Item 5 File 25-0383	Department: Public Health (DPH)
EXECUTIVE SUMMARY	
<p style="text-align: center;">Legislative Objectives</p> <ul style="list-style-type: none"> The proposed resolution would approve the fifth amendment to DPH’s contract with the Bayview Hunters Point Foundation. The proposed amendment extends the contract term three years from June 2025 to June 2028 and increases the contract value from \$16,800,000 to \$25,711,090. 	
<p style="text-align: center;">Key Points</p> <ul style="list-style-type: none"> The proposed agreement would continue to fund two outpatient mental health programs for adults and children. Other programs previously under the same agreement have moved to standalone contracts. Based on the most recent program monitoring report, the children outpatient program was not meeting units of services (therapy provided to clients) goals in FY 2022-23. However, the Children’s program has improved its delivery of services this year relative to prior years and is now meeting goals based on preliminary data according to DPH staff. Bayview Hunters Point Foundation is one of three non-profits on “Tier 3” status in the Controller’s Citywide Nonprofit Monitoring and Capacity Building Program Report FY 2023-24. A Tier 3 designation “identifies serious risk to public funds and client services.” The Controller’s Office, Department of Homelessness & Supportive Housing, and Department of Public Health are each providing technical assistance to improve the organization’s financial condition and governance. We reviewed the Controller’s Office and DPH’s technical assistance documentation, which showed progress towards goals 	
<p style="text-align: center;">Fiscal Impact</p> <ul style="list-style-type: none"> Annual spending for the proposed contract extension is \$2.7 million, which is funded by federal funding (40 percent), state funding (19 percent), and the General Fund (40 percent). 	
<p style="text-align: center;">Policy Consideration</p> <ul style="list-style-type: none"> The organization has struggled to meet City standards for financial condition and governance. According to DPH, BVHPF has a new chief financial officer, who began work in January 2025, and the organization has made progress towards improving compliance with City standards for non-profits. The Board of Supervisors should consider either (a) requesting DPH proceed with a shorter extension of the contract (18 months rather than three years), so that the Board can monitor progress the non-profit is making to achieve compliance with City standards or (b) approving the proposed resolution and then holding a hearing at later date to obtain a status update on all non-profits that are on the Controller’s Tier 3 financial risk designation. 	
<p style="text-align: center;">Recommendation</p> <ul style="list-style-type: none"> Approval of the proposed resolution is a policy matter for the Board of Supervisors. 	

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 to such contract is subject to Board of Supervisors approval.

BACKGROUND**The Bayview Hunters Point Foundation**

The Bayview Hunters Point Foundation for Community Improvement (BHFP) provides mental health services, substance abuse treatment, preventative programs for youth, and other social services with a focus on residents of the Bayview and Hunters Point neighborhoods.

Contract History

In 2018, the City entered into a contract agreement with BVHPF to provide a range of mental health and other social services through June 2021. The agreement was for a total not-to-exceed amount of \$9,757,806, and the City retained two one-year options to extend the contract. In 2021, the City amended the contract, extending it for nine months through March 31, 2022 and raising the total not-to-exceed amount to \$9,800,113. Because neither the initial agreement nor the 2021 amendment carried a not-to-exceed amount over \$10 million, neither required Board approval.

In February 2022, the Board of Supervisors approved the second amendment to the contract agreement, increasing the not to exceed amount to \$13,489,343 and extending the term from March 2022 to June 2023 (File 21-1129).

In June 2023, the Board of Supervisors approved the third amendment to contract, extending the term one year through June 2024 and increasing the contract value to \$16,300,000 (File 23-0477). DPH originally planned on a two year extension but agreed to reduce the extension to one year due to low units of services in the contracted programs and the organization's lack of compliance with the City's financial and governance standards. The Departments of Public Health, Homelessness & Supportive Housing, and Controller's Office continue to provide BVHPF technical assistance to ensure the continuity of services.

In July 2024, DPH extended the agreement by one year, through June 2025 and increased the contract value by \$500,000 (under the threshold for Board approval).

DPH now proposes to extend the contract through June 2028.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve the fifth amendment to DPH's contract with the Bayview Hunters Point Foundation. The proposed amendment extends the contract term three years from June 2025 to June 2028 and increases the contract value from \$16,800,000 to \$25,711,090.

Services Provided

The proposed contract agreement would continue to fund two mental health services: (1) adult outpatient, and (2) children outpatient.

- **Adult Outpatient:** This program provides individual and group therapy, case management, and crisis intervention targeted at African American adults living in the southeast portion of the City with a history of poverty, homelessness, family conflict, and substance abuse. Services are provided at the Bayview Hunters Point Foundation at 1625 Carroll Avenue.
- 1. **Children's Outpatient:** This program provides individual and group therapy, case management, and crisis intervention to youth, including African American and Latino youth living in the southeast portion of the City with a history of poverty, homelessness, family conflict, and substance abuse. Services are provided primarily at multiple school sites across the City, and at Bayview Hunters Point Foundation at 1625 Carroll Avenue.

The proposed contract amendment reduces the annual client count in the Adult Outpatient program from 275 to 177 and reduces the annual client count in the Children's Outpatient program from 60 to 44. According to DPH, annual client counts were reduced to reflect a more realistic goal given a new State rate structure being implemented across BHS outpatient programs this year. However, the Department further advised that at the time of the report, the adult program has served 212 clients, and the youth program has served 101 clients in FY 2024-25. The Department anticipates that once this State rate structure transition year is complete, the annual client counts will be revised. The budget for the programs is not changing.

Program Performance

DPH completed FY 2022-23 program monitoring in May 2024, which included a site visit. The results are summarized in Exhibit 1 below.

Exhibit 1: FY 2022-23 Program Monitoring

FY 2022-23 Program Monitoring	Adult Outpatient	Children Outpatient
Overall Program Rating (1-4)	3	3
Performance Score	73%	90%
Actual/Budgeted Clients	71%	40%
Actual/Budgeted Units of Service	109%	60%
Compliance Score	100%	83%
Plan of Action	No	Yes - client data reporting to DPH
Client Satisfaction Score	80%	70%

Source: DPH

In FY 2022-23, each program received an overall rating of “3 – Acceptable/Meets Standards” (out of a possible 4). Though the programs had a low number of clients and units of services (therapy provided to clients) in FY 2021-22, performance improved in FY 2022-23. The Adult Outpatient program served 196/275 budgeted clients and delivered 94 percent of the budgeted units of service. The Children’s Outpatient Program served 24/60 budgeted clients and delivered 60 percent of the budgeted units of service. According to the monitoring report, the Children’s program’s staff vacancies resulted in the low client and service counts, however the provider has since filled the vacancies and was on track to meet client and services target in FY 2023-24, so no corrective action was required. According to DPH, performance has continued to improve since the monitoring report under a new clinical supervisor hired in August 2023.

DPH is meeting with the organization on a quarterly basis to improve intake and referral flow into the Children’s program. According to DPH, engaging youth and families in services is more complex than engaging adults, due to the need to obtain caregiver consent for treatment; the travel required to serve schools all over the City weekly; ensuring youth are present and engaged; and coordinating with caregivers and teachers. Although FY 2023-24 program monitoring is ongoing as of this writing, DPH reports that preliminary data shows that the Children’s program served 62 percent of units service in FY 2023-24 (similar to the 60 percent in FY 2022-23) and has provided 99 percent of units of service to date in FY 2024-25. In short, the Children’s program has improved its delivery of services this year relative to prior years.

Fiscal and Compliance Monitoring

In June 2024, HSH completed fiscal and compliance monitoring of Bayview Hunters Point Foundation and identified numerous standards with which the organization was out of compliance, including: supporting documentation for invoices, City authorization of subcontractors, timely submission of taxes, time card policies, agency budget organization, financial reports, and financial condition indicators. Many of the findings were due to BVHPF not delivering documentation requested by the City. The City requested a response to the review’s findings by July 15, 2024 but did not receive a response to the request. As described below, the

organization is now cooperating with a technical assistance plan to improve financial performance.

The organization has not completed a financial audit for the FY 2022-23 or FY 2023-24 periods. The City standard is to have financial audits completed within nine months after the close of the fiscal year, so both audits are behind schedule. DPH reports the most recent financial audit covered FY 2021-22. The FY 2022-23 financial audit is expected to be completed in June 2025 and the FY 2023-24 financial audit is expected to be completed in April 2026.

Bayview Hunters Point Foundation is one of three non-profits on “Tier 3” status in the Controller’s Citywide Nonprofit Monitoring and Capacity Building Program Report FY 2023-24. Under the Controller’s recently adopted non-profit corrective action policy, a Tier 3 designation “identifies serious risk to public funds and client services” and results in mandatory technical assistance. Bayview Hunters Point has had financial challenges since FY 2018-19 and the Controller’s Office, Department of Homelessness & Supportive Housing, and Department of Public Health are each providing technical assistance to improve the organization’s financial condition and program performance.

We reviewed the Controller’s Office and DPH’s technical assistance documentation. The plan includes goals related to improving cash flow, submitting invoices with supporting documentation on a timely basis, the completion of financial audits, and ensuring the organization can fund all of its expenses. The document shows some progress towards those goals. According to DPH, invoices are now submitted on a timely basis and with better documentation and the organization is revising financial policies and procedures. City staff meet with BVHPF monthly to review cash flow to ensure the organization can meet its short term obligations.

FISCAL IMPACT

Exhibit 1 below shows the annual spending on the contract and basis for the \$25,711,090 total not to exceed amount.

In FY 2025-26, the Adult Outpatient program is budgeted at \$1.46 million and the Children’s Outpatient program is budgeted at \$1.19 million. The contract funds approximately 14 full-time equivalent positions across both programs.

Exhibit 2: Contract Agreement Not To Exceed Amount

Current Contract	
FY 2018-19	\$1,214,293
FY 2019-20	2,031,313
FY 2020-21	2,327,062
FY 2021-22	2,575,401
FY 2022-23	2,452,122
FY 2023-24	3,316,931
FY 2024-25	2,668,509
Subtotal, Actual and Projected	\$16,585,632
Proposed Amendment	
FY 2025-26	2,668,509
FY 2026-27	2,719,252
FY 2026-27	2,759,970
Subtotal, Proposed Spending	\$8,147,731
Contingency (12%)	977,728
Not To Exceed Amount	\$25,711,090

Source: DPH

Annual spending for the proposed contract extension is approximately \$2.7 million . This is lower than prior years because certain programs have moved to standalone contracts or DPH bringing the services in-house.¹

Funding Sources

The contract is funded by federal funding (40 percent), state funding (19 percent), and the General Fund (40 percent).

POLICY CONSIDERATION

Bayview Hunters Point Foundation is a neighborhood-based non-profit that provides mental health services and is primarily funded by the City. The proposed contract funds two outpatient programs for adults and children, which, according to DPH program monitoring, are now on track to delivering the contracted units of service.

¹ In prior years, this contract funded three other programs. The Jelani Family Program, a transitional housing residential step-down program with 15-beds, which is now a standalone contract between DPH and BVHPF. This contract also provided funding for BVHPF to staff a public school mental health program at Balboa High school, which is also now a standalone contract. The solicitation authority expired for those programs and they needed to be re-procured. BVHPF previously provided one staff clinician for the Dimensions program, which is now provided by DPH civil service staff (as is the rest of the Dimensions program).

At the same time, the organization has struggled to meet City standards for financial condition and governance. According to DPH, BVHPF has a new chief financial officer, who began work in January 2025, and the organization has made progress towards improving compliance with City standards for non-profits. The Board of Supervisors should consider either (a) requesting DPH proceed with a shorter extension of the contract (18 months rather than three years), so that the Board can monitor progress the non-profit is making to achieve compliance with City standards or (b) approving the proposed resolution and then holding a hearing at later date to obtain a status update on all non-profits that are on the Controller's Tier 3 financial risk designation.

RECOMMENDATION

Approval of the proposed resolution is a policy matter for the Board of Supervisors.

Contractor shall not use or disclose City Data except as permitted or required by the Agreement or as otherwise authorized in writing by City. Any work by Contractor or its authorized subcontractors using, or sharing or storage of, City Data outside the continental United States is prohibited, absent prior written authorization by City. Access to City Data must be strictly controlled and limited to Contractor's staff assigned to this project on a need-to-know basis only. City Data shall not be distributed, repurposed or shared across other applications, environments, or business units of Contractor. Contractor is provided a limited non-exclusive license to use City Data solely for performing its obligations under the Agreement and not for Contractor's own purposes or later use. Nothing herein shall be construed to confer any license or right to City Data, by implication, estoppel or otherwise, under copyright or other intellectual property rights, to any third-party. Unauthorized use of City Data by Contractor, subcontractors or other third-parties is prohibited. For purpose of this requirement, the phrase "unauthorized use" means the data mining or processing of data, stored or transmitted by the service, for commercial purposes, advertising or advertising-related purposes, or for any purpose other than security or service delivery analysis that is not explicitly authorized.

13.4.2 Disposition of City Data. Contractor, at its own expense, will reasonably cooperate with City and law enforcement authorities to investigate any such Leak and to notify injured or potentially injured parties. Contractor shall pay for the provision to the affected individuals of twenty-four (24) months of free credit monitoring services, if the Leak involved information of a nature reasonably necessitating such credit monitoring. Contractor agrees that any failure of Contractor to comply with the requirements of federal and/or state and/or local privacy laws shall be a material breach of the Contract. In the event that City pays a regulatory fine, and/or is assessed civil penalties or damages through private rights of action, based on an impermissible use or disclosure of protected health information given to Contractor or its subcontractors or agents by City, Contractor shall indemnify City for the amount of such fine or penalties or damages, including costs of notification. If a particular program is not the best fit, staff will make an appropriate referral either internally or to a co-service provider in San Francisco.

5. Modality(s)/Intervention(s):

See Appendix B CRDC page

6. Methodology:

A. Outreach, recruitment, promotion, and advertisement

BVHP conducts community engagement and outreach by connecting with clients directly through activities within Bayview Hunters Point, Potrero Hill and Visitation Valley. Staff is also connected with the Bayshore Navigation Center, SAFE Navigation Center, Jelani Residential Family Residential Step-Down Program, Bayview Hills Gardens, Arlington SRO, Candlestick Point Vehicle Triage Center, community partners, and downtown SIP hotels/street outreach to receive referrals to provide service to clients who are being placed in housing in the Southeast neighborhoods.

B. Admission, enrollment and/or intake criteria and process where applicable

Clients served at BVHP Behavioral Health must meet the eligibility requirements of CBHS and SFDPH, be San Francisco County residents, and also meet medical necessity requirements to be enrolled. If clients are in-between counties, they can be seen for services for up to 30 days if they meet the eligibility requirements for Medi-Cal or Healthy San Francisco. Services can also be made available to clients if income levels are within the state's uniform fee schedule for community mental health services.

C. Service delivery model

The BVHP Behavioral Health Department provides outpatient services that are primarily either clinic- or community-based, or in a telehealth format; services can also be delivered (when clinically appropriate) in the field or at a client's residence to improve access to care. The clinic will operate Monday through Friday from 8:00 am to 5:00 pm and clinicians/case managers may provide services up to 8:00 pm for patients unable to access the office or adjust to telehealth services to align with each client's current situation and needs. For all clients, close monitoring and oversight will be conducted by the assigned clinician for the purpose of assessing the client's needs at different stages of their change and recovery process. This ongoing evaluation guides decisions regarding the appropriate frequency of services. The BVHP Behavioral Health Department does not have set program time limits and instead relies on the ongoing establishment of medical necessity to determine a client's length of treatment. The clinicians and trainees of BVHP Behavioral Health Department will use evidence-based practices for the treatment of clients, including but not limited to: Motivational Interviewing, Acceptance and Commitment Therapy (ACT), Cognitive Behavioral Therapy (CBT), Insight-Oriented Therapy, Family Systems Therapy, Dialectical Behavior Therapy (DBT), Brief Therapy, Psychoanalytic approaches, and trauma-focused approaches (ex.: Cognitive Processing Therapy (CPT)). These practices align with a commitment to evidence-based culturally competent care, and clinicians and trainees may adapt or expand their repertoire over time based on emerging research and community needs.

Treatment will be administered using the following modalities:

-Assessment

-Individual Therapy

- Group Therapy
- Rehabilitation services
- Targeted case management
- Medication Support services
- Crisis intervention

All services will be provided in the client's preferred language utilizing staff that can provide bi-/multi-lingual services and/or through the use of translation services provided by the Department of Public Health. The BVHP Behavioral Health Department participates in the BHS Advanced Access initiative, the timely measurement of data at the site, and reporting of data to CBHS. Initial risk assessments are completed for clients on a timely basis and treatment planning with clients' input is prioritized and completed within anticipated timeframes. For client referrals that represent a more critical and immediate need, priority is placed on follow-up and assignment to clinicians.

D. Discharge Planning and exit criteria and process

The exit criteria for BVHP Behavioral Health Department are based upon attainment of the goals and desired outcomes outlined by the client while receiving services. Staff will continually track client progress and will use a step-down approach when appropriate to decrease the frequency of treatment to prepare the clients for autonomous functioning in the community. At the point of discharge, staff will have provided linkage to desired resources such as case management, housing support, medical care, and/or vocational training, so that clients have a network of continuous resources.

E. Program staffing

The BVHP Behavioral Health Department is staffed with licensed and license-eligible marriage and family therapists, social workers, professional clinical counselors, psychologists, board certified psychiatrists, and clinical case managers. All staff members are dedicated to serving the community and are responsive to issues of ethnicity, culture, language, and gender. Ongoing training and supervision, along with consultation groups, are provided to ensure that clinicians maintain awareness of best practices and competent care. The BVHP Behavioral Health Department is focused on ongoing staff recruitment to fill program vacancies as quickly as possible. The program is also re-launching its practicum training program to bring more developing professionals into the community mental health field.

7. Objectives and Measurements:

All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled Adult and Older Adult Performance objectives FY 24-25.

8. Continuous Quality Improvement:

Guidelines and results of documentation of Continuous Quality Improvement are included in the Program's annually revised Administrative Binder. Contents of the Administrative Binder include guidelines, descriptions, and results of a range of administrative, clinical, and operating procedures. The Administrative Binder attests to compliance regulations, service policies, fees and billing, quality assurance, credentialing, client satisfaction, grievances, emergencies, cultural competence, facility status and fire clearance, and client rights. The BVHP Behavioral Health Department abides by the guidelines

and mandates as described in the Administrative Binder in ensuring compliance in all aspects of direct services to clients, program service models, and program operations.

1. Achievement of contract performance objectives and productivity

The BVHP Behavioral Health Department follows a Quality Assurance and Activities Plan that is designed to enhance, improve, and monitor quality of care and services. Annual Performance Objectives identified by BHS are discussed regularly with staff. All clinical staff members are expected to conduct services based on program productivity standards which include caseload size, units of service, and adherence to delivery of service timelines. Epic reports are meant to provide critical staff and program information related to required charting, documentation timelines, staff activity, caseloads, billing categories and other current data which are useful in evaluating the clinic's progress with meeting contract deliverables and performance objectives. If a particular staff member is found to be underperforming individual meetings are held to understand the nature of the issue and to collaboratively develop a remediation plan.

2. Quality of documentation

The BVHP Behavioral Health Department identifies any areas of improvement needed in clinical services through regular chart reviews and staff evaluations. In line with meeting quality assurance guidelines, all clinical staff participate in regularly scheduled clinical case conferences which provide ongoing opportunities for case presentation, plan development, and feedback. All pre-licensed clinicians and trainees receive weekly individual supervision and group supervision from a licensed clinical supervisor where discussions focus on the elements of client cases such as assessment and treatment planning, case formulation, continuity of care, and discharge planning. All licensed staff participate in weekly consultation groups to focus on similar elements of client cases. All new staff are subject to ongoing documentation review by the clinical supervisor. The duration of this type of oversight is left to the discretion of the supervisor to determine when a staff member is consistently documenting services according to Medi-Cal standards. Once a staff member no longer requires supervision and monitoring (either because they are licensed or waived), their notes, assessments, and other work are still reviewed quarterly for a proportion of their caseload in order to ensure quality and consistency. As of 2021, BVHP Behavioral Health Department resumed the Program Utilization Review Quality Committee (PURQC) delegation which meets for the purpose of reviewing client charts. The PURQC process includes review of documents based on an identified checklist, review of compliance to documentation, and feedback and recommendations to clinicians regarding charts scheduled in this process. The department adheres to relevant PURQC guidelines and assures compliance with its mandates and propriety.

3. Cultural Competency

BVHP recognizes the importance of culture in the design and offering of services, and makes every effort to be a responsive, culturally relevant provider. To ensure that all staff are aware of and trained in a range of issues related to serving the cultural interests and needs of clients, all staff will participate in available training on cultural issues that are provided by DPH and other on-site trainings. Given the diversity of San Francisco communities, if a client should make a request for specific ethnic, linguistic, or gender relative to cultural preferences, the program will make every effort to be accommodating to those requests. Materials available for clients' use are printed and made available in various languages.

4. Client Satisfaction

The BVHP Behavioral Health Department values client opinions and suggestions for program improvements. Clients are provided an opportunity to express their views through annual client satisfaction surveys which are administered through a Community Behavioral Health Service protocol. Client Satisfaction Survey results are reviewed and discussed with staff (and clients as applicable). Suggestions provided by clients through this process are reviewed as well and discussed with all staff. Suggestions for program changes are implemented as appropriate and feasible so that service outcomes and the quality of care provided to all clients can be enhanced and deemed more effective for all clients.

5. Timely completion and use of outcome data

The BVHP Behavioral Health Department follows all compliance guidelines relative to the gathering and evaluation of outcome data, including ANSA scoring. All required resource documents are completed within the timelines designated by CBHS. Copies of on-site training endeavors, and any other required Epic or BHS generated outcome reports are retained in the files of the department. The Program's Administrative Binder is up to date according to fiscal year and is available for review at any time by the DPH business Office Contract Compliance (BOCC) staff and during monitoring visits.

The BVHP Behavioral Health Department values client opinions and suggestions for program improvements. Clients are provided an opportunity to express their views through annual client satisfaction surveys which are administered through a Community Behavioral Health Service protocol. Client Satisfaction Survey results are reviewed and discussed with staff (and clients as applicable). Suggestions provided by clients through this process are reviewed as well and discussed with all staff. Suggestions for program changes are implemented as appropriate and feasible so that service outcomes and the quality of care provided to all clients can be enhanced and deemed more effective for all clients.

5. Timely completion and use of outcome data

The BVHP Behavioral Health Department follows all compliance guidelines relative to the gathering and evaluation of outcome data, including CANS scoring. All required resource documents are completed within the timelines designated by CBHS. Copies of on- site training endeavors, and any other required Epic or BHS generated outcome reports are retained in the files of the department. The Program's Administrative Binder is up to date according to fiscal year and is available for review at any time by the DPH business Office Contract Compliance (BOCC) staff and during monitoring visits.

Appendix B Calculation of Charges

1. Method of Payment

A. For the purposes of this Section, “General Fund” shall mean all those funds, which are not Work Order or Grant funds. “General Fund Appendices” shall mean all those appendices, which include General Fund monies. Compensation for all SERVICES provided by CONTRACTOR shall be paid in the following manner

(1) For contracted services reimbursable by Fee for Service (Monthly Reimbursement by Certified Units at Budgeted Unit Rates)

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month, based upon the number of units of service that were delivered in the preceding month. All deliverables associated with the SERVICES defined in Appendix A times the unit rate as shown in the appendices cited in this paragraph shall be reported on the invoice(s) each month. All charges incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

(2) For contracted services reimbursable by Cost Reimbursement (Monthly Reimbursement for Actual Expenditures within Budget):

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month for reimbursement of the actual costs for SERVICES of the preceding month. All costs associated with the SERVICES shall be reported on the invoice each month. All costs incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

B. Final Closing Invoice

(1) For contracted services reimbursable by Fee for Service Reimbursement:

A final closing invoice, clearly marked “FINAL,” shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those SERVICES rendered during the referenced period of performance. If SERVICES are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY. CITY’S final reimbursement to the CONTRACTOR at the close of the Agreement period shall be adjusted to conform to actual units certified multiplied by the unit rates identified in Appendix B attached hereto, and shall not exceed the total amount authorized and certified for this Agreement.

(2) For contracted services reimbursable by Cost Reimbursement:

A final closing invoice clearly marked “FINAL,” shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those costs incurred during the referenced period of performance. If costs are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY.

C. All amounts paid by CITY to CONTRACTOR shall be subject to audit by CITY.

D. Upon the effective date of this Agreement, and contingent upon prior approval by the CITY'S Department of Public Health of an invoice or claim submitted by Contractor, and of each year's revised Appendix A (Description of Services) and each year's revised Appendix B (Program Budget and Cost Reporting Data Collection Form), and within each fiscal year, the CITY agrees to make an initial payment to CONTRACTOR not to exceed twenty-five per cent (25%) of the General Fund and Mental Health Service Act (Prop 63) portions of the CONTRACTOR'S allocation for the applicable fiscal year.

CONTRACTOR agrees that within that fiscal year, this initial payment shall be recovered by the CITY through a reduction to monthly payments to CONTRACTOR during the period of October 1 – March 31 of the applicable fiscal year, unless and until CONTRACTOR chooses to return to the CITY all or part of the initial payment for that fiscal year. The amount of the initial payment recovered each month shall be calculated by dividing the total initial payment for the fiscal year by the total number of months for recovery. Any termination of this Agreement, whether for cause or for convenience, will result in the total outstanding amount of the initial payment for that fiscal year being due and payable to the CITY within thirty (30) calendar days following written notice of termination from the CITY.

2. Program Budgets and Final Invoice

A. Program Budgets are listed below and are attached hereto:

- B-1: Adult Behavioral Health
- B-2: School-Based Centers (Balboa) – discontinued on 06/30/23
- B-3: Children Outpatient
- B-4: Dimensions LGBT – discontinued on 06/30/23
- B-5: Jelani Family Program – discontinued on 06/30/24

B. CONTRACTOR understands that, of this maximum dollar obligation listed in section 3.3.1 of this Agreement, **\$214,369** is included as a contingency amount and is neither to be used in Program Budgets attached to this Appendix, or available to Contractor without a modification to this Agreement as specified in Section 3.7 Contract Amendments; Budgeting Revisions. Contractor further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable City and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by Controller. Contractor agrees to fully comply with these laws, regulations, and policies/procedures.

C. For each fiscal year of the term of this Agreement, CONTRACTOR shall submit for approval of the CITY's Department of Public Health a revised Appendix A, Description of Services, and a revised Appendix B, Program Budget and Cost Reporting Data Collection form, based on the CITY's allocation of funding for SERVICES for the appropriate fiscal year. CONTRACTOR shall create these Appendices in compliance with the instructions of the Department of Public Health. These Appendices shall apply only to the fiscal year for which they were created. These Appendices shall become part of this Agreement only upon approval by the CITY.

D. The amount for each fiscal year, to be used in Appendix B, Budget and available to CONTRACTOR for that fiscal year shall conform with the Appendix A, Description of Services, and Appendix B, Program Budget and Cost Reporting Data Collection form, as approved by the CITY's Department of Public Health based on the CITY's allocation of funding for SERVICES for that fiscal year.

CONTRACTOR understands that the CITY may need to adjust funding sources and funding allocations and agrees that these needed adjustments will be executed in accordance with Section 3.7 of this Agreement. In event that such funding source or funding allocation is terminated or reduced, this Agreement shall be terminated or proportionately reduced accordingly. In no event will CONTRACTOR be entitled to compensation in excess of these amounts for these periods without there first being a modification of the Agreement or a revision to Appendix B, Budget, as provided for in Section 3.7 section of this Agreement.

Should CONTRACTOR fail to expend budgeted Medi-Cal revenues herein, the CITY'S maximum dollar obligation to CONTRACTOR shall be proportionally reduced in the amount of such unexpended revenues. In no event shall State/Federal Medi-Cal revenues be used for clients who do not qualify for Medi-Cal reimbursement.

5. **“User”** means an individual who is being provided access to a Department Computer Systems on behalf of Third Party. Third Party Users include, but are not limited to, Third Party’s employees, students/trainees, agents, and subcontractors.

SECTION 3 – GENERAL REQUIREMENTS

1. **Third Party Staff Responsibility.** Third Party is responsible for its work force and each Third Party User’s compliance with these Third Party System Access Terms and Conditions.
2. **Limitations on Access.** User’s access shall be based on the specific roles assigned by Department to ensure that access to Department Computer Systems and Department Confidential Information is limited to the minimum necessary to perform under the Agreement.

3. **Qualified Personnel.** Third Party and Department (i.e., training and onboarding) shall ensure that Third Party Users are qualified to access a Department Computer System.

4. **Remote Access/Multifactor Authentication.** Department may permit Third Party Users to access a Department Computer System remotely. Third Party User shall use Department's multifactor authentication solution when accessing Department systems remotely or whenever prompted.

5. **Issuance of Unique Accounts.** Department will issue a unique user account for each User of a Department Computer System. Third Party User is permitted neither to share such credentials nor use another user's account.

6. **Appropriate Use.** Third Party is responsible for the appropriate use and safeguarding of credentials for Department Computer System access issued to Third Party Users. Third Party shall take the appropriate steps to ensure that their employees, agents, and subcontractors will not intentionally seek out, download, transfer, read, use, or disclose Department Confidential Information other than for the use category described in Section 1 – "Third Party" Categories.

7. **Notification of Change in Account Requirements.** Third Party shall promptly notify Department via Third Party's Report for DPH Service Desk (dph.helpdesk@sfdph.org) in the event that Third Party or a Third Party User no longer has a need to use Department Computer Systems(s), or if the Third Party User access requirements change. Such notification shall be made no later than one (1) business day after determination that use is no longer needed or that access requirements have changed.

8. **Assistance to Administer Accounts.** The Parties shall provide all reasonable assistance and information necessary for the other Party to administer the Third Party User accounts.

9. **Security Controls.** Third Party shall appropriately secure Third Party's computing infrastructure, including but not limited to computer equipment, mobile devices, software applications, and networks, using industry standard tools to reduce the threat that an unauthorized individual could use Third Party's computing infrastructure to gain unauthorized access to a Department Computer System. Third Party shall also take commercially reasonable measures to protect its computing infrastructure against intrusions, viruses, worms, ransomware, or other disabling codes. General security controls include, but are not limited to:

a **Password Policy.** All users must be issued a unique username for accessing City Data. Third Party must maintain a password policy based on information security best practices as required by 45 CFR § 164.308 and described in NIST Special Publication 800-63B.

e **Mobile Device Management.** Third Party shall ensure both corporate-owned and personally owned mobile devices have Mobile Device Management (MDM) installed. Given the prevalence of restricted data in Third Party's environment, all mobile devices used for Third Party's business must be encrypted. The agreement must be renewed annually.

15. **Corrective Action.** Third Party shall take corrective action upon determining that a Third Party User may have violated these Third Party System Access Terms and Conditions.

16. **No Technical or Administrative Support.** Except as provided herein or otherwise agreed, the Department will provide no technical or administrative support to Third Party or Third Party User(s) for Department Computer System access; provided, however, that the foregoing does not apply to technical or administrative support necessary to fulfill Third Party's contractual and/or legal obligations, or as required to comply with the terms of this Agreement.

SECTION 4 – ADDITIONAL REQUIREMENTS FOR TREATMENT PROVIDERS

2. **Tracking of Training and Agreements.** Department shall maintain evidence of all Education Institution Users (including students, staff, and faculty) having successfully completed Department's standard staff training for privacy and compliance and information security and awareness. Such evidence shall be maintained for a period of five (5) years from the date of graduation or termination of the Third Party User's access.

SECTION 6 – ADDITIONAL REQUIREMENTS FOR HEALTH INSURERS

1. **Permitted Access, Use and Disclosure.** Health Insurers and Health Insurer Users may access Department Confidential Information only as necessary for payment processing and audits, including but not limited to quality assurance activities, wellness activities, care planning activities, and scheduling.

4. **Third Party Responsibility for Cost.** Each Third Party is responsible for its own costs incurred in connection with this Agreement or accessing Department Computer Systems.

SECTION 8 - DATA BREACH; LOSS OF CITY DATA.

1. **Data Breach Discovery.** Following Third Party's discovery of a breach of City Data disclosed to Third Party pursuant to this Agreement, Third Party shall notify City in accordance with applicable laws. Third Party shall:

- ii. comply with any requirements of federal and state laws as applicable to Third Party pertaining to the breach of City Data.

2. **Investigation of Breach and Security Incidents.** To the extent a breach or security system is identified within Third Party's System that involves City Data provided under this Agreement, Third Party shall investigate such breach or security incident. For the avoidance of doubt, City shall investigate any breach or security incident identified within the City's Data System. To the extent of Third Party discovery of information that relates to the breach or security incident of City Data, Third Party User shall inform the City of:

- i. the City Data believed to have been the subject of breach;

- **Total Not to Exceed Amount:** \$25,711,090
 - Annual amount without contingency: \$2.7M
 - Increase maximum expenditure by \$1,612,381
- **Timeline:** Total term of July 1, 2018, through June 30, 2028
 - Extend contract term 3 years to June 30, 2028

*Not unduplicated across programs.

