Dear Clerk of the Board:

Attached please find an original, two copies, and one electronic copy of a proposed resolution for Board of Supervisors consideration. This resolution would grant revocable permission to The Hidden Garden Steps Organizing Committee to occupy a portion of the public right-of-way to install and maintain a mosaic tiled mural, and to install and maintain a garden habitat adjacent to the existing City stairway along 16th Avenue between Kirkham and Lawton Streets; and accepting as a gift to the City said tiled steps, garden habitat and a \$20,000 maintenance fund. The Transportation Advisory Staff Committee (TASC) heard this request on January 10, 2013 and recommended it for approval. The Planning Department, by letter dated February 8, 2013, found the project, on balance, to be in conformity with the General Plan and with the priority policies of Planning Code Section 101.1. - Proposed plans for the Major Encroachment Permit.
- Signed and Notarized Street Encroachment Agreement.
- Letter from The Hidden Garden Steps Organizing Committee dated July 16, 2013 offering the gift of the tiled steps and maintenance fund.

The Department of Public Works recommends approval of the permit, and supports the acceptance of the subject tiled steps and a portion of the maintenance fund as a gift to the City.

Hidden Garden Steps

A Community Project with Public Art

November 16, 2012

Nick Elsner
San Francisco Department of Public Works
875 Stevenson, #460
San Francisco, CA 94102

Dear Mr. Elsner:

Thanks a million for all your assistance as we move forward with the community-based volunteer-driven Hidden Garden Steps project. Our effort to create another neighborhood gathering place by installing mosaic tiled steps, a mural, and a garden habitat of California natives and other drought-tolerant plants, including many that help the engendered Green Hairstreak butterfly to thrive, will provide substantial improvements to the City-County property on 16th Avenue between Kirkham and Lawton streets in San Francisco's Inner Sunset District.

We've been very successful at building a broad-based coalition as a San Francisco DPW Street Parks Program project and a San Francisco Parks Alliance project with Supervisor Sean Elsbernd's support. Our informal community partners include the Inner Sunset Park Neighbors, the Nature in the City Green Hairstreak [Butterfly] Corridor, and Woodside International School (the art instructor and her students have already completed a colorful mural at the foot of the stairs to beautify what previously was a drab gray concrete wall often marred by graffiti). We also routinely attract students (e.g., Washington High School Key Club volunteers) who join neighbors in monthly onsite clean-ups to sweep the steps, remove graffiti, add plants to the gardens, and complete other onsite work.

Donors have been wonderfully supportive and generous: more than 200 people locally as well as from seven states outside of California and from the UK have given more than \$100,000 toward the project. Media coverage has also been favorable; *SF Weekly*, for example, called Hidden Garden Steps "Best Community Art" project in 2011, and our local neighborhood and city-wide newspaper and radio colleagues have been increasingly covering our successes.

We're looking forward to continuing to work with you through the application process that will move us closer to completion of the project. Please don't hesitate to let us

know if there's anything else we need to do as we seek approval at the City-County level for the Hidden Garden Steps project.

With warmest regards,

PERMIT SECTION

Dear Mr. Nuru:

I am writing on behalf of the Hidden Garden Steps organizing committee.

In reference to Permit Application No. 12ME-0009, upon approval of our Project (on 16th Avenue, between Kirkham and Lawton streets in San Francisco's Inner Sunset District) by the Board of Supervisors and subsequent issuance of a permit from the Department of Public Works, we intend to install the 148-step ceramic-tile mosaic created by artists Aileen Barr and Colette Crutcher.

Upon completion of the project, we hope you will accept our gift of the tiled steps and a maintenance fund of at least \$20,000 for any repairs needed for the Steps mosaic.

It has been a tremendous pleasure to work with the support of SF DPW and other City/County colleagues during the nearly four years it has taken to reach this point, and we are looking forward to installation of the completed mosaic as soon as other onsite work by DPW is completed.

With warmest regards and heartfelt thanks for DPW's collaborations on the project,

April 14, 2011 - Opening the Tree Cover on the Steps

Casper Curto, a landscape consultant, donated his time and so did the Tree Shapers, LLC and these wonderful workers:

Tighe O'Shannon

Luis Carvajal

Lemon DeGeorge

Cornelio Cruz

Genaro Jimenez

Sean McCosh

Hugh Yerburch.

They spent the whole morning pruning back the trees over the steps, to open the area, decrease the leaf deposits, and make the steps more inviting.

Before they came...

and after they left!!!

In-kind services make a huge difference to the Hidden Garden Steps project & to the steps users. A great big thank-you to Casper and Tree Shapers, LLC!

First Clean-Up on our Steps, April 9, 2011

The flyer on a pole

Before, at the bottom of the steps

There were lots of us, including about ten Tri Beta students from the University of San Francisco.

And we had loads of graffiti on the big wall, which the Tri Beta students got rid of!

**First clean up of the Hidden Garden Steps ...
great volunteers and wonderful weather. Thanks to all!**
