22 Be it ordained by the People of the City and County of San Francisco:

23 Section 1. Findings. The Board of Supervisors (“Board”) of the City hereby finds
24 and declares as follows:

25 A. On November 5, 2002, the voters of the City and County of San Francisco
26 (“City”) approved Proposition E (“Proposition E”), which among other things, authorized the

1 San Francisco Public Utilities Commission (“Commission”) to issue revenue bonds, including
2 notes, commercial paper or other forms of indebtedness (which forms of indebtedness may
3 include without limitation for purposes of Proposition E, loans and other forms of indebtedness
4 provided by governmental agencies and/or commercial or investment banks), when
5 authorized by ordinance approved by a two-thirds vote of the Board of Supervisors, for the
6 purpose of reconstructing, replacing, expanding, repairing or improving water facilities or
7 clean water facilities or combinations of water and clean water facilities under the jurisdiction
8 of the Commission; and

9 B. The Commission adopted the Indenture dated as of January 1, 2003, as further
10 amended and supplemented from time to time (“Indenture”), between the Commission and U.
11 S. Bank National Association and in connection therewith, has from time to time issued
12 revenue bonds to finance projects benefitting the Wastewater Enterprise; and

13 C. By Resolution 23-0038 adopted by the Commission on February 14, 2023
14 (“Commission Resolution”) the Commission has determined to issue Wastewater Revenue
15 Bonds (“Wastewater Revenue Bonds”) and other forms of indebtedness (including without
16 limitation SRF Loans or WIFIA Loans , as described below), as well as interim funding
17 vehicles such as commercial paper, revolving credit notes, bond anticipation notes or other
18 forms of notes, which interim funding vehicles will be issued in advance of being paid off by
19 either Wastewater Revenue Bonds or other forms of indebtedness (including, without
20 limitation and for illustrative purposes only, SRF Loans or WIFIA Loans), to finance the costs
21 of various capital wastewater projects benefitting the Wastewater Enterprise ("Capital
22 Improvement Projects", such projects being more fully described in the Commission
23 Resolution), pursuant to Proposition E, and has formally requested this Board to authorize the
24 issuance and sale of Wastewater Revenue Bonds for such purposes, such Commission
25 Resolution being on file with the Clerk of the Board in File No. 230666; and

1 ///

2 D. Pursuant to Section 43.5 of the San Francisco Administrative Code (“Article V”),
3 enacted by Ordinance No. 203-98 adopted by the Board on June 8, 1998, and signed by the
4 Mayor of the City on June 19, 1998, as amended by Ordinance No. 270-06, adopted on
5 October 24, 2006 by the Board and signed by the Mayor on October 31, 2006, the Board
6 established a procedure pursuant to which the Commission may issue short-term
7 indebtedness, including the issuance of commercial paper in anticipation of the issuance of
8 revenue bonds; and

9 E. The Commission has authorized pursuant to Resolution No. 17-0086, approved
10 by the Commission on April 25, 2017, and the Board has approved pursuant to Resolution No.
11 193-17, adopted by the Board on May 23, 2017, and signed by the Mayor on May 26, 2017, a
12 resolution to increase the Wastewater CP Program to an aggregate principal amount not to
13 exceed \$750 million of commercial paper notes outstanding at any one time, and the
14 Commission has caused from time to time wastewater commercial paper to be issued; and

15 F. In order to finance the costs of the Capital Improvement Projects, the Board now
16 desires to authorize pursuant to Proposition E the issuance and sale of Wastewater Revenue
17 Bonds and other forms of indebtedness for such purposes, including without limitation State
18 Revolving Fund Loans and/or grants from the State Water Resources Control Board (“SRF
19 Loans”) or U.S. Environmental Protection Agency Water Infrastructure Finance and Innovation
20 Act loans (“WIFIA Loans”) and such other indebtedness as may be advantageous to the
21 Commission; and

22 G. The Commission has paid, beginning no earlier than 60 days prior to the
23 adoption of this Ordinance and will pay, on and after the date hereof, certain expenditures
24 (“Expenditures”) in connection with the acquisition, construction and/or equipping of the
25 Capital Improvement Projects; and

1 ///

2 H. This Board is concurrently considering with this Ordinance, related supplemental
3 appropriation ordinances for the fiscal year ending 2023, including the proceeds of such
4 Wastewater Revenue Bonds and other forms of indebtedness (including, without limitation
5 and for illustrative purposes only) SRF Loans, WIFIA Loans, commercial paper, revolving
6 credit notes and bond anticipation notes); and

7 I. In order to finance and refinance the costs of any Wastewater Enterprise
8 facilities or improvements financed with bonds issued pursuant Proposition E, the Board now
9 desires to authorize the issuance and sale of Wastewater Revenue Refunding Bonds.

