20 or employee of the fire department discloses a violation(s) of this code, the chief shall
21 determine a period of time that is reasonable to remedy the violation and reinspect the
22 property to verify such correction. The department shall collect a fee in the amount of ~~74.00~~

1 require more than one hour to complete shall be subject to an additional fee at the rate of
2 ~~\$18.50~~ \$18.25 for each quarter-hour increment beyond the first sixty minutes of the
3 department's on-site review.

4 106.3.1 [For SF] Second Notice. If full payment of the fee is not received within 60

6 for payment shall be sent to the responsible party(s). The written notice shall state that the
7 responsible party is liable for the payment of the fee indicated on the notice and, if payment of

10 added to the fee indicated on the notice from the date that notice of payment due was sent
11 pursuant to Section 106.3

12 106.3.2 [For SF] Liens. If payment is not received within 30 days following mailing of
13 the additional request, the chief shall initiate special assessment lien proceedings in

17 responds after the first five such false fire alarms at that address within any calendar year. A

19 alarm system malfunctions to which the fire department responds after the first ten such false

25 responsible party is liable for the payment of the fee indicated on the notice and, if payment of

9 person or firm for a preliminary site inspection or survey of a premise for compliance with this
10 code or other regulatory codes enforced by this department, a service fee of ~~\$74.00~~ \$73.00 per
11 hour shall be collected for such on-site inspections and consultations. Fees shall be paid at
12 the time the request is submitted. Fees referenced in the California Health and Safety Code shall
13 take precedence over this fee.

14 106.8 [For SF] High-Rise Inspection Fees. For inspections of high-rise structures
15 pursuant to Section 13217 of the *California Health and Safety Code*, the owner of the
16 structure shall pay a fee to cover the department's costs of inspection. Such fee shall be

- 6 4. A statement advising that a penalty of 10 per cent plus interest at the rate of one per
- 7 cent per month on the outstanding balance shall be added to the costs from the date that
- 8 payment is due under this section;
- 9 5. A statement advising the owner of the structure that if payment of the costs is not
- 10 received within 90 days of the mailing date, a lien may be imposed on the property of the
- 11 owner of the structure pursuant to the provisions of this section;
- 12 6. A statement that the owner of the structure may appeal the square foot
- 13 determination contained in the notice of payment due to the chief of department. Said appeal
- 14 must be filed in writing with the fire department no later than 30 days after the date the notice
- 15 of payment due is issued. The chief of department's decision on the appeal shall be final.
- 16 106.8.3 [For SF] Second Notice. If full payment of the fee is not received within 60
- 17 days after the notice of payment due was sent, a second notice of payment due shall be sent
- 18 by the fire department to the owner of the structure. The second notice shall state that the
- 19 owner of the structure is liable for the payment of the fees indicated on the notice and that if
- 20 payment of such fees is not received within 30 days of the mailing date of the second notice, a
- 21 lien may be imposed on the subject high-rise structure pursuant to the provisions of this
- 22 section.

5 compliance with fire safety regulations. The fee shall be based on the valuation of the work as
6 determined by the department of building inspection. The fee for each permit shall be as set
7 forth in Table 106-B. The fire department shall collect a fee in the amount of ~~\$52.00~~ \$75.00 per
8 hour or fraction thereof for any back checking review of previously approved plans.

9 106.10 [For SF] Field Inspection Fees. When the fire department determines a field
10 inspection is also required to certify that building construction is in compliance with fire safety
11 regulations, it shall calculate an additional fee to compensate for the additional costs to
12 conduct such inspection(s). The central permit bureau shall collect the inspection fee due, as
13 calculated by the fire department, prior to the issuance of a building permit. Additional
14 inspection time required over the amount of time set forth in Table 106-C shall be purchased

2 location is required for the issuance of a permit, there shall be an inspection fee of \$10.00 for
3 each additional unit inspected.

4 106.14 [For SF] Posting Fee. The fee for posting notice of application for certain
5 permits shall be in accordance with San Francisco ~~Municipal Code Part III—Revenue and~~

18 flow test, a fee of ~~\$104.00~~ \$150.00 will be charged.

19 106.18 [For SF] Fee-Setting Procedure. Each year the chief shall report the revenues
20 received from each type of fee collected by the department, the costs, both direct and indirect,
