NOTIFICATION OF INCREASED FISCAL YEAR (FY) 2023/24 LOCAL LEAD AGENCY
FUNDING

To Whom it May Concern:

The California Department of Public Health (CDPH), California Tobacco Prevention Program (CTPP) is providing notification of changes to the FY 2023/24 Proposition 56 allocation to your Local Lead Agency.

Your FY 2023/24 Proposition 56 allocation is projected to increase \$281,965.00, pending the successful revision of your plan during the LLA open revision period this fall (September 1–October 31, 2023). As a reminder, funding is contingent upon available revenues and appropriations by the Legislature, State Budget, and any subsequent revisions.

With this increase in funding available for tobacco prevention in your community, there may be a need to augment your plan's scope of work, based on the level of increased funds. Enclosed with this letter, you will find instructions for incorporating these additional funds into your plan. Your Program Consultant and Procurement Manager will contact you to schedule a meeting to discuss plan modifications prior to the LLA open revision period. CDPH/CTPP recommends the Project Director, Evaluator, and Fiscal Contact attend the meeting.

Thank you for your continued support and commitment to the issue of tobacco in our communities. We look forward to working with you.

Sincerely,

Gordon Sloss, MPA
Branch Chief

Memorandum

To: Honorable Members of the Board of Supervisors

From: San Francisco Department of Public Health

Re: Accept and Expend California Department of Public Health – California Tobacco Prevention Program (CTPP) - \$3,973,298

This Resolution seeks authorization for the Department of Public Health to retroactively accept and expend funds in the amount of \$3,973,298 from the California Department of Public Health (CDPH).

This item is retroactive because DPH received notice of the award more than one month after the pre-determined project start date. DPH received the notice of award on August 3, 2023, for a project start date of July 1, 2023. The project start date was predetermined by the grantor. Upon receiving the grant, DPH put together the budget in accordance with the notice of award. The accept and expend packet was forwarded to the Controller's Office for review on October 27, 2023. After requesting minor revisions, the Controller's Office approved the accept and expend and forwarded the signed package to the Mayor's Office on November 17, 2023 for introduction on January 9, 2024. We humbly request retroactive authorization of this grant.

Please contact Greg Wong, grants analyst, at greg.wong@sfdph.org for any questions about this request for retroactive authorization.
