SUBJECT: Recommendation for Aaron Flynn / Cannabis Oversight Committee

To Whom It May Concern,

I'm writing today to recommend Aaron Flynn for seat #9 on the Cannabis Oversight Committee. I have worked with Aaron for four years first in his capacity as the chair of the San Francisco/Oakland Chapter of the California Growers Association and then watching him be the first cultivator to transition from Prop 215 local approval to the newly adopted local permitting under the new Article 16 of cannabis business permits.

I have watched Aaron grow from a cannabis cultivator/owner into a passionate advocate for the regulated cannabis industry, in San Francisco and California. While still building his own business, and working his cultivation site daily; Aaron somehow finds the time to show up to Board of Supervisor meetings when cannabis regulation is being discussed. He sits on the SF Chamber of Commerce Cannabis Working Group and is on the formation committee for the SF Cannabis Coalition. He purposefully engaged in the SF State Cannabis Legalization Taskforce during its tenure and organizes, attends and presents at numerous cannabis panels thought the city and state. He is a dedicated young businessman with an impressive grasp of new laws and the challenges facing the industry as it enters the regulated business space.

Voluntarily putting himself and business into the newly created system and being first in the city to do so takes strength of character. It comes as no surprise that he is a veteran of the US Marine Corps with two combat tours, who experiences personal healing with cannabis. He is more than a cultivator, but importantly a patient who is a part of an entire community of cultivators, manufacturers, edibles manufacturers, distributors.

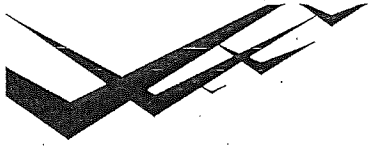

Please do consider his application closely, Aaron brings much to the table in the forms of data, recent experience with SF legislators, regulators, and implementation, and the unique perspectives of SF urban cannabis business operator.

Thank you,

**Re: Recommendation for Aaron Flynn**

To Whom It May Concern:

I write in support of Aaron Flynn as a candidate for the Cannabis Oversight Committee.

Our firm works exclusively with medical cannabis operators, providing legal advice regarding legal operations and regulatory compliance to cultivators, producers, dispensaries, labs, and distributors alike. As chair of the SF/Oakland California Grower's Association chapter and spearheading the efforts to work with San Francisco city leaders toward implementation of MCRSA and AUMA, Mr. Flynn is highly qualified to serve on the Committee. Additionally, Mr. Flynn is a tremendously experienced, ethical operator who has a deep connection to the cannabis industry and cultivator community. In my personal experience working with Mr. Flynn through the San Francisco city regulatory activities, I have observed Mr. Flynn to be an expert in cultivation and cannabis operations with an impeccable work ethic and collaborative values that would serve the committee well. I strongly recommend his appointment.

Thank you kindly for your consideration.

Very truly yours,

Nicole Howell Neubert

Recommendation Letter for Mr. Aaron Flynn-Cannabis Oversight Committee

Dear Supervisors,

It is my absolute pleasure to write this letter of recommendation for Mr. Aaron Flynn, candidate for seat #9 of the Cannabis Oversight Committee.

I became acquainted with Aaron through his involvement in the San Francisco Chamber of Commerce Cannabis Working Group in 2017. The group was convened to involve the ideas and input from the soon to be legalized cannabis business operators in order to work with the Board of Supervisors and Office of Cannabis in creating a regulatory framework for the new business segment.

As a cannabis cultivator and business owner, Aaron was extremely thoughtful about the necessities regarding his own business as well as other businesses in the cannabis business community. His perspective always provided very relevant useful information that was instrumental in shaping the approach to creating guidelines for the newly legalized industry.

Aaron has been a subject expert for presentations at various industry conferences including the National Cannabis Industry Conference Business Summit & Expo, the Bar Association of San Francisco's Cannabis Conference, and the Chamber's Update SF Conference "The Future Today".

He has been a leading voice in articulating the state of the industry and many of the issues facing it to audiences of legal professionals, business leaders, legislators, regulators, and the media. Many of the organizations in the industry include Aaron as an active participant or leader, such as the California Growers Association, the San Francisco Cannabis Coalition and the Chamber of Commerce.

