Say NO to Court Fees, Golf Hikes, and Paid Parking in our Parks!

Message:

Dear San Francisco Board of Supervisors,

I'm writing to voice my opposition to the package of new fees being proposed for San Francisco's public parks, including a \$5 per hour reservation fee for tennis and pickleball courts, increased golf fees, and paid parking in Golden Gate Park.

These are public goods, funded by taxpayers, and they should remain free and accessible to all. Imposing additional charges creates a paywall on public space, undermining equity and disproportionately impacting low-income residents, youth, seniors, and people with disabilities.

It should not be the public's burden to bail out city departments through fees that limit access.

Please vote no on these measures and protect public space for everyone.

Dear Mayor Lurie,

This effectively blocks families on a budget from going to Golden Gate Park.

I'm writing to ask you to put residents first and not implement the package of new charges approved by the Board of Supervisors in San Francisco's public parks, which includes a \$5 per hour reservation fee for tennis and pickleball courts, increased golf fees, and paid parking in Golden Gate Park.

BOS Members

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,
-Tom

Dear San Francisco Board of Supervisors,

I'm writing to voice my opposition to the package of new fees being proposed for San Francisco's public parks, including a \$5 per hour reservation fee for tennis and pickleball courts, increased golf fees, and paid parking in Golden Gate Park.

These are public goods, funded by taxpayers, and they should remain free and accessible to all. Imposing additional charges creates a paywall on public space, undermining equity and disproportionately impacting low-income residents, youth, seniors, and people with disabilities.

It should not be the public's burden to bail out city departments through fees that limit access.

Please vote no on these measures and protect public space for everyone.

Sincerely,

Say NO to Court Fees, Golf Hikes, and Paid Parking in our Parks!

Message:

Dear San Francisco Board of Supervisors,

I'm writing to voice my opposition to the package of new fees being proposed for San Francisco's public parks, including a \$5 per hour reservation fee for tennis and pickleball courts, increased golf fees, and paid parking in Golden Gate Park.

These are public goods, funded by taxpayers, and they should remain free and accessible to all. Imposing additional charges creates a paywall on public space, undermining equity and disproportionately impacting low-income residents, youth, seniors, and people with disabilities.

It should not be the public's burden to bail out city departments through fees that limit access.

Please vote no on these measures and protect public space for everyone.

Sincerely,

Vote Against Charging for Use of Public Tennis Courts

Message:

Dear San Francisco Recreation & Parks Department and the Budget and Appropriations Committee,

I'm writing to voice my opposition to the proposed \$5/hour reservation fee for public tennis and pickleball courts. This policy undermines equitable access to public space and places a financial burden on the communities that San Francisco claims to prioritize. These courts are essential civic infrastructure, paid for with taxpayer dollars.

It should not be the public's burden to bail out city departments from the consequences of their own fiscal irresponsibility

Please reject the fee.

Thank You

Vote Against Charging for Use of Public Tennis Courts

Message:

Dear San Francisco Recreation & Parks Department and the Budget and Appropriations Committee,

I'm writing to voice my opposition to the proposed \$5/hour reservation fee for public tennis and pickleball courts. This policy undermines equitable access to public space and places a financial burden on the communities that San Francisco claims to prioritize. These courts are essential civic infrastructure, paid for with taxpayer dollars.

It should not be the public's burden to bail out city departments from the consequences of their own fiscal irresponsibility

Please reject the fee.

Thank You

BOS Members

As pickleball players, you want to charge \$5 for courts, many of which have no nets, no wind screen, lines we cannot make out as they are a light blue, no bathrooms, no water. So a piece of concrete. With no system for refunding in rain or wet fog that is fair and for charging seniors, children, and taxpayers already contributing to these parks. Vote no until a reasonable system can be applied. We are not against paying if fair.

the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,

Janine Watson

Vote Against Charging for Use of Public Tennis Courts

Message:

Dear San Francisco Recreation & Parks Department and the Budget and Appropriations Committee,

I'm writing to voice my opposition to the proposed \$5/hour reservation fee for public tennis and pickleball courts. This policy undermines equitable access to public space and places a financial burden on the communities that San Francisco claims to prioritize. These courts are essential civic infrastructure, paid for with taxpayer dollars.

Please reject the fee.

