**MANDATE STATEMENT**

City Charter Section 9.105 states that amendments to the Annual Appropriations Ordinance, after the Controller certifies the availability of funds, are subject to Board of Supervisors approval by ordinance.

**BACKGROUND**

On October 6, 2020, the Board of Supervisors approved Files 20-1091, 20-1092, 20-1093, and 20-1094, which were four resolutions authorizing actions and approving documents associated with the sale and issuance of General Obligation Bonds. In particular, the resolutions authorized (1) issuance of \$600 million in 2019 Affordable Housing General Obligation Bonds; (2) sale of \$260 million of 2019 Affordable Housing General Obligation Bonds; (3) sale of \$102.6 million of Preservation and Seismic Safety (“PASS”) General Obligation Bonds; and (4) sale of \$126.9 million of 2016 Public Health & Safety General Obligation Bonds. The appropriation ordinance providing the spending authority for these bonds’ proceeds was not considered at that time.

**DETAILS OF PROPOSED LEGISLATION**

The proposed ordinance would appropriate \$126.9 million in 2016 Public Health & Safety General Obligation Bonds to the Department of Public Health, and \$260 million of 2019 Affordable Housing General Obligation Bonds and \$102.6 million of PASS General Obligation Bonds to the Mayor’s Office of Housing & Community Development (MOHCD). The details of the proposed uses for the bond proceeds are shown below.

**FISCAL IMPACT**

Table 1 below summarizes the uses of PASS, Affordable Housing, and Public Health and Safety bond proceeds.

Source: Proposed Appropriation Ordinance

<sup>a</sup> Costs of issuance include costs to complete the transaction such as legal, rating and municipal advisor fees.

<sup>b</sup> Underwriters discount is the difference in the price paid to the issuer and the prices at which the bonds are initially offered to investors.

<sup>c</sup> Reserve for market uncertainty accounts for changes in interest rates at time of sale of bonds.

The proposed appropriation totals \$489,505,000. As noted in our October 6, 2020 report to the Budget & Finance Committee on Files 20-1091 – 20-1094, the total debt service on all bond issuances associated with the proposed appropriation would cost \$762,059,000 over the term of the bonds. Estimated average annual debt service is \$26,670,000.

## POLICY CONSIDERATIONS

The October 28, 2020 Budget and Finance Committee continued the proposed ordinance to the Budget and Finance meeting of November 4, 2020 in order to receive a report from the Mayor's Office of Housing and Community Development on the geographic distribution of affordable housing projects. According to the Planning Department's 2018 Housing Needs and Trends

Report, 60 percent of the City's affordable units are located in five neighborhoods in the eastern part of the city, including the Tenderloin, South of Market, Western Addition, Bayview Hunters Point, and the Mission.

Table 2 below summarizes the neighborhood distribution of housing projects that have been identified by MOHCD to receive the proposed Affordable Housing and PASS bond proceeds.

**Table 2: Housing Projects Neighborhood Summary**

<sup>a</sup> \$30 million dedicated for projects in neighborhoods with: (a) limited affordable housing production; or (b) limited affordable housing production and a high number of housing units removed from protected status

Of the \$252.6 million in Affordable Housing Bond proceeds for housing projects, \$171.7 million (68.0 percent) would fund projects in seven neighborhoods, \$79.4 million (31.4 percent) would fund projects that have not yet been identified (including \$30 million dedicated for projects in neighborhoods with limited affordable housing production), and \$1.5 million (0.6 percent) would fund legal and other incidental project costs. The top three neighborhoods that would receive Affordable Housing Bond proceeds based on identified projects include the Outer Mission,

Visitacion Valley, and Treasure Island, totaling \$136.7 million in bond proceeds (54.1 percent of project spending).

Of the \$101.2 million in PASS Bond proceeds for housing projects, \$73.2 million (72.3 percent) would fund projects in nine neighborhoods and \$28.0 million (27.7 percent) would fund projects that have not yet been identified. The top three neighborhoods that would receive PASS Bond proceeds based on identified projects include the Mission, the Tenderloin, and Bernal Heights, totaling \$53.9 million in bond proceeds (53.2 percent of project spending).

Tables 3 and 4 below detail the specific Affordable Housing and PASS bond projects.

**MANDATE STATEMENT**

City Charter Section 9.105 states that amendments to the Annual Appropriations Ordinance, after the Controller certifies the availability of funds, are subject to Board of Supervisors approval by ordinance.

**BACKGROUND**

On October 6, 2020, the Board of Supervisors approved Files 20-1091, 20-1092, 20-1093, and 20-1094, which were four resolutions authorizing actions and approving documents associated with the sale and issuance of General Obligation Bonds. In particular, the resolutions authorized (1) issuance of \$600 million in 2019 Affordable Housing General Obligation Bonds; (2) sale of \$260 million of 2019 Affordable Housing General Obligation Bonds; (3) sale of \$102.6 million of Preservation and Seismic Safety (“PASS”) General Obligation Bonds (4) sale of \$126.9 million of 2016 Public Health & Safety General Obligation Bonds. The appropriation ordinance providing the spending authority for these bonds’ proceeds was not considered at that time.

**DETAILS OF PROPOSED LEGISLATION**

The proposed ordinance would appropriate \$126.9 million in 2016 Public Health & Safety General Obligation Bonds to the Department of Public Health, and \$260 million of 2019 Affordable Housing General Obligation Bonds and \$102.6 million of PASS General Obligation Bonds to the Mayor’s Office of Housing & Community Development. The details of the proposed uses for the bond proceeds are shown below.

**FISCAL IMPACT**

Table 1 below summarizes the uses of PASS, Affordable Housing, and Public Health and Safety bond proceeds.

<sup>a</sup> Costs of issuance include costs to complete the transaction such as legal, rating and municipal advisor fees.

<sup>b</sup> Underwriters discount is the difference in the price paid to the issuer and the prices at which the bonds are initially offered to investors.

<sup>c</sup> Reserve for market uncertainty accounts for changes in interest rates at time of sale of bonds.

The proposed appropriation totals \$489,505,000. As noted in our October 6, 2020 report to the Budget & Finance Committee on Files 20-1091 – 20-1094, the total debt service on all bond issuances associated with the proposed appropriation would cost \$762,059,000 over the term of the bonds. Estimated average annual debt service is \$26,670,000.
