Comment - "I oppose the grand amendment - Urban Alchemy - Shelter Services and Operations - 711 Post St for \$4,879,570 starting September 30, 2025 and ending March 31, 2026. No extension or additional money should be granted to Urban Alchemy until they're proven fiscal responsibility and have been cleared from the nonprofit city watchlist. Urban Alchemy finds themselves under scrutiny and on the city nonprofit watchlist. For two years straight. Urban alchemy has failed to demonstrate employee output and have adequately detailed how their employees are spending their time. across Urban Alchemy's programs. Please Board do not let the gift keep gifting. Instead deny this grant extension and start restoring public trust with non-profit related grant agreements."