Summary of Services

Summary: Under the proposed contract, BVHPF would continue to provide:

- **Adult Behavioral Health:** Integrated mental health services for adults, older adults, and their families, including individual and group therapy, case management, and crisis intervention. (177 clients/year)
- **Children Outpatient Program:** Outpatient mental health services for children and families, including Educationally Related Mental Health Services (ERMHS), including individual and group therapy, case management, and crisis intervention for youth. (44 clients/year)

Agency Program Oversight

SFDPH is deeply invested in the success of BVHPF and has continued to work closely with the agency to:

- Increase units of service and the number of unduplicated clients served, in support of financial and contract deliverables
- Establish sustainable documentation and productivity monitoring practices

SFDPH actions have included:

- Providing BVHPF with technical assistance and training on documentation standards, practices, and policies; Electronic Health Record (EHR) reporting tools; and productivity tracking tools.
- Maintaining regular meetings with BVHPF to assess progress toward achieving deliverables
- Working closely with access points to ensure flow of referrals to BVHPF
- Working with Educationally Related Mental Health Services (ERMHS) and BVHPF to strategically place staffing resources

As a result of these actions, **BVHPF is now meeting or exceeding deliverables** and has **improved EHR use** and **staff onboarding**.

Agency Financial Status Update

- On October 31, 2024, the Controller's Office placed Bayview Hunter's Point Foundation on Tier 3, Elevated Concern Status, indicating BVHPF was not meeting fiscal and compliance standards.
- This was primarily a result of BVHPF challenges providing cost documentation and severe delays with completing its audited financial statements.
- **SFDPH, with the Controller and HSH, is deeply invested in the success of BHVPF.** Last year, SFDPH established a corrective action plan to monitor and implement financial stability and performance improvement activities. **We are seeing results from these efforts.**
- Over the past year, SFDPH has met with BVHPF regularly to provide technical assistance regarding their contract and budget, documentation, Medi-Cal reform (CalAIM) readiness, and billing.
- As of April 2025, **BVHP has made substantial progress on corrective action items** covering invoicing, payroll, budget, fiscal policies, board oversight, subcontracts and documentation.
- **Given progress on correction action items, DPH believes the agency's focus on fiscal and compliance standards has improved since Tier 3 designation last October 2024.**

Proposed Contract Amendment

- BVHPF, SFDPH and Controller's Office are working hard and see improvements, including:
 - Financial stability
 - Performance
- SFDPH supports continuing to work with BVHPF because of these improvements
- **SFDPH requests a reduction in the proposed term extension:**
 - Full term: July 1, 2018 – December 31, 2026
 - Term extension: June 30, 2025 – December 31, 2026 (18 months)
 - Funding amount: Increase by \$4,297,142 for total NTE of \$21,097,142
- **DPH requests approval of the proposed amendment with reduced term to 18-month extension.**

Conclusion

DPH agrees with BLA recommendations regarding shorter extension of contract. We respectfully request approval of this item as amended. Thank you!

Charges will accrue only after prior written authorization certified by the Controller, and the amount of City's obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the

Board of Supervisors. Contractor's assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

3.2 Guaranteed Maximum Costs. The City's payment obligation to Contractor cannot at any time exceed the amount certified by City's Controller for the purpose and period stated in such certification. Absent an authorized Emergency per the City Charter or applicable Code, no City representative is authorized to offer or promise, nor is the City required to honor, any offered or promised payments to Contractor under this Agreement in excess of the certified maximum amount without the Controller having first certified the additional promised amount and the Parties having modified this Agreement as provided in Section 11.5, "Modification of this Agreement."

3.3 Compensation.

3.3.1 Payment. Contractor shall provide an invoice to the City on a monthly basis for Services completed in the immediate preceding month, unless a different schedule is set out in Appendix B, "Calculation of Charges." The breakdown of charges associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. A portion of payment may be withheld until conclusion of the Agreement if agreed to by both parties as retainage, described in Appendix B. In no event shall City be liable for interest or late charges for any late payments.

3.3.2 Payment Limited to Satisfactory Services. Contractor is not entitled to any payments from City until Department of Public Health approves Services, including any furnished Deliverables, as satisfying all of the requirements of this Agreement. Payments to Contractor by City shall not excuse Contractor from its obligation to replace unsatisfactory Deliverables, including equipment, components, materials, or Services even if the unsatisfactory character of such Deliverables, equipment, components, materials, or Services may not have been apparent or detected at the time such payment was made. Deliverables, equipment, components, materials and Services that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Contractor without delay at no cost to the City.

3.3.3 Withhold Payments. If Contractor fails to provide Services in accordance with Contractor's obligations under this Agreement, the City may withhold any and all payments due Contractor until such failure to perform is cured, and Contractor shall not stop work as a result of City's withholding of payments as provided herein.

3.3.7 Federal and/or State Funded Contracts.

(a) **Disallowance.** If Contractor requests or receives payment from City for Services, reimbursement for which is later disallowed by the State of California or United States Government, Contractor shall promptly refund the disallowed amount to City upon City's request. At its option, City may offset the amount disallowed from any payment due or to become due to Contractor under this Agreement or any other Agreement between Contractor and City.

(b) **Grant Terms.** The funding for this Agreement is provided in full or in part by a Federal or State Grant to the City. As part of the terms of receiving the funds, the City is required to incorporate some of the terms into this Agreement. The incorporated terms may be found in Appendix J, "Grant Terms." To the extent that any Grant Term is inconsistent with any other provisions of this Agreement such that Contractor is unable to comply with both the Grant Term and the other provision(s), the Grant Term shall apply.

(c) Contractor shall insert each Grant Term into each lower tier subcontract. Contractor is responsible for compliance with the Grant Terms by any subcontractor, lower-tier subcontractor or service provider.

3.4 Audit and Inspection of Records. Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its Services. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall maintain such data and records in an accessible location and condition for a period of not fewer than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any Federal agency having an interest in the subject matter of this Agreement shall have the same rights as conferred upon City by this Section.

Contractor shall include the same audit and inspection rights and record retention requirements in all subcontracts.

3.4.1 Contractor shall annually have its books of accounts audited by a Certified Public Accountant and a copy of said audit report and the associated management letter(s) shall be transmitted to the Director of Public Health or his /her designee within one hundred eighty (180) calendar days following Contractor's fiscal year end date. If Contractor expends \$750,000 or more in Federal funding per year, from any and all Federal awards, said audit shall be conducted in accordance with 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Said requirements can be found at the following website address: https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl.

If Contractor expends less than \$750,000 a year in Federal awards, Contractor is exempt from the single audit requirements for that year, but records must be available for review or audit by appropriate officials of the Federal Agency, pass-through entity and General Accounting Office. Contractor agrees to reimburse the City any cost adjustments necessitated by this audit report. Any audit report which addresses all or part of the period covered by this Agreement shall treat the service components identified in the detailed descriptions attached to Appendix A and referred to in the Program Budgets of Appendix B as discrete program entities of the Contractor.

3.4.2 The Director of Public Health or his / her designee may approve a waiver of the audit requirement in Section 3.4.1 above, if the contractual Services are of a consulting or personal services nature, these Services are paid for through fee for service terms which limit the City's risk with such contracts, and it is determined that the work associated with the audit would produce undue burdens or costs and would provide minimal benefits. A written request for a waiver must be submitted to the DIRECTOR ninety (90) calendar days before the end of the Agreement term or Contractor's fiscal year, whichever comes first.

3.4.3 Any financial adjustments necessitated by this audit report shall be made by Contractor to the City. If Contractor is under contract to the City, the adjustment may be made in the next subsequent billing by Contractor to the City, or may be made by another written schedule determined solely by the City. In the event Contractor is not under contract to the City, written arrangements shall be made for audit adjustments.

3.5 Submitting False Claims. The full text of San Francisco Administrative Code Chapter 21, Section 21.35, including the enforcement and penalty provisions, is incorporated into this Agreement. Pursuant to San Francisco Administrative Code §21.35, any contractor or subcontractor who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. A contractor or subcontractor will be deemed to have submitted a false claim to the City if the contractor or subcontractor: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

3.6 **Reserved. (Payment of Prevailing Wages)**

Article 4 Services and Resources

4.1 **Services Contractor Agrees to Perform.** Contractor agrees to perform the Services provided for in Appendix A, "Scope of Services." Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Services beyond the Scope of Services listed in Appendix A, unless Appendix A is modified as provided in Section 11.5, "Modification of this Agreement."

4.2 **Qualified Personnel.** Contractor shall utilize only competent personnel under the supervision of, and in the employment of, Contractor (or Contractor's authorized subcontractors) to perform the Services. Contractor will comply with City's reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement.

4.3 **Subcontracting.**

4.3.1 Contractor may subcontract portions of the Services only upon prior written approval of City. Contractor is responsible for its subcontractors throughout the course of the work required to perform the Services. All Subcontracts must incorporate the terms of Article 10 "Additional Requirements Incorporated by Reference" of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.3.2 Contractor will not employ subcontractors.

4.4 **Independent Contractor; Payment of Employment Taxes and Other Expenses.**

4.4.1 **Independent Contractor.** For the purposes of this Article 4, "Contractor" shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such

a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

4.4.2 Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this section.

4.5 Assignment. The Services to be performed by Contractor are personal in character and neither this Agreement nor any duties or obligations hereunder may be assigned or delegated by Contractor unless first approved by City by written instrument executed and approved in the same manner as this Agreement. Any purported assignment made in violation of this provision shall be null and void.

4.6 Warranty. Contractor warrants to City that the Services will be performed with the degree of skill and care that is required by current, good and sound professional procedures and practices, and in conformance with generally accepted professional standards prevailing at the time the Services are performed so as to ensure that all Services performed are correct and appropriate for the purposes contemplated in this Agreement.

Article 5 Insurance and Indemnity

5.1 Insurance.

5.1.1 Required Coverages. Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

(a) Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and

(c) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence, "Combined Single Limit" for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.

(d) Professional liability insurance, applicable to Contractor's profession, with limits not less than \$1,000,000 each claim with respect to negligent acts, errors or omissions in connection with the Services.

(e) Blanket Fidelity Bond (Commercial Blanket Bond): Limits in the amount of the Initial Payment provided for in the Agreement.

5.1.2 Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:

(a) Name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

(b) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.3 All policies shall be endorsed to provide thirty (30) days' advance written notice to the City of cancellation for any reason, intended non-renewal, or reduction in coverages. Notices shall be sent to the City address set forth in Section 11.1, entitled "Notices to the Parties."

5.1.4 Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

5.1.5 Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

5.1.6 Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the

lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

5.1.7 Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.

5.1.8 The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

5.1.9 If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.

5.2 **Indemnification.** Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all claims, demands, losses, damages, costs, expenses, and liability (legal, contractual, or otherwise) arising from or in any way connected with any: (i) injury to or death of a person, including employees of City or Contractor; (ii) loss of or damage to property; (iii) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (iv) strict liability imposed by any law or regulation; or (v) losses arising from Contractor's execution of subcontracts not in accordance with the requirements of this Agreement applicable to subcontractors; so long as such injury, violation, loss, or strict liability (as set forth in subsections (i) – (v) above) arises directly or indirectly from Contractor's performance of this Agreement, including, but not limited to, Contractor's use of facilities or equipment provided by City or others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law, and except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors, or either's agent or employee. Contractor shall also indemnify, defend and hold City harmless from all suits or claims or administrative proceedings for breaches of federal and/or state law regarding the privacy of health information, electronic records or related topics, arising directly or indirectly from Contractor's performance of this Agreement, except where such breach is the result of the active negligence or willful misconduct of City. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City.

In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter.

Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons arising directly or indirectly from the receipt by City, or any of its officers or agents, of Contractor's Services.

NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT

6.2 Liability for Use of Equipment. City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or any of its subcontractors, or by any of their employees, even though such equipment is furnished, rented or loaned by City.

Article 7 Payment of Taxes

7.1 Except for any applicable California sales and use taxes charged by Contractor to City, Contractor shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 Contractor acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the

information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

7.2.3 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

Article 8 Termination and Default

8.1 Termination for Convenience

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective.

8.1.2 Upon receipt of the notice of termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions shall include, without limitation:

(a) The reasonable cost to Contractor, without profit, for all Services prior to the specified termination date, for which Services City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor's direct costs for Services. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.

(b) A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all Services under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.

(c) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.

(d) A deduction for the cost of materials to be retained by Contractor, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the Services or other work.

8.1.4 In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs specifically enumerated and described in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Contractor under this Section, City may deduct: (i) all payments previously made by City for Services covered by Contractor's final invoice; (ii) any claim which City may have against Contractor in connection with this Agreement; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City's estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement.

8.1.6 City's payment obligation under this Section shall survive termination of this Agreement.

In addition, where applicable, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default; Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. 8.3 **Non-Waiver of Rights.** The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall it in any way affect the right of the party to enforce such provisions thereafter.

services connections. The BVHPF IBHS will also use the Internet to reach beyond the targeted neighborhoods of the Southeast section of the city.

B. Admission Criteria

Clients served at BVHPF IBHS must meet eligibility requirements of BHS and SFDPH, be San Francisco County residents, and also meet medical necessity requirements to be enrolled in the services offered by the program. If clients are in-between counties, they can be seen for services up to 30 days if they meet the eligibility requirements for MediCal or Healthy San Francisco guidelines. Services can also be made available to clients if income levels are within the state's uniform patient fee schedule for community mental health services. Other program clients may qualify based on assessments done through Educationally Related Mental Health Services (ERMHS) and the San Francisco Unified School District (SFUSD).

C. Delivery Model

The BVHPF IBHS conducts outpatient services that are clinic-based and school-based. For all client cases, close monitoring and oversight will occur by the assigned clinician for the purpose of addressing the different stages of change and recovery. This monitoring is designed to ensure stability and consistency of treatment interventions.

Program services will be delivered within the context of guidelines which include:

- System-wide standards of accountability based on cost, access, quality and outcomes;
- A single point of entry for adult and children's services;
- A common definition of the priority target population;
- The use of common admission and discharge criteria for coordinated care for all clients;
- Culturally and linguistically appropriate services;
- Provision of a standard core of services.

To fulfill the San Francisco Department of Public Health's mission to ensure an active system of care for San Franciscans, the BVHPF IBHS will participate in the BHS Advanced Access initiative by:

- Providing intake assessment and medication evaluation as needed, within 24-48 hours of request;
- Ensuring timely collection and reporting of data to BHS as required. The BVHPF IBHS will provide quarterly measures of new client demand according to Advanced Access reporting methodology, and more frequently if required by BHS;
- Providing and documenting the initial risk assessment within AVATAR within 24-48 hours of request for service;
- Adhering to BHS guidelines regarding assessment and treatment of indigent (uninsured) clients;
- Measuring delay of access for both new and ongoing clients on at least a monthly basis according to Advanced Access reporting methodology, and more frequently if required by BHS.

The Bayview Hunters Point Foundation acknowledges the merits of comprehensive services models, and prioritizes collaborative program strategies. The promotion of integrated behavioral health models is specifically addressed within the Foundation's behavioral health and substance use disorders programs. Through ongoing service efforts, this collaborative relationship provides enhancement and sustainable levels of functioning and well-being for clients of both the behavioral health and the substance use disorders programs. The Bayview Integrated Behavioral Health and the Bayview Substance Use Disorders Programs work together to provide goals-oriented interventions for clients who are dually diagnosed and who will benefit from specialty services.

The Bayview Integrated Behavioral Health Service participates in the BHS Advanced Access initiative, the timely measurement of data at the site, and reporting of data to CBHS. Initial risk assessments are completed for clients on a timely basis and treatment planning with clients' input is prioritized and completed within anticipated timeframes.

For client referrals that represent a more critical and immediate need, priority is placed on follow up and assignment to clinicians. Priority referrals include Foster Care Mental Health, Child Protective Services (CPS), and Gold Cards (high risk, frequent service users).

Program services of Bayview Integrated Behavioral Health will be delivered within the context of integrated mental health and substance use disorders service guidelines. These guidelines include several components of evidence-based integrated programs according to Drake, Essock, and colleagues (2001):

- *Staged interventions* where stages of treatment (engagement, persuasion, active treatment and relapse prevention) are delivered based on individual readiness for each stage;
- *Motivational interventions* which involve helping the individual identify goals and recognize that not managing one's illnesses interferes with attaining these goals;
- *Counseling* to help clients develop skills and supports to control symptoms and pursue abstinent lifestyles;
- *Social support interventions* which recognize the role of social networks and peer support in recovery from dual disorders;
- *Long-term perspective* which recognizes that recovery may occur over months or years;
- *Comprehensiveness* in helping individuals transform many aspects of their lives, habits, stress, management, friends, activities, and housing;
- *Cultural sensitivity and competence* which are critical to engaging clients.

Strategies that clinicians and interns of the BVHPF IBHS will use in the treatment of clients include: *Motivational Interviewing, Cognitive Behavioral Therapy, Insight Oriented Therapy, Family Systems Therapy, and Evidence-Based Practices*. All strategies listed will use, in one form or another:

- *Assessments*

D. Exit Criteria

The exit criteria for BVHPF IBHS are based upon clients' indicating that they have met their goals for treatment. Staff will meet with clients to process terminating treatment and to acknowledge that a client's goals have, in fact, been met. Staff will have provided linkages to outside independent services such as housing, case managers, medical providers, job training, substance abuse services, and medications during treatment so that there is a network of continuous resources for the client, as needed. These criteria may also be met in the form of a client becoming a meds-only client.

E. Staffing

The Bayview Integrated Behavioral Health Service is a component of a community-based human services agency which represents appropriate services response for a diverse, multi-ethnic population. The BVHPF IBHS is staffed with licensed and license-eligible marriage & family therapists, social workers, psychologists, and board certified psychiatrists who are oriented to the community and responsive to the issues of ethnicity, culture, language, and gender. The Foundation understands the importance of race, culture and language in its service provision, and maintains staffing and programming which appropriately respond to these issues. Recruitment and hiring of staff ensures competency to deliver and manage culturally and linguistically appropriate services to the populations served, and provision of effective program and therapeutic interventions designed to meet the special clinical needs of diverse populations. Diverse populations include those from racial, ethnic and cultural backgrounds, homeless individuals, and individuals of varied sexual orientations and disabilities.

7. Objectives and Measurements

A. Required Objectives

All objectives, and descriptions of how objectives will be measured, are contained in the CBHS document entitled Performance Objectives, Fiscal Year 2018-2019.

B. Individualized Program Objectives

None

8. Continuous Quality Improvement

The Bayview Integrated Behavioral Health Service, (Adult and Children's Programs), follows a Quality Assurance and Activities Plan that is designed to enhance, improve, and monitor quality of care and services. Annual Performance Objectives identified by BHS are discussed regularly with staff. Such discussions include productivity standards and requirements. All clinical staff members are expected to carry out services based on program productivity standards which include caseload size, units of service, and quality of services/ The BVHPF IBHS identifies any areas of improvement needed in clinical services provided to clients through regular chart reviews. The chart reviews are conducted on a regularly scheduled basis. Avatar reports provide critical staff and program information relative to required charting and recordkeeping, documentation timelines, staff activity, caseloads, billing categories and achievement, and other current data which are useful in evaluating performance and for making informed program and clinical decisions. In meeting quality assurance guidelines and efforts, all clinical staff of the Bayview Integrated Behavioral Health Service also participates in regularly scheduled Clinical Case Conferences which provide ongoing opportunities for case presentation, development, and feedback. Clinicians receive weekly 1:1 supervision and Group Supervision from a Licensed Clinical Supervisor where discussions focus on the elements of client cases such as assessment and treatment planning, case formulation, continuity of care, and discharge planning.

Guidelines and results of documentation of Continuous Quality Improvement are included in the Program's annually revised Administrative Binder. Contents of the Administrative Binder include guidelines, descriptions, and results of a range of administrative, clinical, and operating procedures. The Administrative Binder attests to compliance regulations, service policies, fees and billing, quality assurance, credentialing, client satisfaction, grievances, emergencies, cultural competence, facility status and fire clearance, and client rights. The BVHPF IBHS abides by the guidelines and mandates as described in the Administrative Binder in ensuring compliance in all aspects of direct services to clients, program service models, and program operations.

The Adult and Children's Programs monitor documentation via a staff PURQC (Program Utilization Review Quality Committee) structure which meets weekly for the purpose of reviewing client charts. The PURQC process includes review of documents based on an identified checklist, review of compliance to documentation, and feedback and recommendations to clinicians regarding charts scheduled in this process. The Bayview Integrated Behavioral Health Service adheres to relevant PURQC guidelines and assures compliance to its mandates and propriety. (See attached PURQC form, Confidential Administrative Records form, Client Service Authorization (CSA) Request form).

PURQC Chart Compliance:

Within two months or 15 hours following the date of opening, all clinicians are required to PURQC their clients' charts. The following 12-point checklist is to be used:

1. Assessment
2. Medical Necessity Statement
3. Diagnosis (accurate and justified)
4. Treatment Plan of Care Goals (specific, observable and quantifiable. Goals must be reflected in notes and signed and dated by client)
5. Progress Notes (to include interventions and responses)
6. Treatment modalities/frequency (appropriateness relative to Treatment Plan)
7. Case Conference requirements (ROI's appropriate and in client's file)
8. Step-down required and reason given
9. Termination and discharge
10. Co-signatures (No missing signatures on all applicable documents)
11. Referrals
12. Discussion with Supervisor
- 13.

Recommendation Feedback to the clinician section must be filled out. This section identifies any missing signatures, and serves as a reminder that ID boxes at the top of each page (front and back) need to be filled out. All goals must be quantifiable, etc. From the information gathered, the chart is PURQC approved and authorization given in accordance with the PURQC CBHS Adult/Older Adult Service Intensity Guidelines. If all information is not available, the chart will only be approved conditionally or will not be approved at all. Any denied or pending PURQC cases are returned to review based on specific timeframes.

Additional PURQC options include:

1. Approved with adjustment based on the information gathered from the form;
2. Conditional approval with resubmission required within a week's time; or
3. Denied, based on stated reasons.

Contractor: Bayview Hunter Point Foundation.	Appendix A-1
City Fiscal Year: 2018-2019	7/1/18
CID#: 1000011308	

Reviewer signs the form and dates it. A log is maintained of all PURQC forms signed, approved, or disallowed, and includes the number of hours requested for authorization. PURQC recommendations are then returned to the clinicians for appropriate corrections and resubmission of the recommendation sheet to the PURQC Committee for review the following week. After the initial PURQC, charts rotate through the PURQC process annually in accordance with clients' Treatment Plan of Care renewal dates.

During weekly staff meetings, quality performance objectives are discussed relative to the guidelines of the Bayview Integrated Behavioral Health Service policies and procedures. These discussions are designed to ensure that services under Reporting Unit 3851-3 remain on track and in response to Fiscal Year 2018-2019 Performance Objectives. Staff discussions of performance objectives will also include on-site trainings relative to meeting identified objectives. Avatar reports will be used to assist in tracking achievement of performance objectives and the review of clinical documentation.

Cultural Competency:

The Bayview Hunters Point Foundation recognizes the importance of culture in the design and offering of services, and makes every effort to be a responsive, culturally-relevant provider. To ensure that all staff are aware of and trained in a range of issues related to serving the cultural interests and needs of clients, the Bayview Integrated Behavioral Health Service staff will participate in available trainings on cultural issues that are provided by the Department of Health and other on-site trainings. Guest presenters in particular will be included in on-site trainings. Given the diversity of San Francisco communities, if a client should make a request for specific ethnic, linguistic, or gender relative to cultural preferences, the Program will make every effort to be accommodating to those requests. Materials available for clients' use are printed and made available in various languages.

Consumer/Client Satisfaction:

The Bayview Integrated Behavioral Health Service values client opinions and suggestions for program improvements. Clients are provided an opportunity to express their views through annual client satisfaction surveys which are administered through a Community Behavioral Health Service protocol. Client Satisfaction Survey results are reviewed and discussed with staff, and clients as applicable. Suggestions provided by clients through this process are reviewed as well and discussed with all staff. Suggestions for program changes are implemented as appropriate and doable so that services outcomes and the quality of care provided to all clients can be enhanced and deemed more effective for all clients.

Timely Completion of Outcome Data:

The Bayview Integrated Behavioral Health Service follows all compliance guidelines relative to the gathering and evaluation of outcome data, including CANS and ANSA data. All required resource documents are completed within the timelines designated by CBHS. Copies of weekly staff meeting agendas, on-site training endeavors, and any other required Avatar or BHS generated outcome reports are retained in the files of the Bayview Integrated Behavioral Health Program. The Program's Administrative Binder is up to date according to fiscal year, and is available for review at any time by the DPH business Office Contract Compliance (BOCC) staff and during monitoring visits.

Accountability and Compliance:

Any student can self-refer for behavioral health services at BTHC. However, students are most often referred for screening and assessment by someone other than themselves including a friend or parent, school faculty, intra-clinic referral, or from another agency or school. Behavioral health staff meets with the student to screen (identify issues) and assess (determine level of need for intervention). During the assessment phase, staff also determines whether the client meets criteria for minor consent or requires parental consent to continue to treatment phase.

When indicated, parents and/or other family members may be requested to participate in services with their child. In these cases, the family will be asked to come in for an assessment visit which may lead to an agreement for time limited treatment.

6. Methodology:

A. The services of Balboa Teen Health Center are targeted to youth that live and/or go to school in the Southeast Sector of San Francisco, particularly the students of Balboa High School. In order to promote services and recruit participants, BTHC maintains an active role in school events in the central quad. Additionally, as a component of the Comprehensive Sexual Education conducted by BTHC health educators annually with all Balboa HS freshmen, students are given tours of the clinic which include a description of the services available and a Q and A session with Clinic staff. The Balboa Teen Health Center has a Youth Advisory Board (YAB) which is comprised annually of 12+ students from Balboa High School. YAB members play a very active role in developing and implementing the outreach and engagement components of the BTHC Outpatient Behavioral Health Program. YAB members provide classroom interventions in collaboration with BTHC health educators, presenting on issues including minor consent and mental health counseling. The YAB also provides a vital sounding board for Behavioral Health staff, providing general feedback on services provided and ideas for how services could be made more youth positive and accessible.

B. Eligibility criteria for YAB membership: (1) brief written application; (2) interviewed by current YAB members who vote on new membership with Coordinator input.

Eligibility for Peer Resources: every school year, students in PULSE/peer resources self-select to work with BTHC staff on a particular health topic after hearing a pitch from BH Services staff.

Intake criteria for individual and group services: services are available to any SFUSD student ages 12-19; whether students are self-referred or referred by someone else, all are screened and assessed, and for those youth who consent to services, goals are developed by mutual agreement between client and counselor.

C. BTHC is open Monday – Friday between the hours of 8:30 am and 5 pm; as needed, services may be offered later in the evening to accommodate family involvement. Direct services are provided in clinic, in classrooms, and in some instances in the community. Outreach and engagement services are provided through use of social media (BalTV, school loop, web-based, etc). BTHC has made considerable efforts to develop a truly multidisciplinary team that provides a seamless, comprehensive system of care for clients which includes:

- Warm handoffs between disciplines including utilizing a behaviorist model in primary care, which tends to work equally as well with health education.
- Use of weekly all-staff client review so that medical, behavioral and education staff can all contribute to treatment plans, and share information to support client success.
- Close working relationships with Balboa High School faculty and Administration (the most significant referral source for BTHC's programs)
- Single point of intake- whichever discipline students' access first completes the preliminary steps for intake (i. e. consents signed, HIPAA signed, psychosocial history completed, etc.) so that this process does not need to be repeated if a client accesses several services.

Linkages: Collaborative relationships are in place to provide additional services for specific populations including:

- Huckleberry Youth Programs, Larkin Street Youth Services, 3rd Street Youth Center and Clinic, LYRIC, – access to supportive services and housing for youth through CHPY partner agencies
- Cole Street Youth Clinic, Larkin Street Youth Clinic, Dimensions Clinic, 3rd Street Youth Clinic, New Generation Health Center, SPY- access to additional healthcare services for different youth populations through CHPY network clinics.

D. Youth will show readiness for discharge by successfully completing treatment plan goals which may include (1) successful strategies for dealing with stress and mental health issues in the family or with peers (if identified), (2) increased school attendance, participation (3) reduced risky sexual behaviors and increased safer sex practices for those youth who identify as sexually active, and (4) improved health habits as compared to baseline measures particularly related to nutrition, sleep, exercise, and mood. Successful

completion may also be tied to youth's ability to follow through and engage in other services he-or she is referred to, to support and maintain positive life changes.

E. BTHC Behavioral Health Services staff includes 3 full time MFT mental health/substance abuse counselors, 3 MFT Graduate Interns, 1 full time Health Educator, and one part time Health Educator. Outreach and Engagement and Leadership Development activities are conducted by all BH Services staff. Crisis Intervention and Screening and Assessment are provided by staff MFTs and Graduate Interns. Training and Coaching are conducted with the participation of all staff. Mental Health Consultation is provided by staff MFTs, secondarily by MFT Graduate interns. Individual and Group Therapeutic services are provided by staff and intern MFTs. Funding for this program includes, in addition to MHSA, funding from the California Wellness Foundation, the Metta Fund, and City General Funds; MHSA does not support health education staff or the AmeriCorps member.

Systems Transformation Methodology:

- MHSA →** 1. One of the primary MHSA tenets is consumer participation/engagement. Programs must identify how participants and/or their families are engaged in the development, implementation and/or evaluation of programs. This can include peer-employees, advisory committees, etc.

Consumer/Participant Engagement in program development/implementation/evaluation:

- A. Youth Advisory Board – support peer outreach and engagement, delivery of significant services, and program evaluation (youth are paid a stipend)
- B. Annual CBHS Client Satisfaction Survey – all therapy clients (individual and group) are offered opportunity to complete
- C. Active participation in monthly PTSA meetings allow us to engage parents and obtain feedback on what services they want, how best to deliver

- MHSA →** 2. Efforts to improve service coordination result in a seamless experience for clients.

As stated earlier in 6C., BTHC has made a concerted effort over time to create a multidisciplinary team that can provide a seamless, comprehensive system of care for clients. As stigma around accessing behavioral health services continues to impinge on youths' willingness to utilize these services, we continue to see significant numbers of students coming in with somatic complaints requesting to see "the nurse"; the ability to provide a warm handoff to behavioral health staff helps ensure that youth get what they need. Additionally, the "single point of intake" as described earlier, reduces redundant paperwork for youth and is more consumer friendly. Finally, we have relationships with a number of CBOs to provide direct linkages for additional services: for example – we work closely with Huckleberry Youth Programs and Larkin Street Youth Services.

7. Objectives and Measurements:

Individualized Performance Objective: By 6/30/18, at least 75% of 9th graders who have completed Pre/Post surveys after participating in a BTHC Youth Advisory Board or BTHC Health Educator led classroom presentations during FY 17-18, will either agree or strongly agree with the statement "I am comfortable using services at my school's health center" as shown on their Post Surveys.

MHSA GOAL: Increased ability to cope with stress and express optimism and hope for the future.

Individualized Performance Objective: By 6/30/18, a minimum of 65% youth accessing early intervention services at BTHC will, by self-report post a minimum of 3 sessions, identify:

(1) one or more skills they have successfully utilized to reduce stress or other related symptoms, (2) one positive goal they are currently putting time into, as documented in post session tests.

Participant Satisfaction Objective:

By 6/30/18, on the CBHS Consumer Satisfaction surveys for FY 2016-17 the statement "Staff treated me with respect" will be among Highest Agreement Items on the survey for Balboa Teen Health Center, with 90% of participants in agreement or more.

8. Continuous Quality Improvement:

"Quality Assurance and Continuous Quality Improvement requirements will be addressed in the CBHS Declaration of Compliance."

Following is a summary of how the BVHPF IBHS conducts outpatient services for children, adolescents, and families. In all cases, there will be close monitoring and oversight by the clinicians and program supervisors to address the different stages of change in a client's recovery. Treatment interventions are designed to ensure the stability and consistency of client care.

:

Services of the Bayview Hunters Point Foundation Integrated Behavioral Health Program will be delivered within the context of integrated mental health and substance abuse service guidelines, when appropriate. This includes several components utilized by integrated programs that are considered evidence-based according to Drake, Essock, and colleagues (2001). These integrated components are identified as:

- *Staged interventions* where stages of treatment (engagement, persuasion, active treatment and relapse prevention) are delivered based on individual readiness for each stage;
- *Motivational interventions* which involve helping the individual identify goals and recognize that not managing one's illnesses interferes with attaining these goals;
- *Counseling* to help clients develop skills and supports to control symptoms and pursue an abstinent lifestyle;
- *Social support interventions* which recognize the role of social networks and peer support in recovery from dual disorders;
- *Long-term perspective* which recognizes that recovery may occur over months or years;
- *Comprehensiveness* in helping a child and his or her family transform many aspects of life habits, stress, management, friends, activities and educational goals; and
- *Cultural sensitivity and competence* which are critical to engaging clients.

Strategies used by the BVHPF IBHS clinicians and interns include *Motivational Interviewing, Cognitive Behavioral Therapy, Insight Oriented Therapy, Family Systems Therapy, Evidence-Based Practices*. These strategies will use the following treatment modalities in one form or another:

- *Assessments*
- *Group Therapy*
- *Individual Therapy*
- *Collateral Services*
- *Targeted Case Management*
- *Medication Support Services*
- *Crisis Intervention*
- *Case Management/Brokerage*
- *Services to Dually Diagnosed Clients*
- *Referral Services*
- *Urgent Care*

The Bayview Hunters Point Foundation Integrated Behavioral Health Service operates from 9:00am to 5:00pm Monday through Friday. Referral and intake services for the BVHPF IBHS are coordinated through the program's clinical staff and supervisors. Intake requests are usually responded to within 24 to 48 hours, and special appointment arrangements can be made if necessary. Children and adolescents are generally seen before or after school at the outpatient clinic or at school sites as arranged through Memorandum of Understanding agreements and scheduling with principals or designated school staff.

The BVHPF IBHS offers intensive services in a flexible, creative manner during the first two months of treatment, and brief therapy strategies and interventions thereafter if needed. Information and referral services are provided for a wide range of related programs in the community.

