

1 [Planning Code - Electric Vehicle Charging Locations]

2
3 **Ordinance amending the Planning Code to create Electric Vehicle Charging Location**
4 **and Fleet Charging as Automotive Uses, allow conversion of Automotive Service**
5 **Stations to Electric Vehicle Charging Locations without Conditional Use authorization**
6 **and principally permit conversion of other Automotive Uses to Electric Vehicle**
7 **Charging Locations, revise zoning control tables to reflect these changes, and require**
8 **annual reporting by the Planning Department regarding Electric Vehicle Charging**
9 **Location and Fleet Charging project approvals; affirming the Planning Department’s**
10 **determination under the California Environmental Quality Act; and making findings of**
11 **consistency with the General Plan, and the eight priority policies of Planning Code,**
12 **Section 101.1, and findings of public necessity, convenience, and welfare under**
13 **Planning Code, Section 302.**

14 NOTE: **Unchanged Code text and uncodified text** are in plain Arial font.
15 **Additions to Codes** are in *single-underline italics Times New Roman font*.
16 **Deletions to Codes** are in *strikethrough italics Times New Roman font*.
17 **Board amendment additions** are in double-underlined Arial font.
18 **Board amendment deletions** are in ~~strikethrough Arial font~~.
19 **Asterisks (* * * *)** indicate the omission of unchanged Code
20 subsections or parts of tables.

21 Be it ordained by the People of the City and County of San Francisco:

22 Section 1. Findings.

23 (a) The Planning Department has determined that the actions contemplated in this
24 ordinance comply with the California Environmental Quality Act (California Public Resources
25 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of

1 Supervisors in File No. 220036 and is incorporated herein by reference. The Board affirms
2 this determination.

3 (b) On April 14, 2022, the Planning Commission, in Resolution No. 21099, adopted
4 findings that the actions contemplated in this ordinance are consistent, on balance, with the
5 City's General Plan and eight priority policies of Planning Code Section 101.1. The Board
6 adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the
7 Board of Supervisors in File No. 220036, and is incorporated herein by reference.

8 (c) Pursuant to Planning Code Section 302, the Board of Supervisors finds that this
9 ordinance will serve the public necessity, convenience, and welfare for the reasons set forth in
10 Planning Commission Resolution No. 21099, and incorporates such reasons by this reference
11 thereto. A copy of said Resolution is on file with the Clerk of the Board of Supervisors in File
12 No. 220036, and is incorporated herein by reference.

13 (d) This ordinance is based on the following findings:

14 (1) In 2021, the Intergovernmental Panel on Climate Change issued a report
15 further underscoring the need for urgent action to cut global greenhouse gas emissions
16 (GHGs) in half by 2030 and reach net-zero emissions no later than 2050 to prevent the most
17 catastrophic effects of climate change and reduce detrimental impacts to human health and
18 ecosystems.

19 (2) San Francisco, the Bay Area, and the State of California are already
20 suffering the effects of climate change in the form of droughts, air pollution, extreme heat,
21 frequent wildfires, flooding, and other drastic impacts on weather and the environment.

22 (3) To address these urgent challenges, in 2021 Mayor London Breed
23 sponsored legislation to update the City's climate action goals. As a result of Ordinance No.
24 117-21, San Francisco now has climate action goals to reduce emissions 61% below 1990
25 levels by 2030 and reach net-zero emissions by 2040.

1 (4) To achieve net-zero emissions by 2040, the updated climate action goals
2 prioritize the City’s Transit First policy and encourage a shift to low-carbon modes of
3 transportation such as taking transit, walking, and biking. All remaining modes of
4 transportation, including private and commercial vehicles, must be electrified to further reduce
5 and eventually eliminate remaining transportation emissions.

6 (5) The City’s climate action targets, per Ordinance No. 117-21, include the
7 following transportation and land use goals:

8 (A) By 2030, 80% of trips taken by low-carbon modes such as walking,
9 biking, transit, and shared Electric Vehicles (EVs).

10 (B) By 2030, increase vehicle electrification to at least 25% of all
11 registered private vehicles, and, by 2040, to 100% of all such vehicles.

12 (6) As reported in the latest San Francisco GHG Emissions Inventory, San
13 Francisco’s 2019 emissions were 41% below 1990 levels—six years ahead of the previously
14 established goal to reduce emissions 40% by 2025. However, additional efforts must be
15 undertaken to ensure the net-zero commitment is met by 2050.

