SUBJECT: Annual Report to the San Francisco Board of Supervisors on Hospitalization and Medical Treatment as required by Administrative Code Sec. 16.82

This report is submitted in accordance with Section 16.82 of the San Francisco Administrative Code, which requires the Director of Human Resources to provide an annual update to the Board of Supervisors on the costs related to hospitalization and medical treatment under the City's workers' compensation program. This program covers employees who have sustained injuries or illnesses in the course of their work; and highlights program administration, cost trends, savings initiatives, and areas for future improvement.

Program Overview

The City's workers' compensation program, administered by the Department of Human Resources (DHR) through its Workers' Compensation Division, ensures that employees who are injured or become ill as a result of their work receive appropriate medical treatment. The program operates under the following key guidelines:

1. **Medical Provider Network (MPN)**: The City utilizes a Medical Provider Network (MPN), approved by the State Division of Workers' Compensation, which includes hospitals, clinics, and physicians specializing in occupational health. The MPN aims to provide employees with quality medical care while facilitating a swift return to work following an injury or illness.
2. **Medical Fee Regulation**: Medical and hospitalization costs are governed by the State's Official Medical Fee Schedule. The City contracts with a bill review company to ensure that charges for medical services are consistent with the fee schedule, adjusting any charges that exceed allowable amounts.
3. **Utilization Review**: Medical treatments must conform to state guidelines, primarily those provided by the American College of Occupational and Environmental Medicine (ACOEM). A contracted utilization review company assesses all treatment requests to confirm they align with these guidelines, with only licensed physicians authorized to deny care deemed "medically unnecessary."
4. **Pharmacy Benefit Program:** Launched in 2018, the Pharmacy Benefit Program has enabled the City to provide injured employees with timely access to necessary medications while achieving significant cost savings.

FY2024-2025 Hospitalization and Total Medical Costs

The following chart contains the costs for hospitalization and total medical expenditures (which include hospitalization) for the last five fiscal years. Total medical costs increased 7% in 2025 compared to the prior year. Overall, medical treatment overall increased by 38% over the past 5 years due to inflation and increased costs due to several catastrophic claims filed over the past few years. It is noted that while hospitalization slowed during the COVID-19 pandemic due to delays or postponement in non-emergency care; treatment resumed in 2022 and has increased each year through the current year. The hospitalization numbers below include both in-patient and out-patient hospitalization costs.

Hospitalization Expense and Total Medical Cost by Year

		2021	2022	2023	2024	2025
Payment Reserve Transaction Desc.	**Medical Payments**	Payment Amount	Payment Amount	Payment Amount	Payment Amount	Payment Amount
Medical	Hospital (Inpatient/Outpatient)	10,556,995.70	11,229,004.78	12,296,950.98	13,726,808.79	12,791,900.87
	Other Med. Payments	26,217,005.68	32,476,602.48	31,934,934.85	33,565,984.94	37,940,739.97
Totals	**Totals**	**36,774,001.38**	**43,705,607.26**	**44,231,885.83**	**47,292,793.73**	**50,732,640.84**

Program Improvements (2024-2025)

Over the past year, the Workers' Compensation Division has implemented several improvements aimed at enhancing service delivery and reducing costs:

1. **Provider Network Enhancements**: The Division has added 17 new providers to the Medical Provider Network (MPN) to ensure timely access to care for employees across a range of medical needs. The additions to our MPN particularly focused on increasing mental health provider access for recovering employees with psychological or psychiatric complaints, as this was a major gap for injured employees timely accessing quality mental health care. The goal is to address gaps in specialized services and improve the overall quality of care as well as timeliness to access care.
2. **First Responder Focus**: As part of the Alternate Dispute Resolution (ADR) Program, the City has continued to provide dedicated additional resources to providing specialized care for first responders. This includes expanding the network of providers who are equipped to address the unique health challenges faced by public safety personnel.
3. **Expanded access to Nurse Triage Hotline**. Through increased communication citywide, the City has renewed focus to encouraging injured employees to call the Nurse Triage Hotline for real-time, 24/7 treatment advice; as well as to report a work-related injury or incident and get faster access to care; improving claims reporting lag-time.

Program Savings

The City continues to prioritize cost savings while maintaining high standards of care for its injured employees. Several initiatives have been developed to manage medical expenditures effectively, including the Pharmacy Benefit Program, a comprehensive bill review process, and performance benchmarking.

Pharmacy Benefit Program

Launched in 2018, the Pharmacy Benefit Program has enabled the City to provide injured employees with timely access to necessary medications while achieving significant cost savings. The program uses a pharmacy benefits card to streamline the prescription process, offering network discounts and enhanced medication oversight.

