

1 [Authorizing Use of Previously Approved Funds for Non-Optional Services in Parking Citation  
Processing Agreement - PRWT Services, Inc. - \$6,835,709]

2 **Resolution authorizing the Municipal Transportation Agency to use funds, totaling**  
3 **approximately \$6,835,709 previously designated by the Board of Supervisors for**  
4 **optional services under the two-year parking citation processing contract extension**  
5 **with PRWT Services, Inc., to be used instead for non-optional, required services.**

6  
7 WHEREAS, The Board of Supervisors' adopted Resolution No. 438-08 approving a  
8 five-year agreement for parking citation and processing with PRWT, Inc., for a not-to-exceed  
9 (NTE) amount of \$53,475,441 with the option to extend the agreement for up to five additional  
10 years; and

11 WHEREAS, As a condition for approval of the contract, the Board of Supervisors  
12 placed a not-to-exceed amount for non-optional required services of \$45,815,441 and a not-  
13 to-exceed amount for optional services of \$7,660,000; and

14 WHEREAS, The existing contract was negotiated under the assumption that, on  
15 average, 1.8 million parking citations would be issued annually, and the costs were spread  
16 over this number of citations; however, due to the SFMTA's efforts to reduce the number of  
17 citations issued, citation amounts for the last five years have fallen to an average of 1.6 million  
18 annually, resulting in lower costs for processing fees; and

19 WHEREAS, In addition, allocated funds remain for optional services because the  
20 SFMTA has elected to defer the implementation of further optional services due to  
21 technological advancements that impact cost, and resource limitations; and

22 WHEREAS, The SFMTA has elected to extend the contract for two additional years in  
23 order to provide adequate time to develop a thorough scope of services for a new Request for  
24 Proposals (RFP); allow the SFMTA to consider alternative business models to address the  
25

1 agency's changing service and technology needs, including possibly separating services (e.g.  
2 Citation Processing, Special Collections and Residential Permit Parking) to allow for more  
3 competition; provide appropriate time for a potentially complicated transition period to work  
4 through business flows and business process changes with a potential new contractor or  
5 contractors; preserve the favorable amount of the existing "per citation" fee, as the cost was  
6 agreed to by the contractor in anticipation of a higher volume of citations to be processed; and  
7 reevaluate optional services in light of emerging technology and public need and add addition  
8 services as appropriate to the upcoming RFP's scope of services; and

9 WHEREAS, The remaining allocated funds for optional services of approximately  
10 \$6,835,709 when combined with the remaining allocated funds for non-optional services in the  
11 amount of approximately \$9,396,421 should be sufficient to cover all contract costs for the  
12 two-year extension; now, therefore, be it

13 RESOLVED, That the Board of Supervisors authorizes the SFMTA to use funds  
14 previously designated for optional services, totaling approximately \$6,835,709 for non-optional  
15 required services for the two-year parking citation processing contract extension with PRWT  
16 Services, Inc.

City and County of San Francisco

Tails  
Resolution

City Hall
