### SCOPE OF WORK: AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009

#### ARRA PROVISIONS

1. The Community Services Block Grant has been established, funded and administered under the provisions of the American Recovery and Reinvestment Act of 2009 ("ARRA"), and is subject to the guidance, directives and applicable laws and regulations of the Federal Government and the State of California. The parties recognize and agree to the following underlying principles, which shall form the framework for implementation of ARRA and the subject program.

#### WHEREAS:

- ARRA is a comprehensive, yet targeted, response of the Federal Government to the severe and adverse economic conditions prevailing in the United States of America;
- These conditions require urgent and immediate action by and among many segments of society and the national economy;
- ARRA and the subject program are intended to stimulate economic activity and job growth in the communities served by the parties; and
- The Office of Management and Budget (OMB) considers all Federal programs with ARRA expenditures to be "high risk" due to the new transparency and accountability requirements; and
- The urgency of the economic conditions is such that some of the requirements and elements of the subject program have not been fully elaborated by the Federal Government and, as a consequence, the needed enabling measures and actions by the State of California are in preliminary form;

#### IT IS THEREFORE AGREED:

- A. That the parties shall be guided by and subject to the provisions of ARRA, ARRA-related legislation, and all Federal and State regulations, directives, guidance and circulars issued for the purpose of implementing the ARRA program (hereinafter "ARRA Obligations");
- B. Because some requirements of the ARRA program lack specificity, particularly with regard to, but not limited to, reporting requirements, funding allocations, timeframes and the like, CSD shall provide Contractor with specific ARRA requirements as they are issued or are otherwise made available to CSD by the Federal and State Government, which requirements shall be binding on the

Contractor as a condition of the Contractor's participation in the ARRA program, and as a condition of receipt of funds under the program, PROVIDED:

- That such additional requirements shall be issued by CSD in writing in the form of "ARRA program guidance, bulletins and/or directives;"
- That such additional requirements shall be issued by CSD in most timely and expeditious manner practicable;
- That such additional requirements shall be reasonably necessary to satisfy the Contractor's and CSD's ARRA Obligations and to realize the purposes of ARRA;
- 4) That major and material changes in the ARRA program and/or ARRA requirements which substantially affect the Contractor's and/or CSD's ability to fulfill their ARRA Obligations or otherwise serve to create a substantial hardship on either the Contractor or CSD shall be subject to an amendment to this Agreement;
- That the parties' failure to execute a mutually acceptable amendment, as contemplated in subparagraph B., 4) above, in a reasonable period of time, given the exigencies of the ARRA program, shall result in this Agreement's being without force and effect subject only to such provisions contained herein as are intended to survive the Agreement in accordance with the express and implied provisions of applicable Federal and State law; and
- That upon CSD's good faith determination, delivered to the Contractor by written notice, that Agreement between the parties to any necessary amendment as contemplated in subparagraph B., 4) above, cannot be achieved, then this Agreement shall be "closed out" and the funds disposed in accordance with established CSD procedure and policy and as required under Federal and State law.
- C. That the Contractor shall, in accordance with such governing laws, charter, articles, bylaws, ordinances, rules and procedures as are applicable to the Contractor, issue resolutions for the approval of this Agreement which may address the unique nature of ARRA program requirements and ARRA Obligations and which may create provisional or conditional authorizations or approvals that are subject to further elaboration and/or determination as contemplated in subsection B. above., to include, but not limited to grant amounts, and such other provisions which may, during the term of this Agreement, be altered or adjusted as a result of actions by the Federal and State Governments in accordance with ARRA and ARRA Obligations. Should the

Contractor be obligated under its own procedure to amend or reissue such resolutions as are contemplated herein, it shall provide a copy of such resolution to CSD as soon as is practicable.

- D. That for purposes of ensuring full compliance with ARRA and ARRA Obligations, CSD may initiate special audits, monitoring visits and requests for ARRA program-related information, which Contractor shall provide and/or accommodate in a timely fashion.
- E. That Contractor shall, to the extent practical and feasible, include in all informational materials made available to the general public, including but not limited to newsletters, bulletins, fliers, advertisements, forms and signs, the following phrase: "This project, program or service is funded in whole or in part by the American Recovery and Reinvestment Act of 2009 in cooperation with the California Department of Community Services and Development."

#### PURPOSE

Contractor agrees to provide services and activities to advance self sufficiency and reduce economic dependency in accordance with the federal provisions of Public Law 105-285, Title II – Community Services Block Grant Program, Subtitle B – Community Services Block Grant Program of the Community Services Block Grant Act/American Recovery and Reinvestment Act 2009 to eligible beneficiaries residing in Contractor's Service Area described in Exhibit A, Section 4.

