8. Proposed Grant Project Summary: **The San Francisco Health Network’s low-income patients bear a disproportionately high burden of food insecurity and health consequences such as hypertension and diabetes. Improving the availability and consumption of healthy and nutritious foods, including produce and whole grains, would have significant impacts on this public health challenge. According to a recent study led by researchers at UC San Francisco, HIV positive people who received healthy food and snacks for six months were more likely to follow their medication regimens. The study also found that people with type 2 diabetes were less depressed and less likely to make trade-offs between food and healthcare.**

Food As Medicine seeks to bridge the divide between healthcare systems and the food community including the SF Marin Food Bank, farmers’ markets, and grocery stores. This partnership can transform and sustain the eating habits of low-income patients accessing healthcare services from community clinics in San Francisco. The collaboration intends to do this through the innovation of providing “food as medicine” through clinic-based food “pharmacies.”

11a. Does the budget include indirect costs? Yes No

b1. If yes, how much?

b2. How was the amount calculated? **N.A.**

c1. If no, why are indirect costs not included?

Not allowed by granting agency

To maximize use of grant funds on direct services

Other (please explain):

c2. If no indirect costs are included, what would have been the indirect costs? **10% of Salaries and Benefits**

12. Any other significant grant requirements or comments:

The grant does not require an ASO amendment.

USE OF GRANT FUNDS

This Grant Agreement sets forth all terms and conditions of this grant; there are no agreements or understandings between the two parties other than those set forth in this Grant Agreement. Listed below are general restrictions and provisions on the use of grant funds.

- Grant funds must be used only for the purposes, program, budget and organizations as indicated in the grant application materials presented to the Hellman Foundation (“Foundation”) and/or as modified in the Grant Agreement. Any and all modifications to this Grant Agreement must be in writing, approved and signed by both the Foundation and the grantee.
- Any grant funds not used or committed for the specific purpose of the grant within the specified grant term must be returned to the Foundation at the end of the grant period unless the Foundation gives written approval to do otherwise.
- The Foundation’s grant has been made to your organization on the express condition of its exempt status as a governmental unit and that it is not a private foundation within the meaning of §509(a) and as a governmental unit (Charitable contributions to governmental units are tax-deductible under section 170(c)(1) of the Internal Revenue Code if made for a public purpose). Please notify us immediately of any change in your organization’s status. If your exempt status does change, the Foundation reserves the right to have all remaining grant funds immediately returned.
- The Foundation’s grant has been made to your organization on the express condition that, as required by Internal Revenue Code §§501(c) (3) and 4945 (d) (1) and (2), your organization will not engage in any political activities. For purposes of this condition, engaging in political activities includes, but is not limited to, trying to influence the election of political candidates or the outcome of an election, or engaging in any other type of political activity that is determined to be in violation of the intent of applicable federal and state regulations. Violation of this condition may result in an obligation to return to the Foundation all funds received pursuant to this grant.
- Payment Schedule: The tentative schedule of grant payments is an estimate of the timing and amount of the payments to the Grantee that will satisfactorily meet the requirements of the grant. The Hellman Foundation, however, on its own initiative or at the request of the Grantee, may modify scheduled dates and payment amounts. The Foundation will notify the Grantee when and if the Foundation is considering making such changes. The Hellman Foundation may at any subsequent time by notice to the Grantee cancel or postpone and thereafter cancel payment of the undisbursed portion of the grant. Also, after entering into a Grant Agreement, it is possible that circumstances will arise which will persuade the Hellman Foundation that an unpaid grant should not be disbursed.
- Because the Foundation is making payments in installments, over a period of years, the Foundation reserves the right to withhold future installments in the event that the Grantee either (a) indicates explicitly, or through Grantee’s conduct, that it no longer intends to complete the project that is the subject of the grant, (b) fails to meet fundraising goals that the Grantee has set are part of its proposal to the Foundation, or (c) significantly changes the scope or purpose of the project.
