Say NO to Court Fees, Golf Hikes, and Paid Parking in our Parks!

Message:

Dear San Francisco Board of Supervisors,

I'm writing to voice my opposition to the package of new fees being proposed for San Francisco's public parks, including a \$5 per hour reservation fee for tennis and pickleball courts, increased golf fees, and paid parking in Golden Gate Park.

These are public goods, funded by taxpayers, and they should remain free and accessible to all. Imposing additional charges creates a paywall on public space, undermining equity and disproportionately impacting low-income residents, youth, seniors, and people with disabilities.

It should not be the public's burden to bail out city departments through fees that limit access.

Please vote no on these measures and protect public space for everyone.

Mayor Lurie Please Don't Make Parks Inaccessible! Stop or Pause Court Fees, Golf Hikes, and Paid Parking in our Parks!

Message: Dear Mayor Lurie,

This effectively blocks families on a budget from going to Golden Gate Park.

I'm writing to ask you to put residents first and not implement the package of new charges approved by the Board of Supervisors in San Francisco's public parks, which includes a \$5 per hour reservation fee for tennis and pickleball courts, increased golf fees, and paid parking in Golden Gate Park.

These are public goods, funded by taxpayers, and they should remain free and accessible to all. Imposing additional charges creates a paywall on public space, undermining equity and disproportionately impacting low-income residents, youth, seniors, and people with disabilities.

Please restore access to our beloved parks by rescinding these new fees.

BOS Members

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,
-Tom

Say NO to Court Fees, Golf Hikes, and Paid Parking in our Parks!

Message:

Dear San Francisco Board of Supervisors,

I'm writing to voice my opposition to the package of new fees being proposed for San Francisco's public parks, including a \$5 per hour reservation fee for tennis and pickleball courts, increased golf fees, and paid parking in Golden Gate Park.

These are public goods, funded by taxpayers, and they should remain free and accessible to all. Imposing additional charges creates a paywall on public space, undermining equity and disproportionately impacting low-income residents, youth, seniors, and people with disabilities.

It should not be the public's burden to bail out city departments through fees that limit access.

Please vote no on these measures and protect public space for everyone.

Sincerely,

Acquisition Method Mobilization Method

Dear San Francisco Board of Supervisors,

I'm writing to voice my opposition to the package of new fees being proposed for San Francisco's public parks, including a \$5 per hour reservation fee for tennis and pickleball courts, increased golf fees, and paid parking in Golden Gate Park.

These are public goods, funded by taxpayers, and they should remain free and accessible to all. Imposing additional charges creates a paywall on public space, undermining equity and disproportionately impacting low-income residents, youth, seniors, and people with disabilities.

It should not be the public's burden to bail out city departments through fees that limit access.

Please vote no on these measures and protect public space for everyone.

Sincerely,

To the SF Budget & Appropriations Committee / Board of Supervisors,

Respectfully, on behalf of the OMI Cultural Participation Project, I hope that you will reject the proposed policy to enforce paid parking in Golden Gate Park.

I understand the department is under pressure to raise funds and manage traffic, but placing that financial burden on park visitors (many of whom are low-income families, elders, and essential workers) is not the path forward. For communities like the ones we serve in District 11, the park isn't just green space: it's one of the last remaining places where people can gather, heal, celebrate, and simply breathe without worrying about what it costs.

Adding parking fees may seem like a small ask to some, but for folks already juggling rent, bills, and rising transportation costs, it's one more barrier that quietly tells them: this space isn't for you.

We also have to be honest about the context we're all in right now. The recent unraveling of the San Francisco Parks Alliance, and the troubling financial mismanagement tied to it (under the direct oversight of SF Rec & Parks), has eroded a lot of public trust. Many residents are wondering: if our parks funding is in trouble, how did it get that way? And why are working families the ones expected to plug the gap?

