2 Section 1. Findings, Including CEQA Findings and General Plan Consistency Findings.

3 (a) — ~~The City adopted the Better Streets Plan (or “Plan”) in 2010 to establish~~  
4 ~~requirements for the improvement of the public right-of-way associated with development~~  
5 ~~projects. The Plan’s aim is to make the public right-of-way safe, accessible, convenient and~~  
6 ~~attractive to pedestrian use and travel by all modes of transportation, consistent with the~~  
7 ~~Transit First policy of the General Plan and Section 98.1 of the Administrative Code.~~

8 (b) — ~~Since adoption of the Plan, the City has continued to develop policies and~~  
9 ~~initiatives to build better and safer streets, such as the “Vision Zero” policy adopted in 2014,~~  
10 ~~which, through education, enforcement, and design, seeks to make sure our streets safe and~~  
11 ~~livable and eliminate traffic fatalities by 2024.~~

12 (c) — ~~Consistent with the policy direction enshrined in those initiatives, this Board finds~~  
13 ~~that this ordinance furthers the public welfare by refining the Better Street Plan to better~~  
14 ~~achieve its original goals. Specifically, the Board finds that these amendments adjust the~~  
15 ~~Plan’s triggers to more closely reflect the actual impacts of development projects on the public~~  
16 ~~right-of-way, and that they provide additional publicly beneficial streetscape enhancements~~  
17 ~~and more flexibility to City agencies to select the appropriate improvements for each location.~~

18 (d) — ~~This Board also finds that this ordinance promotes public safety by expanding~~  
19 ~~and strengthening the current conditional use permit requirement for new curb cuts to areas of~~  
20 ~~the City that are heavily used by pedestrians.~~

21 (e) — ~~In regard to the findings in Subsection (c) and (d) above, the Board finds~~  
22 ~~additional support for these requirements in the Planning Department staff report on this~~  
23 ~~legislation, a copy of which is on file with the Clerk of the Board of Supervisors in File No.~~  
24 ~~\_\_\_\_\_ and is incorporated herein by reference.~~

1           (a f) The Planning Department has determined that the actions contemplated in this  
2 ordinance comply with the California Environmental Quality Act (California Public Resources  
3 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of  
4 Supervisors in File No. 181028 and is incorporated herein by reference. The Board affirms  
5 this determination.

6           (b g) On October 18, 2018, the Planning Commission, in Resolution No. 20319,  
7 adopted findings that the actions contemplated in this ordinance are consistent, on balance,  
8 with the City's General Plan and eight priority policies of Planning Code Section 101.1. The  
9 Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of  
10 the Board of Supervisors in File No. 181028, and is incorporated herein by reference.

11           (c h) Pursuant to Planning Code Section 302, this Board finds that this Planning Code  
12 amendment will serve the public necessity, convenience, and welfare for the reasons set forth  
13 in Planning Commission Resolution No. 20319 and the Board adopts these findings as its  
14 own.

15           (d) In the 1950s, the Planning Code established minimum parking requirements for  
16 new buildings. Beginning in 1973, the City has reduced or streamlined minimum parking  
17 requirements in various San Francisco zoning districts as a strategy to reduce traffic  
18 congestion, encourage the use of sustainable transportation modes (walking, cycling, and  
19 transit), and reduce housing and building costs. The recently-enacted Accessory Dwelling  
20 Unit, Transportation Demand Management, and HOME-SF ordinances all permit exceptions  
21 from minimum parking requirements. Eliminating minimum parking requirements in all zoning  
22 districts City-wide will further these goals as well as the policies and objectives of the General  
23 Plan's Transportation Element.

1       Section 2. As introduced, this ordinance proposed revising Planning Code Sections  
 2 138.1, 150(a), 155(r), 161(j), 209.4, 303(x) and Zoning Control Tables 714, 720, 721, 722,  
 3 727, and 750-764. At its regular meeting on October 22, 2018, the Land Use and  
 4 Transportation Committee duplicated the file and amended this ordinance to remove the  
 5 amendments to Sections 138.1, 150(a), 155(r), 161(j), 209.4, 303(x), and Zoning Control  
 6 Tables 714, 720, 721, 722, 727, and 750-764.