Both individual and conjoint family sessions are provided for children and adolescents, their caregivers, and their families. Classroom observations, on-site collaboration, and problem-solving with teachers, psychologists, and paraprofessional school support staff are provided on a regular basis. The assigned therapist at the BVHPF IBHS will attend individual educational placement meetings to determine medical necessity for outpatient behavioral health services on a case by case basis. Outreach visits to the home, hospital, or Juvenile Hall are also offered when necessary.

6D. Exit Criteria

The exit criteria for the BVHPF IBHS are based on the decisions of client, family, or outside agencies where behaviors indicate that treatment goals have been met. Staff will meet with the client and family members, along with any additional collateral program team members, to process terminating treatment and to confirm that a client's goals have, in fact, been met. Staff will have provided linkages to outside, independent services such as special education services at another school, housing, case management, medical providers, job training, substance abuse, and medication services during treatment so that there is a network of continuous resources for the client and his or her family as needed. These criteria may also be met by a client becoming meds-only, transitioning out of children's services and into transitional age youth (TAY) services, or when all other special outside program requirements have been met.

6E. Staffing

The BVHPF IBHS is a component of a community-based human services agency, representing a diverse, multi-ethnic population. The program is staffed with licensed and license-eligible marriage & family therapists, social workers, psychologists, and board certified psychiatrists who are oriented to the community and responsive to the issues of ethnicity, culture, language, and gender. The Foundation understands the importance of race, culture and language in its service provision, and maintains staffing and programming which appropriately respond to these issues. Decisions regarding recruitment and hiring of staff ensure competency in the delivery and management of culturally and linguistically appropriate services to the population served. Program staffing also ensures provision of effective therapeutic interventions which are designed

to meet the special clinical needs of diverse populations. Diverse populations include those from racial, ethnic and cultural backgrounds, the homeless, and individuals of varied sexual orientations, and disabilities.

7. Objectives and Measurements

A. Required Objectives

All objectives and descriptions of how objectives will be measured are contained in the CBHS document entitled Performance Objectives, Fiscal Year 2018-2019.

B. Individualized Program Objectives

None

8. Continuous Quality Improvement

The Bayview Integrated Behavioral Health Service, (Adult and Children's Programs), follows a Quality Assurance and Activities Plan that is designed to enhance, improve, and monitor quality of care and services. Annual Performance Objectives identified by CBHS are discussed regularly with staff. Such discussions include productivity standards and requirements. All clinical staff members are expected to carry out services based on program productivity standards which include caseload size, units of service, and quality of services. The BVHPF IBHS identifies any areas of improvement needed through chart reviews. The chart reviews are conducted on a regularly scheduled basis. Avatar reports provide critical staff and program information relative to required charting and recordkeeping, documentation timelines, staff activity, caseloads, billing categories and achievement, and other current data which are useful in evaluating performance and for making informed program decisions. In meeting quality assurance guidelines and efforts, all clinical staff of the Bayview Integrated Behavioral Health Service also participates in regularly scheduled Clinical Case Conferences which provide ongoing opportunities for case presentation, development, and feedback. Clinicians receive weekly 1:1 supervision and Group Supervision from a Clinical Supervisor where discussions focus on the elements of client cases such as treatment planning, case formulation, continuity of care, and discharge planning.

Guidelines and results of documentation of Continuous Quality Improvement are included in the Program's annually revised Administrative Binder. Contents of the Administrative Binder include guidelines, descriptions, and results of a range of administrative and operating procedures. The Administrative Binder attests to compliance regulations, service policies, fees and billing, quality assurance, credentialing, client satisfaction, grievances, emergencies, cultural competence, facility status and fire clearance, and client rights. The BVHPF IBHS abides by the guidelines and mandates as described in the Administrative Binder to ensure

Contractor: Bayview Hunters Point Foundation	Appendix A-3
Program: Bayview Hunters Point Children Outpatient	7/1/18
City Fiscal Year (BHS only): 07/01/2018– 06/30/2019	

compliance in all aspects of direct services to clients, program service models, and program operations.

The Adult and Children's Programs monitor documentation via a staff PURQC (Program Utilization Review Quality Committee) structure which meets weekly for the purpose of reviewing client charts. The PURQC process includes review of documents based on an identified checklist, review of compliance to documentation, and feedback and recommendations to clinicians regarding charts scheduled in this process. The Bayview Integrated Behavioral Health Service adheres to relevant PURQC guidelines and assures compliance to its mandates and propriety. (See attached PURQC form, Confidential Administrative Records form, Client Service Authorization (CSA) Request form).

PURQC Chart Compliance:

Within two months or 15 hours following the date of opening, all clinicians are required to PURQC their clients' charts. The following 12-point checklist is to be used:

1. Assessment
2. Medical Necessity Statement
3. Diagnosis (accurate and justified)
4. Treatment Plan of Care Goals (specific, observable and quantifiable. Goals must be reflected in notes and signed and dated by client)
5. Progress Notes (to include interventions and responses)
6. Treatment modalities/frequency (appropriateness relative to Treatment Plan)
7. Case Conference requirements (ROI's appropriate and in client's file)
8. Step-down required and reason given
9. Termination and discharge
10. Co-signatures (No missing signatures on all applicable documents)
11. Referrals
12. Discussion with Supervisor

Recommendation Feedback to the clinician section must be filled out. This section identifies any missing signatures, and serves as a reminder that ID boxes at the top of each page (front and back) need to be filled out. All goals must be quantifiable, etc. From the information gathered, the chart is PURQC approved and authorization given in accordance with the PURQC CBHS Adult/Older Adult Service Intensity Guidelines. If all information is not available, the chart will not be approved. Any denied or pending PURQC cases are returned for review based on specific timeframes.

Additional PURQC options include:

1. Approved with adjustment based on the information gathered from the form;
2. Conditional approval with resubmission required within a week's time; or

Contractor: Bayview Hunters Point Foundation	Appendix A-3
Program: Bayview Hunters Point Children Outpatient	7/1/18
City Fiscal Year (BHS only): 07/01/2018– 06/30/2019	

3. Denied, based on stated reasons.

Reviewer signs the form and dates it. A log is maintained of all PURQC forms signed, approved, or disallowed, and includes the number of hours requested for authorization. PURQC recommendations are then returned to the clinicians for appropriate corrections and resubmission of the recommendation sheet to the PURQC Committee for review the following week. After the initial PURQC, charts rotate through the PURQC process annually in accordance with clients' Treatment Plan of Care renewal dates.

During weekly staff meetings, quality performance objectives are discussed relative to the guidelines of the Bayview Integrated Behavioral Health Service policies and procedures. These discussions are designed to ensure that services under Reporting Unit 3851-6 remain on track and in response to Fiscal Year 2018-2019 Performance Objectives. Staff discussions of performance objectives will also include on-site trainings relative to meeting identified objectives. Avatar reports will be used to assist in tracking achievement of performance objectives and the review of clinical documentation.

Cultural Competency:

The Bayview Hunters Point Foundation recognizes the importance of culture in the design and offering of services, and makes every effort to be a responsive, culturally-relevant provider. To ensure that all staff are aware of and trained in a range of issues related to serving the cultural interests and needs of clients, the Bayview Integrated Behavioral Health Service staff will participate in available trainings on cultural issues that are provided by the Department of Health and on-site. Guest presenters in particular will be included in on-site trainings. Given the diversity of San Francisco communities, if a client should make a request for specific ethnic, linguistic, or gender relative to cultural preferences, the Program will make every effort to be accommodating to those requests. Materials available for clients' use are printed and available in various languages.

Consumer/Client Satisfaction:

The Bayview Integrated Behavioral Health Service values client opinions and suggestions for program improvements. Clients are provided an opportunity to express their views through annual client satisfaction surveys which are administered through a Community Behavioral Health Service protocol. Client Satisfaction Survey results are reviewed and discussed with clients as applicable. Suggestions provided by clients through this process are reviewed as well and discussed with all staff. Suggestions for program changes are implemented as appropriate and doable so that services outcomes and the quality of care provided to all clients can be enhanced and deemed more effective for all clients.

Timely Completion of Outcome Data:

7. Continuous Quality Improvement (CQI):

The Bayview Hunters Point Jelani Family Program CQI activities are designed to enhance, improve and monitor quality of services.

A. The Program will identify areas of improvement through chart reviews and case conferences which are conducted on a monthly basis. Avatar reports will be reviewed and reconciled on a monthly basis by the Intake & Billing Staff. Participants in the case conference meetings include the Program Director, Care Manager and Monitors. The care manager and monitors receives monthly supervision from the Program Director where they are advised on client status as to meeting their stated goals of obtaining permanent housing and the means to establish financial stability and remain clean and sober.

To ensure continuous monitoring, a list of contract performance objectives is provided to all staff. Outcomes are reviewed, analyzed and reconciled for accuracy with the Avatar reports. An annual performance assessment and improvement plan is used to track outcomes of mandatory objectives and reviewed on a quarterly basis.

B. Our Program monitors documentation quality by reviewing case files through periodic reviews. The review process is conducted based on guidelines set forth by the Department of Public Health (DPH) and Behavior Health Services (BHS). To ensure compliance with documentation monthly chart reviews are conducted by Medical Records Staff and Care Manager, then discussed with the Program Director for follow-up issues.

All staff participates in annual documentation trainings provided internally and by Behavioral Health Services.

Staff meetings are also held on a monthly basis as a venue where staff can discuss administrative and program issues.

C. All program staff participates in an annual Cultural Competency/Law, Ethics and Boundaries Training- geared towards providing an understanding and acceptance of beliefs, values, ethics of others and skills that are necessary to work with and serve diverse populations. Staff also participates in Cultural Competency Trainings sponsored by Department of Public Health (DPH) and Behavior Health Services (BHS). A list of other staff trainings includes Code of Conduct, Documentation Review and Corporate Compliance.

Client's suggestions from Focus Groups will be documented and then discussed with the multi-disciplinary staff. Changes that improve the efficacy, quality or outcomes of program services will be prioritized for implementation. Results of the focus groups will posted throughout the facility which encourages clients to give additional feedback.

Business Associate Agreement

This Business Associate Agreement (“BAA”) supplements and is made a part of the contract by and between the City and County of San Francisco, the Covered Entity (“CE”), and Contractor, the Business Associate (“BA”) (the “Agreement”). To the extent that the terms of the Agreement are inconsistent with the terms of this BAA, the terms of this BAA shall control.

RECITALS

A. CE, by and through the San Francisco Department of Public Health (“SFDPH”), wishes to disclose certain information to BA pursuant to the terms of the Agreement, some of which may constitute Protected Health Information (“PHI”) (defined below).

B. For purposes of the Agreement, CE requires Contractor, even if Contractor is also a covered entity under HIPAA, to comply with the terms and conditions of this BAA as a BA of CE.

C. CE and BA intend to protect the privacy and provide for the security of PHI disclosed to BA pursuant to the Agreement in compliance with the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 (“HIPAA”), the Health Information Technology for Economic and Clinical Health Act, Public Law 111-005 (“the HITECH Act”), and regulations promulgated there under by the U.S. Department of Health and Human Services (the “HIPAA Regulations”) and other applicable laws, including, but not limited to, California Civil Code §§ 56, et seq., California Health and Safety Code § 1280.15, California Civil Code §§ 1798, et seq., California Welfare & Institutions Code §§5328, et seq., and the regulations promulgated there under (the “California Regulations”).

D. As part of the HIPAA Regulations, the Privacy Rule and the Security Rule (defined below) require CE to enter into a contract containing specific requirements with BA prior to the disclosure of PHI, as set forth in, but not limited to, Title 45, Sections 164.314(a), 164.502(a) and (e) and 164.504(e) of the Code of Federal Regulations (“C.F.R.”) and contained in this BAA.

E. BA enters into agreements with CE that require the CE to disclose certain identifiable health information to BA. The parties desire to enter into this BAA to permit BA to have access to such information and comply with the BA requirements of HIPAA, the HITECH Act, and the corresponding Regulations.

In consideration of the mutual promises below and the exchange of information pursuant to this BAA, the parties agree as follows:

1. Definitions.

a. **Breach** means the unauthorized acquisition, access, use, or disclosure of PHI that compromises the security or privacy of such information, except where an unauthorized person to whom such information is disclosed would not reasonably have been able to retain such information, and shall have the meaning given to such term under the HITECH Act and HIPAA Regulations [42 U.S.C. However, BA may disclose Protected Information as necessary (i) for the proper management and administration of BA; (ii) to carry out the legal responsibilities of BA; (iii) as required by law; or (iv) for Data Aggregation purposes relating to the Health Care Operations of CE. If BA discloses Protected Information to a third party, BA must obtain, prior to making any such disclosure, (i) reasonable written assurances from such third party that such Protected Information will be held confidential as provided pursuant to this BAA and used or disclosed only as required by law or for the purposes for which it was disclosed to such third party, and (ii) a written agreement from such third party to immediately notify BA of any breaches, security incidents, or unauthorized uses or disclosures of the Protected Information in accordance with paragraph 2 (n) of this BAA, to the extent it has obtained knowledge of such occurrences [42 U.S.C. BA is responsible for any civil penalties assessed due to an audit or investigation of BA, in accordance with 42 U.S.C. Section 17934(c).

g. Business Associate's Subcontractors and Agents. BA shall ensure that any agents and subcontractors that create, receive, maintain or transmit Protected Information on behalf of BA, agree in writing to the same restrictions and conditions that apply to BA with respect to such PHI and implement the safeguards required by paragraph 2.f. above with respect to Electronic PHI [45 C.F.R. Section 164.504(e)(2) through (e)(5); 45 C.F.R. Section 164.308(b)]. BA shall mitigate the effects of any such violation.

h. Accounting of Disclosures. Within ten (10) calendar days of a request by CE for an accounting of disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents and subcontractors shall make available to CE the information required to

San Francisco Department of Public Health
Business Associate Agreement

provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935 (c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents and subcontractors for at least seven (7) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an Electronic Health Record. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure [45 C.F.R. 164.528(b)(2)]. If an individual or an individual's representative submits a request for an accounting directly to BA or its agents or subcontractors, BA shall forward the request to CE in writing within five (5) calendar days.

i. Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors in Designated Record Sets available to CE for inspection and copying within (5) days of request by CE to enable CE to fulfill its obligations under state law [Health and Safety Code Section 123110] and the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains Protected Information in electronic format, BA shall provide such information in electronic format as necessary to enable CE to fulfill its obligations under the HITECH Act and HIPAA Regulations, including, but not limited to, 42 U.S.C. Section 17935(e) and 45 C.F.R. 164.524.

j. Amendment of Protected Information. Within ten (10) days of a request by CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA and its agents and subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment or other documentation to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If an individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request and of any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

k. Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with HIPAA [45 C.F.R. Section 164.504(e)(2)(ii)(I)]. BA shall provide CE a copy of any Protected Information and other documents and records that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

l. Minimum Necessary. BA, its agents and subcontractors shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the intended purpose of such use, disclosure, or request. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)]. BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to

what constitutes “minimum necessary” to accomplish the intended purpose in accordance with HIPAA and HIPAA Regulations.

m. Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

n. Notification of Breach. BA shall notify CE within 5 calendar days of any breach of Protected Information; any use or disclosure of Protected Information not permitted by the BAA; any Security Incident (except as otherwise provided below) related to Protected Information, and any use or disclosure of data in violation of any applicable federal or state laws by BA or its agents or subcontractors. The notification shall include, to the extent possible, the identification of each individual whose unsecured Protected Information has been, or is reasonably believed by the BA to have been, accessed, acquired, used, or disclosed, as well as any other available information that CE is required to include in notification to the individual, the media, the Secretary, and any other entity under the Breach Notification Rule and any other applicable state or federal laws, including, but not limited, to 45 C.F.R. Section 164.404 through 45 C.F.R. Section 164.408, at the time of the notification required by this paragraph or promptly thereafter as information becomes available. BA shall take (i) prompt corrective action to cure any deficiencies and (ii) any action pertaining to unauthorized uses or disclosures required by applicable federal and state laws. [42 U.S.C. Section 17921; 42 U.S.C. Section 17932; 45 C.F.R. 164.410; 45 C.F.R. Section 164.504(e)(2)(ii)(C) 45 C.F.R. Section 164.308(b)]

o. Breach Pattern or Practice by Business Associate’s Subcontractors and Agents. Pursuant to 42 U.S.C. Section 17934(b) and 45 C.F.R. Section 164.504(e)(1)(iii), if the BA knows of a pattern of activity or practice of a subcontractor or agent that constitutes a material breach or violation of the subcontractor or agent’s obligations under the Contract or this BAA, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the contractual arrangement with its subcontractor or agent, if feasible. BA shall provide written notice to CE of any pattern of activity or practice of a subcontractor or agent that BA believes constitutes a material breach or violation of the subcontractor or agent’s obligations under the Contract or this BAA within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

3. Termination.

a. Material Breach. A breach by BA of any provision of this BAA, as determined by CE, shall constitute a material breach of the Agreement and this BAA and shall provide grounds for immediate termination of the Agreement and this BAA, any provision in the AGREEMENT to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii).]

b. Judicial or Administrative Proceedings. CE may terminate the Agreement and this BAA, effective immediately, if (i) BA is named as defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

San Francisco Department of Public Health

Business Associate Agreement

c. Effect of Termination. Upon termination of the Agreement and this BAA for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA and its agents and subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections and satisfy the obligations of Section 2 of this BAA to such information, and limit further use and disclosure of such PHI to those purposes that make the return or destruction of the information infeasible [45 C.F.R. Section 164.504(e)(2)(ii)(J)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed in accordance with the Secretary's guidance regarding proper destruction of PHI.

d. Civil and Criminal Penalties. BA understands and agrees that it is subject to civil or criminal penalties applicable to BA for unauthorized use, access or disclosure of Protected Information in accordance with the HIPAA Regulations and the HITECH Act including, but not limited to, 42 U.S.C. 17934 (c).

e. Disclaimer. CE makes no warranty or representation that compliance by BA with this BAA, HIPAA, the HITECH Act, or the HIPAA Regulations or corresponding California law provisions will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4. Amendment to Comply with Law.

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or this BAA may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations and other applicable state or federal laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this BAA embodying written assurances consistent with the updated standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations or other applicable state or federal laws. CE may terminate the Agreement upon thirty (30) days written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or this BAA when requested by CE pursuant to this section or (ii) BA does not enter into an amendment to the Agreement or this BAA providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

5. Reimbursement for Fines or Penalties.

Dispute Resolution Procedure
For Health and Human Services Nonprofit Contractors
9-06

Introduction

The City Nonprofit Contracting Task Force submitted its final report to the Board of Supervisors in June 2003. The report contains thirteen recommendations to streamline the City's contracting and monitoring process with health and human services nonprofits. These recommendations include: (1) consolidate contracts, (2) streamline contract approvals, (3) make timely payment, (4) create review/appellate process, (5) eliminate unnecessary requirements, (6) develop electronic processing, (7) create standardized and simplified forms, (8) establish accounting standards, (9) coordinate joint program monitoring, (10) develop standard monitoring protocols, (11) provide training for personnel, (12) conduct tiered assessments, and (13) fund cost of living increases. The report is available on the Task Force's website at http://www.sfgov.org/site/npcontractingtf_index.asp?id=1270. The Board adopted the recommendations in February 2004. The Office of Contract Administration created a Review/Appellate Panel ("Panel") to oversee implementation of the report recommendations in January 2005.

The Board of Supervisors strongly recommends that departments establish a Dispute Resolution Procedure to address issues that have not been resolved administratively by other departmental remedies. The Panel has adopted the following procedure for City departments that have professional service grants and contracts with nonprofit health and human service providers. The Panel recommends that departments adopt this procedure as written (modified if necessary to reflect each department's structure and titles) and include it or make a reference to it in the contract. The Panel also recommends that departments distribute the finalized procedure to their nonprofit contractors. Any questions or concerns about this Dispute Resolution Procedure should be addressed to purchasing@sfgov.org.

Dispute Resolution Procedure

The following Dispute Resolution Procedure provides a process to resolve any disputes or concerns relating to the administration of an awarded professional services grant or contract between the City and County of San Francisco and nonprofit health and human services contractors.

Contractors and City staff should first attempt to come to resolution informally through discussion and negotiation with the designated contact person in the department.

If informal discussion has failed to resolve the problem, contractors and departments should employ the following steps:

This dispute shall be in writing and describe both the nature of the dispute or concern and why the steps taken to date are not satisfactory to the contractor. The Department will respond in writing within 10 working days.

In addition to the above process, contractors have an additional forum available only for disputes that concern implementation of the thirteen policies and procedures recommended by the Nonprofit Contracting Task Force and adopted by the Board of Supervisors. These recommendations are designed to improve and streamline contracting, invoicing and monitoring procedures. For more information about the Task Force's recommendations, see the June 2003 report at http://www.sfgov.org/site/npcontractingtf_index.asp?id=1270.

The Review/Appellate Panel oversees the implementation of the Task Force report. The Panel is composed of both City and nonprofit representatives. The Panel invites contractors to submit concerns about a department's implementation of the policies and procedures. Contractors can notify the Panel after Step 2. However, the Panel will not review the request until all three steps are exhausted. This review is limited to a concern regarding a department's implementation of the policies and procedures in a manner which does not improve and streamline the contracting process. This review is not intended to resolve substantive disputes under the contract such as change orders, scope, term, etc. The contractor must submit the request in writing to purchasing@sfgov.org. This request shall describe both the nature of the concern and why the process to date is not satisfactory to the contractor. Once all steps are exhausted and upon receipt of the written request, the Panel will review and make recommendations regarding any necessary changes to the policies and procedures or to a department's administration of policies and procedures.

A1. Subcontract Provisions

i. Any individual or entity excluded from participation in federal health care programs under section 1128 or section 1126A; or

ii. An entity that would provide those services through an excluded individual or entity.

Providers shall include the following requirements in their subcontracts with providers:

1. In addition to complying with the sub contractual relationship requirements set forth in Article II.E.8 of this Agreement, the Contractor shall ensure that all subcontracts require that the Contractor oversee and is held accountable for any functions and responsibilities that the Contractor delegates to any subcontractor.

2. Each subcontract shall:

i. Fulfill the requirements of 42 CFR Part 438 that are appropriate to the service or activity delegated under the subcontract.
ii. Ensure that the Contractor evaluates the prospective subcontractor's ability to perform the activities to be delegated.

iii. Require a written agreement between the Contractor and the subcontractor that specifies the activities and report responsibilities delegated to the subcontractor; and provides for revoking delegation or imposing other sanctions if the subcontractor's performance is inadequate.

iv. Ensure that the Contractor monitor the subcontractor's performance on an ongoing basis and subject it to an annual onsite review, consistent with statutes, regulations, and Article III.PP.

v. Ensure that the Contractor identifies deficiencies or areas for improvement, the subcontractor shall take corrective actions and the Contractor shall ensure that the subcontractor implements these corrective actions.

3. The Contractor shall include the following provider requirements in all subcontracts with providers:

i. Culturally Competent Services: Providers are responsible to provide culturally competent services. Providers shall ensure that their policies, procedures, and practices are consistent with the principles outlined and are embedded in the organizational structure, as well as being upheld in day-to-day operations. Translation services shall be available for beneficiaries, as needed.

ii. Medication Assisted Treatment: Providers will have procedures for linkage/integration for beneficiaries requiring medication assisted treatment. Provider staff will regularly communicate with physicians of beneficiaries who are prescribed these medications unless the beneficiary refuses to consent to sign a 42 CFR part 2 compliant release of information for this purpose.

iii. Evidence Based Practices (EBPs): Providers will implement at least two of the following EBPs based on the timeline established in the county implementation plan. The two EBPs are per provider per service modality. Counties will ensure the providers have implemented EBPs. The state will monitor the implementation and regular training of EBPs to staff during reviews.

The required EBPs include:

a. Motivational Interviewing: A beneficiary-centered, empathic, but directive counseling strategy designed to explore and reduce a person's ambivalence toward treatment. This approach frequently includes other problem solving or solution-focused strategies that build on beneficiaries' past successes.

b. Cognitive-Behavioral Therapy: Based on the theory that most emotional and behavioral reactions are learned and that new ways of reacting and behaving can be learned.

c. Relapse Prevention: A behavioral self-control program that teaches individuals with substance addiction how to anticipate and cope with the potential for relapse. Relapse prevention can be used as a stand-alone substance use treatment program or as an aftercare program to sustain gains achieved during initial substance use treatment.

d. Trauma-Informed Treatment: Services shall take into account an understanding of trauma, and place priority on trauma survivors' safety, choice and control.

e. Psycho-Education: Psycho-educational groups are designed to educate beneficiaries about substance abuse, and related behaviors and consequences. Psychoeducational groups provide information designed to have a direct application to beneficiaries' lives; to instill self-awareness, suggest options for growth and change, identify community resources that can assist beneficiaries in recovery, develop an understanding of the process of recovery, and prompt people using substances to take action on their own behalf.

C1. Beneficiary Problem Resolution Process

1. The Contractor shall establish and comply with a beneficiary problem resolution process.

2. Contractor shall inform subcontractors and providers at the time they enter into a subcontract about:

i. The beneficiary's right to a state fair hearing, how to obtain a hearing and the representation rules at the hearing.

ii. The beneficiary's right to file grievances and appeals and the requirements and timeframes for filing.

iii. The beneficiary's right to give written consent to allow a provider, acting on behalf of the beneficiary, to file an appeal. A provider may file a grievance or request a state fair hearing on behalf of a beneficiary, if the state permits the provider to act as the beneficiary's authorized representative in doing so.

iv. The beneficiary may file a grievance, either orally or in writing, and, as determined by DHCS, either with DHCS or with the Contractor.

v. The availability of assistance with filing grievances and appeals.

vi. The toll-free number to file oral grievances and appeals.

vii. The beneficiary's right to request continuation of benefits during an appeal or state fair hearing filing although the beneficiary may be liable for the cost of any continued benefits if the action is upheld.

viii. Any state determined provider's appeal rights to challenge the failure of the Contractor to cover a service.

3. The Contractor shall represent the Contractor's position in fair hearings, as defined in 42 CFR 438.408 dealing with beneficiaries' appeals of denials, modifications, deferrals or terminations of covered services. The Contractor shall carry out the final decisions of the fair hearing process with respect to issues within the scope of the Contractor's responsibilities under this Agreement. Nothing in this section is intended to prevent the Contractor from pursuing any options available for appealing a fair hearing decision.

i. Pursuant to 42 CFR 438.228, the Contractor shall develop problem resolution processes that enable beneficiary to request and receive review of a problem or concern he or she has about any issue related to the Contractor's performance of its duties, including the delivery of SUD treatment services.

4. The Contractor's beneficiary problem resolution processes shall include:

- i. A grievance process;
- ii. An appeal process; and,
- iii. An expedited appeal process.

i. The Contractor may terminate this Agreement at any time, for any reason, by giving 60 days written notice to DHCS. Upon termination, the Contractor shall immediately begin providing DMC services to beneficiaries in accordance with the State Plan.

3. Nullification of DMC-ODS Services

3.7.2 City Revisions to Program Budgets: The City shall have authority, without the execution of a Formal Amendment, to purchase additional Services and/or make changes to the work in accordance with the terms of this Agreement (including such terms that require Contractor's agreement), not involving an increase in the Compensation or the Term by use of a written City Program Budget Revision.

3.7.3 City Program Scope Reduction. Given the local emergency, the pandemic, and the City's resulting budgetary position, and in order to preserve the Agreement and enable Contractor to continue to perform work albeit potentially on a reduced basis, the City shall have authority during the Term of the Agreement, without the execution of a Formal Amendment, to reduce scope, temporarily suspend the Agreement work, and/or convert the Term to month-to-month (Program Scope Reduction), by use of a written Revision to Program Budgets, executed by the Director of Health, or his or her designee, and Contractor. The City’s approval of any such Assignment is subject to the Contractor demonstrating to City’s reasonable satisfaction that the proposed transferee is: (i) reputable and capable, financially and otherwise, of performing each of Contractor’s obligations under this Agreement and any other documents to be assigned, (ii) not forbidden by applicable law from transacting business or entering into contracts with City; and (iii) subject to the jurisdiction of the courts of the State of California. A change of ownership or control of Contractor or a sale or transfer of substantially all of the assets of Contractor shall be deemed an Assignment for purposes of this Agreement. Contractor shall immediately notify City about any Assignment. Any purported Assignment made in violation of this provision shall be null and void.

2.6 Insurance. *The following is hereby added to Article 5 of the Agreement, replacing the previous Section 5.1 in its entirety:*

5.1 Insurance.

5.1.1 Required Coverages. Insurance limits are subject to Risk Management review and revision, as appropriate, as conditions warrant. Without in any way limiting Contractor’s liability pursuant to the “Indemnification” section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

(a) Workers’ Compensation, in statutory amounts, with Employers’ Liability Limits not less than \$1,000,000 each accident, injury, or illness; and

(c) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence, “Combined Single Limit” for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.

(d) Professional Liability Insurance, applicable to Contractor’s profession, with limits not less than \$1,000,000 for each claim with respect to negligent acts, errors or omissions in connection with the Services.

(e) Reserved. (Technology Errors and Omissions Coverage)

(f) Contractor shall maintain in force during the full life of the agreement Cyber and Privacy Insurance with limits of not less \$1,000,000 per claim. Such insurance shall include coverage for liability arising from theft, dissemination, and/or use of confidential information, including but not limited to, bank and credit card account information or personal information, such as name, address, social security numbers, protected health information or other personally identifying information, stored or transmitted in any form.

5.1.2 Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

5.1.3 Contractor's Commercial General Liability and Commercial Automobile Liability Insurance policies shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.4 All policies shall be endorsed to provide thirty (30) days' advance written notice to the City of cancellation for any reason, intended non-renewal, or reduction in coverages. Notices shall be sent to the City address set forth in Section 11.1, entitled "Notices to the Parties."

5.1.5 Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

5.1.6 Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

5.1.7 Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

5.1.8 Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.

5.1.9 The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

5.1.10 If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.

2.7 **Indemnification.** *The following is hereby added to Article 5 of the Agreement, replacing the previous Section 5.2 in its entirety:*

5.2 Indemnification.

5.2.1 Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all claims, demands, losses, damages, costs, expenses, and liability (legal, contractual, or otherwise) arising from or in any way connected with any: (i) injury to or death of a person, including employees of City or Contractor; (ii) loss of or damage to property; (iii) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (iv) strict liability imposed by any law or regulation; or (v) losses arising from Contractor's execution of subcontracts not in accordance with the requirements of this Agreement applicable to subcontractors; so long as such injury, violation, loss, or strict liability (as set forth in subsections (i) – (v) above) arises directly or indirectly from Contractor's performance of this Agreement, including, but not limited to, Contractor's use of facilities or equipment provided by City or others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law, and except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors, or either's agent or employee. Contractor shall also indemnify, defend and hold City harmless from all suits or claims or administrative proceedings for breaches of federal and/or state law regarding the privacy of health information, electronic records or related topics, arising directly or indirectly from Contractor's performance of this Agreement. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City.

5.2.2 In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter.

5.2.3 Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons arising directly or indirectly from the receipt by City, or any of its officers or agents, of Contractor's Services.

2.8 **Withholding.** *The following is hereby added to Article 7 of the Agreement:*

Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations Code, Contractor further acknowledges and agrees that City may withhold any payments due to Contractor under this Agreement if Contractor is delinquent in the payment of any amount

☐ Original ☒ Contract Amendment ☐ Revision to Program Budgets (RPB)

3. Goal Statement:

To provide mental health services for the purpose of increasing stability, self-sufficiency and success in community living.

4. Priority Population:

Adult clients who meet the county's eligibility guidelines and admissions criteria however; with a focus on the residents in the Southeast neighborhoods of the city who are exposed to trauma, financial stress, homelessness and family conflict in addition to mental health issues and sometimes co-occurring substance use/abuse. BVHPFCI makes every effort to serve all San Franciscans in need. Where a particular program is not the best fit, staff will make an appropriate referral either internally or to a co-service provider in San Francisco.

5. Modality(s)/Intervention(s):

Please see Appendix B-1 CRDC page for detailed service breakdown.

Mental health services include: assessment (plan development, mental health evaluation), individual therapy, group therapy, collateral contact, case management, crisis intervention, outreach services/consultation services, and medication support services.

Based on current public health crisis due to COVID-19, both face to face and telehealth services will be made available to clients for all offered services.

6. Methodology:

A. Outreach, recruitment, promotion, and advertisement

BVHPF IBHS conducts community engagement and outreach by connecting with clients directly through activities within Bayview Hunters Point, Potrero Hill and Visitation Valley. Staff is also connected with the Bayshore and Embarcadero navigation centers and downtown SIP hotels to receive referrals to provide service to clients who are being placed in housing in the Southeast neighborhoods.

B. Admission, enrollment and/or intake criteria and process where applicable

Clients served at BVHP IBHS must meet the eligibility requirements of CBHS and SFDPH, be San Francisco County residents, and also meet medical necessity requirements to be enrolled. If clients are in-between counties, they can be seen for services for up to 30 days if they meet the eligibility requirements for MediCal or Healthy San Francisco. Services can also be made available to clients if income levels are within the state's uniform fee schedule for community mental health services.

C. Service delivery model

The BVHPF IBHS provides outpatient services that are primarily either clinic based or in a telehealth format but can be delivered when appropriate in the field or at client residences to improve access to care. The clinic will operate Monday through Friday from 9am-5pm. For all client cases, close monitoring and oversight will be conducted by the assigned clinician for the purpose of assessing the client's needs at different stages of their change and recovery process. This ongoing evaluation guides decisions regarding the appropriate frequency of services. The BVHPF IBHS does not have set program time limits and instead relies on the ongoing establishment of medical necessity to determine a client's length of treatment.

