Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract at the June 12 budget hearing.

Thank you,
Todd Snyder
1941 Turk st #4
SF, CA 94115

Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract at the June 12 budget hearing.

Thank you,
Marcella

Good Afternoon,

Please see the attached public comment from the ACLU Foundation of Northern California regarding Agenda Item No. 32 on the Board's June 2, 2026 agenda (San Francisco Pretrial Diversion Project's Contract).

We also plan to give this comment—or a shortened version of it—orally at the Board meeting tomorrow.

Thank you,
Kassie

Re: **Public Comment from ACLU Foundation of Northern California
on Agenda Item No. 32: San Francisco Pretrial Diversion Project
Contract**

To the Board of Supervisors:

My name is Kassie Dibble and I am making my comments on behalf of the ACLU Foundation of Northern California. We urge you to approve SF Pretrial's newest contract, and to deny the Probation Department's request to displace Pretrial's work.

At a time when invaluable city services are being cut due to budget constraints, Probation is proposing an unnecessary and costly upending of the established work of SF Pretrial—an organization with proven success working with some of the city's most vulnerable.

Public Comment from ACLU NorCal
June 2, 2026 Board Meeting
Agenda Item No. 32: San Francisco Pretrial Diversion Project Contract

Under Pretrial's decades-long tenure, SF residents make more court appearances, recidivate less, and are connected to more programs that address mental health, substance use, and other underlying factors that contribute to criminal legal involvement. This, in turn, means less incarceration and huge savings for the City, sparing the cost of jailing thousands of residents a year.

Further, Pretrial's staff, many of whom are system-impacted themselves, have established longstanding trust with the communities they serve—trust that cannot be easily transferred to another agency, let alone an agency that is fundamentally punitive.

To the extent the city wishes to make data-driven decisions, we urge you to look at Pretrial's public reports. To the extent the City wants law enforcement involved in pretrial supervision, Pretrial already works in close collaboration with the Sheriff's Office. And to the extent the City wishes to cut costs, Pretrial operates with a smaller budget than Probation is seeking, and with twice the staff.

What, then, could possibly explain the move to replace Pretrial with Probation? How will City Hall explain this decision to its constituents? How will it explain the increased cost, the reduction in public safety, the greater rates of incarceration and recidivism? Pretrial is no errant, failing agency—it is one of the nation's longest-running community-based pretrial programs, and is a model for how cities can bolster public safety humanely and cost-effectively. How can the City justify dismantling such a foundational, and effective, institution?

You are facing many difficult decisions this budget season. Fortunately, this one is simple: the city should not pay more to replace a program that works. Please approve Pretrial's contract and deny Probation's unnecessary and costly request.

Thank you,

Kassie Dibble

Subject: Don't dismantle SF's most uniquely effective public safety program
Date: Monday, June 1, 2026 4:26:47 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract at the June 12 budget hearing.

Thank you,

Gavi Klein

Subject: Opposition to Pretrial Diversion Contract (File No. 260442)
Date: Monday, June 1, 2026 8:18:12 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear President Mandelman and Members of the Board,

I live less than a block from the Pretrial Diversion Center at 8th and Folsom, and I'm writing as a resident to ask you to reject the proposed \$22.5 million contract.

The case against this contract is straightforward. The Superior Court announced it is ending its decades-long relationship with SF Pretrial and moving these services to the Adult Probation Department. The Court did so in part because SF Pretrial refused to provide the financial records it requested. The Controller's office has placed the organization on Tier 2 status for serious fiscal concerns, and it has failed to produce audited financial statements. Last week, your own Budget and Finance Committee forwarded this item without recommendation.

Approving a multimillion dollar contract for a vendor that can't even produce financials is not a responsible use of public money, whether the term is for 1 year or 3 years.

Please reject File No. 260442.

Thank you for your time.

Best,
Leah

June 2, 2026

Hello, Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 – at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale – backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office – not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint – and will cost more money in the future.

Please vote to preserve SF Pretrial's contract at the June 12 budget hearing.

Thank you,

Hilary Rand

Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract at the June 12 budget hearing.