10 Section 2. Authorization to Issue Wastewater Revenue Bonds and other forms of
11 indebtedness. The Board hereby authorizes the issuance and sale of Wastewater Revenue
12 Bonds in one or more series from time to time by the Commission pursuant to Proposition E
13 and in accordance with the Commission Resolution and the execution and delivery of SRF
14 Loan or WIFIA Loan agreements or the issuance of commercial paper, revolving credit notes,
15 or bond anticipation notes, in an aggregate principal amount not to exceed \$1,047,288,286
16 (inclusive of financing costs) bearing a maximum rate or rates of interest of not to exceed
17 twelve percent (12%) per annum to finance a portion of the costs of the design, acquisition
18 and construction of the Capital Improvement Projects. Without limiting the foregoing, the
19 Commission shall be authorized to incur SRF Loans from the State Water Resources Control
20 Board or WIFIA Loans from the U.S. Environmental Protection Agency at such time, in such
21 amounts, and upon such other terms and conditions as the Commission may deem
22 advantageous. The Commission is hereby further authorized to determine the timing, amount
23 and manner of sale (i.e., competitive or negotiated) of each series of Wastewater Revenue
24 Bonds, commercial paper, revolving credit notes, or bond anticipation notes pursuant to this
25 authorization; provided however, the Commission's authorization to issue Wastewater

1 Revenue Bonds or incur other forms of indebtedness (including SRF Loans, WIFIA Loans,
2 bond anticipation notes, commercial paper or revolving credit notes) is subject to approval by
3 the Commission of the form of substantially final offering document related to such obligations
4 (if any) and the approval of any related agreements, financing documents and the filing with
5 its Board and the Clerk of the Board any certifications required by Proposition E prior to the
6 issuance of any bonds or the incurrence of any indebtedness herein authorized. The
7 Commission shall also file, within 30 days of any bond sale authorized hereby, with the Clerk
8 of the Board of Supervisors a report showing the results of the sale of Wastewater Revenue
9 Bonds, SRF Loans or other form of indebtedness including (i) principal amount sold and
10 method of sale, (ii) true interest cost, (iii) final maturity, (iv) the facilities constructed and/or
11 improved, and (v) a statement about the remaining bonding authorization under this
12 Ordinance (“Bond Report”); provided however that failure to file the Bond Report shall not
13 affect the validity of any bonds authorized hereunder.

14 Section 3. Authorization to Issue Wastewater Revenue Refunding Bonds;
15 Commercial Paper Retirement. Notwithstanding Section 2 immediately above , the Board
16 further authorizes and approves the issuance by the Commission of Wastewater Revenue
17 Refunding Bonds (“Refunding Bonds”) without limitation as to principal amount, in one or
18 more series on one or more dates, at a maximum interest rate or rates of interest not to
19 exceed twelve percent (12%) per annum, provided that each such Refunding Bond issue is
20 permitted under the applicable policies and procedures of the City and authorized by Section
21 9.109 of the Charter (including related ordinances and resolutions of the Board). The
22 Refunding Bonds may be issued as taxable or tax-exempt obligations, or any combination
23 thereof. Refunding Bonds authorized hereunder shall be subject to the further following
24 conditions, that: (i) three percent (3%) net present value debt service savings or greater is
25 achieved to ensure ratepayer savings (exclusive of any issuance to refund commercial paper,

1 revolving credit notes, or bond anticipation notes); (ii) that the maturity of the refunded bonds
2 is not extended; (iii) this authorization is subject to a 5-year term through June 30, 2028, at
3 which time this Board may consider an extension; (iv) principal payments and term may be
4 adjusted, where permitted under federal and state tax law, only if and when the underlying
5 capital asset funded through said refunded bonds has a useful life not in excess of any limit
6 permitted under federal and state tax law than the refunded term; and (v) the Commission
7 shall within 30 days of any executed refunding transaction provide a refunding savings report
8 (“Bond Refunding Savings Report”) prepared by its municipal advisors (that reflects at least a
9 three percent (3%) net present value debt service savings) to the Board, together with a copy
10 of the final Official Statement (if any) with respect to such series of Refunding Bonds, provided
11 that the failure to deliver such Bond Refunding Savings Report shall in no way affect the
12 validity of any Refunding Bonds. Notwithstanding the foregoing, the Commission is
13 authorized to issue Refunding Bonds that do not meet all of the foregoing conditions provided
14 that the Commission makes a finding, by resolution, that significant non-economic factors
15 exist that justify the waiver of the three percent (3%) net present value debt service savings
16 test and other conditions set forth above. Such non-economic factors may include, by way of
17 illustration and not limitation, eliminating onerous covenants and obsolete provisions
18 contained in the Commission’s indenture or other security documents, or restructuring a
19 series of bonds in response to then-current market conditions. In furtherance of the purpose
20 of managing the Commission outstanding indebtedness, the General Manager is hereby
21 authorized and directed, in consultation the City Attorney, from Available Wastewater
22 Enterprise Revenues to retire outstanding Wastewater Enterprise Commercial Paper at such
23 times and in such amounts advantageous to the Commission.

