

Neutrality and Card Check Agreement

BCSF, INC (Company Const) ("the Employer") and the United Food and Commercial Workers Union Local 648 ("the Union") hereby agree to the following terms:

1. Neutrality and Non-Disparagement. The Employer agrees to remain neutral. Neutrality means that the Employer and its agents will not oppose union representation or hinder union organizing efforts. The Union waives the right to strike or picket the Employer during the agreement. Additionally, neither party will act or communicate in a negative, derogatory, or demeaning way, or engage in any coercive conduct or delaying tactics that might interfere with the employees' right to choose union representation.
2. Access. In accordance with applicable law and regulations, accredited Union representatives will be allowed onto the Employer's premises during working hours to speak with employees during non-working time. The Employer will cooperate with the Union in making arrangements to permit these conversations to be held in areas where the employees will be able to speak to the Union representatives without monitoring by the Employer.
3. Meeting. At the Union's request, the Employer will conduct a meeting on a mutually agreeable date(s) and time(s) with all of its employees. At the meeting, the Employer will tell the employees that it is neutral, does not object to their talking to and supporting the Union, and will negotiate a collective bargaining agreement (CBA) with the Union if a majority of the covered employees designate the Union as their collective bargaining representative. Union representatives will attend the meeting and, after the Employer has introduced them and left the meeting, talk with the employees about the Union.
4. Appropriate Bargaining Unit. All current employees employed by the Employer who are eligible to join the unit under applicable law.
5. Contact information. At the Union's request, the Employer shall furnish to the Union the names, job classifications, home addresses, home telephone numbers and home email addresses, if known, of all the Employer's current full-time and regular part-time employees, consistent with applicable law and regulations.
6. Recognition and Bargaining. When a mutually agreed upon third party confirms that a majority of the bargaining unit has authorized the Union to represent them for the purpose of collective bargaining, the Employer will recognize the Union as the exclusive representative of its employees, provided that the Union may assign jurisdiction and representation rights to any of its affiliates. The Employer and the Union will comply with all requirements necessary to obtain certification of the Union as the exclusive bargaining representative of the employees. Within 20 days from the date of recognition, the parties will begin good faith bargaining for a CBA covering the employees.
7. Arbitration. The parties agree that final and binding arbitration will be the exclusive remedy for any alleged violations of this Agreement and any dispute or claim arising from or relating to the interpretation or

application of any provision of this Agreement. Unless they promptly agree on an arbitrator, the parties will proceed to expedited arbitration using the American Arbitration Association's rules and procedures. The arbitrator is authorized to compel the attendance of witnesses and the production of documents at the arbitration hearing, and to award appropriate monetary, injunctive and declaratory relief. The parties agree not to challenge the arbitrator's decision in court.

8. Successorship, affiliated companies and subcontractors. This agreement will be binding on the parties' successors and assigns, including all purchasers of the Employer's assets or business, and in the event of a merger. This agreement is also binding on any and all marijuana industry corporations, partnerships, organizations and sole proprietorships affiliated with or related to the Employer's business activities. If the Employer intends to subcontract any work performed by bargaining unit employees, the Employer agrees to require the subcontractor, in writing, to comply with this agreement.
9. Governing Law and Severability. The parties agree that their rights under this Agreement shall be exercised in accordance with the applicable state laws. Further, the parties agree that this Agreement and any CBA they may enter into will remain binding and valid regardless of whether the National Labor Relations Board asserts jurisdiction over the Employer's operations. In addition, the parties agree that if any provision of this Agreement is held illegal, void or invalid under any applicable law, it may be changed to make it legal, valid and binding, and that the remaining provisions of this Agreement will remain binding and enforceable according to their terms and the parties' intent.
10. Term of Agreement. This Agreement is effective upon signing, and shall continue for three years from the first date the Employer receives written notice from the Union that it is invoking this Agreement's process, or the date on which the Employer recognizes the Union as the collective bargaining representative of its employees, whichever occurs sooner. The Employer shall notify the Union in writing when it has hired its first three employees. This Agreement may be extended by mutual agreement of the parties.

Subject: request for action re: cannabis ads

Dear SF Board of Supervisors,

I am a longtime resident of San Francisco's District 8 and a registered, voting member of the democratic party. I am writing to express my alarm about the massive advertisements for cannabis that contain absolutely no precautions about its health effects. Given the evidence in the scientific literature about its potentially deleterious effects, marijuana ads should, at the very least, be required to contain a health warning, and there should be some limitations about their placement as well. As a pediatrician in the City for almost 25 years, I can say unequivocally that we are facing an extremely concerning increase in THC use by teenagers over the last few years. I now regularly patients who have serious cognitive impairment or have developed amotivational syndrome, addiction, and school failure as a result of frequent THC use. Of course I understand that marijuana is not legalized for teens, but the fact is that the blatant advertising campaign and easy access throughout our city have completely normalized this drug which is not at all benign for the developing brain--which neuroscience now tells us extends into the mid-20s. I urge you to think about the public health impact on our young people, and to work toward a responsible solution to the onslaught of cannabis advertisements.

