RECITALS

A. The State of California (the "State"), through the Department of Health Care Services ("DHCS"), has entered into an agreement with AHP, a private consulting and research firm focused on improving health and human services systems, to manage the BHCIP funds and administer the State of California Behavioral Health Continuum Infrastructure Program ("Program"). The agreement between DHCS and AHP shall hereinafter be referred to as the "Prime Contract";

B. Pursuant to the requirements of the Program and DHCS guidelines, qualified grantees or entities shall use program fund awards to expand the community capacity for serving persons with behavioral health disorders by the acquisition, construction, renovation or other physical improvement of real property, infrastructure, or facilities;

C. DHCS established the BHCIP Round 4 Children and Youth grants to award competitive grants to qualified entities to construct, acquire, and rehabilitate real estate assets to expand the community continuum of behavioral health treatment resources in settings that serve children and youth ages twenty-five (25) and younger, including pregnant and postpartum women and their children, transition-age youth ages eighteen (18) to twenty-five (25), and their families.

D. In response to that certain Request for Applications for the Round 4 Children and Youth Grants for the Program issued by AHP on behalf of DHCS on or about June 1, 2022 (the "RFA") for the Program, Sponsor submitted an application ("Application") to construct the project described in the Statement of Work, Attachment D ("SOW"), located at 1001 Potrero Avenue, San Francisco, CA, 94110 (the "Project"); and Sponsor has been awarded program funds for the Project in an amount not to exceed Thirty-Three Million Seven Hundred Thirty-Six Thousand One Hundred Five and 00/100 Dollars (\$33,736,105.00) ("Program Funds");

E. This Agreement sets forth the terms and conditions of AHP's administration and management of the Program Funds and the Sponsor's duties and obligations related to its receipt of Program Funds. Capitalized terms not defined herein shall have the meanings ascribed thereto in the California Welfare and Institutions Code sections 5960–5960.45.

NOW, THEREFORE, based upon the foregoing, and in consideration of the mutual covenants and agreements herein set forth, the Parties agree as follows:

ARTICLE 1.
AUTHORITY

California Assembly Bill 133 (Chapter 143, Statutes of 2021) ("AB 133") added sections 5960–5960.45 to the Welfare and Institutions Code providing the statutory basis for the Program. DHCS, as part of the California Health and Human Services Agency, issued the RFA for the Program Funds, and AHP provides pre-application consultation, individual agency/county technical assistance, general training and support on individual BHCIP projects, as well as administration and fund management.

This Agreement is entered under the authority of and in furtherance of the Program. This Agreement is the result of the Application by the Sponsor for funding under the Program.

This Agreement hereby incorporates by reference the Sponsor's approved Application, as well as any report prepared by AHP in reliance on the representations and descriptions included in that Application. This Agreement is governed by the following (collectively, the "Program Requirements"), and each of the following, as amended and in effect from time to time, is hereby incorporated by this reference as if set forth herein in full:

- 1.1 AB 133, including any subsequent amendments to the statutes contained therein;
- 1.2 The RFA, in the form attached to this Agreement as Attachment J;
- 1.3 California Welfare and Institutions Code sections 5960–5960.45;
- 1.4 Guidance issued by DHCS regarding the Program;
- 1.5 Program Guidelines, or Program Manuals, as adopted by DHCS, and as may be amended from time to time;
- 1.6 The award letter issued by DHCS to the Sponsor ("Award Letter") attached to this Agreement as Attachment K; and
- 1.7 All other applicable law, including, but not limited to, California Labor Code statutes applicable to public works projects.

The Sponsor is solely responsible and liable for the Sponsor and the Sponsor's subcontractors' performance and compliance with this Agreement, the above-referenced Program Requirements, and all other local, state, and federal laws applicable to the Project.

ARTICLE 2.
TERM

- 2.1 This Agreement shall commence on the Effective Date and shall automatically expire concurrently with the expiration of the Prime Contract, on June 30, 2027 (the "Expiration Date"); unless, prior to the date of expiration of the Prime Contract, AHP shall assign, and DHCS shall accept, an assignment of AHP's duties and obligations pursuant to this Agreement (the period from the Effective Date through the Expiration Date shall be referred to herein as the "Term"), unless earlier terminated by AHP or DHCS.

- 2.2 Upon the expiration of the Term, there shall be no extension or renewal of the Term of this Agreement, unless the Parties and DHCS otherwise agree in writing.
- 2.3 Notwithstanding the foregoing or anything to the contrary contained herein, AHP and/or DHCS shall have the termination rights as set forth in Article 9 and Article 10, of this Agreement.

ARTICLE 7. **FISCAL ADMINISTRATION**

All interest earned from the deposit of Program Funds shall be used by the Sponsor for eligible Program administrative activities; however, any such use shall not exceed Five Hundred Dollars (\$500.00) per year. Program Funds shall be segregated from the Sponsor's other funds and shall only be disbursed from the IDBA account for eligible Program Funds costs.
- 7.2 AHP has approved the Sponsor's budget for the Project incorporated in the SOW at Attachment D, as such budget may be updated prior to issuance of a notice to proceed to the general contractor in accordance with Article 5. Sponsor may adjust line items in the budget, including drawing upon any contingency amounts listed in the budget, without the prior approval of AHP, provided that such adjustments do not increase the overall budget amount and provided further that Sponsor provides notice to AHP of the budget changes. If upon completion of a particular phase or segment of the Project, the Program Funds allocated to that segment or phase have not been fully expended, the Program Funds allocated to Sponsor for such segment of the Project shall remain available to Sponsor for disbursement for subsequent segments of the Project; provided, however, in no event shall the total amount of the Program Funds available to Sponsor exceed the amount set forth in this Agreement without a written amendment to this Agreement approved by AHP and DHCS.

- 7.3 Sponsor shall notify AHP in a timely manner of any changes in the work required to be performed under this Agreement, including any additions, changes, or deletions to the plans and specifications approved by AHP. The Sponsor shall provide prior notice to AHP of any written change order before any of the following changes, additions, or deletions in work for the Project may be performed: (1) any change in the work the cost of which exceeds Twenty-Five Thousand Dollars (\$25,000); or (2) any set of changes in the work the cost of which cumulatively exceeds One Hundred Thousand Dollars (\$100,000); (3) any material change in building materials or equipment, specifications, or the structural or architectural design or appearance of the Project as provided for in the plans and specifications approved by AHP; or (4) any changes in the schedule that will extend the completion date. Notice of any additions, changes, or deletions to the work shall not relieve or release the Sponsor from any other obligations under this Agreement or relieve or release the Sponsor or its surety from any surety bond.
- 7.4 The Sponsor shall provide AHP with an updated budget and schedule for the Project when 50% completion of construction work is achieved that shows all changes in costs and schedule from the budget and schedule provided to AHP prior to issuance of the Notice of Proceed.
- 7.5 Any Program Funds that have not been expended by the expiration of the Period of Performance set forth in the Summary Cover Sheet and the Attached Performance Milestones must be returned to DHCS with any accrued interest in excess of Five Hundred Dollars (\$500.00) per year, which may be used pursuant to Section 7.1 for administrative activities. Returned Program Funds shall be paid as directed by AHP or DHCS, no later than thirty (30) calendar days after the expiration of the applicable Period of Performance.

ARTICLE 8.
CHANGES TO STATEMENT OF WORK

- 8.1 The Sponsor shall not change, without the prior approval of DHCS, which may include consultation with AHP, either of the following: (i) the behavioral health purpose of the Project; or (ii) the population to be served by the Project, the foregoing, each, as described in (x) the Sponsor's Application, and (y) the SOW. The Sponsor shall submit to DHCS, and provide a copy to AHP, a written request to change the behavioral health purpose of the Project described in the Application and the SOW, which shall include a detailed description of the following criteria:
- 8.1.1 the changes to the services or the Project that the Sponsor is requesting to make;

- a. The Sponsor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. The Sponsor will take affirmative action to ensure that qualified applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and career development opportunities and selection for training, including apprenticeship. The Sponsor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Government or AHP, setting forth the provisions of the Equal Opportunity clause, section 503 of the Rehabilitation Act of 1973 and the affirmative action clause required by the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212). Such notices shall state the Sponsor's obligation under the law to take affirmative action to employ and advance in employment qualified applicants without discrimination based on their race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era and the rights of applicants and employees.
- b. The Sponsor will, in all solicitations or advancements for employees placed by or on behalf of the Sponsor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era.
- c. The Sponsor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice, to be provided by the Federal Government or the State, advising the labor union or workers' representative of the Sponsor's commitments under the provisions herein and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- d. The Sponsor will comply with all provisions of and furnish all information and reports required by section 503 of the Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212) and of the Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal

Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and of the rules, regulations, and relevant orders of the Secretary of Labor.

- e. The Sponsor will furnish all information and reports required by Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and the Rehabilitation Act of 1973, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the State and its designated representatives and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- f. In the event of the Sponsor's noncompliance with the requirements of the provisions herein or with any federal rules, regulations, or orders which are referenced herein, this Agreement may be cancelled, terminated, or suspended in whole or in part and the Sponsor may be declared ineligible for further federal and state contracts in accordance with procedures authorized in Federal Executive Order No. 11246 as amended and such other sanctions may be imposed and remedies invoked as provided in Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- g. The Sponsor will include the provisions of Paragraphs a through g in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or section 503 of the Rehabilitation Act of 1973 or (38 U.S.C. 4212) of the Vietnam Era Veteran's Readjustment Assistance Act, so that such provisions will be binding upon each Sponsor or vendor. The Sponsor will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs or AHP may direct as a means of enforcing such provisions including sanctions for noncompliance provided, however, that in the event the Sponsor becomes involved in, or is threatened with litigation by a subcontractor or vendor as a result of such direction by AHP, the Sponsor may request in writing to AHP, who, in turn, may request the United States to enter into such litigation to protect the interests of the State and of the United States.

The assignment made by the contractor and all additional assignments made by the subcontractors and suppliers shall be deemed to have been made and will become effective at the time the awarding body tenders final payment to the contractor without further acknowledgment or the necessity of tendering to the awarding body any written assignments.

If an awarding body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under Government Code sections 4550 to 4554, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, on demand, recover from the public body any portion of the recovery, including treble damages, and attributable overcharges that were paid by the assignor but were not paid by the public body as a part of the bid price, less the expenses incurred in obtaining that portion of the recovery. On demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under Government Code sections 4550 to 4554 if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action.

D: PROJECT NARRATIVE	
<p>Experience serving the population</p> <p>The San Francisco Department of Public Health (SFDPH) mission is to protect and promote the health and well-being for all in San Francisco. Behavioral Health Services (BHS) Division within SFDPH is the County’s Mental Health Plan and ensures a full range of specialty behavioral health services to publicly insured and safety net clients, across a network of culturally and linguistically diverse providers. The Children, Youth, and Families System of Care (CYF SOC) sits within BHS and is a comprehensive, integrated system of care for children and youth ages 0-18 and up to 21 (and their families). CYF SOC offers a range of services across a continuum of care (health promotion/prevention/early intervention; outpatient mental health and substance use treatment; intensive services; crisis intervention; residential treatment). Services are provided by a network of providers including DPH civil service clinics, contracted community-based providers, and a private provider network. Services are integrated with our system partners (San Francisco Unified School District, Human Services Agency, Juvenile Probation Department, Department of Children, Youth, & their Families, Department of Early Childhood) and are strength-based, family driven, community-based, trauma-informed, and culturally/linguistically congruent.</p> <p>Priority Populations to be served:</p>	

The San Francisco Intensive Youth Behavioral Health Services program will serve low-income youth ages 12 – 17 who are experiencing a psychiatric or behavioral health emergency. Many of them are youth of color who currently have limited access to intensive outpatient programs and virtually no access to inpatient psychiatric facilities (currently, the system relies on private hospitals who often reject our youth of color as they are deemed “too acute” for admission). Many of youth in the priority population are connected to the juvenile justice and child welfare systems. Virtually all youth served by the program will be Medi-Cal recipients or uninsured.

- **Partial Hospitalization Program:** This includes Intensive Outpatient Treatment including integrated SUD treatment services and this will serve as a step down to the inpatient unit listed below and a stand-alone program. The program will be capable of serving a total of 24 young people at any one time (24 slots) with a total estimated annual service population of 900 (900 slots).
- **Psychiatric Acute Care Hospital:** This inpatient psychiatric hospital will provide a total of 12 inpatient beds (12 beds) and will serve a total annual estimated population of 450 young people (450 slots)

Partners

While the proposed inpatient psychiatric facility and intensive outpatient unit will be located at Zuckerberg San Francisco General Hospital, which is owned by and is a part of the San Francisco Department of Public Health, the Intensive Outpatient Program & Partial Hospital Program will be managed and staffed by the University of California San Francisco (UCSF) Department of Psychiatry and Behavioral Services and the Inpatient Adolescent Psychiatric Hospital will be staffed by both SFDPH and UCSF staff. The Infant, Child, and Adolescent Psychiatry Unit of the UCSF Department of Psychiatry and Behavioral Services maintains active Medi-Cal certifications to provide, among other services, Crisis Intervention, Mental Health Services, Case Management, and Medication Support specifically for children and adolescents.

Priority considerations:

The program effectively responds to several key State priorities, including 1) advancing racial equity, 2) addressing urgent gaps in the behavioral health continuum, 3) increasing alternatives to incarceration, hospitalization, homelessness, and institutionalization, and 4) meeting the needs of vulnerable populations with the greatest needs and 5) leveraging County and Medi-Cal investments.

STATE PREVAILING WAGES STATUTES

The provisions of California Labor Code Sections 1771, 1775, 1776, 1777.5, 1813, and 1815, as set out below and as may be amended, must be incorporated into all construction contracts. All references to Sections are to sections of the California Labor Code.

(i) Section 1771:

"Except for public works projects of one thousand dollars (\$1,000) or less, not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the public work is performed, and not less than the general prevailing rate of per diem wages for holiday and overtime work fixed as provided in this chapter, shall be paid to all workers employed on public works.

This section is applicable only to work performed under contract, and is not applicable to work carried out by a public agency with its own forces. This section is applicable to contracts let for maintenance work."

(ii) Section 1775:

"(a) (1) The contractor and any subcontractor under the contractor shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit not more than two hundred dollars (\$200) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rates as determined by the director for the work or craft in which the worker is employed for any public work done under the contract by the contractor or, except as provided in subdivision (b), by any subcontractor under the contractor.

(2) (A) The amount of the penalty shall be determined by the Labor Commissioner based on consideration of both of the following:

(i) Whether the failure of the contractor or subcontractor to pay the correct rate of per diem wages was a good faith mistake and, if so, the error was promptly and voluntarily corrected when brought to the attention of the contractor or subcontractor.

(ii) Whether the contractor or subcontractor has a prior record of failing to meet its prevailing wage obligations.

(B) (i) The penalty may not be less than forty dollars (\$40) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate, unless the failure of the contractor or subcontractor to pay the correct rate of per diem wages was a good faith mistake and, if so, the error was promptly and voluntarily corrected when brought to the attention of the contractor or subcontractor.

(ii) The penalty may not be less than eighty dollars (\$80) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate, if the contractor

or subcontractor has been assessed penalties within the previous three years for failing to meet its prevailing wage obligations on a separate contract, unless those penalties were subsequently withdrawn or overturned.

(iii) The penalty may not be less than one hundred twenty dollars (\$120) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate, if the Labor Commissioner determines that the violation was willful, as defined in subdivision (c) of Section 1777.1.

(C) If the amount due under this section is collected from the contractor or subcontractor, any outstanding wage claim under Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 against that contractor or subcontractor shall be satisfied before applying that amount to the penalty imposed on that contractor or subcontractor pursuant to this section.

(D) The determination of the Labor Commissioner as to the amount of the penalty shall be reviewable only for abuse of discretion.

(E) The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the contractor or subcontractor, and the body awarding the contract shall cause to be inserted in the contract a stipulation that this section will be complied with.

(b) If a worker employed by a subcontractor on a public works project is not paid the general prevailing rate of per diem wages by the subcontractor, the prime contractor of the project is not liable for any penalties under subdivision (a) unless the prime contractor had knowledge of that failure of the subcontractor to pay the specified prevailing rate of wages to those workers or unless the prime contractor fails to comply with all of the following requirements:

(1) The contract executed between the contractor and the subcontractor for the performance of work on the public works project shall include a copy of the provisions of this section and Sections 1771, 1776, 1777.5, 1813, and 1815.

(2) The contractor shall monitor the payment of the specified general prevailing rate of per diem wages by the subcontractor to the employees, by periodic review of the certified payroll records of the subcontractor.

(3) Upon becoming aware of the failure of the subcontractor to pay his or her workers the specified prevailing rate of wages, the contractor shall diligently take corrective action to halt or rectify the failure, including, but not limited to, retaining sufficient funds due the subcontractor for work performed on the public works project.

(4) Prior to making final payment to the subcontractor for work performed on the public works project, the contractor shall obtain an affidavit signed under penalty of perjury from the subcontractor that the subcontractor has paid the specified general prevailing rate of per diem wages to his or her employees on the public works project and any amounts due pursuant to Section 1813.

(c) The Division of Labor Standards Enforcement shall notify the contractor on a public works project within 15 days of the receipt by the Division of Labor Standards Enforcement of a complaint of the failure of a subcontractor on that public works project to pay workers the general prevailing rate of per diem wages."

(iii) Section 1776:

"(a) Each contractor and subcontractor shall keep accurate payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by the contractor of subcontractor in connection with the public work. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:

(1) The information contained in the payroll record is true and correct.

(2) The employer has complied with the requirements of Sections 1771, 1811, and 1815 for any work performed by that person on the public works project.

(b) The payroll records enumerated under subdivision (a) shall be certified and shall be available for inspection at all reasonable hours at the principal office of the contractor on the following basis:

(1) A certified copy of an employee's payroll record shall be made available for inspection or furnished to the employee or the employee's authorized representative on request.

(2) A certified copy of all payroll records enumerated in subdivision (a) shall be made available for inspection or furnished upon request to a representative of the body awarding the contract and the Division of Labor Standards Enforcement of the Department of Industrial Relations.

