14 WHEREAS, Article XIID of the California Constitution and the Property and Business  
15 Improvement District Law of 1994 (California Streets and Highways Code, Sections 36600 et  
16 seq., "1994 Act") authorize cities to establish property and business improvement districts  
17 funded by special assessments to promote the economic revitalization and physical  
18 maintenance of such districts; and

19 WHEREAS, Consistent with Section 36603 of the 1994 Act, the City adopted Article  
20 15A of the San Francisco Business and Tax Regulations Code ("Article 15A") which augments  
21 certain procedural and substantive requirements related to the formation of Green Benefit  
22 Districts and the assessments on real property or businesses within such districts; and

23 WHEREAS, On July 31, 2015, via Resolution No. 301-15, the City established the  
24 "Dogpatch & Northwest Potrero Hill Green Benefit District" and levied multi-year assessments  
25 on identified parcels in that district for the purpose of funding economic revitalization and

1 physical maintenance of the district, and this District is scheduled to expire on December 31,  
2 2025; and

3 WHEREAS, The Board of Supervisors has received a petition to renew the GBD for  
4 an additional 15-year term expiring on December 31, 2040, signed by property owners  
5 who will pay 30 percent or more of the total amount of assessments, for the purpose of  
6 levying additional multi-year assessments on properties located in the district to fund  
7 property-related services, activities and improvements within the district; and

8 WHEREAS, A Management District Plan entitled the "Dogpatch & NW Potrero Hill  
9 Green Benefit District (GBD) Management District Plan" containing information about the  
10 proposed renewal of the district and assessments required by Section 36622 of the 1994  
11 Act, including but not limited to maps showing all identified parcels located in the district,  
12 a description of the boundaries of the district, the name of the district, the amount of the  
13 proposed assessment for each identified parcel, the total annual amount chargeable to  
14 the entire district, the duration of the payments, the property-related services, activities  
15 and improvements to be funded by the assessments for each year and the maximum cost  
16 thereof, the method and basis upon which the assessments are calculated in sufficient  
17 detail to allow each property owner to calculate the amount of the assessment to be  
18 levied against his or her property, a statement that no bonds will be issued, the time and  
19 manner of collecting the assessments, and a list of the properties to be assessed  
20 (including assessor parcel numbers), is on file with the Clerk of the Board of Supervisors  
21 in File No. 250468, which is hereby declared to be a part of this Resolution as if set forth  
22 fully herein; and

23 WHEREAS, A detailed engineer's report supporting the assessments within the  
24 proposed district, prepared by Terrance E. Lowell, California Registered Professional  
25 Engineer No. 13398, titled "Dogpatch & NW Potrero Hill Green Benefit District Engineer's

1 Report" (the "District Assessment Engineer's Report"), is on file with the Clerk of the  
2 Board of Supervisors in File No. 250468, which is hereby declared to be a part of this  
3 Resolution as if set forth herein; and

4 WHEREAS, A Proposed Boundaries Map, submitted pursuant to California Streets  
5 and Highways Code, Section 3110, is on file with the Clerk of the Board of Supervisors in  
6 File No. 250468, which is hereby declared to be a part of this Resolution as if set forth  
7 fully herein; now therefore, be it

8 RESOLVED, That the Board of Supervisors declares as follows:

9 Section 1. Pursuant to Section 36621(a) of the 1994 Act and Article 15A, the Board of  
10 Supervisors declares its intention to renew the property and business improvement district  
11 known as the "Dogpatch & Northwest Potrero Hill Green Benefit District" (the "District") for a  
12 period of 15 years, and to levy and collect assessments against all identified parcels of real  
13 property in the District for a period of 15 years, commencing with Fiscal Year (FY) 2025-2026,  
14 subject to approval by a majority of the property owners in the District who cast assessment  
15 ballots, which ballots shall be weighted according to the proportional financial obligations of  
16 the affected properties. No bonds will be issued. District operations will commence on or  
17 about January 1, 2026, following collection of the assessments for FY2025-2026 and  
18 disbursement of the assessment proceeds to the nonprofit owners' association that will  
19 administer the property-related services, activities and improvements in the District pursuant  
20 to Section 36651 of the 1994 Act and a written agreement with the City.

21 Section 2. Nonpayment of assessments will have the same lien priority and delinquent  
22 payment penalties and be subject to the same enforcement procedures and remedies as the  
23 ad valorem property tax. All delinquent payment of assessments will be subject to interest and  
24 penalties. The City Treasurer and Tax Collector will enforce imposition of interest and  
25 penalties and collection of assessments pursuant to the 1994 Act, Article 15A and the San

1 Francisco Business and Tax Regulation Code, Article 6, as each may be amended from time  
2 to time.

3 Section 3. The Board of Supervisors hereby approves the Management District Plan  
4 and District Assessment Engineer's Report, including the estimates of the costs of the  
5 property-related services, activities and improvements set forth in the plan, and the  
6 assessment of said costs on the properties that will specially benefit from such services,  
7 activities and improvements. The Clerk of the Board shall make the Management District  
8 Plan, District Assessment Engineer's Report and other documents related to the District and  
9 included in the record before the Board of Supervisors available to the public for review during  
10 normal business hours, Monday through Friday 8:00 a.m. through 5:00 p.m., excluding legal  
11 holidays.

12 Section 4. The Board of Supervisors hereby approves the Proposed Boundaries Map  
13 showing the exterior boundaries of the District. The proposed District contains two zones,  
14 Zone I and Zone II.

15 Zone I of the proposed district contains approximately 1,612 identified parcels, located  
16 on approximately 48 whole or partial blocks.

17 Specifically, the Zone I District boundaries are:

- 18 • Mariposa Street from Iowa Street to Illinois Street (South side only)
- 19 • Illinois Street from Mariposa Street to Cesar Chavez Street (West side only)
- 20 • Cesar Chavez Street from Illinois Street to Pennsylvania Street (North side only)
- 21 • Pennsylvania Street from Cesar Chavez Street to 22nd Street (East side only)
- 22 • 22nd Street from Pennsylvania to Iowa Street (North side only)
- 23 • Iowa Street from 22nd Street to Mariposa Street (East side only)

- Tunnel Top Park Cesar Chavez Street (North side only) north past 25th Street to parcel 4224015; 25th Street from Pennsylvania to parcel 4224-160-162 at Texas traveling north to include parcel 4224-040.

Zone II of the proposed District contains approximately 356 identified parcels, located on approximately 19 whole or partial blocks.

Specifically, Zone II District boundaries are:

- 16th Street from Potrero Avenue to Kansas Street (south side only) (completely encompassing parcel 3958-006)
- Kansas Street from the northeast corner of parcel 3958-006 traveling south along the eastern perimeter of the parcel for 100 feet, then traveling west along the southern perimeter of the parcel for 100 feet, then traveling south to the southeast corner of 20th Street
- 19th Street from southeast corner of parcel 4029-022 to Potrero Avenue (North side only);
- 19th Street (South side only) from Kansas Street to Utah Street including parcel 4076-021
- Potrero Avenue from 19th Street to 16th Street (East side only)
- 20th Street (North side only) from Kansas to Utah including parcel 4076-011

Reference should be made to the detailed maps and the lists of parcels identified by Assessor Parcel Number that are contained in the Management District Plan, in order to determine which specific parcels are included in the Dogpatch & Northwest Potrero Hill Green Benefit District.

Section 5. A public hearing on the establishment of the District, and the levy and collection of assessments starting with fiscal year 2025-2026 and continuing through FY2040-

1 2041, shall be conducted before the Board of Supervisors, sitting as a Committee of the  
2 Whole, on July 22, 2025, at 3:00 p.m., or as soon thereafter as the matter may be heard in the  
3 Board's Legislative Chamber, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San  
4 Francisco, California, 94102. At this public hearing, the Board of Supervisors will hear public  
5 testimony regarding the proposed renewal of the District, assessments, boundaries of the  
6 District, including testimony from all interested persons for or against renewal of the District,  
7 the extent of the District, the levy of the assessments, the furnishing of specific types of  
8 property-related services, improvements and activities, and other matters related to the  
9 District. The Board of Supervisors may waive any irregularity in the form or content of any  
10 written protest, and at the public hearing may correct minor defects in the proceedings. All  
11 protests submitted by affected property owners and received prior to the conclusion of the  
12 public testimony portion of the public hearing shall be tabulated to determine whether a  
13 majority protest exists.

14 Section 6. The Board of Supervisors hereby approves the form of the Notice of Public  
15 Hearing and Assessment Ballot Proceeding, and Assessment Ballot which are on file with the  
16 Clerk of the Board of Supervisors in File No. 250468 and which are declared to be a part of  
17 this Resolution as if set forth fully herein.

18 Section 7. The proposed property-related services, improvements or activities for the  
19 District include Maintenance, Capital Improvements, Accountability, Transparency & Citizen  
20 Services, and Operations & Contingency/Reserves:

21 **Maintenance:** Maintenance includes, but is not limited to, maintenance care for new  
22 and existing street trees, the maintenance and repair of irrigation systems, graffiti abatement  
23 patrol officers to patrol graffiti hotspots, responses to requests for the removal of trash and  
24 debris, pruning of shrubs, weed removal and fertilization, and the setting aside for the first  
25 year only assessment funds to improve the maintenance of specific spaces.

1           **Capital Improvements:** Capital Improvements includes, but is not limited to: (1)  
2 improvements to existing public realm areas, such as providing new playground equipment,  
3 new trash and recycling receptacles, new park benches, and new irrigation systems; (2) the  
4 development of new public realm areas, such as new parks, parklets, and plazas, planting  
5 new trees and related bulb-outs, installing street furniture, and constructing traffic-calming  
6 round-about, green spaces, at wide street intersections; and (3) developing green  
7 infrastructure, such as providing new recycled water collection and distribution systems, new  
8 storm water capture systems, new rainwater/storm water cisterns, and the installation of  
9 energy generation and distribution systems.

10           **Accountability, Transparency, & Citizen Services:** Accountability, Transparency, &  
11 Citizen Services includes, but is not limited to: (1) management of District affairs, such as the  
12 finances and contracts for services, management of the relationship with the City, and  
13 management of volunteer staff for the District; (2) performing marketing and communications  
14 for the District, including, without limitations, the management of public relations and media  
15 relations; (3) development of public communication and accountability, including, without  
16 limitation, designing and updating the District's website, designing and updating the District's  
17 smart phone application, and the development an outreach campaign to the City and the  
18 media to ensure understanding of the purpose, work, and accomplishments of the District;  
19 and (4) strategic planning, including, without limitation, updates to the District's "Green Vision  
20 Plan," to convey the values, mission, goals and accomplishments of the District.

21           **Operations & Contingency/Reserves:** Operations & Contingency/Reserves,  
22 includes, but is not limited to, the acquisition of insurance for operations and services,  
23 providing for the expense of audit or financial reviews, and providing for potential cost  
24 overruns for maintenance and improvement services up to 10%.

1           Section 8. Within the area encompassed by the proposed District, the City currently  
2 provides services at the same level provided to other similar areas of the City. It is the intent  
3 of the Board of Supervisors to continue to provide the area encompassed by the District with  
4 the same level of services provided to these other similar areas of the City. The  
5 establishment of the District will not affect the City's policy to continue to provide the same  
6 level of service to the areas encompassed by the District as it provides to other similar areas  
7 of the City during the duration of the District.