There's no doubt that Aaron's experience and knowledge as a business owner and his involvement in civic and professional organizations has given him the business acumen that will make him a valuable member of the Cannabis Oversight Committee.

For the above reasons, I strongly support and recommend Aaron Flynn for the Cannabis Oversight Committee Seat #9.

Very Sincerely,

Tony Tucker

I am a second generation San Franciscan and my grandmother who first immigrated here from China with my grandfather opened a deli in mid Market that served the community for over 30 years and my father did so as well. I grew up in the city and now have a family of my own here, I invested in the future of keeping San Francisco because it is and always be my home. I currently own two businesses with my best friend whose roots also go back 3 generations in the city. I was fortunate enough to have a guidance counselor in high school that got me on the right track and into college through tennis and spend a lot of my free time helping my friend Mike Hall teaching kids tennis at the Ella Hill Hutch Community Center because I believe it gave me a focus and changed my life for the better and it can give the younger generation the same opportunities. Many of our employees are SF natives and I feel that I would be a valuable member of the Cannabis Oversight Committee because I truly believe in the health benefits of cannabis, but also in our city and I would love to be a part of something that contributes to its growth.

**Business and/or professional experience:**

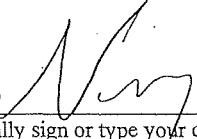

The last six years I have co-owed a small beer and wine bar in Hayes Valley that focused on small, local wine producers and we were fortunate enough to open a second location in my grandmothers former deli, M&L Market on 14th and Market. Our goal is beyond just having a successful business there is a strong focus on building community with the winemakers here in California and with our neighbors/patrons. We are proud to be able to walk through the streets of the neighborhoods we are involved in and know the faces and names of those that live there. Prior to opening the wine bar I was a partner in a cannabis cultivation project here in the city and have had my share working in the cannabis industry. Currently I am getting ready to open our cannabis manufacturing, distribution and delivery project in the Dogpatch.

**Civic Activities:**

Due to my erratic schedule- 3 children under 5 and two small business of my own, the new project in the Dogpatch, and helping my mother with her business in the city I am not able to consistently commit volunteering at one organization on a regular basis. Instead I try to fundraiser as much as I can for different nonprofits in the city such as the Rafael House or help with fundraisers for the San Francisco Police Departments or local schools in the neighborhood. When I can, I spend a lot of my free time with my friend and business partner in the equity program Mike Hall teaching kids how to play tennis at Ella Hill Hutch in Hayes Valley.

I am an LGBT business owner in San Francisco. I own and operate a cannabis manufacturing company with my partner, and we have both been residents of San Francisco for more than 10 years. I've lived in Noe Valley, and the Tenderloin over my 10 year period, and have worked for local businesses in retail, tech, hardware, apparel, and manufacturing now cannabis edibles.

**Business and/or professional experience:**

I have been working to build San Francisco start-up businesses since I first moved here in 2006. I've worked at small mission based businesses like Wildlife Works, innovative tech companies like Jawbone, and local manufacturing businesses like Rickshaw Bagworks which also founded SF Made and set the stage for me to open my own cannabi manufacturing business here in SF. SF Made helped me meet the SF business community where I was able to see first hand some of the pros and cons of manufacturing in an expensive but well known city like San Francisco. Through this process I've become very involved in state and local policy, legislation and the intended and unintended impact those policies can have on small businesses and believe I bring a well rounded understanding of small business to the table.

**Civic Activities:**

I've helped to create a cannabis community here in San Francisco focused on participating an understanding local and state policy. Our company has hosted several working sessions on ordinances and policy for our community and we've dived right in to understanding the San Francisco cannabis landscape. In addition I volunteer with Crop to Kitchen cannabis advocacy, and have spoken about the benefit of manufacturing locally at several conferences throughout the state. In the past I was also a member of the SF Bike Coalition and the SF Gay Men's Chorus. I like the rich diversity and culture San Francisco offers and would be honored to share my insight as a citizen and business owner with the board.