24 Section 4. Declaration of Official Intent. The Board, on behalf of the Commission,
25 hereby declares the official intent of the Commission to reimburse the Commission with

1 proceeds of the Wastewater Revenue Bonds or other forms of indebtedness (including SRF
2 Loans or other federal loans, commercial paper, revolving credit notes, or bond anticipation
3 notes) for the Expenditures with respect to the Capital Improvement Projects made on and
4 after a date that is no more than 60 days prior to the adoption of this Ordinance. The
5 Commission reasonably expects on the date hereof that it will reimburse the Expenditures
6 with proceeds of the Wastewater Revenue Bonds or other forms of indebtedness (including,
7 without limitation and for illustrative purposes only, SRF Loans, commercial paper, revolving
8 credit notes or bond anticipation notes). Each said Expenditure was and will be either (A) of a
9 type properly chargeable to a capital account under general federal income tax principles
10 (determined in each case as of the date of the Expenditure), (B) a cost of issuance with
11 respect to such obligations, (C) a nonrecurring item that is not customarily payable from
12 current revenues, or (D) a grant to pay a party that is not related to or an agent of the issuer
13 so long as such grant does not impose any obligation or condition (directly or indirectly) to
14 repay any amount to or for the benefit of the Commission. The Commission will make a
15 reimbursement allocation, which is a written allocation by the Issuer that evidences the
16 Commission's use of proceeds of the Wastewater Revenue Bonds or other forms of
17 indebtedness to reimburse an Expenditure, no later than 18 months after the later of the date
18 on which the Expenditure is paid or the component of the Capital Improvement Projects is
19 placed in service or abandoned, but in no event more than three years after the date on which
20 the Expenditure is paid. The Commission recognizes that exceptions are available for certain
21 "preliminary expenditures," costs of issuance, certain de minimis amounts, expenditures by
22 "small issuers" (based on the year of issuance and not the year of expenditure) and
23 expenditures for construction projects of at least 5 years.

24 Section 5. General Authority. The Controller, Treasurer, the City Attorney and other
25 officers of the City, including the Director of the Office of Public Finance, and their duly

1 authorized deputies and agents are hereby authorized and directed, jointly and severally, to
2 take such actions and to execute and deliver such certificates, agreements, requests or other
3 documents, as they may deem necessary or desirable to facilitate the issuance, sale and
4 delivery of the Wastewater Revenue Bonds, SRF Loans, WIFIA Loans, bond anticipation
5 notes, commercial paper or Refunding Bonds, to obtain bond insurance or other credit or
6 liquidity enhancements with respect to any such obligations, and otherwise to carry out the
7 provisions of this Ordinance. The Commission is hereby directed to provide the final form to
8 the Clerk of the Board of any disclosure document (if any) prepared in connection with the
9 execution of any Wastewater Revenue Bonds, SRF Loans, WIFIA Loans, bond anticipation
10 notes, commercial paper or Refunding Bonds, and the final executed Installment Sale
11 Agreement or other document reflecting the incurrence of an SRF Loan or a WIFIA Loan,
12 within 30 days of the closing of such transactions; provided however that failure to provide
13 such document shall not affect the validity of the obligations authorized hereunder. The
14 Commission is further directed as a part of the two-year budget review to provide to this Board
15 of Supervisors a written report about Wastewater Revenue Bonds authorized hereunder,
16 detailing the total amount authorized, the total amount sold, the remaining authorized but
17 unissued amount, and the bond authorization no longer necessary due to changes in projects
18 and project financing.

19 Section 6. Ratification of Prior Actions. All actions authorized and directed by this
20 Ordinance in connection with the issuance of the Wastewater Revenue Bonds or other forms
21 of indebtedness (including, without limitation and for illustrative purposes only, SRF Loans,
22 WIFIA Loans, bond anticipation notes or commercial paper), Refunding Bonds, and heretofore
23 taken are hereby ratified, approved and confirmed by this Board.

