

SECTION 3. General Authority.

The Controller is hereby authorized and directed to set up appropriate accounts for the items of receipts and expenditures appropriated herein.

SECTION 3.1 Two-Year Budget.

For departments for which the Board of Supervisors has authorized, or the Charter requires, a fixed two-year budget, appropriations in this ordinance shall be available for allotment by the Controller on July 1st of the fiscal year in which appropriations have been approved. The Controller is authorized to adjust the two-year budget to reflect transfers and substitutions consistent with City's policies and restrictions for such transfers. The Controller is further authorized to make adjustments to the second year budgets consistent with Citywide estimates for salaries, fringe benefits, and work orders.

SECTION 4. Interim Budget Provisions.

All funds for equipment and new capital improvements shall be held in reserve until final action by the Board of Supervisors. No new equipment or capital improvements shall be authorized during the interim period other than equipment or capital improvements that, in the discretion of the Controller, is reasonably required for the continued operation of existing programs or projects previously approved by the Board of Supervisors. Authorization for the purchase of such equipment may be approved by the Board of Supervisors.

During the period of the interim annual appropriation ordinance and interim annual salary ordinance, no transfer of funds within a department shall be permitted without approval of the Controller, Mayor's Budget Director and the Chair of the Budget and Finance Committee.

When the Budget and Finance Committee or Budget and Appropriations Committee reserves selected expenditure items pending receipt of additional information from departments, upon receipt of the required information to the satisfaction of that committee, the Controller may release the previously reserved funds with no further action required by the Board of Supervisors.

If the Budget and Finance Committee or Budget and Appropriations Committee recommends a budget that increases funding that was deleted in the Mayor's Budget, the Controller shall have the authority to continue to pay these expenses until final passage of the budget by the Board of Supervisors, and approval of the budget by the Mayor.

SECTION 4.1 Interim Budget – Positions.

No new position may be filled in the interim period with the exception of those positions which in the discretion of the Controller are critical for the operation of existing programs or for projects previously approved by the Board of Supervisors or are required for emergency operations or where such positions would result in a net increase in revenues or where such positions are required to comply with law. New positions shall be defined as those positions that are enumerated in the Mayor's budget for the current fiscal year but were not enumerated in the appropriation and salary ordinances for the prior fiscal year, as amended, through June 30 of the prior fiscal year. In the event the Mayor has

approved the reclassification of a position in the department's budget for the current fiscal year, the Controller shall process a temporary or "tx" requisition at the request of the department and subject to approval of the Human Resources Director. Such action will allow for the continued employment of the incumbent in his or her former position pending action by the Board of Supervisors on the proposed reclassifications.

If the Budget and Finance Committee or Budget and Appropriations Committee of the Board of Supervisors recommends a budget that reinstates positions that were deleted in the Mayor's Budget, the Controller and the Human Resources Director shall have the authority to continue to employ and pay the salaries of the reinstated positions until final passage of the budget by the Board of Supervisors, and approval of the budget by the Mayor.

SECTION 5. Transfers of Functions and Duties.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized and directed to make the related transfer of funds, provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service.

Where a duty or performance has been transferred from one department to another or departmental reorganization is effected as provided in the Charter, in addition to any required transfer of funds, the Controller and Human Resources Director are authorized to make any personnel transfers or reassignments between the affected departments and appointing officers at a mutually convenient time, not to exceed 100 days from the effective date of the ordinance transferring the duty or function. The Controller, the Human Resources Director and Clerk of the Board of Supervisors, with assistance of the City Attorney, are hereby authorized and directed to make such changes as may be necessary to conform all applicable ordinances to reflect said reorganization, transfer of duty or performance between departments.

SECTION 5.1 Agencies Organized under One Department.

Where one or more offices or agencies are organized under a single appointing officer or department head, the component units can continue to be shown as separate agencies for budgeting and accounting purposes to facilitate reporting. However, the entity shall be considered a single department for purposes of employee assignment and seniority, position transfers, and transfers of monies among funds within the department, and reappropriation of funds.

SECTION 5.2 Continuing Funds Appropriated.

In addition to the amount provided from taxes, the Controller shall make available for expenditure the amount of actual receipts from special funds whose receipts are continuously appropriated as provided in the Municipal Codes.

