RE: Why I want to be on the Bicycle Advisory Committee

I am a life long bicycle rider. I have been commuting by bicycle from the Sunset to downtown daily since 1994. I am also a member of the SFBC and a local road racing club. My wife and children also commute by bicycle. My wife rides from home in the sunset to the VA medical center. My children ride their bikes to school, sports events and friends houses.

I have a strong interest in the city providing safe bicycle commuting options. It is important that our family be able to consider bicycling as the first option when getting about town. It is important that the specific concerns of bicyclists be heard at city hall.

It is also important that the concerns of bicyclist be balanced against the needs of pedestrians and automobiles. My professional experience as a engineering project manager continually challenges me to balance all view points when considering issues, and I believe I can do the same for the Bicycle Advisory Committee.

Sincerely,

Edward Nicolson