I am an approved equity applicant with a well established track record in all aspect of the cannabis supply chain of San Francisco. I attended USF from 1997-2001 and though I moved here from Germany for University, I never left.
I am a long-time resident of the Sunset District. Raised in Germany to immigrant parents from Iran, our family moved to the Bay Area in 1996 where my grandparents had been living since 1981. We have strong roots in the Bay Area.
My wife suffers from severe epilepsy and is the recipient of a Neuropace brain implant from the epilepsy team of UCSF. This is my primary motivation to ensure medicine for all patients not just my wife who has direct access to the source of cannabinoids. I frequently have exchanges with UCSF Neurology in regards to cannabis and its benefits for epilepsy. UCSF and myself are looking to start a city wide epilepsy awareness event amongst other things.
My personal interest further lies in rewarding those who helped build this industry in our City by supporting the Equity Program, equal pay amongst all genders, and creating a realistic path to revenue for our local businesses.
As a cultivator and the founder of Sunset Connect (cannabis flowers) and Spirulinex (water based edibles and sublingual flakes) I have seen many mom & pop producers incapable of transitioning due to the difficult navigation and cost-intensive process. I believe I am a good representative of cottage industry growers and manufacturers in San Francisco. A voice of the industry that is not necessarily well represented on the current task force.

**Business and/or professional experience:**

I am the founder of Sunset Connect (cannabis flowers), Green Spirit Essentials (extractions) and Co-founder of Spirulinox (water-based patent pending edibles and sublinguals). These are all San Francisco-centric cannabis brands that were built by myself, a team of cottage-industry growers, and a brilliant scientist Dr. Sarah Rodriguez. We have 6 pending patents for the solubilization of-cannabinoids.

Sunset Connect is currently building out a 25,000sqft cultivation site in Oakland and we are very familiar with both counties' cannabis ordinances and processes. We frequently consult with other members of the industry and attorneys to shed light upon an industry with many shadows. I am not a green rusher and I believe too many outsiders have skewed the reality of the actual struggles facing our industry.

I have a deep background in advertising and marketing including alcohol and pharmaceutical brands. The ventures I am a part of have gone through the pre-existing operator permit process as well as the equity incubation application with the city of SF. Ten years of experience enable me to bring a unique insight to the committee, one I think is much needed. I am an existing vendor to many of our City's dispensaries and am therefore able to create bridges between retail and supply with an understanding of regulated markets.

I believe I can be of aid in determining the costs associated with permitting cannabis businesses on the operator side that includes number of employees it requires to operate manufacturing and cultivation operations. I have extensive experience in dealing with testing labs through my partner Prof. Rodriguez we have recently escalated faulty weighing methods to the BCC.

I am a Union representative for UFCW Local 648. We represent over 4000 members working and living in San Francisco. Our membership consists of people from all of these demographics in higher percentages possibly than other trade unions.  
It is important that the cannabis industry provides opportunities for all San Francisco residents.  
648's priority is to participate in the oversight process to ensure that these jobs are sustainable with businesses that maintain high worker and community standards.  
I am currently in negotiations with cannabis dispensaries in San Francisco and I have held several successful Card Check meetings with workers in San Francisco. It is important that our workforce includes and reflects San Francisco's diverse communities.

**Business and/or professional experience:**

As a Union member I was very vocal and active in issues that affected workers in San Francisco since 2003. I am now paid to be a worker activist and I have worked as a Union Representative at UFCW Local 648 for 5 years. I have training in organizing, worker safety and arbitration. I have been the Labor Seat on the San Francisco State Legalization Task Force for 3 years, 2 of those years as a Co-chair of the Task Force. In 2016 I was appointed to the Vallejo Medical Marijuana Stake-holder & Expert Panel. That appointment and Panel lasted approximately 7 months. I believe having a very participatory member of the San Francisco Task Force appointed to this new Oversight Committee will allow for some continuity and context from where we have come thus far.

**Civic Activities:**

I have worked with many labor, religious and community groups to fight for Labor, fair wages, workforce housing, criminal justice reform and immigrant rights. I have held two Proposition 47 Clinics and Job Resource Fairs. I have donated time to worker food banks, political campaigns and I belong to the local neighborhood association where my office is located.