8           Section 9. The annual total assessments proposed to be levied and collected for the  
9 first year of the District (FY2025-2026) is estimated to be \$ 900,190. The assessments for  
10 years two through fifteen (FYs 2026-2027 through 2040 - 2041) may be increased from one  
11 year to the next by a percentage that does not exceed either the change in the Consumer  
12 Price Index for All Urban Consumers in the San Francisco-Oakland-San Jose Consolidated  
13 Metropolitan Statistical Area (the "CPI"), or seven percent (7%), whichever is less. A parcel's  
14 assessment also may increase in the event of future development of the parcel, based on the  
15 assessment methodology in the Management Plan and Engineer's Report.

16           Section 10. Environmental Findings. Following the approval of this Resolution, the  
17 Planning Department shall determine whether the actions contemplated in this Resolution are  
18 in compliance with the California Environmental Quality Act (California Public Resource Code,  
19 Sections 21000 et seq.), and respond in writing to the Clerk of the Board of Supervisors prior  
20 to the Board's public hearing on the renewal of the District on July 22, 2025, at 3:00 p.m.

21           Section 11. The Clerk of the Board is directed to give notice of the public hearing as  
22 provided in California Streets and Highways Code, Section 36623, California Government  
23 Code, Section 53753, California Constitution, Article XIID Section 4, San Francisco Charter,  
24 Section 16.112, and San Francisco Administrative Code, Section 67.7-1.

## Section 1

### Management District Plan Summary

The Dogpatch & NW Potrero Hill Green Benefit District (“GBD”) is being renewed, pursuant to the California Constitution and the Property and Business Improvement District Law of 1994, as amended and augmented by Article 15A of the San Francisco Business and Tax Regulations Code.

Developed by the GBD Renewal Steering Committee, a committee of the Dogpatch & NW Potrero Hill Green Benefit District (GBD) Board of Directors, in coordination with the San Francisco Office of Public Works, the GBD Management District Plan describes how the GBD will improve and convey special benefits to assessed parcels located within the Dogpatch & NW Potrero Hill Green Benefit District (GBD) area. The GBD will provide services that create and care for green, resilient, and vibrant urban spaces across Dogpatch and NW Potrero Hill. The properties within the boundaries of both zones of the GBD are a mix of residential, commercial, industrial and green spaces. Services and improvements provided by the District are designed to provide special benefits to each of these property types. The programs will enhance the social, physical and mental health of residents and workers.

Since its establishment in 2015, the GBD has maintained and improved 110,000 sq ft of parks and greenspaces, adding seating, paths, gathering areas, and sports and exercise amenities. The GBD has added an additional 36,800 sq ft of greenspace in the district and has replaced 20,000 sq ft of asphalt and concrete with permeable landscaping. The GBD has secured enhanced amenities for the district by agreeing to maintain street trees and sidewalks gardens and similar streetscape projects.

<b>Location</b>	The Dogpatch & NW Potrero Hill Green Benefit District (GBD) comprises two distinct zones: (1) the Dogpatch Neighborhood and (2) NW Potrero Hill. (See Maps)
<b>Boundary</b>	See Section 2, page 7 and map, pages 9-11.
<b>Improvements, Activities, Services</b>	<p>The GBD will finance activities and improvements that will provide direct benefit to the assessed parcels, to improve the District’s environment in the following ways:</p> <p><u>Maintenance and Capital Improvements</u></p> <p>District-wide public realm maintenance may include, but is not limited to:</p> <ul style="list-style-type: none"><li>- Tree care - including pruning, watering and new trees</li><li>- Irrigation systems management - maintain and repair irrigation systems and supply water</li><li>- Graffiti patrol - graffiti removal</li></ul>

- Trash & debris patrol - litter and debris pick-up
- sidewalk repair
- Horticulture
- Weed removal
- Turf care

Capital Improvement Programs may consist of, but are not limited to, the following:

- Improvements to the existing public realm such as: playground equipment, trash and recycling receptacles, new park benches, new lighting systems, new wayfinding signage, landscaping, irrigations systems, stormwater retention systems, new gardens, dog runs and dog parks
- Development of new public realm may include but is not limited to: green spaces, new street trees, bulb-outs, street furniture, and traffic calming green islands
- Development of green infrastructure may include but is not limited to: new recycled water collection and distribution systems, stormwater capture, enhance existing green infrastructure

#### Outreach & Advocacy

These programs may include but are not limited to the following:

- Marketing and communications
- Public relations
- Website and social media
- Activation of public spaces with events
- Coordination with city agencies

#### Operations & Contingency Reserves

Administrative staff oversees the GBD's services which are delivered seven days a week. Administrative operations also include accounting, financial, insurance, professional services and legal.

<b>Budget</b>			
	<b>EXPENDITURES</b>	<b>TOTAL BUDGET</b>	<b>% of Budget</b>
	Maintenance & Capital Improvements	\$674,893	75%
	Outreach & Advocacy	\$64,086	7%
	Operations	\$161,211	18%
	<b>Total Expenditures</b>	<b>\$900,190</b>	<b>100.00%</b>
	<b>REVENUES</b>		
	Assessment Revenues	\$882,186.20	98%
	General Benefit (other revenue)	\$18,003.80	2%
	<b>Total Revenues</b>	<b>\$900,190</b>	<b>100.00%</b>
<b>Method of Financing</b>	Levy of assessments upon real property that specially benefit from improvements and activities.		
<b>Assessments</b>	The method of apportioning benefits to parcels within the GBD reflects the proportional special benefit that each property receives from the GBD services, activities and improvements, based upon the characteristics for each parcel. The services include public realm area maintenance, capital improvements, outreach & advocacy and organizational operations. The assessments are allocated among the specially benefiting parcels based on lot square footage, building square footage and land use.		

	Assessment rates by parcel land use	Zone 1	Zone 2
	Commercial/residential/other parcels (standard rate)	\$0.1136	\$0.1136
	Vacant parcels (standard rate)	\$0.1136	\$0.1136
	Industrial parcels (weighted at 50%)	\$0.0568	\$0.0568
	Green parcels (weighted at 25%)	\$0.0284	\$0.0284
	Limited access parcels (weighted at 12.5%)	\$0.0142	\$0.0142
<b>Annual Assessment Increase</b>	Expenditures may require an annual adjustment up or down to continue the intended level of programs and services. In no case shall these annual assessment increases exceed 7%. Total assessment revenue may also increase based on development in the District. The determination of annual adjustments in assessment rates will be subject to the approval of the GBD's Board of Directors		
<b>City Services</b>	The City and County of San Francisco has established and documented the base level of pre-existing City services. The GBD will not replace any pre-existing general City services.		
<b>Collection</b>	GBD assessments generally appear as a separate line item on the San Francisco City and County property tax bills.		
<b>District Governance</b>	The City will contract with the Owners' Association (the Dogpatch & NW Potrero Green Benefit District (GBD)) to provide the day-to-day operations and carry out the services as provided for in this Management District Plan.		
<b>District Renewal</b>	GBD renewal requires property owner approval through a two-step voting process in which the votes are weighted		

	<p>according to the proportional financial obligation of each affected property. The voting process is as follows:</p> <ol style="list-style-type: none"> <li>1. Property owners representing at least 30% of assessments proposed to be levied must submit a signed petition to the San Francisco Board of Supervisors.</li> <li>2. If the Board of Supervisors adopts a “resolution of intent” to establish the District, the property owners will receive notice of the proposed assessment and a Ballot, with instructions on how to return the Ballot to the City.</li> </ol> <p>Ballots are weighted by the amount of assessment to be paid. If returned ballots voting in support of renewing the District are equal to or greater than those opposed, the Board of Supervisors may vote to establish the GBD.</p>
<b>Duration</b>	The Dogpatch & NW Potrero Hill GBD will have a 15-year life beginning July 1, 2025 and ending December 31, 2040.

### Current & Proposed Boundaries

# Green Benefit District

## Zone 2 NW Potrero Hill Current & Proposed Boundaries

## **Section 3**

### **District Improvement and Activity Plan**

#### **Process to Renew the GBD and its Improvement and Activity Plan**

---

In November of 2012, a group of community leaders from the Dogpatch and NW Potrero Hill neighborhoods convened with Build Public, a D.B.A of UP Urban Inc., a local non-profit organization, to explore the potential of forming a Green Benefit District (“GBD”). The community’s goals for a GBD were defined as:

- a desire to improve maintenance of existing publicly accessible green spaces, including open space, and parks, informal community gardens, and sidewalk greenings;
- to develop new “green infrastructure”;
- to improve the long term ecological health of the neighborhood; and,
- to fund the creation of new open spaces, parks and gardens.

A GBD Formation Committee (the “Formation Committee”) made up of landowners, tenants, developers, condominium owners, renters and advocates for open space, parks, and gardens was established to guide the formation process and ensure that a diversity of community opinions and voices were incorporated into the GBD’s vision, mission, and budget proposals to the community. After 8 months of extensive outreach, public meetings, and a professionally designed survey, querying residents about their interest and goals, NW Potrero Hill and the Dogpatch emerged as the two areas with the greatest support for the formation of a GBD.

The Resolution to Establish the GBD was approved by the San Francisco Board of Supervisors on July 31, 2015. The Department of Public Works indicated its intent to accept management and oversight of the GBD in an agreement dated November 17, 2015. That agreement was approved by the Board of Supervisors on December 16, 2015.

Since its establishment, the GBD has maintained and improved 110,000 sq ft of parks and greenspaces, adding seating, paths, gathering areas, and sports and exercise amenities. The GBD has added an additional 36,800 sq ft of greenspace in the district and has replaced 20,000 sq ft of asphalt and concrete with permeable landscaping. The GBD has secured enhanced amenities for the district by agreeing to maintain street trees and sidewalks gardens installed as part of streetscape projects.

In the late summer of 2023, the GBD Board of Directors created a Renewal Steering Committee to renew the GBD after it expires in July 2025. The mission of the Dogpatch & NW Potrero Hill GBD is to clean, maintain, enhance and expand public realm areas in the Dogpatch & NW Potrero Hill neighborhoods. The GBD will continue to provide the following benefits to the property owners and other stakeholders of the district:

- Provide maintenance of Public Realm areas in the GBD as defined by Subsection 15A.2(1) of

the San Francisco Business and Tax Regulation Code. Public Realm areas are outdoor spaces open to the public that include but are not limited to parks, plazas, parklets, sidewalks, unimproved areas, landscaped areas and gardens.

- Support capital improvements to Public Realm areas.
- Provide owners with direct oversight in the administration of all funds and a high-level of transparency and accountability in how funds are spent.
- Provide a steady source of revenue and leverage local GBD capital.
- Distribute costs and benefits fairly and proportionately across property owners in the GBD.

The proposed services are based on the needs of the GBD and will provide particular and distinct benefits to each of the GBD parcels. The services provided by the GBD are designed to meet the needs of the retail, residential, parking, non-profit, publicly-owned, office, and mixed-use parcels that make up the GBD and provide special benefit to each of the assessed parcels. The services are provided only to the assessed parcels and are not provided to parcels outside the GBD.