- A. Contractor is prohibited from using ARRA funds for lobbying purposes and activities as provided in standard Exhibit E, paragraph. 6. E. of this agreement.
- B. Contractor may use ARRA funds to support outreach activities in connection with Contractor's ARRA Department of Energy (DOE) Weatherization (WX) and DOE Weatherization Assistance Program (DOE WAP) for low income purposes, if any, but is prohibited from expending ARRA funds to pay for administrative costs or labor, construction or material costs associated with those programs.

#### 3. ORDER OF PRECEDENCE

In the event of any inconsistency among any provisions of this Agreement, the American Recovery and Reinvestment Act of 2009, Public Law 111-5 shall take precedence over the non-ARRA Exhibits A through E.

#### 4. SEPARATE ACCOUNTING

Grantees must segregate the obligations and expenditures related to funding under the Recovery Act. Financial and accounting systems should be revised as necessary to segregate, track and maintain these funds apart and separate from other revenue streams. No part of the funds from the Recovery Act shall be commingled with any other funds or used for a purpose other than that of making payments for costs allowable for Recovery Act projects. Recovery Act funds can be used in conjunction with other funding sources as necessary to complete projects, but tracking and reporting must be separate to meet the reporting requirements of the Recovery Act and OMB Guidance.

#### 4. <u>SUBCONTRACTING</u>

- A. Contractor is charged with responsibility of ensuring that the strategic objectives, including the transparency and accountability requirements of ARRA, are met with respect to all subcontracts executed in furtherance of this agreement and of the ARRA CSBG program. Accordingly, Contractor's ARRA-related subcontracts shall incorporate the essential provisions, duties and obligations set forth herein and Contractor shall ensure that subcontractors' performance is fully compliant with this agreement.
- B. In order to effect the purpose and intent of subsection A, above, Contractor shall:
  - submit to CSD within 30 calendar days of execution of each ARRA subcontractor agreement the name of the subcontractor, its address, telephone number, contact person, ARRA contract amount, ARRA project name, ARRA project description, expected outcomes, projected number of jobs to be created, projected number of jobs to be retained and a brief description of the types of jobs to be created and retained.
  - 2) monitor subcontractor performance to ensure compliance;
  - 3) assess risk of failure of compliance and take steps necessary to mitigate such
  - 4) develop monitoring tools and schedules and conduct evaluations in order to effect the purposes of subsections 2) and 3) above;
  - direct subcontractors to register in Central Contractor Registration (CCR) and obtain a Dun and Bradstreet Universal Numbering System (DUNS) number;
  - 6) provide CSD with copies of monitoring tools and monitoring schedules, subcontractors' CCR and DUNS number, as well as risk assessment plans and evaluation reports developed by Contractor.

- C. Contractor agrees to separately identify to each subcontractor and to document at the time of subaward and at the time of disbursement of funds, the Federal award number, Catalog of Federal Domestic Assistance number, and amount of ARRA Funds. When a Contractor awards ARRA funds for an existing program, the information furnished to subcontractor shall distinguish the subawards of ARRA funds from regular subawards under the existing program.
- D. Contractor agrees to require its subcontractor to include on its Schedule of Expenditures of Federal Awards (SEFA) information to specifically identify ARRA funding similar to the requirements for the recipient SEFA. This information is needed to allow CSD to properly monitor subcontractor expenditure of ARRA funds as well as oversight by the Federal awarding agencies, Offices of Inspector General and the Government Accountability Office.
- E. All subcontracts, procurement agreements and the like entered into under the CSGB ARRA program shall be subject to the competitive bid process as required under OMB guidelines and as provided in standard Exhibit E, 2, "Procurement" of this agreement, except however, the minimum threshold qualifying amount specified in Exhibit E 2 shall be \$500 rather than \$5,000, in conformance with the great accountability requirements of ARRA. In the event Contractor is unable to comply with the competitive bid process, justification for a Non-Competitively Bid (NCB) Contract must be submitted to CSD for pre-approval. Justification shall include adequate responses to the following questions and requests for information:
  - 1) Why is the acquisition restricted to this good/ service/ supplier?
  - 2) Provide the background of events leading to this acquisition or contract.
  - 3) Describe the uniqueness of the acquisition (why was the good/ service/ supplier chosen?)
  - 4) What are the consequences of not purchasing the good/ service or contracting with the proposed supplier?
  - 5) What market research was conducted to substantiate NCB, including evaluation of other items or services considered?
  - 6) How was the price offered determined to be fair and reasonable?
  - Describe any cost savings realized or costs avoided by acquiring the goods/ service from this supplier.
  - 8) Why is the submission of a NCB necessary and what are the determining factors that caused the problem?
  - 9) What are the consequences of not having the NCB approved?
  - 10) How will Contractor ensure adequate planning to prevent submittal of NCB's for goods or services that should have been competitively bid?

