To the Supervisors:

I fully support the Capp St neighbors who are objecting to the proposed development at 1979 Mission Street. It is yet another dumping of the volitionally homeless, untreated drug addicts, and severely mentally ill in our neighborhood without any preconditions regarding sobriety or compliance with the law.

Does anyone at City Hall even consider the needs of taxpaying San Franciscans anymore? We are continuously guilt tripped to throw money down the failed "Housing First" rathole. We're forced to support conditions that are destroying our neighborhoods and quality of life.

Designate the development for formerly homeless families who have an incentive to succeed. We do not need more lawlessness in the Mission.
