**Bike Plan Project 5-4**

*Looking south from intersection of  
NB Bayshore Blvd. and Marin St.*

## Segment M,N,O- Project Area Map

## Project Purpose

**The SFMTA is proposing these changes to make Jerrold Ave and Bayshore Blvd safer and easier to use for pedestrians and bicyclists and address key issues including:**

- Heavy vehicular volume on NB Jerrold Ave. (especially trucks) that conflict with the large number of cyclists during peak hours.
- Heavy right turn movement at Jerrold Avenue and Bayshore Blvd creates conflicts with pedestrians crossing Jerrold Ave; one pedestrian fatality occurred at this intersection in 2013.