Dear Supervisors,

As the City budget shrinks, it's crucial to preserve essential services for San Franciscans. Access to green spaces for active recreation, socializing, and quiet enjoyment of nature is essential for our physical and mental health. Public parks allow us to exercise our bodies, relax and reduce stress, and connect with people. Research shows we are biophilic by nature, and being around trees and plants is essential to human well-being.

We have reviewed the Recreation and Parks budget proposals, and are impressed by how the department has sought to preserve essential services consistent with San Francisco's equity, health, and environmental goals.

We are municipalists, and believe that City government should play a robust role in providing the public infrastructure and services essential for human and biospheric well-being. However it is important to distinguish between public goods, which should be provided to equitably and at high quality free of charge, and services which ought to be publicly provided on a fee-for-service or cost-recovery basis. The latter include services which have high costs, generate negative externalities, make large demands on limited resources. Everyone should be able to access green and well-maintained parks and open spaces within a short walk of one's home, and enjoy ample opportunities for recreation, connection with nature, and structured and unstructured play. However storing one's private car in a public park is not a public good. Cars are large and space in parks is limited. Cars create health, safety, and environmental liabilities for other users of public space. Charging for parking is both fair and effective. It recovers some of the public cost of providing and maintaining automobile infrastructure, reduces conflicts over limited space, and encourages people to choose sustainable transportation alternatives more often. We have been urging SFMTA, which has chosen to cut essential transit and sustainable mobility while refusing to consider greater cost recovery for private car storage, to follow Recreation and Parks's equitable and sustainable approach. Greater cost-recovery for golf courses is also fair - golf courses require enormous amounts of public space, water, chemicals, and maintenance and serve relatively few users.

San Francisco's park system is excellent – something we should all be proud of, and a model for how we should deliver other public services. It is made possible by the diligence of Recreation and Parks staff, and R&P staffing should not be cut. Thousands of San Franciscans contribute their time and their money to caring for and improving parks and natural areas. Stewardship of public places is good for us individually - it gets us outdoors moving our bodies. It builds community. It is good for the city as a whole, including the native plants and animals we share this place with. Community stewardship of public places is far more effective with city support, including staff support (gardeners, natural resource specialists, and the community garden program, etc), design, planning, and administrative support from professional staff, and grants which can be matched with donations, philanthropy, and volunteer labor and expertise. Community stewardship has taken a hit in the last year from corruption in the Community Challenge Grant program and the collapse of San Francisco Parks Alliance. It's essential that the City continue supporting community stewardship through its programs, Recreation and Parks' partnership division, and making grants available to community groups with minimal rigamarole. Even though budget times are tough, the City should do more, not less, to support community stewardship, understanding that it's an investment rather than an expense.

The R&P budget proposal is equitable and sustainable, maintains essential services for San Franciscans, and preserves the jobs of hard-working and effective public employees. It deserves your full support.

Sincerely,

Tom Radulovich

Hello Budget Committee, and CCing Supervisor Chen (my supervisor),

I came to the budget committee meeting today to voice my support for Rec & Park. I arrived at 10am and had to leave before 2pm so did not get to provide comment in person. Below is a copy of my 1 minute of remarks I prepared. Thank you for including them in your consideration.

Kindly,
Sonya

My name is Sonya Dreizler and I'm here to urge full financial support for Rec & Park programs. I have lived in The City for 23 years and raised a family here for the last 15 of those. When my kids were little we saw lots of families leave for the suburbs because they wanted a backyard, or more community, or they wanted their kids to join a swim team.

Like many other families, my family stayed. And Rec & Park has offered all of those amenities - and more - to our kids.

— The parks offer a **collective backyard** for all city families.

— The programs - from art classes to rock climbing, summer camps to sports teams (even a **swim team!**) - are amazing for both kids and adults.

— And the sense of **community** - though hard to articulate - may be the most valuable thing Rec & Park provides. All over the city, my kids see people they know - from Rec & Park baseball teams, art camp, swim lessons, or Camp Mather. And the instructors and park staff know and look out for all the kids.

In a busy and increasingly tech focused city, Rec & Park programs and people foster *in real life* community and a deep sense of belonging. Please fully fund these people, programs, and places that make The City a great place to live.