24 Section 7. File Documents. All documents referred to as on file with the Clerk of the
25 Board are in File Nos. 230666.

LEGISLATIVE DIGEST

[San Francisco Public Utilities Commission Wastewater Revenue Bond Issuance - Various Capital Wastewater Projects Benefitting the Wastewater Enterprise - Not to Exceed \$1,047,288,286]

Ordinance authorizing the issuance and sale of tax-exempt or taxable Wastewater Revenue Bonds and other forms of indebtedness (as described below) by the San Francisco Public Utilities Commission (“Commission”) in an aggregate principal amount not to exceed \$1,047,288,286 to finance the costs of various capital wastewater projects benefitting the Wastewater Enterprise pursuant to amendments to the Charter of the City and County of San Francisco enacted by the voters on November 5, 2002 as Proposition E; authorizing the issuance of Wastewater Revenue Refunding Bonds and the retirement of outstanding Wastewater Enterprise Commercial Paper; declaring the Official Intent of the Commission to reimburse itself with one or more issues of tax-exempt bonds or other forms of indebtedness; and ratifying previous actions taken in connection therewith, as defined herein.

Existing Law

This is new law.

Background Information

On November 5, 2002, the voters of the City and County of San Francisco approved Proposition E (“Proposition E”) which authorized the Commission to issue revenue bonds, including notes, commercial paper or other forms of indebtedness, when authorized by ordinance approved by a two-thirds vote of the Board of Supervisors, for the purpose of reconstructing, replacing, expanding, repairing or improving water facilities or clean water facilities or combinations of water and clean water facilities under the jurisdiction of the Commission.

The proposed Ordinance authorizes the issuance of tax-exempt or taxable Wastewater Revenue Bonds and other forms of indebtedness in an amount not to exceed \$1,047,288,286. Proceeds of the Wastewater Revenue Bonds will be used to provide funds to pay the costs to finance of projects benefitting the Wastewater Enterprise, as more fully set forth in the staff report accompanying the proposed Ordinance.

The Wastewater Revenue Bonds will be issued under an Indenture dated as of January 1, 2003 (as further amended and supplemented from time to time (“Indenture”), between the Commission and U. S. Bank National Association, as the trustee.

The proposed Ordinance also authorizes the issuance of Refunding Wastewater Revenue Bonds to refund outstanding indebtedness of the Wastewater Enterprise subject to the following conditions, among others i) three percent (3%) net present value debt service savings or greater is achieved; (ii) the maturity of the refunded bonds is not extended; (iii) the refunding authorization sunsets on June 30, 2028, unless extended by the Commission. Staff is required to provide a savings report within 30 days following the bond sale.

The proposed Ordinance also authorizes the Commission to issue Refunding Bonds for non-economic factors which may include, by way of illustration, eliminating onerous covenants and obsolete provisions contained in the Commission's Indenture or other security documents, or restructuring a series of bonds in response to then-current market conditions.

<p>Items 19 & 21 Files 23-0655 & 23-0666</p>	<p>Department: Public Utilities Commission</p>
<p>EXECUTIVE SUMMARY</p>	
<p style="text-align: center;">Legislative Objectives</p>	
<ul style="list-style-type: none"> • File 23-0666 is an ordinance authorizing the San Francisco Public Utilities Commission (SFPUC) to issue \$1,047,288,286 in Wastewater Revenue Bonds to fund Wastewater Enterprise capital projects. • File 23-0655 is an ordinance appropriating \$1,142,597,402 of Wastewater Revenue Bond proceeds or State Loan or Grant Funds, wastewater revenues, and wastewater capacity fees for the Wastewater Enterprise’s Capital Improvement Program for FY 2022-23 and placing \$704,198,901 on Controller’s Reserve. 	
<p style="text-align: center;">Key Points</p>	
<ul style="list-style-type: none"> • Proposition E, approved by voters in 2002, provides for the Board of Supervisors to authorize SFPUC to issue revenue bonds. To date, the Board of Supervisors has authorized \$5.2 billion and SFPUC has issued \$4.5 billion in Wastewater Revenue Bonds authorized by Proposition E. • The appropriation funds projects approved in the SFPUC Capital Plan. The Wastewater Enterprise’s \$4.9 billion ten-year capital improvement plan is a decrease from last year’s \$6.1 billion ten-year capital plan for Wastewater. The SFPUC reduced the capital budget by \$1.2 billion due to increasing financing and construction costs, annual Wastewater capital underspending of approximately \$1.5 billion between FY 2016-17 and FY 2021-22, and a desire to balance rate increases for all its Enterprises. The capital funding decreases were across all Wastewater capital programs. 	
<p style="text-align: center;">Fiscal Impact</p>	
<ul style="list-style-type: none"> • The 10-Year Financial Plan assumes no retail sewer rate increase in FY 2022-23 and a 9 percent rate in increase for sewer rates in FY 2023-24, and remain between 9 and 10 percent through FY 2030-31, after which they decrease to 5 percent per year in FYs 2031-32 and FY 2032-33. This is an increase from the 6 percent annual rate increases projected last year for FY 2023-24 – FY 2029-30. 	
<p style="text-align: center;">Recommendations</p>	
<ul style="list-style-type: none"> • Amend File 23-0666 to state that the required report to the Board of Supervisors detailing issuance of Wastewater Revenue Bonds be included in the legislative file for that item. • Approve the ordinances, as amended 	