(3) A certified copy of all payroll records enumerated in subdivision (a) shall be made available upon request by the public for inspection or for copies thereof. However, a request by the public shall be made through either the body awarding the contract or the Division of Labor Standards Enforcement. If the requested payroll records have not been provided pursuant to paragraph (2), the requesting party shall, prior to being provided the records, reimburse the costs of preparation by the contractor, subcontractors, and the entity through which the request was made. The public may not be given access to the records at the principal office of the contractor.

(c) Unless required to be furnished directly to the Labor Commissioner in accordance with paragraph (3) of subdivision (a) of Section 1771.4, the certified payroll records shall be on forms provided by the Division of Labor Standards Enforcement or shall contain the same information as the forms provided by the division. The payroll records may consist of printouts of payroll data that are maintained as computer records, if the printouts contain the same information as the forms provided by the division and the printouts are verified in the manner specified in subdivision (a).

(d) A contractor or subcontractor shall file a certified copy of the records enumerated in subdivision (a) with the entity that requested the records within 10 days after receipt of a written request.

(e) Except as provided in subdivision (f), any copy of records made available for inspection as copies and furnished upon request to the public or any public agency by the awarding body or the Division of Labor Standards Enforcement shall be marked or obliterated to prevent disclosure of an individual's name, address, and social security number. The name and address of the contractor awarded the contract or the subcontractor performing the contract shall not be marked or obliterated. Any copy of records made available for inspection by, or furnished to, a multiemployer Taft-Hartley trust fund (29 U.S.C. Sec. 186(c)(5)) that requests the records for the purposes of allocating contributions to participants shall be marked or obliterated only to prevent disclosure of an individual's full social security number, but shall provide the last four digits of the social security number. Any copy of records made available for inspection by, or furnished to, a joint labor-management committee established pursuant to the federal Labor Management Cooperation Act of 1978 (29 U.S.C. Sec. 175a) shall be marked or obliterated only to prevent disclosure of an individual's social security number.

(f) (1) Notwithstanding any other provision of law, agencies that are included in the Joint Enforcement Strike Force on the Underground Economy established pursuant to Section 329 of the Unemployment Insurance Code and other law enforcement agencies investigating violations of law shall, upon request, be provided nonredacted copies of certified payroll records. Any copies of records or certified payroll made available for inspection and furnished upon request to the public by an agency included in the Joint Enforcement Strike Force on the Underground Economy or to a law enforcement agency investigating a violation of law shall be marked or redacted to prevent disclosure of an individual's name, address, and social security number.

(2) An employer shall not be liable for damages in a civil action for any reasonable act or omission taken in good faith in compliance with this subdivision.

(g) The contractor shall inform the body awarding the contract of the location of the records enumerated under subdivision (a), including the street address, city, and county, and shall, within five working days, provide a notice of a change of location and address.

(h) The contractor or subcontractor has 10 days in which to comply subsequent to receipt of a written notice requesting the records enumerated in subdivision (a). In the event that the contractor or subcontractor fails to comply within the 10-day period, the contractor or subcontractor shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit one hundred dollars (\$100) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Labor Standards Enforcement, these penalties shall be withheld from progress payments then due. A contractor is not subject to a penalty assessment pursuant to this section due to the failure of a subcontractor to comply with this section.

(i) The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section.

(j) The director shall adopt rules consistent with the California Public Records Act (Division 10 (commencing with Section 7920.000) of Title 1 of the Government Code) and the Information Practices Act of 1977 (Title 1.8 (commencing with Section 1798) of Part 4 of Division 3 of the Civil Code) governing the release of these records, including the establishment of reasonable fees to be charged for reproducing copies of records required by this section."

(iv) Section 1777.5:

"(a) (1) This chapter does not prevent the employment upon public works of properly registered apprentices who are active participants in an approved apprenticeship program.

(2) For purposes of this chapter, "apprenticeship program" means a program under the jurisdiction of the California Apprenticeship Council established pursuant to Section 3070.

(b) (1) Every apprentice employed upon public works shall be paid the prevailing rate of per diem wages for apprentices in the trade to which he or she is registered and shall be employed only at the work of the craft or trade to which he or she is registered.

(2) Unless otherwise provided by a collective bargaining agreement, when a contractor requests the dispatch of an apprentice pursuant to this section to perform work on a public works project and requires the apprentice to fill out an application or undergo testing, training, an examination, or other preemployment process as a condition of employment, the apprentice shall be paid for the time spent on the required preemployment activity, including travel time to and from the required activity, if any, at the prevailing rate of per diem wages for apprentices in the trade to which he or she is registered. Unless otherwise provided by a collective bargaining agreement, a contractor is not required to compensate an apprentice for the time spent on preemployment activities if the apprentice is required to take a preemployment drug or alcohol test and he or she fails to pass that test.

(c) Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards that have been approved by the Chief of the Division of Apprenticeship Standards and who are parties to written apprentice agreements under Chapter 4 (commencing with Section 3070) of Division 3 are eligible to be employed at the apprentice wage rate on public works. The employment and training of each apprentice shall be in accordance with either of the following:

(1) The apprenticeship standards and apprentice agreements under which he or she is training.

(2) The rules and regulations of the California Apprenticeship Council.

(d) If the contractor to whom the contract is awarded by the state or any political subdivision, in performing any of the work under the contract, employs workers in any apprenticeable craft or trade, the contractor shall employ apprentices in at least the ratio set forth in this section and may apply to any apprenticeship program in the craft or trade that can provide apprentices to the site of the public work for a certificate approving the contractor under the apprenticeship standards for the employment and training of

apprentices in the area or industry affected. However, the decision of the apprenticeship program to approve or deny a certificate shall be subject to review by the Administrator of Apprenticeship. The apprenticeship program or programs, upon approving the contractor, shall arrange for the dispatch of apprentices to the contractor. A contractor covered by an apprenticeship program's standards shall not be required to submit any additional application in order to include additional public works contracts under that program. "Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with rules and regulations prescribed by the California Apprenticeship Council. As used in this section, "contractor" includes any subcontractor under a contractor who performs any public works not excluded by subdivision (o).

(e) Before commencing work on a contract for public works, every contractor shall submit contract award information to an applicable apprenticeship program that can supply apprentices to the site of the public work. The information submitted shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices proposed to be employed, and the approximate dates the apprentices would be employed. A copy of this information shall also be submitted to the awarding body, if requested by the awarding body. Within 60 days after concluding work on the contract, each contractor and subcontractor shall submit to the awarding body, if requested, and to the apprenticeship program a verified statement of the journeyman and apprentice hours performed on the contract. The information under this subdivision shall be public. The apprenticeship programs shall retain this information for 12 months.

(f) The apprenticeship program supplying apprentices to the area of the site of the public work shall ensure equal employment and affirmative action in apprenticeship for women and minorities.

(g) The ratio of work performed by apprentices to journeymen employed in a particular craft or trade on the public work may be no higher than the ratio stipulated in the apprenticeship standards under which the apprenticeship program operates if the contractor agrees to be bound by those standards. However, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of journeyman work.

(h) This ratio of apprentice work to journeyman work shall apply during any day or portion of a day when any journeyman is employed at the jobsite and shall be computed on the basis of the hours worked during the day by journeymen so employed. Any work performed by a journeyman in excess of eight hours per day or 40 hours per week shall not be used to calculate the ratio. The contractor shall employ apprentices for the number of hours computed as above before the end of the contract or, in the case of a subcontractor, before the end of the subcontract. However, the contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the jobsite. When an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Administrator of Apprenticeship, upon application of an apprenticeship program, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

(i) A contractor covered by this section who has agreed to be covered by an apprenticeship program's standards upon the issuance of the approval certificate, or who has been previously approved for an apprenticeship program in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the applicable apprenticeship standards, but in no event less than the 1-to-5 ratio required by subdivision (g).

(j) Upon proper showing by a contractor that he or she employs apprentices in a particular craft or trade in the state on all of his or her contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by journeymen, the Administrator of Apprenticeship may grant a certificate exempting the contractor from the 1-to-5 hourly ratio, as set forth in this section for that craft or trade.

(k) An apprenticeship program has the discretion to grant to a participating contractor or contractor association a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting the contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met:

(1) Unemployment for the previous three-month period in the area exceeds an average of 15 percent.

(2) The number of apprentices in training in the area exceeds a ratio of 1 to 5.

(3) There is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis or on a local basis.

(4) Assignment of an apprentice to any work performed under a public works contract would create a condition that would jeopardize his or her life or the life, safety, or property of fellow employees or the public at large, or the specific task to which the apprentice is to be assigned is of a nature that training cannot be provided by a journeyman.

(l) If an exemption is granted pursuant to subdivision (k) to an organization that represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors shall not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

(m) (1) A contractor to whom a contract is awarded, who, in performing any of the work under the contract, employs journeymen or apprentices in any apprenticeable craft or trade shall contribute to the California Apprenticeship Council the same amount that the director determines is the prevailing amount of apprenticeship training contributions in the area of the public works site. A contractor may take as a credit for payments to the council any amounts paid by the contractor to an approved apprenticeship program that can supply apprentices to the site of the public works project. The contractor may add the amount of the contributions in computing his or her bid for the contract.

(2) (A) At the conclusion of the 2002–03 fiscal year and each fiscal year thereafter, the California Apprenticeship Council shall distribute training contributions received by the

council under this subdivision, less the expenses of the Department of Industrial Relations for administering this subdivision, by making grants to approved apprenticeship programs for the purpose of training apprentices. The grant funds shall be distributed as follows:

- (i) If there is an approved multiemployer apprenticeship program serving the same craft or trade and geographic area for which the training contributions were made to the council, a grant to that program shall be made.
 - (ii) If there are two or more approved multiemployer apprenticeship programs serving the same craft or trade and county for which the training contributions were made to the council, the grant shall be divided among those programs based on the number of apprentices from that county registered in each program.
 - (iii) All training contributions not distributed under clauses (i) and (ii) shall be used to defray the future expenses of the Department of Industrial Relations for the administration and enforcement of apprenticeship and preapprenticeship standards and requirements under this code.
- (B) An apprenticeship program shall only be eligible to receive grant funds pursuant to this subdivision if the apprenticeship program agrees, prior to the receipt of any grant funds, to keep adequate records that document the expenditure of grant funds and to make all records available to the Department of Industrial Relations so that the Department of Industrial Relations is able to verify that grant funds were used solely for training apprentices. For purposes of this subparagraph, adequate records include, but are not limited to, invoices, receipts, and canceled checks that account for the expenditure of grant funds. This subparagraph shall not be deemed to require an apprenticeship program to provide the Department of Industrial Relations with more documentation than is necessary to verify the appropriate expenditure of grant funds made pursuant to this subdivision.
- (C) The Department of Industrial Relations shall verify that grants made pursuant to this subdivision are used solely to fund training apprentices. If an apprenticeship program is unable to demonstrate how grant funds are expended or if an apprenticeship program is found to be using grant funds for purposes other than training apprentices, then the apprenticeship program shall not be eligible to receive any future grant pursuant to this subdivision and the Department of Industrial Relations may initiate the process to rescind the registration of the apprenticeship program.
- (3) All training contributions received pursuant to this subdivision shall be deposited in the Apprenticeship Training Contribution Fund, which is hereby created in the State Treasury. Upon appropriation by the Legislature, all moneys in the Apprenticeship Training Contribution Fund shall be used for the purpose of carrying out this subdivision and to pay the expenses of the Department of Industrial Relations.
- (n) The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor.

(o) This section does not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor when the contracts of general contractors or those specialty contractors involve less than thirty thousand dollars (\$30,000).

(p) An awarding body that implements an approved labor compliance program in accordance with subdivision (b) of Section 1771.5 may, with the approval of the director, assist in the enforcement of this section under the terms and conditions prescribed by the director."

(v) Section 1813:

"The contractor or subcontractor shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit twenty-five dollars (\$25) for each worker employed in the execution of the contract by the respective contractor or subcontractor for each calendar day during which the worker is required or permitted to work more than 8 hours in any one calendar day and 40 hours in any one calendar week in violation of the provisions of this article. In awarding any contract for public work, the awarding body shall cause to be inserted in the contract a stipulation to this effect. The awarding body shall take cognizance of all violations of this article committed in the course of the execution of the contract, and shall report them to the Division of Labor Standards Enforcement."

(vi) Section 1815:

"Notwithstanding the provisions of Sections 1810 to 1814, inclusive, of this code, and notwithstanding any stipulation inserted in any contract pursuant to the requirements of said sections, work performed by employees of contractors in excess of 8 hours per day, and 40 hours during any one week, shall be permitted upon public work upon compensation for all hours worked in excess of 8 hours per day at not less than 1 1/2 times the basic rate of pay."

**REGULATORY AGREEMENT AND
DECLARATION OF RESTRICTIONS**

This Regulatory Agreement and Declaration of Restrictions (the "**Declaration**"), dated _____ for reference purposes, is by and between County of San Francisco, a political subdivision of the State of California, acting through its Department of Public Health (the "**Owner**") and the State of California ("**State**"), represented by the Department of Health Care Services, a public agency of the State of California ("**DHCS**").

RECITALS

A. DHCS oversees the Behavioral Health Continuum Infrastructure Program ("**BHCIP**"), which was established by California Assembly Bill No. 133 (Chapter 143, Statutes of 2021), and which is governed by Welfare and Institutions Code section 5960-5960.45. Under BHCIP, DHCS awards competitive grants to qualified entities to construct, acquire, and rehabilitate real estate assets to build new capacity or expand existing capacity for facilities that will operate for a minimum of thirty (30) years to provide short-term crisis stabilization, acute and subacute care, crisis residential, community-based mental health residential, substance use disorder residential, peer respite, community and outpatient behavioral health services, and other clinically enriched longer term treatment and rehabilitation options for persons with behavioral health disorders in the least restrictive and least costly settings;

B. On June 1, 2022, DHCS issued a Request for Applications ("**RFA**") for BHCIP grant awards and selected Owner's Project (as defined below) as a recipient of a BHCIP grant award. Advocates for Human Potential, Inc., a Massachusetts corporation ("**AHP**"), acting as the initial program administrator for the initial 5-year building phase of BHCIP, entered into a Program Funding Agreement (the "**Program Funding Agreement**") dated _____, with Owner for the distribution of BHCIP funds (in an amount not to exceed Thirty-Three Million Seven Hundred Thirty-Six Thousand One Hundred Five and 00/100 Dollars (\$33,736,105.00) (the "**Program Funds**") over the above-mentioned five- (5) year building phase for Owner to acquire, expand, or construct certain improvements more particularly described in the RFA ("**Owner's Project**") on that certain real property commonly known as 1001 Potrero Avenue, located in the City of San Francisco ("**City**"), County of San Francisco ("**County**"), State of California, and the improvements thereon (the "**Property**"); as more particularly described and

shown on Exhibit A, attached hereto and incorporated herein by this reference;

C. As an award recipient, in consideration for the Program Funds, and in order to comply with the policies, programs, and applicable legislation, including the RFA, the Program Funding Agreement, the Facility Access Agreement between DHCS and the Owner, and the Behavioral Health Continuum Infrastructure Program, authorized under Welfare and Institutions Code section 5960-5960.45, established by California Assembly Bill No. 133 (Chapter 143, Statutes of 2021), the Property and the owner thereof are subject to certain requirements and restrictions, including, without limitation, the obligation to ensure that the Property shall be used for outpatient services (the "Permitted Use") for the Restriction Period (defined below), subject to change or modification to another use set forth in Exhibit B with DHCS approval, which must accept and provide services to Medi-Cal beneficiaries as patients;

D. This Declaration shall be secured by a Performance Deed of Trust, the form of which is set forth in Attachment M to the Program Funding Agreement, encumbering Owner's fee interest in the Property; and the Property shall be owned, held, used, maintained, and transferred pursuant to the covenants, conditions, restrictions, and limitations as further described herein; and

E. Owner and DHCS have agreed to enter into this Declaration to memorialize some of the aforementioned requirements and restrictions in the public record that will survive the expiration of Program Funding Agreement to ensure compliance with the same;

NOW, THEREFORE, in consideration of the Program Funds paid to the Owner under the Program Funding Agreement and for other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Owner hereby enters into this Declaration and hereby covenants, agrees and declares the following:

AGREEMENT

1. **Use of Property.** Owner, for itself, and for its successors and assigns, hereby declares and covenants that for the Restriction Period, the use of the Property, or in the event only a portion thereof has been improved with the use of Program Funds, then only that portion that has been so improved shall be restricted to the Permitted Use. Any change to another use described in Exhibit B, attached hereto and incorporated herein by this reference, shall require the express prior written approval of DHCS in its sole and absolute discretion, which modification and consent may be recorded in the official records of the County.