It's hard to support new fees, when accountability around past finances is still unclear. Trust, once broken, needs to be rebuilt before asking everyday San Franciscans to pay more for what should be public, equitable space.

I'd love to see the department explore more creative, community-informed alternatives. Perhaps tiered pricing models based on income, targeted fundraising from the private sector, or deeper investment in MUNI access to the park. There are solutions that don't involve charging a grandmother from the OMI or Excelsior to park, so she can attend her grandchild's birthday picnic.

We remain committed to working with City departments & partners to create an inclusive, sustainable San Francisco. But we can't get there by pricing out the very people who built this city's spirit, so please reject this proposed measure and keep Golden Gate Park accessible for all.

Sincerely,
Maurice Rivers

Subject: Livable City supports Recreation and Parks" budget and revenue proposals, and R&P support community stewardship
Date: Friday, June 20, 2025 10:11:06 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

As the City budget shrinks, it's crucial to preserve essential services for San Franciscans. Access to green spaces for active recreation, socializing, and quiet enjoyment of nature is essential for our physical and mental health. Public parks allow us to exercise our bodies, relax and reduce stress, and connect with people. Research shows we are biophilic by nature, and being around trees and plants is essential to human well-being.

We have reviewed the Recreation and Parks budget proposals, and are impressed by how the department has sought to preserve essential services consistent with San Francisco's equity, health, and environmental goals.

We are municipalists, and believe that City government should play a robust role in providing the public infrastructure and services essential for human and biospheric well-being. However it is important to distinguish between public goods, which should be provided to equitably and at high quality free of charge, and services which ought to be publicly provided on a fee-for-service or cost-recovery basis. The latter include services which have high costs, generate negative externalities, make large demands on limited resources. Everyone should be able to access green and well-maintained parks and open spaces within a short walk of one's home, and enjoy ample opportunities for recreation, connection with nature, and structured and unstructured play. However storing one's private car in a public park is not a public good. Cars are large and space in parks is limited. Cars create health, safety, and environmental liabilities for other users of public space. Charging for parking is both fair and effective. It recovers some of the public cost of providing and maintaining automobile infrastructure, reduces conflicts over limited space, and encourages people to choose sustainable transportation alternatives more often. We have been urging SFMTA, which has chosen to cut essential transit and sustainable mobility while refusing to consider greater cost recovery for private car storage, to follow Recreation and Parks's equitable and sustainable approach. Greater cost-recovery for golf courses is also fair - golf courses require enormous amounts of public space, water, chemicals, and maintenance and serve relatively few users.

San Francisco's park system is excellent – something we should all be proud of, and a model for how we should deliver other public services. It is made possible by the diligence of Recreation and Parks staff, and R&P staffing should not be cut. Thousands of San Franciscans contribute their time and their money to caring for and improving parks and natural areas. Stewardship of public places is good for us individually - it gets us outdoors moving our bodies. It builds community. It is good for the city as a whole, including the native plants and animals we share this place with. Community stewardship of public places is far more effective with city support, including staff support (gardeners, natural resource specialists, and the community garden program, etc), design, planning, and administrative support from professional staff, and grants which can be matched with donations, philanthropy, and volunteer labor and expertise. Community stewardship has taken a hit in the last year from corruption in the Community Challenge Grant program and the collapse of San Francisco Parks Alliance. It's essential that the City continue supporting community stewardship through its programs, Recreation and Parks' partnership division, and making grants available to community groups with minimal rigamarole. Even though budget times are tough, the City should do more, not less, to support community stewardship, understanding that it's an investment rather than an expense.

The R&P budget proposal is equitable and sustainable, maintains essential services for San Franciscans, and preserves the jobs of hard-working and effective public employees. It deserves your full support.

Sincerely,

Tom Radulovich

Hello Budget Committee, and CCing Supervisor Chen (my supervisor),

I came to the budget committee meeting today to voice my support for Rec & Park. I arrived at 10am and had to leave before 2pm so did not get to provide comment in person. Below is a copy of my 1 minute of remarks I prepared. Thank you for including them in your consideration.