As of June 2025, a total of 21,986 claims have been enrolled in the program, representing 63% of all eligible claims. While participation in the program temporarily declined during the past two years, 2025 has shown a substantial rebound in utilization rates.

Bill Review Statistics for FY2024-2025

Through its partnership with Allied Managed Care (AMC), the City has implemented a rigorous bill review process to reduce medical costs. All medical bills are reviewed for compliance with the State's fee schedule, with further reductions achieved through preferred provider agreements. This process also helps detect and eliminate duplicate or unauthorized charges.

Key statistics for FY2024-2025 include:

- **Total bills reviewed**: 129,704
- **Total billed charges**: $163,237,833.15
- **Fee schedule reductions**: $112,156,452.40
- **PPO and audited reductions**: $2,848,313.21
- **Total savings**: $115,004,765.61 (70.45% savings from total billed charges)
- **Total paid**: $48,233,067.54

These efforts have resulted in substantial savings, reducing total billed charges by over 70% during the fiscal year.

Benchmarking Medical Costs

The City benchmarks its workers' compensation medical costs against industry standards through the California Workers' Compensation Institute (CWCI). Historically, the City's costs per claim were lower than industry averages, but recent trends show a rise in expenditures to reflect above-average industry costs. Several factors contributed to this increase, including:

- **Legislative Changes**: In 2020, new presumptions were introduced for posttraumatic stress disorder (PTSD) and COVID-19 claims, particularly impacting public safety employees. These legislative changes have resulted in increased claims and costs. While the COVID-19 presumption sunset in 2024, the PTSD presumption and increased demand for mental health services due to workplace assaults has continued to result in increased claim and medical costs.
- **Severe Injury Claims**: The City has experienced a significant number of catastrophic injury and cancer-related claims in recent years, requiring extensive medical treatments that fall outside the state's fee schedule.

The City remains committed to controlling medical costs while ensuring that injured employees receive the care they need.

Goals for FY2025-2026

The City's workers' compensation program will focus on the following objectives in the coming fiscal year:

1. **Expanding usage of the Nurse Triage Hotline**: This initiative aims to provide injury reporting and provide immediate access to medical advice and services.
2. **Improving Access to Specialized Care**: The City plans to build on FY2024-25 work and continue to address regional shortages in hard-to-access specialties within the MPN to ensure timely treatment for all injured employees.
3. **Further Cost Control**: The City will continue to work with Allied Managed Care, Optum and other partners to better align its medical costs with industry averages, ensuring sustainable cost management while maintaining a high standard of care.

Memorandum

Department of Benefits
and Family Support

Department of Disability
and Aging Services

September 25, 2025

TO: Angela Calvillo, Clerk of the San Francisco Board of Supervisors

Greg Wagner, Controller of the City and County of San Francisco

THROUGH: Human Services Commission

FROM: Trent Rhorer, Executive Director

Celia Pedroza, Budget Director

SUBJECT: **Homelessness and Supportive Housing Fund:** FY24-25 Report

---

Daniel Lurie
Mayor

Trent Rhorer
Executive Director, SFHSA

Kelly Dearman
Executive Director, DAS

This memo is intended to notify the Board of Supervisors and the Office of the Controller that, pursuant to Administrative Code Section 10.100-77(e), the Human Services Commission has approved the Human Services Agency's actual FY24-25 savings calculations for the Homelessness and Supportive Housing Fund (formerly the Human Services Care Fund).

The FY24-25 savings in homeless CAAP aid payments resulting from the implementation of *Care Not Cash* is $23,283,824, which is $436,627 more than estimated at the start of the fiscal year, and $165,525 more than the budgeted amount for FY24-25.

(memo continued on next page)

The table below shows the detailed monthly projections made at the start of the fiscal year and compares them with the actual figures for FY24-25.

Subject: Report to the San Francisco Board of Supervisors on the Activities of the Joint SEIU Labor-Management Occupational Health and Safety and Workers' Compensation Committee

Dear Madam Clerk-

Pursuant to The Memorandum of Understanding between the City & County of San Francisco and the Service Employees International Union Local 1021, I am submitting the annual report on the Activities of the Joint SEIU Labor-Management Occupational Health and Safety and Workers' Compensation Committee.

Please do not hesitate to reach out should you have any questions.

Thank you!