To Mayor Lurie and the Board of Supervisors:

I hope you are not serious about a plan to charge residents of SF who use tennis/pickleball courts but not charge residents of SF who use the basketball courts or grass fields. I hope you realize that the tennis/pickleball courts require no maintenance. Grass fields used for soccer or baseball or running around require maintenance. Charge for the use of those fields, especially if you are going to charge to use tennis and/or pickleball courts. How did you decide to charge to use tennis/pickleball courts but not charge to use basketball courts or racquetball courts? If the answer is that those facilities do not require reservations, then remove the reservation system for tennis/pickleball courts.

OR charge for any RPD property that has a functional bathroom, e.g., Presidio Wall, Richmond, Parkside.

I heard that fees are being considered so there need not be layoffs. The places that use staff are the places that have facilities. Think about the Arboretum. Beautiful place that requires a lot of maintenance but is free to residents of San Francisco. That's a wonderful gift to residents of San Francisco, but it makes no sense to charge to use a concrete court that requires no maintenance and not charge for the arboretum that requires a tremendous amount of staff time.

Please think about the illogical step you plan to take.

Thank you.

BOS Members

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,
Angie Glielmi

Dear BOS Members,

In the budget and appropriations meeting on Friday, June 20, 2025, RPD presented items 13-16 on sources of funding as a binary between maintaining employment and fees (specifically, court fees for tennis and pickleball). This framing is misleading, and they are not mutually exclusive.

The presentation by RPD was made after public comment, and there was no opportunity for the public to respond. We are not against all the fees. We are against RPD unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) compared to the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in public comments, an adjustment of just **thirty (30)** cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke on Friday, including golf course employees, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

I continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations] Better solutions that do not undermine community recreation exist and have been presented to the BOS.

To Members of the Board of Supervisors

During the budget and appropriations meeting on Friday, RPD presented items 13-16 on linking employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

RPD's presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Please take a moment to really consider this request to not charge fees for one type of recreation facility—tennis/pickleball courts.

Thank you.
Nancy Jones

Thanks & please don't charge us for the use of public courts; it will cost you more to keep track of the small amount of fees you'll collect.

Hello,

I do not feel it is fair to charge fees for use of the public courts. Technically the courts at GGP are public, and they already charge fees albeit with a nicely maintained facility. Paying for court fees I think would only be anywhere remotely fair IF all of the public courts for reservations are in good condition; some would need to be resurfaced. Having to pay the same amount for older courts and recently resurfaced courts makes no sense, there would be such an enormous discrepancy. Those are my two cents. Growing up as a kid I played on free public courts, it's just normal to me. But I digress. I don't want to be charged any court fees, and would only consider it marginally justifiable if older courts are resurfaced and all maintained to a high standard across the board.

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,
Patrick Colville

To the Esteemed Board Of Supervisors

I noticed that in the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). The revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting.

The framing is misleading; these points are not mutually exclusive. The RPD presentation occurred after public comment, with no chance for response. This denied the public a fair opportunity to address or rebut their statements.

As noted in public comment, raising Golden Gate parking meter rates by just 30 cents would replace all lost court fee revenue. This solution would protect jobs and preserve recreational programs. Please reject Ordinance -250603 [Park Code - Court Reservations] and consider alternatives that support community recreation.

Thanks,
Toby

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,

Christian

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

To Whom it May Concern,

I am against RPD's proposal to charge a 'reservation fee' to use public facilities, especially pickleball and tennis courts. I am especially put off by their idea to charge pickleball 4 times as much to use the same court as tennis players. My reasoning: A single tennis court can accommodate 4 pickleball courts. To reserve the tennis court will cost \$5, but using the same court for pickleball will cost \$20. I think this is very unfair.

This fee will have a disproportionate impact on low income residents and seniors. It will discourage people on a fixed income from using facilities for exercise, recreation and social activities.

Thank You for your time,

Ricky Yee

Vote Against Charging for Use of Public Tennis Courts

Message:

Dear San Francisco Recreation & Parks Department and the Budget and Appropriations Committee,

I'm writing to voice my opposition to the proposed \$5/hour reservation fee for public tennis and pickleball courts. This policy undermines equitable access to public space and places a financial burden on the communities that San Francisco claims to prioritize. These courts are essential civic infrastructure, paid for with taxpayer dollars.

It should not be the public's burden to bail out city departments from the consequences of their own fiscal irresponsibility

Please reject the fee.