Kindly,
Sonya

My name is Sonya Dreizler and I'm here to urge full financial support for Rec & Park programs. I have lived in The City for 23 years and raised a family here for the last 15 of those. When my kids were little we saw lots of families leave for the suburbs because they wanted a backyard, or more community, or they wanted their kids to join a swim team.

Like many other families, my family stayed. And Rec & Park has offered all of those amenities - and more - to our kids.

— The parks offer a **collective backyard** for all city families.

— The programs - from art classes to rock climbing, summer camps to sports teams (even a **swim team!**) - are amazing for both kids and adults.

— And the sense of **community** - though hard to articulate - may be the most valuable thing Rec & Park provides. All over the city, my kids see people they know - from Rec & Park baseball teams, art camp, swim lessons, or Camp Mather. And the instructors and park staff know and look out for all the kids.

In a busy and increasingly tech focused city, Rec & Park programs and people foster *in real life* community and a deep sense of belonging. Please fully fund these people, programs, and places that make The City a great place to live.

Subject: Livable City supports Recreation and Parks" budget and revenue proposals, and R&P support community stewardship

Dear Supervisors,

As the City budget shrinks, it's crucial to preserve essential services for San Franciscans. Access to green spaces for active recreation, socializing, and quiet enjoyment of nature is essential for our physical and mental health. Public parks allow us to exercise our bodies, relax and reduce stress, and connect with people. Research shows we are biophilic by nature, and being around trees and plants is essential to human well-being.

We have reviewed the Recreation and Parks budget proposals, and are impressed by how the department has sought to preserve essential services consistent with San Francisco's equity, health, and environmental goals.

We are municipalists, and believe that City government should play a robust role in providing the public infrastructure and services essential for human and biospheric well-being. However it is important to distinguish between public goods, which should be provided to equitably and at high quality free of charge, and services which ought to be publicly provided on a fee-for-service or cost-recovery basis. The latter include services which have high costs, generate negative externalities, make large demands on limited resources. Everyone should be able to access green and well-maintained parks and open spaces within a short walk of one's home, and enjoy ample opportunities for recreation, connection with nature, and structured and unstructured play. However storing one's private car in a public park is not a public good. Cars are large and space in parks is limited. Cars create health, safety, and environmental liabilities for other users of public space. Charging for parking is both fair and effective. It recovers some of the public cost of providing and maintaining automobile infrastructure, reduces conflicts over limited space, and encourages people to choose sustainable transportation alternatives more often. We have been urging SFMTA, which has chosen to cut essential transit and sustainable mobility while refusing to consider greater cost recovery for private car storage, to follow Recreation and Parks's equitable and sustainable approach. Greater cost-recovery for golf courses is also fair - golf courses require enormous amounts of public space, water, chemicals, and maintenance and serve relatively few users.

San Francisco's park system is excellent – something we should all be proud of, and a model for how we should deliver other public services. It is made possible by the diligence of Recreation and Parks staff, and R&P staffing should not be cut. Thousands of San Franciscans contribute their time and their money to caring for and improving parks and natural areas. Stewardship of public places is good for us individually - it gets us outdoors moving our bodies. It builds community. It is good for the city as a whole, including the native plants and animals we share this place with. Community stewardship of public places is far more effective with city support, including staff support (gardeners, natural resource specialists, and the community garden program, etc), design, planning, and administrative support from professional staff, and grants which can be matched with donations, philanthropy, and volunteer labor and expertise. Community stewardship has taken a hit in the last year from corruption in the Community Challenge Grant program and the collapse of San Francisco Parks Alliance. It's essential that the City continue supporting community stewardship through its programs, Recreation and Parks' partnership division, and making grants available to community groups with minimal rigamarole. Even though budget times are tough, the City should do more, not less, to support community stewardship, understanding that it's an investment rather than an expense.