Thank you,
Daisy W.

Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

I have personally seen many of my clients find success through SF Pretrial. There are already so few criminal diversion options in a city that touts its progressive policies. Please preserve this program!!!

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract at the June 12 budget hearing.

Thank you,
Olivia

Subject: Unfounded Allegation about Outcome Measures

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello Supervisors Chan, Dorsey, Sauter, Frances, Dominica and Tita,

I feel compelled to follow up on the Superior Court's unfounded allegations about our outcomes being inaccurate. Here is the source we use to guide our calculations - <https://s3.amazonaws.com/static.nicic.gov/Library/033331.pdf>. The Court has never engaged in a direct discussion with us about those allegations. For many years, our outcomes were validated by UC Berkeley California Policy Lab, until their contract with the Sheriff's Office expired. When we used to meet as collaborative partners, the Superior Court was in the room and participated in discussions about those outcomes, and did not challenge them at the time. We currently meet with the Sheriff's Office on a weekly basis to discuss data and operations. We will defend our data and outcome practices in any open forum. They are calculated based on industry standards.

I would also like to offer a letter our Board of Directors wrote to the Superior Court when we were informed that the decision to transition to Adult Probation on July 1st of this year was final and that there was no room for negotiation. That happened over one year ago and Adult Probation and the Superior Court are not prepared to take over any aspect of pretrial services. The Courts never responded to this letter and refused to engage in discussions about corrective actions or other steps to address their decision.

Please let me know if you have any questions.

Take care,
David

SAN FRANCISCO PRETRIAL DIVERSION PROJECT

June 20, 2025

Brandon E. Riley
Court Executive Officer
Superior Court of California, County of San Francisco
400 McAllister Street, Room 205
San Francisco, CA 94102

Dear Mr Riley:

I am writing to you on behalf of the San Francisco Pretrial Diversion Project (SF Pretrial) Board of Directors. We would like to address concerns raised about SF Pretrial's operations and fiduciary capacity and your stated intent to transition pretrial services into the San Francisco Adult Probation Department with an early 2026 timeframe.

With an almost 50 year history of collaboration, we would like to propose a formal meeting to discuss the Superior Court's concerns with an opportunity to remediate outstanding issues. We received your public records act request and will review the information. We propose that SF Pretrial and San Francisco Sheriff's Office, and potentially other pretrial stakeholders, be involved in a feasibility study that includes the following:

1. Joint stakeholder evaluation involving SF Pretrial, Adult Probation, Sheriff's Office and other key partners to assess transition implications
2. Outcome impact analysis examining how the transition might affect public safety rates, court appearance rates and client engagement
3. Cost-benefit assessment comparing current operations with projected probation-administered services
4. Timeline for remediation allowing SF Pretrial to demonstrate improved financial management and operational reliability

In the meantime, the Board of Directors instructed CEO David Mauroff not to turn over documents unless they are publicly available. We are in full compliance and all public documents are posted on our website as mandated by City & County guidelines. Please note, we are in the process of updating those documents with recent tax filings and Board updates. We are happy to send them to you once those updates are completed.

SF Pretrial, with support from a broad range of local, state and national community, government and institutional partners, successfully received a carve-out through state legislation to serve as San Francisco's pretrial services agency under the jurisdiction of the Sheriff's Office. The San Francisco Board of Supervisors passed a resolution to maintain the structural independence of pretrial services in San Francisco. Based on our history of innovation and industry-leading outcomes, there has been consistent and robust advocacy for San Francisco's current pretrial structure.

We would also like to address statements made at the June 9th meeting with Mr. Mauroff.