7  
 8       Section 3. The Planning Code is hereby amended by revising Sections 150, 151, 155,  
 9 161, 204.5, 209.1, 209.2, 210.1, 210.4, 239, 240.1, 240.2, 240.3, 242, 249.18, 304, 710-713,  
 10 715-719, 723-726, 728-734, and 810-812, and deleting Sections 159 and 160, to read as  
 11 follows:

12   **ARTICLE 1.5:**

13                               **TRANSPORTATION, OFF-STREET PARKING, AND LOADING**

14           \*   \*   \*   \*

15       **SEC. 150. OFF-STREET PARKING AND LOADING REQUIREMENTS.**

16           \*   \*   \*   \*

17           (b)   **Spaces Required.** ~~The requirements for Off-street parking and loading~~  
 18 ~~spaces, according to the requirements stated in this Article 1.5, shall be provided for any~~  
 19 ~~structure constructed, and any use established, whether public or private, after the original~~  
 20 ~~effective date of any such requirement applicable to such structure or use shall be as stated in~~  
 21 ~~this Article 1.5.~~

22           (c)   **Additions to Structure and Uses.**

23                   (1)   For any structure or use lawfully existing on such effective date, off-street  
 24 ~~parking and loading spaces need be provided only in the case of a major addition to such~~  
 25 structure or use, and only in the quantity required for the major addition itself. Any lawful

1 deficiency in off-street parking ~~or~~ loading spaces existing on such effective date may be  
2 carried forward for the structure or use, apart from such major addition.

3 (2) For these purposes, a "major addition" is hereby defined as any  
4 enlargement, alteration, change of occupancy or increase in intensity of use which would  
5 increase the number of off-street parking spaces required for dwelling units by two or more  
6 spaces; which would increase the number of off-street parking spaces required for uses other  
7 than dwelling units by at least 15 percent or by at least five spaces, whichever is greater; or  
8 which would increase the requirement for off-street loading spaces by at least 15% percent.

9 (3) Successive additions made after the effective date of an off-street parking  
10 ~~or~~ loading requirement shall be considered cumulative, and at the time such additions become  
11 major in their total, off-street parking and loading spaces shall be provided as required for  
12 such major addition.

13 (d) **Spaces to be Retained.** Once any off-street parking ~~or~~ loading space has been  
14 provided which wholly ~~or partially~~ meets the requirements of this Code, such off-street parking  
15 ~~or~~ loading space shall not thereafter be reduced, eliminated or made unusable in any manner,  
16 ; provided, however, that in the Outer Clement Neighborhood Commercial District a maximum  
17 of one off-street parking space may be used for the storage of materials for a commercial use  
18 if the commercial use is on a lot contiguous to the lot on which the parking space is located  
19 and if access between the commercial use and the storage is available without the use of a  
20 public sidewalk or other public right-of-way and if the storage occurred prior to 1985. Any  
21 required accessory residential parking space may be leased or rented on a monthly basis as  
22 provided under Section 204.5(c b)(4) of this Code, and such lease or rental shall not be  
23 considered a reduction or elimination of required spaces.

24 (e) ~~Reduction and Replacement of Off-Street Parking Spaces.~~ Notwithstanding  
25 subsection (d) above, off-street parking spaces may be reduced and replaced by bicycle

1 parking spaces based on standards provided in Section 155.1(d), or by a car share parking  
 2 space, as allowed by Section 166(e) of this Code. Once bicycle parking spaces replace an  
 3 automobile parking space, such bicycle parking shall not be reduced or eliminated. Such  
 4 bicycle parking spaces may be converted back to automobile parking space, provided that the  
 5 required numbers of bicycle parking spaces subject to Sections 155.2 and 155.3 of this Code  
 6 are still met after removal of bicycle parking spaces.

7 (e f) **Parking in Excess of the Maximum Permitted.** Any off-street parking space or  
 8 spaces which existed lawfully at the effective date of this Section and which have a total  
 9 number in excess of the maximum permitted off-street parking spaces permitted under  
 10 Section 151.1 shall be considered noncomplying features pursuant to Section 180(a)(2) and  
 11 shall be regulated as set forth in Section 188.

