The Department’s proposed FY 2012-13 budget has increased by \$81,871,314 largely due to:

- The annualized cost of positions added in prior years as well as proposed new positions;
- Additional services and cost increases for shuttle bus, parking management, and the Airline Liaison Office as well as a proposed parking tax on the ballot in San Mateo County;
- Police Academy trainees to replace officers assigned to SFO; and,
- Higher debt service expenses as the result of scheduled increases for previously issued bonds.

The Department’s proposed FY 2013-14 budget will be increasing by \$27,684,723 largely due to:

- The additional cost of positions added in prior years and proposed new positions;
- Additional services and cost increase for information technology services, parking management services, and equipment maintenance; and,
- Higher debt service payments that will increase again as the result of scheduled increases for previously issued bonds.

FOR AMENDMENT OF BUDGET ITEMS, FISCAL YEARS 2012-13 & 2013-14**

DEPARTMENT: AIR – AIRPORT

DEPARTMENT PERSONNEL SUMMARY:

The number of full-time equivalent positions (FTE) budgeted for FY 2012-13 is 1,469.52 FTEs, which is 92.21 FTEs more than the 1,377.31 FTEs in the original FY 2011-12 budget. This represents 6.7 percent increase in FTEs from the original FY 2011-12 budget.

The number of FTEs budgeted for FY 2013-14 is 1,488.42 FTEs, which is 18.9 FTEs more than the 1,469.52 FTEs in the proposed FY 2012-13 budget.

DEPARTMENT REVENUES:

Department revenues have increased by \$81,871,314 or 10.8 percent from FY 2011-12 to FY 2012-13. Revenue increases are resulting from:

- An increase in enplanements (the number of passengers boarding a plane) from FY 2011-12 to FY 2012-13. Recent increases in service primarily reflect domestic growth, with new or more frequent flights by United Airlines following its merger with Continental Airlines, and the continued expansion of Virgin America. The Airport has also seen an increase in international flights. These changes will lead to increased revenues from landing fees, airline rental fees, parking and transportation, and other concessions. The Department expects these changes will lead to landing fee revenue increases from FY 2011-12 to FY 2012-13 based on landed weight forecasts.
- The Department also expects increased revenues from FY 2011-12 to FY 2012-13 due to increased rental rates and increased leased space as United Airlines takes on additional space in Boarding Area B and increased parking and other concession revenue.

Department revenues have increased by \$27,684,723 or 3.3 percent in the proposed FY 2013-14 budget. Revenue increases are resulting from:

- Department forecasts that enplanements will continue to increase from FY 2012-13 to FY 2013-14. This will lead to increased revenues from landing fees, airline rental fees, parking and transportation, and other concessions to increase. The Department expects revenues from Airport landing fees to increase from FY 2012-13 to 2013-14 based on landed weight forecasts.
- Increases in rental rates and leased space. Additionally, the Department expects total concession revenue to increase from FY 2012-13 to FY 2013-14 due to increased passenger activity.

COMMENTS:

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$2,340,846 in FY 2012-13 and \$2,217,127 in FY 2013-14. These reductions would still allow an increase of \$79,530,468 or 10.5 percent in the Department's FY 2012-13 budget and \$25,467,596 or 3 percent in the Department's FY 2013-14 budget.

RECOMMENDED REDUCTIONS

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$439,382 in FY 2012-13 and \$442,776 in FY 2013-14. These reductions would still allow an increase of \$6,597,263 or 8.4% in the Department's FY 2012-13 budget and \$1,639,583 or 1.9% in the Department's FY 2013-14 budget.

FY 2012-13

The Port’s proposed budget for FY 2012-13 is \$7,036,645 more than the original budget for FY 2011-12, primarily due to:

- \$3,097,247 increase in Administration for (a) \$2,100,000 increase for debt service from additional financing payments from the \$34.6 million Certificates of Participation for the Cruise Terminal (\$21 million) and America’s Cup (\$13.6 million) projects, (b) approximately \$700,000 increase for additional salaries and fringe benefits due to changes in positions and increasing labor and health/dental costs, and (c) various changes in workorders which result in a net increase of approximately \$200,000 for additional parking meter and traffic management services from the Department of Parking and Traffic.
- \$4,579,790 increase in Maritime Operations & Marketing because of the addition of the South Beach Harbor and Marina projects, which were previously under the Redevelopment Agency.
- \$1,397,338 increase in Planning & Development because of one-time \$1 million professional services consultant study for the America’s Cup related to Piers 30-32, and additional labor and fringe benefit costs.
- \$2,690,378 reduction in Maintenance because of reduced available funding for capital expenditures, due to the need to drawdown the Port’s operating surpluses to fund the Cruise Terminal Project and the America’s Cup Project in FY 2012-13.