Fiduciary Concerns

- SF Pretrial has acknowledged and made funders aware of the 403(b) retirement plan issue, and the organization has taken concrete steps to remedy the situation. We have complied with legal inquiries we've received and submitted extensive documentation. We have successfully reimbursed all missed 403(b) contributions and reinstated the 403(b) plan. All contributions have occurred within the required timeframe since the plan was reinstated.
- SF Pretrial has put in place new policies and procedures to make sure this doesn't happen again. This includes written internal communication to the CEO, Director of Finance, Director of HR, and Director of Programs after every payroll to verify the 403(b) contributions have been made, as well as quarterly reporting to the Board of Directors. We also asked the plan provider to provide third-party validation to the same group of Executive Staff after deposits are made.
- One example of alleged fiduciary mismanagement was raised related to a finance staff member who was no longer employed by SF Pretrial at the time of an inquiry from Superior Court staff. We understand this created confusion when your staff attempted to follow up with this individual. From our perspective, this is an example of our organization addressing a problem and remedying the situation, and any fiscally responsible employer would do the same. When performance challenges became apparent, we conducted our due diligence and proceeded with separation to protect the organization's fiscal health.
- There was a concern expressed about budget modifications during the course of the year, which was acknowledged by your team as a regular course of doing business. Again, we see this as a sign of fiscal responsibility. It is within any organization's operational obligation to monitor expenses and modify budgets to align with operational realities and the need to spend down available funding. This applies to non-profit, private and government sectors. For example, Executive staff was moved onto a grant as a result of their role in assuming financial duties.
- From an accountability perspective, SF Pretrial went through an Expanded Monitoring process in 2024 and just completed another round of Expanded Monitoring in 2025. We are working with City & County funders to address their findings, none of which are beyond our capacity to resolve, while others are currently being resolved. We have been provided City & County-funded financial consulting support through BDO (<https://www.bdo.com/>) and are working with them in earnest to take advantage of their expertise. We have also been collaborating with the Sheriff's Office and their CFO. There has been a general acknowledgement that SF Pretrial's operational needs have been chronically underfunded. We have been in communication with the Mayor's Office, Board of Supervisors and City & County funders to explore funding options.

Programmatic Concerns

- Court progress reports have been raised as a concern. We are in regular contact and meetings with Superior Court Judges and staff and have heard their feedback. Until now, those concerns were not elevated to a point where our services would be subjugated by Adult Probation. We have always taken that feedback seriously and modified our process. As a result of our recent discussions, a Court Report Task Force has been established and significant modifications are being made to how court progress reports are developed, validated and presented to the Superior Court. As evidenced by a 98% to 99% compliance rate that was monitored by a Federal Judge through the Buffin injunction, our Own Recognizance Department has developed effective quality control and reporting measures as it relates to Public Safety Assessments. Those standards will be applied to our Judicial Services team that manages the progress reports.
- As a point of clarification, SF Pretrial made the decision to use Sonoma County's validation study for San Francisco's Public Safety Assessment (PSA) within the existing governance structure. Under our MOU, the Superior Court and Sheriff's Office hold purview over the PSA, and in previous cycles, the Sheriff's Office provided funding for UC Berkeley's California Policy Lab to conduct SF-specific validation studies. Given current funding constraints that prevented a new SF-specific study and in consultation with the Superior Court and Sheriff's Office, we followed SB36 legislative provisions and Judicial Council recommendations to utilize another county's validation study for this cycle. We remain committed to conducting robust, San Francisco-specific validation studies when funding becomes available and would welcome the opportunity to re-engage with research partners for future validation cycles.
- During the discussion, it was noted there is a sentiment that client outcomes would be the same with or without the services provided by SF Pretrial. We would welcome the opportunity to review any data that supports this assessment. It's a confusing statement, as the Court has actively partnered with SF Pretrial to implement public safety and court appearance interventions that directly impact client outcomes. We have worked together to develop robust client support services and mechanisms to improve outcomes. Particularly since the Humhrey decision, San Francisco's pretrial landscape has undergone significant changes and our partners have prioritized measuring outcomes as a means to gauge effectiveness. Taking Adult Probation into consideration, SF Pretrial's 93% public safety rate is significantly higher than the rate of 66% reported under the California Pretrial Pilot Program under probation. Our outcomes calculations are based on a National Institute of Corrections standard. When the Pretrial Services Work Group was meeting, outcomes were calculated in partnership with UC Berkeley California Policy Lab (CPL) and modified to address Board of Supervisors legislation. SF Pretrial still consults with CPL, monitors industry standards and meets regularly with the San Francisco Sheriff's Office to review outcomes.
- Our 50 year history of collaboration with the Superior Court was referenced and it was stated that the Court has not seen many changes over the last ten years. Following this letter is a ten-year timeline documenting the significant growth and expansion of SF Pretrial, including an approximate 318% staff increase and 472% budget increase since 2018.