The clinicians and trainees of BVHPF IBHS will use evidence based practices for the treatment of clients including but not limited to: motivational interviewing, acceptance and commitment therapy (ACT), cognitive behavioral therapy (CBT), insight oriented therapy, family systems therapy, dialectical behavior therapy (DBT), and trauma focused approaches (ex.: cognitive processing therapy (CPT)).

Treatment will be administered using the following modalities:

- Assessment
- Individual Therapy
- Group Therapy
- Collateral services
- Targeted case management
- Medication support services
- Crisis intervention

-Case management

All services will be provided in the client's preferred language utilizing staff that can provide bi-/multi-lingual services and/or through use of translation services provided by the Department of Public Health.

The Bayview Integrated Behavioral Health Service participates in the BHS Advanced Access initiative, the timely measurement of data at the site, and reporting of data to CBHS. Initial risk assessments are completed for clients on a timely basis and treatment planning with clients' input is prioritized and completed within anticipated timeframes.

For client referrals that represent a more critical and immediate need, priority is placed on follow up and assignment to clinicians. Priority referrals include Foster Care Mental Health, Child Protective Services (CPS), and Gold Cards (high risk, frequent service users).

D. Discharge Planning and exit criteria and process

The exit criteria for BVHPF IBHS are based upon attainment of the goals and desired outcomes outlined in the treatment plan of care. Staff will continually track client progress and will use a step down approach when appropriate to decrease the frequency of treatment to prepare the clients for autonomous functioning in the community. At the point of discharge, staff will have provided linkages to desired resources such as case management, housing support, medical care and/or vocational training so that clients have a network of continuous resources.

E. Program staffing

The BVHPF IBHS is staffed with licensed and license-eligible marriage and family therapists, social workers, psychologists and licensed board certified psychiatrists. All staff is dedicated to serving the community and are responsive to issues of ethnicity, culture, language and gender. Ongoing trainings and supervision are provided to ensure that clinicians maintain awareness of best practices and competent care.

The BVHPF IBHS is focused on ongoing staff recruitment to fill program vacancies as quickly as possible. The program is also working to re-start its practicum training program to bring more developing professionals into the community mental health field.

F. Objectives and Measurements:

All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled Adult and Older Adult Performance objectives FY 20-21.

G. Continuous Quality Improvement:

Guidelines and results of documentation of Continuous Quality Improvement are included in the Program's annually revised Administrative Binder. Contents of the Administrative Binder include guidelines, descriptions, and results of a range of administrative, clinical, and operating procedures. The Administrative Binder attests to compliance regulations, service policies, fees and billing, quality

assurance, credentialing, client satisfaction, grievances, emergencies, cultural competence, facility status and fire clearance, and client rights. The BVHPF IBHS abides by the guidelines and mandates as described in the Administrative Binder in ensuring compliance in all aspects of direct services to clients, program service models, and program operations.

A. Achievement of contract performance objectives and productivity

The Bayview Integrated Behavioral Health Service follows a Quality Assurance and Activities Plan that is designed to enhance, improve, and monitor quality of care and services. Annual Performance Objectives identified by BHS are discussed regularly with staff. All clinical staff members are expected to carry out services based on program productivity standards which include caseload size, units of service, and adherence to delivery of service timelines. Avatar reports provide critical staff and program information relative to required charting, documentation timelines, staff activity, caseloads, billing categories and other current data which are useful in evaluating the clinic's progress with meeting contract deliverables and performance objectives. If a particular staff member is found to be underperforming individual meetings are held to understand the nature of the issue and to collaboratively develop a remediation plan.

B. Quality of documentation

The BVHPF IBHS identifies any areas of improvement needed in clinical services through regular chart reviews and staff evaluations. In line with meeting quality assurance guidelines, all clinical staff participates in regularly scheduled clinical case conferences which provide ongoing opportunities for case presentation, plan development, and feedback. Clinicians receive weekly 1:1 supervision and Group Supervision from a Licensed Clinical Supervisor where discussions focus on the elements of client cases such as assessment and treatment planning, case formulation, continuity of care, and discharge planning. All new staff is subject to ongoing documentation review and co-signing by the clinical supervisor. The duration of this type of oversight is left to the discretion of the supervisor to determine when a staff member is consistently documenting services according to MediCal standards. Once a staff member no longer requires a co-signer, their notes, assessments and treatment plans are still reviewed quarterly for a proportion of their caseload in order to ensure quality and consistency.

Typically the adult services program also monitors documentation via a staff PURQC (Program Utilization Review Quality Committee) structure which meets weekly for the purpose of reviewing client charts. The PURQC process includes review of documents based on an identified checklist, review of compliance to documentation, and feedback and recommendations to clinicians regarding charts scheduled in this process. The Bayview Integrated Behavioral Health Service adheres to relevant PURQC guidelines and assures compliance to its mandates and propriety.

Since the shelter in place on March 17, 2020, the official PURQC process has been pause, however, we have continued to have clinicians review their documentation as if PURQC were being conducted in the standard format to ensure that the practice is upheld and we are adhering to prescribed standards for service allotment.

C. Cultural Competency

The Bayview Hunters Point Foundation recognizes the importance of culture in the design and offering of services, and makes every effort to be a responsive, culturally-relevant provider. To ensure that all staff are aware of and trained in a range of issues related to serving the cultural interests and needs of clients, the Bayview Integrated Behavioral Health Service staff will participate in available trainings on cultural issues that are provided by the Department of Health and other on-site trainings. Guest presenters in particular will be included in on-site trainings. Given the diversity of San Francisco communities, if a client should make a request for specific ethnic, linguistic, or gender relative to cultural preferences, the Program will make every effort to be accommodating to those requests. Materials available for clients' use are printed and made available in various languages.

D. Client Satisfaction

The Bayview Integrated Behavioral Health Service values client opinions and suggestions for program improvements. Clients are provided an opportunity to express their views through annual client satisfaction surveys which are administered through a Community Behavioral Health Service protocol. Client Satisfaction Survey results are reviewed and discussed with staff, and clients as applicable. Suggestions provided by clients through this process are reviewed as well and discussed with all staff. Suggestions for program changes are implemented as appropriate and doable so that services outcomes and the quality of care provided to all clients can be enhanced and deemed more effective for all clients.

E. Timely completion and use of outcome data

The Bayview Integrated Behavioral Health Service follows all compliance guidelines relative to the gathering and evaluation of outcome data, including CANS and ANSA data. All required resource documents are completed within the timelines designated by CBHS. Copies of weekly staff meeting agendas, on-site training endeavors, and any other required Avatar or BHS generated outcome reports are retained in the files of the Bayview Integrated Behavioral Health Program. The Program's Administrative Binder is up to date according to fiscal year, and is available for review at any time by the DPH business Office Contract Compliance (BOCC) staff and during monitoring visits.

6. Methodology:

A. The services of Balboa Teen Health Center are targeted to youth that live and/or go to school in the Southeast Sector of San Francisco, particularly the students of Balboa High School. In order to promote services and recruit participants, BTHC maintains an active role in school events in the central quad. In recent months, as the High School communities health programming has expanded, BTHC staff has also begun working alongside SFUSD Wellness Center staff – working in tandem with the assigned Wellness Coordinator and Community Outreach Worker (CHOW) to reach student community members, provide them with health education, and make them aware of services they can access at the clinic.

Additionally, as a component of the Comprehensive Sexual Health Education conducted by BTHC health educators annually with all Balboa HS freshmen, students are given tours of the clinic which include a description of the services available and a Q and A session with Clinic staff. The Balboa Teen Health Center has a PAC, which is comprised annually of 12+ students from Balboa High School. PAC members play a very active role in developing and implementing the outreach and engagement components of the BTHC Outpatient Behavioral Health Program. PAC members also provide classroom interventions in collaboration with BTHC health educators, presenting on issues including minor consent and mental health counseling. Additionally, the PAC provides a vital sounding board for Behavioral Health staff, providing general feedback on services provided and ideas for how services could be made more youth positive and accessible.

B. Eligibility criteria for PAC membership: (1) brief written application; (2) interviewed by current PAC members who vote on new membership with Coordinator input.

Intake criteria for individual and group services: services are available to any SFUSD student ages 12-19; whether students are self-referred or referred by someone else, all are screened and assessed, and for those youth who consent to services, goals are developed by mutual agreement between client and counselor.

C. BTHC is open Monday, Tuesday, Thursday, and Friday between the hours of 8:00 am and 4:30 pm, and on Wednesdays from 8:00am to 1:00pm (to allow for administrative time and meetings on Wednesday afternoons). In addition, BH services may be offered later in the evening to accommodate family involvement if needed. Direct services are provided in clinic, in classrooms, and in some instances in the community. Outreach and engagement services are provided through use of social media (BaITV, school loop, web-based, etc) and through outreach events (PTSA meeting presentations, classroom presentations, etc.).

BTHC has made considerable efforts to develop a truly multidisciplinary team that provides a seamless, comprehensive system of care for clients which includes:

- Warm handoffs between disciplines including utilizing a behaviorist model in primary care, which tends to work equally as well with health education.
- Use of weekly all-staff client review so that medical, behavioral and education staff can all contribute to treatment plans, and share information to support client success.
- Close working relationships with Balboa High School faculty and Administration (the most significant referral source for BTHC's programs)
- Single point of intake- whichever discipline students' access first completes the preliminary steps for intake (i. e. consents signed, HIPAA signed, psychosocial history completed, etc.) so that this process does not need to be repeated if a client accesses several services.
- Linkages: Collaborative relationships are in place to provide additional services for specific populations including:
 - Huckleberry Youth Programs, Larkin Street Youth Services, 3rd Street Youth Center and Clinic, LYRIC -access to supportive services and housing for youth through CHPY partner agencies
 - Cole Street Youth Clinic, Burton Wellness Center, Willie Brown Wellness Center, Larkin Street Youth Clinic, Dimensions Clinic, 3rd Street Youth Clinic, New Generation Health Center- access to additional healthcare services for different youth populations through CHPY network clinics.

D. Youth will show readiness for discharge by successfully completing treatment plan goals which may include (1) successful strategies for dealing with stress and mental health issues in the family or with peers (if identified), (2) increased school attendance, participation (3) reduced risky sexual behaviors and increased safer sex practices for those youth who identify, and (4) improved health habits as compared to baseline measures particularly related to nutrition, sleep, exercise, and mood. Successful completion may also be tied to youth's ability to follow through and engage in other services they are referred to to support and maintain positive life changes

E. BTHC Behavioral Health Services staff includes 3 full time mental health/substance abuse counselors (therapists), up to 2 graduate interns, and 1 full time Health Educator and Outreach worker. Outreach and Engagement and Leadership Development activities are conducted by all BH Services staff. Crisis Intervention and Screening and Assessment are provided by staff Therapists and Graduate Interns. Training and Coaching are conducted with the participation of all staff. Mental Health Consultation is provided by staff Therapists and secondarily by Graduate interns. Individual and Group Therapeutic services are provided by staff and Therapists and Graduate Interns. In addition to MHSA funding, this program receives support SFDPH General Funds and from SFUSD General Funds; MHSA does not support health education staff or any SFUSD Wellness Center staff; MHSA funding provides support for therapist position staffing.

All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled Children, Youth and Families Performance Objectives FY 20-21

8. Continuous Quality Improvement:

1. All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled Children, Youth and Families Performance Objectives FY 20-21
2. As a DPH managed program within the Primary Care division, Community Health Programs for Youth (CHPY), over the past months BTHC has transitioned to using the Epic Electronic Health Record. Continuing into this fiscal year, we have participated in the development and perfection of both standardized and specific work-flows for Behavioral Health services for Adolescent and Transitional Aged Youth within Epic. These work-flows will ensure a standardization in documentation practices, adherence, compliance, and quality. CHPY Behavioral Health leadership will perform documentation audits on all CHPY assigned behavioral health clinicians twice annually.
3. BTHC adheres to DPH and SFUSD mandated requirements for cultural competency, including but not limited to making multilingual signage and forms available to clients, ensuring that health education, and promotion materials are reflective of our ethnically diverse client population, and ensuring that planned outreach events and programming are reflective of and responsive to this diversity as well. In FY 2020-21, as part of the monthly CHPY All Staff meetings series, therapists and health educators at BTHC, as well as the medical and auxiliary staff they work alongside, will participate in cultural competency focused trainings and exercises. Clinicians, providers, and CHPY leadership will also attend a series of equity focused trainings throughout the year, designed to highlight efforts and methodology to overcome and be conscious of health disparities in San Francisco.
4. In FY 20-21 BTHC plans to implement a discharge survey to all behavioral health clients, as a tool for tracking client satisfaction and identifying service delivery issues that need to be addressed. This survey will be administered throughout the year on an ongoing basis and results will be tabulated on a quarterly basis, allowing BTHC behavioral health staff to discern issues and complications as they arise. In addition, BTHC will continue to make use of the PAC as a resource for client and youth feedback and input on our services.
5. Timely completion and use of outcome data, including, but not limited to, CANS and/or ANSA data (Mental Health Programs only) or CalOMS (Substance Use Disorder Treatment Programs only). As a tool for tracking both Behavioral Health indicators and outcomes, BTHC is joining the rest of DPH Primary Care in implementing the Behavioral Health Vital Signs (BHVS) evaluative tool. The BHVS module developed specifically for adolescents includes administering the PHQ-2 and PHQ-9A (when PHQ2 is positive) depression assessments with all incoming clients, and then referring clients scoring 9 or higher to BH services. Thereafter, clients will be reevaluated using the same tool and protocol in order to ensure that interventions were successful

6. Methodology:

A. Outreach, recruitment, promotion, and advertisement

BVHPF IBHS conducts community engagement and outreach by connecting with clients directly through activities within Bayview Hunters Point, Potrero Hill and Visitation Valley. Staff are also partnering more closely with local schools and youth service organizations to encourage access to care.

B. Admission, enrollment and/or intake criteria and process where applicable

Clients served at BVHPF IBHS must meet the eligibility requirements of CBHS and SFDPH, be San Francisco County residents, and also meet medical necessity requirements to be enrolled. If clients are in-between counties, they can be seen for services for up to 30 days if they meet the eligibility requirements for MediCal or Healthy San Francisco. Services can also be made available to clients if income levels are within the state's uniform fee schedule for community mental health services.

C. Service delivery model

The BVHPF IBHS provides outpatient services that are primarily either clinic based or in a telehealth format but can be delivered when appropriate in the field or at client residences to improve access to care. The clinic will operate Monday through Friday from 9am-5pm. For all client cases, close monitoring and oversight will be conducted by the assigned clinician for the purpose of assessing the client's needs at different stages of their change and recovery process. This ongoing evaluation guides decisions regarding the appropriate frequency of services. The BVHPF IBHS does not have set program time limits and instead relies on the ongoing establishment of medical necessity to determine a client's length of treatment.

The clinicians and trainees of BVHPF IBHS will use evidence based practices for the treatment of clients including but not limited to: motivational interviewing, acceptance and commitment therapy (ACT), cognitive behavioral therapy (CBT), insight oriented therapy, family systems therapy, dialectical behavior therapy (DBT), and trauma focused approaches (ex.: cognitive processing therapy (CPT)).

Treatment will be administered using the following modalities:

- Assessment
- Individual Therapy
- Group Therapy
- Family therapy
- Collateral services
- Targeted case management
- Crisis intervention
- Case management

All services will be provided in the client's preferred language utilizing staff that can provide bi-/multi-lingual services and/or through use of translation services provided by the Department of Public Health.

The Bayview Integrated Behavioral Health Service participates in the BHS Advanced Access initiative, the timely measurement of data at the site, and reporting of data to CBHS. Initial risk assessments are completed for clients on a timely basis and treatment planning with clients' input is prioritized and completed within anticipated timeframes.

For client referrals that represent a more critical and immediate need, priority is placed on follow up and assignment to clinicians. Priority referrals include Foster Care Mental Health, Child Protective Services (CPS), and Child Crisis.

D. Discharge Planning and exit criteria and process

The exit criteria for BVHPF IBHS are based upon attainment of the goals and desired outcomes outlined in the treatment plan of care. Staff will continually track client progress and will use a step down approach when appropriate to decrease the frequency of treatment to prepare the clients for autonomous functioning in the community. At the point of discharge, staff will have provided linkages to desired resources such as case management, ongoing educational support and/or vocational training so that clients have a network of continuous resources.

E. Program staffing

The BVHPF IBHS is staffed with licensed and license-eligible marriage and family therapists, social workers, psychologists and licensed board certified psychiatrists. All staff are dedicated to serving the community and are responsive to issues of ethnicity, culture, language and gender. Ongoing trainings and supervision are provided to ensure that clinicians maintain awareness of best practices and competent care.

The BVHPF IBHS is focused on ongoing staff recruitment to fill program vacancies as quickly as possible. The program is also working to re-start its practicum training program to bring more developing professionals into the community mental health field.

F. Objectives and Measurements:

All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled Children, Youth and Families Performance objectives FY 20-21.

G. Continuous Quality Improvement:

Guidelines and results of documentation of Continuous Quality Improvement are included in the Program's annually revised Administrative Binder. Contents of the Administrative Binder include guidelines, descriptions, and results of a range of administrative, clinical, and operating procedures. The Administrative Binder attests to compliance regulations, service policies, fees and billing, quality assurance, credentialing, client satisfaction, grievances, emergencies, cultural competence, facility status and fire clearance, and client rights. The BVHPF IBHS abides by the guidelines and mandates as

described in the Administrative Binder in ensuring compliance in all aspects of direct services to clients, program service models, and program operations.

A. Achievement of contract performance objectives and productivity

The Bayview Integrated Behavioral Health Service follows a Quality Assurance and Activities Plan that is designed to enhance, improve, and monitor quality of care and services. Annual Performance Objectives identified by BHS are discussed regularly with staff. All clinical staff members are expected to carry out services based on program productivity standards which include caseload size, units of service, and adherence to delivery of service timelines. Avatar reports provide critical staff and program information relative to required charting, documentation timelines, staff activity, caseloads, billing categories and other current data which are useful in evaluating the clinic's progress with meeting contract deliverables and performance objectives. If particular staff are found to be underperforming individual meetings are held to understand the nature of the issue and to collaboratively develop a remediation plan.

B. Quality of documentation

The BVHPF IBHS identifies any areas of improvement needed in clinical services through regular chart reviews and staff evaluations. In line with meeting quality assurance guidelines, all clinical staff participate in regularly scheduled clinical case conferences which provide ongoing opportunities for case presentation, plan development, and feedback. Clinicians receive weekly 1:1 supervision and Group Supervision from a Licensed Clinical Supervisor where discussions focus on the elements of client cases such as assessment and treatment planning, case formulation, continuity of care, and discharge planning. All new staff are subject to ongoing documentation review and co-signing by the clinical supervisor. The duration of this type of oversight is left to the discretion of the supervisor to determine when a staff member is consistently documenting services according to Medi-Cal standards. Once a staff member no longer requires a co-signer, their notes, assessments and treatment plans are still reviewed quarterly for a proportion of their caseload in order to ensure quality and consistency.

Typically the adult services program also monitors documentation via a staff PURQC (Program Utilization Review Quality Committee) structure which meets weekly for the purpose of reviewing client charts. The PURQC process includes review of documents based on an identified checklist, review of compliance to documentation, and feedback and recommendations to clinicians regarding charts scheduled in this process. The Bayview Integrated Behavioral Health Service adheres to relevant PURQC guidelines and assures compliance to its mandates and propriety.

Since the shelter in place on March 17, 2020, the official PURQC process has been paused. However, we have continued to have clinicians review their documentation as if PURQC were being conducted in the standard format to ensure that the practice is upheld and we are adhering to prescribed standards for service allotment.

C. Cultural Competency

The Bayview Hunters Point Foundation recognizes the importance of culture in the design and offering of services, and makes every effort to be a responsive, culturally-relevant provider. To ensure that all staff are aware of and trained in a range of issues related to serving the cultural interests and

needs of clients, the Bayview Integrated Behavioral Health Service staff will participate in available trainings on cultural issues that are provided by the Department of Health and other on-site trainings. Guest presenters in particular will be included in on-site trainings. Given the diversity of San Francisco communities, if a client should make a request for specific ethnic, linguistic, or gender relative to cultural preferences, the Program will make every effort to be accommodating to those requests. Materials available for clients' use are printed and made available in various languages.

D. Client Satisfaction

The Bayview Integrated Behavioral Health Service values client opinions and suggestions for program improvements. Clients are provided an opportunity to express their views through annual client satisfaction surveys which are administered through a Community Behavioral Health Service protocol. Client Satisfaction Survey results are reviewed and discussed with staff, and clients as applicable. Suggestions provided by clients through this process are reviewed as well and discussed with all staff. Suggestions for program changes are implemented as appropriate and doable so that services outcomes and the quality of care provided to all clients can be enhanced and deemed more effective for all clients.

E. Timely completion and use of outcome data

The Bayview Integrated Behavioral Health Service follows all compliance guidelines relative to the gathering and evaluation of outcome data, including CANS and PSC-35 data. All required resource documents are completed within the timelines designated by CBHS. Copies of weekly staff meeting agendas, on-site training endeavors, and any other required Avatar or BHS generated outcome reports are retained in the files of the Bayview Integrated Behavioral Health Program. The Program's Administrative Binder is up to date according to fiscal year, and is available for review at any time by the DPH business Office Contract Compliance (BOCC) staff and during monitoring visits.

(1) Fee For Service (Monthly Reimbursement by Certified Units at Budgeted Unit Rates)

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month, based upon the number of units of service that were delivered in the preceding month. All deliverables associated with the SERVICES defined in Appendix A times the unit rate as shown in the appendices cited in this paragraph shall be reported on the invoice(s) each month. All charges incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

(2) Cost Reimbursement (Monthly Reimbursement for Actual Expenditures within Budget):

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month for reimbursement of the actual costs for SERVICES of the preceding month. All costs associated with the SERVICES shall be reported on the invoice each month. All costs incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

B. Final Closing Invoice

(1) Fee For Service Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those SERVICES rendered during the referenced period of performance. If SERVICES are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY. CITY'S final reimbursement to the CONTRACTOR at the close of the Agreement period shall be adjusted to conform to actual units certified multiplied by the unit rates identified in Appendix B attached hereto, and shall not exceed the total amount authorized and certified for this Agreement.

(2) Cost Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those costs incurred during the referenced period of performance. If costs are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY.

C. Payment shall be made by the CITY to CONTRACTOR at the address specified in the section entitled "Notices to Parties."

D. Upon the **effective date** of this Agreement, contingent upon prior approval by the CITY'S Department of Public Health **of an invoice or claims submitted by Contractor, and** of each year's revised Appendix A (Description of Services) and each year's revised Appendix B (Program Budget and Cost Reporting Data Collection Form), and within each fiscal year, the CITY agrees to make an initial payment to CONTRACTOR not to exceed twenty-five percent (25%) of the General Fund and MHSA Fund of the CONTRACTOR'S allocation for the applicable fiscal year.

CONTRACTOR agrees that within that fiscal year, this initial payment shall be recovered by the CITY through a reduction to monthly payments to CONTRACTOR during the period of January 1 through June 30 of the applicable fiscal year, unless and until CONTRACTOR chooses to return to the CITY all or part of the initial payment for that fiscal year. The amount of the initial payment recovered each month shall be calculated by dividing the total initial payment for the fiscal year by the total number of months for recovery. Any termination of this Agreement, whether for cause or for convenience, will result in the total outstanding amount of the initial payment for that fiscal year being due and payable to the CITY within thirty (30) calendar days following written notice of termination from the CITY.

2. Program Budgets and Final Invoice

A. Program Budget are listed below and are attached hereto.

- B-1: Adult Behavioral Health
- B-2: School-Based Centers (Balboa)
- B-3: Children Outpatient
- B-4: Dimensions LGBT Outpatient
- B-5: Jelani Family Program

B. *COMPENSATION*

Compensation shall be made in monthly payments on or before the 30th day after the DIRECTOR, in his or her sole discretion, has approved the invoice submitted by CONTRACTOR. The breakdown of costs and sources of revenue associated with this Agreement appears in Appendix B, Cost Reporting/Data Collection (CR/DC) and Program Budget, attached hereto and incorporated by reference as though fully set forth herein. The maximum dollar obligation of the CITY under the terms of this Agreement shall not exceed **Nine Million Eight Hundred Thousand and One Hundred Thirteen Dollars (\$9,800,113)** for the period of July 1, 2018 through March 31, 2022.

CONTRACTOR understands that, of this maximum dollar obligation, \$256,498 is included as a contingency amount and is neither to be used in Appendix B, Budget, or available to CONTRACTOR without a modification to this Agreement executed in the same manner as this Agreement or a revision to Appendix B, Budget, which has been approved by the Director of Health. CONTRACTOR further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable CITY and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by the Controller. CONTRACTOR agrees to fully comply with these laws, regulations, and policies/procedures.

(1) For each fiscal year of the term of this Agreement, CONTRACTOR shall submit for approval of the CITY's Department of Public Health a revised Appendix A, Description of Services, and a revised Appendix B, Program Budget and Cost Reporting Data Collection form, based on the CITY's allocation of funding for SERVICES for the appropriate fiscal year. CONTRACTOR shall create these Appendices in compliance with the instructions of the Department of Public Health. These Appendices shall apply only to

the fiscal year for which they were created. These Appendices shall become part of this Agreement only upon approval by the CITY.

(2) CONTRACTOR understands that, of the maximum dollar obligation stated above, the total amount to be used in Appendix B, Budget and available to CONTRACTOR for the entire term of the contract is as follows, notwithstanding that for each fiscal year, the amount to be used in Appendix B, Budget and available to CONTRACTOR for that fiscal year shall conform with the Appendix A, Description of Services, and a Appendix B, Program Budget and Cost Reporting Data Collection form, as approved by the CITY's Department of Public Health based on the CITY's allocation of funding for SERVICES for that fiscal year.

July 1, 2018 through June 30, 2019	\$2,466,555
July 1, 2019 through June 30, 2020	\$2,032,533
July 1, 2020 through June 30, 2021	\$2,829,402
July 1, 2021 through March 31, 2022	\$2,137,487
20-21 MCO One Time Funding (DV)	\$3,287
20-21 CODB One Time Funding (DV)	\$74,351
	<u>\$9,543,615</u>
contingency	\$256,498
	<u>\$9,800,113</u>

(3) CONTRACTOR understands that the CITY may need to adjust sources of revenue and agrees that these needed adjustments will become part of this Agreement by written modification to CONTRACTOR. In event that such reimbursement is terminated or reduced, this Agreement shall be terminated or proportionately reduced accordingly. In no event will CONTRACTOR be entitled to compensation in excess of these amounts for these periods without there first being a modification of the Agreement or a revision to Appendix B, Budget, as provided for in this section of this Agreement.

C. CONTRACTOR agrees to comply with its Budget as shown in Appendix B in the provision of SERVICES. Changes to the budget that do not increase or reduce the maximum dollar obligation of the CITY are subject to the provisions of the Department of Public Health Policy/Procedure Regarding Contract Budget Changes. CONTRACTOR agrees to comply fully with that policy/procedure.

D. No costs or charges shall be incurred under this Agreement nor shall any payments become due to CONTRACTOR until reports, SERVICES, or both, required under this Agreement are received from CONTRACTOR and approved by the DIRECTOR as being in accordance with this Agreement. CITY may withhold payment to CONTRACTOR in any instance in which CONTRACTOR has failed or refused to satisfy any material obligation provided for under this Agreement.

E. In no event shall the CITY be liable for interest or late charges for any late payments.

F. CONTRACTOR understands and agrees that should the CITY'S maximum dollar obligation under this Agreement include State or Federal Medi-Cal revenues, CONTRACTOR shall expend such revenues in the provision of SERVICES to Medi-Cal eligible clients in accordance with CITY, State, and Federal Medi-Cal regulations. Should CONTRACTOR fail to expend budgeted Medi-Cal revenues herein, the CITY'S maximum dollar obligation to CONTRACTOR shall be proportionally reduced in the amount of such unexpended revenues. In no event shall State/Federal Medi-Cal revenues be used for clients who do not qualify for Medi-Cal reimbursement.

G. CONTRACTOR further understands and agrees that any State or Federal Medi-Cal funding in this Agreement subject to authorized Federal Financial Participation (FFP) is an estimate, and actual amounts will be determined based on actual services and actual costs, subject to the total compensation amount shown in this Agreement.

H. To provide for continuity of services while a new agreement was developed, the Department of Public Health established a contract with Bayview Hunters Point Foundation, FSP 1000008154 for the same services and for a contract term which partially overlaps with the term of this new agreement. The existing contract shall be superseded by this new agreement, effective the first day of the month following the date upon which the Controller's Office certifies as to the availability of funds for this new agreement.

Document 5A : Confidentiality Agreement

FOR CONTRACTS WITH DRUG MEDI-CAL, FEDERAL SAPT OR STATE FUNDS:

I. Subcontractor Documentation

The provider shall require its subcontractors that are not licensed or certified by DHCS to submit organizational documents to DHCS within thirty (30) days of execution of an initial subcontract, within

ninety (90) days of the renewal or continuation of an existing subcontract or when there has been a change in subcontractor name or ownership. Organizational documents shall include the subcontractor's Articles of Incorporation or Partnership Agreements (as applicable), and business licenses, fictitious name permits, and such other information and documentation as may be requested by DHCS.

Records

Contractor shall maintain sufficient books, records, documents, and other evidence necessary for State to audit contract performance and contract compliance. Contractor will make these records available to State, upon request, to evaluate the quality and quantity of services, accessibility and appropriateness of services, and to ensure fiscal accountability. Regardless of the location or ownership of such records, they shall be sufficient to determine the reasonableness, allowability, and allocability of costs incurred by Contractor.

1. Contracts with audit firms shall have a clause to permit access by State to the working papers of the external independent auditor, and copies of the working papers shall be made for State at its request.
2. Providers shall keep adequate and sufficient financial records and statistical data to support the year-end documents filed with State.
3. Accounting records and supporting documents shall be retained for a three-year period from the date the year-end cost settlement report was approved by State for interim settlement. When an audit has been started before the expiration of the three-year period, the records shall be retained until completion of the audit and final resolution of all issues that arise in the audit. Final settlement shall be made at the end of the audit and appeal process. If an audit has not begun within three years, the interim settlement shall be considered as the final settlement.
4. Financial records shall be kept so that they clearly reflect the source of funding for each type of service for which reimbursement is claimed. These documents include, but are not limited to, all ledgers, books, vouchers, time sheets, payrolls, appointment schedules, client data cards, and schedules for allocating costs.
5. Provider's shall require that all subcontractors comply with the requirements of this Section A.
6. Should a provider discontinue its contractual agreement with subcontractor, or cease to conduct business in its entirety, provider shall be responsible for retaining the subcontractor's fiscal and program records for the required retention period. The State Administrative Manual (SAM) contains statutory requirements governing the retention, storage, and disposal of records pertaining to State funds.

If provider cannot physically maintain the fiscal and program records of the subcontractor, then arrangements shall be made with State to take possession and maintain all records.
7. In the expenditure of funds hereunder, and as required by 45 CFR Part 96, Contractor shall comply with the requirements of SAM and the laws and procedures applicable to the obligation and expenditure of State funds.

II Patient Record Retention

Provider agrees to establish, maintain, and update as necessary, an individual patient record for each beneficiary admitted to treatment and receiving services.

Drug Medi-Cal contracts are controlled by applicable provisions of: (a) the W&I, Chapter 7, Sections 14000, et seq., in particular, but not limited to, Sections 14100.2, 14021, 14021.5, 14021.6, 14043, et seq., (b) Title 22, including but not limited to Sections 51490.1, 51341.1 and 51516.1; and (c) Division 4 of Title 9 of the California Code of Regulations (hereinafter referred to as Title 9).

Established by DMC status and modality of treatment, each beneficiary's individual patient record shall include documentation of personal information as specified in either AOD Standards; Title 22; and Title 9. Contractor agrees to maintain patient records in accordance with the provision of treatment regulations that apply.

Providers, regardless of DMC certification status, shall maintain all of the documentation in the beneficiary's individual patient record for a minimum of seven (7) years from the date of the last face-to-face contact between the beneficiary and the provider.

Calculation of Charges

1. Method of Payment

A. Invoices furnished by CONTRACTOR under this Agreement must be in a form acceptable to the Contract Administrator and the CONTROLLER and must include the Contract Progress Payment Authorization number or Contract Purchase Number. All amounts paid by CITY to CONTRACTOR shall be subject to audit by CITY. The CITY shall make monthly payments as described below. Such payments shall not exceed those amounts stated in and shall be in accordance with the provisions of Section 3.3, COMPENSATION, of this Agreement.

Compensation for all SERVICES provided by CONTRACTOR shall be paid in the following manner. For the purposes of this Section, "General Fund" shall mean all those funds which are not Work Order or Grant funds. "General Fund Appendices" shall mean all those appendices which include General Fund monies.

(1) Fee For Service (Monthly Reimbursement by Certified Units at Budgeted Unit Rates)

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month, based upon the number of units of service that were delivered in the preceding month. All deliverables associated with the SERVICES defined in Appendix A times the unit rate as shown in the appendices cited in this paragraph shall be reported on the invoice(s) each month. All charges incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

(2) Cost Reimbursement (Monthly Reimbursement for Actual Expenditures within Budget):

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month for reimbursement of the actual costs for SERVICES of the preceding month. All costs associated with the SERVICES shall be reported on the invoice each month. All costs incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

B. Final Closing Invoice

(1) Fee For Service Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those SERVICES rendered during the referenced period of performance. If SERVICES are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY. CITY'S final reimbursement to the CONTRACTOR at the close of the Agreement period shall be adjusted to conform to actual units certified multiplied by the unit rates identified in Appendix B attached hereto, and shall not exceed the total amount authorized and certified for this Agreement.