SECTION 5.3 Multi-Year Revenues.

In connection with money received in one fiscal year for departmental services to be performed in a subsequent year, the Controller is authorized to establish an account for depositing revenues which are applicable to the ensuing fiscal year, said revenue shall be carried forward and become a part of the funds available for appropriation in said ensuing fiscal year.

SECTION 5.4 Contracting Funds.

All money received in connection with contracts under which a portion of the moneys received is to be paid to the contractors and the remainder of the moneys received inures to the City and County shall be deposited in the Treasury.

(a) That portion of the money received that under the terms of the contract inures to the City and County shall be deposited to the credit of the appropriate fund.

(b) That portion of the money received that under the terms of the contracts is to be paid to the contractor shall be deposited in special accounts and is hereby appropriated for said purposes.

SECTION 5.5 Real Estate Services.

Rents received from properties acquired or held in trust for specific purposes are hereby appropriated to the extent necessary for maintenance of said properties, including services of the General Services Agency.

Moneys received from lessees, tenants or operators of City-owned property for the specific purpose of real estate services relative to such leases or operating agreements are hereby appropriated to the extent necessary to provide such services.

SECTION 5.6 Collection Services.

In any contracts for the collection of unpaid bills for services rendered to clients, patients or both by the Department of Public Health in which said unpaid bills have not become delinquent pursuant to the provisions of Administrative Code Section 10.37 and 10.38, the Controller is hereby authorized to adjust the estimated revenues and expenditures of the various divisions and institutions of the Department of Public Health to record such recoveries. Any percentage of the amounts, not to exceed 25 percent, recovered from such unpaid bills by a contractor is hereby appropriated to pay the costs of said contract. The Controller is authorized and is hereby directed to establish appropriate accounts to record total collections and contract payments relating to such unpaid bills.

SECTION 5.7 Contract Amounts Based on Savings.

When the terms of a contract provide for payment amounts to be determined by a percentage of cost savings or previously unrecognized revenues, such amounts as are actually realized from either said cost savings or unrecognized revenues are hereby appropriated to the extent necessary to pay contract amounts due. The Controller is authorized and is hereby directed to establish appropriate accounts to record such transactions.

SECTION 5.8 Collection and Legal Services.

In any contracts between the City Attorney's Office and outside counsel for legal services in connection with the prosecution of actions filed on behalf of the City or for assistance in the prosecution of actions that the City Attorney files in the name of the People, where the fee to outside counsel is contingent on the recovery of a judgment or other monies by the City through such action, the Controller is hereby authorized to adjust the estimated revenues and expenditures of the City Attorney's Office to record such recoveries. A percentage of such recoveries, not to exceed 25 percent plus the amount of any out-of-pocket costs the Controller determines were actually incurred to prosecute such action, is hereby appropriated from the amount of such recoveries to pay the contingent fee due to such outside counsel under said contract and any costs incurred by the City or outside counsel in prosecuting the action. The Controller is authorized and hereby directed to establish appropriate accounts to record total collections and contingent fee and cost payments relating to such actions. The City Attorney as verified by the Controller shall report to the Board of Supervisors annually on the collections and costs incurred under this provision, including the case name, amount of judgment, the fund which the judgment was deposited, and the total cost of and funding source for the legal action.

SECTION 6. Bond Interest and Redemption.

In the event that estimated receipts from other than utility revenues, but including amounts from ad-valorem taxes, shall exceed the actual requirements for bond interest and redemption, said excess shall be transferred to a General Bond Interest and Redemption Reserve account. The Bond Interest and Redemption Reserve is hereby appropriated to meet debt service requirements including printing of bonds, cost of bond rating services and the legal opinions approving the validity of bonds authorized to be sold not otherwise provided for herein.

Issuance, legal and financial advisory service costs, including the reimbursement of departmental services in connection therewith, for debt instruments issued by the City and County, to the extent approved by the Board of Supervisors in authorizing the debt, may be paid from the proceeds of such debt and are hereby appropriated for said purposes.

SECTION 7. Allotment Controls.

Since several items of expenditures herein appropriated are based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, of such duration as the Controller may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates periodically. If such revised estimates indicate a shortage, the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for such department.