2. **Use, Maintenance, Repair, and Improvement of the Property.** Owner agrees:

2.1 To use the Property, or that portion of the Property constructed or improved with Program Funds, continuously for the Permitted Use;

2.2 To maintain the Property in conformity with the habitability and fire codes of the City or County where the Property is located in decent, safe, and sanitary condition and repair, and to permit no waste thereof;

2.3 Not to commit or suffer to be done or exist on or about the Property any condition causing the Property to become less valuable, except in accordance with this Declaration;

2.4 Not apply for any permits or construct any buildings or improvements on the Property, other than the permits, buildings and improvements contemplated as part of this Declaration, that would detrimentally affect the Property, including without limitation, the value of the Property, the structural integrity of the Property, or the contemplated uses of the Property set forth in Exhibit B; or add to, remove, demolish or structurally alter any buildings or improvements included as part of the Property purchased or improved with Program Funds, without DHCS's consent;

2.5 To comply with all applicable laws affecting the Property including, but not limited to, the Behavioral Health Continuum Infrastructure Program, authorized under Welfare and Institutions Code section 5960-5960.45, and not to suffer or permit any violations of any such applicable law, nor of any covenant, condition or restriction affecting the Property. To the extent an amendment to the foregoing imposes requirements upon the ownership or operation of the Project more restrictive than those imposed by this Declaration, this Declaration shall be deemed automatically amended, without consent or approval of any other person, to impose such additional or more restrictive requirements; however, Owner hereby agrees to execute such amendment upon request by DHCS;

2.6 To construct and maintain the deliverables developed and produced pursuant to the Program Funding Agreement in compliance with the accessibility requirements of Sections 7405 and 11135 of the California Government Code, section 508 of the Rehabilitation Act of 1973 as amended (29 U.S.C. § 794d), regulations implementing the Rehabilitation Act of 1973 as set forth in Part 1194 of Title 36 of the Code of Federal Regulations, and the Americans with Disabilities Act of 1990 (42 U.S.C. § 12101 *et seq.*);

2.7 Not to initiate or acquiesce in any change in any zoning or other land use or legal classification which affects any of the Property without DHCS's prior written consent, which may be granted or withheld at DHCS's sole discretion;

2.8 Not to alter the use of all or any part of the Property constructed or improved with Program Funds without DHCS's prior written consent;

2.9 To maintain all licenses, certifications, or designations required to continue operating for the use specified in the Program Funding Agreement, or other use approved in writing by DHCS;

2.10 Pay to DHCS its then-current fees in connection with any consent, approval, transfer, amendment, or waiver requested by Owner, together with any expenses incurred by DHCS in connection therewith;

2.11 Submit to DHCS such periodic reports, updates, and information deemed necessary by DHCS to monitor compliance and/or perform program evaluation. Any requested data or information shall be submitted in electronic format in a manner specified by DHCS;

2.12 Pay all taxes, assessments, and other charges, liens, fines and impositions attributable to or encumbering the Property, by making payment, prior to delinquency, directly to the payee thereof. Owner shall, upon request by DHCS or its agent, promptly furnish to DHCS or its agent all notices of amounts due under this subsection and receipts evidencing such payments. Owner shall have the right to contest in good faith any claim or lien, or payment due thereunder, so long as Owner does so diligently, without prejudice to DHCS, and provided that Owner has established on Owner's books adequate reserves with respect to such contested assessment, tax, charge, lien, or claim; and

2.13 Owner shall defend (with counsel satisfactory to DHCS), indemnify and hold harmless DHCS and its respective officers, members, supervisors, directors, officials, and employees, counsel, attorneys, and agents, past, present and future of each of them (collectively, the "**Indemnified Parties**") against all loss, costs, damages, expenses, suits, judgments, actions and liabilities of whatever nature (including, without limitation, reasonable attorneys' fees, litigation and court costs, and amounts paid in settlement) directly or indirectly resulting from or arising out of or related to (a) the operation, use, occupancy, maintenance, financing or ownership of the Owner's Project, and (b) any breach of the foregoing obligations. Owner shall pay upon demand all of the reasonable fees and expenses paid or incurred by DHCS in enforcing the provisions hereof against Owner.

3 **Restrictions On Sale, Encumbrance, And Other Acts.**

3.1 Owner shall not voluntarily (which term shall not be interpreted to include a foreclosure of any security for a loan or deed-in lieu) sell, encumber (including recordation of deeds of trust), hypothecate, assign, pledge, convey, or transfer the Property, or any portion thereof, or any of its interests therein, equity interest in Owner or any general partner interest in the Owner, without obtaining DHCS's prior written consent, which shall not be unreasonably withheld by DHCS if (a) the Owner is not in default hereunder or under the Program Funding Agreement and delivers a certificate to DHCS certifying to the same; (b) the purchaser or assignee is not in default under any obligations it may have to DHCS and is not the subject of any legal or enforcement actions by DHCS; (c) evidence reasonably satisfactory to DHCS presented to establish that the purchaser or assignee has prior experience in the successful development, ownership and/or operation of a facility described in Exhibit B for individuals who qualify as members of the target population, or has a partner with said relevant experience; (d) DHCS shall have received reasonable evidence satisfactory to DHCS that the Owner's purchaser or transferee has assumed in writing the restrictions on the Property, and Owner's duties and obligations, under this Declaration and the Program Funding Agreement; (e) evidence satisfactory to DHCS that the purchaser or assignee does not have pending against it, nor does it have a history of, building or fire code violations as identified by any department of DHCS; and (f) such other conditions as the State may reasonably impose to assure compliance by the assignee or purchaser and Property with the requirements of this Declaration and Program Funding Agreement. It is expressly stipulated and agreed that, except for any such sale, transfer or disposition agreed to by DHCS in a separate writing, any sale, transfer or other disposition of the Property in violation of this Section 3 shall be null, void and shall not relieve the Owner of its obligations under this Declaration. Upon any sale or transfer which complies with this Declaration, the Owner shall be fully released from any obligations arising after said sale or transfer, but only to the extent such obligations have been assumed by the transferee of

the Property. Any transfer of the Property to any entity, whether or not affiliated with the Owner, shall be subject to the provisions of this Section 3.

3.1 If DHCS determines, in its reasonable discretion, to grant its prior written consent for a sale, transfer or conveyance of the Property, such consent may impose additional terms and conditions, as necessary, to preserve or establish the fiscal integrity of the Property or to ensure compliance with this Declaration.

3.2 If a trustee under a loan acquires title to the Property by foreclosure or deed in lieu of foreclosure, no consent of the State shall be required to such transfer under this Declaration; however, the consent of DHCS and delivery of items (a) through (f) above shall be required for any transfer of the Property subsequent to the trustee's acquisition of the Property by foreclosure or deed in lieu of foreclosure.

4 Insurance, Casualty and Condemnation.

4.1 During the Restriction Period, Owner shall obtain and maintain (i) property insurance insuring against, among other things, loss of the Property, or any portion thereof, and Owner's personal property and fixtures by fire and such other hazards and casualties; (ii) commercial liability insurance insuring against liabilities arising out of the ownership, use, occupancy, condition or maintenance of, or the operations, use and activities in, on, or about, the Property; and (iii) other such insurance required by DHCS, and in such amounts as required by DHCS, which policies shall include DHCS as an additional insured upon request by DHCS. All insurance policies and renewals thereof shall be issued by a carrier and in a form acceptable to DHCS.

4.2 In the event of any fire or other casualty to the Property or any part thereof, Owner shall immediately notify DHCS and seek direction from DHCS on how to proceed. DHCS, in its sole and absolute discretion, shall determine whether to instruct the Owner to apply the insurance proceeds to (i) the repair and restoration of the Property to a condition equal to or better than the Property was in immediately prior to such casualty. DHCS has the right but not the obligation to approve the plans and specifications for any repair and restoration, as well as the right but not the obligation to approve disbursements of insurance proceeds for repair and restoration under a construction escrow or similar arrangement.

5. **Covenants Run with the Land.** The Property is held and hereafter shall be held, conveyed, hypothecated, encumbered, leased, rented, used, and occupied subject to this Declaration. Notwithstanding section 1460, *et seq.*, of the California Civil Code, the provisions hereof shall run with the land and may be enforced either in law or in equity by any State agency. DHCS and Owner hereby declare their express intent that the covenants, reservations and restrictions contained herein shall be deemed both equitable servitudes and covenants running with the land, and shall pass to and be binding upon the Owner's successors in title to the Property; provided, however, that upon the expiration of the Restriction Period said covenants, reservations and restrictions shall expire. Owner expressly acknowledges and agrees that the Declaration is a reasonable restraint on Owner's right to own, use, maintain, and transfer the Property and any estate or interest therein and is not and shall not be construed to be an unreasonable restraint on alienation. Each and every contract, deed or other instrument hereafter

executed covering or conveying the Property, or any portion thereof, shall be held conclusively to have been executed, delivered, and accepted subject to this Declaration, regardless of whether this Declaration is set forth in such contract, deed, or other instrument.

6. **Term of Declaration.** The covenants in this Declaration shall be binding, effective, and enforceable commencing upon the recordation of this Declaration on the fee estate in land in the official records of the County, and they shall continue in full force and effect for a period of at least thirty (30) years after the date of either of the following: (i) the date of issuance of a Certificate of Occupancy, if the Owner's Project is for construction of a new facility, or (ii) the date of recordation of a Notice of Completion, in the official records of the County, if the Project is for the rehabilitation, and/or expansion of an existing facility on the Property (the "**Restriction Period**"), regardless of any sale, assignment, transfer, or conveyance (including, without limitation, by foreclosure sale) of the Property or any portion thereof to any other person or entity.

7. **Default, Remedies.** If Owner defaults in the performance or observance of any covenant, agreement, restriction or obligation of Owner set forth in this Declaration, and if such default remains uncured for a period of 30 days after notice therefore shall have been given by DHCS to the Owner, then DHCS shall declare an "**Event of Default**" to have occurred hereunder. An Event of Default under this Declaration shall entitle DHCS to any rights, remedies, or damages available at law or in equity, including, but not limited to, those that are specified in Section 7.1-7.4 below. DHCS's failure to exercise any specific right or remedy shall not be construed as a waiver of that or any other right or remedy. An Event of Default under this Declaration shall also constitute a default under the Program Funding Agreement, in the event the same has not expired by its terms.

7.1 **Specific Performance.** The use, repair, and maintenance of the Property is of a special and unique kind and character, so that a breach of any material provision of this Declaration by Owner would not have an adequate remedy at law. Therefore, DHCS's rights may be enforced by an action for specific performance and such other equitable relief as is provided by the laws of the State of California.

7.2 **Injunctive Relief.** In pursuing specific performance of the Declaration, DHCS shall be entitled to petition the court for injunctive relief to enjoin any acts or things which may be in violation of this Declaration or the Program Funding Agreement. Such injunctive relief may include a court order restraining any development of the Property that is inconsistent with the foregoing Declaration.

7.3 **Appointment of Receiver.** In addition to or in conjunction with any other remedy available at law or in equity, DHCS may apply to a court of competent jurisdiction for the appointment of a receiver to take over and operate the Property in accordance with the requirements of the Program Funding Agreement and this Declaration. The receiver shall have **Right to Cure Defaults.** Upon the occurrence and during the continuance of any Event of Default, State may, but without any obligation to do so and without notice to or demand on Owner and without releasing Owner from any obligation hereunder, take such actions to cure the event of default in such manner and to such extent as State may deem necessary to protect the

security hereof. The cost and expense of any cure hereunder (including reasonable attorneys' fees to the extent permitted by law) shall be due and payable to State upon demand plus an administration fee of ten percent (10%).

7.4 Notwithstanding the foregoing or anything to the contrary contained herein, DHCS shall be entitled to any rights, remedies, or damages available pursuant to that certain Performance Deed of Trust executed by Owner, as Trustor, therein, on or about of even date herewith, and recorded in the official records of the county in the jurisdiction where the Property is located.

8 DHCS Review and Inspection.

8.1 At any time during the term of this Declaration and upon reasonable notice, DHCS or its designee may, but is not obligated to, enter and inspect the Property, and inspect all records pertaining to the operation, repair, and maintenance of the Property. Upon request by DHCS, Owner shall notify occupants of upcoming inspections in accordance with state law.

8.2 DHCS or its designee may, but is not obligated to, request any other information that it deems necessary to confirm compliance with this Declaration. Owner shall provide such requested information within fourteen (14) calendar days of DHCS's or its designee's written request for the information.

8.3 DHCS or its designee shall not, by the fact of making or not making any entries or inspections, or by taking or failing to take any action in response thereto: (i) incur or undertake, or be deemed to incur or undertake, any obligation, duty, or liability whatsoever, whether to Owner, or to any other person or entity; (ii) be deemed as approving or disapproving any matter, action, incident, or condition related to the Property; or (iii) be deemed as approving or disapproving any matter related to the compliance of the Property with this Declaration or other applicable laws. In no event or circumstance shall DHCS's or its designee's exercise or non-exercise of its discretion under this subsection constitute, or be deemed or interpreted as constituting, any termination, limitation, alteration, or waiver by DHCS or its designee of any right, benefit, or remedies under or with respect to this Declaration.

9. **Owner Representations.** Owner represents and warrants to DHCS that: (1) Owner has sufficient interest in the Property to support the operation of the Property in accordance with this Declaration; (2) to Owner's actual knowledge and belief, there are no agreements, contracts, covenants, conditions, or exclusions to which Owner (or its predecessor in interest) is a party which would, if enforced, prohibit or restrict the use of the Property in accordance with the terms of this Declaration; (3) Owner has the full right and authority to enter into this Declaration; (4) this Declaration constitutes a valid and legally binding obligation on Owner, enforceable in accordance with its terms; and (5) Owner is duly organized and authorized to do business in the State of California.

10. **Amendment, Modification.** This Declaration shall be amended only by a written instrument executed by the parties hereto or their successors in title, and duly recorded in the

official records of the County.

11. **Severability.** Every provision of this Declaration is intended to be severable. If any provision of this Declaration is held invalid, illegal, or unenforceable by a court of competent jurisdiction, the validity, legality, and enforceability of the remaining provisions shall not be affected or impaired.

12. **Governing Law.** This Declaration shall be governed by and interpreted under the laws of the State of California and applicable federal laws.

13. **Recordation of Agreement.** This Declaration shall be recorded on the fee estate in land in the official records of the County no later than ____ [DATE]. The Declaration shall be recorded, and shall remain, as a lien against the Property.

CONSTRUCTION CONTRACT ADDENDUM

This Construction Contract Addendum is made this _____ day of _____, _____, by and between _____ ("Owner"), and _____ ("Contractor").

RECITALS

A. The Owner and Advocates for Human Potential, Inc., a Massachusetts corporation ("AHP"), acting as program administrator for the California Department of Health Care Services ("DHCS"), a public agency of the State of California, have entered into that certain Program Funding Agreement dated _____ ("Agreement"), pursuant to which Owner was allocated funds pursuant to the Behavioral Health Continuum Infrastructure Program ("Program Funds") for the purposes of developing the Project.

B. Owner and Contractor have entered into a construction agreement dated _____ under which Contractor has agreed to undertake construction work on the Project (the "Contract").

C. Owner and Contractor wish to modify and add to the terms of the Contract as set forth in this Addendum, and Contractor agrees to be bound by the following provisions in the construction of said Project, in order to provide for certain terms required by AHP as a condition of providing the Program Funds for the Project. It is a condition to AHP providing the Program Funds that the Contractor agrees to be bound by the terms hereof.

NOW, THEREFORE, Owner and Contractor hereby agree as follows:

1. OWNER'S OBLIGATIONS. Owner agrees that any obligation imposed on Contractor by this Addendum does not waive, diminish, or alter any of Owner's obligations to AHP under the Agreement, and that the obligations of Contractor to AHP contained herein are in addition to those obligations of Owner to AHP or DHCS contained in the Agreement. Owner shall be solely responsible for satisfying its obligations to Contractor under the Contract.

2. CONSENT TO ASSIGNMENT OF DEVELOPMENT RIGHTS. Contractor consents to the assignment of its Contract with Owner to AHP, upon demand by AHP, and to any subsequent assignment of the Contract by AHP at the election of AHP. Contractor agrees that if there is a breach of the Agreement or any other Event of Default (as the term may be defined in the Agreement), AHP may elect to enforce the assignment and take over the Contract. Contractor agrees to continue to perform its obligations under the Contract and this Addendum for the benefit and account of AHP in the same manner as if performed for the benefit and account of Owner in the absence of the assignment at no additional cost to AHP, as long as Contractor continues to receive the compensation called for under the Contract. Contractor agrees that AHP shall not have any obligation under the Contract until AHP notifies it in writing of AHP's election to accept the assignment.

3. ASSIGNMENT OF SUBCONTRACTS. Contractor hereby consents to the assignment to AHP of all its interest in all subcontracts and agreements now or hereafter entered into by Contractor for performance of any part of the construction work required to be performed under the Contract. The assignment will be effective upon acceptance by AHP in writing and only as to those subcontracts and agreements, which AHP designates in writing. AHP may accept said assignment at any time during the course of the construction work required to be performed under the Contract and prior to final completion of construction work required to be performed under the Contract in the event of a suspension, or termination of Contractor's rights under the Contract. Such assignment is part of the consideration to Owner for entering into the Contract with Contractor and may not be withdrawn prior to final completion of construction work required to be performed under the Contract. Contractor agrees that any subcontract entered by and between Contractor and a subcontractor in connection with the Contract or performance of the construction work required to be performed under the Contract shall expressly provide that such subcontract shall be assignable to AHP and that AHP subsequently may assign such subcontract.

4. COMMENCEMENT AND COMPLETION OF CONSTRUCTION. Contractor must begin construction of the Project by the date set for the commencement of construction in the Agreement. Contractor must diligently prosecute construction of the Project to completion and must complete construction of the Project by the completion date set forth in the Agreement. Incorporated herein are the Scope of Work, Performance Milestones and Payment Schedule from the Agreement.

5. CONSTRUCTION BONDS. Upon execution of the Contract and prior to commencement of construction, unless otherwise approved by AHP, or DHCS each in their sole discretion, Contractor must obtain a labor and material (payment) bond and a performance bond, or a dual bond which covers both payment and performance obligations, with respect to the construction of the Project in a penal sum each of not less than one hundred percent (100%) of the scheduled cost of construction. Such bonds must be issued by a company which is authorized to transact surety insurance in California and which has assets exceeding its liabilities in an amount equal to or in excess of the bond amount. The bonds must name AHP and DHCS as obligees. Owner shall provide to AHP a copy of any and all such payment and performance bonds prior to commencement of construction of the construction work required to be performed under the Contract.

6. CONTRACT WORK. Contractor warrants and represents that it is licensed or otherwise authorized to perform the construction work specified in the Contract in the State of California. All construction work must be performed by persons or entities licensed or otherwise authorized to perform the applicable construction work in the State of California. Contractor shall insert similar provisions in all subcontracts for work for the Project.

7. QUALITY OF WORK. Contractor must construct the Project in conformance with the plans **and** specifications and any modifications thereto approved by AHP. Contractor must construct the Project according to general industry standards and shall employ building materials of a quality suitable for the requirements of the Project and conforming to general industry standards. Contractor must construct the Project in full conformance with applicable local, state, and federal statutes, regulations, and building and housing codes.