(2) Cost Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those costs incurred during the referenced period of performance. If costs are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY.

C. Payment shall be made by the CITY to CONTRACTOR at the address specified in the section entitled "Notices to Parties."

D. Upon the **effective date** of this Agreement, contingent upon prior approval by the CITY'S Department of Public Health **of an invoice or claims submitted by Contractor, and** of each year's revised Appendix A (Description of Services) and each year's revised Appendix B (Program Budget and Cost Reporting Data Collection Form), and within each fiscal year, the CITY agrees to make an initial payment to CONTRACTOR not to exceed twenty-five percent (25%) of the General Fund and MHSA Fund of the CONTRACTOR'S allocation for the applicable fiscal year.

CONTRACTOR agrees that within that fiscal year, this initial payment shall be recovered by the CITY through a reduction to monthly payments to CONTRACTOR during the period of January 1 through June 30 of the applicable fiscal year, unless and until CONTRACTOR chooses to return to the CITY all or part of the initial payment for that fiscal year. The amount of the initial payment recovered each month shall be calculated by dividing the total initial payment for the fiscal year by the total number of months for recovery. Any termination of this Agreement, whether for cause or for convenience, will result in the total outstanding amount of the initial payment for that fiscal year being due and payable to the CITY within thirty (30) calendar days following written notice of termination from the CITY.

2. **Program Budgets and Final Invoice**

A. Program Budget are listed below and are attached hereto.

- B-1: Adult Behavioral Health
- B-2: School-Based Centers (Balboa)
- B-3: Children Outpatient
- B-4: Dimensions LGBT Outpatient
- B-5: Jelani Family Program

B. **COMPENSATION**

Compensation shall be made in monthly payments on or before the 30th day after the DIRECTOR, in his or her sole discretion, has approved the invoice submitted by CONTRACTOR. The breakdown of costs and sources of revenue associated with this Agreement appears in Appendix B, Cost Reporting/Data Collection (CR/DC) and Program Budget, attached hereto and incorporated by reference as though fully set forth herein. The maximum dollar obligation of the CITY under the terms of this Agreement shall not exceed **Thirteen Million Four Hundred Eighty Nine Thousand Three Hundred Forty Three Dollars (\$13,489,343)** for the period of July 1, 2018 through June 30, 2023.

CONTRACTOR understands that, of this maximum dollar obligation, \$424,410 is included as a contingency amount and is neither to be used in Appendix B, Budget, or available to CONTRACTOR without a modification to this Agreement executed in the same manner as this Agreement or a revision to Appendix B, Budget, which has been approved by the Director of Health. CONTRACTOR further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable CITY and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by the Controller. CONTRACTOR agrees to fully comply with these laws, regulations, and policies/procedures.

(1) For each fiscal year of the term of this Agreement, CONTRACTOR shall submit for approval of the CITY's Department of Public Health a revised Appendix A, Description of Services, and a revised Appendix B, Program Budget and Cost Reporting Data Collection form, based on the CITY's allocation of funding for SERVICES for the appropriate fiscal year. CONTRACTOR shall create these Appendices in compliance with the instructions of the Department of Public Health. These Appendices shall apply only to

the fiscal year for which they were created. These Appendices shall become part of this Agreement only upon approval by the CITY.

(2) CONTRACTOR understands that, of the maximum dollar obligation stated above, the total amount to be used in Appendix B, Budget and available to CONTRACTOR for the entire term of the contract is as follows, notwithstanding that for each fiscal year, the amount to be used in Appendix B, Budget and available to CONTRACTOR for that fiscal year shall conform with the Appendix A, Description of Services, and a Appendix B, Program Budget and Cost Reporting Data Collection form, as approved by the CITY's Department of Public Health based on the CITY's allocation of funding for SERVICES for that fiscal year.

(3) CONTRACTOR understands that the CITY may need to adjust sources of revenue and agrees that these needed adjustments will become part of this Agreement by written modification to CONTRACTOR. In event that such reimbursement is terminated or reduced, this Agreement shall be terminated or proportionately reduced accordingly. In no event will CONTRACTOR be entitled to compensation in excess of these amounts for these periods without there first being a modification of the Agreement or a revision to Appendix B, Budget, as provided for in this section of this Agreement.

C. CONTRACTOR agrees to comply with its Budget as shown in Appendix B in the provision of SERVICES. Changes to the budget that do not increase or reduce the maximum dollar obligation of the CITY are subject to the provisions of the Department of Public Health Policy/Procedure Regarding Contract Budget Changes. CONTRACTOR agrees to comply fully with that policy/procedure.

D. No costs or charges shall be incurred under this Agreement nor shall any payments become due to CONTRACTOR until reports, SERVICES, or both, required under this Agreement are received from CONTRACTOR and approved by the DIRECTOR as being in accordance with this Agreement. CITY may withhold payment to CONTRACTOR in any instance in which CONTRACTOR has failed or refused to satisfy any material obligation provided for under this Agreement.

E. In no event shall the CITY be liable for interest or late charges for any late payments.

F. CONTRACTOR understands and agrees that should the CITY'S maximum dollar obligation under this Agreement include State or Federal Medi-Cal revenues, CONTRACTOR shall expend such revenues in the provision of SERVICES to Medi-Cal eligible clients in accordance with CITY, State, and Federal Medi-Cal regulations. Should CONTRACTOR fail to expend budgeted Medi-Cal revenues herein, the CITY'S maximum

dollar obligation to CONTRACTOR shall be proportionally reduced in the amount of such unexpended revenues. In no event shall State/Federal Medi-Cal revenues be used for clients who do not qualify for Medi-Cal reimbursement.

G. CONTRACTOR further understands and agrees that any State or Federal Medi-Cal funding in this Agreement subject to authorized Federal Financial Participation (FFP) is an estimate, and actual amounts will be determined based on actual services and actual costs, subject to the total compensation amount shown in this Agreement.

FY22-23

Based on the ongoing public health crisis due to COVID-19, both face to face and telehealth services will be made available to clients for all offered services.

6. Methodology:

A. Outreach, recruitment, promotion, and advertisement

BVHPF IBHS conducts community engagement and outreach by connecting with clients directly through activities within Bayview Hunters Point, Potrero Hill and Visitation Valley. Staff is also connected with the Bayshore, SAFE navigation, Jelani Residential Family Residential Step- Down Program, Bayview Hills Gardens, Arlington SRO, Candlestick Point Vehicle Triage Center, community partners, and downtown SIP hotels/street outreach to receive referrals to provide service to clients who are being placed in housing in the Southeast neighborhoods.

B. Admission, enrollment and/or intake criteria and process where applicable

Clients served at BVHPFCI IBHS must meet the eligibility requirements of BHS and SFDPH, be San Francisco County residents, and meet medical necessity requirements to be enrolled. If clients are in-between counties, they can be seen for services for up to 30 days if they meet the eligibility requirements for MediCal or Healthy San Francisco. Services can also be made available to clients if income levels are within the state's uniform fee schedule for community mental health services.

C. Service delivery model

The BVHPFCI IBHS provides outpatient services that are primarily either clinic or community based or in a telehealth format but can be delivered when appropriate in the field or at client residences to improve access to care. The clinic will operate Monday through Friday from 9am-5pm and clinicians/case managers may provide services up to 9:30 pm on community sites for patients unable to access the office or adjust to telehealth services thereby meeting clients where they are "at." For all client cases, close monitoring and oversight will be conducted by the assigned clinician for the purpose of assessing the client's needs at different stages of their change and recovery process. This ongoing evaluation guides decisions regarding the appropriate frequency of services. The BVHPFCI IBHS does not have set program time limits and instead relies on the ongoing establishment of medical necessity to determine a client's length of treatment.

The clinicians and trainees of BVHPFCI IBHS will use evidence-based practices for the treatment of clients including but not limited to motivational interviewing, acceptance and commitment therapy (ACT), cognitive behavioral therapy (CBT), insight oriented therapy, family systems therapy, dialectical behavior therapy (DBT), brief therapy, psychoanalytic and trauma focused approaches (ex.: cognitive processing therapy (CPT)).

Treatment will be administered using the following modalities:

- Assessment
- Individual Therapy
- Group Therapy
- Collateral services
- Targeted case management
- Medication support services
- Crisis intervention

CID#: 1000011308

2 | 5

-Case management

All services will be provided in the client's preferred language utilizing staff that can provide bi-/multi-lingual services and/or through use of translation services provided by the Department of Public Health.

The Bayview Integrated Behavioral Health Service participates in the BHS Advanced Access initiative, the timely measurement of data at the site, and reporting of data to BHS. Initial risk assessments are completed for clients on a timely basis and treatment planning with clients' input is prioritized and completed within anticipated timeframes.

For client referrals that represent a more critical and immediate need, priority is placed on follow up and assignment to clinicians. Priority referrals include Foster Care Mental Health, Child Protective Services (CPS), and Gold Cards (high risk, frequent service users).

D. Discharge Planning and exit criteria and process

The exit criteria for BVHPFCI IBHS are based upon attainment of the goals and desired outcomes outlined in the treatment plan of care. Staff will continually track client progress and will use a step-down approach when appropriate to decrease the frequency of treatment to prepare the clients for autonomous functioning in the community. At the point of discharge, staff will have provided linkages to desired resources such as case management, housing support, medical care and/or vocational training so that clients have a network of continuous resources.

E. Program staffing

The BVHPFCI IBHS is staffed with licensed and license-eligible marriage and family therapists, social workers, psychologists, board certified psychiatrists and clinical case managers. All staff is dedicated to serving the community and are responsive to issues of ethnicity, culture, language, and gender. Ongoing trainings and supervision are provided to ensure that clinicians maintain awareness of best practices and competent care.

The BVHPF IBHS is focused on ongoing staff recruitment to fill program vacancies as quickly as possible. The program is also working to re-start its practicum training program to bring more developing professionals into the community mental health field.

F. Objectives and Measurements:

All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled Adult and Older Adult Performance objectives FY 22-23.

G. Continuous Quality Improvement:

Guidelines and results of documentation of Continuous Quality Improvement are included in the Program's annually revised Administrative Binder. Contents of the Administrative Binder include guidelines, descriptions, and results of a range of administrative, clinical, and operating procedures. The Administrative Binder attests to compliance regulations, service policies, fees and billing, quality assurance, credentialing, client satisfaction, grievances, emergencies, cultural competence, facility status and fire clearance, and client rights. The BVHPFCI IBHS abides by the guidelines and mandates as

described in the Administrative Binder in ensuring compliance in all aspects of direct services to clients, program service models, and program operations.

A. Achievement of contract performance objectives and productivity

The Bayview Integrated Behavioral Health Service follows a Quality Assurance and Activities Plan that is designed to enhance, improve, and monitor quality of care and services. Annual Performance Objectives identified by BHS are discussed regularly with staff. All clinical staff members are expected to carry out services based on program productivity standards which include caseload size, units of service, and adherence to delivery of service timelines. Avatar reports provide critical staff and program information relative to required charting, documentation timelines, staff activity, caseloads, billing categories and other current data which are useful in evaluating the clinic's progress with meeting contract deliverables and performance objectives. If a particular staff member is found to be underperforming individual meetings are held to understand the nature of the issue and to collaboratively develop a remediation plan.

B. Quality of documentation

The BVHPFCI IBHS identifies any areas of improvement needed in clinical services through regular chart reviews and staff evaluations. In line with meeting quality assurance guidelines, all clinical staff participates in regularly scheduled clinical case conferences which provide ongoing opportunities for case presentation, plan development, and feedback. Clinicians receive weekly 1:1 supervision and Group Supervision from a Licensed Clinical Supervisor where discussions focus on the elements of client cases such as assessment and treatment planning, case formulation, continuity of care, and discharge planning. All new staff is subject to ongoing documentation review and co-signing by the clinical supervisor. The duration of this type of oversight is left to the discretion of the supervisor to determine when a staff member is consistently documenting services according to MediCal standards. Once a staff member no longer requires a co-signer, their notes, assessments, and treatment plans are still reviewed quarterly for a proportion of their caseload to ensure quality and consistency.

As of October 1, 2021, we have resumed the Program Utilization Review Quality Committee (PURQC) delegation which meets weekly for the purpose of reviewing client charts. The PURQC process includes review of documents based on an identified checklist, review of compliance to documentation, and feedback and recommendations to clinicians regarding charts scheduled in this process. The Bayview Integrated Behavioral Health Service adheres to relevant PURQC guidelines and assures compliance to its mandates and propriety.

C. Cultural Competency

The Bayview Hunters Point Foundation recognizes the importance of culture in the design and offering of services, and makes every effort to be a responsive, culturally relevant provider. To ensure that all staff are aware of and trained in a range of issues related to serving the cultural interests and needs of clients, the Bayview Integrated Behavioral Health Service staff will participate in available trainings on cultural issues that are provided by the Department of Health and other on-site trainings. Guest presenters will be included in on-site trainings. Given the diversity of San Francisco communities, if a client should make a request for specific ethnic, linguistic, or gender relative to cultural preferences, the Program will make every effort to be accommodating to those requests. Materials available for clients' use are printed and made available in various languages.

D. Client Satisfaction

The Bayview Integrated Behavioral Health Service values client opinions and suggestions for program improvements. Clients are provided an opportunity to express their views through annual client satisfaction surveys which are administered through a Community Behavioral Health Service protocol. Client Satisfaction Survey results are reviewed and discussed with staff, and clients as applicable. Suggestions provided by clients through this process are reviewed as well and discussed with all staff. Suggestions for program changes are implemented as appropriate and doable so that services outcomes and the quality of care provided to all clients can be enhanced and deemed more effective for all clients.

E. Timely completion and use of outcome data

The Bayview Integrated Behavioral Health Service follows all compliance guidelines relative to the gathering and evaluation of outcome data, including ANSA scoring. All required resource documents are completed within the timelines designated by BHS. Copies of weekly staff meeting agendas, on-site training endeavors, and any other required Avatar or BHS generated outcome reports are retained in the files of the Bayview Integrated Behavioral Health Program. The Program's Administrative Binder is up to date according to fiscal year and is available for review at any time by the DPH business Office Contract Compliance (BOCC) staff and during monitoring visits.

6. Methodology:

- A. The services of Balboa Teen Health Center are targeted to youth that live and/or go to school in the Southeast Sector of San Francisco, particularly the students of Balboa High School. In order to promote services and recruit participants, BTHC maintains an active role in school events in the central quad. BTHC staff works closely alongside SFUSD Wellness Center staff – working in tandem with the assigned Wellness Coordinator and Community Health Outreach Worker (CHOW) to reach student community members, provide them with health education, and make them aware of services they can access at the clinic.

Additionally, as a component of the Comprehensive Sexual Health Education conducted by BTHC health educators annually with all Balboa HS freshmen, students are given tours of the clinic which include a description of the services available and a Q and A session with Clinic staff. The Balboa Teen Health Center also has Youth Outreach Workers, overseen by SFUSD Wellness Center staff. YOWs are comprised annually of 4+ students from Balboa High School and provide classroom

interventions in collaboration with BTHC health educators, presenting on issues including minor consent and mental health counseling.

B.

Intake criteria for individual and group services: services are available to any SFUSD student ages 12-19; whether students are self-referred or referred by someone else, all are screened and assessed, and for those youth who consent to services, goals are developed by mutual agreement between client and counselor.

C. BTHC is open Monday, Tuesday, Thursday, and Friday between the hours of 8:30 am and 5:00 pm, and on Wednesdays from 8:00am to 1:00pm (to allow for administrative time and meetings on Wednesday afternoons). In addition, BH services may be offered later in the evening to accommodate family involvement if needed. Direct services are provided in clinic, in classrooms, and in some instances in the community. Outreach and engagement services are provided through use of social media (BalTV, school loop, web-based, etc) and through outreach events (PTSA meeting presentations, classroom presentations, etc.).

BTHC has made considerable efforts to develop a truly multidisciplinary team that provides a seamless, comprehensive system of care for clients which includes:

- Warm handoffs between disciplines including utilizing a behaviorist model in primary care, which tends to work equally as well with health education.
- Use of weekly all-staff client review so that medical, behavioral and education staff can all contribute to treatment plans, and share information to support client success.
- Close working relationships with Balboa High School faculty and Administration (the most significant referral source for BTHC's programs)
- Single point of intake- whichever discipline students' access first completes the preliminary steps for intake (i. e. consents signed, HIPAA signed, psychosocial history completed, etc.) so that this process does not need to be repeated if a client accesses several services.
- Linkages: Collaborative relationships are in place to provide additional services for specific populations including:
 - Huckleberry Youth Programs, Larkin Street Youth Services, 3rd Street Youth Center and Clinic, LYRIC -access to supportive services and housing for youth through CHPY partner agencies
 - Cole Street Youth Clinic, Burton Wellness Center, Willie Brown Wellness Center, Larkin Street Youth Clinic, Dimensions Clinic, 3rd Street Youth Clinic, New Generation Health Center- access to additional healthcare services for different youth populations through CHPY network clinics.

D. Youth will show readiness for discharge by successfully completing treatment plan goals which may include (1) successful strategies for dealing with stress and mental health issues in the family or with peers (if identified), (2) increased school attendance, participation (3) reduced risky sexual behaviors and increased safer sex practices for those youth who identify, and (4) improved health habits as compared to baseline measures particularly related to nutrition, sleep, exercise, and mood. Successful completion may also be tied to youth's ability to follow through and engage in other services they are referred to support and maintain positive life changes

E. BTHC Behavioral Health Services staff includes 3 full time mental health/substance abuse counselors (therapists), up to 2 graduate interns, and 1 full time Health Educator and Outreach worker. Outreach

4. In FY 21-22 BTHC plans to implement a client satisfaction survey to all behavioral health clients, as a tool for tracking client satisfaction and identifying service delivery issues that need to be addressed. This survey will be administered throughout the year on an ongoing basis and results will be tabulated on a quarterly basis, allowing BTHC behavioral health staff to discern issues and complications as they arise. In addition, BTHC plans to administer a yearly survey to the entire student body at Balboa High School to assess effectiveness of outreach and engagement efforts, and to elicit feedback on the accessibility of BTHC services.
5. Timely completion and use of outcome data, including, but not limited to, CANS and/or ANSA data (Mental Health Programs only) or CalOMS (Substance Use Disorder Treatment Programs only). As a tool for tracking both Behavioral Health indicators and outcomes, BTHC is joining the rest of DPH Primary Care in implementing the Behavioral Health Vital Signs (BHVS) evaluative tool. The BHVS module developed specifically for adolescents includes administering the PHQ-2 and PHQ-9A (when PHQ2 is positive) depression assessments with all incoming clients, and then referring clients scoring 9 or higher to BH services. Thereafter, clients will be reevaluated using the same tool and protocol in order to ensure that interventions were successful

4. Priority Population:

Youth under the age of 18 years within the SFUSD's Bayview Superintendent Zone and who meet the county's eligibility guidelines and admissions criteria with a primary focus on residents in the Southeast neighborhoods who have been exposed to trauma, familial financial stress, homelessness, and family conflict in addition to mental health issues and sometimes co-occurring substance use/abuse. While Bayview Hunters Point Foundation for Community Improvement welcomes and services all ethnicities and populations from all communities throughout San Francisco, services are also designed to meet the cultural and linguistic needs of the African American and Latino youth population primarily residing in the Southeast sector of Bayview Hunters Point and Sunnydale communities of San Francisco.

The program also has positions funded through the ERMHS service specifically to provide school-based therapy services to students across the SFUSD. BVHPFCI makes every effort to serve all San Franciscans in need. Where a particular program is not the best fit, staff will make an appropriate referral, either internally or to a co-service provider in San Francisco.

FY 22-23

Mental health services include assessment (plan development, mental health evaluation), individual therapy, group therapy, family therapy, collateral contact, case management, crisis intervention and outreach services/consultation services.

Based on the ongoing public health crisis due to COVID-19, both face to face and telehealth services will be made available to clients for all offered services. Now that in person instruction has resumed for SFUSD, school-based services are be provided as well when meetings can be accommodated in COVID safety compliant rooms.

6. Methodology:

A. Outreach, recruitment, promotion, and advertisement

BVHPFCI IBHS conducts community engagement and outreach by connecting with clients directly through activities within Bayview Hunters Point, Potrero Hill and Visitation Valley. Staff are also partnering more closely with local schools and youth service organizations to encourage access to care.

B. Admission, enrollment and/or intake criteria and process where applicable

Clients served at BVHPFCI IBHS must meet the eligibility requirements of BHS and SFDPH, be San Francisco County residents, and also meet medical necessity requirements to be enrolled. If clients are in-between counties, they can be seen for services for up to 30 days if they meet the eligibility requirements for MediCal or Healthy San Francisco. Services can also be made available to clients if income levels are within the state's uniform fee schedule for community mental health services.

C. Service delivery model

The BVHPFCI IBHS provides outpatient services that are primarily either clinic based or in a telehealth format but can be delivered when appropriate in the field or at client residences to improve access to care. The clinic will operate Monday through Friday from 9am-5pm. For all client cases, close monitoring and oversight will be conducted by the assigned clinician for the purpose of assessing the client's needs at different stages of their change and recovery process. This ongoing evaluation guides decisions regarding the appropriate frequency of services. The BVHPFCI IBHS does not have set program time limits and instead relies on the ongoing establishment of medical necessity to determine a client's length of treatment.

The clinicians and trainees of BVHPFCI IBHS will use evidence-based practices for the treatment of clients including but not limited to: motivational interviewing, acceptance and commitment therapy (ACT), cognitive behavioral therapy (CBT), insight oriented therapy, family systems therapy, dialectical behavior therapy (DBT), and trauma focused approaches (ex.: cognitive processing therapy (CPT)).

Treatment will be administered using the following modalities:

- Assessment
- Individual Therapy

- Collateral services
- Targeted case management
- Crisis intervention
- Case management

All services will be provided in the client's preferred language utilizing staff that can provide bi-/multi-lingual services and/or through use of translation services provided by the Department of Public Health.

The Bayview Integrated Behavioral Health Service participates in the BHS Advanced Access initiative, the timely measurement of data at the site, and reporting of data to BHS. Initial risk assessments are completed for clients on a timely basis and treatment planning with clients' input is prioritized and completed within anticipated timeframes.

For client referrals that represent a more critical and immediate need, priority is placed on follow up and assignment to clinicians. Priority referrals include Foster Care Mental Health, Child Protective Services (CPS), and Child Crisis.

D. Discharge Planning and exit criteria and process

The exit criteria for BVHPFCI IBHS are based upon attainment of the goals and desired outcomes outlined in the treatment plan of care. Staff will continually track client progress and will use a step-down approach when appropriate to decrease the frequency of treatment to prepare the clients for autonomous functioning in the community. At the point of discharge, staff will have provided linkages to desired resources such as case management, ongoing educational support and/or vocational training so that clients have a network of continuous resources.

E. Program staffing

The BVHPFCI IBHS is staffed with licensed and license-eligible marriage and family therapists, social workers, psychologists, and licensed board-certified psychiatrists. All staff are dedicated to serving the community and are responsive to issues of ethnicity, culture, language, and gender. Ongoing trainings and supervision are provided to ensure that clinicians maintain awareness of best practices and competent care.

The BVHPFCI IBHS is currently fully staffed but due to ongoing growth and in anticipation of possible turnover, the agency is focused on ongoing staff recruitment through maintaining connections with local alumni organizations and training programs. Due to the pandemic, the program was not able to restart its training program during FY 22-23, but we are hoping to re-start the practicum training program in the next year to bring more developing professionals into the community mental health field.

F. Objectives and Measurements:

All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled Children, Youth and Families Performance objectives FY 22-23.

G. Continuous Quality Improvement:

Guidelines and results of documentation of Continuous Quality Improvement are included in the Program's annually revised Administrative Binder. Contents of the Administrative Binder include guidelines, descriptions, and results of a range of administrative, clinical, and operating procedures. The Administrative Binder attests to compliance regulations, service policies, fees and billing, quality assurance, credentialing, client satisfaction, grievances, emergencies, cultural competence, facility status and fire clearance, and client rights. The BVHPFCI IBHS abides by the guidelines and mandates as described in the Administrative Binder in ensuring compliance in all aspects of direct services to clients, program service models, and program operations.

A. Achievement of contract performance objectives and productivity

The Bayview Integrated Behavioral Health Service follows a Quality Assurance and Activities Plan that is designed to enhance, improve, and monitor quality of care and services. Annual Performance Objectives identified by BHS are discussed regularly with staff. All clinical staff members are expected to carry out services based on program productivity standards which include caseload size, units of service, and adherence to delivery of service timelines. Avatar reports provide critical staff and program information relative to required charting, documentation timelines, staff activity, caseloads, billing categories and other current data which are useful in evaluating the clinic's progress with meeting contract deliverables and performance objectives. If staff are found to be underperforming individual meetings are held to understand the nature of the issue and to collaboratively develop a remediation plan.

B. Quality of documentation

The BVHPFCI IBHS identifies any areas of improvement needed in clinical services through regular chart reviews and staff evaluations. In line with meeting quality assurance guidelines, all clinical staff participate in regularly scheduled clinical case conferences which provide ongoing opportunities for case presentation, plan development, and feedback. Clinicians receive weekly 1:1 supervision and Group Supervision from a Licensed Clinical Supervisor where discussions focus on the elements of client cases such as assessment and treatment planning, case formulation, continuity of care, and discharge planning. All new staff are subject to ongoing documentation review and co-signing by the clinical supervisor. The duration of this type of oversight is left to the discretion of the supervisor to determine when a staff member is consistently documenting services according to Medi-Cal standards. Once a staff member no longer requires a co-signer, their notes, assessments, and treatment plans are still reviewed quarterly for a proportion of their caseload to ensure quality and consistency.

As of October 1, 2021, our updated Program Utilization Review Quality Committee (PURQC) delegation agreement was approved, and we have resumed this weekly service authorization process. The PURQC process includes review of documents based on an identified checklist, review of compliance to documentation, and feedback and recommendations to clinicians regarding treatment plans scheduled in this process. The Bayview Integrated Behavioral Health Service adheres to relevant PURQC guidelines and assures compliance to its mandates and propriety.

C. Cultural Competency

The Bayview Hunters Point Foundation for Community Improvement recognizes the importance of culture in the design and offering of services, and makes every effort to be a responsive, culturally

FY 22-23

relevant provider. To ensure that all staff are aware of and trained in a range of issues related to serving the cultural interests and needs of clients, the Bayview Integrated Behavioral Health Service staff will participate in available trainings on cultural issues that are provided by the Department of Health and other on-site trainings. Guest presenters will be included in on-site trainings. Given the diversity of San Francisco communities, if a client should make a request for specific ethnic, linguistic, or gender relative to cultural preferences, the Program will make every effort to be accommodating to those requests. Materials available for clients' use are printed and made available in various languages.

D. Client Satisfaction

The Bayview Integrated Behavioral Health Service values client opinions and suggestions for program improvements. Clients are provided an opportunity to express their views through annual client satisfaction surveys which are administered through a Community Behavioral Health Service protocol. Client Satisfaction Survey results are reviewed and discussed with staff, and clients as applicable. Suggestions provided by clients through this process are reviewed as well and discussed with all staff. Suggestions for program changes are implemented as appropriate and doable so that services outcomes and the quality of care provided to all clients can be enhanced and deemed more effective for all clients.

E. Timely completion and use of outcome data

The Bayview Integrated Behavioral Health Service follows all compliance guidelines relative to the gathering and evaluation of outcome data, including CANS and PSC-35 data. All required resource documents are completed within the timelines designated by BHS. Copies of weekly staff meeting agendas, on-site training endeavors, and any other required Avatar or BHS generated outcome reports are retained in the files of the Bayview Integrated Behavioral Health Program. The Program's Administrative Binder is up to date according to fiscal year and is available for review at any time by the DPH business Office Contract Compliance (BOCC) staff and during monitoring visits.

3. Goal Statement:

To provide a long-term safe living space place that is supportive of recovery for residents after completing an inpatient treatment program.

4. Priority Population:

JFRSD is a quaint, homelike fifteen-bed independent living facility located in the Bayview Hunters Point community. JFRSD houses San Francisco's single adults and families (two children up to 12 years old) who are recovering from substance use and have previously completed an inpatient clinical treatment program. JFRSD is monitored 24/7, supports family reconciliation and provides life skills coaching. Life skills coaching equips residents with the necessary tools to navigate community resources to sustain them with living independently long after they leave JFRSD. After JFRSD, residents continue the process of reintegrating back into society as productive, self-determined citizens with skills to support them with managing their lives more effectively. JFRSD residents decrease their chances of relapsing by utilizing JFRSD as a bridge for up to 24 months and not returning to their old neighborhoods, homeless encampments, or other high-risks inhabitable former living places. While JFRSD Program welcomes and serves all ethnicities and populations, services are also designed to meet the cultural and linguistic needs of men, women and families in the African American and Latinx

6. Methodology:

JFRSD provides a temporary, drug and alcohol free environment to residents that are actively engaged in outpatient treatment for medically necessary SUD provided to the client off-site.

The JFRSD services are available to beneficiaries who are stepping down from inpatient/residential substance use disorder treatment. Residents must be concurrently in treatment, specifically in outpatient (OP), intensive outpatient (IOP), Opioid Treatment Program (OTP), or Outpatient (aka: Ambulatory) Withdrawal Management (OP-WM) settings.

JFRSD is a sub-acute, short-termed, residential facility that provides support and access to outpatient treatment in a 24-hour staffed, open home-like environment. The program is not clinical in nature and as such life skills coaching and 24/7 monitoring are the primary direct services. Jelani Family will provide assistance in building life skills (e.g. resume and scheduling assistance, time management practices) and will also maintain a calendar of external service opportunities available to residents.

JFRSD Program focus is on providing housing to those who match the outlined criteria. The program offers storage for food and personal items but does not provide these and other necessities except upon initial admittance into the program.

The main function of life skills services is to facilitate connections to outside providers. Each client is responsible for making and maintaining these service relationships on their way toward complete independence. When appropriate, the life skills coach may make the residential facility available to external programs.

Indirect services include outpatient services but shall not be limited to Clinical treatment

Agency and each Agency Data User shall protect the confidentiality of User IDs and passwords and shall not divulge them to any other person(s). Agency is responsible for the security of the User IDs and passwords issued to or created by Agency Data Users and is liable for any misuse.

1.11 Notification of Compromised Password.

In the event that a password assigned to or created by an Agency Data User is compromised or disclosed to a person other than the Agency Data User, Agency shall upon learning of the compromised password immediately notify the City, at Compliance.Privacy@sfdph.org, (855) 729-6040. Agency is liable for any such misuse. Agency's failure to monitor each Agency Data User's ID and/or password use shall provide grounds for the City to terminate and/or limit Agency's System(s) access.

1.12 Multi Factor Authentication.

Agency and each Agency Data User must use multi-factor authentication as directed by the City to access the System(s).

1.13 Qualified Personnel.

There must be a documented patch management process that determines installation timeframe based on risk assessment and vendor recommendations.

1.19 System Timeout.

The system must provide an automatic timeout, requiring reauthentication of the user session after no more than 20 minutes of inactivity.

1.20 Warning Banners.

Agency shall provide security for its networks and all internet connections consistent with industry best practices, and will promptly install all patches, fixes, upgrades, updates and new versions of any security software it employs. For information disclosed in electronic form, Agency agrees that appropriate safeguards include electronic barriers (e.g., "firewalls", Transport Layer Security (TLS), Secure Socket Layer [SSL] encryption, or most current industry standard encryption, intrusion prevention/detection or similar barriers).

1.26 Data Privacy and Information Security Program.

Without limiting Agency's obligation of confidentiality as further described herein, Agency shall be responsible for establishing and maintaining a data privacy and information security program, including physical, technical, administrative, and organizational safeguards, that is designed to: (i) ensure the security and confidentiality of the City Data; (ii) protect against any anticipated threats or hazards to the security or integrity of the City Data; (iii) protect against unauthorized disclosure, access to, or use of the City Data; (iv) ensure the proper disposal of City Data; and, (v) ensure that all of Agency's employees, agents, and subcontractors, if any, comply with all of the foregoing. 1.29 As Is Access.

The City provides Agency and each Agency Data User with System(s) access on an "as is" basis with no guarantee as to uptime, accessibility, or usefulness. To the fullest extent permissible by applicable law, the City disclaims all warranties, express or implied, including, without limitation, implied warranties of merchantability, fitness for a particular purpose, title and non-infringement.

1.30 No Technical or Administrative Support.

Except as provided herein, the City will provide no technical or administrative support to Agency or Agency Data Users for System(s) access.

1.31 City Audit of Agency and Agency Data Users.

The City acting in its sole discretion may audit Agency and Agency Data Users at any time. If an audit reveals an irregularity or security issue, the City may take corrective action including but not limited to termination of such Agency's and/or Agency Data User's access to the System(s) permanently or until the City determines that all irregularities have been satisfactorily cured. Agency and each Agency Data User understands that the City may create and review an audit trail for each Agency Data User, including but not limited to, noting each Agency Data User's ID(s), the patient information accessed, and/or the date accessed. Agency and each Agency Data User understands that any inappropriate access or use of patient information, as determined by the City, may result in the temporary and/or permanent termination of Agency's or such Agency Data User's access to the System(s). Agency remains liable for all inappropriate System(s) access, misuse and/or breach of patient information, whether in electronic or hard-copy form.

1.32 Minimum Necessary.

1.34 Health Information Exchange.

If Agency is qualified to enroll in a health information exchange, the City encourages Agency to do so in order to facilitate the secure exchange of data between Agency's electronic health record system (EHR) and the City's Epic EHR.