16 (7) As of 2019, nearly half (47%) of San Francisco’s GHG emissions came from
17 the transportation sector, with the vast majority (72%) of those emissions from privately
18 owned cars and trucks. Despite the City’s success in reducing overall emissions to date, GHG
19 emissions from the transportation sector have remained relatively stable.

20 (8) In 2019, Mayor Breed released the Electric Vehicle Roadmap (“the
21 Roadmap”) to accelerate and advance EV adoption to reduce emissions and associated air
22 pollution health impacts from the transportation sector. To date, EVs represent about 11% of
23 new light-duty vehicle registrations in San Francisco. The Roadmap sets a 2030 goal of 100%
24 of new passenger vehicle registrations with no increase in total vehicle registrations per
25 household and an ambitious goal of 100% emission-free ground transportation by 2040.

1 These goals are aligned with California’s targets to increase EV adoption and access to EV
2 charging. In September 2020, Governor Gavin Newsom issued an executive order requiring
3 only zero emission passenger cars to be sold in California by 2035. Additionally, the City’s
4 goals are aligned with the Biden Administration’s goal that 50% of all new vehicles sold in the
5 United States in 2030 be zero-emission vehicles.

6 (9) The rate of EV adoption is determined in large part by access to charging.
7 The three greatest barriers at this time for drivers to buy EVs are cost of the EVs, lack of
8 charging infrastructure, and the range of EVs, the latter two barriers are interrelated and result
9 in “range anxiety,” or the fear that EV owners won’t be able to locate a charger or that if they
10 do, someone else will be using it.

11 (10) Range anxiety is also an equity issue. Nearly 70% of San Francisco
12 residents live in multi-unit buildings and most such residents do not have access to off-street
13 parking or home charging. EV charging at home should not be a privilege available only to
14 single-family home residents or those with EV charging available at the workplace. To provide
15 expanded access to EV charging, in June 2021, the California Public Utilities Commission
16 ruled that electrical corporations should prioritize their near-term investments to create
17 charging options to customers without access to home charging.

18 (11) Publicly accessible EV charging stations—including public Level 2 (240
19 volt), DC fast (“superchargers”), and workplace chargers—are the most efficient and effective
20 solution to meet anticipated demand for EV charging. San Francisco’s combination of
21 population density, small size, and resulting high land costs make it the perfect place to install
22 fast-charging plazas that mimic the gas station experience that drivers have come to expect
23 when fueling their vehicles. Fast-charging plazas are integral to San Francisco’s developing a
24 comprehensive public charging network. With a robust network of public charging stations, EV
25 owners will be able to access fast charging as needed and close to their homes.

1 (12) Without this ordinance’s amendments of the Planning Code, further air
2 quality and GHG degradation would occur because the ongoing inconvenience of finding EV
3 charging stations would result in a low rate of adoption of EVs. Multiple studies have
4 suggested a correlation between increasing the number of charging stations and higher EV
5 adoption rates, as summarized in an October 2017 white paper by the International Council
6 on Clean Transportation (ICCT). In addition, the EV Roadmap identified the expansion of
7 publicly accessible Level 2 and fast charging infrastructure in San Francisco as a key strategy
8 to increase EV adoption rates.

9 (13) In 2020, the ICCT completed a study on San Francisco’s EV charging
10 needs in 2030 and 2040. The ICCT projects that by 2030, more than 170,000 light-duty EVs
11 will be registered in the City. To meet that charging demand, the City must have six times
12 more charging capacity than in 2019. The number of publicly accessible charging stations in
13 San Francisco needs to increase from about 800 in 2019 to 2,000 by 2025, and over 5,000 by
14 2030, to meet this demand.

15 (14) Currently, EV charging is not defined in the Planning Code. As a result,
16 applications to install EV charging projects require an EV service provider (EVSP) and the
17 Planning Department or Commission to work out a permitting pathway, on a case-by-case
18 basis, using Planning Code provisions designed for gas stations and auto service centers.
19 The existing use categories are an imperfect fit for this new use. They impose limitations
20 more appropriate for the facilities they were intended to address—conventional fueling
21 facilities—rather than less-impactful EV charging stations, creating lengthy approval
22 processes and bureaucratic delays that should be avoided for EV charging projects.

