Dear Clerk of the Board of Supervisors,

I support the resolution urging the California state legislature to amend the State Vehicle Code to impose harsher penalties for stunt driving.

Sincerely,  
Helen N. Han  
San Francisco resident

### I support Supervisor Dorsey's resolution:

- Strengthening the City's stunt driving ordinance which allows for cars to be impounded for up to 30 days
- Asking the MTA to assess physical changes to the infrastructure to prevent sideshows (e.g., specialized speed bumps, bottle dots, and hit posts)
- Asking the City's Budget and Legislative Analyst to survey law enforcement agencies for best practices on deterrence, disruption, and enforcement
- Working with the various city agencies to recover the taxpayer cost of cleaning up side shows

Thank you,  
Donna Soohoo