FY 2013-14

The Port’s proposed budget for FY 2013-14 is \$2,082,359 more than the proposed budget for FY 2012-13, largely due to:

- \$1,726,154 increase in Maintenance because of additional funds allocated to capital improvements to address the physical infrastructure of the Port.
- \$823,900 increase in Administration generally due to increases in labor and fringe benefit costs.
- \$918,938 reduction in Planning and Development because of reduction of \$1 million one-time study in FY 2012-13 related to the America’s Cup.

DEPARTMENT PERSONNEL SUMMARY:

The budgeted number of FTEs in FY 2012-13 is 237.38 or 14.22 more than the 223.16 FTEs in FY 2011-12, primarily due to:

- 9.0 FTEs for the addition of the South Beach Harbor and Marina projects, which were previously under the Redevelopment Agency.
- 5.0 FTE new positions, including (a) 1.0 FTE limited tenure Principal Business Analyst to assist in upgrading the Port's financial and asset management systems, (b) 1.0 FTE limited tenure Personnel Analyst to manage labor issues in the Maintenance division, (c) 1.0 FTE General Laborer due to an expanded workload, (d) 1.0 FTE Planner III position to address expanded community planning, urban design and other regulatory Port planning requirements, and (e) transition of two 0.5 FTE positions from off-budget to the Port's operating budget.
- In addition, 2.0 FTE off-budget maintenance positions are proposed for FY 2012-13 only to ensure timely completion of the America's Cup project.

The budgeted number of FTEs in FY 2013-14 is 238.38 or 1.0 more than the 237.38 FTEs in FY 2012-13, which reflects the addition of 1.0 FTE Project Manager I position that is proposed to transition from off-budget to the Port's operating budget.

REVENUES:

The Port's major source of revenue is office, commercial and industrial leasing of Port property, which is projected to increase from approximately \$37.9 million in FY 2011-12 to (a) \$40.6 million in FY 2012-13, an increase of \$2.7 million, and (b) \$42 million in FY 2013-14, or an additional \$1.4 million due to economic recovery. In addition, the General Fund, through the Office of Economic and Workforce Development, is projected to contribute (a) \$500,000 in FY 2011-12, (b) \$2,228,000 in FY 2012-13, and (c) \$494,000 in FY 2013-14, or a total of \$3,222,000 as Payments in Lieu of Rent to offset the Port's lost rent revenues from moving Port tenants out of Port facilities that will be used for the America's Cup events. In accordance with a Memorandum of Understanding (MOU) approved in March, 2011 by the Board of Supervisors (File 10-1564), the Port originally projected receiving \$6,700,000 of General Fund revenues as Payments in Lieu of Rent, instead of the currently anticipated \$3,222,000, a savings of approximately \$3,478,000 of General Fund revenues due to fewer piers being used for the America's Cup.

The Port's other major sources of revenues in FY 2012-13 are: (a) \$19.3 million from maritime, cargo, ship repair, and cruise services, (b) \$15.7 million from parking lots, meters and fines, and (c) approximately \$2 million from other permit, special events, and miscellaneous receipts. All of these revenues are projected to further increase in FY 2013-14 due primarily to increased number of cruise bookings, ship repairs, installation of additional parking meters along the Southern Waterfront, and inflation.

NEW CAPITAL POLICY AND FIVE YEAR FINANCIAL PLAN UPDATE:

The Port's 10-year Capital Plan identified a total of \$2.2 billion of capital improvements. In March, 2012, the Port Commission approved a new Capital Policy to require the Port to commit a minimum of 20 percent of operating revenues to capital each fiscal year. However, neither the proposed FY 2012-13 nor FY 2013-14 Port budgets commit 20 percent of operating revenues to capital improvements, because the Port's available fund balance is needed to fund the Cruise Terminal and other related America's Cup projects. The Port includes \$9,803,160 of capital expenditures for FY 2012-13 or 13.1 percent of the Port's \$74,646,369 FY 2012-13 operating revenues, and \$12,555,666 of capital expenditures for FY 2013-14, or 16.5 percent of the Port's \$76,088,339 FY 2013-14 operating budget.

The Port's 5-Year Financial Plan identifies increasing operating expenses relative to projected revenues, such that reductions to capital improvements or to operating expenses will be necessary in the future.

OTHER ISSUES

In May, 2012, the Board of Supervisors approved the sale of \$45,000,000 of Certificates of Participation (COPs) and the appropriation of the \$45,000,000 of COPs and \$13,700,580 of other Port revenue bond and capital funds, for a total of \$58,700,580 for the (a) Pier 27 Cruise Terminal (\$23,800,003), (b) America's Cup projects (\$18,740,662), (c) Pier 70 Shoreside Power projects (\$5,700,000) and (d) debt issuance and related costs (\$10,459,915). The proposed FY 2012-13 and FY 2013-14 budgets include the additional debt financing costs for these COPs.