1           (2)     Where no parking is required for a use by this Section 151, the maximum  
2 permitted shall be one space per 2,000 square feet of Occupied Floor Area of use, three  
3 spaces where the use or activity has zero Occupied Floor Area or the maximum specified

10 to be applicable solely to required facilities. In application of the standards of this Code for off-  
11 street parking and loading, reference may be made to provisions of other portions of the  
12 Municipal Code concerning off-street parking and loading facilities, and to standards of the  
13 Better Streets Plan and the Bureau of Engineering of the Department of Public Works. Final  
14 authority for the application of such standards under this Code, and for adoption of regulations  
15 and interpretations in furtherance of the stated provisions of this Code shall, however, rest  
16 with the Planning Department.

17           (a)     **Required Parking and Loading on the Same Lot as the Use Served.** Every

15 be permitted subject to the provisions of Section 309 of this Code provided it can be clearly  
16 demonstrated that transportation easements or contaminated soil conditions make it  
17 practically infeasible to build parking below-ground. The determination of practical infeasibility  
18 shall be made based on an independent, third-party geotechnical assessment conducted by a  
19 licensed professional and funded by the project sponsor. The Planning Director shall make a  
20 determination as to the objectivity of the study prior to the Planning Commission's

3 attested copy of any such instrument shall be filed with the Planning Department prior to  
4 approval by said Department of any building permit application affected by this arrangement  
5 for provision of required off-street parking. In addition, in either case, a document in a form

7 Administrator, and recorded in the office of the County Recorder, serving as a notice of the  
8 restrictions under this Code applying to both the lot containing the structure or use to be  
9 served and to the lot containing the off-street parking space, by virtue of this arrangement for  
10 provision of required off-street parking.

15 no longer necessary to fulfill a parking requirement of this Code.

16 **SEC. 160. COLLECTIVE PROVISION AND JOINT USE OF REQUIRED OFF-STREET**  
17 **PARKING.**

18 (a) — **Collective Provision of Off-Street Parking.** Collective provision of off-street

21 equal to the total of the required spaces for all such structures or uses when computed  
22 separately.

23 (b) — **Joint Use of Off-Street Parking.** Joint use of the same off-street parking  
24 spaces to meet the requirements of this Code for two or more structures or uses may be  
25 permitted, where the normal hours of operation of such structures or uses are such as to

1 assure the feasibility of such joint use of parking, and where the total quantity of spaces  
2 provided is at least equal to the total of the required spaces for the structures or uses in  
3 operation at any given time.

4 (c) — **Requirements.** In order to be credited toward the requirements of this Code,  
5 any off-street parking space made available for collective or joint use and located on a lot  
6 other than the lot on which the structure or use to be served is located must be available for  
7 the actual lifetime of the structure or use to be served, and such availability shall be assured  
8 in the manner provided for in Section 159(e) of this Code. In addition, in the case of joint use  
9 of parking, an attested copy of a contract among all the parties concerned setting forth their  
10 agreement to such joint use shall be filed with the Department of City Planning prior to  
11 approval by said Department of any building permit application affected by the arrangement  
12 for joint use of parking, and in any such case a notice of restrictions upon the affected  
13 properties shall be executed and recorded in the manner provided for in Section 159(e),  
14 making specific reference to said contract and describing the arrangement for joint use of  
15 parking.

16 (d) — **Termination and Modification.** The Zoning Administrator may authorize  
17 termination or modification of collective provision or joint use of off-street parking, and  
18 termination or modification of the corresponding legal instruments described in subsection (c)  
19 above, if the Zoning Administrator determines that all or a portion of the off-street parking in  
20 question is no longer necessary to fulfill a parking requirement of this Code.