We understand this is a difficult situation given our deep working relationship and respect for the Superior Court of California, the Honorable Judges and your wonderful staff. As the Board of Directors, it is our obligation to protect the operations and integrity of SF Pretrial. Within our decades of experience, we

understand the operational needs of San Francisco's pretrial system and the limitations and additional costs associated with Adult Probation or any other government entity.

We hope this letter can open up a renewed spirit of collaboration and willingness to work together on a mutually acceptable conclusion.

Sincerely,

Carlos Serrano-Quan

Carlos Serrano-Quan
President
Board of Directors
San Francisco Pretrial Diversion Project

SF Pretrial Ten Year Timeline of Expansion and Innovation

Executive Summary

San Francisco Pretrial has demonstrated adaptability and innovation throughout its 50-year history, particularly accelerating program development and operational improvements in response to evolving justice reform priorities and bail reform policies. This evolution reflects a strong commitment to evidence-based practices and alignment with the shared objectives of local justice partners. These dual commitments have positioned SF Pretrial as a national leader in the field of pretrial services.

Current Scale and Impact (2025)

- **102 employees, \$11.8 million budget** - 318% staff increase and 472% budget growth since 2018
- **1,700+ clients on average daily basis** - Serving diverse population of justice-involved people with complex needs
- **538,250 jail bed days avoided** in 2021 alone - Significant in terms of both human impact and cost savings
- **93% public safety rate** - Exceeding California Pretrial Pilot Program average (66%)

Leadership Team Industry Expertise

- **NAPSA National Conference presentations (2021-2025)** - Selected multiple times to present innovative practices to national audience of pretrial professionals
- **American Society of Criminology (ASC) presentations (2021, 2022)** - selected to present in 2021 on research findings published in the ASC's Handbook on Pretrial Justice; in 2022 participated in a roundtable discussion with other national pretrial leaders on recent innovations in the field
- **CEO David Mauroff elected to National Association of Pretrial Services Agencies (NAPSA) Board of Directors (2022 to current)** - representing California and the Western region at the highest level of national pretrial policy development
- **Gerald White received the Bruce Beaudin Award (2022)** - NAPSA's highest individual honor for direct services-level work, recognizing exceptional contributions to the pretrial services field
- **California Association of Pretrial Services Conference presentation (2023)** - selected to present on bail reform and pretrial innovation in San Francisco
- **Matt Miller certified as an Official Expert through the Crime and Justice Research Alliance (2024)** with specialization in pretrial justice and criminal justice technology

Academic and Research Contributions

- **Partnership with UC Berkeley California Policy Lab (2016-2023)** - Multi-year collaboration producing rigorous quarterly outcome measurements and PSA validation studies

- **Matt Miller and David Mauroff published scholarly research** (2021) in the American Society of Criminology's *Handbook on Pretrial Justice*, analyzing *In re Humphrey's* systemic impact
- **Partnership with Resource Development Associates** (2021) - producing mixed methods study on drivers of failure to appear outcomes in San Francisco

Agency Awards and Accreditation

- **National Criminal Justice Association Outstanding Program Award** (2019) - National award in recognition of programmatic excellence
- **NAPSA Accreditation achieved** (2021) - year-long accreditation process demonstrating adherence to best practice standards for the pretrial justice field
 - Interviews with Superior Court judges, along with other local partners, attesting to the quality of local pretrial services was integral in the decision to award SF Pretrial with accreditation

Responsiveness to Policy Changes and Bail Reform Initiatives

Rapid Innovation Following *In re Humphrey* (2018) and *Buffin v San Francisco* (2021)

The appellate opinion on *In re Humphrey* required individualized bail determinations and catalyzed the need for rapid program expansion:

Pre-*Humphrey* Baseline (2018):

- 32 employees, \$2.5 million budget
- Limited program array focused primarily on basic supervision

Post-*Humphrey* Program Transformation:

- **Assertive Case Management (ACM) program scaling** - Comprehensive case management for higher-risk clients with complex needs
- **In-Custody Referral (ICR) expansion** - Post-arraignment release mechanism developed in partnership with Superior Court and Sheriff's Office
- **Clinical integration** - Embedded UCSF/Citywide clinician partnership addressing client behavioral health needs

Operational Enhancements following *Buffin*:

- **Buffin Settlement compliance** (2021) - 24/7/365 staffing model implementation; adherence to requirement that PSAs be completed and shared with duty judges within 8 hours of ID confirmation
- **Observation of additional protocols** (ongoing) related to judicial decision making deadlines, law enforcement resources, and reporting requirements

Risk Assessment Adoption and Release Program Restructuring:

- **Public Safety Assessment adoption (2016)** - Standardized, validated risk assessment for all felony and misdemeanor cases
 - This tool was implemented based on collective decision making processes undertaken by the Superior Court, Sheriff's Office, Public Defender, District Attorney, and SF Pretrial, among others.
 - Through this planning group, SF Pretrial was identified to lead daily PSA operations and partner training activities
- **Incorporation of tiered supervision model (2016)** - OR-NAS (No Active Supervision), OR-MS (Minimum Supervision), ACM (Assertive Case Management)
- **Programming for specialized client populations (2021)** - Primary Caregiver Diversion addressing family preservation need for justice involved people

Innovative Case Management Approaches

Increased Assertive Case Management (ACM) Sophistication (2016):

- **Individualized treatment planning** based on comprehensive needs assessment
- **In-person services** to escort clients to community-based appointments, provide client outreach in instances of infrequent contact
- **35-40% homelessness rate among clients (2018 and ongoing)** - Introduction of specialized housing coordination and stabilization services to meet these needs
- **Peer Navigator program (2022)** - Introduction of four new positions created for staff with lived experience to provide authentic client engagement

Clinical and Behavioral Health Integration

Comprehensive Behavioral Health Services:

- **Addition of two in-office clinical social workers (2018-2021)** - Providing 1,500+ annual therapeutic referrals
- **Enhanced Care Management (ECM) (2024)** - Implementation of MediCal-funded program for justice-involved individuals transitioning from incarceration, improving access to healthcare resources for justice-involved people
- **Pretrial Treatment Program (2024)** - Court partnership addressing substance use disorders with broader, regional access to treatment placements
- **SCIP/Byrne Mental Health Diversion initiative (2024)** - Partnership with Superior Court and UCSF addressing severe mental illness

Diversion and In-Custody Programs Portfolio

Specialized Diversion and In-Custody Pathways:

- **Primary Caregiver Diversion** (2021) - Family-centered programming preventing child welfare involvement
- **Freedom Braiders program** (2024) - Skills development and community connection initiative in SF County Jail

Housing and Reentry Services

Broader Array of Housing Solutions:

- **Discharge Planning program** (2019) - Personalized reentry planning breaking cycles of justice involvement
- **Department of Homelessness and Supportive Housing Access Point** (2022) - Became coordinated entry site for justice-involved individuals experiencing homelessness
- **Inn on Folsom stabilization housing** (2022) - Emergency housing placement with wraparound services
- **ACA enrollment assistance** (2023) - Medi-Cal enrollment expanded under CalAIM reform to increase healthcare access facilitation for incarcerated populations

Legislative and Judicial Adaptability

- **Public Safety Assessment (PSA) implementation** (2016) - Early adoption of evidence-based risk assessment tool; recognized as subject matter expert and awarded Arnold Ventures training grant (2018) to support regional adoption and partner proficiency
- **Emergency response** (2020) - maintained operations in office and jail locations to ensure operational continuity throughout shelter-in-place protocols; Launched St. Moritz housing program with no additional funding, demonstrating operational agility during crisis conditions
- **California Senate Bill 129** (2021) - Statutory codification recognizing SF Pretrial as the designated pretrial services provider in San Francisco, reflecting institutional confidence in organizational capacity