Sincerely,
Aliya Chisti

MEMORANDUM

DATE: September 26, 2025

TO: Rafael Mandelman, President, San Francisco Board of Supervisors
Supervisor Connie Chan
Supervisor Stephen Sherrill
Supervisor Joel Engardio
Supervisor Danny Sauter
Supervisor Matt Dorsey
Supervisor Myrna Melgar
Supervisor Jackie Fielder
Supervisor Bilal Mahmood
Supervisor Shamann Walton
Supervisor Chyanne Chen

FROM: Joint SEIU Labor-Management Occupational Health and Safety and Workers' Compensation Committee Co-chairs:
Julian Robinson, DHR Workers' Compensation Division Director and
Jegy Sering, Field Representative, SEIU Local 1021

SUBJECT: Report to the San Francisco Board of Supervisors on the Activities of the Joint SEIU Labor-Management Occupational Health and Safety and Workers' Compensation Committee

---

The Memorandum of Understanding between the City & County of San Francisco and the Service Employees International Union Local 1021 (SEIU 1021) contains a provision for a Joint Labor-Management Occupational Health and Safety and Workers' Compensation Committee to consider and discuss health and safety hazards and workers' compensation issues impacting SEIU 1021 members. The MOU requires the committee to report its activities to the Board of Supervisors annually each September.

The management appointees for the City represent the following departments:

- Department of Human Resources
- Department of Public Health
- SF Library

- Human Services Agency
- Health Service System

The labor representative employees, in addition to the SEIU Field Representative, are from:

- Department of Homelessness and Supportive Housing
- Human Services Agency
- Department of Human Resources
- Fine Arts Museum
- SF Library
- City Attorney's Office

Discussion items during FY2024-25

The joint committee met on 8/7/24, 11/20/24, and 5/15/25 to discuss citywide concerns and safety trends impacting SEIU 1021 members. Agenda items included, but were not limited to, the following:

- Deployment and operationalization of the Citywide Workplace Violence Prevention Plan (WVPP) and operationalization of departmental plans which became effective July 1, 2024.

- Workplace violence prevention training needs, including de-escalation and active shooter training.

- Safety, Workload, and Security concerns for Jail Health Nurses at the San Bruno Jail facility.

- Access for the City Administrator's custodial staff to use showers, lockers and personal protective equipment (PPE) at PUC Wastewater facilities; as well as access to laundry for their uniforms after use.

- Indoor Heat Illness Prevention Regulations and discussions.

- Provision and discussion of several Workers Compensation Data requests by SEIU 1021.

- Health and Safety concerns at the Health Service Agency, 1235 Mission St location.

- Review, discussion and addressing of Health and Safety concerns at several city building locations.

Accomplishments during FY2024-2025

Key accomplishments of the joint committee include the following:

- Provided SEIU employee injury updated Workplace Assault Data from 2022 through 2025.

- In an effort for the Union to focus health and safety efforts more globally, DHR provided SEIU 1021 the following Workers Compensation claims data:

    - Employee data with open workers compensation claims over a five-year period
    - Reported workplace injuries over a three-year period
    - Data on employees who were provided temporary modified duty over a two-year period
    - Medical Separations by department over a two-year period

- Connected SEIU members with information on the DHR website regarding the WVPP policies and guidance, including where department WVPPs are stored.

- Provided SEIU members an updated listing of Citywide Health and Safety professionals.

- Facilitated discussions with HSA and DPH on addressing various Health and Safety concerns in their respective buildings as raised by the Union.

- Addressing concerns of member workplace violence and training needs, provided input into the City's development of Workplace Violence Prevention Plans (WVPP); as required by Senate Bill 553.

Future Initiatives

The committee plans to continue meeting on a quarterly basis to continue to discuss issues of concern to SEIU members and to the City. Items on future agendas may include the following:

- Improving communications about safety and wellness issues impacting SEIU members
- Discussion on the City's preparation for Natural Disasters
- Further development and implementation of citywide workplace violence prevention and WVPP training for SEIU members citywide
- Further plans and follow up on addressing safety issues at 1235 Mission St
- Further discussion, knowledge sharing surrounding the City's Nurse Triage Hotline.

SUPPORTING DOCUMENTATION FOR INTERDEPARTMENTAL STAFF COMMITTEE AGENDA ITEMS ARE AVAILABLE FOR REVIEW AT THE MUNICIPAL TRANSPORTATION AGENCY'S OFFICES, ONE SOUTH VAN NESS, SAN FANCISCO, CA 94103, DURING NORMAL BUSINESS HOURS. PLEASE CONTACT TEMPORARY STREET CLOSURES AT specialevents@sfmta.com *

Sound Producing Devices
The ringing of and use of cell phones, pagers and similar sound-producing electronic devices are prohibited at this meeting. Please be advised that the Chair may order the removal from the meeting room of any person(s) responsible for the ringing or use of cell phone, pager, or other similar sound-producing electronic devices.