As an employer of over 150 employees, half of which are employed in San Francisco, I am well-versed in what it means to provide opportunity to all. In addition to my understanding on California labor law, I am knowledgeable as to what it means to be a San Francisco employer, and specifically a San Francisco cannabis business employer. Add all those rules together, and you have one of the most difficult to assemble work force. San Francisco goes beyond what California requires to employ cannabis employees. Minimum wage is more in SF than in CA, SF requires Labor Peace Agreements, local hiring, and equity give-back plans. As well, our organization has developed and operated one of the largest free compassion programs in the United States, having works with Maitri AIDS hospice for over 10 years now, supplying free cannabis to the many diverse residents in need of cannabis in their final days. With a background in construction, I am also well-versed in the building code requirements aimed to make the workplace a more friendly place for those with disabilities. As well, I have submitted many permits in San Francisco and understand the diverse concerns of neighbors near cannabis establishments - having worked with many neighborhood groups to plan for being a successful neighbor.

**Business and/or professional experience:**

ERICH PEARSON is a renowned leader in the cannabis industry – a long-time advocate, legislative consultant, dispensary operator, and cultivation expert. Erich has served on the board of the National Cannabis Industry Association (NCIA) since its inception in 2010. For the last fourteen years, Erich has been one of the country's strongest proponents of medical cannabis regulation, cultivation and industry best practices. Erich served on the San Francisco District Attorney's Medical Marijuana Advisory Group. He was instrumental in the passage of San Francisco's Medical Cannabis Dispensary Act and the relegation of marijuana offenses to law enforcement's lowest priority. As a result of Erich's leadership, he was appointed in 2007 by Supervisor David Campos to sit on San Francisco's Medical Cannabis Working Group. In 2015, with Prop 64 on the horizon, Erich was called back to public service as the dispensary representative to the San Francisco State-Cannabis-Legalization Task Force where he serves to this day. In 2010 Erich launched SPARC, a nonprofit medical cannabis dispensary dedicated to providing safe, consistent and affordable medical cannabis to patients in San Francisco. SPARC is built on the mission of San Francisco Cannabis Collective, which Erich founded in 2001 with Michael Aldrich to fill the needs of low-income qualified patients whose doctors had prescribed medical marijuana to address serious illnesses. SPARC also collaborates with local hospices, residential care facilities and dispensaries to successfully supply medical marijuana at no cost to seriously ill patients. Erich's vision for SPARC has been realized in both its effective treatment delivery and its radiant environment. SPARC's award winning design by Larissa Sand of renowned Sand Studios has been featured in the New York Times, Wired Magazine, and was cited by FastCompany as, "The Apple Store of Marijuana Shops". Since 2010, SPARC has blossomed into a vertically integrated cannabis organization totaling 4 dispensaries throughout the Bay Area and 5 cultivation facilities.

I am a qualified Equity Applicant, and I have deep roots in both San Francisco and the greater Bay Area. I graduated from Berkeley High in 1988, and spent five years teaching in Mexico and Japan after graduating from Claremont McKenna College on the McKenna Scholarship.
I have been living in the City since 1997, when I returned to the Bay to attend Hastings College of the Law after three years teaching for the Japanese Ministry of Education on the JET Program near Osaka, Japan. I lived in the Tenderloin from 1997 to 2006, and on Powell Street near Bush from 2006 to 2008. I've lived in the Inner Richmond continually since 2006.
As a medical cannabis patient since 1998, and the victim of an unlawful eviction by one of the largest landlords in the City in 2005, I understand the need for an inclusive approach to City cannabis policy to benefit the City as a whole and advance the needs of those less fortunate - particularly in regards to gentrification and housing..

**Business and/or professional experience:**

I have been practicing law in the City since 2005 when I hung out my own shingle at 819 Eddy Street. I spent the first two years of my practice doing criminal defense, before transitioning to civil litigation. I spent the next several years focusing on discrimination and wage and hour litigation. Since 2014, I have specialized in cannabis land use, permitting, leasing, business formation, and legislation. In 2016 I co-founded the Coalition for Common Sense Regulation (CCSR), a non-profit advocacy group dedicated to retail cannabis advocacy and functional cannabis legislation. CCSR has also co-sponsored cannabis-equity hiring fairs with dispensaries such as Barbary Coast and the Green Door.