23 (15) By defining “Electric Vehicle Charging Location” as an “Automotive Use” in
24 the Planning Code and establishing zones in the City in which stand-alone EV charging is
25 permitted, this ordinance will make it easier to convert existing sites with “Automotive Uses” to

1 EV charging plazas or hubs. This will result in a clear approval path for EV charging projects,
2 reducing delays and additional workflow in Planning, and expanding opportunities to deploy
3 publicly accessible EV charging stations within San Francisco. This ordinance will expedite
4 expansion of critical EV charging services, creating new public charging options for San
5 Francisco residents and visitors, thus encouraging the adoption of EVs by a greater share of
6 the population. This in turn will help the City meet its climate action goals to reduce emissions
7 from the transportation sector.

8

9 Section 2. The Planning Code is hereby amended by revising Sections 102 (including
10 placing new defined terms in alphabetical sequence with existing defined terms), 142, 187.1,
11 202.2, 202.5, 204, 210.1, 210.2, 210.3, 311, 710, 711, and 713, and adding Sections 202.13
12 and 204.6, to read as follows:

13 **SEC. 102. DEFINITIONS.**

14 * * * *

15 **A**

16 * * * *

17 **Automotive Use.** A Commercial Use category that includes Automotive Repair,
18 Ambulance Services, Automobile Sale or Rental, Automotive Service Station, Automotive
19 Wash, Electric Vehicle Charging Location, Fleet Charging, Gas Station, Parcel Delivery Service,
20 Private Parking Garage, Private Parking Lot, Public Parking Garage, Public Parking Lot,
21 Vehicle Storage Garage, Vehicle Storage Lot, and Motor Vehicle Tow Service. All Automotive
22 Uses that have Vehicular Use Areas defined in this Section of the Code shall meet the
23 screening requirements for vehicular use areas in Section 142.

24

25

1 **Automotive Use, Non-Retail.** A subcategory of Automotive Use that includes
2 Ambulance Services, Fleet Charging, Parcel Delivery Service, Private Parking Garage, Private
3 Parking Lot, and Motor Vehicle Tow Service.

4 **Automotive Use, Retail.** A subcategory of Automotive Use that includes Automotive
5 Repair, Automotive Sale or Rental, Automobile Service Station, Automotive Wash, Electric
6 Vehicle Charging Location, Gas Station, Public Parking Garage, Public Parking Lot, Vehicle
7 Storage Garage, and Vehicle Storage Lot.

8 * * * *

9 **E**

10 * * * *

11 **Electric Vehicle Charging Location.** Automotive Use, Retail that provides electricity to
12 electric motor vehicles through ~~more than one~~ ~~or more~~ Electric Vehicle Charging Stations on a retail
13 basis to the general public as a primary use. Electric Vehicle Charging Locations may ~~include up to~~
14 ~~one-third of the total Electric Vehicle Charging Stations dedicated to Fleet Charging as an~~
15 ~~accessory use per Section 204.6(a), and may include ancillary services, including but not limited~~
16 ~~to restrooms, self-service vending, and limited retail amenities primarily for the benefit of customers~~
17 ~~charging their vehicles.~~

18 **Electric Vehicle Charging Station.** An electric vehicle charging space served by an electric
19 vehicle charger or other charging equipment.

20 * * * *

21 **F**

22 * * * *

23 **Fleet Charging.** Automotive Use, Non-Retail that provides electricity to electric motor vehicles
24 through one or more Electric Vehicle Charging Stations that are dedicated or reserved for private

1 parties pursuant to contract or other agreement and are not available to the general public. **Fleet**
2 Charging is not allowed as an accessory use to any other principal use.

3 * * * *

4 **SEC. 142. SCREENING AND GREENING OF PARKING AND VEHICULAR USE**
5 **AREAS.**

6 Off-street parking and Vehicular Use Areas adjacent to the public right-of-way shall be
7 screened as provided in this Section 142. Where an existing Automotive Use converts to an Electric
8 Vehicle Charging Location, the requirements of this Section shall not apply.

9 * * * *

10 **SEC. 187.1. AUTOMOTIVE SERVICE STATIONS, ELECTRIC VEHICLE CHARGING**
11 **LOCATIONS, AND GAS STATIONS AS LEGAL NONCONFORMING USES.**

12 (a) **Continuation as a Nonconforming Use.** Notwithstanding any other provision of
13 this Code, an Automotive Service Station or a Gas Station as defined in Section 102 of this
14 Code, located in a Residential district, and having legal nonconforming use status under the
15 provisions of this Code on January 1, 1980, shall be regarded as a legal nonconforming use
16 so long as the station either: (1) continues to sell and dispense gasoline and other motor fuels
17 and lubricating fluids directly into motor vehicles, or (2) transitions to an Electric Vehicle Charging
18 Location.