1.35 Subcontracting.

Agency may not subcontract any portion of Data Access Agreement, except upon prior written approval of City. If the City approves a subcontract, Agency remains fully responsible for its subcontractor(s) throughout the term and/or after expiration of this Agreement. All Subcontracts must incorporate the terms of this Data Access Agreement. To the extent that any subcontractor would have access to a System, each such subcontractor's access must be limited and subject to the same governing terms to the same extent as Agency's access. In addition, each contract between Agency and that subcontractor must, except as the City otherwise agrees, include a Business Associate Agreement requiring such subcontractor to comply with all regulatory requirements regarding third-party access, and include a provision obligating that subcontractor to (1) defend, indemnify, and hold the City harmless in the event of a data

breach in the same manner in which Agency would be so obligated, (2) provide cyber and technology errors and omissions insurance with limits identified in Article 5, and (3) ensure that such data has been destroyed, returned, and/or protected as provided by HIPAA at the expiration of the subcontract term.

Article 2 Indemnity

5. Modality(s)/Intervention(s):

Please see Appendix B-1 CRDC page for detailed service breakdown.

Mental health services include assessment (plan development, mental health evaluation), individual therapy, group therapy, collateral contact, case management, crisis intervention, outreach services/consultation services, and medication support services.

Based on client need and preference, both face-to-face and telehealth services will be made available to clients for all offered services.

6. Methodology:

A. Outreach, recruitment, promotion, and advertisement

BVHPF IBHS conducts community engagement and outreach by connecting with clients directly through activities within Bayview Hunters Point, Potrero Hill and Visitation Valley. Staff is also connected with the Bayshore, SAFE navigation, Jelani Residential Family Residential Step- Down Program, Bayview Hills Gardens, Arlington SRO, Candlestick Point Vehicle Triage Center, community partners, and downtown SIP hotels/street outreach to receive referrals to provide service to clients who are being placed in housing in the Southeast neighborhoods.

B. Admission, enrollment and/or intake criteria and process where applicable

Clients served at BVHPF IBHS must meet the eligibility requirements of CBHS and SFDPH, be San Francisco County residents, and also meet medical necessity requirements to be enrolled. If clients are in-between counties, they can be seen for services for up to 30 days if they meet the eligibility requirements for Medi-Cal or Healthy San Francisco. Services can also be made available to clients if income levels are within the state's uniform fee schedule for community mental health services.

C. Service delivery model

The BVHPF IBHS provides outpatient services that are primarily either clinic or community based or in a telehealth format but can be delivered when appropriate in the field or at client residences to improve access to care. The clinic will operate Monday through Friday from 9am-5pm and clinicians/case managers may provide services up to 9:30 pm on community sites for patients unable to access the office or adjust to telehealth services thereby meeting clients where they are "at." For all client cases, close monitoring and oversight will be conducted by the assigned clinician for the purpose of assessing the client's needs at different stages of their change and recovery process. This ongoing evaluation guides decisions regarding the appropriate frequency of services. The BVHPF IBHS does not have set program time limits and instead relies on the ongoing establishment of medical necessity to determine a client's length of treatment.

The clinicians and trainees of BVHPF IBHS will use evidence-based practices for the treatment of clients including but not limited to motivational interviewing, acceptance and commitment

therapy (ACT), cognitive behavioral therapy (CBT), insight-oriented therapy, family systems therapy, dialectical behavior therapy (DBT), brief therapy, psychoanalytic, and trauma focused approaches (ex.: cognitive processing therapy (CPT)).

Treatment will be administered using the following modalities:

- Assessment -Individual Therapy -Group Therapy
- Targeted case management
- Medication support services -Crisis intervention -Care Coordination

All services will be provided in the client's preferred language utilizing staff that can provide bi-/multi-lingual services and/or through use of translation services provided by the Department of Public Health.

The Bayview Integrated Behavioral Health Service participates in the BHS Advanced Access initiative, the timely measurement of data at the site, and reporting of data to CBHS. Initial risk assessments are completed for clients on a timely basis and treatment planning with clients' input is prioritized and completed within anticipated timeframes.

For client referrals that represent a more critical and immediate need, priority is placed on follow up and assignment to clinicians. Priority referrals include Foster Care Mental Health, Child Protective Services (CPS), and Gold Cards (high risk, frequent service users).

D. Discharge Planning and exit criteria and process

The exit criteria for BVHPF IBHS are based upon attainment of the goals and desired outcomes outlined in the treatment plan of care. Staff will continually track client progress and will use a step-down approach when appropriate to decrease the frequency of treatment to prepare the clients for autonomous functioning in the community. At the point of discharge, staff will have provided linkages to desired resources such as case management, housing support, medical care and/or vocational training so that clients have a network of continuous resources.

E. Program staffing

The BVHPF IBHS is staffed with licensed and license-eligible marriage and family therapists, social workers, professional clinical counselors, psychologists, board certified psychiatrists, and clinical case managers. All staff is dedicated to serving the community and are responsive to issues of ethnicity, culture, language and gender. Ongoing trainings and supervision are provided to ensure that clinicians maintain awareness of best practices and competent care.

The BVHPF IBHS is focused on ongoing staff recruitment to fill program vacancies as quickly as possible. The program is also working to re-start its practicum training program to bring more developing professionals into the community mental health field.

7. Objectives and Measurements:

All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled Adult and Older Adult Performance objectives FY 23-24.

8. Continuous Quality Improvement:

A. Guidelines and results of documentation of Continuous Quality Improvement are included in the Program's annually revised Administrative Binder. Contents of the Administrative Binder include guidelines, descriptions, and results of a range of administrative, clinical, and operating procedures. The Administrative Binder attests to compliance regulations, service policies, fees and billing, quality assurance, credentialing, client satisfaction, grievances, emergencies, cultural competence, facility status and fire clearance, and client rights. The BVHPF IBHS abides by the guidelines and mandates as described in the Administrative Binder in ensuring compliance in all aspects of direct services to clients, program service models, and program operations.

B. Achievement of contract performance objectives and productivity
The Bayview Integrated Behavioral Health Service follows a Quality Assurance and Activities Plan that is designed to enhance, improve, and monitor quality of care and services. Annual Performance Objectives identified by BHS are discussed regularly with staff. All clinical staff members are expected to carry out services based on program productivity standards which include caseload size, units of service, and adherence to delivery of service timelines. Avatar reports provide critical staff and program information relative to required charting, documentation timelines, staff activity, caseloads, billing categories and other current data which are useful in evaluating the clinic's progress with meeting contract deliverables and performance objectives. If a particular staff member is found to be underperforming individual meetings are held to understand the nature of the issue and to collaboratively develop a remediation plan.

C. Quality of documentation

The BVHPF IBHS identifies any areas of improvement needed in clinical services through regular chart reviews and staff evaluations. In line with meeting quality assurance guidelines, all clinical staff participate in regularly scheduled clinical case conferences which provide ongoing opportunities for case presentation, plan development, and feedback. Clinicians receive weekly 1:1 supervision and Group Supervision from a Licensed Clinical Supervisor where discussions focus on the elements of client cases such as assessment and treatment planning, case formulation, continuity of care, and discharge planning. All new staff is subject to ongoing documentation review and co-signing by the clinical supervisor. The duration of this type of oversight is left to the discretion of the supervisor to determine when a staff member is consistently documenting services according to Medi-Cal standards.

Once a staff member no longer requires a co-signer, their notes, assessments and treatment plans are still reviewed quarterly for a proportion of their caseload in order to ensure quality and consistency

The Bayview Integrated Behavioral Health Service adheres to relevant PURQC guidelines and assures compliance to its mandates and propriety.

D. Cultural Competency

The Bayview Hunters Point Foundation recognizes the importance of culture in the design and offering of services, and makes every effort to be a responsive, culturally-relevant provider. To ensure that all staff are aware of and trained in a range of issues related to serving the cultural interests and needs of clients, the Bayview Integrated Behavioral Health Service staff will participate in available trainings on cultural issues that are provided by the Department of Health and other on-site trainings. Guest presenters in particular will be included in on-site trainings. Given the diversity of San Francisco communities, if a client should make a request for specific ethnic, linguistic, or gender relative to cultural preferences, the Program will make every effort to be accommodating to those requests. Materials available for clients' use are printed and made available in various languages.

E. Client Satisfaction

The Bayview Integrated Behavioral Health Service values client opinions and suggestions for program improvements. Clients are provided an opportunity to express their views through annual client satisfaction surveys which are administered through a Community Behavioral Health Service protocol. Client Satisfaction Survey results are reviewed and discussed with staff, and clients as applicable. Suggestions provided by clients through this process are reviewed as well and discussed with all staff. Suggestions for program changes are implemented as appropriate and doable so that services outcomes and the quality of care provided to all clients can be enhanced and deemed more effective for all clients.

F. Timely completion and use of outcome data

The Bayview Integrated Behavioral Health Service follows all compliance guidelines relative to the gathering and evaluation of outcome data, including ANSA scoring. All required resource documents are completed within the timelines designated by CBHS. Copies of weekly staff meeting agendas, on-site training endeavors, and any other required Avatar or BHS generated outcome reports are retained in the files of the Bayview Integrated Behavioral Health Program. C. All amounts paid by CITY to CONTRACTOR shall be subject to audit by CITY.

D. Upon the effective date of this Agreement, and contingent upon prior approval by the CITY'S Department of Public Health of an invoice or claim submitted by Contractor, and of each year's revised Appendix A (Description of Services) and each year's revised Appendix B (Program Budget and Cost Reporting Data Collection Form), and within each fiscal year, the CITY agrees to make an initial payment to CONTRACTOR not to exceed twenty-five per cent (25%) of the General Fund and Mental Health Service Act (Prop 63) portions of the CONTRACTOR'S allocation for the applicable fiscal year.

CONTRACTOR agrees that within that fiscal year, this initial payment shall be recovered by the CITY through a reduction to monthly payments to CONTRACTOR during the period of October 1 – March 31 of the applicable fiscal year, unless and until CONTRACTOR chooses to return to the CITY all or part of the initial payment for that fiscal year. The amount of the initial payment recovered each month shall be calculated by dividing the total initial payment for the fiscal year by the total number of months for recovery. Any termination of this Agreement, whether for cause or for convenience, will result in the total outstanding amount of the initial payment for that fiscal year being due and payable to the CITY within thirty (30) calendar days following written notice of termination from the CITY.

Contractor further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable City and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by Controller. Contractor agrees to fully comply with these laws, regulations, and policies/procedures.

C. For each fiscal year of the term of this Agreement, CONTRACTOR shall submit for approval of the CITY's Department of Public Health a revised Appendix A, Description of Services, and a revised Appendix B, Program Budget and Cost Reporting Data Collection form, based on the CITY's allocation of funding for SERVICES for the appropriate fiscal year. 6. **Appropriate Use.** Third Party is responsible for the appropriate use and safeguarding of credentials for Department Computer System access issued to Third Party Users. Third Party shall take the appropriate steps to ensure that their employees, agents, and subcontractors will not intentionally seek out, download, transfer, read, use, or disclose Department Confidential Information other than for the use category described in Section 1 – "Third Party" Categories.

7. **Notification of Change in Account Requirements.** Third Party shall promptly notify Department via Third Party's Report for DPH Service Desk (dph.helpdesk@sfdph.org) in the event that Third Party or a Third Party User no longer has a need to use Department Computer System(s), or if the Third Party User access requirements change. Such notification shall be made no later than one (1) business day after determination that use is no longer needed or that access requirements have changed.

General security controls include, but are not limited to:

n. Notification of Breach. BA shall notify CE within 5 calendar days of any breach of Protected Information; any use or disclosure of Protected Information not permitted by the BAA; any Security Incident (except as otherwise provided below) related to Protected Information, and any use or disclosure of data in violation of any applicable federal or state laws by BA or its agents or subcontractors. o. Breach Pattern or Practice by Business Associate's Subcontractors and Agents.

Pursuant to 42 U.S.C. Section 17934(b) and 45 C.F.R. Section 164.504(e)(1)(iii), if the BA knows of a pattern of activity or practice of a subcontractor or agent that constitutes a material breach or violation of the subcontractor or agent's obligations under the Contract or this BAA, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the contractual arrangement with its subcontractor or agent, if feasible. BA shall provide written notice to CE of any pattern of activity or practice of a subcontractor or agent that BA believes constitutes a material breach or violation of the subcontractor or agent's obligations under the Contract or this BAA within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

3. Termination.

a. Material Breach. A breach by BA of any provision of this BAA, as determined by CE, shall constitute a material breach of the Agreement and this BAA and shall provide grounds for immediate termination of the Agreement and this BAA, any provision in the AGREEMENT to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii).]

b. Judicial or Administrative Proceedings. CE may terminate the Agreement and this BAA, effective immediately, if (i) BA is named as defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4. Amendment to Comply with Law.

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or this BAA may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations and other applicable state or federal laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this BAA embodying written assurances consistent with the updated standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations or other applicable state or federal laws. CE may terminate the Agreement upon thirty (30) days written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or this BAA when requested by CE pursuant to this section or (ii) BA does not enter into an amendment to the Agreement or this BAA providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

5. Reimbursement for Fines or Penalties.

In the event that CE pays a fine to a state or federal regulatory agency, and/or is assessed civil penalties or damages through private rights of action, based on an impermissible access, use or disclosure of PHI by BA or its subcontractors or agents, then BA shall reimburse CE in the amount of such fine or penalties or damages within thirty (30) calendar days from City's written notice to BA of such fines, penalties or damages.

1. Description of Work

A. Scope of Work/Services to be Contracted Out:

Contractors will provide services as part of the City's Adult/Older Adult Systems Of Care, including mental health outpatient, intensive case management, crisis stabilization, residential treatment services, supportive housing and other adjunct services (such as representative payee and income assistance advocacy) to the approximately 21,000 San Francisco residents who have serious mental illness and resulting significant functional impairments, including serious mood, schizophrenic/psychotic, anxiety, adjustment and other mental disorders, which may co-occur with substance use disorders and significant primary care, functional impairment and quality of life issues. In partnership with civil service staff, services provided by contractors provide flexible, integrated, seamless services based on the level and type of needs of the client, and responding as clients' needs change over time.

B. Explain why this service is necessary and the consequence of denial:

Without these services, transitional age youth, adults and older adults will be exposed to increased levels of addiction, anxiety, depression, post-traumatic stress disorder, violence, trauma, post-trauma, and other symptoms. There will also be a generalized sense of increased collective helplessness throughout the community as related to untreated mental illness, leading to communities to feel besieged and victimized. Not providing the services may result in increased lawsuits and related costs, as well as disallowance of State and Federal funding for failing to expend funds within regulatory guidelines.

C. Has this service been provided in the past? If so, how? If the service was provided under a previous PSC, attach copy of the most recently approved PSC.

Yes. PSC 4151-09/10

D. Will the contract(s) be renewed?

Yes, as the need continues and funding is available.

E. If this is a request for a new PSC in excess of five years, or if your request is to extend (modify) an existing PSC by another five years, please explain why:

The Department expects the need for these services to continue.

2. Reason(s) for the Request

A. Display all that apply

☒ Services that require resources that the City lacks (e.g., office space, facilities or equipment with an operator).

Explain the qualifying circumstances:

These services are provided by community-based behavioral health non-profit organizations/service providers which are able to provide a broad range of cultural expertise and linkages unavailable through Civil Service classifications alone. Due to their ability to provide a greater array of diversity and expertise, they are able to work in partnership with Civil Service staff, thereby increasing the value of their output, as well enabling the City to provide the highest quality, most accessible mental health and substance abuse treatment services to its residents as is possible.

B. Reason for the request for modification:

To extend term, with a corresponding increase in amount, to align with Request For Proposal duration and Board of Supervisors' approvals.

3. Description of Required Skills/Expertise

A. Specify required skills and/or expertise: Contractors must be Mental Health Medi-Cal and/or Medicare providers with proper licenses and service facilities, appropriately trained licensed and certified staff and facilities which comply with applicable State laws and regulations, as well have experience in providing the needed services to the identified target population(s), including working collaboratively with families, support systems, and other agencies/providers on- and off-site to ensure continuity and coordination of care, and with high-risk clients, using strategies to help clients discharged from hospitals and long-term care to engage with needed services, and, where applicable, providing wrap-around services.

B. Which, if any, civil service class(es) normally perform(s) this work? 2110, Medical Records Clerk; 2230, Physician Specialist; 2232, Senior Physician Specialist; 2305, Psychiatric Technician; 2320, Registered Nurse; 2328, Nurse Practitioner; 2552, Dir of Act, Therapy & Vol Svcs; 2574, Clinical Psychologist; 2589, Health Program Coordinator 1; 2591, Health Program Coordinator 2; 2593, Health Program Coordinator 3; 2706, Housekeeper/Food Service Clnr; 2822, Health Educator; 2908, Hospital Eligibility Worker; 2910, Social Worker; 2913, Program Specialist; 2915, Program Specialist Supervisor; 2920, Medical Social Worker; 2930, Psychiatric Social Worker; 2935, Sr Marriage, Fam & Cld Cnslr;

C. Will contractor provide facilities and/or equipment not currently possessed by the City? If so, explain: Yes. Contractor will maintain appropriate community facilities that are licensed and otherwise compliant with external funding and regulatory requirements for provision of contracted services.

4. If applicable, what efforts has the department made to obtain these services through available resources within the City?

Not Applicable

5. Why Civil Service Employees Cannot Perform the Services to be Contracted Out

A. Explain why civil service classes are not applicable.

Community-based behavioral health contractors provide cultural expertise and linkages otherwise unavailable through Civil Service classifications. Civil Service staff work in partnership with contractors, which are non-profit organizations, and through these collaborations the City is able to offer more quality, accessible mental health and substance abuse treatment services to its residents than it would be able to do alone. These collaborative mental health and substance abuse treatment services are best provided by community-based service providers which have the required expertise, often specific to the target population they serve, and who have the trust of and credibility in the community, as well as linkages and resources unavailable to the City at a comparable level. They are able to operate the small, flexible, community-based programs required by State law and found to be most effective in treatment residents who are mentally ill.

- B. If there is no civil service class that could perform the work, would it be practical and/or feasible to adopt a new civil service class to perform this work? Explain: No. Existing classifications currently perform this work. However, demand exceeds the capacity at City facilities to provide these services so that City uses contractors to meet as many of the client's needs as possible.

6. Additional Information

- A. Will the contractor directly supervise City and County employee? If so, please include an explanation.
No.
- B. Will the contractor train City and County employees and/or is there a transfer of knowledge component that will be included in the contract? If so, please explain what that will entail; if not, explain why not.
No Training
- C. Are there legal mandates requiring the use of contractual services?
No.
- D. Are there federal or state grant requirements regarding the use of contractual services? If so, please explain and include an excerpt or copy of any such applicable requirement.
No
- E. Has a board or commission determined that contracting is the most effective way to provide this service? If so, please explain and include a copy of the board or commission action.
No
- F. Will the proposed work be completed by a contractor that has a current PSC contract with your department? If so, please explain.
No.

PSC Cumulative Amount Proposed: \$38,400,000

PSC Cumulative Duration Proposed: 9 years 1 day

1. Description of Work

A. Scope of Work/Services to be Contracted Out:

Mental Health Services Act (MHSA)-funded Prevention and Early Intervention (PEI) programs are designed to prevent the initial onset or worsening of mental illness among children, youth, their families, transitional age youth, incarcerated youth and juvenile justice system providers, adults and older adults who exhibit varying levels of risk of developing mental illness include severe psychosis, through peer outreach, screening and response, supportive services, consultation and training. Contractors will provide PEI services in two areas:

--School-based Behavioral Health Services, including individual therapy and case management, group counseling, crisis intervention, leadership development, academic support, educational workshops, and family engagement, as well as regular mental health consultation for teachers, support staff and administrators at designated schools.

--Population-focused Behavioral Health Services for Latino/a, Mayan, Native American and Socially Isolated Older Adults populations (initially referred to as holistic wellness prevention), including early needs identification and linkage to services; promotion of wellness and awareness to reduce the stigma associated with mental health care; and delivery of services responsive to community members in ways that are respectful and honor each person's heritage and cultural worldview.

B. Explain why this service is necessary and the consequence of denial:

State MHSA funding provides the opportunity to fill otherwise unmet needs for mental health services at many levels, in K-12 schools, in juvenile justice detention, among distinct cultural communities in

San Francisco, in child care classrooms, family resource Centers, family child care network and substance abuse residential treatment programs, as well as among juvenile justice staff who lack support and prevention training, among isolated adults age 55 and up who have limited access to mental health programs, among youth and their families at risk for psychosis, among transitional aged youth, in after-school programs for children aged 6-13, and for the public, who will benefit from a peer education system designed to stamp out stigma associated with mental illness. Denial of this PSC will result in reductions in existing mental health services, especially to the targeted populations, those with severe mental illness who are school age, Latino/a, Mayan, Native American or Socially Isolated Older Adults.

- C. Has this service been provided in the past? If so, how? If the service was provided under a previous PSC, attach copy of the most recently approved PSC.

Yes. 4160-09/10

- D. Will the contract(s) be renewed?

Yes, if funding is available.

- E. If this is a request for a new PSC in excess of five years, or if your request is to extend (modify) an existing PSC by another five years, please explain why:

The Department expects the need for these services to continue.

MHSA requires the capacity to provide a wide range of services which may be needed intermittently based on the needs of clients who are identified (e.g., Mayan language and culture or specific mental illness diagnoses or needs of incarcerated youth), especially as regards specialized services (e.g., early childhood consultation or consultation to juvenile justice staff) or specific populations, and/or which would require restrictions on hiring that are not possible under the civil service system (e.g., experience as peers/consumers of mental health services with life experience in the mental health system).

- B. Reason for the request for modification:

To extend term, with a corresponding increase in amount, to align with Request For Proposal duration and Board of Supervisors' approvals.

3. Description of Required Skills/Expertise

Programs must be

must be based on wellness and recovery principles, as required by the State under the MHSA. Contractors must have a State-licensed facility and trained and licensed/credentialed staff, as required by the MHSA and/or State regulations.

- B. Which, if any, civil service class(es) normally perform(s) this work? 2585, Health Worker 1; 2588, Health Worker 4; 2589, Health Program Coordinator 1; 2591, Health Program Coordinator 2; 2593, Health Program Coordinator 3;
- C. Will contractor provide facilities and/or equipment not currently possessed by the City? If so, explain: Contractor(s) will provide their own office space and curricula.

4. If applicable, what efforts has the department made to obtain these services through available resources within the City?

Not Applicable

5. Why Civil Service Employees Cannot Perform the Services to be Contracted Out

- A. Explain why civil service classes are not applicable.
The MHSA-funded programs projects are all collaborative projects, primarily based in the community, designed to draw on the expertise and experience of the behavioral and primary health care systems, community-based organizations of all types, schools, community programs and centers, institutions of higher education and juvenile probation. The Department does not have the capacity to provide the wide range of very specialized services needed as required under the MHSA.
- B. If there is no civil service class that could perform the work, would it be practical and/or feasible to adopt a new civil service class to perform this work? Explain: MHSA requires the capacity to provide a wide range of services which may be needed intermittently based on the needs of clients who are identified (e.g., Mayan language and culture or specific mental illness diagnoses of incarcerated youth), especially as regards specialized services (e.g., early childhood consultation or consultation to juvenile justice staff) or specific populations, and/or which would require restrictions on hiring that are not possible under the civil service system (e.g., peers/consumers of mental health services with life experience in the mental health system).

Description of Work****A. Scope of Work/Services to be Contracted Out:**

Contractors will provide services as part of the City's Adult/Older Adult Systems Of Care, including mental health outpatient, intensive case management, crisis stabilization, residential treatment services, supportive housing and other adjunct services (such as representative payee and income assistance advocacy) to the approximately 21,000 San Francisco residents who have serious mental illness and resulting significant functional impairments, including serious mood, schizophrenic/psychotic, anxiety, adjustment and other mental disorders, which may co-occur with substance use disorders and significant primary care, functional impairment and quality of life issues. In partnership with civil service staff, services provided by contractors provide flexible, integrated, seamless services based on the level and type of needs of the client, and responding as clients' needs change over time.

B. Explain why this service is necessary and the consequence of denial:

Without these services, transitional age youth, adults and older adults will be exposed to increased levels of addiction, anxiety, depression, post-traumatic stress disorder, violence, trauma, post-trauma, and other symptoms. There will also be a generalized sense of increased collective helplessness throughout the community as related to untreated mental illness, leading to communities to feel besieged and victimized. Not providing the services may result in increased lawsuits and related costs, as well as disallowance of State and Federal funding for failing to expend funds within regulatory guidelines.

C. Has this service been provided in the past? If so, how? If the service was provided under a previous PSC, attach copy of the most recently approved PSC.

Services have been provided in the past through earlier PSC request. See 40587 - 17/18

D. Will the contract(s) be renewed?

Yes, as the need continues and funding is available.

E. If this is a request for a new PSC in excess of five years, or if your request is to extend (modify) an existing PSC by another five years, please explain why:

The Department expects the need for these services to continue.

2. Reason(s) for the Request**A. Display all that apply**

☒ Services that require resources that the City lacks (e.g., office space, facilities or equipment with an operator).

Explain the qualifying circumstances:

These services are provided by community-based behavioral health non-profit organizations/service providers which are able to provide a broad range of cultural expertise and linkages unavailable through Civil Service classifications alone. Due to their ability to provide a greater array of diversity and expertise, they are able to work in partnership with Civil Service staff, thereby increasing the value of their output, as well enabling the City to provide the highest quality, most accessible mental health and substance abuse treatment services to its residents as is possible.

B. Reason for the request for modification:

To extend the duration to align with the anticipated contract term.

3. Description of Required Skills/Expertise

- A. Specify required skills and/or expertise: Contractors must be Mental Health Medi-Cal and/or Medicare providers with proper licenses and service facilities, appropriately trained licensed and certified staff and facilities which comply with applicable State laws and regulations, as well have experience in providing the needed services to the identified target population(s), including working collaboratively with families, support systems, and other agencies/providers on- and off- site to ensure continuity and coordination of care, and with high-risk clients, using strategies to help clients discharged from hospitals and long-term care to engage with needed services, and, where applicable, providing wrap-around services.
- B. Which, if any, civil service class(es) normally perform(s) this work? 2110, Medical Records Clerk; 2230, Physician Specialist; 2232, Senior Physician Specialist; 2305, Psychiatric Technician; 2320, Registered Nurse; 2328, Nurse Practitioner; 2552, Dir of Act, Therapy & Vol Svcs; 2574, Clinical Psychologist; 2589, Health Program Coordinator 1; 2591, Health Program Coordinator 2; 2593, Health Program Coordinator 3; 2706, Housekeeper/Food Service Clnr; 2822, Health Educator; 2908, Hospital Eligibility Worker; 2910, Social Worker; 2913, Program Specialist; 2915, Program Specialist Supervisor; 2920, Medical Social Worker; 2930, Psychiatric Social Worker; 2935, Sr Marriage, Fam & Cld Cnslr;
- C. Will contractor provide facilities and/or equipment not currently possessed by the City? If so, explain: Yes. Contractor will maintain appropriate community facilities that are licensed and otherwise compliant with external funding and regulatory requirements for provision of contracted services.

4. If applicable, what efforts has the department made to obtain these services through available resources within the City?

Not Applicable

5. Why Civil Service Employees Cannot Perform the Services to be Contracted Out

- A. Explain why civil service classes are not applicable.
Community-based behavioral health contractors provide cultural expertise and linkages otherwise unavailable through Civil Service classifications. Civil Service staff work in partnership with contractors, which are non-profit organizations, and through these collaborations the City is able to offer more quality, accessible mental health and substance abuse treatment services to its residents than it would be able to do alone. These collaborative mental health and substance abuse treatment services are best provided by community-based service providers which have the required expertise, often specific to the target population they serve, and who have the trust of and credibility in the community, as well as linkages and resources unavailable to the City at a comparable level. They are able to operate the small, flexible, community-based programs required by State law and found to be most effective in treatment residents who are mentally ill.
- B. If there is no civil service class that could perform the work, would it be practical and/or feasible to adopt a new civil service class to perform this work? Explain: No. Existing classifications currently perform this work. However, demand exceeds the capacity at City facilities to provide these services so that City uses contractors to meet as many of the client's needs as possible.

6. Additional Information

- A. Will the contractor directly supervise City and County employee? If so, please include an explanation.
No.

- B. Will the contractor train City and County employees and/or is there a transfer of knowledge component that will be included in the contract? If so, please explain what that will entail; if not, explain why not.
While the primary purpose of the services under this PSC is not to provide formal training to civil service staff, knowledge transfer may occur as civil service staff work closely in partnership with contractor staff.
- C. Are there legal mandates requiring the use of contractual services?
No.
- D. Are there federal or state grant requirements regarding the use of contractual services? If so, please explain and include an excerpt or copy of any such applicable requirement.
No.
- E. Has a board or commission determined that contracting is the most effective way to provide this service? If so, please explain and include a copy of the board or commission action.
No.
- F. Will the proposed work be completed by a contractor that has a current PSC contract with your department?
If so, please explain.
No.

Quick Reference Guide to Chapter 12B

I. INTRODUCTION

A. General

Behavioral Health Services (BHS) under the San Francisco Department of Public Health (DPH) is issuing this Request for Qualifications (RFQ) to identify applicants that will meet the service goals requested in this RFQ. The department encourages both competition and collaboration between different agencies to meet the needs of children and youth through the School-Based Programs element of the Mental Health **Service Act's Prevention and Early Intervention (PEI)** Programming for:

1. School-Based Wellness Promotion programs at high schools, and
2. Early Intervention Program Consultation at elementary and middle schools

Applicants can bid separately for one or all programs. The funding for these programs will be from Mental Health Services Act (MHSA) as authorized by Proposition 63 that was approved by California voters to support fundamental changes to the access and delivery of mental health services in California. Proposition 63 was enacted into law in January 2005 and became known as the Mental Health Services Act (MHSA). MHSA is funded through a 1% tax on any personal income in excess of \$1 million. The **'system transformation' envisioned by the MHSA is founded on the belief that all individuals** - including those living with the challenges caused by mental illness – are capable of living satisfying, hopeful, and contributing lives. MHSA provides the resources necessary for San Francisco to realize the vision of recovery for individuals and families served by the mental health system.

MHSA is guided by five principles:

1. Cultural Competence – Services should reflect the values, customs, beliefs, and languages of the populations served and eliminate disparities in service access.
2. Community Collaboration – Services should strengthen partnerships with diverse sectors to help create opportunities for employment, housing, and education.
3. Client, Consumer, and Family Involvement – Services should engage clients, consumers, and families in all aspects of the mental health system, including planning, policy development, service delivery, and evaluation.
4. Integrated Service Delivery – Services should reinforce coordinated agency efforts to create a seamless experience for clients, consumers, and families.
5. Wellness and Recovery – Services should promote recovery and resiliency by allowing clients and consumers to participate in defining their own goals so they can live fulfilling and productive lives.

It is the MHSA's philosophy that mental health needs are not defined by symptoms but rather by a focus on achieving, maintaining, and promoting the overall health and well-being of the individual and family. Proposed programs that reflect the wellness and recovery model should be able to demonstrate that their consumers and their family members are empowered to

- 1) establish, work toward and achieve their personal goals;
- 2) learn new skills and strategies to manage the challenges in their lives; and
- 3) draw strength and growth from their lived experiences.

The programs in this RFQ will be funded, specifically, by MHSA Prevention and Early Intervention (PEI) dollars. The purpose of PEI programs is to engage individuals before the development of serious mental illness and/or to lessen the need for extended mental health treatment by proactively coordinating access to support at the very earliest stages of mental health challenges. The applicants must demonstrate the ability to adhere to the MHSA principles and PEI guidelines, and also meet the service goals listed in this RFQ.

RFQ 17-2016 MHSA School Based Programs

Current School-Based Mental Health Programs are designed to reduce risk factors, promote wellness and reduce stigma related to mental health – with special attention to at-risk and underserved populations. These programs serve children and youth who are at-risk of failing school, frequently absent or truant, display challenging behaviors in the classroom or have been exposed to trauma.

The degree to which a Candidate meets the minimum qualifications of the RFQ will be determined **through a review process to evaluate the Candidate's application materials (see Section V. Evaluation and Selection Criteria).**

Applicants can bid separately for one or all programs. Please note, while current School-Based Mental Health Program sites are identified in this RFQ, they are subject to change during the course of the process whereby contract agencies are engaged. This RFQ will develop a list of qualified candidates. The specific programming and school assignment will be determined in the contract negotiation phase with DPH, the selected contractor and/or the schools.

B. Contract Term and Funding

A projected total of \$1,150,000 is available under this RFQ for School Based Mental Health Programs. All amounts are subject to available funding. Fiscal Year 2017 -2018 projected funding is dependent available funds and SFDPH/CBHS reserves its sole right to award all or a portion of funds available.

Contracts shall have an original term from July 1, 2017 to June 30, 2018. In addition, the City shall have five (5) options to extend the term for a period of one (1) year, for a total of six (6) year contract, subject to annual availability of funds and annual satisfactory contractor performance and system of needs. The City has the sole, absolute discretion to exercise this option.

Service Categories for School-Based Programs		Estimated Annual Budget (final budget to be determined)
1.	School-Based Wellness Promotion at high schools	\$730,000
2.	Early Intervention Program Consultation at elementary and middle schools	\$420,000

The estimated budget(s) amount may increase or decrease depending on funding availability. Projected funding is dependent on available funds and DPH/BHS reserves its sole right to award all or a portion of funds available. DPH will award a contract to the top scoring qualified applicant of each service category.

Upon the sole discretion of DPH, DPH may award multiple top scoring qualified applicants of a specific service category, depending upon the needs of the community and the needs of the project. In addition, the Department reserves the right to issue multiple contracts to multiple vendors that are qualified and that submit an application. Each contract will be for services that the contractor has bid for in this RFQ.