In 2017 CCSR co-authored and co-sponsored AB-1159 with Assemblyman David Chiu's office, which Governor Brown signed into law on October 6, 2017. AB-1159 ensured that cannabis contracts would be enforceable under California law despite federal prohibition, and guaranteed that cannabis consultations would be covered by attorney-client privilege.

**Civic Activities:**

I am the CEO of CCSR, which focuses on legislative advocacy for the cannabis industry. I am also the CEO of Community Rising, a charitable organization awaiting IRS approval which is focused on community improvement at the neighborhood level by the cannabis industry. I also serve on the Advisory Board of Legal Assistance for the Elderly, a San Francisco charity in its 40th year devoted to providing pro-bono legal services for elderly and disabled adults here in the City, including, but not limited to, eviction defense services, working to preserve entitled benefits, and helping to keep seniors in their homes by assisting with the procurement of additional and necessary government-funded housing accommodations for seniors like the installation of subsidized stair-lifts in older buildings.

I am a woman of color in my mid-30s. I have been involved in social, economic and political issues for 15+ years academically, professionally, and as an engaged citizen. I have lived in the Alamo Square, Castro, Mission, Inner Richmond, and Western Addition areas of San Francisco.

**Business and/or professional experience:**

I earned an interdisciplinary Bachelor of Arts degree in 2005. I studied under a federal district judge who piqued my interest in drug policy reform. When I returned to school to pursue higher education, I selected an institution to study under a professor whose work was policy-oriented (in the area of drug policy). I completed a Masters in 2011 and a PhD in 2015, specializing in political economy and public policy.  
I worked for the City & County of San Francisco for a total of approximately 4 years, first at the Ethics Commission and later at the Office of Small Business (OSB) / Small Business Commission (SBC). I gained experience in public policy implementation, enforcement, development, and reform. I attended the Cannabis Task Force meetings as a representative of my department and promoted increased involvement of the SBC in the interagency development of cannabis policy within San Francisco. I began briefing the SBC on cannabis policy at the federal and state levels prior to the passage of Proposition 64, and worked collaboratively with other departments (Planning Department, Department of Public Health, Office of Economic and Workforce Development, and the Office of Cannabis once established) as well as the Mayor's Office and the Board of Supervisors throughout the development of San Francisco's cannabis ordinance. Thereafter, I started my consulting firm, which specializes in cannabis policy / regulation.

**Civic Activities:**

I help cannabis industry individuals/groups learn how to engage with local and state government, and be active, empowered participants in the public policy process.  
I work with various advocacy groups within the cannabis industry, including the California Growers Association, SF Cannabis Equity Working Group, and Crop to Kitchen movement. I sit on the board of the SF chapter of CalGrowers, which includes cultivators, manufacturers, retailers, distributors, testing labs, etc.  
I also volunteer with community organizations outside the cannabis space (ex: SPCA).

Recommendation Letter for Ms. Nicole Howell Neubert, Esq. - Cannabis Oversight Committee

Dear Supervisors,

It is my absolute pleasure to write this letter of recommendation for Ms. Nicole Howell Neubert, Esq., candidate for seat #14 of the Cannabis Oversight Committee.

I became acquainted with Nicole through her involvement in the San Francisco Chamber of Commerce Cannabis Working Group in 2017. The group was convened to involve the ideas and input from the soon to be legalized cannabis business community in order to work with the Board of Supervisors and Office of Cannabis in creating a regulatory framework for the new business segment.

As an actively involved attorney in the cannabis industry throughout California, Nicole was extremely thoughtful about the necessities and gave recommendations that would comply with the State's cannabis laws and regulations for San Francisco's cannabis businesses. Her perspective always provided very relevant useful information that was instrumental in shaping the approach to creating guidelines for the newly legalized industry.

Nicole has been a subject expert for presentations at various professional industry conferences including the National Cannabis Bar Association, Bar Association of San Francisco, the National and California Cannabis Industry Associations, and many others. She is very active in local and state legislative and regulatory efforts, most recently serving as a member of California State Treasurer John Chiang's Cannabis Banking Working Group, and is active in groundbreaking policy, regulatory and legal issues across California.