The Controller in issuing payments or in certifying contracts, purchase orders or other encumbrances pursuant to Section 3.105 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of allotment, an additional allotment for a period may be made on the recommendation of the department head and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by transfers or supplemental appropriations made in the manner provided by Section 9.105 of the Charter.

SECTION 7.1 Prior Year Encumbrances.

The Controller is hereby authorized to establish reserves for the purpose of providing funds for adjustments in connection with liquidation of encumbrances and other obligations of prior years.

SECTION 7.2 Equipment Purchases.

Funds for the purchase of items of equipment having a significant value of over \$5,000 and a useful life of three years and over shall only be purchased from appropriations specifically provided for equipment or lease-purchased equipment, including equipment from capital projects. Departments may purchase additional or replacement equipment from previous equipment or lease-purchase appropriations, or from citywide equipment and other non-salary appropriations, with approval of the Mayor's Office and the Controller.

Where appropriations are made herein for the purpose of replacing automotive and other equipment, the equipment replaced shall be surrendered to the General Services Agency and shall be withdrawn from service on or before delivery to departments of the new automotive equipment. When the replaced equipment is sold, in lieu of being traded-in, the proceeds shall be deposited to a revenue account of the related fund. Provided, however, that so much of said proceeds as may be required to affect the purchase of the new equipment is hereby appropriated for the purpose. Funds herein appropriated for automotive equipment shall not be used to buy a replacement of any automobile superior in class to the one being replaced unless it has been specifically authorized by the Board of Supervisors in the making of the original appropriation.

Appropriations of equipment from current funds shall be construed to be annual appropriations and unencumbered balances shall lapse at the close of the fiscal year.

SECTION 7.3 Enterprise Deficits.

Funds appropriated herein to meet estimated enterprise deficits shall be made available to each such enterprise only to the extent that an actual deficit shall exist and not to exceed the amount herein provided. Any amount not required for the purpose of meeting an enterprise fund deficit shall be transferred back to the General Fund at the end of each fiscal year unless otherwise appropriated by ordinance.

SECTION 8. Expenditure Estimates.

Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of the department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

SECTION 8.1 State and Federal Funds.

The Controller is authorized to increase Federal and State funds that may be claimed due to new General Fund expenditures appropriated by the Board of Supervisors. The Human Resources Director is authorized to add civil service positions required to implement the programs authorized by these funds. The Controller and the Human Resources Director shall report to the Board of Supervisors any actions taken under this authorization before the Board acts on the Annual Appropriation and Annual Salary Ordinances.

SECTION 8.2 State and Federal Funding Restorations.

If additional State or Federal funds are allocated to the City and County of San Francisco to backfill State reductions, the Controller shall backfill any funds appropriated to any program to the General Reserve.

SECTION 8.3 Process for Addressing General Fund Revenue Shortfalls

Upon receiving Controller estimates of revenue shortfalls that exceed the value of the General Reserve and any other allowances for revenue shortfalls in the adopted City budget, the Mayor shall inform the Board of Supervisors of actions to address this shortfall. The Board of Supervisors may adopt an ordinance to reflect the Mayor's proposal or alternative proposals in order to balance the budget.

SECTION 9. Interdepartmental Services.

The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 3.105 of the Charter, and to provide for the establishment of interdepartmental reserves which may be required to pay for future obligations which result from current performances. Whenever in the judgment of the Controller, the amounts which have been set aside for such purposes are no longer required or are in excess of the amount which is then currently estimated to be required, the Controller shall transfer the amount no longer required to the fund balance of the particular fund of which the reserve is a part. Provided further that no expenditure shall be made for personnel services, rent, equipment and capital outlay purposes from any interdepartmental reserve or work order fund without specific appropriation by the Board of Supervisors.

The amount detailed in departmental budgets for services of other City departments cannot be transferred to other spending categories without prior agreement from both the requesting and performing departments.

The Controller, pursuant to the provisions of Charter Section 3.105, shall review and may adjust charges or fees for services that may be authorized by the Board of Supervisors for the administration of the Technology Marketplace. Such fees are hereby appropriated for that purpose.

SECTION 10. Positions in the City Service.

Department heads shall not make appointments to any office or position until the Controller shall certify that funds are available.