The total improvement and activity plan budget for the GBD in 2025 is projected at \$900,190. Of the total budget, \$882,186.20 is attributable to providing special benefits and is therefore funded by property assessments. General benefit from the GBD budget is calculated to be \$18,003.80 and is not funded by assessment revenue. The budget is made up of the following components:

## **Maintenance and Capital Improvements**

---

The capital improvements plan includes improvement of existing public realm areas, the creation of new public realm areas and the establishment of new green infrastructure in the GBD. The maintenance service plan for the GBD includes activities like tree care, graffiti removal, trash and debris removal and maintenance for all public realm areas in the GBD. The special benefit to parcels from these services includes increased safety and security, reduced maintenance costs, as well as increased commercial activity which directly relates to increases in lease rates, and increased usage and quality of life for district businesses and residents.

## **Outreach and Advocacy**

---

Programs may consist of but are not limited to, the following: branding, communication, activation of public spaces, media relations, website, social media, and stakeholder outreach.

## **Operations**

---

The improvements and activities of the GBD are managed by a professional staff that requires centralized administrative support. Administration staff oversee the GBD's services, which are delivered seven days a week. Administration staff actively work on behalf of the GBD parcels and advocate to ensure that City and County services and policies support the GBD. Included in this item is grant writing, office expenses, professional services such as accounting and legal, organizational expenses such as insurance and the cost to conduct a yearly financial review. GBD funds from the Administration category may be used for renewing the GBD.

## **Baseline City Services**

---

The City currently provides a baseline of services to the Dogpatch and NW Potrero Hill neighborhoods, based upon annual City budget allocations. By adopting this Management Plan, the Board of Supervisors will confirm and guarantee a baseline level of service equivalent to that begin provided in similar areas of the City. Throughout the duration of the GBD, these services will be maintained consistently with other similar areas of the City. The services, activities and improvements funded by the GBD annual assessments are in addition to those already provided by the City and County of San Francisco (CCSF). These City services are enhanced by collaborative partnership and careful coordination with the GBD.

The tables below give recent information on CCSF's existing cleaning and maintenance services for the Dogpatch and NW Potrero Hill neighborhoods, provided by SF Rec & Park and DPW.

<b>SF Rec &amp; Park Baseline Services</b>

<b>DPW Baseline Services for Zone 1: Dogpatch</b>		
<b>Services</b>	<b>Frequency</b>	
Mechanical street sweep	DPW mechanically sweeps on a regular basis.	
Litter patrol workfare crew	The Dogpatch neighborhood is in DPW's Zone E, which has a litter patrol seven days a week from 6:00 am-3:00 pm. This area is also serviced by a roving litter patrol to pick up light debris.	
Graffiti removal services	Public graffiti removal is on an as-needed basis per service requests from 311. A private graffiti inspector is assigned to this area to post Notices of Violation to remove graffiti, which can also be called in through 311.	
Street tree maintenance	City-owned street trees are watered regularly for the first three years and inspected for trimming every several years on an as-needed basis.	
Public litter receptacles	City Trash cans are serviced daily by DPW and Recology.	

Code enforcement (environmental, safety, cleanliness, and litter laws)	Recology responds to calls from 311 or DPW for illegal dumping. If a city trash can is missing a liner/door/lock or needs to be painted, then a service request is generated by staff or 311. DPW provides regular education and enforcement of sidewalk cleanliness standards with property owners on an as-needed basis and in response to calls to 311.
Sidewalk steam cleaning/power washing	Sidewalks are private property owners' responsibility. DPW responds to calls for steam cleaning of human/dog waste on the sidewalk per public health hazard.

SFMTA Baseline Services for Woods Yard Muni Park
SFMTA's obligations to perform the Routine Maintenance on the Playground Improvement shall not exceed \$15,000 per each SFMTA fiscal year. Routine Maintenance of the Playground Improvements includes:
-Daily sweeping, removal of graffiti from sidewalks and the Playground Improvements as needed, maintenance of landscaping as needed.

-Monthly inspection of Playground Improvements for any cracking, rust, or splinters, and for bubbling, crackling, or fading of any painted surface; monthly inspection of mulch/fiber, gravel, sand, and loose synthetic features to remove debris and sharp objects, and annual replenishment of such mulch/fiber, gravel, sand and loose synthetic features as needed.

-Annual inspection of the Playground Improvements for structural integrity and proper anchoring to surface areas; annual stripping, re-painting, and touch-up of any painted or finished surfaces; annual inspection of surface areas for gaps, settling, and non-level transition areas; annual patching of any damage to the protective coating on the retaining walls at the Playground.

In addition to maintenance of the Playground Improvement, SFMTA performs approximately 3 hours a week of routine maintenance activities on Woods Yard Muni Park including mowing, raking, pruning, trash pick-up, and irrigation as needed.

## **Section 4**

### **Dogpatch & NW Potrero Hill GBD Assessment Budget**

#### **Fifteen-Year Operating Budget**

---

A projected fifteen-year operating budget for the Dogpatch & NW Potrero Hill GBD is provided below. The projections are based upon the following assumptions:

The cost of providing programs and services may vary depending on the change in market cost for those programs and services. Expenditures may require an annual adjustment up or down to continue the intended level of programs and services. Annual adjustments in assessment rates will be subject to the approval of the GBD Board of Directors. The projections below illustrate a 7% annual increase as an example for all budget items for the purpose of this Management District Plan. Assessment income may also increase based on development in the GBD.

The GBD Board of Directors shall have the right to reallocate up to 10% by line item of the budget allocation within the budgeted categories. Any change beyond 10% will be subject to approval by the board of directors and submitted to the City and County of San Francisco within the GBD's annual planning report, pursuant to Section 36650 of the California Streets and Highways Code. The overall budget shall remain consistent with this Management District Plan. Each assessed parcel's assessment shall be no greater than its proportionate share of the special benefits received.

<b>Fiscal Year</b>	<b>Total Budget</b>
2025/26	\$900,190
2026/27	\$963,203
2027/28	\$1,030,628

2028/29	\$1,102,771
2029/30	\$1,179,965
2030/31	\$1,262,563
2031/32	\$1,350,942
2032/33	\$1,445,508
2033/34	\$1,546,694
2034/35	\$1,654,963
2035/36	\$1,770,810
2036/37	\$1,894,767
2037/38	\$2,027,400
2038/39	\$2,169,318
2039/40	\$2,321,171

### **Future Development**

The above table is based on the GBD's current development status and does not account for possible increases to assessments due to changes to the parcel characteristics that are used to allocate special benefits (e.g., building square footage). The amount of each parcel's assessment will depend on the existing assessment rates as well as the specific characteristics of the parcel, as explained in further detail below in Section 5. Each parcel will be assessed on a prorated basis from the date it receives a temporary and/or permanent certificate of occupancy. Thus, changes to a parcel may result in corresponding revisions to the assessments. Over time, the total assessments levied in the GBD likely will increase as parcels are developed.

## **Section 5 Assessment Methodology**

### **General**

---

This Management District Plan provides for the levy of assessments to fund services and activities that specially benefit real property in the Dogpatch & NW Potrero Green Benefit District (GBD). These assessments are not taxes for the general benefit of the City, but are assessments on the parcels in the GBD to cover the cost of providing those parcels special benefits.

As provided by State Law, the GBD assessment will appear as a separate line item on the

annual San Francisco County property tax bills, or by a special manual bill prepared by the GBD, and either paid in one lump sum or in two equal installments. Laws for enforcement and collection of property taxes also apply to the GBD assessment

## **Assessment Factors**

---

The method of apportioning benefits to parcels within the GBD reflects the proportional special benefit assigned to each property from the GBD services, activities and improvements based upon the various property characteristics for each parcel as compared to other properties within the GBD. The special benefits stem from public realm area maintenance, capital improvements, outreach & advocacy and organizational operations, therefore, lot square footage, building square footage and land use have been used as the assessment variables for the special benefit calculation.

Each parcel's proportional special benefit from the GBD activities is determined by analyzing two land use factors: Building Square Footage and Lot Square Footage. Each of these factors as well as land use type are an indication of the potential pedestrian traffic or number of park users that may be generated from each parcel. These land use factors are an equitable way to identify the proportional special benefit that each of the parcels receive. Together, these land use factors serve as the basic unit of measure to calculate how much special benefit each parcel receives in relationship to the district as a whole, which is the basis to then proportionately allocate the cost of the special benefits.

Building square footage is defined as the total building square footage as determined by the outside measurements of a building. The gross building square footage is taken from the County of San Francisco Assessor's records.

Lot Square Footage and Building Square Footage - Lot Square Footage is used for vacant undeveloped parcels (parcels containing no built structures) and "Greenspace Parcels" and Building Square footage is used for all developed parcels, such as Commercial, Residential and Industrial parcels. These assessment variables acknowledge the special benefits received both at the ground level and distributed throughout the buildings.

- Building Square Footage is defined as gross building square footage as determined by the outside measurements of a building recorded with the San Francisco Assessor's Office.
- Lot Square Footage is defined as the total amount of area within the borders of the parcel. The borders of a parcel are recorded on the Assessor's parcel maps.

Property Use Considerations - The assessment methodology provides the following treatments for various types of land uses:

- Commercial Parcels: Those parcels classified and recorded as commercial property by the Assessor. Commercial parcels are assessed at the standard rate based on building square footage. The parcels generate the highest level of pedestrian traffic and potential park users.

- Residential Parcels: Those parcels classified and recorded as residential property by the Assessor. Residential parcels are assessed at the standard rate based on building square footage. The parcels also generate the highest level of pedestrian traffic and potential park users.
- Industrial Parcels: Those parcels classified as and recorded as Industrial by the Assessor. Industrial Parcels are assessed at 50% of the building square footage rate. Industrial parcels will not benefit to the same degree as either Residential or Commercial Parcels. On average, Industrial Parcels have fifty percent (50%) or fewer occupants per square foot than either Residential or Commercial Parcels. Therefore, Industrial Parcels do not receive the same level of benefit from the GBD's services and improvements. Due to the reduced level of benefit these parcels receive, their assessment will be reduced by 50% of the standard assessment rate. If, however, any Industrial Parcel changes its use it will be subject to the assessment rate associated with the new land use.
- Greenspace Parcels: Those parcels occupied by park, landscaping, or open space amenities. Vacant publicly-owned parcels located within the GBD are currently designated as "Greenspaces" in the Management Plan because they either have a park, landscaping or open space amenities as their primary land use. Examples include Esprit Park, Woods Yard Mini-Park and many of the landscaped parcels adjacent to Interstate 280 in Dogpatch, and Fallen Bridge Park and many landscaped parcels adjacent to Interstate 101 in NW Potrero Hill. Greenspace Parcels are assessed at 25% of the standard rate based on Lot Square Footage. Greenspace Parcels will receive some direct benefit in the form of new maintenance and capital improvements funded by the GBD. However, due to the fact that these parcels do not contain any permanent buildings that contain residents, customers, or employees that benefit from the activities of the GBD, the level of benefit these parcels receive is significantly less than the level of benefits received by Residential, Commercial, or Industrial Parcels. To account for this lower benefit, Greenspace Parcels are assessed at 25% of the standard assessment.
- Limited Access Parcels: Those parcels that have no Building Square Footage and/or are used solely to access Caltrans facilities or are occupied by Interstate 280 and where pedestrian access is limited. These parcels do not contain any permanent buildings that contain residents, customers, or employees that benefit from the activities of the GBD. The level of benefit these parcels do receive is significantly less than the level of benefits that Residential, Commercial, or Industrial Parcels receive. Limited Access Parcels will receive some direct benefit of the GBD services in the form of street cleaning (which prevents debris from accumulating on vacant parcels), and graffiti abatement. Limited Access Parcels will be assessed at 12.5% of the standard assessment to account for the direct benefits received.