Disability Access
To obtain a disability-related modification or accommodation, including auxiliary aids or services, to participate in the meeting, please contact (415) 701-4683 at least two business days before the meeting. In order to assist the City's efforts to accommodate persons with severe allergies, environmental illness, multiple chemical sensitivity or related disabilities, attendees at public meetings are reminded that other attendees may be sensitive to perfumes and various other chemical-based scented products. Please help the City to accommodate these individuals.

Know Your Rights under the Sunshine Ordinance
Government's duty is to serve the public, reaching its decision in full view of the public. Commissions, boards, councils and other agencies of the City and County exist to conduct the people's business. This ordinance assures that deliberations are conducted before the people and that City operations are open to the people's review. For information on your rights under the Sunshine Ordinance (Chapter 67 of the San Francisco Administrative Code) or to report a violation of the ordinance, contact the Sunshine Ordinance Task Force Administrator by mail to Sunshine Ordinance Task Force, One Dr. Carlton B. Goodlett Place, Room 244, San Francisco CA 94102, by phone at (415) 554-7724, by fax at (415) 554-7854 or by email at *sotf@sfgov.org*. Citizens may obtain a free copy of the Sunshine Ordinance by contacting the Sunshine Ordinance Task Force Administrator or by printing Chapter 67 of the San Francisco Administrative Code on the Internet, at web site *http://www.sfgov.org/sunshine*.

Lobbyist Registration and Reporting Requirements
Individuals and entities that influence or attempt to influence local legislative or administrative action may be required by the San Francisco Lobbyist Ordinance [SF Campaign & Governmental Conduct Code Sec. 2.100] to register and report lobbying activity. For more information about the Lobbyist Ordinance, please contact the San Francisco Ethics Commission at 30 Van Ness Avenue, Suite 3900, San Francisco, CA 94102, telephone (415) 581-2200, fax (415) 581-2217, web site *www.sfgov.org/ethics*.

California Environmental Quality Act (CEQA) Appeal Rights under S.F. Admin. Code Chapter 31: For identified Approval Actions**,** the Planning Department or the SFMTA has issued a CEQA exemption determination or negative declaration, which may be viewed online at the Planning Department's website**.** Following approval of the item by ISCOTT, the CEQA determination is subject to appeal within the time frame specified in S.F. Administrative Code Section 31.16 which is typically within 30 calendar days. For information on filing a CEQA appeal, contact the Clerk of the Board of Supervisors at City Hall, 1 Dr. Carlton B. Goodlett Place, Room 244, San Francisco, CA 94102, or call (415) 554-5184. Under CEQA, in a later court challenge, a litigant may be limited to raising only those issues previously raised at a hearing on the project or submitted in writing to the City prior to or at such hearing, or as part of the appeal hearing process on the CEQA decision.

PLEASE CONTACT TEMPORARY STREET CLOSURES/SPECIAL EVENTS AT specialevents@sfmta.com. ***

Sound Producing Devices
The ringing of and use of cell phones, pagers and similar sound-producing electronic devices are prohibited at this meeting. Please be advised that the Chair may order the removal from the meeting room of any person(s) responsible for the ringing or use of cell phone, pager, or other similar sound-producing electronic devices.

Disability Access
To obtain a disability-related modification or accommodation, including auxiliary aids or services, to participate in the meeting, please contact (415) 701-4683 at least two business days before the meeting. In order to assist the City's efforts to accommodate persons with severe allergies, environmental illness, multiple chemical sensitivity or related disabilities, attendees at public meetings are reminded that other attendees may be sensitive to perfumes and various other chemical-based scented products. Please help the City to accommodate these individuals.

Know Your Rights under the Sunshine Ordinance
Government's duty is to serve the public, reaching its decision in full view of the public. Commissions, boards, councils and other agencies of the City and County exist to conduct the people's business. This ordinance assures that deliberations are conducted before the people and that City operations are open to the people's review. For information on your rights under the Sunshine Ordinance (Chapter 67 of the San Francisco Administrative Code) or to report a violation of the ordinance, contact the Sunshine Ordinance Task Force Administrator by mail to Sunshine Ordinance Task Force, One Dr. Carlton B. Goodlett Place, Room 244, San Francisco CA 94102, by phone at (415) 554-7724, by fax at (415) 554-7854 or by email at *sotf@sfgov.org*. Citizens may obtain a free copy of the Sunshine Ordinance by contacting the Sunshine Ordinance Task Force Administrator or by printing Chapter 67 of the San Francisco Administrative Code on the Internet, at web site *http://www.sfgov.org/sunshine*.