Data-Driven Operations and Technology Integration

Operational Developments:

- **Performance measurement alignment** (2018) - Adherence to National Institute of Corrections "Measuring What Matters" standards and Arnold Ventures best practices for outcomes reporting, in addition to Board of Supervisors outcomes measures requirements.
- **OpenJustice data management system** (2024) - Comprehensive client tracking and outcome measurement
- **Uptrust technology adoption** (2025) - Automated court date reminders and communication

Strategic Partnership Network

Partnerships to enhance and diversify client services (2021 and ongoing):

- Latino Task Force - Culturally-responsive programming
- Mental Health Association of San Francisco - Specialized behavioral health services
- Bay Area Community Resources (BACR) - Comprehensive social services
- UCSF Citywide - Clinical and research collaboration
- HealthRight 360 - Substance use disorder treatment

Community Resource Network:

- **150+ community partnerships** enabling comprehensive service delivery
- **Culturally responsive programming** including Spanish-language services
- **Post-incarceration skill development** including vocational training opportunities

National Impact and Thought Leadership

Policy Influence:

- Research contributions informing national pretrial reform discussions
- Best practice model for other jurisdictions implementing bail reform
- Leadership role in professional associations shaping field standards

Innovation Recognition:

- Selected for multiple national conference presentations sharing innovative practices
- Cited as model program in scholarly publications and policy reports
- Consulted by other jurisdictions seeking to replicate successful approaches

Conclusion

SF Pretrial's evolution over five decades, particularly over the dramatic transformation following *In re Humphrey*, demonstrates skilled organizational leadership, industry expertise and exceptional responsiveness to changing justice system needs. The organization has evolved from a basic supervision agency to a comprehensive pretrial services organization that addresses root causes of justice involvement through evidence-based, culturally-responsive and trauma-informed approaches. This evolution positions SF Pretrial as an indispensable partner in San Francisco's justice system and a national leader in pretrial justice.

Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract on May 27 and the follow-up full Board hearing.

Thank you,

Hunter Kippen

Dear Supervisor,

Don't be a billionaire-bootlicking, neoconservative, Tough On Crime Because Toughness Is Actually Compassion, War on Drugs 2.0 cog in this racist-ass system. America has already been there, done that, got the Nancy Reagan "Just Say No" T-SHIRTS even. I personally don't know how yall can live with yourselves voting YES on terrorizing homeless people, shoving more and more of our money toward cops and sheriffs and the weapons they use against us. But you do, comfortably, and that's the real crime. If you don't wanna be a cog, start saying NO to the mayor, and to these regressive moves that aim to punish people just for existing as Black, brown, poor, disabled and/or LGBTQ+. Punish us enough and people will assume we deserved it, deserved it just for existing. Stop teaching people about structural racism and they won't understand that even if our system only had people who weren't racist, you'd still get racist outcomes because it's built into the system.

Moving pretrial services away from SF Pretrial to Adult Probation IS STRUCTURAL RACISM!!!!

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. Subject: Don't dismantle SF's most uniquely effective public safety program

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract on May 27 and the follow-up full Board hearing.

Thank you.

Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract on May 27 and the follow-up full Board hearing.

Thank you.

Subject: Don't dismantle SF's most uniquely effective public safety program
Date: Wednesday, May 27, 2026 12:22:36 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract today and in the follow-up full Board hearing.

Thank you,
Osita

Dear Supervisor,

I'm writing on behalf of the California Coalition for Women Prisoners (CCWP) to urge you in the strongest possible terms to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial. As an organization that works with many women and TGI people who utilize the Pretrial Project, it would be an enormous tragedy for all of them to eliminate this exemplary organization!

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. Dear Supervisor,

I'm writing on behalf of Californians for Safety and Justice to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract on May 27 and the follow-up full Board hearing.