To the Members of the Board of Supervisors:

I am writing to request that you vote against RPD's proposal to charge feed for use of public tennis and pickleball courts. The proposed fee is prejudiced against one of many activities managed by RPD.

Charging for only one activity is unfair. Why not charge for use of basketball courts, the polo field, the track at Kezar, the grassy areas used for baseball and soccer (these require a lot of maintenance) and playgrounds?

Consider charging usage fees at facilities that have working bathrooms because a working bathroom requires staff to check for supplies and cleanliness.

Currently RPD provides no maintenance at standalone public tennis and pickleball courts. That is evidenced by users of these courts bringing their own brooms to sweep the courts. A net at the Stern Grove tennis/pickleball courts has been broken for two months despite frequent requests that it be fixed. There are not enough nets for the pickleball courts at Rossi or Buena Vista. Will money raised from court fees be used solely to maintain tennis and pickleball courts, or will the money go into the general fund and be eligible for all RPD services?

Please take the time to consider the inequity of RPD's request.

I urge you to reject Ordinance -250603 [Park Code - Court Reservations] because better solutions that do not undermine community recreation exist and have been presented.

Hello,

My name is Celina Fine & I live in SF in district 5.

I wanted to communicate my high love for tennis & the court fee possibility,

I am one of 2k members of The Mission Athletic club, a volunteer led tennis club based in Mission SF. We have existed for >3yrs and are a club that focuses on community n& tennis.

Without tennis my mental health would be at risk, I am a primary care provider and being 1yr outside grad school & 1yr into living in SF my mental health, wellbeing and work success is due to this tennis club.

My dad also just passed about a month ago & this club has stepped up and been supportive -- moving my body through exercise has also helped increase my guilt path when negative neurotransmitters would have otherwise taken over.

In addition the courts are free: this means the foster kids mentioned today to the elderly trying to stay fit to the common SF population use this as a free resource that provides a vital impact on health.

As a medical primary care provider I understand and preach the importance of exercise, community and happiness as a core role in health longevity. Exercise is highly impactful in preventing cardiac risks - as my dad just passed from a cardiac event I understand this importance.

Some research for you from the New England Journal of Medicine,

- exercise, laughing with friends increases positive neurotransmitters: dopamine, serotonin which contribute to improved mood, resilience and neuroprotection and also decrease cardiac risk and prevent dementia.
- regular exercise is associated with 20-30% decrease in risk of heart attacks
- regular positive social interactions and laughing is associated with 45% decrease in coronary heart disease in individuals.
- Improved mental health through positive social engagement and enhanced positive neurotransmitters lowered mortality causes of death by 19-31%.

Please consider my plea to vote no against the tennis court & park rec fees.

Thank you,
Celina Fine PA-C Primary Care district 5

To Mayor Lurie and the Board of Supervisors:

I hope you are not serious about a plan to charge residents of SF who use tennis/pickleball courts but not charge residents of SF who use the basketball courts or grass fields. I hope you realize that the tennis/pickleball courts require no maintenance. Grass fields used for soccer or baseball or running around require maintenance. Charge for the use of those fields, especially if you are going to charge to use tennis and/or pickleball courts. How did you decide to charge to use tennis/pickleball courts but not charge to use basketball courts or racquetball courts? If the answer is that those facilities do not require reservations, then remove the reservation system for tennis/pickleball courts.

OR charge for any RPD property that has a functional bathroom, e.g., Presidio Wall, Richmond, Parkside.

I heard that fees are being considered so there need not be layoffs. The places that use staff are the places that have facilities. Think about the Arboretum. Beautiful place that requires a lot of maintenance but is free to residents of San Francisco. That's a wonderful gift to residents of San Francisco, but it makes no sense to charge to use a concrete court that requires no maintenance and not charge for the arboretum that requires a tremendous amount of staff time.

Please think about the illogical step you plan to take.

Thank you.

As pickleball players, you want to charge \$5 for courts, many of which have no nets, no wind screen, lines we cannot make out as they are a light blue, no bathrooms, no water. So a piece of concrete. With no system for refunding in rain or wet fog that is fair and for charging seniors, children, and taxpayers already contributing to these parks. Vote no until a reasonable system can be applied. We are not against paying if fair.

the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Subject: Public Comment and Rebuttal to RPD Presentation

BOS Members

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,

Debbie Wong :)