Lobbyist Registration and Reporting Requirements
Individuals and entities that influence or attempt to influence local legislative or administrative action may be required by the San Francisco Lobbyist Ordinance [SF Campaign & Governmental Conduct Code Sec. 2.100] to register and report lobbying activity. For more information about the Lobbyist Ordinance, please contact the San Francisco Ethics Commission at 30 Van Ness Avenue, Suite 3900, San Francisco, CA 94102, telephone (415) 581-2200, fax (415) 581-2217, web site *www.sfgov.org/ethics*.

California Environmental Quality Act (CEQA) Appeal Rights under S.F. Admin. Code Chapter 31: For identified Approval Actions**,** the Planning Department or the SFMTA has issued a CEQA exemption determination or negative declaration, which may be viewed online at the Planning Department's website**.** Following approval of the item by ISCOTT, the CEQA determination is subject to appeal within the time frame specified in S.F. Administrative Code Section 31.16 which is typically within 30 calendar days. For information on filing a CEQA appeal, contact the Clerk of the Board of Supervisors at City Hall, 1 Dr. Carlton B. Goodlett Place, Room 244, San Francisco, CA 94102, or call (415) 554-5184. Under CEQA, in a later court challenge, a litigant may be limited to raising only those issues previously raised at a hearing on the project or submitted in writing to the City prior to or at such hearing, or as part of the appeal hearing process on the CEQA decision.

Honorable Members of the San Francisco Board of Supervisors
Attention: Angela Calvillo, Clerk of the Board of Supervisors

Re: Ethics Commission Comment on File #250928 Regarding Trustee Election Disclosure Requirements

Dear Members of the Board of Supervisors:

The San Francisco Ethics Commission is pleased to comment on the introduction of legislation regarding changes to the City's trustee election disclosure requirements (File #250928).

On June 13, 2025, Ethics Commission staff presented findings and recommended that the campaign reporting requirements currently imposed on candidates for the Health Service Board, Retirement Board, and Retiree Health Care Trust Fund Board be discontinued. At that meeting, the Commission voted to authorize the Chair and the Executive Director to send the attached letter to the Board of Supervisors requesting the Board introduce and enact legislation to implement this change.

On September 9, 2025, President Mandelman introduced an ordinance (File No. 250928) to enact the Commission's recommendation. The ordinance would eliminate the disclosure and reporting requirements for candidates seeking election to the Retirement Board, Health Service Board, and Retiree Health Care Trust Fund Board and third-party disclosure requirements for persons or entities making independent expenditures to support or oppose such candidates. As described in the attached letter and the June report, the Commission finds these disclosures to be unnecessary, overly strict, and burdensome for volunteer trustees.

The Ethics Commission appreciates the Board of Supervisor's action on this matter and continued consideration of this ordinance. Ethics Commission staff remain available to answer questions or otherwise assist the Board of Supervisors on this legislation as desired. If you have questions about this ordinance, please contact me (Michael.A.Canning@sfgov.org) or Executive Director Ford (Patrick.Ford@sfgov.org).

Sincerely,

Michael Canning

July 14, 2025

Honorable Members of the San Francisco Board of Supervisors
Attention: Angela Calvillo, Clerk of the Board of Supervisors

Re: Ethics Commission Recommending Changes to Trustee Election Disclosures

Dear Members of the Board of Supervisors:

The San Francisco Ethics Commission recommends that the Board of Supervisors enact legislation that would discontinue the campaign reporting requirements of candidates for the Retirement Board, Health Service Board, and Retiree Health Care Trust Fund Board. The Commission has found these requirements to be unnecessary, overly strict, and administratively burdensome and does not believe they add sufficient value to the City to justify their continued existence.

This recommendation stems from the Commission's current *Streamlining Project* that was undertaken to evaluate various programs and policies administered by the Commission to determine if they are effective, efficient, adding value to the City, and furthering the Commission's mission of promoting the highest standards of integrity in government. This program evaluation included soliciting feedback from the regulated community, members of the public, and other stakeholders.

Most of the recommendations emerging from this project involve changes to San Francisco's Campaign and Governmental Conduct Code and will thus require joint approval by the Board of Supervisors and the Ethics Commission. Commission staff will be reaching out to the Board soon to engage on those changes. However, the rules regarding the trustee election disclosure requirements are contained within the Administrative Code,[1] which is outside of the Ethics Commission's legislative authority. Thus, these changes require action solely from the Board of Supervisors.

On June 13, 2025, the Ethics Commission voted to authorize the Chair and the Executive Director to send this letter to the Board to formally make this legislative recommendation. At that meeting, Ethics Commission staff presented this recommendation, along with several others, under Agenda Item 7. The portion of the associated staff memo regarding the trustee election disclosure requirements is provided as **Attachment 1** to this letter.

