16 (b) Beginning with fiscal year 2003-2004, fees set in this Section may be adjusted each
17 year, without further action by the Board of Supervisors, to reflect changes in the relevant
18 Consumer Price Index, as determined by the Controller.

19 No later than April 15th of each year, the Medical Examiner's Office shall submit its
20 current fee schedule to the Controller, who shall apply the price index adjustment to produce a
21 new fee schedule for the following year.

22 No later than May 15th of each year, the Controller shall file a report with the Board of
23 Supervisors reporting the new fee schedule and certifying that: (a) the fees produce sufficient
24 revenue to support the costs of providing the services for which each fee is assessed, and (b)
25 the fees do not produce revenue which is significantly more than the costs of providing the

1 services for which each fee is assessed. The Controller shall, if necessary, adjust the fees upward
2 or downward for the upcoming fiscal year as appropriate to ensure that the Medical Examiner's Office
3 recovers the costs of operation without producing revenue that is significantly more than such costs.
4 The adjusted rates shall become operative on July 1.

5 (c) All fees received for documents and services mentioned in this Section shall be
6 deposited with the Treasurer and shall be used to defray the costs incurred by the Medical
7 Examiner in issuing such documents or providing such services.