The parties acknowledge that AHP and DHCS are under no duty to review the Plans and Specifications or to inspect construction of the Project. Any review or inspection undertaken by AHP or DHCS of the Project is solely for the purpose of determining whether Owner and Contractor are properly discharging their obligations, and should not be relied upon by Owner, Contractor, or any third parties as a warranty or representation by AHP or DHCS as to the quality of the design or construction of the Project.

8. ADDITIONS OR CHANGES IN WORK. AHP must be notified no later than thirty (30) days of the execution of a change order by and between Owner and Contractor, of any changes in the work required to be performed under the Contract or this Addendum, including any substantial additions, changes, or deletions to the approved Plans and Specifications, which exceeds Twenty Five Thousand Dollars (\$25,000). Contractor shall not allow subcontractors to mark-up any change order by more than fifteen percent (15%). Contractor shall provide AHP and Owner with an updated budget and schedule prior to the commencement of construction at the Project and at 50% completion of the Project showing all changes from the budget and schedule prepared prior to the issuance of the notice to proceed to Contractor.

9. SITE INSPECTIONS. Contractor shall permit and facilitate in person and remote observation and inspection of work at the job site by AHP and DHCS and their agents and by public authorities during reasonable business hours.

10. AUDITS. Contractor must make available for examination at reasonable intervals and during normal business hours to AHP and DHCS's representatives all books, accounts, reports, files, and other papers or property with respect to all matters covered by the Contract and this Addendum, and must permit these representatives to audit, examine, and make copies, excerpts, or transcripts from such records.

11. NONDISCRIMINATION. Contractor may not discriminate against any employee or applicant for employment on the basis of race, color, religion, sex, sexual preference, national origin, AIDS or AIDS-related conditions, or disability in any phase of employment during construction. Contractor agrees to post in conspicuous places available to all employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

12. PREVAILING WAGES. All workers performing construction work for the Project employed by Contractor and by any of its subcontractors must be compensated in an amount no less than the general prevailing rate of per diem wages as determined by the California Department of Industrial Relations under California Labor Code Sections 1770 *et seq.*, and implementing rules and regulations. Contractor must comply with, and must ensure that its subcontractors comply with, all reporting and recordkeeping requirements of the applicable prevailing wage statutes and regulations.

In the event of underpayment of wages by Contractor or by any subcontractor employed on the Project, AHP, in addition to other rights and remedies afforded by this Agreement, may: (1) demand that any underpaying employer comply with these requirements; (2) demand that the underpaying employer pay the difference between the prevailing wage rate and the amount actually paid to workers; (3) withhold and/or pay any Program Funds as necessary to compensate

workers the full wages required under this Agreement; and/or (4) pursue any lawful administrative or court remedy to enforce these requirements against the underpaying employer. Any underpaying employer shall comply with a demand to pay any amounts due under this section within ten calendar days of the demand.

Contractor must include the prevailing wage requirement in all subcontracts for work on this Project and must specify that AHP and DHCS are intended third party beneficiary of such provisions. Contractor must take reasonable measures to monitor and enforce the prevailing wage requirements imposed on its subcontractors, including withholding payments to those subcontractors who violate these requirements. In the event that Contractor fails to take the above measures, Contractor shall be liable for the full amount of any underpayment of wages, plus costs and attorneys' fees, as if Contractor was the actual employer.

13. INSURANCE COVERAGE. Contractor must have in full force and effect during the complete course of construction of the Project, insurance, providing coverage in the types and amounts set forth below:

13.1 Worker's compensation insurance as required by the State of California.

13.2 Comprehensive automobile and vehicle liability insurance covering claims for injuries to members of the public and/or damages to property of others arising from use of motor vehicles, including on-site and off-site operations, and owned, non-owned, or hired vehicles, with \$1,000,000 combined single limits.

13.3 Commercial general liability insurance of not less than \$1,000,000 per occurrence with an annual aggregate limit of \$5,000,000 for bodily injury and property damage liability combined. Such insurance can be provided pursuant to an umbrella policy. The commercial general liability insurance policy shall cover liabilities arising out of premises, operations, independent contractors, products, completed operations, personal and advertising injury, and liability assumed under an insured agreement. The commercial general liability insurance shall apply to each insured against whom claim is made or suit is brought subject to the Sponsor's limit of liability.

14. NON-LIABILITY OF OFFICIALS, EMPLOYEES AND AGENTS. No member, official, employee, or agent of AHP or DHCS shall be personally liable to Contractor for any obligation created under the terms of the Contract or this Addendum except in the case of actual fraud or willful misconduct by such person.

15. INDEMNITY. Notwithstanding the insurance requirements herein, Contractor hereby indemnifies, defends and holds, AHP and DHCS and their respective members, officers, officials, employees, and agents, (collectively, the "Indemnified Parties"), harmless against any losses, damages, liabilities, claims, demands, judgments, actions, court costs, and legal or other expenses (including attorneys' fees) which an Indemnified Party may incur as a consequence of Contractor's failure to perform any obligations as and when required by the Contract or this Addendum, any act or omission by Contractor or its subcontractors with respect to the Project, or any failure of any of Contractor's representations or warranties to be true and complete, except to the extent such losses are caused by the negligence or willful misconduct of the Indemnified

Party. Contractor shall pay immediately upon the Indemnified Party's demand any amounts owing under this indemnity. The duty of Contractor to indemnify includes the duty to defend the Indemnified Party in any court action, administrative action, or other proceeding brought by any third party arising from the Project. Contractor's duty to indemnify the Indemnified Party shall survive the term of the Contract.

16. HAZARDOUS MATERIALS. Neither Contractor nor any of its subcontractors may use the real property upon which the Project is to be constructed (the "Project Property") or allow the Project Property to be used for the generation, manufacture, storage, disposal, or release of Hazardous Materials. Contractor shall immediately notify AHP and Owner in writing of: (a) the discovery of any concentration or amount of Hazardous Materials on or under the Project Property requiring notice to be given to any governmental agency under Hazardous Materials Laws; (b) any knowledge by Contractor that the Project Property does not comply with any Hazardous Materials Laws; (c) the receipt by Contractor of written notice of any Hazardous Materials claims; and (d) the discovery by Contractor of any occurrence or condition on the Project Property or on any real property located within 2,000 feet of the Project Property that could cause the Project Property to be designated as a "hazardous waste property".

17. NOTICES; NOTICE OF DEFAULT TO AHP. If at any time after the execution of the Contract it shall become necessary or convenient for Contractor to serve any notice, demand, or communication upon AHP, such notice, demand or communication shall be in writing provided in accordance with the notice requirements of the Agreement. Contractor shall give AHP prior or concurrent written notice of any default or breach claimed by Contractor against Owner or any other party under the Contract. The notice shall describe the default and give AHP the option to cure said default within 30 calendar days. No termination of the Contract by Contractor shall be binding unless AHP has been given the required notice and has not cured the default within thirty (30) calendar days.

18. REMEDIES. The parties hereto agree that AHP, while not a party to the Contract, is an intended third party beneficiary of the obligations imposed on Contractor in this Addendum. In the event of any breach or violation of any agreement or obligation of Contractor under the Contract or this Addendum, AHP may proceed with any of the following remedies:

18.1 Bring an action in equitable relief seeking the specific performance by Contractor of the terms and conditions of the Contract or this Addendum, and/or enjoining, abating, or preventing any violation of said terms and conditions;

18.2 Order immediate stoppage of construction and demand that any condition leading to the default be corrected before construction may continue;

18.3 Enter the Project Property and take any actions necessary in its judgment to complete construction of the Project as permitted under the assignment of development rights;

18.4 Suspend disbursement of Program Funds for the Project until the breach or violation is corrected, or, if Owner had any concurrent obligation to perform on or ensure performance on the breached obligation, cancel the Program Funds commitment made to Owner and terminate AHP's obligation to disburse Program Funds to Owner;

18.5 Terminate the Contract; or

18.6 Pursue any other remedy allowed at law or in equity.

19. GOVERNING LAW. This Addendum shall be interpreted under and be governed by the laws of the State of California, except for those provisions relating to choice of law and those provisions preempted by federal law.

20. DEFINITIONS. Capitalized terms not defined in this Addendum shall have the same meaning as defined in the Agreement.

21. ATTORNEYS' FEES AND COSTS. In the event any legal action is commenced to interpret or to enforce the terms of this Addendum, the prevailing party in any such action shall be entitled to recover all reasonable attorneys' fees and costs incurred in such action.

22. TIME. Time is of the essence in the performance of this Addendum by Contractor.

23. CONSENTS AND APPROVALS. Any consent or approval required under this Addendum shall not be unreasonably withheld, delayed, or conditioned.

24. BINDING UPON SUCCESSORS. All provisions of this Addendum shall be binding upon and inure to the benefit of the heirs, administrators, executors, successors-in-interest, transferees, and assigns of each of the parties; provided, however, that this section does not waive the prohibition on assignment of this Addendum by Contractor without AHP's consent.

25. RELATIONSHIP OF CONTRACTOR AND AHP. Contractor understands that neither AHP nor DHCS undertakes or assumes any responsibility or duty to Contractor or to any third party. The relationship of Contractor and AHP/DHCS for this Project shall not be construed as a joint venture, equity venture, or partnership. AHP shall have no obligation to any party under the Contract but is an intended third party beneficiary of the obligations under this Addendum. Contractor shall have no authority to act as an agent of AHP or DHCS or to bind AHP or DHCS to any obligation.

26. ASSIGNMENT. Contractor may not assign any of its interests under the Contract or the Addendum to any other party, except with the prior written consent of AHP. Any unauthorized assignment shall be void.

27. AMENDMENTS AND MODIFICATIONS. Any amendments or modifications to this **Addendum** must be in writing and shall be made only if executed by Owner and Contractor and consented to in writing by AHP.

28. SEVERABILITY. Every provision of this Addendum is intended to be severable. If any provision of this Addendum is held invalid, illegal, or unenforceable by a court of competent jurisdiction, the validity, legality, and enforceability of the remaining provisions shall not be affected or impaired.

29. ADDENDUM CONTROLS. In the event that any provisions of this Addendum and the Contract conflict, the terms of this Addendum shall control.

[SIGNATURES ON NEXT PAGE]

IN WITNESS WHEREOF, the undersigned parties have executed this Construction Contract Addendum as of the date first written above.

PART ONE: OVERVIEW

1.1. INTRODUCTION TO THE GRANT OPPORTUNITY AND STATE PRIORITIES

The California Department of Health Care Services (DHCS) has launched the Behavioral Health Continuum Infrastructure Program (BHCIP) to address historic gaps in the state's behavioral health and long-term care continuum and meet the growing demand for services and supports across the life span. DHCS was authorized through 2021 [legislation](#) to establish BHCIP and award approximately \$2.1 billion to construct, acquire, and expand properties and invest in mobile crisis infrastructure related to behavioral health.

BHCIP is designed to address the following State Priorities:

- Invest in behavioral health and community care options that advance racial equity
- Seek geographic equity of behavioral health and community care options
- Address urgent gaps in the care continuum for people with behavioral health conditions, including seniors, adults with disabilities, and children and youth
- Increase options across the life span that serve as an alternative to incarceration, hospitalization, homelessness, and institutionalization
- Meet the needs of vulnerable populations with the greatest barriers to access, including people experiencing homelessness and justice involvement
- Ensure care can be provided in the least restrictive settings to support community integration, choice, and autonomy
- Leverage county and Medi-Cal investments to support ongoing sustainability
- Leverage the historic state investments in housing and homelessness

1.2. PURPOSE

DHCS is releasing BHCIP funds through six grant rounds targeting various gaps in the state's behavioral health facility infrastructure.

BHCIP Rounds 1, 2, and 3 were released in 2021 and early 2022:

- Round 1: Crisis Care Mobile Units, \$205M (including \$55M Substance Abuse and Mental Health Services Administration grant funding)
- Round 2: County and Tribal Planning, \$16M
- Round 3: Launch Ready, \$518.5M

The remaining BHCIP rounds will be released in 2022 and 2023:

- Round 4: Children and Youth, \$480.5M (the current round)
- Round 5: Behavioral Health Needs Assessment Phase One, \$480M
- Round 6: Behavioral Health Needs Assessment Phase Two, \$480.7M

The purpose of Round 4: Children and Youth is to address the significant gaps in behavioral health (mental health and substance use disorders) facilities for children and youth in California.

According to the 2021 statewide needs assessment, [Assessing the Continuum of Care for Behavioral Health Services in California](#), the mental health and well-being of California's children and youth (25 years and younger) are areas of concern for the state.¹ Amid rising rates of children and youth experiencing behavioral health conditions, youth emergency department visits for mental health concerns, and youth suicides, there are limited treatment options available to children with significant mental health and substance use disorders. Across the state, there are regions and counties with limited or no treatment options for children and youth. The 2021 needs assessment identifies seven of the highest priorities, two of which focus on children and youth specifically:

- More treatment options are vital for children and youth living with significant mental health and substance use disorders.
- Prevention and early intervention provided through schools and other community-based organizations are critical for children and youth, especially those who are at high risk.

The needs assessment also demonstrates that investment in infrastructure is required to support expansion of services and programs for children and youth. Stakeholders surveyed for the needs assessment repeatedly commented on the lack of both facilities to provide services and the means to renovate facilities to expand services.

BHCIP Round 4: Children and Youth will provide funding to construct, acquire, and rehabilitate real estate assets to expand the behavioral health continuum of treatment and service resources in settings that serve children and youth ages 25 and younger, including pregnant/postpartum women and their children, transition-age youth (ages 18–25), and their families. Round 4 will also fund facilities that serve Medi-Cal beneficiaries. Applications will only be accepted from projects that will use infrastructure funds to expand services in the identified eligible facilities (Section 3.3) for children, youth, and pregnant and postpartum women and their children. Awarded grant funds for Round 4 must be fully expended by 2027.

PART TWO: APPLICATION PROCESS AND SUBMISSION

2.1. TOTAL GRANT AMOUNTS

Round 4: BHCIP Children and Youth: \$480,500,000 is available to construct, acquire, and rehabilitate real estate assets to expand the behavioral health continuum of treatment and service resources in settings that serve Californians ages 25 and younger, including pregnant/postpartum women and their children, transition-age youth, and their families. The Round 4: BHCIP Children and Youth will also fund facilities that serve Medi-Cal beneficiaries.

2.2. APPLICATION PROCESS

Applications will be accepted electronically beginning **June 1, 2022**. Applications may not be hand delivered or mailed. The application and attachments, along with instructions for submission of the online application, can be found on the [Improving California's Infrastructure website](#). No modified formats will be accepted. The deadline for applications will be **August 31, 2022**, at 5:00 p.m. PT. It is the applicant's responsibility to ensure that the submitted application is accurate. Reviewers may request additional clarifying information from the applicant.

The application is a public record that is available for public review pursuant to the California Public Records Act (CPRA, Chapter 3.5 [commencing with Section 6250] of Division 7 of Title 1 of the Government Code). After final awards have been issued, DHCS may disclose any materials provided by the applicant to any person making a request under the CPRA. Applicants are cautioned to use discretion in providing information not specifically requested, such as personal phone numbers and home addresses. If the applicant does provide such information, they will be waiving any claim of confidentiality and will have consented to the disclosure of submitted material upon request.

[Reasonable Accommodations for BHCIP](#)

For individuals with disabilities, DHCS will provide assistive services such as reading or writing assistance and conversion of the RFA, questions/answers, RFA addenda, or other Administrative Notices in Braille, large print, audiocassette, or computer disk. To request copies of written materials in an alternate format, please send an email to BHCIP@dhcs.ca.gov or call (323) 545-6202.

Regional Funding Reserve Methodology

DHCS will prioritize completed applications by geographic distribution to ensure the equitable and fair distribution of funds (see Table 2). BHCIP Round 4: Children and Youth will adopt a regional funding approach, similar to models used in other state-funded capital programs (for example, BHCIP Round 3: Launch Ready and Homekey). Counties are assigned to one of seven geographic regions, each with a specific funding amount reserved. The funding amounts for each region, along with the tribal set-aside and discretionary reserves, are listed below. Applicants within each region will compete against other applicants in that same region, thereby supporting geographic equity and funding disbursement across the state. If there are an insufficient number of competitive applications received from a region, this funding will be awarded at the DHCS's discretion. DHCS will reserve up to 20 percent of the BHCIP Round 4: Children and Youth funds to ensure funding is effectively used to address and support the needs of vulnerable populations and gaps within the care continuum, consistent with the State Priorities. For example, this discretionary set-aside may be used to fund high-scoring projects in regions that have met their funding reserve.

For BHCIP funding reserves, a ratio of available Children and Youth funding to the Behavioral Health Subaccount County allocations has been used, with 5 percent set aside for tribal entities.

2.3. PRE-APPLICATION CONSULTATIONS AND TECHNICAL ASSISTANCE

Advocates for Human Potential, Inc. (AHP), a consulting and research firm focused on improving health and human services systems, is serving as the administrative entity for BHCIP. AHP assists state and local organizations to implement and evaluate a wide range of services focusing on mental health treatment and recovery, substance use disorder treatment and prevention, workforce development, homelessness, housing, long-term services and supports, and criminal justice.

Beginning in June 2022, and as part of the RFA process, AHP will provide pre-application consultations and individual agency/county technical assistance (TA) and will offer ongoing general training and TA throughout the life of the project. The deadline to request a pre-application consultation is three weeks prior to the application due date: **August 10, 2022**. Applicants are required to submit a request for a pre-application consultation and complete a survey to determine their understanding of the RFA requirements.

In addition, applicants will be required to discuss how the proposed project meets local and/or regional gaps identified in *Assessing the Continuum of Care for Behavioral Health Services*, as well as how it addresses the State Priorities. AHP implementation specialists will work with applicants to support them in these areas by connecting them with subject matter experts in real estate, financing, and programmatic best practices serving Californians ages 25 and younger, including pregnant and postpartum women and their children, and transition-age youth, along with their families. Additional information related to pre-application consultations and TA throughout the grant period can be found [online](#).