21 **SEC. 161. EXEMPTIONS AND EXCEPTIONS FROM OFF-STREET PARKING, FREIGHT**  
22 **LOADING AND SERVICE VEHICLE REQUIREMENTS.**

23 The following exemptions shall apply to the requirements for off-street parking and  
24 loading spaces set forth in Sections 151 through 155 of this Code. These provisions, as  
25 exemptions, shall be narrowly construed. Reductions or waivers by the Zoning Administrator

1 permitted by this Section 161 shall be conducted pursuant to the procedures of Section  
2 307(h)(2). Where exceptions in this Section require approval by the ~~Planning Commission or~~  
3 Zoning Administrator, the ~~Planning Commission or~~ Zoning Administrator shall consider the  
4 criteria of Section 307(i).

5 \* \* \* \*

6 (c) **Joint Use of Off-Street Parking.** Joint use of the same off-street parking  
7 spaces to meet the requirements of this Code for two or more structures or uses may be  
8 permitted, where the normal hours of operation of such structures or uses are such as to  
9 assure the feasibility of such joint use of parking and where the total quantity of spaces  
10 provided is at least equal to the total of the required spaces for the structures or uses in  
11 operation at any given time. ~~**Waterfront Special Use Districts.**~~ In recognition of the policies  
12 set forth in the Northeastern Waterfront Plan, a part of the General Plan, the unique nature of  
13 the area and the difficulty of providing vehicular access thereto, the Zoning Administrator or  
14 Planning Commission in specific cases may determine an appropriate reduction in off-street  
15 parking requirements in Waterfront Special Use Districts as described in Sections 240.1,  
16 240.2, and 240.3 of this Code, in authorizing any principal or Conditional Use, respectively,  
17 under those sections. In considering any such reduction, the Zoning Administrator for principal  
18 uses, and the Planning Commission for Conditional Uses, shall consider the criteria set forth  
19 in Section 307(i) of this Code.

20 \* \* \* \*

21 (e) **Freight Loading and Service Vehicle Spaces in C-3 Districts.** In recognition  
22 of the fact that site constraints in ~~C-3 Districts~~ may make provision of required freight loading  
23 and service vehicle spaces impractical or undesirable, a reduction in or waiver of the provision  
24 of freight loading and service vehicle spaces for uses in ~~C-3 Districts~~ may be permitted by the  
25 Zoning Administrator in all districts, or in accordance with the provisions of Section 309 of this

1 Code in C-3 Districts. In considering any such reduction or waiver, the following criteria shall  
2 be considered:

3 (1) Provision of freight loading and service vehicle spaces cannot be  
4 accomplished underground because site constraints will not permit ramps, elevators,  
5 turntables and maneuvering areas with reasonable safety;

6 (2) Provision of the required number of freight loading and service vehicle  
7 spaces on-site would result in the use of an unreasonable percentage of ground-floor area,  
8 and thereby preclude more desirable use of the ground floor for retail, pedestrian circulation or  
9 open space uses;

10 (3) A jointly used underground facility with access to a number of separate  
11 buildings and meeting the collective needs for freight loading and service vehicles for all uses  
12 in the buildings involved, cannot be provided; and

13 (4) Spaces for delivery functions can be provided at the adjacent curb  
14 without adverse effect on pedestrian circulation, transit operations or general traffic circulation,  
15 and off-street space permanently reserved for service vehicles is provided either on-site or in  
16 the immediate vicinity of the building.

17 ~~(f) — **RM, NC and C-2 Districts.** The Zoning Administrator may reduce the off-street~~  
18 ~~parking requirements in RM, NC and C-2 Districts pursuant to the procedures and criteria of~~  
19 ~~Sections 307(h)(2) and (i) of this Code.~~

20 \* \* \* \*

21 **SEC. 204.5. PARKING AND LOADING AS ACCESSORY USES.**

22 In order to be classified as an Accessory Use, off-street parking and loading shall meet  
23 all of the following conditions:

24 (a) **Location.** Such parking or loading facilities shall be located on the same lot as  
25 the structure or use served by them. (For provisions concerning required parking on a

1 separate lot as a Principal or Conditional Use, see Sections 156, ~~159, 160,~~ and 161 of this  
2 Code.)

