Oppose Recall Reform and Building Inspection Charter Amendments

Message to the Board of Supervisors

Dear Supervisors:

I respectfully ask you to oppose these two proposed Charter Amendments:

1) "Recall Reform," which is a cynical effort to remove power from citizens who are taking action against incompetent leadership. We have had the right to recall for over 100 years and it has hardly been used in San Francisco. The proposed Charter Amendment restricts the timeframe of the recall process to the point that it effectively eliminates our ability to remove any elected official while in office. Incompetent and destructive politicians should not be shielded from the will of the voters.

Any elected official who does their job has nothing to worry about, so why try to further limit the ability for voters to recall? If you are fairly and competently representing your Districts, then you must vote AGAINST putting this on the ballot.

Please don't subvert our voter rights.

2) "Building Inspection Commission," which significantly changes the balance of power between the mayor and the BOS. This topic needs a lot more discussion and attention before permanent shifts in power are made to the structure of San Francisco government.

I strongly oppose both of these proposed Amendments.

Thank you!

Support Recall Reform and Building Inspection Charter Amendments

Message to the Board of Supervisors

Dear Supervisors:

I respectfully ask you to support these two proposed Charter Amendments:

1) "Recall Reform," which is an important effort to keep power with voters instead of handing it over to well funded propaganda campaigns. Bad actors have abused the right to recall for years. The proposed Charter Amendment keeps the recall process but confines it to truly incompetent and destructive politicians who will not be shielded from the will of the voters. Right now, the recall process is too easy to abuse and to use to punish people who are simply political opponents of a well-funded opposition.

Any elected official who does their job has to worry about offending some billionaire, so it makes sense to restrict the recall to truly abominable/illegal behavior. If you are fairly and competently representing your Districts, then you must vote FOR putting this on the ballot.

Please don't subvert our voter rights by continuing these crazy recalls.

2) "Building Inspection Commission," is a much needed reform to significantly change the balance of power between the mayor and the BOS. We need

more checks and balances in our system, and the legislative branch of government has almost no power.

I strongly support both of these proposed Amendments.

Thank you for your time!

Oppose Recall Reform and Building Inspection Charter Amendments

Message to the Board of Supervisors

Dear Supervisors:

I respectfully ask you to oppose these two proposed Charter Amendments:

1) "Recall Reform," which is a cynical effort to remove power from citizens who are taking action against incompetent leadership. We have had the right to recall for over 100 years and it has hardly been used in San Francisco. The proposed Charter Amendment restricts the timeframe of the recall process to the point that it effectively eliminates our ability to remove any elected official while in office. Incompetent and destructive politicians should not be shielded from the will of the voters.

Any elected official who does their job has nothing to worry about, so why try to further limit the ability for voters to recall? If you are fairly and competently representing your Districts, then you must vote AGAINST putting this on the ballot.

Please don't subvert our voter rights.

2) "Building Inspection Commission," which significantly changes the balance of power between the mayor and the BOS. This topic needs a lot more discussion and attention before permanent shifts in power are made to the structure of San Francisco government.

I strongly oppose both of these proposed Amendments.

Thank you!

The proposed Charter Amendment restricts the timeframe of the recall process to the point that it effectively eliminates our ability to remove any elected official while in office. Incompetent and destructive politicians should not be shielded from the will of the voters.

Any elected official who does their job has nothing to worry about, so why try to further limit the ability for voters to recall? If you are fairly and competently representing your Districts, then you must vote AGAINST putting this on the ballot.

Please don't subvert our voter rights.

2) "Building Inspection Commission," which significantly changes the balance of power between the mayor and the BOS. This topic needs a lot more discussion and attention before permanent shifts in power are made to the structure of San Francisco government.

I strongly oppose both of these proposed Amendments.

Thank you!

Oppose Recall Reform and Building Inspection Charter Amendments

Message to the Board of Supervisors

Dear Supervisors:

I respectfully ask you to oppose these two proposed Charter Amendments:

1) "Recall Reform," which is a cynical effort to remove power from citizens who are taking action against incompetent leadership. We have had the right to recall for over 100 years and it has hardly been used in San Francisco. The proposed Charter Amendment restricts the timeframe of the recall process to the point that it effectively eliminates our ability to remove any elected official while in office. Incompetent and destructive politicians should not be shielded from the will of the voters.

Any elected official who does their job has nothing to worry about, so why try to further limit the ability for voters to recall? If you are fairly and competently representing your Districts, then you must vote AGAINST putting this on the ballot.

Please don't subvert our voter rights.

2) "Building Inspection Commission," which significantly changes the balance of power between the mayor and the BOS. This topic needs a lot more discussion and attention before permanent shifts in power are made to the structure of San Francisco government.

I strongly oppose both of these proposed Amendments.

Thank you!

Oppose Recall Reform and Building Inspection Charter Amendments

Message to the Board of Supervisors

Dear Supervisors:

I respectfully ask you to oppose these two proposed Charter Amendments:

1) "Recall Reform," which is a cynical effort to remove power from citizens who are taking action against incompetent leadership. We have had the right to recall for over 100 years and it has hardly been used in San Francisco. The proposed Charter Amendment restricts the timeframe of the recall process to the point that it effectively eliminates our ability to remove any elected official while in office. Incompetent and destructive politicians should not be shielded from the will of the voters.

Any elected official who does their job has nothing to worry about, so why try to further limit the ability for voters to recall? If you are fairly and competently representing your Districts, then you must vote AGAINST putting this on the ballot.

Please don't subvert our voter rights.

2) "Building Inspection Commission," which significantly changes the balance of power between the mayor and the BOS. This topic needs a lot more discussion and attention before permanent shifts in power are made to the structure of San Francisco government.

I strongly oppose both of these proposed Amendments.

Thank you!

1) "Recall Reform," which is a cynical effort to remove power from citizens who are taking action against incompetent leadership. We have had the right to recall for over 100 years and it has hardly been used in San Francisco. The proposed Charter Amendment restricts the timeframe of the recall process to the point that it effectively eliminates our ability to remove any elected official while in office. Incompetent and destructive politicians should not be shielded from the will of the voters.

Any elected official who does their job has nothing to worry about, so why try to further limit the ability for voters to recall? If you are fairly and competently representing your Districts, then you must vote AGAINST putting this on the ballot.

Please don't subvert our voter rights.

2) "Building Inspection Commission," which significantly changes the balance of power between the mayor and the BOS. This topic needs a lot more discussion and attention before permanent shifts in power are made to the structure of San Francisco government.

I strongly oppose both of these proposed Amendments.

Thank you!