PART THREE: PROJECT REQUIREMENTS

3.1. ELIGIBILITY REQUIREMENTS

The population of focus for Round 4: Children and Youth is children and youth ages 25 and younger, including pregnant and postpartum women and their children, and transition-age youth, along with their families. All applicants must demonstrate how their infrastructure project will expand services for this population. Applicants can provide services for any of the subpopulations in this age group and are encouraged to provide family-based clinical services and supports that are culturally and linguistically appropriate for the target population. Regional models or collaborative partnerships to construct, renovate, or expand behavioral health facilities are encouraged to apply.

Eligible applicants for Round 4: Children and Youth funds include counties, cities, tribal entities (“tribal entity” shall mean a federally recognized Indian tribe, tribal organization, or urban Indian organization, as defined in Section 1603 of Title 25 of the United States Code), nonprofit organizations, and for-profit organizations whose projects implement and expand the State Priorities. Eligible entities may apply independently or may submit applications with partners or co-applicants to encourage innovative, comprehensive local and regional approaches.

For joint applications, the co-applicant(s) must be named in the grant application and must submit a letter(s) of commitment with the application. For purposes of this RFA, upon receiving an award, the eligible applicant and any co-applicant(s) will be referred to as the “grantee,” both individually and collectively.

For-profit organizations that do not have prior behavioral health experience must apply with a partner, such as a nonprofit organization, tribal entity, city, or county, with the requirement that the partner organization has related prior experience, reflected in the successful development, ownership, or operation of a relevant project for the target population. A memorandum of understanding (MOU) or other agreement with the nonprofit organization, tribal entity, city, or county to confirm the organization’s role in the project, including that they are working on behalf of the service provider, is also required.

Applicants must describe the payor mix for how behavioral health services will be paid for and sustained once the project construction is complete. Examples of payors include private health insurance, Medi-Cal, private pay, grants, and county funds.

Applicants must also indicate the applicable behavioral health licensing, certifications, and accreditations required by the state and/or local level to operate their program. Applicants with facilities that do not require licenses or certifications, such as community wellness centers and youth prevention centers, need to indicate this in their application. Tribal entities that are exempt from state licensing and/or requirements must describe the basis for their exemption and their plan for meeting programmatic requirements. As part of the TA that will be made available, applicants may receive information and guidance about the licensure and certification process.

A commitment to provision of behavioral health services and building use restriction for a 30-year period through a deed restriction placed on the property title is required.

Projects must advance racial equity and meet the needs of individuals from diverse backgrounds. Applicants must affirm that they will not exclude certain children and youth populations, such as those who are justice involved or in foster care.

Applicants that offer Medi-Cal behavioral health services will be expected to have a contract in place with their county to ensure the provision of Medi-Cal services once the funded facility’s expansion or construction is complete. Community wellness centers and youth behavioral health prevention centers are not required to have a contract to provide Medi-Cal behavioral health services; however, they must provide services to Medi-Cal beneficiaries.

Organizational support and community engagement, including the active involvement of youth in the design of the project, is required. Insights from youth voices and the community should be included in project planning, design, implementation, and evaluation. For all applicants, organizational support and community engagement should be demonstrated by the following:

- Completion of application Form 7: Community and Youth Engagement Tracking and
- A letter of support by any of the following: county board of supervisors, county behavioral health director, county executive, city council, tribal council resolution, community stakeholders, and/or other community-based organizations as applicable.

City, nonprofit, or for-profit applicants must include a letter of support from their county behavioral health agency or, if a tribal entity, the tribal board at the time of application. The letter must indicate

that grantees that operate Medi-Cal behavioral health services will have in place a contract with their county to ensure the provision of Medi-Cal services once the financed facility's expansion or construction is complete.

School-linked health centers must submit a letter of support from the school district or county office of education and a demonstrated history of providing behavioral health services for students.

If applicable, a letter of support from the applicant's CEO and/or board must be provided.

3.2. PROJECT PHASES AND ALLOWABLE COSTS

For Round 4: Children and Youth funding, three phases of project development leading up to the final phase of construction will be considered during the evaluation of each application. Applicants must be in one of the three phases; applicants in later phases of development will be scored higher. All projects must meet the minimum threshold of project readiness to be awarded grant funds. Applicant projects are considered to be in a given phase of development only after they have met all the requirements in the previous phase. Required documentation will be reviewed with each applicant during the pre-application consultation process and must be submitted as part of the application.

To be eligible for Round 4: Children and Youth funding, a project must demonstrate "project readiness." The **minimum threshold requirements** for "project readiness" are

- A sustainable business plan with (pro forma) projections of future objectives and strategies for achieving them,
- A conceptual site plan with a forecast of the developmental potential of the property,
- Stakeholder support as demonstrated by letters of support from internal boards of directors and professional/community partners,
- A demonstration of county and Medi-Cal investments to support ongoing sustainability of the behavioral health program,
- An identified match amount, and
- An initial budget—one for each phase and a total budget for acquisition and construction.

These phases are the pre-construction activities and are allowable costs. Applicants must submit documentation demonstrating the completion of each phase below in order to move ahead to the subsequent phase.

- Phase 1: Planning and pre-development
 - Development team established; to include attorney, architect, and/or design-build team;
 - Basis of design outlined, includes architectural and engineering narratives;
 - Property-specific Site Investigation Report and due diligence done; and
 - Budget with cost estimates based on site plan/drawings completed.

- Phase 2: Design development
 - Site control established with deed, purchase and sale agreement (PSA), option contract, letter of intent, or leasehold;
 - Site plan established with a schematic plan with architectural and engineering specifications;
 - Stakeholder support established as demonstrated by a letter from city/county/board of directors/tribal entity;
 - Able to gain building permits within 6 months of funding;
 - Able to close on land, after gaining building permits, within 6 months of funding; and
 - Able to start construction within 6 months of funding.

- Phase 3: Shovel ready
 - Ownership of real estate site;
 - Preliminary plan review completed, with comments received;
 - Construction drawings complete or near completion;
 - General contractor (builder) selected and ready for hire;
 - Ninety-five percent of construction drawings ready for submission for building permit;
 - Building permit issued; and
 - Able to start construction within no more than 60 days.

- Final Phase: Construction
 - Projects that rehabilitate an existing structure or renovate an existing facility are allowable as long as they result in an expansion of behavioral health services for the target population. Furniture and equipment are not allowable costs.

Full funding of a proposed development project will be contingent upon completion of all three phases of development planning. The planning and pre-development phase must be completed in 90 days.

Grantees must submit construction documents for building permit review within 6 months of grant award.

BHCIP funding cannot be used for the purchase of an existing behavioral health facility.

3.3. ELIGIBLE FACILITIES

Facility expansion can include building or renovating a separate wing or center that serves the target population. Regional models and collaborative partnerships are strongly encouraged to apply.

The following facility types (Table 3) may be considered for project funding **only** if they are expanding behavioral health services for the population(s) indicated.

Table 3: Eligible Facilities

Type of Facility	Serving Children (birth–18 years)	Serving Transition-Age Youth (TAY; 18–25)	Serving perinatal (pregnant and postpartum women and their children)
Outpatient Services (includes a variety of settings delivering clinical support services, but not overnight residential services)			
Community Mental Health Clinic (outpatient)	X	X	X
Community Wellness/Prevention Centers	X	X	
Crisis Stabilization Unit (CSU)	X	X	
Outpatient Treatment for Substance Use Disorder (SUD)	X	X	X
Partial Hospitalization Program	X	X	
School-Linked Health Centers	X	X	
Residential Clinical Programs (includes a variety of settings focused primarily on delivering clinical services; also provide shelter and support, from overnight to many days, weeks, and months)			
Adolescent Residential Treatment Facilities for Youth with SUD	X	X	
Children’s Crisis Residential Programs (CCRPs)	X		
Community Treatment Facility (CTF)	X	X	X
Perinatal Residential SUD Facilities	X	X	X
Psychiatric Acute Care Hospital	X	X	
Psychiatric Health Facility (PHF)	X	X	
Short-Term Residential Therapeutic Programs (STRTPs)	X		

For purposes of this funding, a community wellness/youth prevention center must focus on serving children and youth with behavioral health conditions (mental health and substance

use disorders), commit to serving Medi-Cal beneficiaries, and offer some or all of the following:

A comprehensive program of mental health services in an outpatient setting, including preventive services, screening, diagnosis, and treatment/management of behavioral health conditions

- Community support groups for people with mental health and substance use disorders, including traditional healing activities (talking circles)
- Health education and information, including family psychoeducation, focused on behavioral health
- Service navigation and enabling services such as case management/care coordination, transportation, and translation services
- Wellness classes including meditation, fitness, healthy cooking, relaxation strategies, caregiver support, cultural activities, workforce development, and community wellness events
- Youth development programming and activities
- Mentoring, peer support, and/or parenting/family management services
- Problem identification with referral to treatment if needed
- Vocational opportunities and alternative alcohol- and drug-free activities
- Behavioral health prevention coalitions and/or workgroups

A school-linked health center is a type of school-based health center (SBHC) that is located off campus and has a formal operating agreement with the partnering school. SBHCs offer a wide variety of services including primary care, behavioral health care, dental care, screening and prevention, and youth engagement activities. BHCIP will only provide funding for SBHC facilities that provide expansion of behavioral health services.

Publicly funded perinatal facilities must adhere to DHCS's Perinatal Practice

Guidelines. Facility types that are not eligible for funding:

- Correctional settings
- Schools

3.4. MATCH

Applicants will be required to provide matching funds as part of the project. Match requirements are set according to applicant type.

- Tribal entities = 5 percent match
- Counties, cities, and nonprofit providers = 10 percent match
- For-profit providers and/or private organizations = 25 percent match

The required match will be determined by the type(s) of applicants. For example, if a for-profit organization has a collaboration with a county, the project qualifies for the county match (10%), as long as supporting documentation is submitted.

Match in the form of cash and real property—such as equity in land or existing structures—to the real costs previously incurred by the project will be allowed. Cash is the strongest form of match. The State must approve the match source.

Cash match may come from

- [American Rescue Plan Act \(ARPA\)](#) funds granted to counties and cities,
- Local funding,
- Mental Health Services Act (MHSA) funds in the 3-year plan (considered “other local”),
- Foundation/philanthropic support,
- Opioid settlement funds for SUD facilities,
- Loans or investments,
- Cash on hand,
- Incentive payments from managed care plans, or
- Other.

Real property appraised value for development is acceptable as match as long as that real property is the actual project sited property and the entire Assessor’s Parcel Number (APN) of land is dedicated to the new development project. If an applicant has purchased the property outright and has clear title in hand and plans to construct or develop on it, the appraised value of the property as match to the grant request may be used. Examples include

- Unused government and tribal buildings,
- Buildings originally intended for another purpose,
- Surplus land,
- Government and tribal property, and
- Land trust.

The match may also be in the form of property ownership equity at the specific grant project site. Property equity match value is determined by a recent certified appraisal value (within 6 months of application), minus the outstanding loan amount (bank loan information documents required). The equation to calculate equity for match is:

$$\text{certified appraisal value} - \text{outstanding loan amount} = \text{equity value}$$

Sunk costs directly related to the development project, with documentation of paid invoices for professional services related to pre-development of the specific grant application, may also be approved as match on a case-by-case basis by the State.

All match amounts must be well documented and notarized and will be thoroughly reviewed by the State. Property valuations may or may not be approved by the State. Therefore, cash is the preferred form of match.

Services, Behavioral Health Subaccount funding, and State general funds will not be allowed as match. All match sources will be reviewed by the State prior to the awarding of funds.

3.5. BUDGET DEVELOPMENT

Applicants are required to submit a budget (see application attachment Form 2: Budget Template) with their Round 4: Children and Youth applications. All budgets must contain requested amounts for each phase of funding. If an applicant has a current Negotiated Indirect Cost Rate Agreement (NICRA) established with a federal cognizant agency responsible for reviewing, negotiating, and approving cost allocation plans or indirect cost proposals, then the applicant may use its current NICRA as the basis for indirect costs. Alternatively, if the applicant does not have a NICRA, the applicant may elect to use a rate of 10 percent of the modified total direct costs pursuant to 2 CFR 200.414(f).

3.6. ACCESSIBILITY AND NON-DISCRIMINATION

All developments shall adhere to the accessibility requirements set forth in California Building Code Chapters 11A and 11B and the Americans with Disabilities Act, Title II. In addition, developments shall adhere to either the Uniform Federal Accessibility Standards (UFAS), 24 CFR Part 8, or the U.S. Department of Housing and Urban Development's (HUD) modified version of the 2010 ADA Standards for Accessible Design (Alternative 2010 ADAS), HUD-2014-0042-0001, 79 FR 29671 (5/27/14) (commonly referred to as "the Alternative Standards" or "HUD Deeming Memo"). Accessible units shall, to the maximum extent feasible and subject to reasonable health and safety requirements, be distributed throughout the project and be available in a sufficient range of sizes and amenities consistent with 24 CFR Part 8.26.

Grantees shall adopt a written nondiscrimination policy requiring that no person shall, on the grounds of race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, marital status, national origin, ancestry, familial status, source of income, disability, age, medical condition, genetic information, citizenship, primary language, immigration status (except where explicitly prohibited by federal law), justice system involvement (except where explicitly required by law), or arbitrary characteristics, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any project or activity funded in whole or in part with funds made available pursuant to this RFA. Nor shall all other classes of individuals protected from discrimination under federal or state fair housing laws, individuals perceived to be a member of any of the preceding classes, or any individual or person associated with any of the preceding classes be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any project or activity funded in whole or in part with funds made available pursuant to this RFA.

Grantees shall comply with the requirements of the Americans with Disabilities Act of 1990, the Fair Housing Amendments Act, the California Fair Employment and Housing Act, the Unruh Civil Rights Act, Government Code Section 11135, Section 504 of the Rehabilitation Act of 1973, and all regulations promulgated pursuant to those statutes, including 24 CFR Part 100, 24 CFR Part 8, and 28 CFR Part 35.

3.7. STATE AND FEDERAL PREVAILING WAGE

A project funded by a BHCIP grant is a “public works” project if the applicant intends to use the BHCIP funds for the “[c]onstruction, alteration, demolition, installation, or repair” of a building or structure (Cal. Lab. Code Section 1720(a); Cal. Lab. Code Section 1750(b)(1)). Applicants using BHCIP grants to fund public works are subject to California’s prevailing wage and working hours laws (Division 2, Part 7, Chapter 1 of the California Labor Code) and the applicant’s project is subject to compliance monitoring and enforcement by the Department of Industrial Relations (Cal. Lab. Code Section 1771.4(a)(1)).

Applicants must complete Form 5: Applicant’s Certification of Prevailing Wage as a part of the application process. If DHCS selects an applicant to receive a BHCIP grant and the applicant is using the grant to fund a public works project, then the applicant shall submit a Certification of Compliance that includes an attestation from the contractor certifying that the contractor will comply with California’s prevailing wage and working hours laws (including posting job notices, as required by Labor Code Section 1771(a)(2)). The Certification of Compliance shall also state that the contractor will maintain its labor records in compliance with all applicable state laws (Cal. Lab. Code Section 1776) and shall make all labor records available to the Department of Industrial Relations and any other applicable enforcement agencies upon request (Cal. Lab. Code Section 1771.4(a)(3)). The Certification of Compliance shall be signed by the general contractor(s) and the applicant.

If DHCS selects an applicant to receive a BHCIP grant and the applicant is not using the grant to fund a public work, then the applicant shall submit a Certification of Inapplicability to DHCS explaining why the project is not a public work as defined by California Labor Code Section 1720. The Certification of Inapplicability shall be signed by the general contractor(s) and the applicant.

3.8. EXEMPTIONS

In accordance with California Welfare and Institutions Code sections 5960.3 and 18997.97(1), projects funded by a BHCIP grant are

1. Deemed to be consistent with and in conformity with any applicable local plan, standard, or requirement;
2. Deemed to be allowed as a permitted use within the zone in which the structure is located; and
3. Not subject to a conditional use permit, discretionary permit, or any other discretionary reviews or approvals.

3.9. CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) EXEMPTION

CEQA shall not apply to a project funded by BHCIP if that project meets the requirements outlined in California Welfare and Institutions Code Section 5960.3(b). Applicants shall determine if they

meet the requirements outlined in Section 5960.3(b) to qualify for the exemption from CEQA. And, in accordance with Section 5960.3(c), if an applicant determines that it qualifies for the exemption from CEQA, then the applicant shall file a Notice of Exemption with the Office of Planning and Research and the clerk of the county in which the project is located in the manner specified in subdivisions (b) and (c) of Section 21152 of the Public Resources Code, and the applicant shall provide DHCS with a copy of the filed Notice of Exemption. If the applicant determines that CEQA applies to its project, the applicant shall provide DHCS with copies of all appropriate documentation demonstrating the project's compliance with CEQA once the applicant has received project approval.

DHCS is not responsible for determining if applicants meet the CEQA exemption requirements set forth in Section 5960.3(b). Furthermore, DHCS is not responsible for filing a Section 5960.3(c) Notice of Exemption on behalf of an applicant.

3.10 LOW-RENT HOUSING PROJECT EXEMPTION

In accordance with California Welfare and Institutions Code sections 5960.35(b)(1) and 18999.98, a project funded with a BHCIP grant shall not be considered a "low-rent housing project," as defined in Section 1 of Article XXXIV of the California Constitution, if the project meets any one of the following criteria:

1. The project is privately owned housing, receiving no ad valorem property tax exemption, other than exemptions granted pursuant to subdivision (f) or (g) of Section 214 of the Revenue and Taxation Code, not fully reimbursed to all taxing entities, and not more than 49 percent of the dwellings, apartments, or other living accommodations of the project may be occupied by persons of low income;
2. The project is privately owned housing, is not exempt from ad valorem taxation by reason of any public ownership, and is not financed with direct long-term financing from a public body;
3. The project is intended for owner-occupancy, which may include a limited-equity housing cooperative as defined in Section 50076.5 of the Health and Safety Code, or cooperative or condominium ownership, rather than for rental-occupancy;
4. The project consists of newly constructed, privately owned, one-to-four-family dwellings not located on adjoining sites;
5. The project consists of existing dwelling units leased by the state public body from the private owner of these dwelling units;
6. The project consists of the rehabilitation, reconstruction, improvement or addition to, or replacement of, dwelling units of a previously existing low-rent housing project, or a project previously or currently occupied by lower-income households, as defined in Section 50079.5 of the Health and Safety Code; or
7. The project consists of the acquisition, rehabilitation, reconstruction, improvement, or any combination thereof, of a project which, prior to the date of the transaction to acquire, rehabilitate, reconstruct, improve, or any combination thereof, was subject to a contract for federal or state public body assistance for the purpose of providing affordable housing for low-income households and maintains, or enters into, a contract for federal or state public body assistance for the purpose of providing affordable housing

for low-income households.