Thank you,

--

Anthony DiMartino, MSW

Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial. **I'm frankly surprised that such a successful organization is on the chopping block.**

SF Pretrial is not a law enforcement organization. I have had the privilege of visiting SF's Pretrial office, and it is nothing short of brilliant. Its holistic approach to criminal justice action and reform is a model to the nation. Bringing health care services, home placement, job placement, and structured supervision, SF Pretrial provides blanket, hands-on assistance to people needing to transition back into the SF community. Why hurt an organization that has a clear track record of helping? The plan to eliminate it looks like breaking something in order to say it doesn't work.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

I worked as an for the San Francisco Public Defender's Office for over 29 years and currently work as an attorney administrator for The San Francisco Bar Association. Pretrial Services is engaged with the communities my client lives in and provides them with the type of on the ground supervision, counseling that the Adult Probation Department will be unable to provide. The counselors who work for PTD are people committed to working with my clients to assist them with housing, counseling, drug/alcohol treatment and to make sure my clients show up to the court. I have had counselors who brought my clients to court who were living in tents or on the street. PTD is cost efficient and invaluable. In fact, their workers are underpaid.

SF Pretrial is one of the most uniquely cost-effective public safety programs in the city. 93% safety rate. 96% court appearance rate. 630,394 jail bed days saved in 2023. A fraction of the cost of comparable probation. Dismantling it and handing pretrial services to Adult Probation at essentially the same budget with one-third the staff will cost the city money and cost San Franciscans safety. As Adult Probation begins full implementation, that budget will balloon.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract on May 27 and the follow-up full Board hearing.

Please preserve SF Pretrial by approving their contract and denying Adult Probation's request.

Thank you,

Mark Iverson

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract on May 27 and the follow-up full Board hearing.

Thank you,
Amalie Fackenthal, D10

Dear Members of the Board of Supervisors,

I am writing to voice my objection to the proposal by the Probation Department to absorb responsibility for pretrial services.

San Francisco prides itself on innovation, strong communities, and setting a progressive example for the rest of the country. This proposal threatens to erase 50 years of carefully-built expertise and service by SF Pretrial, and erode community trust. Their work has informed standards for pretrial services in other jurisdictions precisely because leaders recognize it as a success story and worthy of replication. Transferring these pretrial responsibilities to a carceral probation department with no such track record is a massive step backward.

Furthermore, there is an inherent conflict of interest when a probation department tries to manage pretrial services, which is precisely why these functions were kept separate by design. Why are we considering backtracking? And to pour more money into a carceral law enforcement agency? That is **not** San Francisco.

For decades, SF Pretrial has provided exceptional services, while also saving the city (and taxpayers!) money. At a time when the city is budgeting carefully, it makes no sense to replace a proven, cost-effective services model with a more expensive alternative.

As a resident of Sunnyside, I urge you to fully fund SF Pretrial Services and allow them to continue their work without further disruption.

Sincerely,

Kelsey Mulcahy
Sunnyside Resident

Hi Connie (and other supervisors),

Please preserve the San Francisco Pretrial Diversion Project's contract tomorrow, and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is a unique and effective public safety program - with a clear track record and real cost-effectiveness.

I'm concerned by the proposal to fund adult probation instead, and the idea of a land grab by an existing agency. It wasn't so long ago (the last election) that many candidates and ballot measures, including Mayor Lurie, won on exactly the opposite platform (fighting against incremental bureaucracy). Please say no to this mistake.

Thanks,
Anthony (District 1 resident)

Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract on May 27 and the follow-up full Board hearing.

Thank you,
Lisa Roth

Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial. **I'm frankly surprised that such a successful organization is on the chopping block.**

SF Pretrial is not a law enforcement organization. I have had the privilege of visiting SF's Pretrial office, and it is nothing short of brilliant. Its holistic approach to criminal justice action and reform is a model to the nation. Bringing health care services, home placement, job placement, and structured supervision, SF Pretrial provides blanket, hands-on assistance to people needing to transition back into the SF community. Why hurt an organization that has a clear track record of helping? The plan to eliminate it looks like breaking something in order to say it doesn't work.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

I worked as an for the San Francisco Public Defender's Office for over 29 years and currently work as an attorney administrator for The San Francisco Bar Association. Pretrial Services is engaged with the communities my client lives in and provides them with the type of on the ground supervision, counseling that the Adult Probation Department will be unable to provide. The counselors who work for PTD are people committed to working with my clients to assist them with housing, counseling, drug/alcohol treatment and to make sure my clients show up to the court. I have had counselors who brought my clients to court who were living in tents or on the street. PTD is cost efficient and invaluable. In fact, their workers are underpaid.