She has worked with hundreds of cannabis groups providing advice on matters of corporate and business counseling, entity formation and operation, business litigation, and regulatory permitting and compliance. In my conversations with Nicole, I've been impressed by her uniquely well-rounded set of skills, industry expertise and wide-ranging, relevant legal experience.

There's no doubt that Nicole's experience and knowledge as an attorney specializing in the cannabis industry for the past 10 years has given her the acumen that will make her a valuable member of the Cannabis Oversight Committee.

For the above reasons, I strongly support and recommend Nicole Howell Neubert for the Cannabis Oversight Committee Seat #14.

Very Sincerely,

Tony Tucker  
Manager, Partnership Development

July 28, 2019

To the esteemed members of the San Francisco Rules Committee,

I write this letter to express my undying support and gratitude for Nicole Howell Neubert and the work she has done and continues to do for the benefit of the Success Centers Equity program.

A word about myself and those I serve, my name is Angela White and I am the Cannabis job developer working with the nonprofit Success Centers where our motto is, "Empowerment through Education, Employment, and Art." Six months into my position, starting Success Center's Cannabis Equity-focused program, I had the fortunate opportunity to attend a Stories from the Underground event in Oakland to hear the testimonies of Dale Sky Jones and Jeff Jones of Oaksterdam University, Libby Schaaf, and other pioneers of Cannabis legalization in California. Upon introducing myself to Jeff Jones, Dale Sky Jones and Nicole and sharing my story and goal, Nicole looked me in the eye and said, unprovoked, "Angela, whatever you need from me, you have it." This began Success Centers' and Oaksterdam University's partnership by which we have provided 90 scholarships to world-renowned education for San Francisco Equity applicants.

Shortly thereafter, I invited Nicole to provide a presentation at Success Centers Equity for Industry Workshops. Her presentation last September has set the tone for the Workshops since, which has provided information and community to 120 attendees to date. Her presentation covered Strategic Ways to Elevator Pitch, Non-Disclosure Agreements, and Contracts with Equity Incubators. I know this information resonated and stuck with the attendees not just because of the enthusiasm with which it was met but because of something that happened three months afterward when I invited an Equity incubator to speak to and with applicants. I provided a time with which any interested Equity applicant could meet with the incubator privately and look at the proposed contract. Every single applicant who spoke with the incubator recognized the language in the contract as sub-standard and not in their best interest. They had learned and were empowered by the information that Nicole had provided them.

Nicole and I have maintained a close relationship that I have held close in my heart and continues to serve Success Centers and its Equity applicants. Last October, in preparation for a San Francisco Bar Association meeting, Nicole asked me what the Equity program needed. She invited me to attend the event where I saw her stand up and speak for me and every other San Francisco Equity applicants, asking the Bar Association for pro-bono legal counsel, which is now a provision of the Equity program. Not only did she stand up for us publicly but also offered her own services, pro-bono, to the attendees of our Equity for Industry Workshop.

This woman has created a legacy within Success Centers Equity program. She is my hero and has made herself indispensable to me for which I am eternally grateful. I am honored to provide this letter of my support. It is within the city's best interest to grant her a seat on the San Francisco Cannabis Oversight Committee.

In community,

Angela White

Re: Recommending Jesse Stout for appointment to the SF Cannabis Oversight  
Committee

To whom it may concern:

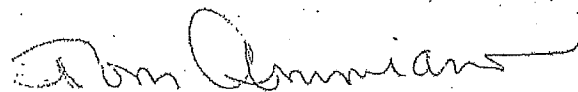

I write in support of Jesse Stout's application for appointment to a seat on the Cannabis Oversight Committee.

While I represented San Francisco in the state Assembly and chaired the Assembly Public Safety Committee, Jesse served as a legal intern to the committee's staff. In this capacity, he wrote bill analyses, including the analysis of a bill I had introduced to regulate California's medical cannabis industry. Jesse worked closely with my staff and me, evaluating bill amendments and participating in meetings with legislators and stakeholders.

I have worked with many lawyers and law students, but Jesse Stout is the most passionate about responsible cannabis regulation, and among the most dedicated to social justice. He is smart and hard-working, his work is thorough and thoughtful, and he is very personable and a joy to spend time with. Most recently, he was of great service to the SF Cannabis State Legalization Task Force, advising the Board of Supervisors on crafting the 2017 cannabis regulatory ordinance.

