Good afternoon Brent,

Thanks for the update and BOS meeting scheduled on this item. Jason and/or I will be attending the Board meeting tomorrow to answer any question or concern BOS and/or public may have.

The appraisal and negotiation of relic cable car parts value (not many experts in that valuation space) caused the initial delay and then COVID/Pandemic related facility closures occurred adding further delays to the exercising of the option by Friends of The Cable Car Museum.

Good morning,

As you are aware, your following item was heard in the Budget & Finance Committee on May 4, 2022, and forwarded to the full Board for May 10, 2022:

- **File No. 220209** - Management and Operation Agreement Amendment - Retroactive - Friends of the Cable Car Museum - Cable Car Museum - Term Extension

This legislation authorizes “retroactive” approval. Due to the full Board’s concerns regarding “retroactive” approvals, please make sure you - or a department representative - will be in attendance to answer any questions or concerns when the full Board considers this matter.

If you would like to include additional written explanation regarding the “retroactive” approval, please forward to me and I will disseminate to the Members and include in the legislative file.

Thank you for your continued collaboration on the legislative process.

Regards,

**Brent Jalipa**