Each one of these land use factors represents the benefit units allocated to each specially benefitted parcel.

The total number of benefit units in the GBD are as follows:

### **Assessable Footage**

<b>Zone 1</b>	<b>Building Sq Ft</b>	<b>Lot Sq Ft</b>	<b>Adjusted Weight</b>

\*Green parcels are weighted at 25%.

\*Limited Access parcels are weighted at 12.5%.

### **Special Benefit Analysis**

The assessments outlined in this report are for property-related activities that are specifically intended for and directly benefiting each individual assessed parcel in the District. The activities provide special benefits because they affect the parcels in a way that is particular and distinct from how they affect other real property or the public at large. No parcel's assessment shall be greater than its proportionate share of the costs of the special benefits received.

Streets and Highways Code Section 36601(e) states that "Property and business improvement districts formed throughout this state have conferred special benefits upon properties and businesses within their districts and have made those properties and businesses more useful by providing the following benefits: (1) Crime reduction. A study by the Rand Corporation has confirmed a 12-percent reduction in the incidence of robbery and an 8-percent reduction in the total incidence of violent crimes within the 30 districts studied. (2) Job creation. (3) Business attraction. (4) Business retention. (5) Economic growth. (6) New investments."

The Dogpatch & NW Potrero GBD's goal is to fund activities and improvements that will clean, enhance, expand and maintain open spaces, parks and gardens, provide a more clean, and environmentally-appealing neighborhood, and increase the area's vitality.

The GBD will provide special benefits through the following:

- Cleaner sidewalks, streets, and common areas
- Well maintained open spaces, parks and gardens
- Greater pedestrian traffic
- Enhanced rental incomes
- Improved business climate
- New business and investment
- Well-managed GBD programs and services

Specifically, each parcel specially benefits from the Dogpatch & NW Potrero GBD activities as defined below.

### ***Maintenance and Capital Improvements***

The maintenance and capital improvement activities specially benefit each assessed parcel within the Dogpatch & NW Potrero GBD by providing clean, well-maintained, enhanced and expanded greenspaces and public realm which creates an aesthetically pleasing and ecologically healthy environment. These activities create the environment needed to achieve the GBD's goals and are more extensive than the City's baseline level of activities and are intended to provide care and enhancement of open space, parks, and gardens; tree care; irrigation systems management; graffiti patrol; trash and debris patrol. The special benefit to the District's assessed parcels include benefits like increased maintainance, the development of open space parks and gardens, personal life enhancement, and economic investment in the neighborhood.

Some of the special benefits that well-maintained parks and greenspaces provide to residential parcels is their ability to attract and retain its residents and to improve quality of life, such as:

- Personal Benefits:
  - Nearby destinations for recreation and exercise
  - Opportunities for entertainment (fairs, special events) and fun
  - Opportunities for learning and education (classes, organized activities)
  - Quiet, scenic places to enhance relaxation
- Social Benefits:
  - Gathering places to interact with neighbors
  - Participation in neighborhood events and group activities
  - Opportunities to make new friends
  - Socializing between children and adults
  - Community pride and a sense of belonging
- Environmental Benefits:
  - Open spaces with fresh air
  - Natural areas with trees, gardens and wildlife
  - Green outdoor spaces to soften a dense urban setting

### ***Outreach and Advocacy***

The Outreach and Advocacy activities consist of services provided directly to the assessed parcels. For example, the district will maintain a website, social media, stakeholder communications, volunteer activities, events and activations. These activities will specially benefit each assessed parcel by encouraging increased pedestrian activity and use of greenspaces and parks and promoting environmental stewardship of the GBD improvements.

### ***Operations***

The Dogpatch & NW Potrero GBD requires a professional staff to properly manage programs, communicate with stakeholders, advocate with City/County departments, and provide leadership. Each parcel will specially benefit from the Dogpatch & NW Potrero GBD Administration staff that will ensure that the Dogpatch & NW Potrero GBD services are provided as detailed in this Management District Plan and will provide leadership to represent the community with one clear voice.

### ***Special Benefit Conclusion***

Based on the special benefits each assessed parcel receives from the Dogpatch & NW Potrero GBD activities, we conclude that each of the proposed activities provides special benefits to the real property within the Dogpatch & NW Potrero GBD and that each parcel's assessment is in direct relationship to and no greater than the special benefits received.

The special benefit to parcels from the proposed Dogpatch & NW Potrero GBD activities and improvements described in this report is the basis for allocating the proposed assessments. Each individual assessed parcel's assessment does not exceed the reasonable cost of the proportionate special benefit it receives from the Dogpatch & NW Potrero GBD activities.

### ***General Benefit Analysis***

As required by the State Constitution Article XIID Section 4(a), the general benefits of an assessment district must be quantified and separated out so that the cost of the activities that are attributed to general benefit are deducted from the cost assessed against each specially benefitted parcel. General benefits are benefits from the GBD activities and improvements that are not special in nature, are not particular and distinct and are not over and above the benefits that other parcels receive.

The GBD improvements and activities are designed to provide service only to those parcels that are within the district boundary. As discussed above, these activities are determined to provide special benefits only to the assessed parcels. If there is any general benefit to property located in the district or to the public at large, it is incidental to providing special benefits to the assessed parcels, as defined in the amended State Law. However, it is conceivable that there may be some general benefit that is not quantifiable, and it is judicious to allocate a portion of the budget to acknowledge this.

For the purposes of the Dogpatch-NW Potrero Hill GBD, we assigned 2.0%, or \$18,003.80 of the budget to general benefit. This portion of the budget will need to be funded from sources other than the special assessments.

## **Calculation of Assessments**

The proportionate special benefit derived by each identified parcel shall be determined in relation to the special benefits provided by the services across the entire Dogpatch & NW Potrero GBD. The proposed services are narrowly defined to confer a particular and distinct benefit to the parcels within the Dogpatch & NW Potrero GBD. To pay for these special benefits, these parcels will be assessed at a rate that covers each parcel's proportionate share of the special benefits received. Only special benefits are assessable and these benefits must be separated from any general benefits. The Engineer's Report has calculated that 2% of the benefits provided by the Dogpatch & NW Potrero GBD are general in nature, and cannot be paid for with assessments. Assessments will cover the remaining 98% of the GBD budget. (See Section E, Page 12 of the Engineer's Report for discussion of general and special benefits.)

## **Benefit Zones**

Article XIID of the California Constitution requires that special assessments be levied according to the special benefit each individual parcel receives from the improvements. In order to match assessments to special benefits, the levels of appropriate service delivery were determined by analyzing the current conditions of the Dogpatch & NW Potrero GBD and quantifying the amount of services that are needed to be delivered to parcels, and projecting future needs over the term of the Dogpatch & NW Potrero GBD, in order to produce a common level of service throughout the Dogpatch & NW Potrero GBD. All parcels within the Dogpatch & NW Potrero GBD will receive services and be assessed using the same assessment method and rate structure.

## **Assessments**

Example of annual budget for year one:

	<b>Assessment Budget</b>	<b>Percent of Budget</b>	<b>Number Sq. Ft.</b>	<b>Percentage of Total Sq. Ft.</b>
Zone 1 -Dogpatch	\$746,373.63	85%	6,572,973.00	85%
Zone 2-NW Potrero Hill	\$135,812.57	15%	1,195,739.13	15%
Total Assessment Budget	\$882,186.20	98%	7,768,712.13	100%
General Benefit Budget	\$18,003.80	2%		
Total Budget Year One	\$900,190.00	100%		

Based on the individual parcels benefit zone, land use classification and special benefit from the GBD activities the following illustrates the first year's maximum annual assessment rates:

Assessment Rates by Parcel Land Use	Zone 1	Zone 2
Commercial/Residential/Other (standard rate)	\$0.1136	\$0.1136
Vacant Parcels (standard rate)	\$0.1136	\$0.1136
Industrial (weighted @ 50%)	\$0.0568	\$0.0568
Green (weighted @ 25%)	\$0.0284	\$0.0284
Limited Access (weighted at 12.5%)	\$0.0142	\$0.0142

Commercial/Residential/Other parcels assessed on building square footage

Vacant parcels assessed on lot square footage

Industrial parcels assessed on building square footage

Green parcels assessed on lot square footage

Limited Access parcels assessed on lot square footage

**The Zone 1** assessment rates are determined by the following calculation:

Zone 1 Assessment Budget = \$746,373.63

Zone 1 Standard Assessment Rate (Comm/Res/Vacant) -

Assessment Budget \$746,373.63 / 6,572,973 Assessable Sq Ft = \$0.1136

Zone 1 Industrial Assessment Rate-

Standard Rate \$0.1136 x 0.50 = \$0.0568

Zone 1 Green Assessment Rate-

Standard Rate \$0.1136 x 0.25 = \$0.0284

Zone 1 Limited Access Assessment Rate-

Standard Rate \$0.1136 x 0.125 = \$0.0142

To calculate each parcel's assessment, multiply each parcel's Building Square Footage or Lot Square Footage assessable square footage by the appropriate assessment rate for that benefit zone. For example:

The assessment for a commercial/residential parcel in Zone 1 with a 10,000 square foot building is:

10,000 x \$0.1136 = \$1,136.00 annual parcel assessment

The assessment for a vacant parcel in Zone 1 with a 10,000 square foot lot is:

10,000 x \$0.1136 = \$1,136.00 annual parcel assessment

The assessment for a industrial parcel in Zone 1 with a 10,000 square foot building is:  
 $10,000 \times \$0.0568 = \$568.00$  annual parcel assessment

The assessment for a green parcel in Zone 1 with a 10,000 square foot lot is:  
 $10,000 \times \$0.0284 = \$284.00$  annual parcel assessment

The assessment for a limited access parcel in Zone 1 with a 10,000 square foot lot is:  
 $10,000 \times \$0.0124 = \$124.00$  annual parcel assessment

**The Zone 2** assessment rates are determined by the following calculation:

Zone 2 Assessment Budget = \$135,812.57

Zone 2 Standard Assessment Rate (Comm/Res/Vacant) -  
Assessment Budget \$135,812.57 / 1,195,739.13 Assessable Sq Ft = \$0.1136

Zone 2 Industrial Assessment Rate-  
Standard Rate \$0.1136 x 0.50 = \$0.568

Zone 2 Green Assessment Rate-  
Standard Rate \$0.1136 x 0.25 = \$0.284

Zone 2 Limited Access Assessment Rate-  
Standard Rate \$0.1136 x 0.125 = \$0.0142

To calculate each parcel's assessment, multiply each parcel's Building Square Footage or Lot Square Footage assessable square footage by the appropriate assessment rate for that benefit zone. For example:

The assessment for a commercial/residential parcel in Zone 2 with a 10,000 square foot building is:  
 $10,000 \times \$0.1136 = \$1,136.00$  annual parcel assessment

The assessment for a vacant parcel in Zone 2 with a 10,000 square foot lot is:  
 $10,000 \times \$0.1136 = \$1,136.00$  annual parcel assessment

The assessment for a industrial parcel in Zone 2 with a 10,000 square foot building is:  
 $10,000 \times \$0.0568 = \$568.00$  annual parcel assessment

The assessment for a green parcel in Zone 2 with a 10,000 square foot lot is:  
 $10,000 \times \$0.0284 = \$284.00$  annual parcel assessment

The assessment for a limited access parcel in Zone 2 with a 10,000 square foot lot is:  
 $10,000 \times \$0.0124 = \$124.00$  annual parcel assessment

The projections below illustrate a maximum 7% annual increase for all assessment rates.

