Re: Street Vacations for Parkmerced Subphases 1A and 1B

Dear Mr. Storrs:

The Parkmerced Development Agreement approved and adopted by the San Francisco Board of Supervisors and Mayor in 2011 by Ordinance No. 0089-11 ("Development Agreement") provides for certain street or right-of-way vacations ("Street Vacations") and dedications ("Street Dedications") as part of the Parkmerced Project. Parkmerced Owner LLC (the project sponsor of the Parkmerced Project) filed an application for the required street vacations on April 24, 2015.

I am informed that Subdivision Maps 8530, 8531, and 8532 implement Subphases 1A and 1B of the Parkmerced Project. I have received and reviewed the Street Vacations as depicted in San Francisco Public Works' SUR Map No. 2015-006, sheets 1 through 10, dated June 10, 2016, and the Street Dedications as depicted on Subdivision Maps 8530, 8531, and 8532.

The Street Vacations include portions of the following streets within Parkmerced along with public service easements in the vacated streets or between them: Vidal Drive, Galindo Avenue, Chumasero Drive, Acevedo Avenue, Serrano Drive, Gonzalez Drive, Cambon Drive, and Font Boulevard.

Parkmerced Development Agreement

The Development Agreement contemplates the Street Vacations and Street Dedications required by the Project, including those anticipated by Subdivision Maps 8350, 8351, and 8352.

Section 6.1.1 of the Development Agreement provides that the City vacate portions of streets along with public service easements at the locations generally shown in Exhibit J of the

Development Agreement, as and when needed in connection with the development of an approved Development Phase for the Project.

The Development Agreement, Section 6.1.2, further provides that:

- All real property exchanged under the Development Agreement be valued on a square foot basis, and shall be deemed equal in value per square foot.
- If any real property exchange under the Development Agreement results in a net loss of acreage for the City, then the project sponsor must pay to the City the fair market value of the real property loss at the time of transfer based on the then-current use of the property so transferred.
- The City shall not be required to pay for any net gain in real property; provided, however, such gain can be applied against future real property transfers for purposes of determining whether there has been a net loss as described above.

Sub-Phases 1A and 1B Proposed Street Vacations and Street Dedications

As shown on the enclosed exhibit prepared by BKF Engineers, upon the completion of the proposed Street Vacations and Street Dedications of Sub-phases 1A and 1B of the Project, and excluding any vacated or dedicated easements to the SFPUC which are not at issue for the purposes of this letter, the proposed Street Vacations and Street Dedications of Sub-phases 1A and 1B result in a net gain of 3,653 square feet of real property to City.

Per the language of the Development Agreement, set forth above, and based upon the agreed upon and approved equal square foot value for vacations as for dedications, it is my opinion that no payment by the project sponsor is now due to the City for the Street Vacations of Sub-phases 1A and 1B. This conclusion solely pertains to the Street Vacations and the Street Dedications as set forth in the enclosed exhibit and as defined and depicted in Subdivision Maps 8530, 8531, and 8532 and depicted in San Francisco Public Works' SUR Map No. 2015-006, sheets 1 through 10, dated June 10, 2016.

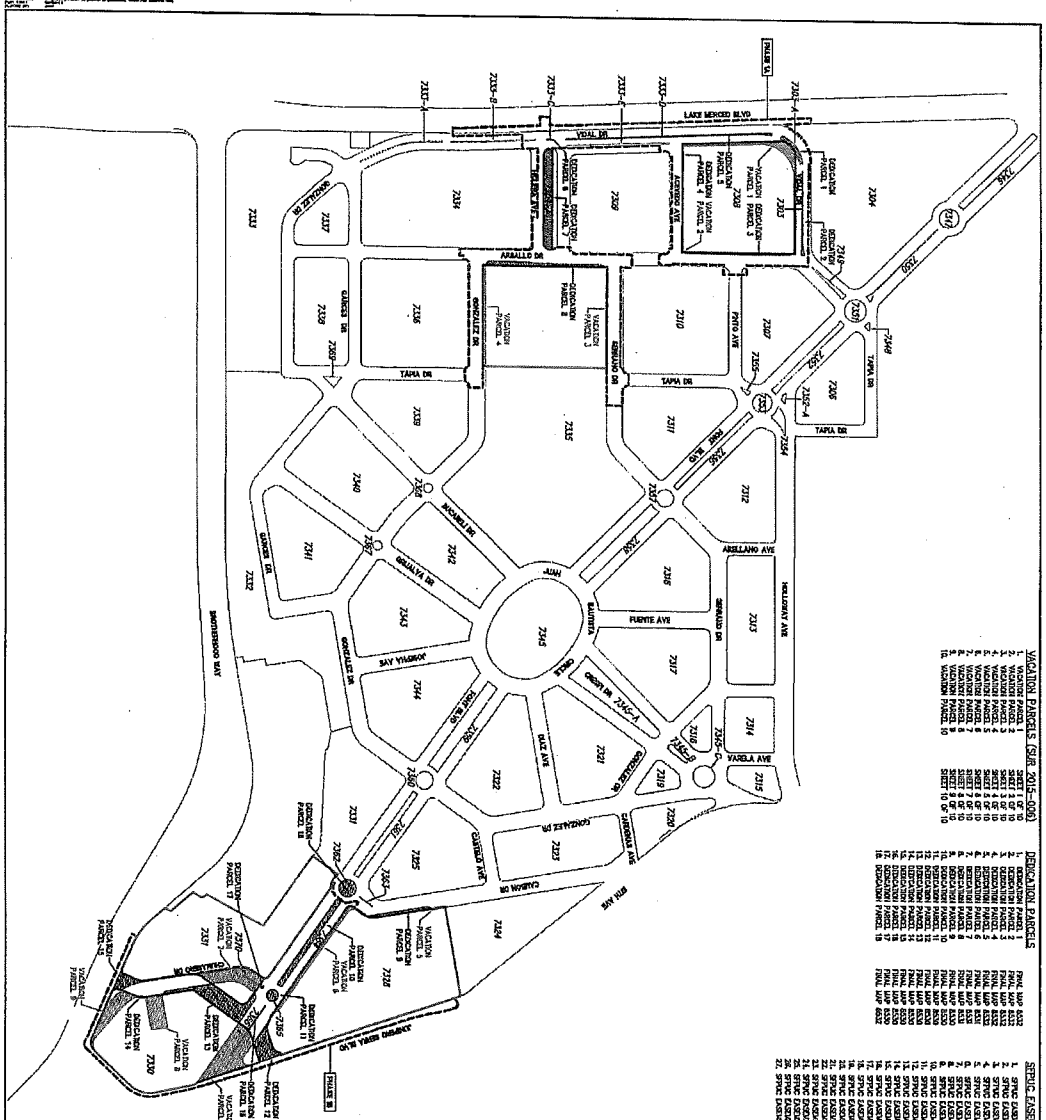

Respectfully,

John Updike
Director of Real Estate
