Subject: Support for Item 260294 [Transportation, Administrative Code - Temporary Street Use Permits and Closures]
Date: Monday, April 27, 2026 2:17:54 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

To Mayor Laurie, Supervisor Mandelman, Supervisor Wong, Supervisor Mahmood, Supervisor Sauter, and Mr. Carroll,

I was just made aware of item 260294. I would be there in person if I was able to and would've sent this sooner had I known about this measure.

As a long time event producer in San Francisco, I support this measure and think it is a huge improvement for not just professional event producers, but also community event organizers, and neighborhood groups. I think this would help some of the workload of ISCOTT and the hearings.

I hope that this measure is approved today. If you need any additional support. On this measure or any upcoming measure, I am always happy to help the city, especially in the arts, events, and community building arena.

Best regards,
Eliote