A brief overview of the current program, the Commission's findings, and proposed recommendations are included below.

History of Trustee Election Disclosure Requirements

In 2018, the Administrative Code was amended to establish a uniform set of registration, disclosure, and termination filings for both candidates and third-party spenders in elections to the Health Service Board, Retirement Board, and Retiree Health Care Trust Fund Board. These trustee elections are

[1] Administrative Code Sections 16.553-1, 16.553-2, 16.553-3, and 16.553-4.

administered by the Department of Elections but are not open to the public and candidates for these seats are not considered candidates under State and local law. Although the disclosure program was created following a 2017 Retiree Health Care Trust Fund Board in which third-party spending was prevalent, in general there is little or no spending in these races.

Current Requirements are Unnecessary, Overly Strict, and Burdensome

The current program provides little public benefit, as these elections do not typically have candidates that raise or spend any money, and the poor program structure creates undue burdens on candidates and City officials.

- Since the program was implemented, there has been virtually no financial activity reported. Since 2018, there have been a total of **just seven candidates who have registered and filed disclosures with the Ethics Commission** – of those seven, **only one candidate has ever disclosed raising funds**. The **total amount raised was $78.60**, which is below the $100 threshold that requires contributor itemization on a campaign statement. No third-party spending has been reported during this time.
- The existing disclosure requirements are overly strict on trustee candidates, with the requirements being more stringent than those followed by candidates for City elective office. The current program requires these trustee candidates to establish a bank account regardless of whether they anticipate raising or spending any money. These requirements create a barrier to entry and discourage participation by potential candidates, who are typically City employees and retirees interested in how their benefits are managed.
- There are also unnecessary support costs borne by the Ethics Commission and the trustee bodies regarding the implementation of these rules, as they must coordinate to assist candidates and otherwise administer these trustee elections.

The public demands and deserves government agencies that are focused on using public resources in ways that are effective, efficient, and adding value to their lives. Discontinuing these unnecessary, overly strict, and burdensome reporting requirements will help encourage more people to run for trustee positions and enable Ethics Commission staff to focus more on the Commission's core functions that serve to promote the highest standards of integrity in City government.

Thank you for your consideration of legislation that would discontinue these requirements. If you have questions about this recommendation or would like to engage on this matter, please contact our Policy & Legislative Affairs Manager, Michael Canning (Michael.A.Canning@sfgov.org).

Subject: September 2025 Monthly Memo on the Status of Abortion Rights

The following update provides an overview of abortion laws in individual states, as well as local and statewide efforts to protect patients' access to reproductive healthcare. Our goal is to provide a monthly update that keeps the Mayor and other key internal stakeholders informed of developments in this new, ever-changing post-Dobbs landscape.

I. Current Snapshot of Abortion Access across the Nation

- A total of 19 states restrict abortion access, and 12 states now ban abortions. Restrictions exist in seven states: Florida, Georgia, Iowa and South Carolina have six-week abortion bans; Nebraska and North Carolina have bans at 12 weeks; and Utah has a ban after 18 weeks. Abortion bans are currently blocked in Montana and Wyoming, while court cases progress. Some states with abortion bans have exceptions for certain scenarios: six states have no

exceptions to protect the life of the pregnant person, eight have no exceptions for rape or incest, and ten have no exceptions for lethal fetal anomalies.

- Conservative efforts to restrict access to medication abortion are leveraging the misleading and debunked report from the Ethics & Public Policy Center to push for a review of the medications Risk Evaluation and Mitigation Strategy (REMS). On September 19th, Health & Human Services Secretary Robert F. Kennedy, Jr and head of the Food & Drug Administration, Martin Makary, issued a joint letter stating that both agencies will conduct investigations into the safety of mifepristone. The letter was a response to a letter in July from 22 Republican Attorney Generals requesting a review of the drug's REMS.

- Texas, Florida, and Louisiana are looking to challenge shield laws, filing lawsuits against providers in California and New York. By doing so, the states hope to join the federal lawsuit *Missouri v. FDA,* in which Missouri, Idaho and Kansas argue that the FDA's approval and regulation of mifepristone, claiming the drug poses a risk to their residents.

- As a result of the defunding and closure of the U.S. Agency for International Development (USAID), nearly ten million dollars of contraceptives that the Trump administration has falsely claimed are abortifacients are stuck in a warehouse in Europe. Efforts by numerous international aid organizations to purchase the drugs or accept them as a donation have been refused. Federal funds, including USAID dollars, cannot be spent on abortion care, and the products held in Belgium only include contraception.