3 (b) **Parking Accessory to Dwellings.** Unless rented on a monthly basis to serve a  
4 nearby resident as described in subsection (c) Dwelling Unit pursuant to Section 204.5(b)(1),  
5 below, required accessory parking facilities for any Dwelling in any R District shall be limited,  
6 further, to storage of private passenger automobiles, private automobile trailers, boats, bicycle  
7 parking, scooters, motorcycles, and car-share vehicles as permitted by Section 150 and  
8 trucks of a rated capacity not exceeding three-quarters of a ton.

9 (c) **Lease of Accessory Residential and Live/Work Parking to Neighbors.**  
10 Notwithstanding any provision of this Code to the contrary, the following shall be permitted as  
11 an Accessory Use:

12 Lease of lawfully existing off-street residential or live/work parking spaces by the  
13 property owner or manager, for a term of no less than one month, is permitted as follows:

14 (1) for use by any resident of a Dwelling Unit located on a different lot within  
15 1,250 feet of such parking space; or

16 (2) for use by any resident of a Dwelling Unit located on a different lot within  
17 the City and County of San Francisco so long as no more than five spaces are rented to those  
18 who live beyond 1,250 feet of such parking space.

19 (e d) **Parking Exceeding Accessory Amounts.** Accessory parking facilities shall  
20 include only those facilities that do not exceed the amounts permitted by Section 151(c) or  
21 Table 151.1. Off-street parking facilities that exceed the accessory amounts shall be classified  
22 as a separate use, and may be principally or conditionally permitted as indicated in the Zoning  
23 Control Table for the district in which such facilities are located.

2 The proposed lot shall be reviewed and approved as part of the building permit and be the  
3 basis for further alterations or expansions of the structure.

4 **SEC. 240.2. WATERFRONT SPECIAL USE DISTRICT NO. 2.**

5 The following provisions shall apply within Waterfront Special Use District No. 2:

6 (a) Industrial, commercial and other operations directly related to the conduct of

\* \* \* \*

~~(4) **Parking.** The number of off-street parking spaces required for new construction shall be as follows:~~

<del>Usable Floor Area</del>	<del>Parking Spaces</del>
<del>0 to 1300</del>	<del>1</del>
<del>1301 to 2250</del>	<del>2</del>
<del>2251 to 2850</del>	<del>3</del>
<del>2851 to 3850</del>	<del>4</del>
<del>One additional parking space is required for each additional 1,000 square feet.</del>	

1 If more than one parking space is required, the first off-street parking space must have  
2 a minimum area of 160 square feet; second and subsequent spaces may be a compact car  
3 space and have a minimum area of 127.5 square feet. In the RH-2 and RH-3 District, the  
4 parking requirement is the greater of the number of spaces required by the above table, or  
5 one parking space per dwelling unit.

6 All alterations resulting in an increase in usable floor area shall be considered  
7 cumulatively from the effective date of this ordinance.

8 No tandem parking spaces are permitted for the first two required parking spaces for  
9 new construction. All other required parking spaces for new construction may be tandem  
10 parking spaces.

11 Tandem parking spaces are permitted for alterations in the RH-1 and RH-1(S) Districts,

13 (A) — **RH-1 or RH-1(S) District Building Alterations.** The following  
14 parking requirements shall apply to alterations of existing structures in an RH-1 or RH-1(S)  
15 District:

16 (i) — If one or more alterations add 400 square feet or less of  
17 usable floor area to an existing building, no additional parking space is required to be added  
18 to the existing spaces.

19 (ii) — If one or more alterations add over 400 square feet of  
20 usable floor area but do not cause the total usable floor area of the building to exceed 1,650  
21 square feet, no additional parking space is required to be added to the existing spaces.

22 (iii) — If one or more alterations add over 400 square feet of  
23 usable floor area and the total usable floor area of the building is between 1,651 and 2,250  
24 square feet, a total of two parking spaces is required. One or both of these required spaces  
25 may be waived by the Zoning Administrator if the Zoning Administrator finds that (1) the off-

1 street parking space(s) would result in a new curb cut, or the proposed driveway would result  
2 in the loss of one parking space while adding one private space; or (2) the structure has an  
3 unaltered historic facade as determined by the Department of Planning and the owner has  
4 conveyed a facade easement to the San Francisco Architectural Heritage foundation.