Sincerely,

Meg McNamara, MD

November 25, 2017

Ms. Angela Calvillo
Clerk of the Board of Supervisors
1 Dr. Carlton Goodlett Place, Room 244
San Francisco, California 94102-4689

RE: case 2016-002424CUA

RECEIVED
BOARD OF SUPERVISORS
SAN FRANCISCO
2017 NOV 29 PM 2:30
AK

Dear Ms. Calvillo,

We represent the property owners at 1800 , 1816, 2048, and 2050 IRVING STREET.

We definitely do not want a marijuana store in the vicinity of the above mentioned properties.

Marijuana smoke will ruin the business of the coffeeshop at 1800 Irving, will ruin the taste of the food at PDQ Restaurant at 1816 Irving, will hurt the clean environment of the Walgreens drug store at 22nd and Irving.

Please do not give them a permit to open a marijuana store at 2161-2165 Irving Street

Thank you for your consideration

Cordially yours,
Blatteis Realty Co., Inc.
Property Manager

Subject: Today 12/01/2017 Protest on Irving Street -- Irving merchants will shut down from 10am to 11am between 21th to 24th streets

12/01/2017

We are local residents in San Francisco, coming from different districts, will be supporting 2161 Irving Street, no cannabis in this specific location, no need, not necessary and no accessibility problems for cannabis users in this location. Stay away!

Irving street between 21st to 24th streets will be closed from 10am t 11am to protest this unjustified, illegal activities in 2161 Irving Street, approved by San Francisco Planning Department and San Francisco Planning Commissioners. No need for local residents! Not need for local merchants! Stay away from residents, children, youth and families who want to keep their quality life. Our community, our voice! Our children, our responsibilities!

We have enough MCD in San Francisco. We have enough cannabis stores, no more need. Stay away from local residents 24/7, within 300 feet, 600 feet and 1000 feet. Go away! We do not welcome cannabis business to invade our quality life!

Respectfully;

Irving Merchant Association

@1. Note: Cannabis is an illegal drug defined by the federal drug administration, no grow, no sell and no smoking.

Cannabis business: No loan, no bank account, no insurance will cover. No insurance covers any property owner's damage. Cannabis business operators can be arrested for illegal activities anytime. Landlords who allowed cannabis operators to sell, smoke or grow in their properties are liable for any damages related to illegal activities. Federal agents can come any time to arrest illegal cannabis activities. Per CNN news, October 2017, CA North Bay fire destroyed 34 cannabis farms, fundraising website was shut down, illegal to do fundraising to help fire victims who grew cannabis.

10/28/2017 Channel 5 evening news, reported more than 2000 cannabis farms in CA being trashed by the federal agents.

Illegal activities will continue to cause burden in our public resources and burden to our health care systems. WE ARE ALL IN THIS TOGETHER. Enough is ENOUGH! No means NO!

Subject: Please do not approve a marijuana dispensary at Irving and 22nd Avenue

As a life-long, Sunset district resident (St. Gabriel School & St. Ignatius HS) and Holy Name of Jesus Catholic Church parishioner, I am concerned that the Board might approve a marijuana dispensary for our neighborhood. Regardless of the CA state-wide or SF voting to approve sales of this drug, a dispensary would not fit well with the conservative culture of the Outer Sunset and Parkside neighborhoods.

Marijuana is a psychotropic drug that still has not been completely studied and can cause users (especially first-time) to experience disturbing effects. The newer more potent varieties are not like the more mellow *cannabis* sold years ago.

I am afraid that having the dispensary so close to our children will encourage them to experiment with unknown dosages in an unregulated way.

Sincerely,

Thomas A Stark
2335-38th Avenue
SF CA 94116

Subject: Sunset Res says YES to MCD

Please forward to all Board Members.

Dear Supervisor,

I am a resident of the Sunset, 2083 28th Ave for 25 years and a SF native, and I patronize merchants of the Irving St commercial corridor quite often. I am in support of the proposed Barbary Coast MCD at 2161-2165 Irving St, so I respectfully ask that you to deny the appeal before you on Tuesday December 5th. There is currently no MCD on the entire west side of San Francisco, and it is time for our District to do its fair share. Additionally, there are almost a hundred empty storefronts in the Sunset, which means that we do not have the luxury to deny a legal business from opening. It will bring more foot traffic and new customers to the established merchants on Irving St. Finally, we all know that the opposition to legal cannabis businesses is led by out-of-town anti-LGBT hate groups, so we shouldn't, as a City, let them pollute our municipal discourse.

Thank you,

Sandy Weil