MANDATE STATEMENT

Charter Section 8B.124 states that the Public Utilities Commission is authorized to issue revenue bonds and other forms of indebtedness, when authorized by two-thirds vote of the Board of Supervisors.

Charter Section F1.113 states that 0.2 percent of the City’s budget, excluding bond debt, must be set-aside for the Controller’s audit fund.

Charter Section 5A.31(d) states that one-twentieth of one percent (0.05%) from the proceeds of each issuance or sale of public utility revenue bonds must be set aside for use by the Public Utilities Commission Revenue Bond Oversight Committee to cover the costs of Committee activities.

Charter Section 9.105 states that the Board of Supervisors shall approve by ordinance all amendments to the Annual Appropriation Ordinance after the Controller certifies the availability of funds.

BACKGROUND

The Wastewater Enterprise has three capital improvement programs totaling \$4.9 billion over the ten-year period FY 2023-24 to FY 2032-33.

- 1. **Sewer System Improvement Program (SSIP):** consists of multiple projects that include addressing aging infrastructure and existing wastewater collection system and treatment facilities and seismic deficiencies, managing stormwater in the City’s eight urban watersheds, and upgrading the existing wastewater system. SSIP Phase 1 includes 70 projects and Other SSIP includes 43 projects (**\$2.9 billion**).
- 2. **Renewal and Replacement Program (R&R):** This program addresses (1) deficiencies in the sewer collection system to ensure they continue to function at proper capacity and meet regulatory standards, and (2) the extension of the useful life of treatment facilities throughout the City by helping to maintain their treatment capacity and performance and maintain regulatory compliance (**\$1.6 billion**).
- 3. **Facilities and Infrastructure Program (F&I):** consists of capital projects intended to provide for necessary upgrades to aging facilities not included in the SSIP and RRP. These projects include the Southeast Outfall Condition Assessment & Rehabilitation, New Treasure Island Wastewater Treatment Plant, Ocean Beach Climate Change Adaptation Project, Collection Division Consolidation (WWE Facilities Plan), Southeast Community Center at 1550 Evans, Southeast Bay Outfall Islais Creek Crossing Replacement, and Southwest Ocean Outfall (SWOO) (**\$330 million**).

The Wastewater Enterprise’s \$4.9 billion ten-year capital improvement plan is a decrease from last year’s \$6.1 billion ten-year capital plan for Wastewater. The PUC reduced the ten-year capital budget by \$1.2 billion due to increasing financing and construction costs, annual Wastewater Capital budget underspending of approximately \$1.5 billion between FY 2016-17 and FY 2021-

22, and a desire to balance rate increases for all its Enterprises. The capital funding decreases were across all Wastewater capital programs: \$636 million in SSIP, \$599 million in Renewal and Replacement, and \$13 million in Facilities.

DETAILS OF PROPOSED LEGISLATION

File 23-0666 is an ordinance (a) authorizing the issuance and sale of tax-exempt or taxable Wastewater Revenue Bonds and other forms of indebtedness by the San Francisco Public Utilities Commission (SFPUC) in an aggregate principal amount not to exceed \$1,047,288,286 to finance the costs of Wastewater Enterprise capital projects; (b) authorizing the issuance of Wastewater Revenue Refunding Bonds and the retirement of outstanding Wastewater Enterprise Commercial Paper; (c) declaring the intent of SFPUC to reimburse itself with one or more issues of tax-exempt bonds or other forms of indebtedness; and (d) ratifying previous actions taken in connection with the issuance of the bonds.