Funds provided herein for salaries or wages may, with the approval of the Controller, be used to provide for temporary employment when it becomes necessary to replace the occupant of a position while on extended leave without pay, or for the temporary filling of a vacancy in a budgeted position. The Controller is authorized to approve the use of existing salary appropriations within departments to fund permanent appointments of up to six months to backfill anticipated vacancies to ensure implementation of successful succession plans and to facilitate the transfer of mission critical knowledge. The Controller shall provide a report to the Board of Supervisors every six months enumerating permanent positions created under this authority.

Appointments to seasonal or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

The Controller shall be immediately notified of a vacancy occurring in any position.

SECTION 10.1 Positions, Funds, and Transfers for Specific Purposes.

Funds for personnel services may be transferred from any legally available source on the recommendation of the department head and approval by the City Administrator, Board or Commission, for departments under their respective jurisdiction, and on authorization of the Controller with the prior approval of the Human Resources Director for:

(a) Lump sum payments to officers, employees, police officers and fire fighters other than elective officers and members of boards and commissions upon death or retirement or separation caused by industrial accident for accumulated sick leave benefits in accordance with Civil Service Commission rules.

(b) Payment of the supervisory differential adjustment, out of class pay or other negotiated premium to employees who qualify for such adjustment provided that the transfer of funds must be made from funds currently available in departmental personnel service appropriations.

(c) Payment of any legal salary or fringe benefit obligations of the City and County including amounts required to fund arbitration awards.

(d) The Controller is hereby authorized to adjust salary appropriations for positions administratively reclassified or temporarily exchanged by the Human Resources Director provided that the reclassified position and the former position are in the same functional area.

(e) Positions may be substituted or exchanged between the various salary appropriations or position classifications when approved by the Human Resources Director as long as said transfers do not increase total departmental personnel service appropriations.

(f) The Controller is hereby authorized and directed upon the request of a department head and the approval by the Mayor's Office to transfer from any legally available funds amounts needed to fund legally mandated salaries, fringe benefits and other costs of City employees. Such funds are hereby appropriated for the purpose set forth herein.

(g) The Controller is hereby authorized to transfer any legally available funds to adjust salary and fringe benefit appropriations as required under reclassifications recommended by the Human Resources Director and approved by the Board of Supervisors in implementing the Management Compensation and Classification Plan.

Amounts transferred shall not exceed the actual amount required including the cost to the City and County of mandatory fringe benefits.

(h) Pursuant to California Labor Code Section 4850.4, the Controller is authorized to make advance payments from departments' salary accounts to employees participating in CalPERS who apply for disability retirement. Repayment of these advanced disability retirement payments from CalPERS and from employees are hereby appropriated to the departments' salary account.

(i) For purposes of defining terms in Administrative Code Section 3.18, the Controller is authorized to process transfers where such transfers are required to administer the budget through the following certification process: In cases where expenditures are reduced at the level of appropriation control during the Board of Supervisors phase of the budget process, the Chair of the Budget and Finance Committee, on recommendation of the Controller, may certify that such a reduction does not reflect a deliberate policy reduction adopted by the Board. The Mayor's Budget Director may similarly provide such a certification regarding reductions during the Mayor's phase of the budget process.

SECTION 10.2 Professional Services Contracts.

Funds appropriated for professional service contracts may be transferred to the account for salaries on the recommendation of the department head for the specific purpose of using City personnel in lieu of private contractors with the approval of the Human Resources Director and the Mayor and the certification by the Controller that such transfer of funds would not increase the cost of government.

The Controller and Human Resources Director are further authorized and directed to adjust the rates of compensation to reflect current pay rates for any positions affected by the foregoing provisions.

Adjustments made pursuant to this section shall reflect only the percentage increase required to adjust appropriations to reflect revised salary and premium pay requirements above the funding level established in the adopted budget of the respective departments.

The Controller is authorized and directed to transfer from reserves or any legally available funds amounts necessary to provide costs of non-salary benefits in ratified Memoranda of Understanding or arbitration awards. The Controller's Office shall report to the Budget and Finance Committee or Budget and Appropriations Committee on the status of the Salary and Benefits Reserve, including amounts transferred to individual City departments and remaining Reserve balances, as part of the Controller's Six and Nine Month Budget Status Reports.

SECTION 10.5 MOUs to be Reflected in Department Budgets.