### **Maximum Annual Assessment Adjustments**

The cost of providing programs and services may vary depending on the change in market cost for those programs and services. Expenditures may require an annual adjustment up or down to continue the intended level of programs and services. Annual assessment increases will not exceed 7% per year. Increases will be determined by the GBD Board of Directors. Assessments will vary between 0% and 7% in any given year. Any annual budget surplus, including those created through cost saving measures, labor vacancies, unexpected reductions in expenses caused by one-time events or unanticipated increases to income, will be rolled into the following year's budget, including surpluses from the prior year's budget. The budget will be set accordingly, within the constraints of the Management District Plan, to adjust for surpluses that are carried forward to ensure that the District is spending these funds in a timely manner and is complying with applicable State laws and City policies. The estimated budget surplus amount will be included in the annual report each year and submitted to the City within its annual planning report, pursuant to Section 36650 of the California Streets and Highways Code.

### **Budget Adjustments**

Any annual budget surplus will be rolled into the following year's Dogpatch & NW Potrero GBD budget. The budget will be set accordingly, within the constraints of the Management District Plan to adjust for surpluses that are carried forward. Dogpatch & NW Potrero GBD funds may also be used for renewal of the Dogpatch & NW Potrero GBD. Funds from an expired Dogpatch & NW Potrero GBD shall be rolled over into the renewed Dogpatch & NW Potrero GBD if one is established or returned to the property owners if one is not established, in accordance with Streets and Highways Code section 36671.

### **Assessment Roll Corrections**

If an error is discovered on a parcel's assessed footages or land use type, the Dogpatch & NW Potrero GBD may investigate and correct the error after confirming the correction with the San Francisco City and County Assessor Data. The correction will be made in accordance with the assessment methodology and may result in an increase or decrease to the parcel's assessment.

A property owner who believes that the assessment roll contains an error (for example, if it overstates

the amount of assessable square footage) must submit a written request for review to the Dogpatch & NW Potrero GBD prior to April 1 of each year. Corrections shall be limited to the current assessment year and will not be considered for prior years.

### **Future Development**

The proposed assessment rates as defined above are based on the Dogpatch & NW Potrero GBD's current development status and does not account for possible increases to assessments due to changes in parcel characteristics that are used to allocate special benefits (e.g., building square footage). The amount of each parcel's assessment will depend on the existing assessment rates as well as the specific characteristics of the parcel, as explained in further detail above in Section 4. Each parcel will be assessed on a prorated basis from the date it receives a temporary and/or permanent certificate of occupancy. Thus, changes to a parcel may result in corresponding revisions to the assessments. Over time the total assessments levied in the Dogpatch & NW Potrero GBD may increase as parcels are developed. Parcels that experience a loss of building square footage need to notify the Dogpatch & NW Potrero GBD of changes by April 1st of each year.

### **Time and Manner for Collecting Assessments**

As provided by State Law, the Dogpatch & NW Potrero GBD assessment will appear as a separate line item on the annual San Francisco County property tax bills and either paid in one lump sum or in two equal installments. Laws for enforcement and collection of property taxes also apply to the Dogpatch & NW Potrero GBD assessment.

### **Disestablishment**

There will be a 30-day period each year during which property owners will have the opportunity to request disestablishment of the GBD. This 30-day period begins each year on the anniversary of the date the GBD was established. Within that 30-day period, if a written petition is submitted by the owners of real property who pay 50% or more of the assessments levied, the Board of Supervisors shall convene a hearing on whether to disestablish the Dogpatch & NW Potrero GBD. In addition, a majority of the Board of Supervisors (six members) may initiate disestablishment at any time based on misappropriation of funds, malfeasance, or violation of law in connection with management of the Dogpatch & NW Potrero GBD. And a supermajority (eight members) of the Board of Supervisors may initiate disestablishment proceedings for any reason. All outstanding bonds, financing leases, or similar obligations of the City payable from or secured by the GBD assessment must be paid prior to disestablishment of the GBD.

### **Bond Issuance**

The Dogpatch & NW Potrero GBD will not issue Bonds.

### **Public Property Assessments**

Proposition 218 provides that no parcel can be assessed for more than its fair share of special benefits, including public property. All publicly-owned parcels, including parcels owned by the State of California and City and County of San Francisco, will pay their proportional share of costs based on the special benefits conferred to those individual parcels. These parcels specially benefit from the activities and improvements as described above. The publicly-owned parcels and their assessments within the Dogpatch & NW Potrero GBD boundary are listed below.

## Section 6 Governance

The City and County of San Francisco may contract with a non-profit organization to provide the day-to-day operations of the Dogpatch & NW Potrero GBD. The non-profit organization will act as the Owners' Association and governing board for the Dogpatch & NW Potrero GBD. In this case the Owner's Association will be the Dogpatch & NW Potrero Green Benefit District ("GBD") governed by its Board of Directors. Their role is consistent with similar Community Benefit Districts and management organizations throughout California. The Board determines budgets, assessment adjustments, and monitors service delivery.

The Board of Directors, selected by the property owners, will represent a cross section of property

owners and tenants found throughout the Dogpatch & NW Potrero GBD and Green Space Advocates. At least 50% of the Board members will be property owners that pay an assessment and, per City requirements, at least 20% of the members be non-property-owning residents and/or business owners within the Dogpatch & NW Potrero GBD boundary.

## Section 7 Implementation Timetable

The Dogpatch & NW Potrero GBD is expected to be established and begin implementation of the Management District Plan on January 1, 2026. The Dogpatch & NW Potrero GBD will have a fifteen-year life through December 31, 2040.

## ENGINEER'S STATEMENT

This Report is prepared pursuant to Article XIID of the California State Constitution (Proposition 218) and the State of California Property and Business Improvement District Law of 1994 as augmented by Article 15A of the San Francisco Business and Tax Regulations Code.

The Dogpatch & Northwest Potrero Hill Green Benefits District ("GBD") will provide activities either currently not provided or that are above and beyond what the City of San Francisco provides. Every individual assessed parcel within the GBD receives special benefit from the activities identified under Section B of this Report. Only the individual assessed parcels within the GBD receive the special benefit of these proposed activities; parcels contiguous to and outside the GBD and the public at large may receive a general benefit, as outlined in Section E. The cost to provide general benefits, if any, will be funded from sources other than special assessments.

The duration of the renewed GBD is fifteen (15) years, commencing January 2025 and ending December 31, 2040. An estimated budget for the GBD improvements and activities is set forth in Section D. By vote of the GBD Board of Directors (the "Board"), the budget may be increased to continue the intended level of programs and services, up to a maximum of 7% per year. Funding for the GBD improvements and activities will be derived from a property-based assessment of each specially benefitted parcel in the GBD in proportion to the benefit received. A detailed description of the methodology for determining the proportional special benefit each individual assessable parcel receives from the activities and the assessment for each parcel is set forth in Section F.

I hereby certify to the best of my professional knowledge that each of the identified assessable parcels located within the GBD will receive a special benefit over and above the benefits conferred to those parcels outside of the GBD boundary and to the public at large and that the amount of the proposed special assessment is proportional to, and no greater than the special benefits received.

Respectfully submitted,

Terrance E. Lowell, P.E.

## SECTION A: LEGISLATIVE AND JUDICIAL REVIEW

### ***Property and Business Improvement District Law of 1994***

The State Law as augmented by Article 15A of the San Francisco Business and Tax Regulations Code ("Article 15A")<sup>1</sup> is the legislation that authorizes the City to levy assessments upon the real property for the purposes of providing improvements and activities that specially benefit each individual assessed parcel in the GBD. The purpose of the GBD is to improve the neighborhood open spaces, parks, gardens and sidewalks; create an ecologically sustainable environment; and engage the community in neighborhood-based innovation and accountability. In order to meet these goals, the GBD will fund activities and improvements to Public Realm areas (see Section I: Glossary of Terms for definitions of capitalized terms). Unlike other assessment districts that fund the construction of public capital improvements or maintenance thereof, GBDs provide activities and improvements that provide special benefit to property owners. The improvements and activities funded through the GBD are over and above those already provided by the City within the GBD's boundaries.

Specifically, the Property and Business Improvement District Law of 1994 (the "State Law") defines "Improvements" and "Activities" as follows:

*"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years..."*

*"Activities" means, but is not limited to, all of the following:*

- (a) Promotion of public events which benefit businesses or real property in the district.*
- (b) Furnishing of music in any public place within the district.*
- (c) Promotion of tourism within the district.*
- (d) Marketing and economic development, including retail retention and recruitment.*
- (e) Providing safety, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.*
- (f) Activities which benefit businesses and real property located in the district.<sup>2</sup>*

Article 15A augments the State Law by authorizing assessment districts for the purpose of landscaping, improving and maintaining public realm areas, including parks, plazas, parklets, sidewalks, unimproved areas, landscaped areas and gardens. Such services, improvements and activities include maintaining the ecological system such as soil, geology, wildlife, vegetation and watersheds, and providing recreational improvements, such as repairing grass soccer fields, or installing new facilities, for example, playground equipment.

As of July 19, 2022, the State Law, Section 36615.5 (b), was amended to further define special benefit as it relates to the improvements and activities these districts provide. Specifically, the amendment states: "Special benefit also includes, for purposes of a property-based district, a particular and distinct benefit provided directly to each assessed parcel within the district. Merely

because parcels throughout an assessment district share the same special benefits does not make the benefits general.”<sup>3</sup>

### **Article XIID of the State Constitution**

In 1996, California voters approved Proposition 218, codified in part as Article XIID of the State Constitution. Among other requirements, Article XIID changes the way local agencies enact local taxes and levy assessments on real property. It states, in relevant part, that:

*(a) An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel. Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit.*

*(b) All assessments shall be supported by a detailed engineer's report prepared by a registered professional engineer certified by the State of California.*<sup>4</sup>

*"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."*<sup>5</sup>

### **Judicial Guidance**

Since the enactment of Article XIID, the courts have rendered opinions regarding various aspects of Article XIID. The notable portion of a case that applies to PBIDs in particular is noted below.

*"The engineer's report describes the services to be provided by the PBID [i.e. the PBID]; (1) security, (2) streetscape maintenance (e.g., street sweeping, gutter cleaning, graffiti removal), and (3) marketing, promotion, and special events. They are all services over and above those already provided by the City within the boundaries of the PBID. And they are particular and distinct benefits to be provided only to the properties within the PBID, not to the public at large—they 'affect the assessed property in a way that is particular and distinct from [their] effect on other parcels and that real property in general and the public at large do not share.'"*<sup>6</sup>

The contents of this Engineer's Report are prepared in compliance with the above noted authorizing State Law, the State Constitution, and the judicial opinion.