File 23-0655 is an ordinance (a) appropriating \$1,142,597,402 of proceeds from Revenue Bonds, State of California Water Resources Control Board's revolving loan funds (State Loan Funds) or grant funds (State Grant Funds), wastewater revenues, and wastewater capacity fees for the San Francisco Public Utilities Commission (SFPUC) Wastewater Enterprise's Capital Improvement Program for FY 2023-24. \$1,047,288,286 of Revenue Bond and State Loan Funds or State Grant Funds proceeds are placed on Controller's Reserve pending Controller certification of the availability of funds. Sources and uses of the appropriated funds are shown in Table 1 below. Projects funded by the appropriated funds are subject to final approval of the California Environmental Quality Act (CEQA) findings by the SFPUC and the Board of Supervisors.

Wastewater Revenue Bond Issuance

At the February 14, 2023 Commission meeting, the SFPUC approved the issuance of new Wastewater Revenue Bonds to finance wastewater capital projects in FY 2022-23. The proposed ordinance allows the issuance of commercial paper or other interim debt to finance the projects prior to the issuance of the revenue bonds and provides for SFPUC to access California Water Resources Control Board revolving loan funds or grant funds.

The SFPUC may issue taxable or tax-exempt bonds in one or more series through either a negotiated or competitive sale. The SFPUC is to report to the Board of Supervisors within 30 days of the bond issuance: (i) the principal amount sold and method of sale, (ii) true interest cost, (iii) final maturity, (iv) the facilities constructed and/or improved, and (v) a statement about the remaining bonding authorization.

In addition, the SFPUC may issue refunding bonds to repay outstanding Wastewater Revenue Bond debt if the issuance of the refunding bonds results in net present value debt service savings of 3 percent and does not extend the maturity date. If the SFPUC issues refunding bonds, then the SFPUC needs to submit to the Board of Supervisors the final official statement for the refunding bonds and a statement from the financial advisor on the 3 percent net present value debt service savings. SFPUC may request authorization to issue refunding bonds for other reasons

that debt service savings if other benefits accrue, such as removal of bond covenants deemed to be onerous to the SFPUC. The authorization to issue refunding bonds extends through June 2028.

FY 2023-24 Wastewater Capital Budget

The proposed ordinance appropriates \$793.0 million of bond proceeds, wastewater revenues, and capacity fees to various SSIP and wastewater projects in FY 2022-23, as shown in Table 1 below.

Table 1: Sources and Uses of Funds

	2023 Bond Proceeds (SSIP) ^a	2021 Bond Proceeds	Wastewater Revenues	Capacity Fees	Total
Sources	\$915,923,953	\$131,364,333	\$81,338,116	\$13,971,000	\$1,142,597,402
Uses

Total Uses	\$915,923,953	\$131,364,333	\$81,338,116	\$13,971,000	\$1,142,597,402

Source: Appropriation Ordinance

^a Sewer System Improvement Program

^b Financing costs include the costs of interim, short-term funding for projects by the Commercial Paper Program, such as accrued interest and credit bank and dealer fees associated with outstanding commercial notes as well as capitalized interest and other issuance costs

Wastewater Revenues may include State Loan Funds, State Grant Funds, Federal Grant Funds, or Federal Loan Funds

Project descriptions are included in Attachment I.

Proposition E Bond Funds

San Francisco voters approved Proposition E in 2002, providing for the Board of Supervisors to authorize issuance of Wastewater Revenue Bonds with two-thirds approval of the Board members. To date, the Board has authorized \$5,289,647,281, of which \$4,482,180,128 has been issued and \$807,467,153 is authorized but not issued. Approval of the \$915,923,953 in new Wastewater Revenue Bond authority would increase the amount of bonds authorized in accordance with Proposition E to \$1,723,391,106. The SFPUC plans to issue approximately \$703

million, \$990 million, and \$867 million in Fiscal Year 2023-24, 2025-26, and 2026-27, respectively, as per their 10-year Financial Plan (amounts are preliminary are subject to change due to market conditions and actual project spending)

FISCAL IMPACT

Debt Issuance

SFPUC anticipates issuing \$1.05 billion in Wastewater Revenue Bonds at 5 percent interest. Issuance and interim financing costs are \$154.8 million¹ for net bond proceeds of approximately \$892.5 million. Average annual debt service over 30 years is approximately \$68 million. Actual debt service cost may be lower due to bond refunding and access to state lending and other capital revenues.