II. SCOPE OF WORK

A. Services

Overview of School-Based Mental Health Programs

This RFQ outlines the School-Based Mental Health Programs and seeks to identify a number of qualified service providers to support, sustain and advance the services. The selected service providers, in collaboration with BHS and behavioral health consumers, will be responsible for the continued development and promotion of the MHSA programs utilizing evidence based practices and wellness recovery principles.

This RFQ calls for a competitive process and DPH encourages multiple agencies to apply. Six (6) existing programs are included in this RFQ. These programs include:

1. Behavioral Health Services at Balboa Teen Health Center
2. School-Based Mental Health Services
3. School-Based Youth Early Intervention Program
4. PEI School-Based Wellness Centers
5. School Based-Early Intervention at Burton High School
6. Trauma and Recovery Services

Community-Defined Needs

BHS collected information from mental health consumers, family members of mental health consumers, the broader community and Mental Health Services Act (MHSA) programs to better understand the respective needs in the context of School-Based community mental health services.

BHS conducted an evaluation to assess the impact and implementation of School-Based Mental Health Services utilizing a mixed methods approach to determine the efficacy and fidelity of the two primary methods utilized by the School-Based mental health service providers. The elementary and middle school programs used a program consultation model designed to increase self-efficacy among teachers and administrators in the targeted schools, thereby increasing their capacity to support students in ways that allow the students to be more successful academically and behaviorally. The high school programs used a wellness promotion model, which is designed to affect students directly by helping them address behavioral health challenges, improve connectedness to school, engage in supportive adult relationships and access increased behavioral and academic support outside of school.

Qualitative data (i.e., interviews and focus groups) unequivocally point to greater teacher efficacy and improved student outcomes achieved over time through these efforts. Quantitative data (e.g., survey results) were less likely to show pre/post improvements, although 75% of the participating high school

students agree/strongly agree that they have improved their academic performance since participating in their School-Based Mental Health Programs.

The evaluation identified the following factors as contributing to successful School-Based Mental Health Programs. School-Based Mental Health Program RFQ respondents should be prepared to address the following evaluation recommendations, as applicable.

1. Alignment with the needs and resources of the schools. This includes aligning program objectives with those of the schools and respecting the culture of the school and community.
2. Staffing tenure and consistency.
3. Maintaining role clarity.
4. **Creating a “safe space” for students by ensuring confidentiality and consistent attention to the students’ needs.**
5. **Creating a “safe space” for teachers and administrators to think about the challenges they are facing, to receive professional coaching and to try out new strategies with students.**
6. Agency capacity to collect, analyze and report on data that are relevant to the evaluation.

Prevention and Early Intervention (PEI) Regulations

All RFQ applicants should be prepared to comply with the statewide MHSA Prevention and Early Intervention Program (PEI) regulations that were adopted on October 6, 2015. These PEI regulations require that PEI-funded programs collect program data, measure the efficacy of program services and report the impact of services on its intended communities. These new regulations explore various ways to document linkage to treatment and call for a higher level of data tracking (linkage to care, early identification signs and demographics). Demographic data reporting includes age, race/ethnicity, primary language, sexual orientation, disability status, veteran status, and gender (assigned at birth & current identity).

DPH/BHS is committed to help providers meet the new requirements. In collaboration with the DPH Office of Quality Management (OQM), BHS will provide on-going education and technical assistance to help set up strategies and activities to collect appropriate data. In addition, BHS is currently working with the state and other counties to exchange and develop new efforts for data collection.

Service Provider Responsibilities

This RFQ broadly describes a proposed school-based service model. However, the selected service provider(s), in collaboration with BHS, children/youth and their families, will be responsible for the design and implementation of these school-based programs. The ideal service provider(s) should be open to a collaborative process with BHS and BHS consumers, with regard to program development, implementation, evaluation and long-term strategic planning. The provider(s) will participate in evaluating the service delivery of these programs and frequently assess the needs of the community and implement changes with the input of behavioral health consumers. A strong partnership between the service provider(s) and BHS is a vital component of this project, in addition to collaboration among other BHS school-based, vocational, educational and community programs in order to share best practices and to learn about other programs in order to provide an array of opportunities to the children/youth and their families.

The ideal provider(s) should demonstrate their ability to engage, inform and empower the adults who interact directly with at-risk school-age children and youth - including but not limited to parents/caregivers, teachers, positive adult role models, and juvenile justice, child welfare and behavioral health professionals. Successful provider(s) will help these key adults to identify social-emotional and behavioral health challenges as early as possible and to ensure that children, youth and families are quickly connected with appropriate services and providers.

The content of any school-based mental health curriculum and professional development programming should be based on the wellness and recovery principles described above. These programs should be strength-based, holistic, empowering, child/youth led, family centered and community oriented.

Service Descriptions

The following describes a proposed model for the School-Based Mental Health Programs for:

1. School-Based Wellness Promotion Programs at High Schools
2. The Early Intervention Program Consultation at Elementary and Middle Schools

Applicants can bid separately for one or all programs.

1. School-Based Wellness Promotion Programs at High Schools

Program Overview

MHSA provides funding to prevention and early intervention programs that serve students on high school campuses. Some examples of School-Based Wellness Promotion services include individual therapy and case management, group counseling, crisis intervention, leadership development programs, academic support, educational workshops, and family engagement. The broad range of services corresponds to the varied needs of high school students, who see MHSA-funded providers for everything from homework help to crisis intervention.

An overall goal of the School-Based Wellness Promotion programs at high schools is to enhance students' perception of school connectedness, especially among students who exhibit some form of behavioral health challenge. A premise of this program is that school connectedness will lead to improved attendance, graduation rates, and academic performance among students with behavioral health challenges and an overall improvement in perception of safety at school across the entire student body and faculty. These programs also aim to bolster students' life skills, such as leadership and decision-making skills, and strengthen their resiliency and self-esteem.

The School-Based Wellness Promotion programs provide a wide range of services, such as:

- Youth development programs to empower student leadership, social entrepreneurship and service learning
- Mental health support screening and needs assessment
- Case management (including referral and linkage services) for students and parents on a scheduled and drop-in basis
- Individual and group counseling for students and families
- Truancy wrap-around support for the youth, care-givers and school staff
- Trauma-related support, psychoeducation and treatment
- Crisis intervention
- Community building/violence prevention events
- Family/caregiver engagement programs

Beyond delivery of direct services to students and their families, the service provider will also be responsible for collaboration with the school staff and other providers working in the identified schools. This collaborative work will 1) provide the school and other agency staff with consultation and professional development regarding behavioral health issues and best practices; 2) enhance school-based multidisciplinary teams (e.g., CARE, CORE, SST and IEP meetings); 3) help students and families navigate the public systems of care and support services; and 4) help the schools maximize their resources to support youth wellness.

RFQ 17-2016 MHSA School Based Programs

The service provider is also responsible for managing program service and outcome data that will inform regular formative and summative evaluation of the program in collaboration with the external evaluator. The provider will also provide regular program data reports to BHS.

When feasible, the service provider will also bill Medi-Cal, leverage funding and/or collaborate with existing services in order to sustain and grow service provision over time.

Target Population

As a prevention and early intervention program, the School-Based Wellness Promotion Programs at high schools are designed to serve all students who request services, with special emphasis on youth who exhibit behavioral health difficulties. Included in this target population will be youth who have experienced a traumatic event and/or the symptoms that stem from chronic and/or complex trauma. This population will also include youth who are frequently tardy, absent or truant from school and who may be at-risk from school failure. The service provider may also inquire whether there are conditions such as adverse childhood experiences, poverty and other conditions that may warrant prioritizing specific subgroups for services.

Demographics of the service population should be broadly reflective of the racial/ethnic, gender and socioeconomic makeup of the schools as a whole. As a high school program, it is anticipated that the age range of participants will be between 14 and 18 years of age. The School-Based Wellness Promotion programs will also provide services to student families/caregivers and school personnel.

DPH/BHS intends to offer the following School-Based Wellness Promotion services at the following San Francisco Unified School District high schools:

In addition, The San Francisco Unified School District has requested a need for increased programming that emphasizes parent/caregiver engagement. The selected service provider(s), in collaboration with DPH/BHS, will be responsible for developing new programs that support the parents/caregivers and help to increase their efforts to engage with school personnel and their youth, particularly at the adolescent level.

2. The Early Intervention Program Consultation at Elementary and Middle Schools

Program Overview

The Early Intervention Program Consultation approach is designed to provide regular mental health consultation to teachers, support staff and administrators at designated elementary and middle schools. This consultation includes both school-day and out-of-school-time (OST) staff with particular focus on teachers and staff **who are challenged by students' emerging mental health and behavioral needs.** This approach also provides professional development regarding such issues as child development, behavioral de-escalation, trauma triggers, staff dynamics and disabilities. Programs also provide support to school-day and OST staff to create inclusive environments for children with disabilities.

Early Intervention Program Consultation staff also provide an array of direct services to students and their families. These direct services include outreach and engagement, screening and assessment, one-to-one intervention, crisis response, parent education, collateral service with family members and other activities involving a therapeutic alliance.

Early Intervention Program Consultation staff also help to facilitate regular mental health collaborative meetings with school leadership, teachers, support staff and community mental health providers to create and maintain a seamless system of care approach in the selected schools. They also help to facilitate CARE Team (or other collaborative team models) meetings whereby student/family/classroom needs are identified and collaborative strategies are developed and deployed to meet those needs.

Target Population

As a prevention and early intervention program, the Early Intervention Program Consultation will be designed to serve all students who request services, with special emphasis on youth who exhibit

behavioral health difficulties. The service provider may also inquire whether there are conditions such as adverse childhood experiences, poverty and other conditions that may warrant prioritizing specific subgroups for services.

Demographics of the service population should be broadly reflective of the racial/ethnic, gender and socioeconomic makeup of the schools as a whole. As an elementary/middle school program, it is anticipated that the age range of participants will be between 5 and 14 years of age. The Early Intervention Program Consultation will also provide services to student families/caregivers and school personnel.

DPH/BHS intends to offer the following Early Intervention Program Consultation services at the following San Francisco Unified School District schools:

1. Charles Drew College Preparatory Academy
2. Hillcrest Elementary School
3. James Lick Middle School

The school district and DPH/BHS has identified these above schools with the highest need for support at this time. School sites are subject to change at a future time.

Key Elements Funded under this RFQ

The selected service provider(s) will be responsible for designing and implementing a school-based model that utilizes an eclectic approach of modalities in order to increase coping skills of children, increase healthy relationships, increase the skill-level of teachers and school staff, and improve the overall quality of life for each child/youth.

The key elements for achieving an eclectic school-based model for elementary and middle school students may include, but not limited to, the following:

- Classroom observation with a comprehensive consultation plan to teachers responding to weekly needs of children/youth.
- Supportive strategies that foster positive teacher-student, teacher-parent and student-parent relationships.
- Gross motor activities to assist with focus such as Zumba, yoga, stretching, dance, etc.
- Calming practices including tactile stimulation, deep-breathing and play-based techniques.
- Care coordination for students and their families integrating primary care, behavioral health, the SFUSD, mentors, after-school staff and anyone playing a significant role in the life of the student.
- Brief therapeutic support, behavior coaching and early intervention strategies.
- Face-to-face assessments of children, families and the overall "school climate".

Evaluation for All Programs

The selected service provider(s) will evaluate the service delivery and work in close partnership with the SFDPH Office of Quality Management (OQM) to develop a comprehensive evaluation plan and tools to measure outcomes. An evaluation plan should guide the design and implementation of all of the programs. In addition, it should provide tools to learn how these programs impact those participating. The evaluation plan should be carried out in a collaborative manner where input from stakeholders (including consumers) is continuously obtained. The use of surveys, focus groups, or key informant interviews may be used.

The selected service provider(s) will be responsible for compiling evaluation reports summarizing the program design, results, outcomes, lessons learned, and ways to continuously improve program services based on consumer feedback. All providers should be able to comply with the statewide PEI regulations that were adopted on October 6, 2015. These PEI regulations require that PEI-funded programs collect a higher level of program data, measure the efficacy of program services and report the impact of services on its intended communities. The provider(s) may be asked to share their evaluation findings with key stakeholders.

The selected provider(s) will develop annual process and outcome objectives. Providers are encouraged to utilize the technical assistance and support of the OQM evaluators. These evaluators can work directly with service providers or offer assistance at group meetings. These resources can help identify indicators of success, design evaluation instruments to measure program strategies, and determine which data **collection approach is most feasible given a program's capacity.**

In addition, the selected service providers are required to complete and submit annual year-end program reports to DPH/BHS - MHSA and receive site visits from MHSA staff and the DPH Business Office of Contract Compliance (BOCC) staff.

I. **Proposer's Obligations under the Campaign Reform Ordinance**

Proposers must comply with Section 1.126 of the S.F. Campaign and Governmental Conduct Code, which states:

No person who contracts with the City and County of San Francisco for the rendition of personal services, for the furnishing of any material, supplies or equipment to the City, or for selling any land or building to the City, whenever such transaction would require approval by a City elective officer, or the board on which that City elective officer serves, shall make any contribution to such an officer, or candidates for such an office, or committee controlled by such officer or candidate at any time between commencement of negotiations and the later of either (1) the termination of negotiations for such contract, or (2) three months have elapsed from the date the contract is approved by the City elective officer or the board on which that City elective officer serves.

If a proposer is negotiating for a contract that must be approved by an elected local officer or the board on which that officer serves, during the negotiation period the proposer is prohibited from making contributions to:

- **the officer's re-election campaign**
- **a candidate for that officer's office**
- a committee controlled by the officer or candidate.

The negotiation period begins with the first point of contact, either by telephone, in person, or in writing, when a contractor approaches any city officer or employee about a particular contract, or a city officer or employee initiates communication with a potential contractor about a contract. The negotiation period ends when a contract is awarded or not awarded to the contractor. Examples of initial contacts include: (1) a vendor contacts a city officer or employee to promote himself or herself as a candidate for a contract; and (2) a city officer or employee contacts a contractor to propose that the contractor apply for a contract. Inquiries for information about a particular contract, requests for documents relating to a Request for Proposal, and requests to be placed on a mailing list do not constitute negotiations.

Violation of Section 1.126 may result in the following criminal, civil, or administrative penalties:

1. Criminal. Any person who knowingly or willfully violates section 1.126 is subject to a fine of up to \$5,000 and a jail term of not more than six months, or both.
2. Civil. Any person who intentionally or negligently violates section 1.126 may be held liable in a civil action brought by the civil prosecutor for an amount up to \$5,000.
3. Administrative. Any person who intentionally or negligently violates section 1.126 may be held liable in an administrative proceeding before the Ethics Commission held pursuant to the Charter for an amount up to \$5,000 for each violation.

For further information, proposers should contact the San Francisco Ethics Commission at (415) 581-2300.

J. Sunshine Ordinance

In accordance with S.F. Administrative Code Section 67.24(e), contractors' bids, responses to RFQs and all other records of communications between the City and persons or firms seeking contracts shall be open to inspection immediately after a contract has been awarded. Nothing in this provision requires the disclosure of a private person's or organization's net worth or other proprietary financial data submitted for qualification for a contract or other benefits until and unless that person or organization is awarded the contract or benefit. Information provided which is covered by this paragraph will be made available to the public upon request.

K. Public Access to Meetings and Records

If a proposer is a non-profit entity that receives a cumulative total per year of at least \$250,000 in City funds or City-administered funds and is a non-profit organization as defined in Chapter 12L of the S.F. Administrative Code, the proposer must comply with Chapter 12L. The proposer must include in its proposal (1) a statement describing its efforts to comply with the Chapter 12L provisions regarding public access **to proposer's meetings and records, and (2) a summary of all complaints concerning the proposer's compliance with Chapter 12L that were filed with the City in the last two years and deemed by the City to be substantiated.** The summary shall also describe the disposition of each complaint. If no such complaints were filed, the proposer shall include a statement to that effect. Failure to comply with **the reporting requirements of Chapter 12L or material misrepresentation in proposer's Chapter 12L** submissions shall be grounds for rejection of the proposal and/or termination of any subsequent Agreement reached on the basis of the proposal.

L. Reservations of Rights by the City

The issuance of this RFQ does not constitute an agreement by the City that any contract will actually be entered into by the City. The City expressly reserves the right at any time to:

1. Waive or correct any defect or informality in any response, proposal, or proposal procedure;
2. Reject any or all proposals;
3. Reissue a Request for Proposals;
4. Prior to submission deadline for proposals, modify all or any portion of the selection procedures, including deadlines for accepting responses, the specifications or requirements for any materials, equipment or services to be provided under this RFQ, or the requirements for contents or format of the proposals;
5. Procure any materials, equipment or services specified in this RFQ by any other means; or
6. Determine that no project will be pursued.

M. No Waiver

No waiver by the City of any provision of this RFQ shall be implied from any failure by the City to recognize or take action on account of any failure by a proposer to observe any provision of this RFQ.

N. Local Business Enterprise Goals and Outreach

The requirements of the Local Business Enterprise and Non-Discrimination in Contracting Ordinance set forth in Chapter 14B of the San Francisco Administrative Code as it now exists or as it may be amended **in the future (collectively the "LBE Ordinance") shall apply to this RFQ.**

1. LBE Subconsultant Participation Goals

The LBE subcontracting goal has been waived for this RFQ. Skip to # 2.

2. Certified LBE Bid Discount /Rating Bonus

a) Micro LBE and Small LBE Rating Bonus

The City strongly encourages applications from qualified, certified Micro and Small LBEs. Pursuant to Chapter 14B, a rating bonus will be in effect for the award of this project for any proposers who are certified by CMD as a Micro or Small LBE, or joint ventures where the joint venture partners are in the same discipline and have the specific levels of participation as identified below. For joints ventures, the certified Micro and /or Small LBE must be an active partner in the joint venture and perform work, manage the job and take financial risks in proportion to the required level of participation stated in the proposal, and must be responsible for a clearly defined portion of the work to be performed and share in the ownership, control, management responsibilities, risks, and profits of the joint venture. The portion of the certified Micro and/or **Small LBE joint venture's work shall be set forth in detail separately from the work to be performed by the non-LBE joint venture partner.** The certified Micro and/or Small LBE joint **venture's portion of the contract must be assigned a commercially useful function.** Certification applications may be obtained by visiting <http://www.sfgsa.org/index.aspx?page=6058>

The rating bonus applies at each phase of the selection process. The application of the rating bonus is as follows:

- i) 10% to a certified Micro or Small LBE; or a joint venture between or among certified Micro or Small LBEs;
- ii) 5% to a joint venture with certified Micro and/or Small LBE participation, whose participation is equal to or exceeds 35%, but is under 40% or
- iii) 7.5% to a joint venture with certified Micro and/or Small LBE participation, whose participation equals or exceeds 40%; or
- iv) 10% to a certified non-profit entity.

The rating bonus will be applied by adding 5%, 7.5%, or 10% (as applicable) to the score of each firm eligible for a bonus for the purposes of determining the highest ranked firm.

b) Small Business Administration (SBA) LBE Rating Bonus

Pursuant to Chapter 14B.7(E), a 2% rating bonus will be in effect for proposers who are certified by CMD as a SBA LBE; however, the 2% rating bonus shall not be applied at any stage if it would adversely affect a Micro or Small LBE proposer or a J/V with LBE participation.

3. CMD Forms to be submitted with Application

a) All applications submitted must include the following CMD Forms contained in the CMD Attachment 2: i) Form 2A, CMD Contract Participation Form, ii) Form 3, CMD Non-Discrimination Affidavit, iii) Form 4, CMD Joint Venture Form (if applicable), and iv) Form 5, CMD Employment Form. If these forms are not returned with the proposal, the proposal may be determined to be non-responsive and may be rejected.

b) Please submit only one (1) copy of the above forms with your proposal. The forms should be placed in a separate, sealed envelope labeled CMD Forms.

If you have any questions concerning the CMD Forms, you may call Contract Monitoring Division (415) 581-2310 or visit <http://sfgsa.org/index.aspx?page=6058>

VIII. CONTRACT REQUIREMENTS

A. Standard Contract Provisions

The successful proposer will be required to enter into a contract substantially in the form of the Agreement for Professional Services or other applicable standard City agreement, contained in Appendix A-3. Failure to timely execute the contract, or to furnish any and all insurance certificates and policy endorsement, surety bonds or other materials required in the contract, shall be deemed an abandonment of a contract offer. The City, in its sole discretion, may select another firm and may proceed against the original selectee for damages.

Proposers are urged to pay special attention to the requirements of Administrative Code Chapters 12B and 12C, Nondiscrimination in Contracts and Benefits, (§Article 10.5 **"Nondiscrimination Requirements"** in the Agreement); the Minimum Compensation Ordinance (§Article 10.7 **"Requiring Minimum Compensation for Covered Employees"** in the Agreement); the Health Care Accountability Ordinance (§Article 10.8 **"Requiring Health Benefits for Covered Employees"** in the Agreement); the First Source Hiring Program (§Article 10.9 **"First Source Hiring Program"** in the Agreement); and applicable conflict of interest laws (§Article 10.2 **"Conflict of Interest"** in the Agreement), as set forth in paragraphs B, C, D, E and F below.

B. Nondiscrimination in Contracts and Benefits

The successful proposer will be required to agree to comply fully with and be bound by the provisions of Chapters 12B and 12C of the San Francisco Administrative Code. Generally, Chapter 12B prohibits the City and County of San Francisco from entering into contracts or leases with any entity that discriminates in the provision of benefits between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of employees. The Chapter 12C requires nondiscrimination in contracts in public accommodation. Additional information on Chapters 12B and 12C is available on the CMD's website at <http://www.sfgsa.org/index.aspx?page=6058>.

C. Minimum Compensation Ordinance (MCO)

The successful proposer will be required to agree to comply fully with and be bound by the provisions of the Minimum Compensation Ordinance (MCO), as set forth in S.F. Administrative Code Chapter 12P. Generally, this Ordinance requires contractors to provide employees covered by the Ordinance who do work funded under the contract with hourly gross compensation and paid and unpaid time off that meet certain minimum requirements. For the contractual requirements of the MCO, see §43 in the Agreement.

For the amount of hourly gross compensation currently required under the MCO, see www.sfgov.org/olse/mco. Note that this hourly rate may increase on January 1 of each year and that contractors will be required to pay any such increases to covered employees during the term of the contract.

Additional information regarding the MCO is available on the web at www.sfgov.org/olse/mco.

D. Health Care Accountability Ordinance (HCAO)

The successful proposer will be required to agree to comply fully with and be bound by the provisions of the Health Care Accountability Ordinance (HCAO), as set forth in S.F. Administrative Code Chapter 12Q. Contractors should consult the San Francisco Administrative Code to determine their compliance obligations under this chapter. Additional information regarding the HCAO is available on the web at www.sfgov.org/olse/hcao.

E. First Source Hiring Program (FSHP)

If the contract is for more than \$50,000, then the First Source Hiring Program (Admin. Code Chapter 83) may apply. Generally, this ordinance requires contractors to notify the First Source Hiring Program of available entry-level jobs and provide the Workforce Development System with the first opportunity to refer qualified individuals for employment.

Contractors should consult the San Francisco Administrative Code to determine their compliance obligations under this chapter. Additional information regarding the FSHP is available on the web at <http://www.workforcedevelopmentsf.org/> and from the First Source Hiring Administrator, (415) 701-4857.

F. Conflicts of Interest

The successful proposer will be required to agree to comply fully with and be bound by the applicable provisions of state and local laws related to conflicts of interest, including Section 15.103 of the City's **Charter, Article III, Chapter 2 of City's Campaign and Governmental Conduct Code, and Section 87100 et seq.** and Section 1090 et seq. of the Government Code of the State of California. The successful proposer will be required to acknowledge that it is familiar with these laws; certify that it does not know of any facts that constitute a violation of said provisions; and agree to immediately notify the City if it becomes aware of any such fact during the term of the Agreement.

Individuals who will perform work for the City on behalf of the successful proposer might be deemed consultants under state and local conflict of interest laws. If so, such individuals will be required to submit a Statement of Economic Interests, California Fair Political Practices Commission Form 700, to the City within ten calendar days of the City notifying the successful proposer that the City has selected the proposer.

G. Healthcare Insurance Portability and Accountability Act of 1996 (HIPAA)

The parties acknowledge that City is a Covered Entity as defined in the Healthcare Insurance Portability and Accountability Act of 1996 ("HIPAA") and is therefore required to abide by the Privacy Rule contained therein. The parties further agree that Contractor may be defined as one of the following definitions under the HIPAA regulations:

- A Covered Entity¹ subject to HIPAA and the Privacy Rule contained therein;
- A Business Associate² subject to the terms set forth in Appendix A-3 **"HIPAA for Business Associates Exhibit"**;
- Not Applicable, Contractor will not have access to Protected Health Information.

H. Insurance Requirements

Upon award of contract, Contractor shall furnish to the City a Certificate of Insurance and Additional Insured Endorsements stating that there is insurance presently in effect for Contractor with limits of not less than those established by the City. (Requirements are listed in Appendix A-3 and are available for download at the Departments RFP/Q center

<http://www.sfdph.org/dph/comupg/aboutdph/insideDept/Contracts/default.asp>

I. Notes on Chapter 12B: Nondiscrimination in Contracts (Equal Benefits or Domestic Partners Ordinance)

Effective June 1, 1997 the City and County of San Francisco added to its Nondiscrimination in Contracts ordinance the requirement that all Contractors that enter into an agreement with the City must extend the same benefits to domestic partners of employees that are extended to spouses of employees. It is recommended that you thoroughly understand this requirement. Questions regarding this requirement can be directed to the person indicated in Section VI, item B, or visit the Contract Monitoring Divisions Internet site at <http://www.sfgsa.org/index.aspx?page=6058>.

J. Vendor Credentialing at San Francisco General Hospital.

¹ **"Covered Entity" shall mean an entity that receives reimbursement for direct services from insurance companies or authorities and thus must comply with HIPAA**

² **"Business Associate" shall mean an entity that has an agreement with CITY and may have access to private information, and does not receive reimbursement for direct health services from insurance companies or authorities and thus is not a Covered Entity as defined by HIPAA.**

It is the policy of San Francisco General Hospital to provide quality patient care and trauma services with compassion and respect, while maintaining patient privacy and safety. SFGH is committed to providing reasonable opportunities for Health Care Industry Representatives (HCIRs), external representatives/vendors, to present and demonstrate their products and/or services to the appropriate SFGH personnel. However, the primary objective of SFGH is patient care and it is therefore necessary for all HCIRs to follow guidelines that protect patient rights and the vendor relationship. Therefore, all HCIR's that will come onto the campus of San Francisco General Hospital must comply with Hospital Policy 16.27 "PRODUCT EVALUATION AND PHARMACEUTICAL SERVICES: GUIDELINES FOR SALES PERSONNEL, HEALTHCARE INDUSTRY REPRESENTATIVES, AND PHARMACEUTICAL COMPANY REPRESENTATIVES" **Before visiting any SFGH facilities, it is required that a HCIR create a profile with "VendorMate."** Vendormate is the company that manages the credentialing process of policy 16.27 for SFGH. For questions, or to register as a HCIR please contact the Director of Materials Management, or designee (during normal business hours) at (415) 206-5315 or sign on to <https://sfdph.vendormate.com> for details.

Such notice of protest must be received by the City on or before the fifth working day following the City's issuance of the notice of non-responsiveness. The notice of protest must include a written statement specifying in detail each and every one of the grounds asserted for the protest. The protest must be signed by an individual authorized to represent the proposer, and must cite the law, rule, local ordinance, procedure or RFQ provision on which the protest is based. In addition, the protestor must specify facts and evidence sufficient for the City to determine the validity of the protest.

B. Protest of Contract Award

Within five working days of the City's issuance of a notice of intent to award the contract, any firm that has submitted a responsive proposal and believes that the City has incorrectly selected another proposer for award may submit a written notice of protest. Such notice of protest must be received by the City on or before the fifth working day after the City's issuance of the notice of intent to award.

The notice of protest must include a written statement specifying in detail each and every one of the grounds asserted for the protest. The protest must be signed by an individual authorized to represent the proposer, and must cite the law, rule, local ordinance, procedure or RFQ provision on which the protest is based. In addition, the protestor must specify facts and evidence sufficient for the City to determine the validity of the protest.

C. Delivery of Protests

All protests must be received by the due date. If a protest is mailed, the protestor bears the risk of non-delivery within the deadlines specified herein. I. RFP INTRODUCTION & SCHEDULE

A. Introduction

The San Francisco Department of Public Health (DPH), San Francisco Health Network – Behavioral Health Services (SFHN-BHS), is soliciting proposals from interested proposers to provide mental health outpatient treatment services, beginning in Fiscal Year (FY) 2017-2018, for the Children, Youth and Family System of Care (CYFSOC). This request for proposals (RFP) includes mental health outpatient treatment services and Educationally Related Mental Health Services (ERMHS). All outpatient mental health treatment service providers are required to serve ERMHS clients, including clients identified as needing ERMHS services after a mental health outpatient treatment client episode is opened.

In addition, proposers have the option to submit a proposal to provide one or more of the three following optional specialized mental health treatment services:

1. Success, Opportunity, Achievement, Resiliency (SOAR) Classroom Mental Health Services;
2. Classroom Educational Enrichment Program (CEEP); and
3. Therapeutic Behavioral Services (TBS).

Both qualified new providers and qualified existing SFHN-BHS providers are eligible to apply for funds.

A projected total of \$33,000,000 million is available under this RFP for CYFSOC mental health outpatient treatment services and optional outpatient mental health treatment services. This estimated annual amount is subject to available funding and may increase or decrease depending on funding availability.

Specific mental health outpatient treatment and optional specialized mental health treatment service funding amounts will not be provided in the interest of receiving the highest qualified and most cost-effective proposals. Proposers are required to: 1) develop proposals that reflect their organizational treatment capacity and experience in providing the mental health outpatient treatment services for which a proposal is being submitted; and 2) justify costs within their budget narratives for providing all required services identified in this RFP.

E. San Francisco Behavioral Health System Goals and Foundational Principles

Working in collaboration with community partners, the San Francisco Department of Public Health (DPH) is the lead public agency that safeguards and maintains the City's commitment to protect and promote the health of San Franciscans by providing a full array of services, supports, and resources to residents from prevention and early intervention to treatment and transition services.

As San Francisco's largest public agency, DPH has two major divisions: 1) Population Health; and 2) the San Francisco Health Network (SFHN). The SFHN encompasses Ambulatory Care (Primary Care, Behavioral Health Services/BHS, Maternal, Child and Adolescent Health, and Jail Health Services), San Francisco General Hospital, Transitions, Managed Care, and Laguna Honda Hospital (long-term care). The SFHN is the City's only complete care system that includes primary care for all ages, dentistry, emergency & trauma treatment, medical & surgical specialties, diagnostic testing, skilled nursing & rehabilitation, and behavioral health services.

The SFHN-BHS is responsible for the administration of behavioral health treatment services in partnership with consumers, public agency partners, and the SFHN-BHS network of community-based primary care and behavioral health providers. The SFHN actively engages consumers with health and behavioral health disorders in pursuing optimal health, happiness, recovery, and a full and satisfying life in the community. The SFHN strives to apply its work in part by applying “Quadruple Aim” to behavioral health services through the lenses of cultural humility, wellness and recovery by: 1) improving the client experience of care (including quality and satisfaction); 2) improving the health of populations; 3) reducing the per capita cost of care; and 4) improving the behavioral health workforce.

The SFHN-BHS values the following aspects of behavioral health care:

1. A trauma-informed system of care that fosters wellness and resilience for everyone in the system, from our clients to the staff who serve them;
2. The practice of cultural humility where we make a consistent commitment to understanding different cultures and focusing on self-humility, maintaining an openness to someone else's cultural identity, and acknowledging that each of us brings our own belief/value systems, biases, and privileges to our work;
3. Whole Person Care that integrates both behavioral and physical care of a client including assessing the needs of a client’s identified family and other significant relationships;
4. Colleagues who have experienced behavioral health challenges and bring their empathy and empowerment to recovery in others, as well as inspire and share their experience to create a truly recovery-oriented system;
5. Valuing all clients that seek our services; and
6. Shared decision making in providing the best possible coordinated care, where clients, families and their providers collaborate as part of a team to make care decisions together.

In partnership with providers and partners, the SFHN-BHS funds a comprehensive continuum of treatment services for eligible children, youth and their families that is guided by a set of foundational principles and best practices:

1. The SFHN-BHS supports a **comprehensive assessment of client needs** across multiple domains using The Child and Adolescent Needs and Strengths (CANS) with the goal of identifying client and family strengths and focusing on high priority needs of clients.
2. The SFHN-BHS supports **clinically-driven treatment**. Treatment is **individualized, client-focused, family-centered** and responsive to both specific client/family needs and to client/family treatment progress and outcomes.
3. The SFHN-BHS supports the formation of **therapeutic alliances with clients and their families** that respects the role of and engages parents, caregivers, relatives and other significant support persons in a child’s or youth’s lives.
4. The SFHN-BHS supports an **interdisciplinary team approach** to client care. Collaboration is expected with substance use disorder treatment providers, health care

providers, and other service providers important to a client's recovery.

5. The SFHN-BHS supports the integration of **peer support** within treatment programs. Peer support offers clients and their families with significant interpersonal relationships and a shared sense of community that offers a foundation for facilitating and enhancing client wellness.
6. The SFHN-BHS supports **outcomes-based treatment** that closely monitors client responses to chosen interventions, regularly reassesses client needs, and supports a treatment planning process that adapts to client progress or lack of progress toward treatment goals.