19 * * * *

20 **SEC. 202.2. LOCATION AND OPERATING CONDITIONS.**

21 * * * *

22 (b) **Automotive Uses.** The Automotive Uses listed below shall be subject to the
23 corresponding conditions:

24 * * * *

1 (2) **Conditional Use Authorization Required for Establishments that Sell**
2 **Beer or Wine with Motor Vehicle Fuel.** Any establishment that proposes to retail motor
3 vehicle fuel and provide retail sale of beer or wine shall require Conditional Use authorization.
4 The Planning Commission may deny authorization or grant Conditional Use authorization to
5 an applicant based upon the criteria set forth in Section 303(c) of this Code.

6 * * * *

7 (D) **Definitions.** For purposes of Subsection 202.2(b)(1) and (2), the
8 following definitions shall apply:

9 (i) "Alcoholic beverages" shall be as defined in California
10 Business and Professions Code Section 23004;

11 (ii) "Beer" and "wine" shall be as defined in California Business
12 and Professions Code Section 23006 and Section 23007, respectively;

13 (iii) "Motor vehicle fuel" shall mean gasoline, other motor fuels
14 including electricity at an Electric Vehicle Charging Location, and lubricating oil dispensed directly
15 into motor vehicles; and

16 (iv) "Establishment" shall include an arrangement where a lot
17 containing a business selling motor vehicle fuel provides direct access to another business
18 selling alcoholic beverages on the same or adjacent lot.

19 * * * *

20 (3) **Automotive Wash.** Cleaning and polishing are required to be conducted
21 within an enclosed building having no openings, other than fixed windows or exits required by
22 law located within 50 feet of any R District, and that has an off-street waiting and storage area
23 outside the building which accommodates at least one-quarter the hourly capacity in vehicles
24 of the enclosed operations, provided: (1) that incidental noise is reasonably confined to the
25 premises by adequate soundproofing or other device; and (2) that complete enclosure within a

1 building may be required as a condition of approval, notwithstanding any other provision of
2 this Code; but the foregoing provisions shall not preclude the imposition of any additional
3 conditions pursuant to Section 303 of this Code.

4 (4) **Electric Vehicle Charging Location.** At Electric Vehicle Charging Locations, the
5 Electric Vehicle Charging Stations, including the charging space for the electric vehicle and all
6 necessary charging equipment and infrastructure, may be located within any setbacks required by the
7 underlying zoning district. Any structures associated with ancillary services, including restrooms or
8 vending machines, must adhere to any underlying zoning setback requirements.

9 (5) **Fleet Charging and Electric Vehicle Charging Location Reporting Requirements.**
10 Beginning on June 1, 2023, the Planning Department shall submit a report to the Board of Supervisors
11 and the Mayor that includes the number and location of all Electric Vehicle Charging Locations and
12 Fleet Charging locations that have been approved since the ordinance in Board File No. _____
13 establishing this reporting requirement became effective. The Planning Department's report shall
14 include: the address of each such charging location, number of charging stations at each location,
15 prior use of the property, whether the charging location was principally permitted or conditionally
16 permitted, and what percent of each station is dedicated to Fleet Charging. The Planning Department
17 shall submit this report annually for five years, with the last report to be submitted on June 1, 2027.

18 * * * *

19 **SEC. 202.5. CONVERSION OF AUTOMOTIVE SERVICE STATIONS.**

20 * * * *

21 (b) **Definitions.** Whenever used in this Section, unless a different meaning clearly
22 appears from the context:

23 (1) "Automotive Service Station" or "service station" shall mean a retail automotive
24 service use as defined in Section 102 of this Code.

1 (2) "Conversion" shall mean to change the use of a property from a service station
2 use to a different type of use. A change from Automotive Service Station to Electric Vehicle
3 Charging Location is not a change to a different type of use and shall not be a "Conversion" subject to
4 this Section.

5 * * * *

6 **SEC. 202.13. CONVERSION OF AUTOMOTIVE USE TO ELECTRIC VEHICLE**
7 **CHARGING LOCATION.**

8 Notwithstanding any other provisions of this Code, any Automotive Use, including Retail or
9 Non-Retail uses, as defined in Section 102, shall be principally permitted to convert to an Electric
10 Vehicle Charging Location, also as defined in Section 102, regardless of the underlying zoning district.
11 Further, such conversion shall not be subject to the notification requirements outlined in Section 311.