In addition, although not included in the proposed Port budget, the Port and the Office of Economic and Workforce Development staff advise that a total of \$6,500,000 will be included in the Office of Economic and Workforce Development's FY 2012-13 budget, including (a) \$4,900,000 of General Fund revenues and (b) \$1,600,000 of America's Cup Organizing Committee fundraising revenues to fund the Port's Cruise Terminal and America's Cup projects in FY 2012-13.

COMMENTS:

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$439,382 in FY 2012-13 and \$442,776 in FY 2013-14. These reductions would still allow an increase of \$6,597,263 or 8.4% in the Department's budget for FY 2012-13 and \$1,639,583 or 1.9% in the Department's budget for FY 2013-14.

FY 2012-13

The Permit Appeals Board’s proposed budget for FY 2012-13 is \$9,446 more than the budget for FY 2011-12. The Permit Appeals Board has proposed new or increased programs in FY 2012-13, as noted below, offset by other reductions:

- An increase in permanent salaries and mandatory fringe benefits due to Memoranda of Understanding (MOU) changes; and

Increases in Professional and Specialized Services to cover the cost of annual maintenance and support for a new database that will allow the Department to better automate appeal processing and tracking. These increases are partially offset by a reduction in the Department’s workorder with the City Attorney, as reduced City Attorney services are anticipated in FY 2012-13.

FY 2013-14

The Permit Appeals Board’s proposed budget for FY 2013-14 is \$14,593 more than the budget for FY 2012-13, largely due to:

- Increases in mandatory fringe benefits for department staff.

Increases are partially offset by a reduction in the Department’s workorder with the City Attorney, as reduced City Attorney services are further anticipated in FY 2013-14.

Personnel

The number of FTEs in FY 2012-13 is 5 or unchanged from the 5 FTEs in FY 2011-12.

The number of FTEs in FY 2013-14 is 5 or unchanged from than the 5 FTEs in FY 2012-13.

The Department currently has no vacancies and anticipates no layoffs in the upcoming two year budget cycle.

**RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS IN THE FY 2012-13 & 2013-14 TWO-YEAR BUDGET**

DEPARTMENT: PAB – PERMIT APPEALS BOARD

Revenues

The Permit Appeals Board receives operating revenue from permit application filing fees and a Board of Appeals surcharge. The proposed budget includes modest increases in revenue from the Board of Appeals surcharge in FY 2012-13 and 2013-14, and no increase in budgeted permit application filing fee revenues in either FY 2012-13 or FY 2013-14

Expenditures

The Board of Appeals major expenditure increases over the next two years are for mandatory fringe benefits for Board of Appeals staff, and a new service contract to provide maintenance and support for the Board of Appeals' new database, which will automate portions of the appeal processing and tracking.

COMMENTS:

The Budget and Legislative Analyst has no recommended reductions to the proposed budget.

FY 2012-13

The Rent Board’s proposed budget for FY 2012-13 is \$45,241 more than the budget for FY 2011-12, primarily due to:

- \$94,232 increase in salaries and \$33,049 increase in fringe benefits based on negotiated labor agreements;
- \$18,525 increase in Tax Collector workorder to process and collect Rent Board fees;
- \$40,000 decrease in professional services from one-time technology contract in FY 2011-12; and
- \$56,787 decrease in Real Estate Division workorder due to one-time painting and carpeting expenses completed in FY 2011-12.

FY 2013-14

The Rent Board’s proposed budget for FY 2013-14 is \$212,402 more than the proposed budget for FY 2012-13, largely due to:

- \$42,294 increase in salaries and \$171,499 increase in fringe benefits based on negotiated labor agreements.

DEPARTMENT PERSONNEL SUMMARY:

The number of FTEs in FY 2012-13 is 28.53 or 0.38 less than the 28.91 FTEs in FY 2011-12, primarily due to increased Attrition savings.

The number of FTEs in FY 2013-14 is 28.53, the same as proposed for FY 2012-13.

REVENUES:

The Rent Board is fully supported by an annual \$29 Rent Stabilization and Arbitration Fee charged to the owners for each of their rental units in the City that are subject to the City’s Rent Ordinance. Each year, the Controller calculates the annual Rent Board fee by July 31 of each year, based on the projected annual cost of operating the Rent Board, less any remaining fund balance from the previous year, divided by the number of residential units subject to the annual fee. Such Rent Board fees are collected by the Tax Collector’s Office, together with Property Taxes. The annual Rent Board fee is estimated to remain at \$29 per rental unit for FY 2012-13 and FY 2013-14.