All mental health outpatient treatment service and optional specialized mental health treatment service proposers are expected to integrate within their proposals these foundational behavioral health system principles and practices.

These requested fiscal documents will not count toward the *Minimum Requirements Narrative* five-page limit.

E. Electronic Health Record & Data Reporting Capacity and Assurances

These requested documents will not count toward the *Minimum Requirements Narrative* five-page limit

- Cannot come to a clinic site to receive the treatment they need;

If this service population is not included in a proposer's proposal, please indicate this under the *Minimum Requirements Narrative* in the proposal.

K. Americans with Disabilities Act and Access Requirements

Americans with Disabilities Act (ADA) compliance and implementation of access to persons with the broadest possible range of abilities is required. Proposers who have a vendor number must provide it or proposers may provide proof that they have started the process. Existing vendors must show proof of good standing to do business with the City including a current business tax license, and required insurance must be attached. Please refer to **Appendix A-2** for Vendor Application process or visit <http://sfgsa.org/index.aspx?page=4762> to become eligible to do business with the City and County of San Francisco and refer to **Appendix A-3** for Insurance Requirements.

As a prime grantee of federal awards, the City and County of San Francisco is required to comply with Federal Funding Accountability and Transparency Act (FFATA) reporting requirements and report federal sub-awards made to sub-recipients. The City must verify that prospective contractors of federal awards are not suspended or debarred or otherwise excluded from participating in obtaining contracts with the City. It is the Federal and San Francisco's Office of Contracts Administration (OCA)'s policy that Departments verify contractors using the

System of Award Management (SAM). SAM is the place where all businesses must register in order to be awarded a government contract.

RFP 1-2017 CYF Mental Health Outpatient Treatment Services & Optional Specialized Mental Health Treatment Services

A cognitive behavioral treatment that focuses on mindfulness, distress tolerance, interpersonal effectiveness, and emotion regulation. Has proven promising for persons with eating disorders - www.behavioraltech.org.

Services take into account an understanding of trauma and place priority on trauma survivors' safety, choice and control - www.seekingsafety.org.

5. Family Systems Treatments including:

a. Brief Strategic Family Therapy - www.bsft.org.

Brief Strategic Family Therapy (BSFT) is a brief intervention used to treat co-occurring problem behaviors including drug use, conduct problems at home and at school, oppositional behavior, delinquency, associating with antisocial peers, aggressive and violent behavior, and risky sexual behavior. BSFT is based on three basic principles: 1) BSFT is a family systems approach that means family members are interdependent - what affects one family member affects other family members; 2) the patterns of interaction in the family influence the behavior of each family member; and 3) interventions are carefully targeted and provide practical ways to change patterns of interaction that are directly linked to an adolescent's problem behaviors and drug use.

b. Family Based Treatment (FBT) for Eating Disorders - www.train2treat4ed.com.

Also known as the Maudsley Approach, FBT is an evidence-based model of outpatient therapy for families of children and adolescents with anorexia or bulimia. During FBT, parents play a very active role in helping their child restore a normal weight and regain stability in eating. When appropriate, FBT is recommended as a first line of treatment for children/adolescents who are safe to be treated outside of a hospital setting and can comply with the treatment protocol.

In addition, DPH is interested in supporting services that have been proven successful in supporting school-based treatment service outcomes to reduce student truancy, suicidality, co-occurring substance abuse issues as well as externalizing problems such as aggression and bullying. Proposers must describe how any practices proposed have proven effective in improving school performance and reducing stressors and symptoms that inhibit school performance with the proposed service populations to be served.

C. Case Management Services

The Department of Public Health requires all proposers to offer case management services to ensure that the “whole person” needs of outpatient mental health treatment clients are met. Case management services are considered effective and proactive when they directly link clients to needed services and supports through “warm handoffs” that ensure clients and their families are connected and stay connected to primary care, substance use disorder treatment, and other needed services through closely coordinated referrals by behavioral health clinicians. This may include regular check-ins after treatment discharge with primary care homes and substance use disorder treatment providers to support continued client progress and interaction with the juvenile justice system, schools, and child welfare.

C. Contract Award

The Department of Public Health, will issue Notices of Intent to Award to the selected Proposer with whom DPH staff shall commence contract negotiations. The selection of any proposal shall not imply acceptance by the City of all terms of the Proposal, which may be subject to further negotiation and approvals before the City may be legally bound thereby. If a satisfactory contract cannot be negotiated in a reasonable time the Department in its sole discretion may terminate negotiations with the recommended Proposer and begin contract negotiations with the next recommended Proposer.

The City and County intends to award contracts to agencies that it considers will provide the most cost effective program services. The City and County reserves the right to accept other than the lowest price offer and to reject any proposals that are not responsive to this request.

VII. TERMS AND CONDITIONS FOR RECEIPT OF PROPOSALS

Proposers are to promptly notify the Department, in writing, if the proposer discovers any ambiguity, discrepancy, omission, or other error in the RFP. Any such notification should be directed to the Department promptly after discovery, but in no event later than five working days prior to the date for receipt of proposals. Modifications and clarifications will be made by addenda as provided below.

The failure of a proposer to object in the manner set forth in this paragraph shall constitute a complete and irrevocable waiver of any such objection.

D. Change Notices (Addenda)

The Department may modify the RFP, prior to the proposal due date, by issuing Change Notices, which will be posted on the website. The proposer shall be responsible for ensuring that its proposal reflects any and all Change Notices issued by the Department prior to the proposal due date regardless of when the proposal is submitted. Therefore, the City recommends that the proposer consult the website frequently, including shortly before the proposal due date, to determine if the proposer has downloaded all Change Notices.

A proposer may revise a proposal on the proposer's own initiative at any time before the deadline for submission of proposals. The proposer must submit the revised proposal in the same manner as the original. A revised proposal must be received on or before the proposal due date.

In no case will a statement of intent to submit a revised proposal or commencement of a revision process extend the proposal due date for any proposer.

At any time during the proposal evaluation process, the Department may require a proposer to provide oral or written clarification of its proposal. The Department reserves the right to make an award without further clarifications of proposals received.

G. Errors and Omissions in Proposal

Failure by the Department to object to an error, omission, or deviation in the proposal will in no way modify the RFP or excuse the vendor from full compliance with the specifications of the RFP or any contract awarded pursuant to the RFP.

H. Financial Responsibility

The City accepts no financial responsibility for any costs incurred by a firm in responding to this RFP. Submissions of the RFP will become the property of the City and may be used by the City in any way deemed appropriate.

I. Proposer's Obligations under the Campaign Reform Ordinance

Proposers must comply with Section 1.126 of the S.F. Campaign and Governmental Conduct Code, which states:

No person who contracts with the City and County of San Francisco for the rendition of personal services, for the furnishing of any material, supplies or equipment to the City, or for selling any land or building to the City, whenever such transaction would require approval by a City elective officer, or the board on which that City elective officer serves, shall make any contribution to such an officer, or candidates for such an office, or committee controlled by such officer or candidate at any time between commencement of negotiations and the later of either (1) the termination of negotiations for such contract, or (2) three months have elapsed from the date the contract is approved by the City elective officer or the board on which that City elective officer serves.

If a proposer is negotiating for a contract that must be approved by an elected local officer or the board on which that officer serves, during the negotiation period the proposer is prohibited from making contributions to:

- The officer's re-election campaign;
- A candidate for that officer's office;
- A committee controlled by the officer or candidate.

The negotiation period begins with the first point of contact, either by telephone, in person, or in writing, when a contractor approaches any city officer or employee about a particular contract, or a city officer or employee initiates communication with a potential contractor about a contract. The negotiation period ends when a contract is awarded or not awarded to the contractor. Examples of initial contacts include:

- A vendor contacts a city officer or employee to promote himself or herself as a candidate for a contract; and
- A city officer or employee contacts a contractor to propose that the contractor apply for a contract. Inquiries for information about a particular contract, requests for documents relating to a Request for Proposal, and requests to be placed on a mailing list do not constitute negotiations.

Violation of Section 1.126 may result in the following criminal, civil, or administrative penalties:

- **Criminal.** Any person who knowingly or willfully violates section 1.126 is subject to a fine of up to \$5,000 and a jail term of not more than six months, or both.
- **Civil.** Any person who intentionally or negligently violates section 1.126 may be held liable in a civil action brought by the civil prosecutor for an amount up to \$5,000.
- **Administrative.** Any person who intentionally or negligently violates section 1.126 may be held liable in an administrative proceeding before the Ethics Commission held pursuant to the Charter for an amount up to \$5,000 for each violation.

For further information, proposers should contact the San Francisco Ethics Commission at (415) 581- 2300.

In accordance with S.F. Administrative Code Section 67.24(e), contractors' bids, responses to RFPs and all other records of communications between the City and persons or firms seeking contracts shall be open to inspection immediately after a contract has been awarded. Nothing in this provision requires the disclosure of a private person's or organization's net worth or other proprietary financial data submitted for qualification for a contract or other benefits until and unless that person or organization is awarded the contract or benefit. Information provided which is covered by this paragraph will be made available to the public upon request.

K. Public Access to Meetings and Records

Administrative Code, the proposer must comply with Chapter 12L. The proposer must include in its proposal (1) a statement describing its efforts to comply with the Chapter 12L provisions regarding public access to proposer's meetings and records, and (2) a summary of all complaints concerning the proposer's compliance with Chapter 12L that were filed with the City in the last two years and deemed by the City to be substantiated. The summary shall also describe the disposition of each complaint. If no such complaints were filed, the proposer shall include a statement to that effect. Failure to comply with the reporting requirements of Chapter 12L or material misrepresentation in proposer's Chapter 12L submissions shall be grounds for rejection of the proposal and/or termination of any subsequent Agreement reached on the basis of the proposal.

L. Reservations of Rights by the City

The issuance of this RFP does not constitute an agreement by the City that any contract will actually be entered into by the City. The City expressly reserves the right at any time to:

1. Waive or correct any defect or informality in any response, proposal, or proposal procedure;
2. Reject any or all proposals;
3. Reissue a Request for Proposals;
4. Prior to submission deadline for proposals, modify all or any portion of the selection procedures, including deadlines for accepting responses, the specifications or requirements for any materials, equipment or services to be provided under this RFP, or the requirements for contents or format of the proposals;
5. Procure any materials, equipment or services specified in this RFP by any other means; or
6. Determine that no project will be pursued.

M. No Waiver

No waiver by the City of any provision of this RFP shall be implied from any failure by the City to recognize or take action on account of any failure by a proposer to observe any provision of this RFP.

N. Local Business Enterprise (LBE) Goals and Outreach

The LBE Goal is deleted due to Federal Funds/State Funds being used in the funding mix for this RFP. **Department note on certified LBE's.** The City strongly encourages proposals from qualified and certified LBE's or the inclusion of certified LBE's in your project team. A list of certified LBE's can be found at: www.sfgsa.org. For information on becoming a certified LBE, visit www.sfgsa.org.

Contractors should consult the San Francisco Administrative Code to determine their compliance obligations under this chapter. Additional information regarding the FSHP is available on the web at <http://www.workforcedevelopmentsf.org/> and from the First Source Hiring Administrator, (415) 701-4857.

The successful proposer will be required to agree to comply fully with and be bound by the applicable provisions of state and local laws related to conflicts of interest, including Section 15.103 of the City's Charter, Article III, Chapter 2 of City's Campaign and Governmental Conduct Code, and Section 87100 et seq. and Section 1090 et seq. of the Government Code of the State of California. The successful proposer will be required to acknowledge that it is familiar with these laws; certify that it does not know of any facts that constitute a violation of said provisions; and agree to immediately notify the City if it becomes aware of any such fact during the term of the Agreement.

Individuals who will perform work for the City on behalf of the successful proposer might be deemed consultants under state and local conflict of interest laws. If so, such individuals will be required to submit a Statement of Economic Interests, California Fair Political Practices Commission Form 700, to the City within ten calendar days of the City notifying the successful proposer that the City has selected the proposer.

I. INTRODUCTION, CONTRACT TERM, FUNDING AND SCHEDULE

A. General

BHS funding is available to be contracted out for the provision of **Mental Health Outpatient Modality Services** described below, starting Fiscal Year 2017-18.

These monies to be contracted out are not new monies, but continuation of funding for services that need to be re-RFPd. Several programs will be funded from this RFP.

This is a Request for Proposals to provide Mental Health Outpatient Modality services described in the next Scope of Work –Section II below, under the mental health Adult/Older Adult (A/OA) Systems of Care of Behavioral Health Services, Department of Public Health, City and County of San Francisco. This RFP is seeking qualified providers of *regular* mental health outpatient services. *Regular* outpatient mental health services are differentiated from non-regular outpatient *Mental Health Intensive Case Management Services* which are being solicited in a separate RFP.

The Mental Health A/OA funds mental health outpatient, intensive case management, crisis stabilization, residential treatment services, supportive housing and other adjunct services (such as representative payee and income assistance advocacy) to residents of the city and county of San Francisco who have serious mental illness and resulting significant functional impairments. About 21,000 unduplicated individuals are served annually by the BHS Adult/Older Adult, Systems of Care ages 18 and over, for serious mood, schizophrenic/psychotic, anxiety, adjustment and other mental disorders, including with co-occurring substance use disorders, and significant primary care, functional impairment and quality-of-life issues. Separate RFPs are being issued to solicit providers for the other service modalities (intensive case management, residential treatment, supportive housing and other adjunct services) within the BHS Adult/Older Adult, Systems of Care.

(Note: BHS funding for behavioral health programs that are *dedicated to specifically serving only transitional youth aged clients* are being solicited in a *separate RFP* solicitation. However, all BHS services being solicited *in this RFP* are *also* meant to be able to serve transition age youth clients ages 18-24, as part of serving all adult clients over 18.)

Services provided under the BHS A/OA are funded via a combination of Medi-Cal, county general fund, state realignment, Mental Health Services Act, Medicare, grants and other revenues dedicated to mental health. Clients eligible to be served are those who meet Medi-Cal medical necessity criteria for specialty mental health services, which requires the client to have an *included* mental health disorder diagnosis and significant functional impairment resulting from that diagnosis. BHS has a single standard of care, providing equivalent care to individuals without private health insurance coverage, including indigent or undocumented individuals.

Services funded and provided by BHS A/OA SOC are guided by the following overarching principles:

- **Wellness & Recovery**

BHS subscribes to a Wellness & Recovery approach to providing mental health services, and to working in partnership with clients to attain treatment plan objectives. Services assist clients in overcoming impairments resulting from their mental health diagnosis, and in order for them to achieve life goals. Belief is cultivated in clients' ability to recover from their mental illness and succeed in their endeavors. Providers become involved in a partnership with clients to identify and harness clients' strengths toward desired outcomes.

Clients are not identified by their diagnosis and resulting impairments, but by their individual strengths and aspirations. Services should promote recovery and resiliency by allowing clients and consumers to participate in defining their own goals so they can live fulfilling and productive lives. BHS encourages confidence in clients' success.

Clients are also valued by BHS in their ability to help fellow clients. Roles for peers to provide assistance to other peers are incorporated into program design and service delivery, including employing clients in the paraprofessional role of peer counselor.

- **Client Satisfaction**

BHS A/OA SOC is committed to improving clients' experience-of-care, including quality and satisfaction. Services are client-centered, proceed from client choice and informed consent, and involve a partnership between the BHS provider and the client in the provision and receipt of mental health services to help the client achieve personal goals.

In compliance with federal managed care regulations that protect clients' rights – given the Medicaid Section 1915(b) Waiver which carved-out Medi-Cal specialty mental health benefits (and given BHS's single standard of care for all clients) – all BHS clients have the right to timely access to care, grievance and appeals process, choice of provider within the BHS provider network, second medical opinion, privacy of health information and access to their medical records, among other rights, as detailed by regulations. All BHS programs have to comply with these managed care regulations.

Services should engage clients, significant others and families in the provision of their care, as well as in all aspects of the mental health system, including planning, policy development, service delivery, and evaluation.

- **Staff and Satisfaction**

BHS values its relationships with its network of providers, both contracted and civil-service-operated programs. Providers are considered important partners in delivering quality services to clients. BHS promotes effective communication, problem-solving, involvement in decision-making, and thoroughgoing support of staff and providers.

- **Client-Outcomes Oriented**

BHS is committed to measurably improving clients' well-being, functioning and quality of life. BHS A/OA SOC utilizes the Adult Needs & Strengths Assessment, and other data sets derived

from the Avatar electronic health record, to assess, plan and track for favorable client outcomes. Effectiveness is supported, not only at the client-level, but also at the clinician, program and system-of-care levels, through supervision, continuous quality improvement initiatives and employment of effective clinical practices.

- **Cultural and Linguistic Competence**

Services should reflect the values, customs, beliefs, and languages of the populations served and eliminate disparities in service access.

- **Trauma-Informed System of Care**

BHS subscribes to the principles of a trauma-informed system of care that starts with an understanding of trauma and stress and leads to compassionate interactions, dependable and trustworthy relationships, informed steps toward wellness, safety and stability, collaboration and empowerment, cultural humility and responsiveness, and resilience and recovery – for both clients and staff.

- **Integrated Care**

BHS recognizes the necessity of attending to clients' overall health, to include not just mental health, but physical health and co-occurring substance use disorder. Chronic mental health conditions have resulted in poorer health and shorter life expectancy for individuals with serious mental illness. Substance use disorder compounds mental health problems. Overall health functioning is impaired by mental disorders and is an important focus of mental health treatment and rehabilitation services. This includes connecting clients to primary care and substance abuse treatment services as necessary, and assisting clients toward overall wellness.

- **Access to Services**

In line with BHS' designation as the provider of specialty mental health services in San Francisco county to individuals and families on Medi-Cal, BHS promotes unhindered access to care to clients whose mental health condition and impairment meet medical necessity criteria for services. Clients' right to receive care, and in a timely fashion, are protected by beneficiary grievance and appeals processes, and promoted by BHS policies, such as the advanced access policy that requires clients requesting appointments to be seen within 24-28 hours. The right to access care extends to poor, uninsured and undocumented individuals covered by the county's safety net of health services.

- **Priority to Individuals with Serious Mental Illness**

BHS' Medi-Cal specialty mental health services are designated for moderate to serious mental health conditions that meet medical necessity for services that cannot be provided by primary care providers. To the extent that resources are available, BHS prioritizes serving individuals and families with the most serious and chronic mental illnesses, who have experienced the most adverse impairments in functioning and reduction in quality of life, such as homelessness, incarceration and institutionalization, due to their mental illness.

- **Clinical Case Management**

BHS A/OA mental health services involve not just treating mental health symptoms but improving clients' quality of life and achievement of personal aspirations through overcoming barriers from serious mental illness. BHS services employ a whole person approach that address clients individual in their psychosocial environment – taking into account not only their psychiatric condition, but also the effects of this condition on their: ability to function in the community; housing situation; family life; social relations and environment; physical health; employment and/or education; income; socio-economic status; legal and criminal justice involvement; and their safety and potential for exploitation. Clinical case management includes not only assessment, therapy, rehabilitation, collateral contacts, and medication support services, but also intensive outreach and follow-up in the community, and case management brokerage services to link client to resources.

- **Collaborations and Transitions across Levels-of- Care**

BHS clients are often high users of multiple health and human services, including of behavioral health services across different levels of care (crisis, inpatient, jail, residential treatment, long-term care) within the BHS mental health and substance abuse systems-of-care. BHS requires that providers collaborate effectively in the transitions of clients across different modalities of healthcare (such as from psychiatric inpatient to outpatient care) to facilitate an effective, seamless and coordinated continuity of care.

- **Harm Reduction**

BHS abides by the harm reduction philosophy adopted by the San Francisco Health Commission, which promotes methods of reducing the physical, social, emotional, and economic harms associated with drug and alcohol use and other harmful behaviors on individuals and their community. Harm reduction methods and treatment goals are free of judgment or blame and directly involve the client in setting their own goals.

- **Continuous Quality Improvement**

BHS supports continuous quality improvement in patient experience, client outcomes, clinical quality and provider satisfaction. Initiatives that improve the quality of practices at the service delivery team, program, agency and system-of-care levels are encouraged. These include the use of evidence-based practices and practice-based knowledge.

- **Cost Containment**

BHS supports clients' wellness and recovery in the community, and in the most independent and least restrictive settings. Toward this end, BHS providers work with clients to stabilize periods of acute crisis and disability, and to reduce expensive incidences of psychiatric emergency, inpatient, locked and institutional care.

- **Utilization Management**

As required by Medi-Cal regulations, BHS has a set of policies and procedures for utilization management that evaluates the appropriateness and medical need for different modalities and levels-of-care of mental health services (such as outpatient, intensive case management, inpatient, day and residential treatment), and that authorizes service utilization.

- **Medi-Cal Compliance**

BHS providers must adhere to Medi-Cal regulations governing site and staff certifications, program and staff practices, including billing compliance, and clinical chart documentation standards.

- **Privacy**

BHS providers must comply with the Privacy-related policies of the San Francisco Department of Public Health (DPH) developed to comply with the federal Health Insurance Portability and Accountability Act (HIPAA) of 1996, and with other federal, state, and DPH-specific rules and regulations pertaining to patient confidentiality.

- **Meaningful Use of Electronic Health Record**

BHS requires its mental health providers to use the certified NetSmart Avatar electronic health record (EHR), and to have an in-house informaticist to oversee the accurate, effective and meaningful use of EHR to improve quality, safety and efficiency; ensure regulatory compliance; engage with clients and families; improve care coordination; maintain privacy and security of patient health information; improve client population health; and liaison and work in partnership with BHS IT to ensure consistent and reliable data outcome reporting.

- **Accessibility of Services (Americans with Disability Act)**

BHS providers must comply with Title II of the Americans with Disabilities Act, as well as with all other laws and regulations that require all programs offered through state and local governments to be accessible and usable to people with disabilities.

The specific Mental Health Outpatient modality services for which this RFP is seeking providers are described in Section II, Scope of Work, of this RFP.

II. SCOPE OF WORK

This section describes in detail the Mental Health Outpatient Modality Services that are going to be contracted for.

This Scope of Work is to be used as a general guide, and is not intended to be a complete list of all work necessary to complete the project.

The following are work tasks assumed necessary to provide Mental Health Outpatient Modality Services. Proposing teams may suggest specific scope of work in their proposal.

1. Outpatient Mental Health Modality Overview
2. Modes of Service Definitions
3. Guiding Service Delivery Principles for Outpatient Modality
4. Funding Specifications
5. Outpatient Set Asides

1. Outpatient Mental Health Modality Description

The Mental Health Outpatient modality is the mainstay of the BHS Mental Health System of Care, the level-of-care where majority of clients are served. It is where ongoing treatment and ultimate recovery in the community takes place over time.

All BHS mental health outpatient programs function in collaboration with the other BHS providers in other service modalities and other levels-of-care within a larger BHS system of behavioral health care – accepting referrals from other parts of the system (i.e. emergency, inpatient, institutional, residential, etc.) and exiting clients when clinically appropriate.

Mental Health Outpatient services include services designed to treat and provide intervention for clients experiencing serious psychiatric distress and resulting functional impairments. Services must be designed to address the needs of individuals with serious mental illness, the acuity, severity and chronicity of which varies by client and over time. The priority population is composed of those individuals with serious mental illness who have multiple and severe functional impairments and psychiatric symptoms that require ongoing mental health, rehabilitative and clinical case management services. Services are intended to reach the most disenfranchised, poor and indigent populations who would not otherwise have access to mental health care. Their behavioral health problems may come with co-occurring disorders, repeated use of emergency services, homelessness, institutional care, involvement with the criminal justice system, grave disability or severe risk to self or others. Providers are expected to implement a treatment process by which client acuity and risk, treatment plan progress, and therapeutic interventions are continually assessed. Service plans must clearly address impairments and risks resulting from the client's psychiatric condition, and outline goals, objectives and interventions toward positive outcomes and recovery.

Outpatient services are to be delivered in a clinical case management service delivery model, which looks at the client as a whole-person in their psychosocial environment, taking into account not only their psychiatric condition, but also the effects of this condition on their: ability to function in the community; housing situation; family life; social relations and environment; physical health; employment; education; finances; socio-economic situation; legal and criminal justice involvement; and their safety and potential for exploitation. Therefore, this clinical case management service delivery model provides not only assessment, therapy, rehabilitation services and collateral contacts, but also outreach and case management/brokerage services to link the client with necessary community resources and services such as housing and/or healthcare which are necessary to address the client's psychiatric condition, improvement in functioning and their overall recovery. Given that BHS serves individuals with the most serious mental illness, there will be times when outpatient services are expected to provide intensive outreach and follow-up in the community.

Outpatient Mental Health programs are to be located in the various neighborhoods and diverse communities throughout San Francisco, and must be sensitive and responsive to the needs of the diverse populations served: all age groups from Transitional Youth (ages 18-24) to Adults and Older Adults, all races and ethnicities (including populations with languages other than English), sexual preferences and gender identities.

Outpatient programs are expected to accomplish this by utilizing the following service functions.

2. Outpatient Modes of Service Definitions

3. Guiding Service Delivery Principles for Mental Health Outpatient Modality

Along with the general principles described in the above Introduction General Section I of this RFP, that govern all mental health services provided by under the BHS Adult/Older-Adult Systems-of-Care, the specific principles described below additionally govern BHS Mental Health Outpatient Modality services.

In addition to the following Section I-described BHS A/OA SOC general principles of:

- *Wellness & Recovery*
- *Client Satisfaction*
- *Staff and Provider Satisfaction*
- *Client-Outcomes Oriented*
- *Cultural and Linguistic Competence*
- *Trauma-Informed System of Care*
- *Integrated Care*
- *Access to Services*
- *Priority to Individuals with Serious Mental Illness*

BHS mental health outpatient services must additionally subscribe to the following outpatient-modality specific principles:

- **Availability of Medication Support Services**

Qualified providers of mental health outpatient services under contract with BHS must show adequate capacity to provide, and/or ability to link clients, to psychiatric medication support services, which are essential component services needed for the treatment of individuals with serious mental illnesses.

- **Program Utilization Review and Quality Committee**

Providers will be delegated by BHS the function of authorizing outpatient mental health services to beneficiaries by assessing if potential clients meet medical necessity criteria for Medi-Cal specialty mental health services, defined as having an included DSM5 mental health diagnosis, significant functional impairment resulting from the mental health condition, and need for treatment and rehabilitation services unable to be provided in primary care. Providers must establish a Program Utilization Review and Quality Committee to regularly perform this delegated utilization authorization function, following BHS policy and procedures..

- **Advanced Access**

BHS mental health outpatient programs are required to implement Advanced Access by providing same-day, walk-in initial appointments for clients, during office hours from Monday through Friday. Outpatient programs shall match daily appointment availability with client demand at the front door. At the initial appointments, clients' needs are assessed, urgent or crisis care is provided when indicated, and follow-up treatment arranged if needed.

Mental health outpatient programs must be able to immediately assign a case manager for clients being discharged from a psychiatric inpatient hospital, and provide the client an appointment with the assigned case manager within five calendar days of discharge.

4. Funding Specifications:

Submission to this RFP must indicate cost efficiency in service delivery by clearly delineating the number, type and rates of services to be provided, as well as the number of unduplicated clients.

All programs funded through this program will be expected to bill Medi-Cal specialty mental health federal participation for provision of covered services to the extent that the target population includes Medi-Cal eligible clients. Programs certified or able-to-be-certified for Mental Health Short-Doyle Medi-Cal or EPSDT will receive funding priority.

5. Set Aside Outpatient Funding:

In addition, included in this modality section are solicitations for distinct proposals to provide specialized outpatient programming for the following services below.

Applicants to this RFP must indicate in their application if they are bidding to provide any of these specialized outpatient programming services below.

- a. Broderick St. Mental Health Outpatient Program
- b. Deaf and Hard of Hearing Mental Health Outpatient Programming

- c. Supportive Housing Mental Health Outpatient Services
- d. COVER Mental Health Outpatient Program for Homeless Veterans
- e. Older Adult Mental Health Outpatient Programs
- f. NOVA Criminal Offenders Mental Health Outpatient Program
- g. Mental Health Crisis & Urgent Care Clinic

And aside from the above bulleted list of specialized mental health outpatient programming (each described in detail below) for which RFP responders can indicate in their applications that they are specifically bidding to provide, all general bidders to this mental health outpatient RFP must demonstrate in their applications their ability to serve diverse client populations, across all ages (18 and older), ethnicities, languages, genders, and sexual preferences, and including target populations impacted severely by mental illness, such as individuals with mental illness who are psychiatrically hospitalized, institutionalized, rendered homeless or involved with the criminal justice system as a result of their mental illness. Mental health outpatient programs will also be funded in various neighborhoods in the city.

Funding Set-Asides:

Broderick Street Mental Health Outpatient Program

Behavioral Health Services has set aside funding to provide an outpatient mental health service to 33 residents who are being served at the Broderick Street Adult Residential Facility, a board and care facility funded through the San Francisco Department of Public Health. This facility provided permanent housing 24-hours a day, 7 days a week to 33 residents with psychiatrically and medically complex conditions.

To help ensure the safety, care, and stability of Broderick Street residents in the community, BHS has set aside funds to support a residential-based mental health services component for Broderick Street. This component includes outpatient mental health services provided on-site at Broderick Street, including, but not limited to, assessment, medication evaluation, psychiatry visits, counseling and therapy, case management, group therapy, crisis intervention, and adjunct medical support services such as nursing and medication support.

The residential mental health and medical service component provided on-site is not similar in structure and frequency to those that would typically be provided at other BHS outpatient clinics. Broderick Street services are more intensive; the counselor's caseload is lower; there are several nurses working on-site; and services are provided Monday through Sunday, mornings to evenings. Providing the mental health and medical support services empowers consumers to transition from inpatient, locked and/or long-term facilities to Broderick Street and live safely in the community.

Behavioral Health Services will fund one provider to serve Broderick Street residents.

Therefore, the costs of providing the medical, as well as the board-and-care and housing-operations related staffing and expenses, are to be included in program proposals put forward under this Broderick Street Mental Health Outpatient Program. The board-and-care housing and the medical services provided, separate from the mental health outpatient

services provided, can be claimed via client-bed-day units of services. The proposed budgets submitted under this Broderick Street set-aside will include any board-and-care housing-related and medical service costs claimable via client-bed-day units, or other via other non-mental-health outpatient units of services

Proposers must meet all proposal requirements for mental health outpatient services outlined in this section.

Deaf and Hard of Hearing Mental Health Outpatient Programming

Behavioral Health Services is setting aside funding toward culturally-sensitive and language-accessible, integrated mental health and substance abuse outpatient treatment services for deaf, hard of hearing, and late deafened individuals and their family members/significant others residing in San Francisco County.

Supportive Housing Mental Health Outpatient Services

BHS is setting aside funding to provide mental health services on site at the supportive housing programs to assist clients to maintain their housing. These mental health services can be provided at SROs, master leased buildings, buildings owned by providers or leased independent cooperative living apartments. **The costs of providing rental/housing subsidies, housing-milieu case management services (including to Avatar-unregistered clients of the supportive housing programs), and housing-operations related staffing and expenses, are to be included in program proposals put forward under this Supportive Housing Mental Health Outpatient Services funding set-aside, in recognition of providers proposing to provide a comprehensive supportive housing service, that includes actual provision of housing, within which the supportive housing mental health outpatient services are based. Housing services provided, separate from mental health outpatient programs, can be claimed via client-bed-day units of services. The proposed budgets submitted under this set-aside will include any housing-related service costs claimable via client-bed-day units.**

COVER Mental Health Outpatient Program for Homeless Veterans

BHS is setting aside funding from the Sheriff's Department to provide outreach and short-term mental health services to homeless veterans while they are housed at the San Francisco County Jail #5 and upon discharge. The COVER Program delivers case management services to assist incarcerated veterans with access to housing transition, treatment, medical, educational, social, prevocational, vocational, rehabilitative, or other community services. Individual and group therapies and interventions provided while clients are in custody are designed to reduce recidivism and mental disability. Services should focus on improving the functioning of clients consistent with the program goals of independent living and enhanced self-sufficiency.

Older Adult Mental Health Outpatient Programs

Via set-aside funding, BHS seeks proposals to provide mental health outpatient services for BHS *older-adult clients* living in the older-adult BHS *service catchment areas* 2, 4 and 5. These service-catchments cover the following respective areas:

- Catchment 2: Western Addition/area bounded by Geary-Gough-Market-Stanyan-Marina-Presidio
Catchment 4: North of Market/Tenderloin/South of Market
Catchment 5: Richmond and Sunset Districts

NOVA Criminal Offenders Mental Health Outpatient Program

Funding in this RFP has been set-aside to provide mental health outpatient services to individuals involved in the criminal justice system as a result of their mental health conditions. The target population is the mentally ill offender population which makes up approximately 18% of the average daily jail population. This special mental health outpatient programming will collaborate with NOVA case management programs, the Sheriff's Department, Behavioral Health Court, Jail Psychiatric Services, and other collateral agencies. Proposers must include supported employment programming that addresses that help clients with the discrimination they face for their mental health issues and criminal justice histories, by promoting recovery through employment, in collaboration with the state Department of Rehabilitation. This program must be able to serve both males and females, including addressing the needs of an ever-increasing female mentally ill offender population

Mental Health Crisis & Urgent Care Clinic

Set-aside funding is available for the provision of psychiatric crisis and urgent care services to San Francisco residents, via a mental health crisis clinic. This program will serve clients needing urgent interim or stabilization medications prior to beginning services at regular outpatient mental health clinics. The program is to accept community referrals and walk-ins. Services are also designed to prevent unnecessary hospitalization. Crisis contacts are 90-day services, allowing for symptom stabilization, appropriate transitional care and linkage to outpatient and other community services.
