1. Description of Work

A. Scope of Work/Services to be Contracted Out:

Mental Health Services Act (MHSA)-funded Prevention and Early Intervention (PEI) programs are designed to prevent the initial onset or worsening of mental illness among children, youth, their families, transitional age youth, incarcerated youth and juvenile justice system providers, adults and older adults who exhibit varying levels of risk of developing mental illness include severe psychosis, through peer outreach, screening and response, supportive services, consultation and training. Contractors will provide PEI services in two areas:

--School-based Behavioral Health Services, including individual therapy and case management, group counseling, crisis intervention, leadership development, academic support, educational workshops, and family engagement, as well as regular mental health consultation for teachers, support staff and administrators at designated schools.

--Population-focused Behavioral Health Services for Latino/a, Mayan, Native American and Socially Isolated Older Adults populations (initially referred to as holistic wellness prevention), including early needs identification and linkage to services; promotion of wellness and awareness to reduce the stigma associated with mental health care; and delivery of services responsive to community members in ways that are respectful and honor each person's heritage and cultural worldview.

B. Explain why this service is necessary and the consequence of denial:

State MHSA funding provides the opportunity to fill otherwise unmet needs for mental health services at many levels, in K-12 schools, in juvenile justice detention, among distinct cultural communities in

San Francisco, in child care classrooms, family resource Centers, family child care network and substance abuse residential treatment programs, as well as among juvenile justice staff who lack support and prevention training, among isolated adults age 55 and up who have limited access to mental health programs, among youth and their families at risk for psychosis, among transitional aged youth, in after-school programs for children aged 6-13, and for the public, who will benefit from a peer education system designed to stamp out stigma associated with mental illness. Denial of this PSC will result in reductions in existing mental health services, especially to the targeted populations, those with severe mental illness who are school age, Latino/a, Mayan, Native American or Socially Isolated Older Adults.

- C. Has this service been provided in the past? If so, how? If the service was provided under a previous PSC, attach copy of the most recently approved PSC.

Yes. 4160-09/10

- D. Will the contract(s) be renewed?

Yes, if funding is available.

- E. If this is a request for a new PSC in excess of five years, or if your request is to extend (modify) an existing PSC by another five years, please explain why:

The Department expects the need for these services to continue.

2. Reason(s) for the Request

- A. Display all that apply

☒ Services required on an as-needed, intermittent, or periodic basis (e.g., peaks in workload).

☒ Services that require resources that the City lacks (e.g., office space, facilities or equipment with an operator).

Explain the qualifying circumstances:

The Department does not have the capacity to provide the wide range of very specialized services needed as required under the MHSA. MHSA requires the capacity to provide a wide range of services which may be needed intermittently based on the needs of clients who are identified (e.g., Mayan language and culture or specific mental illness diagnoses or needs of incarcerated youth), especially as regards specialized services (e.g., early childhood consultation or consultation to juvenile justice staff) or specific populations, and/or which would require restrictions on hiring that are not possible under the civil service system (e.g., experience as peers/consumers of mental health services with life experience in the mental health system).

- B. Reason for the request for modification:

To extend term, with a corresponding increase in amount, to align with Request For Proposal duration and Board of Supervisors' approvals.

4. If applicable, what efforts has the department made to obtain these services through available resources within the City?

Not Applicable

5. Why Civil Service Employees Cannot Perform the Services to be Contracted Out

- A. Explain why civil service classes are not applicable.
The MHSA-funded programs projects are all collaborative projects, primarily based in the community, designed to draw on the expertise and experience of the behavioral and primary health care systems, community-based organizations of all types, schools, community programs and centers, institutions of higher education and juvenile probation. The Department does not have the capacity to provide the wide range of very specialized services needed as required under the MHSA.
- B. If there is no civil service class that could perform the work, would it be practical and/or feasible to adopt a new civil service class to perform this work? Explain: MHSA requires the capacity to provide a wide range of services which may be needed intermittently based on the needs of clients who are identified (e.g., Mayan language and culture or specific mental illness diagnoses of incarcerated youth), especially as regards specialized services (e.g., early childhood consultation or consultation to juvenile justice staff) or specific populations, and/or which would require restrictions on hiring that are not possible under the civil service system (e.g., peers/consumers of mental health services with life experience in the mental health system).