All amounts transferred pursuant to this section are hereby appropriated for the purpose.

SECTION 10.6 Funding Memoranda of Understanding (MOUs).

Positions in the Police Department for each of the various ranks that are filled based on the educational attainment of individual officers may be filled interchangeably at any level within the rank (e.g., Patrol Officer Q2, Q3 or Q4, Sergeant Q50, Q51, Q52). Positions specifically approved by granting agencies in said grant awards may be filled as though said positions were included in the annual budget and Annual Salary Ordinance, provided however that the tenure of such positions shall be contingent on the continued receipt of said grant funds. Individual grants may be adjusted by the Controller to reflect actual awards made if granting agencies increase or decrease the grant award amounts estimated in budget submissions.

The expenditures necessary from said funds or said accounts as created herein, in order to carry out the purpose for which said moneys or orders have been received or for which said accounts are being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys or orders have been received by the City and County of San Francisco, and in accordance with the conditions under which said funds are maintained.

The Board of Supervisors directs the Controller to maintain the Teeter Tax Losses Reserve Fund at an amount not less than 1% of the total of all taxes and assessments levied on the secured roll for that year for participating entities in the county as provided by Revenue and Taxation Code Section 4703. The Board of Supervisors authorizes the Controller to make timely property tax distributions to the Office of Community Investment and Infrastructure, the Treasure Island Development Authority, and City and County of San Francisco Infrastructure Financing Districts as approved by the Board of Supervisors through the budget, through development pass-through contracts, through tax increment allocation pledge agreements and ordinances, and as mandated by State law.

The Controller is authorized to adjust the budget to conform to assumptions in final approved property tax rates and to make debt service payments for approved general obligation bonds accordingly.

The Controller is authorized and directed to recover costs from the levy, collection and administration of property taxes.

To more accurately reflect the total net budget of the Department of Public Health, this ordinance shows net revenues received from certain State and Federal health programs. Funds necessary to participate in such programs that require transfer payments are hereby appropriated. The Controller is authorized to defer surplus transfer payments, indigent health revenues, and Realignment funding to offset future reductions or audit adjustments associated with funding allocations for health services for low income individuals.

SECTION 12.9 Hetch Hetchy Power Stabilization Fund.

Hetch Hetchy has entered into a long-term agreement to purchase a fixed amount of power. Any excess power from this contract will be sold back to the power market.

To limit Hetch Hetchy's risk from adverse market conditions in the future years of the contract, the Controller is authorized to establish a power stabilization account that reserves any excess revenues from power sales in the early years of the contract. These funds may be used to offset potential losses in the later years of the contract. The balance in this fund may be reviewed and adjusted annually.

The power purchase amount reflected in the Public Utility Commission's expenditure budget is the net amount of the cost of power purchased for Hetch Hetchy use. Power purchase appropriations may be increased by the Controller to reflect the pass through costs of power purchased for resale under long-term fixed contracts previously approved by the Board of Supervisors.

The Controller is authorized to transfer funds and appropriation authority between and within accounts related to former San Francisco Redevelopment Agency (SFRA) fund balances to serve the accounting requirements of the OCII, the Port, the Mayor's Office of Housing and the City Administrator's office and to comply with State requirements and applicable bond covenants.

The Purchaser is authorized to allow the OCII and departments to follow applicable contracting and purchasing procedures of the former SFRA and waive inconsistent provisions of the San Francisco Administrative Code when managing contracts and purchasing transactions related to programs formerly administered by the SFRA.

If during the course of the budget period, the OCII requests departments to provide additional services beyond budgeted amounts and the Controller determines that the Successor Agency has sufficient additional funds available to reimburse departments for such additional services, the departmental expenditure authority to provide such services is hereby appropriated.

When 100% of property tax increment revenues for a redevelopment project area are pledged based on an agreement that constitutes an enforceable obligation, the Controller will increase or decrease appropriations to match actual revenues realized for the project area.

The Mayor's Office of Housing and Community Development is authorized to act as the fiscal agent for the Public Initiatives Development Corporation (PIDC) and receive and disburse PIDC funds as authorized by the PIDC bylaws and the PIDC Board of Directors.

SECTION 14. Departments.