## SECTION B: IMPROVEMENTS AND ACTIVITIES

The GBD formation committee collectively determined the priority for improvements and activities that the GBD will deliver. Specifically, Maintenance and Capital Improvements, Outreach and Advocacy, and Operations, all described in greater detail in Section 3 of this Management District Plan.

## SECTION C: BENEFITTING PARCELS

### **Benefit Zones**

Article XIID of the California Constitution requires that special assessments be levied according to the special benefit each individual parcel receives from the improvements. In order to match assessments to special benefits, the levels of appropriate service delivery were determined by analyzing the current conditions of the Dogpatch & NW Potrero GBD and quantifying the amount of services that are needed to be delivered to parcels, and projecting future needs over the term of the Dogpatch & NW Potrero GBD, in order to produce a common level of service throughout the Dogpatch & NW Potrero GBD. All parcels within the Dogpatch & NW Potrero GBD will receive services and be assessed using the same assessment method and rate structure.

## SECTION D: PROPORTIONAL BENEFITS

### *Methodology*

Article XIID Section 4(a) of the State Constitution states that “The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of the public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided.”

Determining the proportionate special benefit among the parcels of real property within the proposed assessment district which benefit from the proposed improvements, services, and activities is the result of a four-step process:

1. Defining the proposed activities,
2. Determining which parcels specially benefit from the proposed activities,
3. Determining the amount of special benefit each parcel receives,
4. Determining the proportional special benefit a parcel receives in relation to the amount of special benefit all other parcels in the GBD receive.

Each identified parcel within the GBD will be assessed based upon each parcel's unique characteristics in relationship to all other specially benefitted parcels' characteristics. Due to the proportionate special benefits received by each parcel from the GBD services, each parcel will be assessed a rate which is commensurate with the amount of special benefits received.

### *Special Benefit Factors*

A determination of how much each individual assessed parcel benefits from the GBD activities and improvements is related to each parcel's lot or gross building square footage. These property characteristics as well as land use type are an indication of the potential pedestrian traffic or number of park users that may be generated from each parcel. The best measure of proportional special benefit for an individual parcel is determined by a ratio of the parcel's assessable square footage to the total assessable square footage of all parcels in the GBD boundary.

**Lot Square Footage or Gross Building Square Footage:** In calculating assessments, Lot Square Footage is used for vacant undeveloped parcels (parcels containing no built structures) and “Greenspace Parcels” (see definition below) and Building Square Footage is used for all developed parcels. These assessment variables acknowledge the special benefits received both at the ground level and distributed throughout the buildings.

**Building Square Footage:** Defined as gross building square footage as determined by the outside measurements of a building recorded with the San Francisco Assessor's Office.

**Lot Square Footage:** Defined as the total amount of area within the borders of the parcel. The borders of a parcel are recorded on the Assessor's parcel maps.

## **Property Use Considerations**

---

The assessment methodology provides the following treatments for various types of land uses:

- **Commercial Parcels:** Those parcels classified and recorded as commercial property by the Assessor. Commercial parcels are assessed at the standard rate based on building square footage. The parcels generate the highest level of pedestrian traffic and potential park users.
- **Residential Parcels:** Those parcels classified and recorded as residential property by the Assessor. Residential parcels are assessed at the standard rate based on building square footage. The parcels also generate the highest level of pedestrian traffic and potential park users.
- **Industrial Parcels:** Those parcels classified as and recorded as Industrial by the Assessor. Industrial Parcels are assessed at 50% of the standard rate based on building square footage. Industrial parcels will not benefit to the same degree as either Residential or Commercial Parcels. On average, Industrial Parcels have fifty percent (50%) or fewer occupants per square foot than either Residential or Commercial Parcels. Therefore, Industrial Parcels do not receive the same level of benefit from the GBD's services and improvements. Due to the reduced level of benefit these parcels receive, their assessment will be reduced by 50% of the standard assessment rate. If, however, any Industrial Parcel changes its use it will be subject to the assessment rate associated with the new land use.
- **Greenspace Parcels:** Those parcels occupied by park, landscaping, or open source amenities. Vacant publicly-owned parcels located within the GBD are currently designated as "Greenspaces" in the Management Plan because they either have a park, landscaping or open space amenities as their primary land use. Examples include Esprit Park, Woods Yard Mini-Park and many of the landscaped parcels adjacent to Interstate 280 in Dogpatch, and Fallen Bridge Park and many landscaped parcels adjacent to Interstate 101 in NW Potrero Hill. Greenspace Parcels are assessed at 25% of the standard rate based on Lot Square Footage. Greenspace Parcels will receive some direct benefit in the form of new maintenance and capital improvements funded by the GBD. However, due to the fact that these parcels do not contain any permanent buildings that contain residents, customers, or employees that benefit from the activities of the GBD, the level of benefit these parcels receive is significantly less than the level of benefits received by Residential, Commercial, or Industrial Parcels. To account for this lower benefit, Greenspace Parcels are assessed at 25% of the standard assessment.
- **Limited Access Parcels:** Those parcels that have no Building Square Footage and/or are used solely to access Caltrans facilities or are occupied by Interstate 280 and where pedestrian access is limited. These parcels do not contain any permanent buildings that contain residents, customers, or employees that benefit from the activities of the GBD. The level of benefit these parcels do receive is significantly less than the level of benefits that Residential, Commercial, or Industrial Parcels receive. Limited Access Parcels will receive some direct benefit of the GBD services in the form of street cleaning (which prevents debris from accumulating on vacant parcels), and graffiti abatement. Limited Access

Parcels will be assessed at 12.5% of the standard assessment to account for the direct benefits received.

### New Assessments for a Change in Land Use

If any parcel within the GBD changes land use because it is developed or redeveloped during the life of the GBD, it will be subject to the assessment rate consistent with the building Square Footage and use classification assigned by the Assessor's Office as a result of the new development or redevelopment.

### Benefit Units

Each one of the Special Benefit Factors and Property Uses represents the benefit units allocated to each specially benefitted parcel. The total number of assessable benefit units in the GBD are as follows:

Benefit Zone	Benefit Units		
	Building SF	Lot SF	Adjusted Weight
<b>Zone 1</b>

## SECTION E: SPECIAL and GENERAL BENEFITS

### **Special Benefit Defined**

State Law, Proposition 218, and judicial opinions require that assessments be levied according to the estimated special benefit each assessed parcel receives from the activities and improvements. Article XIID Section 4(a) of the California Constitution in part states that “only special benefits are assessable”.

The State Law defines special benefit as “...for purposes of a property-based district, a particular and distinct benefit over and above general benefits conferred on real property located in a district or to the public at large. Special benefit includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed. Special benefit excludes general enhancement of property value.”<sup>7</sup>

As of July 19, 2022, the State Law, Section 36615.5 (b), was amended to further define special benefit as it relates to the improvements and activities these districts provide. Specifically, the amendment states: “‘Special benefit’ also includes, for purposes of a property-based district, a particular and distinct benefit provided directly to each assessed parcel within the district. Merely because parcels throughout an assessment district share the same special benefit does not make the benefits general.”

Furthermore, the amendment (Section 36622(k)(3)) states: “In a property-based district, properties throughout the district may share the same special benefits. In a district with boundaries that define which parcels are to receive improvements, maintenance, or activities over and above those services provided by the city, the improvements, maintenance or activities themselves may constitute a special benefit. The city may impose assessments that are less than the proportional special benefit conferred but shall not impose assessments that exceed the reasonable costs of the proportional special benefit conferred. Because one or more parcels pay less than the special benefit conferred does not necessarily mean that other parcels are assessed more than the reasonable cost of their special benefit.”

### **Special Benefit Analysis**

In the 2014 San Francisco Infrastructure Level of Service Analysis, the San Francisco Planning Department defined one of its target Level of Service (LOS) metrics for recreation and open space as a half-mile/10-minute walk radius.<sup>8</sup> As the study explains, “a stock measure of accessibility is a ten-minute walk, which is roughly equivalent to a half-mile distance.” This half-mile/10-minute walk service area radius identifies those parcels that stand to benefit from the proposed GBD services, improvements, and activities for Green Spaces within the district. As such, each assessed parcel receives direct special benefits from the proposed GBD services, improvements, and activities. Every parcel’s special benefit from these services, improvements, and activities is equal to or exceeds the amount of the proposed assessment.

<sup>8</sup> AECOM. San Francisco Infrastructure Level of Service Analysis March 2014. San Francisco Planning Department, Table 7, p. 20.

In addition, each of the GBD Improvement and activities is designed to meet the goals of the GBD:

- Improve maintenance of open spaces, parks, plazas, parklets, gardens, and sidewalks (and anything within Public Realm areas)
- Build neighborhood capacity to enhance existing, and create new open spaces, parks, and gardens.
- Advocate for the delivery of CCSF's existing commitments to our neighborhood parks, Public Realm areas, and services.
- Create a more ecologically sustainable urban environment with sidewalk greening and green infrastructure projects for plant, animal, insect habitats, air quality management, and watershed management.
- Create a new model of "open-source" neighborhood-level governance, by providing state-of-the-art citizen engagement technology, and an accessible and transparent management framework.
- Actively engage the community with the use of online tools that allow citizens to track the GBD's performance and finances, participate in decision-making and fiscal management, and "crowd-source" new capital project ideas.

Each of these is designed to create a more vibrant environment that will enhance the economic benefits to each parcel and thus creating a special benefit to all assessed parcels. In addition, it will enhance the social, physical and mental health of residents and workers.

Inasmuch as all activities will be provided to each of the individual assessable parcels within the District boundary and no activities will be provided to any parcel outside of the District boundary, and whereas these activities are above and beyond what the City currently provides with its General Fund, the assessments levied are only for the special benefits received. As stated in the Management District Plan, the GBD's mission statement and purpose is to clean, enhance, expand and maintain open spaces, parks, and gardens in the Dogpatch and Northwest Potrero Hill neighborhoods; fund public activities and improvements that will provide a more clean, and environmentally-appealing neighborhood, and increase the area's economic vitality.

### **Maintenance and Capital Improvements**

The maintenance activities are more extensive than the City's baseline level of activities and are intended to provide: care and enhancement of open space, parks, and gardens; tree care; irrigation systems management; graffiti patrol; trash and debris patrol; and an initial maintenance jumpstart.

The special benefit to the District's assessed parcels from the GBD maintaining and developing open space, parks and gardens ranges from personal life enhancement to economic investment in the neighborhood.

Some of the special benefits that well-maintained parks and greenspaces provide to residential parcels is their ability to attract and retain its residents and to improve quality of life, such as<sup>9</sup>:

- Personal Benefits:
  - o Nearby destinations for recreation and exercise

---

<sup>9</sup> Godby, Geoffrey, Graefe, Alan, and James, Stephen. 1992. *The Benefits of Local Recreation and Park Activities - A Nationwide Study of the Perceptions of the American Public*. The National Recreation and Parks Association.

- o Opportunities for entertainment (fairs, special events) and fun
  - o Opportunities for learning and education (classes, organized activities)
  - o Quiet, scenic places to enhance relaxation
- Social Benefits:
  - o Gathering places to interact with neighbors
  - o Participation in neighborhood events and group activities
  - o Opportunities to make new friends
  - o Socializing between children and adults
  - o Community pride and a sense of belonging
- Environmental Benefits:
  - o Open spaces with fresh air
  - o Natural areas with trees, gardens, and wildlife
  - o Green outdoor spaces to soften a dense urban setting.

