Section 1. Environmental and Planning Code Findings.

(a) On March 16, 2023, after a duly noticed public hearing, the Planning Commission, by Motion No. 21277, certified the Final Environmental Impact Report (EIR) for the Port of San Francisco's Waterfront Plan (the Project), which updates and amends the Port's 1997 Waterfront Land Use Plan and sets long term goals and policies to guide the use, management, and improvement of properties owned and managed by the Port. The Planning Commission motion finds that the Final EIR reflects the independent judgment and analysis of the City and County of San Francisco, is adequate, accurate and objective, contains no significant revisions to the Draft EIR, and the content of the report and the

1 procedures through which the Final EIR was prepared, publicized, and reviewed comply with
2 the provisions of the California Environmental Quality Act (California Public Resources Code
3 Sections 21000 et seq.), the CEQA Guidelines (14 Cal. Code Regs. Section 15000 et seq.),
4 and Chapter 31 of the San Francisco Administrative Code. Copies of the Planning
5 Commission Motion and Final EIR are on file with the Clerk of the Board of Supervisors in File
6 No. 230501 and are incorporated herein by reference. The Board affirms this
7 determination.

8 (b) With the exception of the rezoning of certain waterfront parcels from P (Public) to
9 M-1 (Light Industrial) set forth in this ordinance, the Project evaluated in the Final EIR includes
10 the proposed amendments to the Zoning Map set forth in this ordinance as well as
11 amendments to the General Plan and the Planning Code.

12 (c) Although not part of the Project, the Port also seeks rezoning of certain waterfront
13 parcels constituting a portion of Assessor's Block 3941 from P (Public) to M-1 (Light Industrial)
14 to correct an earlier rezoning error. This site is located between the Mission Bay and Central
15 Waterfront neighborhoods. On January 12, 2023, the Planning Department determined that
16 this corrected rezoning of certain waterfront parcels from P to M-1 is exempt from CEQA. The
17 Board affirms this determination. A copy of said determination is on file with the Clerk of the
18 Board of Supervisors in File No. 230501, and is incorporated herein by reference.

19 (d) On April 5, 2023, the Planning Department published Addendum No. 1 to the Final
20 EIR (the "Addendum"), and determined that the additional information in Addendum No. 1
21 does not change the analyses and conclusions presented in the FEIR. The Addendum
22 provides additional language to clarify the CEQA review process for subsequent projects. The
23 Addendum is on file with the Clerk of the Board of Supervisors in File No. 230501 and is
24 incorporated herein by reference. The Board affirms this determination; and

21 (fg) On April 20, 2023_____, the Planning Commission, in Resolution~~Motion~~ No.

23 adopted findings that the actions contemplated in this ordinance are consistent, on balance,
24 with the City's General Plan and eight priority policies of Planning Code Section 101.1. The
25 Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of

1 the Board of Supervisors in File No. 230501 and is incorporated herein by

3 (gh) On April 20, 2023, the Planning Commission, in Resolution No.
4 21305, adopted findings under Planning Code section 302 that the actions
5 contemplated in this ordinance will serve the public necessity, convenience, and welfare. The
6 Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of
7 the Board of Supervisors in File No. 230501 and is incorporated herein by
8 reference.

9 (hj) The Board of Supervisors has reviewed and considered the Final EIR and the
10 environmental documents on file referred to herein. The Board of Supervisors has reviewed
11 and considered the CEQA Findings, and hereby adopts them as its own and incorporates
12 them by reference as though such findings were fully set forth in this ordinance.

13 (ij) The Board of Supervisors adopts the MMRP as a condition of this approval, and
14 endorses those mitigation measures that are under the jurisdiction of other City Departments,
15 and recommends for adoption those mitigation measures that are enforceable by agencies
16 other than City agencies, all as set forth in the CEQA Findings and MMRP.

17 (jk) The Board of Supervisors finds that since certification of the Final EIR no
18 substantial changes have occurred in the proposed Project that would require revisions in the
19 Final EIR due to the involvement of new significant environmental effects or a substantial
20 increase in the severity of previously identified significant effects, no substantial changes have
21 occurred with respect to the circumstances under which the proposed Project is to be
22 undertaken that would require major revisions to the Final EIR due to the involvement of new
23 environmental effects or a substantial increase in the severity of effects identified in the Final
24 EIR, and no new information of substantial importance to the proposed Project has become
25 available which indicates that (1) the Project will have significant effects not discussed in the

Final EIR, (2) significant environmental effects will be substantially more severe, (3) mitigation measure or alternatives found not feasible that would reduce one or more significant effects have become feasible, or (4) mitigation measures or alternatives that are considerably different from those in the Final EIR would substantially reduce one or more significant effects on the environment.