The term department as used in this ordinance shall mean department, bureau, office, utility, agency, board or commission, as the case may be. The term department head as used herein shall be the chief executive duly appointed and acting as provided in the Charter. When one or more departments are reorganized or consolidated, the former entities may be displayed as separate units, if, in the opinion of the Controller, this will facilitate accounting or reporting.

(a) The Public Utilities Commission shall be considered one entity for budget purposes and for disbursement of funds within each of the enterprises. The entity shall retain its enterprises, including Water, Hetch Hetchy, Wastewater, and the Public Utilities Commission, as separate utility fund enterprises under the jurisdiction of the Public Utilities Commission and with the authority provided by the Charter. This section shall not be construed as a merger or completion of the Hetch Hetchy Project, which shall not be deemed completed until a specific finding of completion has been made by the Public Utilities Commission. The consolidated agency will be recognized for purposes of determining employee seniority, position transfers, budgetary authority and transfers or reappropriation of funds.

(b) There shall be a General Services Agency, headed by the City Administrator, including the Department of Public Works, the Department of Telecommunication and Information Services, and the Department of Administrative Services.

The City Administrator shall be considered one entity for budget purposes and for disbursement of funds. This budgetary structure does not affect the separate legal status of the departments placed within the entity: Administrative Services, Medical Examiner, Convention and Facilities Management, and Animal Care and Control. Each of these departments shall retain the duties and responsibilities of departments as provided in the Charter and the Administrative Code, including but not limited to appointing and contracting authority.

(c) There shall be a Human Services Agency, which shall be considered one entity for budget purposes and for disbursement of funds. Within the Human Services Agency shall be two departments: (1) the Department of Human Services, under the Human Services

Commission, and (2) the Department of Aging and Adult Services ("DAAS"), under the Aging and Adult Services Commission, includes Adult Protective Services, the Public Administrator/Public Guardian, the Mental Health Conservator, the Department of Aging and Adult Services, the County Veterans' Service Officer, and the In-Home Supportive Services Program. This budgetary structure does not affect the legal status or structure of the two departments, unless reorganized under Charter Section 4.132. The Human Resources Director and the Controller are authorized to transfer employees, positions, and funding in order to effectuate the transfer of the program from one department to the other. The consolidated agency will be recognized for purposes of determining employee seniority, position transfers, budgetary authority and transfers or reappropriation of funds.

The departments within the Human Services Agency shall coordinate with each other and with the Aging and Adult Services Commission to improve delivery of services, increase administrative efficiencies and eliminate duplication of efforts. To this end, they may share staff and facilities. The Aging and Adult Services Commission shall remain the Area Agency on Aging. This coordination is not intended to diminish the authority of the Aging and Adult Services Commission over matters under the jurisdiction of the Commission.

The Director of the Aging and Adult Services Commission also may serve as the department head for DAAS, and/or as a deputy director for the Department of Human Services, but shall receive no additional compensation by virtue of an additional appointment. If an additional appointment is made, it shall not diminish the authority of the Aging and Adult Services Commission over matters under the jurisdiction of the Commission.

SECTION 15. Travel Reimbursement and Cell Phone Stipends.

The Controller shall establish rules for the payment of all amounts payable for travel for officers and employees, and for the presentation of such vouchers as the Controller shall deem proper in connection with expenditures made pursuant to said Section. No allowance shall be made for traveling expenses provided for in this ordinance unless funds have been appropriated or set aside for such expenses in accordance with the provisions of the Charter.

The Controller may advance the sums necessary for traveling expenses, but proper account and return must be made of said sums so advanced by the person receiving the same within ten days after said person returns to duty in the City and County of San Francisco, and failure on the part of the person involved to make such accounting shall be sufficient cause for the Controller to withhold from such persons pay check or checks in a sum equivalent to the amount to be accounted.

In consultation with the Human Resources Director, the Controller shall establish rules and parameters for the payment of monthly stipends to officers and employees who use their own cell phones to maintain continuous communication with their workplace, and who participate in a Citywide program that reduces costs of City-owned cell phones.

SECTION 16. Contributed Revenue Reserve and Audit and Adjustment Reserve.