Please appoint Jesse Stout to the Cannabis Oversight Committee.

Sincerely,

Tom Ammiano

Re: Recommending Jesse Stout for appointment to the Cannabis State Legalization Task Force

Dear Supervisors:

I am writing to recommend the appointment of Jesse Stout to a seat on the newly created State Cannabis Legalization Task Force.

As a former member of the San Francisco Human Rights Commission, I have come to know and respect Jesse and the important work he has undertaken. He worked very closely with Commission staff to assist in preparing for the "War on Drugs" hearing. He also testified at that hearing. He is a bright, hard working and passionate social justice advocate for disadvantaged and disenfranchised San Franciscans.

Jesse has devoted himself to working to help medical cannabis patients and cannabis users for many years. For several years he led a coalition of cannabis patient-activists, and has helped write state medical cannabis legislation. He is also a patient himself. Besides that, he is also an attorney. He helps cannabis businesses navigate the difficult legal terrain of California law, which is very complex in this area. Overall, he is very knowledgeable and experienced about newly regulating cannabis and the cannabis industry. He also very effectively works well with others.

For all these reasons, Jesse Stout would be an exemplary appointee for the Cannabis State Legalization Task Force.

Sincerely,

Michael G. Pappas, M.Div.

Madam Chair and Committee Members

Please forgive this late message as I just learned over weekend of the today's hearing to consider the appointment of Ms. Sara Payan for seat 16 of the San Francisco Cannabis Oversight Committee. I am writing to recommend and endorse her without reservation for this position.

The modern day societal understanding of cannabis use for a variety of physical and psycho social issues has led to rapid legal expansion of products much faster than government usually works in these matters.

Sara's experience with medical cannabis as a cancer survivor, a respected educator and patient focused policy advocate demonstrate the skills that make her uniquely qualified for this seat that will our City focus on all the issues. She understands the importance of creating safe access to cannabis to the critically ill as she was not only a patient, but also created and facilitated the Apothecarium's compassion program, helping patients most in need manage their symptoms through donations from the cannabis industry. Her work as the co-chair of the San Francisco State Cannabis Legalization Taskforce demonstrates her dedication to create positive change through thoughtful sustainable policy benefiting both the public and a burgeoning industry.

On a personal level, she was the first person to counsel me on cannabis use after I received the doctor recommended I try cannabis for sleep and I received my medical cannabis card from the Health Department. She was informative and expert in introducing me to this new phenomenon for me.

Sincerely,  
Art Agnos

In 2009, Mayor Gavin Newsom assigned me to work as the liaison of government affairs to Liuna, Local 261. The primary goal was to develop public/private partnerships in workforce between the City & County of SF and LiUNA, Local 261, one of the most diverse unions in San Francisco. Since that time we have developed 3 public sector apprenticeship programs and 1 public sector pre-apprenticeship program. These programs provide career opportunities to all the communities and neighborhoods in San Francisco with focus on disenfranchised areas and populations. As a business agent, I also fight daily for equality and protections in the workplace for all protected classes.

**Business and/or professional experience:**

Currently, I serve for the City & County of San Francisco on the CA Statewide Cannabis Industry Apprenticeship Committee. The Committee is responsible for overseeing and developing apprenticeship opportunities and curriculum statewide in four major career pathways within the cannabis industry. In September of 2018, the CA Statewide Cannabis Industry Apprenticeship Committee, at the direction of the Governor's Office, filed apprenticeship standards for cultivation, manufacturing, distribution, and pharmacy technician with the CA State Department of Apprenticeship Standards. I also volunteer as the CAO for Laborers Community & Training Foundation (LCTF). Through the LCTF, we developed curriculum for a cannabis pre-apprenticeship program which has been adopted by the CA Statewide Cannabis Industry Apprenticeship Committee as a partnering pre-apprenticeship program to the apprenticeship. Through the LCTF we also developed the Mayor's Pre-Apprenticeship Program at Gleneagles, which has successfully graduated almost 100 San Francisco residents and provided career opportunities into the construction industry through apprenticeship.