Ten-Year Financial Plan

The 10-Year Wastewater Capital Plan provides for issuing \$703 million in Wastewater Revenue Bonds in FY 2023-24 and future Wastewater Revenue Bond issuances totaling \$4.1 billion over 10 years. According to PUC's 10-Year Financial Plan, total annual Wastewater Enterprise debt service for outstanding debt is \$102.2 million in FY 2022-23, increasing to \$388.9 million in FY 2032-33.

The year-end Wastewater Enterprise fund balance is estimated to decrease from \$158.8 million in FY 2022-23 to \$134.3 million in FY 2032-33. The SFPUC fund balance reserve policy is for fund balance to equal at least 25 percent of annual operating and maintenance expenses. According to the 10-Year Financial Plan, the Wastewater Enterprise fund balance is estimated to equal 79 percent of annual operating and maintenance expenses in FY 2022-23, decreasing to 49 percent in FY 2031-32.

The SFPUC 10-Year Financial Plan projects that the Wastewater Enterprise will have sufficient net revenues and unrestricted fund balance to maintain debt service coverage ratios in compliance with its financial policies.

Wastewater Customer Rates

The 10-Year Financial Plan assumes no retail sewer rate increase in FY 2022-23 and a 9 percent rate in increase for sewer rates in FY 2023-24, and remain between 9 and 10 percent through FY 2030-31, after which they decrease to 5 percent per year in FYs 2031-32 and FY 2032-33. This is an increase from the 6 percent annual rate increases projected last year for FY 2023-24 – FY 2029-30.

¹ Issuance costs include underwriting fees, legal fees, financial advisory fees, credit enhancement fees, and other miscellaneous fees typically associated with a bond financing.

RECOMMENDATIONS

1. Amend File 23-0666 to state that the required report to the Board of Supervisors detailing issuance of Water Revenue bonds will be included in the legislative file for File 23-0665.
2. Approve ordinances, as amended.

Attachment I: Key Wastewater Enterprise Capital Projects**Collection System Renewal & Replacement (R&R) - Condition Assessment Projects: \$192.2 million**

This program includes cleaning and inspection of small and large diameter sewers. The results of the inspection program will inform the Small and Large Diameter Sewer Improvements subprograms, and potentially inform major improvements delivered by the Sewer System Improvement Program (SSIP). This project is a part of the on-going data gathering necessary for the Wastewater Enterprise Collection Systems Asset Management Program.

Collection System R&R - Small Diameter Sewer Improvements: \$498.6 million

This program maintains the existing functionality of the sewage collection system and includes planned and emergency repairs and replacement of structurally inadequate sewers. Failure of the collection system will reduce the City's ability to handle and dispose of wastewater and stormwater which can lead to public health, safety, and environmental risks, and non-compliance with the State discharge permit. Projects are identified utilizing an asset management approach which factors in physical condition, age, location, risk, public safety, paving schedule, and other factors. This program allows for the renewal and replacement of approximately 15 miles of sewer per year.

Collection System R&R - Large Diameter Sewer Improvements: \$403.3 million

This is a collection of large sewer improvement projects that will rehabilitate and/or replace Large Diameter Sewers (sewers greater than 36-inches in diameter or equivalent diameter) that have the highest risk for failure.

Treatment Facilities R&R: \$305.0 million

The Treatment Plant Improvement program helps maintain the capacity and reliable performance of the Wastewater treatment facilities owned and operated by the Wastewater Enterprise. This is a continuing annual program to extend the useful life of Wastewater treatment assets.

Treasure Island Wastewater Improvements: \$152.6 million

This project provides continued funding for a new wastewater treatment facility for the Treasure Island/Yerba Buena Island service area to replace the existing, aged facility.

Ocean Beach Climate Adaptation Project: \$130.9 million

This project will develop a comprehensive shoreline management and protection plan to establish a long-term solution to the erosion issues along Ocean Beach.

SSIP Treatment Facilities: \$1.7 billion

SSIP treatment facilities projects include the Bayside Biosolids Digester Facility Project in southeast San Francisco; improvements to the liquid treatment at the Southeast Water Pollution Control Plant, the North Point Wet Weather Facility, the North Shore Pump Station and

associated outfalls; and improvements to the Oceanside Water Pollution Control Plant, Westside Pump Station, and Westside Force Main.

SSIP Sewer/Collection System: \$279.6 million

This program also replaces existing sewers to increase hydraulic capacity, and rehabilitates transportation/storage facilities, combined sewer discharge structures, pump stations, and force mains.