Given the high standards and expectations for transparency and accountability F. under ARRA and the strong emphasis on reducing the incidence of waste, fraud and abuse, CSD has provided Contractor with more detailed guidance on subcontract management, with particular attention given to risk assessment and subcontractor monitoring. This information is available on the CSD website at www.csd.ca.gov, under the title "ARRA Program Guidance." To comply with the provisions of this paragraph, Contractor is highly encouraged to consult the guidance and to follow the guidelines set out therein.

#### CSBG Recovery Act Local Plan San Francisco—Updated Plan Workforce Development Services

San Francisco's Local Plan for ARRA CSBG funds is built around a public-private partnership with the City and County of San Francisco (the City) that leverages and augments the City's existing Workforce Development System. This local Workforce Development System and its related programs are coordinated and administered through the City's Office of Economic and Workforce Development (OEWD).

#### Leveraging OEWD resources and infrastructure

OEWD, as the entity responsible for the overarching strategy and coordination of the City's workforce system is able to leverage a large network of service providers and a diverse array of workforce development programming. OEWD already has in place: established contracts; structured reporting mechanisms; a network of business, nonprofit, foundation, and government partners; a diversity of funding streams; and the appropriate fiscal and programmatic monitoring and compliance policies and procedures that meet federal standards, as well as staff with the expertise to coordinate and implement these. Furthermore, all of OEWD's service provider contracts and grants have been established through federally approved contract procurement process. As such, OEWD has the ability to leverage this network of providers and resources as needed to support the CSBG Local Plan.

# ARRA CSBG funding will be used to further the following goals identified by the California Department of Community Services and Development (CSD) for CSBG Recovery Act Funds:

- 1. "Creation of jobs to promote economic recovery"
- 2. "Provision of assistance to those most impacted by the recession."

## The funding will also support the following CSD-identified goals for CSBG funding in general:

- 1. "Low income people become more self sufficient"
- 2. "Provide a range of services to assist low-income people in attaining the skills, knowledge, and motivation necessary to achieve self-sufficiency."
- 3. "Provide low-income people with immediate life necessities such as food, shelter, and healthcare needs, etc."
- 4. "Help provider agencies to improve and increase their capacity at achieving results and to develop community resources with whom to link services and funding."

## The specific Workforce Development System initiatives that OEWD will leverage to directly support the CSBG Local Plan, include:

- CityBuild (Construction Sector) Academy,
- Green Skills Academy, and
- RAMP-SF

#### CityBuild Academy and Green Skills Academy

CityBuild Academy is a rigorous fourteen-week construction pre-apprenticeship program established and coordinated through OEWD. This Academy prepares individuals interested in learning a construction trade for entry-level, unionized positions within the construction industry. Upon successful completion from the Academy, students attain several construction certifications including OSHA 10, HAZWOPER, Scaffolding, Flagging, Fall Protection, Forklift, Scissor Lift, First Aid and CPR. Job placement assistance is facilitated in collaboration with Construction Trade Unions, partner Community Based Organizations and City College of San Francisco.

OEWD is also the lead agency in a newly launched **Green Skills Academy (GSA)** that will support, train and place jobseekers in green careers. The existing Green Skills Academy has already been established with multiple funding streams, including the Department of Labor's Workforce Investment Act (WIA) ARRA funds.

The existing Academy programs will be expanded and tailored to meet the specific needs and challenges of CSBG target populations including, "low-income individuals that may be unemployed or receiving public assistance, at-risk youth, custodial and non-custodial parents, residents of public housing, persons with disabilities, persons who are homeless, and individuals transitioning from incarceration into the community." CSBG funding will leverage the already-established infrastructure of the CityBuild Academy and Green Skills Academy and serve an additional 60-80 jobseekers. CSBG funding will also be used to provide low-income jobseekers with the necessary support services needed to successfully qualify, enroll, and complete these trainings. CSBG funding will leverage the existing partnerships of both Sector Academies. OEWD will manage the partnership and will create connections to hiring efforts related to green jobs, construction jobs, and various City projects. Through the City's mandated local hiring program, by which all contractors are bound, OEWD will be in a position to develop jobs on all these projects for Academy graduates.

#### **RAMP-SF**

RAMP-SF is a gateway to positive employment and educational opportunities for San Francisco's hard-to-serve and alienated young adults. It is a workforce and educational development program that provides young adults with an opportunity to address barriers to employment within the context of a work environment. RAMP-SF equips them with the skills and opportunities they need to get on a path towards self-sufficiency and productive participation in society. The program model combines job readiness training, paid work experience, educational services, and intensive support.

Like the Sector Academies, the existing RAMP-SF program relies heavily on WIA-funding—leaving out many low-income young adults who are not able to meet that funding source's rigorous eligibility requirements. CSBG funding will leverage the existing RAMP-SF program to expand the number of low-income residents served, including "low-income individuals that may be unemployed or receiving public assistance, at-risk youth, custodial and non-custodial parents, residents of public housing, persons with disabilities, persons who are homeless, and individuals transitioning from