The R&P budget proposal is equitable and sustainable, maintains essential services for San Franciscans, and preserves the jobs of hard-working and effective public employees. It deserves your full support.

Sincerely,

Tom Radulovich
Livable City

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Dear BOS Members,

In the budget and appropriations meeting on Friday, June 20, 2025, RPD presented items 13-16 on sources of funding as a binary between maintaining employment and fees (specifically, court fees for tennis and pickleball). This framing is misleading, and they are not mutually exclusive.

The presentation by RPD was made after public comment, and there was no opportunity for the public to respond. We are not against all the fees. We are against RPD unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) compared to the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in public comments, an adjustment of just **thirty (30)** cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke on Friday, including golf course employees, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

Hello,

I do not feel it is fair to charge fees for use of the public courts. Technically the courts at GGP are public, and they already charge fees albeit with a nicely maintained facility. Paying for court fees I think would only be anywhere remotely fair IF all of the public courts for reservations are in good condition; some would need to be resurfaced. Having to pay the same amount for older courts and recently resurfaced courts makes no sense, there would be such an enormous discrepancy. Those are my two cents. Growing up as a kid I played on free public courts, it's just normal to me. But I digress. I don't want to be charged any court fees, and would only consider it marginally justifiable if older courts are resurfaced and all maintained to a high standard across the board.

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,

Carlo

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis and pickleball community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,
Jina

To the Esteemed Board Of Supervisors

I noticed that in the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). The revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting.

The framing is misleading; these points are not mutually exclusive. The RPD presentation occurred after public comment, with no chance for response. This denied the public a fair opportunity to address or rebut their statements.

As noted in public comment, raising Golden Gate parking meter rates by just 30 cents would replace all lost court fee revenue. This solution would protect jobs and preserve recreational programs. Please reject Ordinance -250603 [Park Code - Court Reservations] and consider alternatives that support community recreation.

Thanks,
Toby

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

Thanks,

-Anthony

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. As mentioned in the public comment, an adjustment of just 30 cents to the Golden Gate parking meters would cover the entire revenue generated from court fees.

This would satisfy all the parties that spoke today, including the employees at the golf course, RPD employees at risk of layoff, and those interested in the continuation of other recreational programs.

We continue to urge you to reject Ordinance -250603 [Park Code - Court Reservations], when better solutions that do not undermine community recreation exist and have been presented.

In the budget and appropriations meeting on Friday, RPD presented items 13-16 on sources of funding as a binary between keeping the employment and fees (specifically, court fees). This framing is misleading, and they are not mutually exclusive.

Their presentation was made after the public comment, and there was no opportunity to respond. We are not against all the fees, just against unfairly targeting the tennis community.

When compared with the other items, the revenue from courts is minimal (~5%) of the revenue on RPD's items 13-16 of the Budget and Appropriations meeting. Hello,

Please see below for communication from Susan Wilpitz regarding File No. 250617, which is Item No. 27 on today's Board of Supervisors meeting agenda.

File No. 250617: Resolution authorizing the Municipal Transportation Agency (SFMTA) to set parking rates in Golden Gate Park in accordance with Park Code provisions that authorize SFMTA rate-setting on park property; and affirming the Planning Department's determination under the California Environmental Quality Act. Dear Mayor Daniel Lurie,

Personally I've appreciated your vision, progress here in our beautiful city.

Please reject the proposal for new meters in Golden Gate Park as this will be an unfair financial burden on our citizens, seniors!
We've seen our electric, water and recology rates continue to increase.

Having to pay for parking around the Lisa and Douglas Goldman Tennis Center

will have our choices move to the other free public courses around the city.

If this proposal passes you will deter other bay area residents who incur increased bridge tolls, the entrance fees visiting our wonderful museums in GGP

Vehicles will inundate the neighborhoods surrounding GGP for free parking spaces

- **Kind regards**