If a project funded with a BHCIP grant is a “low-income housing project” as defined by Section 1 of Article XXXIV of the California Constitution but does not meet any of the criteria listed above, then the applicant shall comply with the requirements set forth in that section of the California Constitution.

PART FOUR: AWARD SCORING AND PROCESS

4.1. APPLICATION SCORING CRITERIA

BHCIP is a competitive application process and DHCS will only fund projects from applicants that are in good standing with all local, county, state, and federal laws and requirements. Funding decisions will be based on a variety of factors, including the phase of development at the time of application, the extent to which the project expands behavioral health services for the target population exclusively, and the degree to which the project addresses gaps in services for the population. Applicants who are in later phases of development (see Section 3.2) at the time of application will be scored higher.

At a minimum, applicants must provide a full and complete application and meet the following criteria to be considered for award:

- Demonstrate expansion of services for children and youth ages 25 and younger and pregnant/postpartum women and their children;
- Demonstrate match;
- Request a pre-application consultation by the deadline of August 10, 2022;
- Attest that the project will meet federal, state, and local laws;
- Demonstrate the capacity to complete project development and expend funds on time and on budget;
- Align with the State Priorities described in Section 1.1, above;
- Align with needs and gaps described in the statewide assessment, *Assessing the Continuum of Care for Behavioral Health Services in California*;
- Budget reasonable proposed costs for the facility type and scope of rehabilitation or renovations proposed;
- Demonstrate long-term sustainability for the proposed project; and
- Propose an increase in the number of persons to be served by the expansion.

4.2. AWARD PROCESS

Successful applicants will receive a conditional award email with a Standard Agreement Contract from AHP, the BHCIP administrative entity. The agreement must be signed, returned, and fully executed with AHP before initial funding will be awarded. Depending on the applications received, their project locations, allowable expenditures, amounts of funds requested, and funding available, DHCS may choose to fund only part of an application. In that case, DHCS would reach out to the

potential awardee to determine their interest in receiving a smaller amount than originally requested.

Funds awarded pursuant to the project must be used to supplement, and not supplant, other funding available from existing local, state, or federal programs or from grants with similar purposes. Funding may not be used for “reimbursement.” Only those costs that can be associated with completing the project would be eligible costs as noted in Section 3.2.

Applications that are not funded during Round 4: Children and Youth may be considered for future funding rounds, subject to the requirements and priorities of those rounds. TA will be available to help applicants explore future BHCIP funding rounds, as well as other potential sources of funds to support the proposed projects.

4.3. APPEALS

California law does not provide a protest or appeal process against award decisions made through an informal selection method. Applicants submitting a response to this RFA may not protest or appeal the award. All award decisions made by DHCS shall be final.

Part Five: Project Operations

5.1. PROJECT OVERSIGHT AND REPORTING

As specified by DHCS and upon request, grantees shall provide progress reports in connection with the approved timeline, statement of work (SOW), and budget and any updates to the timeline for completion of the project. The progress reports should include the project’s completion milestones and any updates or substantial changes. Grantees shall promptly notify DHCS of any changes in grantee organization, authorization, or capacity. This information will be outlined in the Standard Agreement.

Grantees are required to meet state financial and administrative reporting requirements and submit data through an online grantee portal. Reporting requirements will include quarterly reports and a final report. The annual report will be due no later than January 31 for the prior calendar year of January 1 to December 31. Funding will be contingent upon provision of timely submission of data and reporting.

These requirements will be fully detailed upon award.

In addition to the foregoing, each grantee shall submit to DHCS periodic reports, updates, and information as deemed necessary by DHCS to monitor compliance and/or perform project evaluation. Any requested data or information shall be submitted in electronic format in a format provided by DHCS.

Additional reporting requirements may be required by DHCS for up to 30 years after completion of project construction.

5.2. DISBURSEMENT OF GRANT FUNDS

The Standard Agreement Contract will set forth the general conditions for disbursement. Once the Standard Agreement between the grantee and AHP is fully executed, grantees can authorize work to begin on their project. Disbursement of funds will follow a standard 30-day draw period and 45-day payment cycle for work completed. The grantee will submit to the draw authority invoices for work completed over the previous 30 days. The draw authority will review the draw request, approve the invoices for work completed, and issue approval for disbursement of funds to the grantee. The grantee will then be responsible for paying invoices in a timely manner, and within 45 days of initial submission of invoices to the draw authority. Subsequent funding for construction will be released following site inspections and once draw requests for work completed and invoices have been submitted for the previous 30-day period.

AHP will closely monitor progress on construction and will track and review all schedules, change orders, and contingency expenses. Grantees will be responsible for submitting invoices, revised budgets, and schedules to AHP for approval. Grantees must ensure that expenses are allowable under the contract and will be expected to provide sufficient backup documentation. Grantees are responsible for ensuring that their project is on schedule and on budget and will be responsible for cost overruns. Additional details regarding the funding and disbursement process will be provided upon award.

Facility Access Agreement
Behavioral Health Continuum Infrastructure Program (BHCIP)
Round 4: Children and Youth

1. Statement of Intent

The purpose of this Facility Access Agreement ("Agreement") is to provide the Department of Health Care Services (DHCS) with access to a property and facility owned and operated by County of San Francisco, a political subdivision of the State of California, acting through its Department of Public Health ("Sponsor") and **which** received grant funding through the Behavioral Health Continuum Infrastructure Program (BHCIP). Sponsor further agrees to provide information and documents to DHCS as outlined in this Agreement. Sponsor agrees to provide this facility access and to provide the information outlined in this document to enable DHCS to confirm Sponsor's compliance with BHCIP grant requirements and restrictions and applicable federal regulations. Sponsor enters into this Agreement as a condition of receipt of BHCIP grant funds and will comply with this Agreement for the term specified.

2. Background

DHCS oversees the BHCIP pursuant to Welfare and Institutions Code sections 5960-5960.45. DHCS established the BHCIP Round 4 Children and Youth grants to award competitive grants to qualified entities to construct, acquire, and rehabilitate real estate assets to expand the community continuum of behavioral health treatment resources in settings that serve children and youth, ages twenty-five (25) and younger, including, pregnant and postpartum women and their children; transition-age youth, ages eighteen (18) to twenty-five (25); and their families.

DHCS awarded the Sponsor a BHCIP Round 4 Children and Youth grant to acquire, expand, or construct certain improvements (the "Sponsor's Project") on that certain real property commonly known as 1001 Potrero Avenue, located in the City of San Francisco, County of San Francisco, State of California, and the improvements thereon (the "Property"); and, to operate the specific type of behavioral health facility (the "Facility") identified in Sponsor's grant application on the Property following the completion of the Sponsor's Project.

The Trustor will from time to time make or cause to be made all repairs, replacements and renewals deemed proper and necessary by it. The Beneficiary shall have no responsibility in any of these matters or for the making of improvements or additions to the Security.

Trustor agrees to pay fully and discharge (or cause to be paid fully and discharged) all claims for labor done and for material and services furnished in connection with the Security, diligently to file or procure the filing of a valid notice of cessation upon the event of a cessation of labor on the work or construction on the Security for a continuous period of thirty (30) days or more, and to take all other reasonable steps to forestall the assertion of claims of lien against the Security of any part thereof. Trustor irrevocably appoints, designates and authorizes Beneficiary as its agent (said agency being coupled with an interest) with the authority, but without any obligation, to file or record any notices of completion or cessation of labor or any other notice that Beneficiary reasonably deems necessary or desirable to protect its interest in and to the Security or the Program Documents; provided, however, that Beneficiary shall exercise its rights as agent of Trustor only in the event that Trustor shall fail to take, or shall fail to diligently

With respect to taxes, special assessments or other similar governmental charges, Trustor shall pay such amount in full prior to the attachment of any lien therefor on any part of the Security; provided, however, if such taxes, assessments or charges may be paid in installments, Trustor may pay in such installments. Except as provided in clause (b) of the first sentence of this paragraph, the provisions of this Section shall not be construed to require that Trustor maintain a reserve account, escrow account, impound account or other similar account for the payment of future taxes, assessments, charges and levies.

In the event that Trustor shall fail to timely pay any of the foregoing items required by this Section to be paid by Trustor, Beneficiary may (but shall be under no obligation to) pay the same, after Beneficiary has notified Trustor of such failure to pay and Trustor fails to fully pay such items within seven (7) business days after receipt of such notice. All such insurance policies and coverages shall be maintained at Trustor's sole cost and expense. Certificates of insurance for all of the above insurance policies, showing the same to be in full force and effect, shall be delivered to Beneficiary upon demand therefor at any time prior to the expiration of the Program Documents.

Beneficiary is authorized and empowered (but not required) to collect and receive any such Funds and is authorized to apply them in whole or in part upon any indebtedness or obligation secured hereby, in such order and manner as Beneficiary shall determine at its sole option. Beneficiary shall be entitled to settle and adjust all claims under insurance policies provided under this Performance Deed of Trust and may deduct and retain from the proceeds of such insurance the amount of all expenses incurred by it in

connection with any such settlement or adjustment. All or any part of the amounts so collected and recovered by Beneficiary may be released to Trustor upon such conditions as Beneficiary may impose for its disposition, and Beneficiary agrees to release the Funds to Trustor to rebuild the improvements located on the Property provided Trustor demonstrates to Beneficiary that such rebuilding is economically feasible. Application of all or any part of the Funds collected and received by Beneficiary or the release thereof shall not cure or waive any default under this Performance Deed of Trust. Program Documents. Beneficiary is authorized to file a copy of any such financing statements or any other documents or instruments in any jurisdiction(s) as it shall deem appropriate from time to time in order to protect the security interest established pursuant to this instrument.

Trustor shall keep and maintain the Property in compliance with, and shall not cause or permit the Property to be in violation of any federal, state or local laws, ordinances or regulations relating to industrial hygiene or to the environmental conditions on, under or about the Property including, but not limited to, soil and ground water conditions. Trustor shall not use, generate, manufacture, store or dispose of on, under, or about the Property or transport to or from the Property any flammable explosives, radioactive materials, hazardous wastes, toxic substances or related materials, including without limitation, any substances defined as or included in the definition of "hazardous substances," "hazardous wastes," "hazardous materials," or "toxic substances" under any applicable federal or state laws or regulations (collectively referred to hereinafter as "Hazardous Materials") except such of the foregoing as may be customarily and lawfully kept and used in the rehabilitation and/or operation of the Property or as may be customarily kept and used in and about facilities such as the Property.

Trustor shall immediately advise Beneficiary in writing if at any time it receives written notice of (i) any and all enforcement, cleanup, removal or other governmental or regulatory actions instituted, completed or threatened against Trustor or the Property pursuant to any applicable federal, state or local laws, ordinances, or regulations relating to any Hazardous Materials ("Hazardous Materials Law"); (ii) all claims made or threatened by any third party against Trustor or the Property relating to damage, contribution, cost recovery compensation, loss or injury resulting from any Hazardous Materials (the matters set forth in clauses (i) and (ii) above hereinafter referred to a "Hazardous Materials Claims"); and (iii) Trustor's discovery of any occurrence or condition on any real property adjoining or in the vicinity of the Property that could cause the Property or any part thereof to be classified as "border-zone property" under the provision of California Health and Safety Code, Sections 25220 et seq., or any regulation adopted in accordance therewith, or to be otherwise subject to any restrictions on the ownership, occupancy, transferability or use of the Property under any Hazardous Materials Law.

Beneficiary shall have the right to join and participate in, as a party if it so elects, any legal proceedings or actions initiated in connection with any Hazardous Materials Claims and to have its reasonable attorneys' fees in connection therewith paid by Trustor. Trustor shall indemnify, defend, and hold harmless Beneficiary and its board members, supervisors, directors, officers, employees, agents, successors and assigns from and against any loss, damage, cost, expense or liability directly or indirectly arising out of or attributable to the use, generation, storage, release, threatened release, discharge, disposal, or presence of Hazardous Materials on, under, or about the Property including without limitation: (a) all foreseeable consequential damages; (b) the costs of any required or necessary repair, remediation, cleanup or detoxification of the Property and the preparation and implementation of any closure, remedial or other required plans; and (c) all reasonable costs and expenses incurred by Beneficiary in connection with clauses (a) and (b), including but not limited to reasonable attorneys' fees.

Without Beneficiary's prior written consent, which shall not be unreasonably withheld, Trustor shall not take any remedial action in response to the presence of any Hazardous Materials on, under or about the Property, nor enter into any settlement agreement, consent decree, or other compromise with respect to any Hazardous Material Claims, which remedial action, settlement, consent decree or compromise might, in Beneficiary's reasonable judgement, impair the value of Beneficiary's security hereunder; provided, however, that Beneficiary's prior consent shall not be necessary in the event that the presence of Hazardous Materials on, under, or about the Property either poses an immediate threat to the health, safety or welfare of any individual or is of such a nature that an immediate remedial response is necessary and it is not reasonably possible to obtain Beneficiary's consent before taking such action, provided that in such event Trustor shall notify Beneficiary as soon as practicable of any action so taken. Beneficiary agrees not to withhold its consent, where such consent is required hereunder, if either: (i) a particular remedial action is ordered by a court of competent jurisdiction; (ii) Trustor will or may be subjected to civil or criminal sanctions or penalties if it fails to take a required action; (iii) Trustor establishes to the reasonable satisfaction of Beneficiary that there is no reasonable alternative to such remedial action which would result in less impairment of Beneficiary's security hereunder; or (iv) the action has been agreed to by Beneficiary.

Trustor hereby acknowledges and agrees that: (i) this Article is intended as Beneficiary's written request for information (and Trustor's response) concerning the environmental condition of the Property as required by California Code of Civil Procedure Section 726.5; and (ii) each representation and warranty in this Performance Deed of Trust or any of the other Program Documents (together with any indemnity applicable to a breach of any such representation and warranty) with respect to the environmental condition of the property is intended by Beneficiary and Trustor to be an "environmental provision" for purposes of California Code of Civil Procedure Section 736.

In the event that any portion of the Property is determined to be "environmentally impaired" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(3)) or to be an "affected parcel" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(1)), then, without otherwise limiting or in any way affecting Beneficiary's or Trustee's rights and remedies under this Performance Deed of Trust, Beneficiary may elect to exercise its rights under California Code of Civil Procedure Section 726.5(a) to (1) waive its lien on such environmentally impaired or affected portion of the Property and (2) exercise (a) the rights and remedies of an unsecured creditor, including reduction of its claim against Trustor to judgment, and (b) any other rights and remedies permitted by law. For purposes of determining Beneficiary's right to proceed as an unsecured creditor under California Code of Civil Procedure Section 726.5(a), Trustor shall be deemed to have willfully permitted or acquiesced in a release or threatened release of hazardous materials, within the meaning of California Code of Civil Procedure Section 726.5(d)(1), if the release or threatened release of hazardous materials was knowingly or negligently caused or contributed to by any lessee, occupant, or user of any portion of the Property and Trustor knew or should have known of the activity by such lessee, occupant, or user which caused or contributed to the release or threatened release. All costs and expenses, including (but not limited to) attorneys' fees, incurred by Beneficiary in connection with any action commenced under this paragraph, including any action required by California Code of Civil Procedure Section 726.5(b) to determine the degree to which the Property is environmentally impaired, plus interest thereon at the lesser of ten percent (10%) or the maximum rate permitted by law, until paid, shall be added to the indebtedness secured by this Performance Deed of Trust and shall be due and payable to Beneficiary upon its demand made at any time following the conclusion of such action.

Trustor is aware that California Civil Code Section 2955.5(a) provides as follows: "No lender shall require a borrower, as a condition of receiving or maintaining a loan secured by real property, to provide hazard insurance coverage against risks to the improvements on that real property in an amount exceeding the replacement value of the improvements on the property.

ARTICLE 7 EVENTS OF DEFAULT AND REMEDIES

Section 7.1 Events of Default.

The following shall constitute Events of Default following the expiration of any applicable notice and cure periods: (a) failure to observe or perform any of Trustor's covenants, agreements or obligations under this Performance Deed of Trust; (b) violation of any of the

covenants, agreements or obligations under any of the other Program Documents; or (c) failure to make any payment or perform any of Trustor's other covenants, agreements, or obligations under any other debt instruments or regulatory agreement secured by the Property, which default shall not be cured within the times and in the manner provided therein.

Section 7.2 Beneficiary's Right to Enter and Take Possession.

All rights of Beneficiary under this Section are subject to the rights of any senior mortgage lender approved by Beneficiary. If an Event of Default shall have occurred and be ongoing, Beneficiary may:

(a) Either in person or by agent, with or without bringing any action or proceeding, or by a receiver appointed by a court, and without regard to the adequacy of its security, enter upon the Security and take possession thereof (or any part thereof) and of any of the Security, in its own name or in the name of Trustee, and do any acts which it deems necessary or desirable to preserve the value or marketability of the Property, or part thereof or interest therein, increase the income therefrom or protect the security thereof. The entering upon and taking possession of the Security shall not cure or waive any Event of Default or Notice of Default (as defined below) hereunder or invalidate any act done in response to such Event of Default or pursuant to such Notice of Default and, notwithstanding the continuance in possession of the Security, Beneficiary shall be entitled to exercise every right provided for in this Performance Deed of Trust, or by law upon occurrence of any Event of Default, including the right to exercise the power of sale;

(b) Commence an action to foreclose this Performance Deed of Trust as a mortgage, appoint a receiver, or specifically enforce any of the covenants hereof;

(c) Deliver to Trustee a written declaration of default and demand for sale, and a written notice of default and election to cause Trustor's interest in the Security to be sold ("Notice of Default and Election to Sell"), which notice Trustee or Beneficiary shall cause to be duly filed for record in the Official Records of the county in the jurisdiction where the Property is located; or

(d) Exercise any and all other rights and remedies provided herein, in the instruments by which Trustor acquires title to any Security, or in any other document or agreement now or hereafter evidencing, creating or securing all or any portion of the obligations secured hereby, or provided by law or equity.