- Anti-abortion groups are urging Republicans to oppose any enhanced premium tax credits, claiming the subsidies support abortion coverage, even though the Hyde Amendment prohibits federal spending on abortion care, except in cases of rape, incest or to save the life of the mother. If the credits expire at the end of the year, out-of-pocket premiums would rise by over 75% for most Affordable care Act participants, forcing millions of people to become uninsured.

- A National Bureau of Economic Research paper released this month shows a devastating impact of abortion restrictions: an increase in

financially driven crime. Researchers examined data sets in Texas after new regulations forced the closure of the majority of the state's clinics, forcing individuals to travel farther to receive care. The abortion restrictions resulted in an increase in births, lower labor participation, greater financial and housing instability and an increase in financially motivated crimes, like burglary. The farther a district was from care, the higher its rate of property crime--by women and men alike. Researchers are hoping to examine the impacts of the 2022 *Dobbs* decision, as well as cuts in funding to clinics, including Planned Parenthood. Erkmen Aslim, economist at the University of Vermont and the paper's lead author noted "These downstream outcomes can have huge economic and social outcomes."

- Reproductive healthcare providers in Kansas are challenging the Woman's Right to Know Act-the state's informed consent statute and mandatory waiting period-as well as the requirement that doctors tell patients medication abortion can be reversed and abortion is linked to breast cancer. The providers, which include Comprehensive Health of Planned Parenthood Great Plains, argue that the restrictions violate the state constitution. In 2023, a temporary injunction was issued, citing a 2019 ruling where the courts found "that the state constitutional guarantee of "'personal autonomy,' includes 'whether to terminate a pregnancy.'" In 2022, voters in Kansas rejected an amendment to the state constitution that would have declared there was no right to abortion in the state.

- In Louisiana, a state audit has found that a lack of regulations and oversight mean the state cannot verify if $1.2 million of state funding for crisis pregnancy centers went towards approved and covered services, including materials like diapers, or to uncovered services. State officials did not require pregnancy centers to provide documentation about where the money was spent, and contracts did not limit how the money could be used. However, the state has been hindered in its efforts to find an administrator for the program because the statute does not permit the state to "to demand anything of the nonprofit except for the creation of a website and a commitment to do some marketing."

- A judge in Missouri has rejected the ballot measure language submitted by conservatives that would repeal the abortion rights amendment approved by voters in November 2024. The judge ordered the Secretary of State's office to rewrite the measure but declined to block the measure from going to voters, as abortion

rights groups had hoped.

- New York Attorney General Letitia James will defend New York's shield laws in a Texas lawsuit against an Ulster County Clerk. The clerk has refused to enforce a $100,00 fine issued by Texas against Dr. Margaret Daley Carpenter, who dispensed medication abortion to a woman in Texas. Texas then sued the County Clerk and claimed that New York's shield law was unconstitutional.

- In 2023, Ohio voters passed Issue 1, enshrining reproductive rights into the state constitution, nullifying the state's 6-week abortion ban. Nevertheless, the attorney general's office continues to pursue a case arguing that some provisions of the state's 2019 ban should remain valid as the legislation included a severability clause. In arguments, the state did not specify which provisions they sought to preserve.

- South Carolina legislators are considering a bill to essentially ban abortion in the state by defining an embryo as a person and banning abortion from conception, even in cases of rape or incest. The bill would also make it illegal to aid or support a pregnant woman looking for information on abortion, providing referrals to abortion care providers or facilitating an out-of-state abortion for a minor. The bill will be heard on October 1st.

- Texas Governor Greg Abbott signed HB7, which allows *anyone* in the state to sue parties involved with the manufacturing, distribution, delivery, prescription, or administration of abortion medication in civil court. The minimum for damages is $100,000, the entirety of which would go to a plaintiff that is the sibling, grandparent or father of the fetus. Other plaintiffs would be entitled to $10,000 and would have to designate a charity of their choosing. While the bill prohibits a pregnant person who self-manages their abortion from being sued, the bill's impact is chilling. It creates an incentive for individuals to target anyone they suspect of aiding in abortion care, including out-of-state parties. The bill is aimed at shield laws, telehealth providers and abortion medication that is sent via the mail. The state is also claiming that women using telehealth and mail-order abortion medication are being coerced into ending their pregnancies, and Texas has filed wrongful death suits in two cases. Currently, thousands of patients in Texas access abortion care through telehealth each month. If it proves successful in its implementation, the legislation is likely to be copied by other conservative states.

- Citing funding cuts, Planned Parenthood of Wisconsin will stop providing abortions in the state starting October 1, 2025. Planned Parenthood is suing the Trump administration over the Medicaid cuts in the One Big Beautiful Bill Act. Planned Parenthood had won an injunction that required Medicaid payments to proceed while the case was pending, but an appeals court overturned that injunction. Clinics will remain open for other services in the interim.

