This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am writing to you to express my support of Supervisor Stefani's Nonprofit Auditing Ordinance and urge you to vote in support of it.

The City currently spends \$1.7 billion on contracts with over 600 nonprofits. While many of these organizations provide valuable services to our communities, the City's lack of guidelines for these contracts has resulted in waste and redundancy.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

Sincerely,
Margaret ODriscoll
San Francisco, CA 94127

I am writing to you to express my support of Supervisor Stefani's Nonprofit Auditing Ordinance and urge you to vote in support of it.

The City currently spends \$1.7 billion on contracts with over 600 nonprofits. While many of these organizations provide valuable services to our communities, the City's lack of guidelines for these contracts has resulted in waste and redundancy.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

Sincerely,
Forrest Liu

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

Sincerely,
David Lehr
San Francisco, CA 94123

Date: Sunday, November 5, 2023 7:44:02 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am writing to you to express my support of Supervisor Stefani's Nonprofit Auditing Ordinance and urge you to vote in support of it.

The City currently spends \$1.7 billion on contracts with over 600 nonprofits. While many of these organizations provide valuable services to our communities, the City's lack of guidelines for these contracts has resulted in waste and redundancy.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.