(e) Notwithstanding the above, at its election, Beneficiary may exercise the remedies of specific performance or injunctive relief at any time in the event of a default under or breach of the terms of the Program Documents.

Section 7.3 Foreclosure By Power of Sale.

(a) Should Beneficiary elect to foreclose by exercise of the power of sale herein contained, Beneficiary shall give notice to Trustee (the "Notice of Sale") and shall deposit

with Trustee this Performance Deed of Trust which is secured hereby (and the deposit of which shall be deemed to constitute evidence that the performance obligations or sums due under the Program Documents are immediately required, or due and payable), and such receipts and evidence of any expenditures made that are additionally secured hereby as Trustee may require.

(b) Upon receipt of such notice from Beneficiary, Trustee shall cause to be recorded, published and delivered to Trustor such Notice of Default and Election to Sell as then required by law and by this Performance Deed of Trust. Trustee shall, without demand on Trustor, after lapse of such time as may then be required by law or equity and after recordation of such Notice of Default and Election to Sell and after Notice of Sale having been given as required by law, sell the Security, at the time and place of sale fixed by it in said Notice of Sale, whether as a whole or in separate lots or parcels or items as Trustee shall deem expedient and in such order as it may determine unless specified otherwise by Trustor according to California Civil Code Section 2924g(b), at public auction to the highest bidder, for cash in lawful money of the United States payable at the time of sale. Trustee shall deliver to such purchaser or purchasers thereof its good and sufficient deed or deeds conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed or any matters of facts shall be conclusive proof of the truthfulness thereof. Any person, including, without limitation, Trustor, Trustee or Beneficiary, may purchase at such sale, and Trustor hereby covenants to warrant and defend the title of such purchaser or purchasers.

(c) After deducting all reasonable costs, fees and expenses of Trustee, including costs of evidence of title in connection with such sale, Trustee shall apply the proceeds of sale to payment of: (1) amounts due to Beneficiary with respect to the Program Documents, including the amounts set forth in Section 6.2 above; (2) all other sums then secured hereby; and (3) the remainder, if any, to Trustor.

(d) Trustee may postpone sale of all or any portion of the Property by public announcement at such time and place of sale, and from time to time thereafter, and without further notice make such sale at the time fixed by the last postponement, or may, in its discretion, give a new Notice of Sale.

Section 7.4 Receiver.

If an Event of Default shall have occurred and be continuing, Beneficiary, as a matter of right and without further notice to Trustor or anyone claiming under the Security, and without regard to the then value of the Security or the interest of Trustor therein, shall have the right to apply to any court having jurisdiction to appoint a receiver or receivers of the Security (or a part thereof), and Trustor hereby irrevocably consents to such appointment and waives further notice of any application therefor. Any such receiver or receivers shall have all the usual powers and duties of receivers in like or similar cases, and all the powers and duties of Beneficiary in case of entry as provided herein, and shall continue as such and exercise all such powers until the date of confirmation of sale of the Security, unless such receivership is sooner terminated.

Section 7.5 Remedies Cumulative.

No right, power or remedy conferred upon or reserved to Beneficiary by this Performance Deed of Trust is intended to be exclusive of any other right, power or remedy, but each and every such right, power and remedy shall be cumulative and concurrent and shall be in addition to any other right, power and remedy given hereunder or now or hereafter existing at law or in equity.

Section 7.6 No Waiver.

(a) No delay or omission of Beneficiary to exercise any right, power or remedy accruing upon any Event of Default shall exhaust or impair any such right, power or remedy, or shall be construed to be a waiver of any such Event of Default or acquiescence therein; and every right, power and remedy given by this Performance Deed of Trust to Beneficiary may be exercised from time to time and as often as may be deemed expeditious by Beneficiary. Beneficiary's express or implied consent to a breach by Trustor, or a waiver of any obligation of Trustor hereunder shall not be deemed or construed to be a consent to any subsequent breach, or further waiver, of such obligation or of any other obligations of Trustor hereunder. Failure on the part of Beneficiary to complain of any act or failure to act or to declare an Event of Default, irrespective of how long such failure continues, shall not constitute a waiver by beneficiary of its right hereunder or impair any rights, power or remedies consequent on any Event of Default by Trustor.

(b) If Beneficiary (1) grants forbearance or an extension of time for the payment or performance of any of Trustor's obligations secured hereby; (2) takes other or additional security or the payment of any sums secured hereby; (3) waives or does not exercise any right granted in the Program Documents; (4) releases any part of the Security from the lien of this Performance Deed of Trust, or otherwise changes any of the terms, covenants, conditions or agreements in the Program Documents; (5) consents to the granting of any easement or other right affecting the Security; (6) makes or consents to any agreement subordinating the lien hereof, any such act or omission shall not release, discharge, modify, change or affect the original liability under this Performance Deed of Trust, or any other obligation of Trustor or any subsequent purchaser of the Security or any part thereof, or any maker, co-signer, endorser, surety or guarantor (unless expressly released); nor shall any such act or omission preclude Beneficiary from exercising any right, power or privilege herein granted or intended to be granted in any Event of Default then made or of any subsequent Event of Default, nor, except as otherwise expressly provided in an instrument or instruments executed by Beneficiary shall the lien of this Performance Deed of Trust be altered thereby.

Section 7.7 Suits to Protect the Security.

Beneficiary shall have power to: (a) institute and maintain such suits and proceedings as it may deem expedient to prevent any impairment of the Security and the rights of beneficiary as may be unlawful or any violation of this Performance Deed of Trust; (b) preserve or protect its interest (as described in this Performance Deed of Trust) in the Security; and (c) restrain the enforcement of or compliance with any legislation or other governmental enactment, rule or order that may be unconstitutional or otherwise invalid, if the enforcement for compliance

with such enactment, rule or order would impair the Security thereunder or be prejudicial to the interest of Beneficiary.

Section 7.8 Trustee May File Proofs of Claim.

In the case of any receivership, insolvency, bankruptcy, reorganization, arrangement, adjustment, composition or other proceedings affecting Trustor, its creditors or its property, Trustee, to the extent permitted by law, shall be entitled to file such proofs of claim and other documents as may be necessary or advisable in order to have the claims of Beneficiary allowed in such proceedings and for any additional amount which may become due and payable by Trustor hereunder after such date.

Section 7.9 Waiver.

Trustor waives presentment, demand for payment, notice of dishonor, notice of protest and nonpayment, protest, notice of interest on interest and late charges, and diligence in taking any action to collect any sums owing under the Program Documents or in proceedings against the Security, in connection with the delivery, acceptance, performance, default, endorsement or guaranty of this Performance Deed of Trust.

7. Describe State Priorities

Please describe how your project meets the priorities you have selected above (limit 500 words).

The San Francisco Intensive Youth Behavioral Health Services program to be implemented by the SFDPH Behavioral Health Services Unit will utilize BHCIP funds to renovate, remodel, and bring to code two large and currently unused spaces at Zuckerberg San Francisco General Hospital (ZSFGH), our city's public hospital facility and Level 1 Trauma Center and a part of SFDPH. The first of these spaces will be a new 12-bed psychiatric inpatient facility to serve adolescents ages 12 - 17 who are experiencing an acute mental health crisis. The second space will be an intensive behavioral health outpatient facility capable of serving up to 24 youth ages 12 - 17 at any given time and which will serve as a step-down unit for young people leaving the inpatient facility, a partial hospitalization program (PHP), and an intensive outpatient treatment (IOT) hub for youth experiencing severe mental health issues. The outpatient facility will provide an integrated matrix of services that includes individual and group mental health counseling; family counseling and support; and on and off-site socialization, recreation, and rehabilitation programs, and will maintain a symbiotic relationship with the inpatient unit, serving as a bridge to family, community, and educational re-entry while working to prevent hospitalizations for young people with severe mental health needs. The inpatient unit will provide a minimum of 450 admissions per year with an average stay of one week, some involving multiple admissions per year for the same patient. The PHP and IOT unit will be capable of serving at least 900 unduplicated young people each year through programs lasting three days, five days, and longer. The program effectively responds to several key State priorities. These include:

- Advancing racial equity by ensuring that virtually all patients served by both facilities are Medi-Cal recipients or uninsured - the majority of them youth of color - who currently have limited access to intensive outpatient programs and virtually no access to inpatient psychiatric facilities;
- Addressing urgent gaps in the behavioral health continuum by providing a long-overdue implementation of integrated adolescent-specific behavioral health facilities accessible to all San Francisco young people and families and many youth and families from surrounding Bay Area counties;
- Increasing alternatives to incarceration, hospitalization, homelessness, and institutionalization by: a) reducing the number of adolescents with behavioral health needs who are needlessly detained in juvenile justice facilities due to the lack of viable community-based treatment options; b) reducing inpatient psychiatric hospitalizations by addressing mental health needs before they require hospitalization; and c) addressing factors among youth that, if untreated or inadequately treated, can lead to incarceration, homelessness, and institutionalization later in life;
- Meeting the needs of vulnerable populations with the greatest needs for access by providing County-funded services to disadvantaged, marginalized, and low-income young people who lack access to inpatient and intensive outpatient psychiatric and behavioral health services; and
- Leveraging County and Medi-Cal investments to support ongoing sustainability by using extensive Medi-Cal reimbursements to offset and support the provision of direct services at both facilities.

8. Geographic Service Area

What is the geographic service area (including cities/counties) for the proposed project? Also include the physical address of the project site. San Francisco Intensive Youth Behavioral Health Services will be implemented at Zuckerberg San Francisco General Hospital in San Francisco, California, located at 1001 Potrero Avenue, zip code 94110. The primary service population will be adolescents and their families living in the City and County of San Francisco who are experiencing an acute mental health crisis and require hospitalization, are leaving hospitalization but require a transitional space prior to community re-entry, or young people with critical, intensive mental health and/or substance use needs who are at risk of hospitalization if left untreated. Because virtually all adolescents utilizing these programs will be Medi-Cal eligible or uninsured, the program will serve as a key lifeline to behavioral health treatment for low-income and underserved individuals and families in San Francisco. However, because of the capacity of the facility, beds at the youth inpatient psychiatric unit will also be available to Medi-Cal eligible young people who are experiencing a mental health crisis in other greater Bay Area counties, including Alameda, Contra Costa, Marin, San Mateo, Monterey, Santa Clara, and Santa Cruz Counties. Several of these counties have prepared letters of support for this application stating their strong interest in utilizing inpatient beds for young people in their county who are experiencing an urgent mental health crisis.

9. Medi-Cal Beneficiaries

Does the proposed project make a commitment to serve Medi-Cal beneficiaries?

- Yes
 No

10. For-profit Experience: If the applicant is a for-profit organization that does not have prior behavioral health experience, they must collaborate with a nonprofit organization, tribal entity, city, or county, with the requirement that the partner organization has related prior experience, reflected in the successful development, ownership, or operation of a relevant project for the target population.

- A) Memorandum of understanding (MOU) or other agreement with the nonprofit organization, tribal entity, city, or county to confirm the for-profit organization's role in the project, including that they are working on behalf of the service provider
- B) Narrative description of related prior experience, describing the successful development, ownership, or operation of a comparable size and type of project for individuals who qualify as members of the target population (see #11).
- C) Not Applicable

11. If you selected "B) Related prior experience," above, please describe that experience.

Enter N/A if not applicable. Limit 400 Words.

12. Services Payors

Describe how the behavioral health services to be delivered at this project site will be paid for and sustained once project construction is complete (limit 200 words).

While the proposed inpatient psychiatric facility and intensive outpatient unit will be located at Zuckerberg San Francisco General Hospital, which is owned by and is a part of the San Francisco Department of Public Health, the units themselves will be managed and staffed by the University of California San Francisco (UCSF) Department of Psychiatry and Behavioral Services, with which ZSFGH maintains a longstanding partnership to provide emergency and medical services. Although hired, supervised, and coordinated by UCSF, all staff required to operate the two proposed behavioral health units will be fully funded by the San Francisco Department of Public Health. At the current time, staff costs to operate the facilities are expected to amount to at least \$12,017,099 per year once both units are fully operational. A preliminary staffing budget has already been developed by UCSF and reviewed by SFDPH. Over time, this staffing cost will be offset by Medi-Cal and other insurance reimbursements, and will offset the County's ongoing expenses for the program. By the time the facilities are fully mature, Medi-Cal payments alone are expected to amount to at least 50% of the total staffing costs to operate the proposed programs.

13. Percentages of Funds by Payors

Please include percentages of funds by payor, as described in question 12. Totals should equal 100%. For other, please reference "other" as described in question 12. 50% should be entered as '50' with no percentage or decimals.

<input type="text" value="0"/>	Insurance: Private health
<input type="text" value="50"/>	Insurance: Medi-Cal
<input type="text" value="0"/>	Grant
<input type="text" value="50"/>	Funding from County
<input type="text" value="0"/>	Private Pay
<input type="text" value="0"/>	Other

Target Population/Diversity

14. Expanding Capacity: Describe how the proposed project will expand community capacity for serving children and youth ages 25 and younger, including pregnant/postpartum women and their children and transition-age youth, along with their families.

In addition, please describe the applicant's experience working with this population (limit 500 words).

The City and County of San Francisco - and the greater Bay Area as a whole - have long suffered from a lack of both acute psychiatric inpatient and intensive outpatient services to serve young people ages 12-17 who are experiencing a mental health and/or substance use crisis. Only 15 beds currently exist in San Francisco that provide acute inpatient psychiatric care specifically designed to serve youth, and the vast majority of these beds are dedicated to fully insured, non-Medi-Cal patients. For many years, young people requiring acute inpatient care in San Francisco have either been served in traditional hospitals which are unequipped to meet their psychiatric needs, or have been detained for excessive amounts of time in juvenile justice facilities that are unable to provide appropriate care and facilitate recovery. In many other cases, young people in crisis simply do not receive the services they so urgently need. Similarly, while many young behavioral health outpatient programs exist, virtually none provide a rigorous level of multi-day, intensive outpatient services that are designed to both treat behavioral health conditions and prevent future psychiatric hospitalizations through collaborations involving treatment staff, families, and schools. Those outpatient programs that do exist also do not prioritize low-income youth and families, providing services mainly to patients with private insurance. The same limitations exist across the Bay Area, and often lead to desperate efforts among counties to find placement facilities for young people experiencing a psychiatric or behavioral health emergency. The lack of adequate intensive youth behavioral health services in our region reinforces disparities based on income and ethnicity by ensuring that most services

are only provided to higher income, privately insured youth and families. These limitations also reinforce multi-generational patterns of poverty, substance use, and homelessness by depriving marginalized and underserved young people of the opportunity to receive state-of-the-art care that can successfully address and prevent future behavioral health crises. As noted above, our proposed program to create a new 12-bed psychiatric inpatient facility, along with an intensive behavioral health outpatient facility capable of serving up to 24 youth ages 12 - 17 at any given time, will address this urgent local need by providing a minimum of 450 inpatient admissions per year with an average stay of one week, along with outpatient services to at least 900 unduplicated young people each year, virtual all of whom will be Medi-Cal-eligible or uninsured. Also as noted above, because of the scale of the inpatient psychiatric unit in particular, San Francisco County will also be able to offer beds in the facility to residents of the 7 other counties in the greater Bay Area, which we expect to amount to as much as 25% of the beds in the facility at any given time.

15. Licensing and Certifications

List any behavioral health licensing, certifications, and/or accreditations required at the state and/or local level to operate the existing program. Include licensing and certification numbers and named holders as applicable.

The Infant, Child, and Adolescent Psychiatry Unit of the UCSF Department of Psychiatry and Behavioral Services maintains active Medi-Cal certifications to provide, among other services, Crisis Intervention, Mental Health Services, Case Management, and Medication Support specifically for children and adolescents. The two certification letters to provide these services are included in the attachments to this application. Meanwhile, at least 22 providers within the Infant, Child, and Adolescent Psychiatry Unit maintain active licenses to provide a variety of psychological services, as listed below:

16. Family Services: Will the proposed infrastructure project include family-based clinical or supportive services to the target population?

Please indicate whether the project will provide family-based services for each target population by writing YES or NO in the spaces provided.

YES	Children (birth–18 years)
NO	Transition-Age Youth (18–25 years)
NO	Perinatal (pregnant/postpartum women and their children)

17. Family Services: Description

Describe any of the family-based clinical or supportive services being offered. Limit 500 words.

The San Francisco Department of Public Health Behavioral Health Services, Children, Youth, and Families System of Care is a comprehensive, integrated system of behavioral health services which offers the broadest possible spectrum of youth and family services, ranging from health promotion, prevention, and early intervention, to outpatient mental health and substance use treatment, to intensive outpatient treatment, to inpatient, hospitalization, and residential services. The system relies on extensive partnerships, including integrated interfaces with systems such as the San Francisco Unified School District, the San Francisco Child Welfare Department, the San Francisco Probation Department, First 5, and the Office of Early Care and Education, and services provided through local community-based service agencies. The system embraces a model which prioritizes family-centered care throughout all facets of its work. This approach acknowledges that young people need the understanding, support, and partnership of family members to overcome stigma, address difficult personal issues, and support long-term recovery and behavior change, and includes programs such as family education, family-centered therapy, insurance and benefits support, and ongoing emergency and crisis intervention services.