SSIP Stormwater Management and Flood Resilience: \$548.9 million

This program includes work on green infrastructure, flood resilience, the Floodwater Management Grant Assistance Program, and the Green Infrastructure Stormwater Management Grant Program.

Side Stream Treatment Removal Project: \$15 million

Project to provide nutrient removal during the next 6 to 7 years at Southeast Treatment Plant. Following completion of the Biosolids Digester Facility Project, a separate capital project would be created to provide long term nutrient removal. The costs and timing of that permanent facility are not established yet.

SFPUC 23-24 Operating Budget midcycle changes and Capital Budget

June 14, 2023

San Francisco
**Water
Power
Sewer**

Budget Update

- Fixed 2-year operating budget was adopted last year. Now making minimal mid-cycle changes
- Last year we only adopted a 1-year capital budget so we could work intensively on rightsizing our capital plan for ratepayer affordability and deliverability
- That work is done, and we reduced our capital plan by over \$1 billion
- Asking for approval of FY 23-24 Capital Budget

Operating Budget Overview

- Capital Uses
- Labor
- Services of SFPUC Bureaus
- Programmatic Projects
- Purchase of Power
- Non Labor
- Services of other Departments
- General Reserve Contribution

FY 2023-24

Midcycle Operating Budget Changes

List of major changes from original FY 2023-24 budget

Item	\$
Increases in power purchase costs	123.7
Debt Service savings	(27.7)
Savings in Revenue Funded Capital	(14.2)
Increase to COWCAP	2.4
Recycled Water Plant operating costs	2.1
Mandatory Fringe Benefit increases	1.8
Other changes	(0.7)
Change in General Reserve contribution	9.3
Total	\$97 Million

FY 2023-24 Capital Budget

\$ million	FY 23-24 Capital Budget
Water	290.0
Wastewater	985.5
Hetchy-Water	85.9
Hetchy-Local Power	21.5
CleanPowerSF	1.6
Total	1,384.5

+ Bond Financing Authorizations

Key Capital Projects

- Southeast Plant Biosolids Digester Facilities
- Treasure Island Wastewater Treatment
- Repair and replacement of sewer and water mains
- Folsom and Lower Alemany stormwater upgrades
- Mountain Tunnel Improvements
- San Joaquin Pipeline Life Extension
- Sunol Valley Treatment Plant Improvements
- Millbrae Yard Improvements
- Redevelopment Power Distribution
- Public Power Expansion

Constraining Costs

- Capital is largest – and growing – share of operating costs
- Growing power purchase costs put pressure on Power's rates

Cost saving measures:

- No rate increases in FY 2022-23 in response to pandemic
- Massive agency-wide effort over last year to prioritize capital plan
 - Reduced 10-year capital plan by **over a billion dollars** compared to prior plan
- Successfully applying for low-interest state and federal loans
 - Results in interest savings vs. issuing our own bonds
 - \$2.4 billion in executed loans and grants, resulting in potential projected **savings of up to \$1.5 billion**
 - \$804 million in additional loan applications pending

To: Angela Calvillo, Clerk of the Board of Supervisors
From: Anna Duning, Mayor's Budget Director
Date: June 1, 2023
Re: Mayor's FY 2023-24 and FY 2024-25 Budget Submission

Madam Clerk,

In accordance with City and County of San Francisco Charter, Article IX, Section 9.100, the Mayor's Office hereby submits the Mayor's proposed budget by June 1st, corresponding legislation, and related materials for Fiscal Year (FY) 2023-24 and FY 2024-25.

In addition to the Mayor's Proposed FY 2023-24 and FY 2024-25 Budget Book, the following items are included in the Mayor's submission:

- The Annual Appropriation Ordinance and Annual Salary Ordinance, along with Administrative Provisions
- The proposed budget for the Office of Community Investment and Infrastructure for FY 2023-24
- The Airport Annual Salary Ordinance Supplemental for FY 2023-24
- The Port of San Francisco Annual Salary Ordinance Supplemental for FY 2023-24 and Annual Appropriation Ordinance Supplemental for FY 2023-24
- The Public Utilities Commission Capital Budget for FY 2023-24 and Annual Appropriation Ordinance Supplemental for FY 2023-24
- 34 separate pieces of trailing legislation (see list attached)
- A Transfer of Function letter detailing the transfer of positions from one City department to another
- An Interim Exception letter
- A letter addressing funding levels for nonprofit corporations or public entities for the coming two fiscal years
- Memo to the Board President requesting for 30-day rule waivers on ordinances

Please note the following:

- Technical adjustments to the June 1 budget are being prepared, but are not submitted with this set of materials.

Sincerely,
