SUBJECT: Declaration of Emergency; Repair of Pier 45

Dear Mayor Breed, Members of the Board, Commission President Brandon, Port Commissioners, and Mr. Rosenfield:

In accordance with Chapter 6, Section 6.60 of the Administrative Code of the City and County of San Francisco, I am declaring an emergency on behalf of the Port of San Francisco ("Port").

Early on Saturday, May 23, a four-alarm fire burned portions of Pier 45 at Fisherman's Warf, destroying Shed C, one of the buildings on the site. Immediate action is necessary to safeguard the property of the citizens and the Port, and to maintain public health and welfare.

This emergency declaration is to enable the Port to continue engaging consultants and contractors to inspect the Pier, perform cleanup and restoration, demolish damaged and unsafe structures on the site, dispose of demolition debris, develop design recommendations and plans for repairs, complete such repairs, and perform associated environmental monitoring and protection. This work is beyond the capabilities of City forces. The estimated cost for the work is unknown at the time, but will exceed \$250,000.

I am therefore declaring the existence of an emergency. Because the estimated cost of the emergency work will exceed \$250,000, I request that Commission President Brandon approve this declaration, pursuant to Section 6.60(d) of the Administrative Code.

Sincerely,

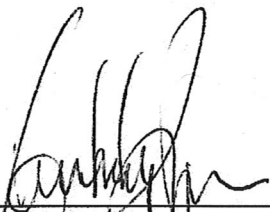

DocuSigned by:

Katharine E. Petrucione