SF Pretrial is one of the most uniquely cost-effective public safety programs in the city. 93% safety rate. 96% court appearance rate. 630,394 jail bed days saved in 2023. A fraction of the cost of comparable probation. Dismantling it and handing pretrial services to Adult Probation at essentially the same budget with one-third the staff will cost the city money and cost San Franciscans safety. As Adult Probation begins full implementation, that budget will balloon.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract on May 27 and the follow-up full Board hearing.

Please preserve SF Pretrial by approving their contract and denying Adult Probation's request.

Thank you,

Mark Iverson

Dear Supervisor,

I'm writing to urge you to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract on May 27 and the follow-up full Board hearing.

Thank you,
Nora Niesen

Dear Supervisor,

I'm writing on behalf of the California Coalition for Women Prisoners (CCWP) to urge you in the strongest possible terms to approve the San Francisco Pretrial Diversion Project's contract and deny Adult Probation's budget request to eliminate SF Pretrial. As an organization that works with many women and TGI people who utilize the Pretrial Project, it would be an enormous tragedy for all of them to eliminate this exemplary organization!

SF Pretrial is one of the most uniquely effective public safety programs in the city. 93% rate of no new charges while enrolled. 96% court appearance rate across 19,000+ court dates. 630,394 jail bed days saved in 2023 — at a fraction of the cost of comparable probation. It is a national model, one of a small handful of independent, community-based pretrial programs in the country at this scale — backed by the San Francisco Sheriff's Office.

SB 129 includes a named carve-out allowing San Francisco to contract with the existing pretrial services office — not a probation department. There is no legal mandate for this transfer.

Funding Adult Probation expands the city's budget deficit and government footprint — and will cost more money in the future.

Please vote to preserve SF Pretrial's contract on May 27 and the follow-up full Board hearing.

Dear Members of the Board of Supervisors,

I am writing to voice my objection to the proposal by the Probation Department to absorb responsibility for pretrial services.

San Francisco prides itself on innovation, strong communities, and setting a progressive example for the rest of the country. This proposal threatens to erase 50 years of carefully-built expertise and service by SF Pretrial, and erode community trust. Their work has informed standards for pretrial services in other jurisdictions precisely because leaders recognize it as a success story and worthy of replication. Transferring these pretrial responsibilities to a carceral probation department with no such track record is a massive step backward.

Furthermore, there is an inherent conflict of interest when a probation department tries to manage pretrial services, which is precisely why these functions were kept separate by design. Why are we considering backtracking? And to pour more money into a carceral law enforcement agency? That is **not** San Francisco.

For decades, SF Pretrial has provided exceptional services, while also saving the city (and taxpayers!) money. At a time when the city is budgeting carefully, it makes no sense to replace a proven, cost-effective services model with a more expensive alternative.

As a resident of Sunnyside, I urge you to fully fund SF Pretrial Services and allow them to continue their work without further disruption.

Sincerely,

Kelsey Mulcahy
Sunnyside Resident

Hi Connie (and other supervisors),

Please preserve the San Francisco Pretrial Diversion Project's contract tomorrow, and deny Adult Probation's budget request to eliminate SF Pretrial.

SF Pretrial is a unique and effective public safety program - with a clear track record and real cost-effectiveness.

I'm concerned by the proposal to fund adult probation instead, and the idea of a land grab by an existing agency. It wasn't so long ago (the last election) that many candidates and ballot measures, including Mayor Lurie, won on exactly the opposite platform (fighting against incremental bureaucracy). Please say no to this mistake.

Thanks,
Anthony (District 1 resident)