The department's approach is mirrored by the UCSF Department of Psychiatry and Behavioral Services, which also incorporates family-centered programming and support at all levels of youth behavioral health programs. Among other programs, the department operates a non-intensive Child and Adolescent Services (CAS) Outpatient Clinic at ZSFGH which provides family-centered mental health and substance services to an average of 150 San Francisco children and adolescents ages 0 - 21 each year. The program includes comprehensive assessment services; individual, family, and group psychotherapy services; psychiatric medication management services; and family mental health navigation services which train and support families in learning about and navigating the mental health service system. The department also operates the Infant-Parent Program (IPP), and infant and early childhood mental health program focusing on the relationship between young children ages 0 - 5 and their adult caregivers. The program incorporates individual and group family psychotherapy services, hospital-based reproductive and pre, peri, and postnatal mental health consultation, and an innovative early childhood mental health training program for mental health professionals. This program serves up to 80 families each year.

18. Diversity, Equity and Inclusion

Describe how the project will advance racial equity & meet the needs of individuals from diverse backgrounds. Applicants must affirm they will not exclude certain populations, such as those who are justice involved or in foster care. Limit 500 words

The San Francisco Behavioral Health Children, Youth, and Families System of Care prioritizes racial equity as one of its three central priorities, embracing the critical need for behavioral health service programs that both acknowledge and address past ethnic and racial injustices while creating effective approaches for reducing disparities in regard to behavioral health treatment access and outcomes. A racial equity approach demands that systems acknowledge the extent to which underserved communities have historically lacked access to high-quality behavioral health services - in large part because of a lack of publicly funded behavioral health programs - and the degree to which this lack of access has resulted in the stigmatization and minimalization of behavioral health services within these populations. An effective racial equity approach also requires acknowledging and working to address the many social determinants of health that underlie and influence poor health outcomes, including factors such as poverty, inadequate or substandard housing, widespread institutionalized racism and discrimination, high levels of exposure to trauma and violence, extreme rates of incarceration, and a lack of culturally competent medical and behavioral health providers. A racial equity approach also necessitates a multi-faceted, intersectional methodology in which a range of public and private resources and providers, both within and outside of behavioral health specifically, are brought together to build new avenues for community engagement, collaboration, and mutual care, including through the involvement of affected communities in developing, implementing, and monitoring behavioral health programs.

The proposed San Francisco Intensive Youth Behavioral Health Services program is specifically designed to advance racial equity and to meet the needs of individuals from diverse backgrounds by providing an integrated intervention that specifically prioritizes services to low-income communities and marginalized persons of color. The program will achieve this goal by ensuring that all youth and families served by the program are Medi-Cal-eligible or uninsured, and by providing services in the unique context of a County program in which no individual can be refused service because of inability to pay. The program will incorporate outreach to public and private agencies in San Francisco that serve low-income youth and families affected by behavioral health issues, and will connect youth to the new facilities through our many in-county and inter-county networks, referral, and linkage networks. The proposed facilities will also consistently incorporate a trauma-informed approach throughout all facets of project services, including through the provision of extensive, ongoing staff training and through the incorporation of staff and professionals who, wherever possible, are reflective of the backgrounds and experiences of the populations they serve. The program will also continually solicit the input, suggestions, and feedback of young people and family members who have experienced behavioral health crises through the many consumer advisory boards and client satisfaction survey processes that exist within both the SFDPH and UCSF systems of care.

Project Development Requirements

19. Project Readiness

Has the proposed project met the minimum threshold for project readiness (as outlined in RFA Section 3.2)?

- Yes
 No

20. Development Phase

Which phase of development describes the current status of the project (see RFA Section 3.2)? Select only one.

- Phase 1: Planning and pre-development
 Phase 2: Design development
 Phase 3: Shovel ready
 Final Phase: Construction

21. Development Phase Description

Describe the phase selected above and how your project fits within this phase below. (Limit 400 words)

The San Francisco Department of Public Health and the UCSF Department of Psychiatry have long recognized the urgent need for both an inpatient youth psychiatric facility and an intensive youth behavioral health outpatient facility in San Francisco, particularly to improve access to high-quality behavioral services for low-income and marginalized youth and families. Creation of a psychiatric youth inpatient facility in fact has been the number one priority of the SF Children, Youth, and Families System of Care for nearly a decade, although it has gone unrealized because of a lack of funds to identify, remodel, and equip an adequate service space. Similarly, the County and UCSF have long recognized the need for a complementary partial hospitalization and intensive outpatient program that provides step-down services for adolescents leaving the inpatient facility while providing an effective outpatient alternative for youth with severe behavioral health needs. The identification two years ago of two large, vacant spaces within the large Zuckerberg San Francisco General Hospital complex at last provided the impetus for a joint effort between SFDPH and UCSF to begin planning the two integrated facilities. At the same time, the propitious availability of funding through Round 4 of the BHCIP offered us the long-sought opportunity to seek funding for the construction and equipping of the two facilities, while SFDPH made the commitment to support the extensive staffing that would be needed to operate the two facilities on a long-term basis.

The two unused clinical spaces to be developed for the proposed inpatient and intensive outpatient facilities resulted from the construction of a new acute care hospital on the campus of ZSFGH in 2016. This process led to the vacating of several inpatient units within the old main hospital building following occupancy of the replacement hospital. The old hospital building currently functions primarily as group of ambulatory outpatient clinics, along with a 30-bed skilled nursing facility. The existing, vacant, 8,727 square foot Unit 7A would be used for the inpatient facility while the vacant, 3,200-square foot Unit 6B would be used for the intensive outpatient facility. SFDPH staff at ZSFGH began to develop preliminary plans for the units in late 2021, and accelerated these efforts with the appearance of the Round 4 BHCIP RFP. This has brought us to the Stage 1 Planning and Pre-Development Phase which we discussed with the State consultant in July 2022, and which is described in the present application.

23. Describe Project Construction Type: Based on above selection(s) please clearly describe not only the construction type, but what services will be offered as a result of that construction.

Refer to Application Instructions for Question 23, located at the top of this page. Limit 400 words.

As noted above, requested BHCIP Round 4 funding will support an extensive interior remodeling of two floors totaling 11,927 square feet that are located within an existing hospital building on the campus of Zuckerberg San Francisco General Hospital and Trauma Center. This building currently houses outpatient services and a Skilled Nursing Facility with CDPH license number 220000063. The existing vacant Unit 7A is a 9,327 square foot space which will be used for the new 12-bed inpatient facility, while the vacant Unit 6B is a 3,200-square foot space that will be used for the 24-slot intensive outpatient facility unit. Requested BHCIP support will fund the renovation, remodeling, and bringing to code of the two integrated facilities, as detailed in the attached forms.

24. Previous Applications

Has the applicant applied for previous BHCIP Rounds 1 through 3, including the Joint RFA and any Community Care Expansion (CCE) funding?

- Round 1: Crisis Care Mobile Units (CCMU)
- Round 2: County and Tribal Planning
- Round 3: Launch Ready
- CCE: Capital Expansion
- CCE: Pre-Development
- No

25. Previous Awards: Has the applicant received an award or notice of award for any of the above funding rounds?

Enter project title, award date, & describe how funds requested for Round 4 will be used for the separate and distinct purpose of further expansion of behavioral health services for the target population (limit 400 words).

The San Francisco Department of Public Health has received funding through two prior rounds of the Behavioral Health Continuum Infrastructure Program (BHCIP) as follows:

Round 1:

Project Name: San Francisco Crisis Care Mobile Units Infrastructure Expansion Project

Notice of Conditional award: October 4, 2021

Brief Description: To utilize expanded mobile crisis intervention services to enhance the quality, scope, and impact of San Francisco Comprehensive Crisis Services.

Round 3:

Project Name: CSU Tenderloin

Notice of Conditional award: June 2022

Brief Description: To fund establishment of an adult Crisis Stabilization Unit (CSU) in the San Francisco Tenderloin neighborhood, which includes a high proportion of individuals dealing with mental health and substance use issues

26. Match Requirements: Please identify the source(s) and amounts of funds or real property contributions fulfilling the match requirement (see RFA Section 3.4). If identifying a real property contribution, please provide a certified appraisal and a bank loan document.

The match values listed here should align with the match values listed in Form 2: Budget Template.

The required 10% match for County entities for the San Francisco Intensive Youth Behavioral Health Services program will be met primarily through the appraised cash value of the ZSFCH building in which the two proposed units will operate. As noted in the attached appraisal letter, the current estimated value of the property is \$85 million, which represents approximately 248.3% of the total requested grant amount. In addition to this real property value, the San Francisco Department of Public Health will contribute \$490,000 in in-kind costs as specified in the budget form, along with at least \$12 million per year to fund required staff to operate the two facilities, an amount that will be offset to some degree by Medi-Cal reimbursements. While the latter amount is not included in our proposed match, it does further leverage the value of the requested BHCIP grant amount through an actual cash contribution.

27. Permits and Approvals

List all approvals and permits that will be required to complete the project, and describe your strategy for obtaining them (limit 500 words).

The SFDPH Office of Architecture and Capital Planning, under the leadership of Jason Zook, Executive Project Manager, will secure all needed California Department of Health Care Access and Information (HCAI) Building Permits required for renovation of the proposed facilities. The SFDPH Capital Programs Team, with the assistance of the San Francisco Department of Public Works, are experienced and well versed in designing and constructing projects under HCAI jurisdiction and in conducting permitted projects within the building proposed for this grant program.

32. Narrative Description: Refer to Application Instructions, Question 32, at the top of this page.

Provide a detailed narrative description of the proposed project's construction and design. If copying from a word document, please remove any special formatting or characters before pasting into the space below. Limit 1500 words.

In 2016, ZSFGH completed and opened a new replacement Acute Care Hospital building to meet California Seismic Requirements contained in California Senate Bill 1953. Acute Care Services were relocated from the old Main Hospital building #5 to the new Acute Care Hospital Building #25, leaving several units vacated in building 5. SFDPH intends to convert two of these vacated units in building 5 into the new proposed inpatient and intensive outpatient adolescent behavioral health service facilities.

Building 5 is an 8-level, 658,324 square foot hospital building that includes 5-6 distinct units per floor, several of which are currently vacant. The building was removed from "Acute Care" status in 2018 and is now categorized as an HCAI 1R building that continues to house acute and emergency psychiatric services, a skilled nursing facility, outpatient clinics, labs, and an outpatient pharmacy. Building 5 also has an existing rooftop exterior patio and garden dedicated to psychiatric programs, as well as multiple exterior patio gardens on each floor of the building. 7A is the unit proposed for the adolescent inpatient psychiatric facility (8,727 square feet) and it is located directly adjacent to the rooftop garden / patio. A section of 6B - will be repurposed to serve as the proposed intensive outpatient unit (3,200 square feet). SFDPH has extensive experience in remodeling and repurposing many vacant units in Building 5, including currently relocating a specialties clinic into units 4B and 4D while constructing an outpatient dialysis unit in the 3H Unit on the third floor which was the home of the old surgery suite prior to the opening of the new Acute Care Hospital. The Former Emergency Department (1E) in Building 5 is also under construction, and will house a new 22-bed adult psychiatric emergency program when completed. In addition to these projects, Building 5 is currently undergoing a Seismic Upgrade that includes increasing the size and strength of all columns and the application of (FRP) Fiberglass Reinforced Polymer to strategic locations throughout the building.

Other Unit remodels in this building have been tracking (in real numbers) at approximately \$1,800 per square foot in hard costs (construction only). This brings the total cost estimate for this project to \$34,226,105, including all soft costs, permitting and, contingencies. Once funding is in place, the design teams and project management teams will engage with the site's user groups, including staff and patient advocacy groups, to design and plan all required programming, while obtaining design development and construction documents necessary to deliver a successful project. This process will include the use of BIM modeling of the spaces and utilities to identify the existing conditions that will inform the design team and allow the facility to coordinate clash detection issues with the operational programs in spaces adjacent, above, and below.

Although we will not know the final quantities of materials and final layout until the design process is complete, we can make some assumptions based on our experience delivering projects on other floors of this building. In addition to patient rooms and a centralized nurse / physician station and group rooms, we know that the design of the inpatient facility will include a kitchen, a minimum of 6 ADA (accessible) restrooms, clean and soiled utility rooms, EVS rooms, staff work rooms, an Intermediate Distribution Frame (IDF) room to provide data for phones, computers, and security devices, and connection to the (BMS) Building Management System. Additionally, neither proposed unit currently includes a fire suppression system and these systems will need to be designed and installed as part of the project. The unit is currently connected to the building's old Autocall fire alarm system and this will be upgraded to the new EST3 fire alarm system being installed as part of all new construction projects within this building. Based on new life safety code requirements, all walls at the perimeter of this unit will also be upgraded to create a distinct smoke compartment. This includes replacement of all perimeter wall framing, installation of (FSD) Fire smoke dampers, and double layers of fire rated gypsum board from slab to slab to achieve a 2-hour separation.

No site mitigation efforts are required, as this is within an existing operational hospital building. Complete demolition of the existing walls and ceilings are required to accommodate a revised layout that will optimize the space for the new programs. The existing 20-gauge studs do not meet current code, while the mechanical, electrical, and plumbing systems will also require major modifications and/or replacement.

One challenge we face in regard to this circa 1975 post tensioned structure is the presence of post tensioned cables and reinforcing bar within the floor slabs. We are able to make some assumptions regarding the locations of these structural elements during design. Our current process, however, includes the use of Ground Penetrating Radar (GPR) to identify the precise locations of these elements after demolition is complete. GPR identifies any conflicts with the wall anchorage, plumbing, and slab penetrations, and will allow the Design and construction team to validate layouts and dimensions or make adjustments as necessary.

Asbestos and lead abatement will also be required during demolition. During abatement and construction, a negative air containment will be constructed around the construction site to provide additional layers of infection control and patient safety measures.

As this project square footage is in excess of 10,000 square feet of interior renovation, the City and County of San Francisco will require that this project meet the goals of a LEED gold level remodel. LEED Certification is reviewed and issued by the US Green Building Council, influencing how spaces and buildings are designed, built, and operated, and enabling healthy, environmentally and socially responsible environment promoting improved quality of life. To achieve LEED Certification, a project will earn points by adhering to the prerequisites and credits that address carbon, energy, water, waste, transportation, materials, health, and indoor environmental quality.

RE: BEHAVIORAL HEALTH CONTINUUM INFRASTRUCTURE PROGRAM (BHCIP)
ROUND 4: CHILDREN AND YOUTH – CONDITIONAL AWARD

Dear Ms. Farahmand:

Thank you for the submission of your BHCIP Round 4: Children and Youth application for grant funding to the Department of Health Care Services (DHCS). DHCS received a total of 149 applications requesting nearly \$1.45 billion in funding, which far exceeded the total amount of funding available for the BHCIP Round 4: Children and Youth grant. DHCS is pleased to announce that San Francisco Department of Public Health has been conditionally selected to receive \$33,736,105 in BHCIP funding for the San Francisco Intensive Youth Behavioral Health Services.

A mandatory informational webinar to discuss next steps will be held on December 14, 2022, from 10:30 to 11:30 a.m. Pacific Time. Topics will include developing the statement of work and beginning the contracting process. Please register [here](#). The project lead and all development team members are encouraged to attend. A link to the recording will be sent to all awardees after the webinar.

Please note that the information in your application will serve as the basis of the project data, scope of work, and payment schedule to be included in your contract with Advocates for Human Potential, Inc. (AHP), the BHCIP administrative entity. AHP will be in contact with you for any required follow-up or clarification.

As specified in the request for application, awardees will be responsible for any cost overruns and will not have an additional opportunity to request an increase in the project

budget. If, for any reason, you are no longer interested in receiving BHCIP Round 4: Children and Youth grant funding or would like to rescind your grant application, please contact DHCS immediately at BHCIP@dhcs.ca.gov.

DHCS is excited to embark on this endeavor with you to expand infrastructure capacity in California's continuum of behavioral health services available for children and youth ages 25 and younger, including pregnant/postpartum women and their children. We are doing lasting work that will benefit some of our state's most vulnerable individuals. If you have any questions, please contact DHCS/AHP at round4@ahpnet.com.

Memorandum

To: Honorable Members of the Board of Supervisors

From: San Francisco Department of Public Health

Date: Thursday, February 1, 2024

Re: Accept and Expend California Department of Public Health – California Behavioral Health Continuum Infrastructure Program (BHCIP) Round 4: Children and Youth - \$33,736,105

This item is retroactive due to discussions between the City Attorney's Office and the Advocates for Human Potential, Inc. (AHP) on non-standard terms within AHP's standardized grant agreement.

This Resolution seeks retroactive authorization for the Department of Public Health (DPH) to accept nonstandard terms in the California Behavioral Health Continuum Infrastructure Program (BHCIP) grant agreement from the California Department of Public Health (CDPH) through the third-party administrator, Advocates for Human Potential, Inc. (AHP).

On December 1, 2022, DPH received the award letter from CDPH. The grant funds were budgeted through the Annual Appropriations Ordinance (AAO) for fiscal year 2023-2024 which is documented in File #230664. Due to a change in procedure where the CDPH engaged a 3rd party entity (AHP) to be the administrator, the agreement template from the 3rd party entity was received on April 27, 2023, from AHP. The agreement template was forwarded to the City Attorney's office for review on May 5, 2023.

After discussions between CAT and AHP on non-standard terms in the agreement, it was decided by DPH to accept the non-standard terms and to forward the agreement to the Board of Supervisors for approval. We humbly request retroactive authorization for this item. Please contact Greg Wong, grants analyst, at greg.wong@sfdph.org for any questions about this request for retroactive authorization.

Hello Clerks,

Attached is a Resolution retroactively authorizing the Department of Public Health to enter into a Grant Agreement for a term commencing on execution of the Grant Agreement, through June 30, 2027, between the City and County of San Francisco (“City”), acting by and through its Department of Public Health (“DPH”), and Advocates for Human Potential, Inc., having anticipated revenue to the City of \$33,736,105 for construction at 1001 Potrero Avenue, Building 5, Wards 6B and 7A; including a Permitted and Restricted Use; authorizing the Grantor to apply for a Receiver in the event of the City’s default; and authorizing DPH to enter into amendments or modifications to the Grant Agreement that do not materially increase the obligations or liabilities of the City and are necessary to effectuate the purpose of the Grant.