5 (iv) — If one or more alterations add over 400 square feet of usable floor  
6 area and the total usable floor area is over 2,250 square feet, a total of three parking spaces  
7 or more is required, as provided by the above table. One additional parking space is required  
8 for each additional 1,000 square feet.

9 (B) — **RH-2 and RH-3 Building Alterations.** The following parking  
10 requirements shall apply to alterations of existing structures in an RH-2 or RH-3 District:

11 (i) — If one or more alterations add 200 square feet or less of usable  
12 floor area, no additional parking space is required.

13 (ii) — If one or more alterations add over 200 square feet of usable floor  
14 area, the parking standards for new construction set forth above shall apply to the entire  
15 building.

16 (4 5) **Curb Cuts and Garage Door Width.** The maximum width of curb cuts  
17 allowed for new construction shall be 10 feet; the maximum width of a garage door opening  
18 shall be 12 feet.

19 (5 6) **Design.** In addition to meeting applicable standards provided in this  
20 Section 242 and elsewhere in this Code, residential development subject to this Section 242  
21 shall be subject to the review and notification procedures provided by ~~Subs~~Section 311(c) of  
22 this Code. Requests for Planning Commission review shall be governed by Subsection 311(d)  
23 of this Code. In addition to applicable guidelines cited by Section 311, the Elsie Street Plan  
24 and the East Slope Building Guidelines shall be used as guidelines to determine  
25

1 neighborhood compatibility of new construction and alterations in the respective areas  
2 covered by those guidelines.

3 (6 7) **Demolition.**

4 \* \* \* \*

5 **SEC. 249.18. NORTHEAST CHINA BASIN SPECIAL USE DISTRICT.**

6 \* \* \* \*

7 (b) **Controls.**

8 (1) **General.** The provisions of the M-2 use district established by Section  
9 201 of this Code shall prevail except as provided in subsections (b) paragraphs (2) through (4)  
10 below.

11 (2) **Conditional Uses.** An open-air ballpark with a maximum seating capacity  
12 of 45,000, Sports Stadium as defined in Section 102 of this Code, with associated parking,  
13 and various uses accessory to or related to ballpark and assembly and entertainment uses,  
14 including sports clubs, restaurants, and retail shops, shall all be permitted as eConditional  
15 uUses.

16 (3) **Parking.** In recognition of the public transit anticipated to be available to  
17 serve a ballpark in the proposed location, in recognition of the large supply of parking in the  
18 vicinity, much of which can be made available for ballpark use in the evening and on  
19 weekends, and in recognition of the availability of approximately 5,000 off-site parking spaces  
20 near the ballpark during the first five years of the ballpark's operation, there shall be no  
21 minimum requirement for off-street parking spaces for the uUses permitted in the Northeast  
22 China Basin Special Use District. ~~This provision supersedes the parking requirements set~~  
23 ~~forth in Section 151 of this Code applicable to the permitted uses set forth herein.~~

1 **SEC. 304. PLANNED UNIT DEVELOPMENTS.**

2 In districts other than C-3, the Eastern Neighborhoods Mixed Use Districts, the DTR  
3 Districts, the North Beach Special Use District, or the South of Market Mixed Use Districts, the  
4 Planning Commission may authorize as Conditional Uses, in accordance with the  
5 provisions of Section 303, Planned Unit Developments subject to the further requirements and  
6 procedures of this Section 304. After review of any proposed development, the Planning  
7 Commission may authorize such development as submitted or may modify, alter, adjust or  
8 amend the plan before authorization, and in authorizing it may prescribe other conditions as  
9 provided in Section 303(d). The development as authorized shall be subject to all conditions  
10 so imposed and shall be excepted from other provisions of this Code only to the extent  
11 specified in the authorization.

12 \* \* \* \*

13 (d) **Criteria and Limitations.** The proposed development must meet the criteria  
14 applicable to conditional uses as stated in Section 303(c) and elsewhere in this Code. In  
15 addition, it shall:

- 16 (1) Affirmatively promote applicable objectives and policies of the General  
17 Plan;
- 18 (2) Provide off-street parking appropriate to adequate for the occupancy  
19 proposed and not exceeding principally-permitted maximum amounts;
