CDC Decision Tree Guidelines

The CDC released a set of detailed [guidance for schools](#) (pp. 42-45).

SCHOOLS DURING THE COVID-19 PANDEMIC

The purpose of this tool is to assist administrators in making (re)opening decisions regarding K-12 schools during the COVID-19 pandemic. It is important to check with state and local health officials and other partners to determine the most appropriate actions while adjusting to meet the unique needs and circumstances of the local community.

Should you consider opening?

- ✓ Will reopening be consistent with applicable state and local orders?
- ✓ Is the school ready to protect children and employees at **higher risk** for severe illness?
- ✓ Are you able to screen students and employees upon arrival for symptoms and history of exposure?

ANY NO

Are recommended health and safety actions in place?

- ✓ Promote **healthy hygiene practices** such as **hand washing** and **employees wearing a cloth face covering**, as feasible
- ✓ Intensify **cleaning, disinfection**, and ventilation
- ✓ Encourage **social distancing** through increased spacing, small groups and limited mixing between groups, if feasible
- ✓ Train all employees on health and safety protocols

ALL YES

ANY NO

Is ongoing monitoring in place?

- ✓ Develop and implement procedures to check for **signs and symptoms** of students and employees daily upon arrival, as feasible
- ✓ Encourage anyone who is sick to **stay home**
- ✓ Plan for if students or employees get sick
- ✓ Regularly communicate and monitor developments with local authorities, employees, and families regarding cases, exposures, and updates to policies and procedures
- ✓ Monitor student and employee absences and have flexible leave policies and practices
- ✓ Be ready to consult with the local health authorities if there are cases in the facility or an increase in cases in the local area

Combination

Gradual

Planning Drivers v. 1.0

- Individualized Student support
- Extended Learning Options
- Limit contact
- Enforce cleaning & safety precautions
- Supply chain
- Space configurations
- Finance and budget
- Staffing / workforce

Guiding Principles v. 1.0

- Educational equity for each and every student -
- Personalized learning
- Healing informed approach
- Communication & Engagement

Increased Costs + Deep Revenue Cuts = Financial Dilemma

“We believe our school districts can’t reopen safely if they have to implement these kinds of cuts”

- State Supt. Tony Thurmond

AASA (national superintendents association) estimates following CDC guidelines will cost \$490/student

- This would be ~\$27 million for SFUSD (pending more detailed analysis)

Increased Costs

- Lower class size
- Additional custodians
- Additional school buses
- Health screening
- PPE (e.g., masks, sanitizer, handwashing stations)
- Cleaning supplies
- Other social distancing modifications
- Technology

Revenue Cuts

- Governor would cut K-12 budgets by 10% if no federal stimulus is enacted (pending negotiations w/Legislature)
- City Joint Report Update confirmed additional losses in Local Revenues
