Existing Law

The San Francisco General Plan consists of various Elements and Area Plans that set forth goals, policies and programs for the future physical development of the City and County that take into account social, economic and environmental factors. Charter Section 4.105 provides that the Planning Commission "shall periodically recommend to the Board of Supervisors for approval or rejection proposed amendments to the General Plan."

Amendments to Current Law

This ordinance proposes amendments to various Elements of the General Plan, as well as to Bayview Hunters Point Area Plan. It also proposes adopting and adding the Hunters Point Area Plan and the Candlestick Point Subarea Plan. The ordinance will become operative on the date that the ordinances approving the amendments to the Bayview Hunters Point Redevelopment Plan and the Hunters Point Shipyard Redevelopment Plan become effective.

Background Information

Hunters Point Shipyard and Candlestick Point are part of the Bayview Hunters Point neighborhood and are in close proximity to one another, separated only by Yosemite Slough and the South Basin. Together, they comprise approximately 702 acres and make up the largest area of underused land in the City. For over a decade, the redevelopment of Candlestick Point and the Shipyard has proceeded on parallel, though largely separate, paths. But over the last three years, the City and the Redevelopment Agency have been working with the Bayview Hunters Point community on redeveloping the two sites together, as

envisioned in the Conceptual Framework endorsed by the Board of Supervisors and the Mayor in May 2007 and approved by the voters through passage of Proposition G in 2008.

This ordinance is part of a package of amendments to the General Plan, the Zoning Map, various parts of the Municipal Code, the Bayview Hunters Point and Hunters Point Shipyard Redevelopment Plans, and various Agreements that will implement the Candlestick Point – Hunters Point Shipyard Phase 2 Development Project, a project that will integrate the development of the two areas. The Project is designed to revitalize the area by (a) improving and creating hundreds of acres of public parks and open space, particularly along the waterfront, (b) significantly increasing the quality and quantity of affordable housing in Southeastern San Francisco, including the complete rebuilding of the Alice Griffith Housing Development, (c) providing thousands of commercial and construction job opportunities for San Francisco residents and businesses, especially in the Bayview Hunters Point community, (d) supporting the creation of permanent space on the Shipyard for existing artists, (e) elevating the site into a regional center for green development and the use of green technology and sustainable building design, (f) providing extensive transportation improvements that will benefit southeastern San Francisco generally, (g) attracting and sustaining neighborhood serving and cultural amenities and services, and (h) offering a world-class waterfront stadium site opportunity as the City's last and best chance to keep the 49ers in San Francisco over the long term.