The Controller is hereby authorized to establish a Contributed Revenue and Adjustment Reserve to accumulate receipts in excess of those estimated revenues or unexpended appropriations stated herein. Said reserve is established for the purpose of funding the budget of the subsequent year, and the receipts in this reserve are hereby appropriated for said purpose. The Controller is authorized to maintain an Audit and Adjustment Reserve to offset audit adjustments, and to balance expenditure accounts to conform to year-end balancing and year-end close requirements.

SECTION 17. Airport Service Payment.

The moneys received from the Airport's revenue fund as the Annual Service Payment provided in the Airline-Airport Lease and Use Agreement are in satisfaction of all obligations of the Airport Commission for indirect services provided by the City and County of San Francisco to the Commission and San Francisco International Airport and constitute the total transfer to the City's General Fund.

The Controller is hereby authorized and directed to transfer to the City's General Fund from the Airport revenue fund with the approval of the Airport Commission funds that constitute the annual service payment provided in the Airline - Airport Lease and Use Agreement in addition to the amount stated in the Annual Appropriation Ordinance.

On the last business day of the fiscal year, unless otherwise directed by the Airport Commission, the Controller is hereby authorized and directed to transfer all moneys remaining in the Airport's Contingency Account to the Airport's Revenue Fund. The Treasurer and Controller are hereby authorized to transfer available fund balances within pooled cash accounts to meet the cash management of the City, provided that special and non-subsidized enterprise funds shall be credited interest earnings on any funds temporarily borrowed therefrom at the rate of interest earned on the City Pooled Cash Fund. No such cash transfers shall be allowed where the investment of said funds in investments such as the pooled funds of the City and County is restricted by law.

SECTION 19. Matching Funds for Federal or State Programs.

Funds contributed to meet operating deficits and/or to provide matching funds for federal or State aid (e.g. Medicaid under SB 855 or similar legislation for Zuckerberg San Francisco General Hospital) are specifically deemed to be made exclusively from local property and business tax sources.

SECTION 20. Advance Funding of Bond Projects – City Departments.

Whenever the City and County has authorized appropriations for the advance funding of projects which may at a future time be funded from the proceeds of general obligation, revenue, or lease revenue bond issues or other legal obligations of the City and County, the Controller shall recover from bond proceeds or other available sources, when they

become available, the amount of any interest earnings foregone by the General Fund as a result of such cash advance to disbursements made pursuant to said appropriations. The Controller shall use the monthly rate of return earned by the Treasurer on City Pooled Cash Fund during the period or periods covered by the advance as the basis for computing the amount of interest foregone which is to be credited to the General Fund.

SECTION 21. Advance Funding of Projects – Transportation Authority.

Whenever the San Francisco County Transportation Authority requests advance funding of the costs of administration or the costs of projects specified in the City and County of San Francisco Transportation Expenditure Plan which will be funded from proceeds of the transactions and use tax as set forth in Article 14 of the Business and Tax Regulations Code of the City and County of San Francisco, the Controller is hereby authorized to make such advance. The Controller shall recover from the proceeds of the transactions and use tax when they become available, the amount of the advance and any interest earnings foregone by the City and County General Fund as a result of such cash advance funding. The Controller shall use the monthly rate of return earned by the Treasurer on General City Pooled Cash funds during the period or periods covered by the advance as the basis for computing the amount of interest foregone which is to be credited to the General Fund.

SECTION 22. Controller to Make Adjustments, Correct Clerical Errors.

The Controller is hereby authorized and directed to adjust interdepartmental appropriations, make transfers to correct objects of expenditures classifications and to correct clerical or computational errors as may be ascertained by the Controller to exist in this ordinance. SECTION 22.1 Controller to Implement New Financial and Interfacing Subsystems.

In order to further the implementation and adoption of the Financial and Procurement System's modules, the Controller shall have the authority to reclassify departments' appropriations to conform to the accounting and project costing structures established in the new system, as well as reclassify contract authority utilized (expended) balances and unutilized (available) balances to reflect actual spending.

SECTION 25. Board of Supervisors Official Advertising Charges.

The Board of Supervisors is authorized to collect funds from enterprise departments to place official advertising. The funds collected are automatically appropriated in the budget of the Board of Supervisors as they are received.

SECTION 26. Work Order Appropriations.

