both Upper and Lower Great Highways) would continue to accommodate all public access users along this stretch of coast with project implementation, and does not appear to run afoul of LCP or Coastal Act requirements to maximize public access in this regard.”

- On dune stress: “The appeals are a bit tangential in this regard, and attempt to read more into the LCP’s requirements and the effect of this project on dunes than appear to actually be the case,” the report stated. “The appeals appear to try to connect the project to all of the current dune degradation problems associated with Ocean Beach without recognizing that the underlying causes for impacts to dunes date back decades, and are unrelated to this project in that regard.”

- On increased vehicle pollution: “The appeals also raise a number of other contentions, such as asserting that greenhouse gas emissions (GHGs) and vehicle miles traveled (VMTs) would increase because of the project. However, there does not appear to be any evidence to support these claims (and, in fact, the aforementioned 2022 SFMTA traffic study suggests traffic has actually decreased).”

- On density and development: “As to the contention that approval of this project will somehow lead San Francisco to approve increased density of residential and commercial development in the coastal zone, there appears to be no connection whatsoever between this project and any potential future density increases that might be considered, nor is increased density somehow forbidden by the LCP. Therefore, these neighborhood compatibility contentions also do not raise a substantial issue.”

Personally, I believe that an oceanside park is good for our city. I’m also working hard to tackle traffic concerns. And I’m purposefully putting this question on the ballot so voters can have the final say.

We’ve already seen the potential with the weekend road closure. The part-time park has brought joy to more than three million visitors — from senior yoga to dragon dances, jazz performances to art exhibits, Halloween costumes on parade to marching bands in a Fourth of July parade.

My job as a city supervisor has many facets. My priority is public safety and education. I work on serious issues like crime and homelessness. You can read about all the issues I work on [here](#).

At the same time, we need to celebrate the joy that exists in San Francisco. That’s why I support fun activities like the [Sunset Night Market](#). Fixing things in San Francisco requires multiple approaches. To do that hard work, we need hope. That’s why I also do everything I can to create more joy in our lives and show Sunset pride.

I’m happy to talk to any Sunset resident about any issue.

You can contact me [here](#). I will see the messages directly.