In addition, parks, greenspaces, and an enhanced public realm also provide an economic special benefit to all assessed parcels because pockets of scenic open space help attract investment into the community and to commercial and residential parcels specifically. One study<sup>10</sup> found that:

- Parks and open space create a high quality of life that attracts businesses and residents to communities.
- Corporate CEOs say that employee quality of life is the third most important factor in locating a new business.
- Small company owners say recreation, parks, and open space are the highest priority in choosing a new location for their business.
- Urban parks, gardens, and recreational open space stimulate commercial growth.
- Open space boosts local economies by attracting tourists and supporting outdoor recreation.
- Across the U.S., access to parks and open space has become a measure of community wealth – a tool for attracting businesses and residents by guaranteeing quality of life and economic health.

Other studies show that corporations and businesses acknowledge that there is a renewed emphasis on the placemaking and environment in which they are located and that it has never been more important to their image and their ability to recruit and retain a talented employee base, as presented in Richard Florida's book, *The Creative Class*. Businesses view parks as an extension of their building that offers numerous amenities to its employees. Since businesses are more in tune with their employee's well-being they are looking for business locations that will offer such amenities for its employees. The following two case studies demonstrate the economic special benefit commercial property owners receive from their buildings being adjacent to or near a park.

**Bryant Park, New York** – Between 1990-2002, asking rents for commercial office space near Bryant Park increased from 114% to 225% as compared to increases ranging from 41% to 73% in the surrounding submarkets. For example, the Grace Building on 42<sup>nd</sup> Street saw asking rents

---

<sup>10</sup> Lerner, Steve and Poole, William, 2009. *The Economic Benefits of Parks and Open Space - How Land Conservation Helps Communities Grow Smart and Protect the Bottom Line*. Trust for Public Land. June 22.

rise more than 114% through 2002. A \$10-per-square-foot increase in rent translated to \$13 million in additional rent for the 1.3 million-square-foot building.<sup>11</sup>

**Shaw Park, Clayton, Missouri** – Office properties in the business district fronting Shaw Park “achieve the highest lease rates in the St. Louis region, and operate at high occupancies.”<sup>12</sup>

Some of the additional special benefits that well-maintained Parks and Green Spaces will provide to Commercial Parcels within the GBD include the following:

- Space for employees to take lunch breaks<sup>13</sup>
- Space for employees to take work breaks<sup>14</sup>
- Space for employees to relax and de-stress<sup>15</sup>
- Decreased tenant turnover rates<sup>16</sup>
- Increased foot traffic

### **Outreach and Advocacy**

The Outreach and Advocacy activities consist of services provided directly to the assessed parcels. For example, the district will highlight the special benefits that the assessed parcels are receiving through a website, social media, stakeholder communications, volunteer activities, events and activations. These activities will specially benefit each assessed parcel by encouraging an increased pedestrian activity and access to greenspaces and parks.

### **Operations**

The Dogpatch & NW Potrero GBD requires a professional staff to properly manage programs, communicate with stakeholders, advocate with City/County departments, and provide leadership. Each parcel will specially benefit from the Dogpatch & NW Potrero GBD Administration staff that will ensure that the Dogpatch & NW Potrero GBD services are provided as detailed in this Management District Plan and will provide leadership to represent the community with one clear voice.

### **Special Benefit Conclusion**

The fact that each GBD improvement and activity defined above will be provided to each assessed parcel is above and beyond what the city currently provides constitutes a special benefit. In addition, the GBD activities are targeted to clean, enhance, expand and maintain open spaces, parks, and gardens in the Dogpatch and Northwest Potrero Hill neighborhoods. Therefore, we conclude that each of the proposed activities provides special benefits to the assessed parcels within the district and that each parcel's assessment is in direct relationship to and no greater than its proportional special benefits received.

### **General Benefit Defined**

As required by the State Constitution Article XIID Section 4(a), the general benefits of an assessment district must be quantified and separated out so that the cost of the activities that are attributed to general benefit are deducted from the cost assessed against each specially benefitted parcel. General benefits are benefits from the GBD activities and improvements that are not special in nature, are not particular and distinct and are not over and above the benefits that other parcels receive.

### **General Benefit Analysis**

The GBD improvements and activities are designed to provide service only to those parcels that are within the district boundary. As discussed above, these activities are determined to provide special benefits only to the assessed parcels. If there is any general benefit to property located in the district or to the public at large, it is incidental to providing special benefits to the assessed parcels, as defined in the amended State Law. However, it is conceivable that there may be some general benefit that is not quantifiable, and it is judicious to allocate a portion of the budget to acknowledge this.

For the purposes of the Dogpatch-NW Portero Hill GBD, we assigned 2.0%, or \$18,003.80 of the budget to general benefit. This portion of the budget will need to be funded from sources other than the special assessments.

## SECTION F: COST ESTIMATE

### 2026 GBD Budget

The GBD's operating budget takes into consideration:

1. The improvements and activities needed to provide special benefits to each individual parcel within the GBD boundary (Section B),
2. The parcels that specially benefit from said improvements and activities (Section C), and
3. The costs associated with the special and general benefits conferred (Section E).

#### **Budget Notations**

The cost of providing programs and services may vary depending on the market cost for those programs and services. Expenditures may require adjustment up or down to continue the intended level of programs and services. The Board of Directors of the Owner's Association shall have the right to reallocate up to 10% by line item of the budget allocation within the budgeted categories. Any change will be approved by the Owners' Association Board of Directors and submitted within its annual planning report, pursuant to Section 36650 of the California Streets and Highways Code. The overall budget shall remain consistent with this Management District Plan. Each assessed parcel pays for 100% of the special benefit received based on the level of benefit received. Any annual budget surplus, including those created through cost saving measures, labor vacancies, unexpected reductions in expenses caused by one-time events or unanticipated increases to income, will be rolled into the following year's budget. The carryover funds will be applied to the same budget line item as the line item that was the source of the carryover funds. The budget will be set accordingly, within the constraints of the Management District Plan, to adjust for surpluses that are carried forward to ensure that the District is spending these funds in a timely manner and is complying with applicable State laws and City policies. The estimated budget surplus amount will be included in the Annual Planning Report each year. District funds may be used for renewal. Funds from an expired District shall be rolled over into the new District if one is established or returned to the property owners if one is not established, in

accordance with Streets and Highways Code section 36671. The amount of actual prior year carryover funds, if any, from the 2025 budget will be applied to the 2026 District budget. The funds will be applied to the same budget line item in 2026 as the line item in 2025 that was the source of the carryover funds.

### **Bond Issuance**

The District will not issue bonds.

## **SECTION G: APPORTIONMENT METHOD**

### ***Assessment Methodology***

The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of an improvement or the cleaning and operation expenses of an improvement or the cost of the property service being provided. Due to the proportionate special benefits received by these individual parcels from the District services, these parcels will be assessed a rate which is proportionate to the amount of special benefits received.

As previously discussed above in Section D, the methodology for allocating the cost of the special benefits is allocated to Building Square Footage and Lot Square Footage as well as the property use type. The table below indicates the assessable footage for each.

Benefit Zone	Benefit Units		
	Building SF	Lot SF	Adjusted Weight
<b>Zone 1</b>

\*Limited Access parcels are weighted at 12.5%.

## Calculation of Assessments

Based on the budget allocated to each benefit zone, special benefit factors, and property use allocations, all of which are discussed above, the following table illustrates the maximum first year annual assessment per assessable benefit unit for each benefit zone. Note, assessment rates are rounded off to the fourth decimal place and a parcel's assessment may vary slightly when calculated using the assessment rates below.

Assessment Rates by Parcel Land Use	Zone 1	Zone 2
Commercial/Residential/Other (standard rate)	\$0.1136	\$0.1136
Vacant Parcels (standard rate)	\$0.1136	\$0.1136
Industrial Parcels (weighted @ 50%)	\$0.0568	\$0.0568
Green Parcels (weighted @ 25%)	\$0.0284	\$0.0284
Limited Access Parcels (weighted @ 12.5%)	\$0.0124	\$0.0124

Commercial/Residential/Other parcels assessed on building square footage

Vacant parcels assessed on lot square footage

Industrial parcels assessed on building square footage

Green parcels assessed on lot square footage

Limited Access parcels assessed on lot square footage

**The Zone 1** assessment rates are determined by the following calculation:

Zone 1 Assessment Budget = \$746,373.63

Zone 1 Standard Assessment Rate (Comm/Res/Vacant) -  
 Assessment Budget \$746,373.63 / 6,572,973 Assessable Sq Ft = \$0.1136

Zone 1 Industrial Assessment Rate-  
 Standard Rate \$0.1136 x 0.50 = \$0.0568

Zone 1 Green Assessment Rate-  
 Standard Rate \$0.1136 x 0.25 = \$0.0284

Zone 1 Limited Access Assessment Rate-  
 Standard Rate \$0.1136 x 0.125 = \$0.0142

To calculate each parcel's assessment, multiply each parcel's Building Square Footage or Lot

Square Footage assessable square footage by the appropriate assessment rate for that benefit zone. For example:

The assessment for a commercial/residential parcel in Zone 1 with a 10,000 square foot building is:

$$10,000 \times \$0.1136 = \$1,136.00 \text{ annual parcel assessment}$$

The assessment for a vacant parcel in Zone 1 with a 10,000 square foot lot is:

$$10,000 \times \$0.1136 = \$1,136.00 \text{ annual parcel assessment}$$

The assessment for a industrial parcel in Zone 1 with a 10,000 square foot building is:

$$10,000 \times \$0.0568 = \$568.00 \text{ annual parcel assessment}$$

The assessment for a green parcel in Zone 1 with a 10,000 square foot lot is:

$$10,000 \times \$0.0284 = \$284.00 \text{ annual parcel assessment}$$

The assessment for a limited access parcel in Zone 1 with a 10,000 square foot lot is:

$$10,000 \times \$0.0124 = \$124.00 \text{ annual parcel assessment}$$

**The Zone 2** assessment rates are determined by the following calculation:

$$\text{Zone 2 Assessment Budget} = \$135,812.57$$

Zone 2 Standard Assessment Rate (Comm/Res/Vacant) -

$$\text{Assessment Budget } \$135,812.57 / 1,195,739.13 \text{ Assessable Sq Ft} = \$0.1136$$

Zone 2 Industrial Assessment Rate-

$$\text{Standard Rate } \$0.1136 \times 0.50 = \$0.568$$

Zone 2 Green Assessment Rate-

$$\text{Standard Rate } \$0.1136 \times 0.25 = \$0.284$$

Zone 2 Limited Access Assessment Rate-

$$\text{Standard Rate } \$0.1136 \times 0.125 = \$0.0142$$

To calculate each parcel's assessment, multiply each parcel's Building Square Footage or Lot Square Footage assessable square footage by the appropriate assessment rate for that benefit zone. For example:

The assessment for a commercial/residential parcel in Zone 2 with a 10,000 square foot building is:

$$10,000 \times \$0.1136 = \$1,136.00 \text{ annual parcel assessment}$$

The assessment for a vacant parcel in Zone 2 with a 10,000 square foot lot is:

$$10,000 \times \$0.1136 = \$1,136.00 \text{ annual parcel assessment}$$

The assessment for a industrial parcel in Zone 2 with a 10,000 square foot building is:

$$10,000 \times \$0.0568 = \$568.00 \text{ annual parcel assessment}$$

The assessment for a green parcel in Zone 2 with a 10,000 square foot lot is:  
 $10,000 \times \$0.0284 = \$284.00$  annual parcel assessment