12
13 **SEC. 204. ACCESSORY USES, GENERAL.**

14 This Section 204 and Sections 204.1 through 204.56, shall regulate Accessory Uses,
15 as defined in Section 102. Any use which does not qualify as an Accessory Use shall be
16 classified as a Principal or Conditional Use, unless it qualifies as a temporary use under
17 Sections 205 through 205.4 of this Code.

18 * * * *

19 **SEC. 204.6. FLEET CHARGING NOT PERMITTED AS ACCESSORY USE TO**
20 **ELECTRIC VEHICLE CHARGING LOCATIONS.**

21 In all use districts of the City, Fleet Charging is not permitted In order for to be a
22 classified as an Accessory Use to an Electric Vehicle Charging Location, no more than one-third
23 of the Electric Vehicle Charging Stations may be dedicated to Fleet Charging and two-thirds,
24 or more, of the Electric Vehicle Charging Stations shall be available for general public use.

SEC. 311. PERMIT REVIEW PROCEDURES.

(a) **Purpose.** The purpose of this Section 311 is to establish procedures for reviewing building permit applications to determine compatibility of the proposal with the neighborhood

1 and for providing notice to property owners and residents on the site and neighboring the site
2 of the proposed project and to interested neighborhood organizations, so that concerns about
3 a project may be identified and resolved during the review of the permit.

4 (b) **Applicability.** Except as indicated in this subsection (b), all building permit
5 applications in Residential, NC, NCT, and Eastern Neighborhoods Mixed Use Districts for a
6 change of use; establishment of a Micro Wireless Telecommunications Services Facility;
7 establishment of a Formula Retail Use; demolition, new construction, or alteration of buildings;
8 and the removal of an authorized or unauthorized residential unit, shall be subject to the
9 notification and review procedures required by this Section 311. In addition, with the exception
10 of Grandfathered MCDs converting to Cannabis Retail use pursuant to Section 190(a), all
11 building permit applications that would establish Cannabis Retail or Medical Cannabis
12 Dispensary uses, regardless of zoning district, shall be subject to the notification and review
13 procedures required by this Section 311. Notwithstanding the foregoing or any other
14 requirement of this Section 311, a change of use to a Child Care Facility, as defined in
15 Section 102, shall not be subject to the review requirements of this Section 311.

16 Notwithstanding the foregoing or any other requirement of this Section 311, building permit
17 applications to construct an Accessory Dwelling Unit pursuant to Section 207(c)(6) shall not
18 be subject to the notification or review requirements of this Section 311. Notwithstanding the
19 foregoing or any other requirement of this Section 311, a change of use to a principally
20 permitted use in an NC or NCT District, or in a limited commercial use or a limited corner
21 commercial use, as defined in Sections 186 and 231, respectively, shall not be subject to the
22 review or notice requirements of this Section 311. Notwithstanding the foregoing or any other
23 requirement of this Section 311, building permit applications to change any existing Automotive Use to
24 an Electric Vehicle Charging Location shall not be subject to the review or notification requirements of
25 this Section 311.

4 Section 3. Amendment of Specific Zoning Control Tables.

5 Zoning Control Tables 712, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724,
6 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742,
7 743, 744, 745, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, and 764
8 are hereby amended identically to the amendment of Zoning Control Table 711 in Section 2 of
9 this ordinance, to create “Electric Vehicle Charging Location” and “Fleet Charging” as new
10 Non-Residential Uses within the Automotive Use Category, citing Planning Code Sections
11 102, 202.2(b) and 202.13 as references, identifying “C” as the zoning control, and including
12 the note for “Electric Vehicle Charging Location” use (“P where existing use is any Automotive
13 Use.”), provided that the note shall be numbered as appropriate for each table, as follows.

Section 5. Effective Date. This ordinance shall become effective 30 days after enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board of Supervisors overrides the Mayor’s veto of the ordinance.

Section 6. Scope of Ordinance. In enacting this ordinance, the Board of Supervisors intends to amend only those words, phrases, paragraphs, subsections, sections, articles, numbers, punctuation marks, charts, diagrams, or any other constituent parts of the Municipal Code that are explicitly shown in this ordinance as additions, deletions, Board amendment additions, and Board amendment deletions in accordance with the “Note” that appears under the official title of the ordinance. The preceding sentence does not apply to Section 3 of the ordinance, which uses a different methodology for amending the sections of the Municipal Code to which it applies.