The Board of Supervisors directs the Controller to establish work orders pursuant to Board-approved appropriations, including positions needed to perform work order services, and corresponding recoveries for services that are fully cost covered, including but not limited to services provided by one City department to another City department, as well as services provided by City departments to external agencies, including but not limited to the Office of Community Investment and Infrastructure, the Treasure Island Development Authority, the School District, and the Community College. Revenues for services from external agencies shall be appropriated by the Controller in accordance with the terms and conditions established to perform the service.

It is the policy of the Mayor and the Board of Supervisors to allocate costs associated with the replacement of the City's financial and purchasing system to all City Departments proportional to the departments' costs and financial requirements. In order to minimize new General Fund appropriations to complete the project, the Controller is authorized and directed to work with departments to identify efficiencies and savings in their financial and administrative operations to be applied to offset their share of the costs of this project, and is authorized to apply said savings to the project.

SECTION 26.1 Property Tax System

SECTION 28. Close-Out of Reserved Appropriations.

On an annual basis, the Controller shall report the status of all reserves, their remaining balances, and departments' explanations of why funding has not been requested for release. Continuation of reserves will be subject to consideration and action by the Budget and Finance Committee or Budget and Appropriations Committee. The Controller

Unless otherwise exempted in another section of the Administrative Code or Annual Appropriation Ordinance, and in accordance with Administrative Code Section 3.18, departments may transfer funds from one Board-approved capital project to another Board-approved capital project. Annually, the Controller shall report to the Board of Supervisors on transfers of funds that exceed 10% of the original appropriation to which the transfer is made.

The Controller is authorized to approve substitutions within equipment items purchased to equip capital facilities providing that the total cost is within the Board-approved capital project appropriation.

The Board of Supervisors hereby authorizes the Controller to transfer funds and appropriation authority

between and within accounts related to City and County of San Francisco IFDs and IRFDs to serve accounting and State requirements, the latest approved Infrastructure Financing Plan for a District, and applicable bond covenants.

When 100% of the portion of property tax increment normally appropriated to the City and County of San Francisco's General Fund or Special Revenue Fund or to the County's Educational Revenue Augmentation Fund (ERAF) is instead pledged, based on Board of Supervisors Ordinance, the Controller may increase or decrease appropriations to match actual revenues realized for the IFD or IRFD. SECTION 32. COVID-19 Response and Economic Loss Contingency Reserve

Five hundred and seven million dollars (\$507,000,000) of unassigned fund balance from fiscal year 2019-20 is hereby assigned to a budget contingency reserve for the purpose of managing costs related to the coronavirus public health emergency and revenue shortfalls caused by the effect of the pandemic on the state and local tax bases, as well as mitigating uncertainty around future funding from the Federal Emergency Management Agency (FEMA) and voter approval of November 2020 business tax measures assumed in the fiscal year 2020-21 and 2021-22 proposed budget. This consolidated reserve is comprised of unassigned fund balance reserved for other contingencies of three hundred and eight million (\$308,000,000) and the available balances of the Rainy Day One Time Spending Account, the Budget Stabilization Reserve One Time Spending Account, and the Budget Savings Incentive Fund. The Controller is authorized to adjust federal and state sources appropriations to reflect eligible costs by authorized spending category, to ensure cost reimbursement recovery revenues are maximized, and to align eligible costs to the appropriate federal or state fund, provided there is no net increase or decrease to COVID-19 emergency response revenues or expenditures. Adjustments may be made across fiscal years 2019-20 and

2020-21, and any balances available on June 30, 2020 are assigned for COVID-19 emergency response uses in fiscal year 2020-21.

General Fund appropriations in the budget for legally eligible expenditures for each of these measures shall be treated as advances to address the policy goals of these measures pending the outcome of this litigation. Should the City prevail in litigation, the General Fund will be reimbursed for these advances. The Controller is authorized to recategorize appropriations to facilitate the administration of this section.

Measures proposed for the November 2020 ballot would amend the Business and Tax Regulations Code to increase the gross receipts tax on certain taxpayers and impose a new general tax on the gross receipts from the lease of certain commercial space if the contested 2018 tax measures are struck down. Should voters approve these measures, the Controller is authorized to recategorize appropriations to facilitate the administration of this section, and is also directed to establish a Business Tax Stabilization Account for the purpose of equalizing the benefit of the advance repayment assumed in the budget year over future fiscal years.
