Few projects will utilize multiple bond sources. Projects utilizing both 2015 and 2019 bond funding are Potrero and Sunnydale HOPE SF, 4840 Mission, and Balboa Park Upper Yard. HOPE SF projects utilizing 2019 funds may also utilize 2024 bond proceeds. 2022 COP-funded projects will not utilize 2019 or 2024 bond proceeds.

Lessons Learned from 2015/2019 Bonds

Project schedules are less certain today: bond and tax credit funding from the State is not guaranteed anymore

Construction and operating costs are increasing
Local funds support fewer projects

Interest rates and cost risk require flexible per project funding

SB35 has simplified entitlements for Affordable Housing

Middle income affordable housing struggles to leverage State funding

2024 Bond: Racial and Equity Goals

- Provide housing opportunities in High Resource Areas
- Stabilize communities in priority geographies
- Provide a range of unit sizes and location to meet diverse housing needs
- Align with Housing Element Goals

Affordable Housing Funding

GO Bonds are the most reliable funding source for affordable housing in San Francisco

- **Most other local funding sources are generated by private development** and therefore fluctuate with the market
- **Federal and state funding is less predictable** but still provides bulk of funding, leveraging City funds at a rate of 1:2
- **Funding falls short of what's needed by billions annually**
 - \$19B in local funds needed to achieve Housing Element targets based on current housing delivery models and costs
- **High development costs**, particularly hard costs, undermine housing goals

Local Funding 2018-2022

- Nearly \$1 Billion in local funding over last 5 years
- \$200 million per year on average
- Most funding comes from property taxes (GO Bonds, ERAF, Housing Trust Fund, OCII tax increment) or **development fees**
- Gross receipts tax for homelessness ~\$200 million (not shown here)

The Importance of Leveraging

SF Affordable Housing Funding

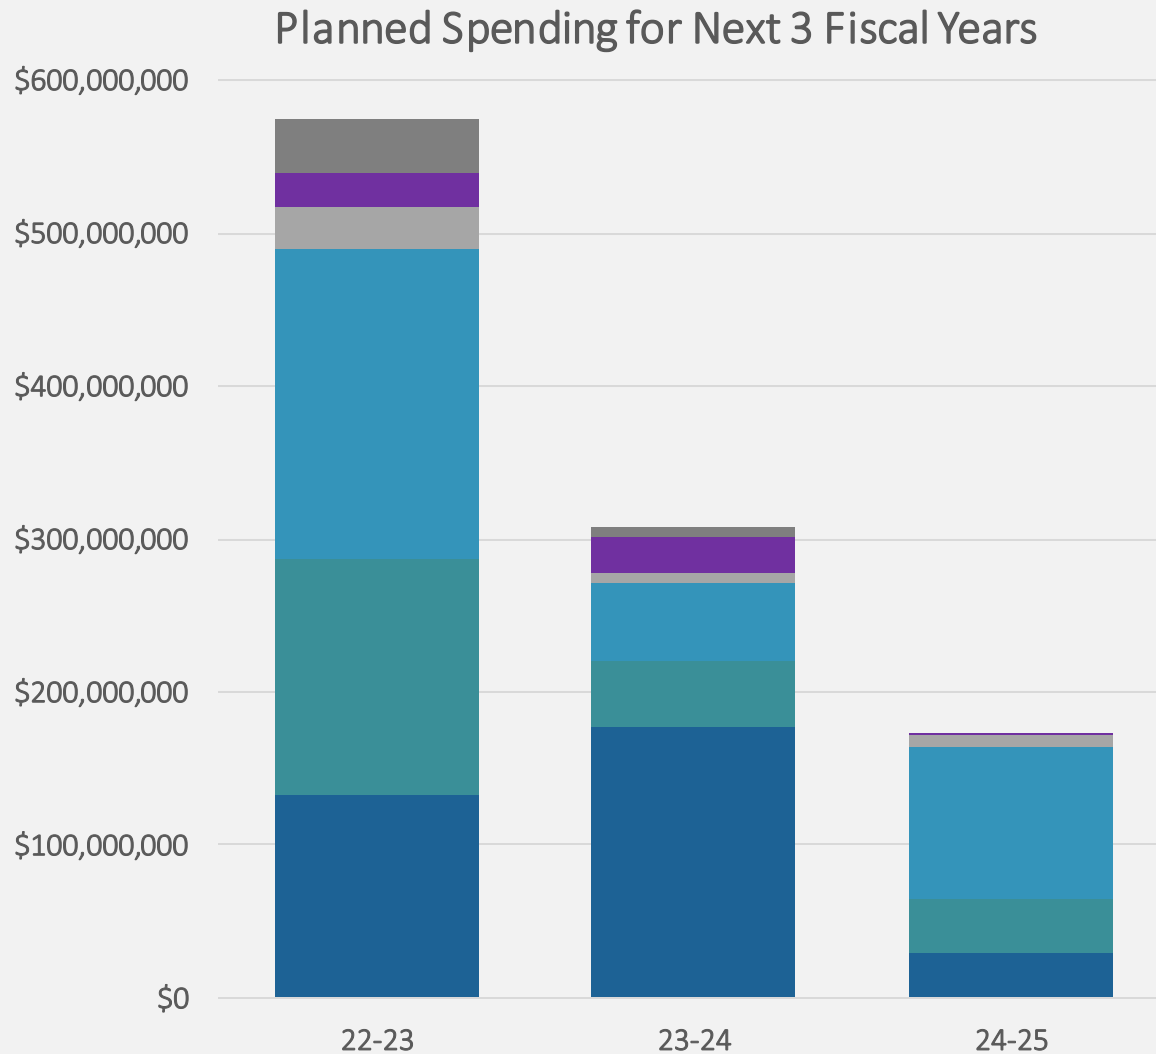

Every local housing dollar leverages almost two state and/or federal housing dollars

From 2018-2022 SF spent \$1 billion on affordable housing and leveraged \$2 billion in other funding

Local Funding Trends

- Local funding is volatile, depending on voter approvals, development cycle, and one-time allocations
- Dramatic drop in inclusionary fees
- Available funding sources are being used up: \$770M+ anticipated funding gap from FY24-25 to FY26-27
- Substantial local spending in FY22-23 after State bottleneck was cleared

- State and Regional Sources
- Federal Sources (CBDG/HOME)
- Prop I/Bond Fees
- GO Bonds
- City Fees (Inclusionary, Job/Housing, etc)
- General Fund (HTF, HOPE SF, LMIHAF, ERAF)

2024 Regional Bond Measure

- November 2024 Ballot
- \$10-20 Billion, 9-county measure

- Would augment local bond if both are approved