The assessment for a limited access parcel in Zone 2 with a 10,000 square foot lot is:  
 $10,000 \times \$0.0124 = \$124.00$  annual parcel assessment

### **Government Assessments**

---

The Dogpatch-Northwest Potrero Hill GBD will provide all the improvements and activities to the City and County of San Francisco or any other government-owned parcels within the GBD boundary. All publicly-owned parcels will pay their proportional share of costs based on the special benefits conferred to those individual parcels. Public owned parcels will receive special benefit in the form of potential increased use of the public facilities, increased attraction and retention of employees, which directly relates to fulfilling their public service mission. Article XIII D of the California Constitution was added in November of 1996 to provide for these assessments. It specifically states in Section 4(a) that *"Parcels within a district that are owned or used by any agency...shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit."*

### **Maximum Annual Assessment Adjustments**

---

The cost of providing programs and services may vary depending on the change in market cost for those programs and services. Expenditures may require an annual adjustment up or down to continue the intended level of programs and services. Annual assessment increases will not exceed 7% per year. Increases will be determined by the GBD Board of Directors. Assessments will vary between 0% and 7% in any given year. Any annual budget surplus, including those created through cost saving measures, labor vacancies, unexpected reductions in expenses caused by one-time events or unanticipated increases to income, will be rolled into the following year's budget, including surpluses from the prior year's budget. The budget will be set accordingly, within the constraints of the Management District Plan, to adjust for surpluses that are carried forward to ensure that the District is spending these funds in a timely manner and is complying with applicable State laws and City policies. The estimated budget surplus amount will be included in the annual report each year and submitted to the City within its annual planning report, pursuant to Section 36650 of the California Streets and Highways Code.

Re: Dogpatch Northwest Potrero Hill - Green Benefit District Petition Submittal Renewal

Dear Board of Supervisors,

Please find attached the written petitions signed by property owners in the proposed Dogpatch NW Potrero Hill Green Benefit District (GBD) who are in favor of the assessment and who will pay more than 30% of the assessments proposed to be levied. We are pleased to report that the GBD has met the requisite threshold for the Board of Supervisors to initiate proceedings to renew the GBD.

The following summarizes the status of the petitions returned:

**Yes Petitions:** 279 Individual "Yes" petitions representing 341 parcels

**Percentage Yes:** 32.6% representing total assessment in favor

**No Petitions:** 32 number of owners in opposition

**Percentage:** 1.40% of total assessment in opposition

Sincerely,

Dear GAO Committee Members,

I'm a 20-plus year long-term resident of Dogpatch, and writing to **urge you to vote YES to affirm the renewal of the Dogpatch and Northwest Potrero Hill Green Benefit District (GBD)**. Now that more than 32% (weighted) of the assessed properties representing 340 individual parcels have voted by petition to renew the GBD, your approval will enable the Board of Elections to put this measure to a final vote by special ballot sent to all district property owners.

By renewing the GBD's charter for another 15 years, the city and district property owners will enable the GBD to continue providing vital services that significantly improve our neighborhoods' quality of life, property values, and vibrancy, as it has since its founding in 2015.

Who we are and what we've done:

- The GBD is a 501(c)3 nonprofit organization supported by special property tax assessments dedicated to creating and maintaining clean, green, and beautiful public spaces in our mixed-use neighborhoods.
- Over the past 10 years, we've more than tripled the number of green and public open spaces in our district, from 2 to 7 acres, creating and maintaining beloved parks and green spaces including Woods Yard Park, Minnesota Grove, Progress Park, Fallen Bridge and the Potrero Gateway, to name just a few.
- We've leveraged \$5M in property assessment dollars three times, raising over \$16M through donations and civic and private sector funds over the past eight years.

Without the GBD, we risk losing all this progress. The city has no alternative plan to maintain these spaces that bring such value to our neighborhoods. If the GBD folds, the open spaces and community gathering places we now enjoy would fall back into neglect, blight, and disrepair.

The GBD is a model for how public-private partnerships can work. The GBD has brought residents, businesses, and institutions like UCSF together in service of a shared vision: a

cleaner, greener, more connected community. I ask you to help us preserve that vision by renewing the GBD's charter for another 15 years.

Thank you for your consideration and your service to our city.

Dear GAO Committee Members,

I hope this email finds you well. I am writing on behalf of the Dogpatch Neighborhood Association (DNA) to express our enthusiastic support for the renewal of the Dogpatch and Northwest Potrero Hill Green Benefit District (GBD). Over the past decade, the DNA has been fortunate to work in close partnership with the GBD, who, in turn, has served as a wonderful and effective steward of our community.

Now that more than 32% (weighted) of the assessed properties representing 340 individual parcels have voted by petition to renew the GBD, your approval will enable the Board of Elections to issue a special ballot to all district property owners in order that this measure can be put to a final vote. Ultimately, the successful renewal of the GBD's charter for another 15 years will enable the GBD to continue providing vital services that significantly improve our neighborhoods' quality of life, property values, and vibrancy, as it has since its founding in 2015.

Over the last decade, the GBD has substantially transformed our community for the better. As a 501(c)3 nonprofit organization supported by special property tax assessments dedicated to creating and maintaining clean, green, and beautiful public spaces in our mixed-use neighborhoods, the GBD has more than tripled the number of green and public open spaces in our district, from 2 to 7 acres, creating and maintaining beloved parks and green spaces including Woods Yard Park, Minnesota Grove, Progress Park, Fallen Bridge and the Potrero Gateway, to name just a few. The GBD has also leveraged \$5M in property assessment dollars three times, raising over \$16M through donations and civic and private sector funds over the past eight years.

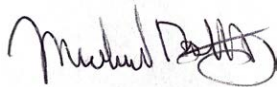

Were the GBD not to be renewed, our community risks losing all of the gains we have

made over the past decade. The city has no alternative plan to maintain these valuable and now essential neighborhood spaces. Without the GBD, the open spaces and community gathering places we now enjoy would fall back into neglect, blight, and deterioration. As the representative voice for our community, the DNA believes that the GBD is crucial to the continued health and stability of Dogpatch and surrounding neighborhoods.

The GBD is a model for how public-private partnerships can work. The GBD has brought residents, businesses, and institutions like UCSF together in service of a shared vision: a cleaner, greener, more connected community. The Dogpatch Neighborhood Association unequivocally supports the GBD and requests you to help our neighborhood preserve that vision by renewing the GBD's charter for another 15 years.

Thank you for your consideration and your service to our city.

Dear GAO Committee,

As a resident of NW Potrero Hill I urge you to approve the renewal of the Dogpatch and NW Potrero Hill Green Benefit District (GBD). My family has benefitted from the improvements that have beautified formerly blighted public spaces as a result of the 101 freeway running through the neighborhood. Freeways bring blight and the GBD has been indispensable in countering that—creating and maintaining beautiful mini-parks nearby such as Benches Garden and the new Potrero Gateway-- which also includes pedestrian and bike safety improvements, native gardens creating biodiversity, and public art in this formerly dirty and unappealing passage under the freeway.

My block on San Bruno Avenue has asked to be part of the new renewed GBD as an extension of the district in order to continue and expand the good urban greening work.

Without the GBD we risk losing all of this progress. The public spaces would fall back into disrepair. As a member of the Potrero Gateway Steering Committee I would see 10 years of work to make this project come to fruition go to waste with a return to blighted conditions. This is an investment of public funds worth maintaining.

The GBD is a model for how public-private partnerships can work. The GBD has brought residents, businesses, and institutions like UCSF together in service of a shared vision: a cleaner, greener, more connected community. I ask you to help us preserve that vision by renewing the GBD's charter for another 15 years.

Thank you for your consideration and your service to our city.

My life is better, every day, because of the efforts of this fantastic group. From the neighborhood's parks, including the beautiful dog run and the bocci court next door, through building new green spaces and managing all of the maintenance with trash pickup and the excellent gardener team, as well as a strong voice on our behalf with different City and County Departments, the Dogpatch and Potrero neighborhoods would surely suffer if the Charter is not renewed.

Who we are and what we've done:

The GBD is a 501(c)3 nonprofit organization supported by special property tax assessments dedicated to creating and maintaining clean, green, and beautiful public spaces in our mixed-use neighborhoods. By renewing the GBD's charter for another 15 years, the city and district property owners will enable the GBD to continue providing vital services that significantly improve our neighborhoods' quality of life, property values, and vibrancy, as it has since its founding in 2015.

•

Without the GBD, we risk losing all of this progress. The city has no alternative plan to maintain these spaces that bring such value to our neighborhoods. If the GBD folds, the open spaces and community gathering places we now enjoy would fall back into neglect, blight, and disrepair.

The GBD is a model for how public-private partnerships can work. The GBD has brought residents, businesses, and institutions like UCSF together in service of a shared vision: a cleaner, greener, more connected community. I ask you to help us preserve that vision by renewing the GBD's charter for another 15 years.

Thank you for your consideration and your service to our city.

Sincerely,

Dear GAO Committee Members,

I hope this email finds you well. I'm a resident of the Dogpatch neighborhood, and I'm writing to urge you to approve moving forward with the renewal of the Dogpatch and Northwest Potrero Hill Green Benefit District (GBD). Now that more than 32% (weighted) of the assessed properties representing 340 individual parcels have voted by petition to renew the GBD, your approval will enable the Board of Elections to put this measure to a final vote by special ballot sent to all district property owners.

By renewing the GBD's charter for another 15 years, the city and district property owners will enable the GBD to continue providing vital services that significantly improve our neighborhoods' quality of life, property values, and vibrancy, as it has since its founding in 2015.

The GBD is a 501(c)3 nonprofit organization supported by special property tax assessments dedicated to creating and maintaining clean, green, and beautiful public spaces in our mixed-use neighborhoods.

Thank you for your consideration and your service to our city.

Sincerely,  
Jason Kelly Johnson

# Dogpatch & Northwest Potrero Hill Green Benefit District

## Renewal (2025 - 2040)

City and County of San Francisco  
Board of Supervisors  
GAO Committee  
May 15, 2025

# DNWPH GBD - Our Impact

3x

## Increased **green space** by more than 3 times

The GBD increased the amount of green and public spaces from an original 2 to 7 acres of open space within the district —that's triple!

## Leveraged **funding** by more than 3 times

The GBD has raised over \$16M through donations and civic and private sector funds that supplement annual property assessments of \$5M over 8 years. This funding improves and maintains our neighborhood-championed public green spaces.

# Dogpatch & NW Potrero Hill GBD Renewal

- New 15 year term (January 1, 2026– December 31, 2040)
- Marginal increase to GBD boundaries
- Proposed Annual Assessment: \$882,000
- Continue street and sidewalk trash & debris removal and graffiti patrol and abatement
- Continue to maintain, landscape and green our public open spaces
- Continue to provide capital improvements to the existing public realm and develop new public open green spaces
- Continue community engagement activity

32.60% (weighted) of assessed properties representing 340 individual parcels submitted favorable petitions. (30% required to trigger a ballot measure.)