II. State Policy Update

- Governor Newsom has signed numerous bills aimed at protecting reproductive health and abortion care in the state. Assembly Bill 260 will strengthen provisions of California's shield laws, including permitting prescribers of abortion medication to omit their name, pharmacist's names as well as a patient's name on prescription labels. (The name of a medical practice would still be required.) The measure would also protect providers and out-of-state patients that use California based-pharmacies to ship abortion medication. The measure also requires state regulated health plans to cover mifepristone even if the FDA rolls back approvals for the medication. Newsom also signed Assembly Bill 1525, which protects attorneys in California from disciplinary actions for providing support to individuals outside the state seeking abortion care.

- Louisiana has filed charges against a California-based doctor for mailing abortion pills to a patient in the state in violation of the state's abortion ban. Louisiana Attorney General Liz Murrill and the woman that received the pills, Rosalie Markezich, are part of the suit that alleges that Markezich was "coerced" into taking the pills by her boyfriend. The suit comes as the state seeks to join a federal lawsuit that challenges the FDA's rules around mifepristone, specifically the ability to prescribe the drug via telehealth and to dispense the prescription via mail.

- Planned Parenthood Affiliates of California (PPAC) has thrown their support behind Governor Newsom's proposal to redraw California's Congressional maps to secure more seats for Democrats in order to counteract Texas' redistricting efforts to add five more Republican seats to the state. PPAC CEO Jodi Hicks said the organization would go "all in" on the measure, stating "You take away our freedoms, we'll take away your seats."

- Rachel Harris is suing Dignity Health after she was denied emergency abortion care at two hospitals run by the company, Mercy San Juan Medical Center and Mercy General Hospital.

Harrison's water broke at 17 weeks during two separate pregnancies. After detecting a fetal heartbeat, providers refused to provide Harrison with an abortion, which would be a standard treatment to avoid complications and risks to the mother. Harrison filed the suit arguing the hospitals prioritized their "Ethical and Religious Directives for Catholic Health Services" over emergency care in violation of California's Emergency Services Law.

III. San Francisco Bay Area Abortion Rights Coalition Update

- The Department on the Status of Women continues to work with regional partners and participate in meetings with abortion rights advocates in fiscal year 2025/26. We will be working with our partners to help implement recommendations from our regional abortion landscape report, "Preparing for an Uncertain Future in Post-Dobbs America."

Kansas Abortion Mandates On Trial: What You Need to Know
Law360
By Mark Payne
September 23, 2025

The largest provider of reproductive healthcare in Kansas will face off with state officials this week at a trial outside Kansas City focused on a slate of state restrictions and requirements on abortion services, some of which long predate Dobbs.

Comprehensive Health of Planned Parenthood Great Plains, along with medical clinic Hodes & Nauser MDs PA and two doctors, argue that an abortion informed-consent statute known as the Woman's Right to Know Act violates the state constitution.

The statute, often called the Biased Counseling Scheme by abortion access advocates, was first passed in 1997. It requires that women wait 24 hours after speaking to a provider before getting the procedure.

The plaintiffs are also challenging an amendment known as House Bill 2264 that requires doctors to tell patients a medication abortion can be reversed. The challenged rules have been on hold since 2023.

Here, Law360 Healthcare Authority looks at three things to know about the case.

The Lawsuit

Planned Parenthood and Hodes & Nauser filed their original claim in June 2023 in a district court in Johnson County, which includes Overland Park.

They alleged the Woman's Right to Know Act and amendment H.B. 2264 were "compelling providers to serve as the state's mouthpiece and disseminators for inaccurate and ideological government-scripted messages that are designed to pressure patients into choosing childbirth over abortion."

Along with the 24-hour waiting period, the lawsuit challenges parts of the law that would require patients to receive disclosures in writing and published materials on the abortion procedure.

The amendment would require doctors to tell their patients at least five times, in four separate ways, that medication abortion can be reversed.

"Drowning patients in a firehose of irrelevant information likewise inhibits their ability to provide truly informed consent by creating confusion, diluting the information that

is imperative to their decision-making, and undermining their trust in their provider," the complaint says.

The government argued in its response that the law's provisions give women "an opportunity to consider key information" and that the information is "essential" to assessing risks.

"The Woman's Right to Know Act helps to ensure a pregnant woman is fully informed before a doctor aborts her unborn child," the government argued in its reply in July 2023.

In 2023, District Court Judge Christopher Jayaram issued a temporary injunction, reasoning that "because a woman's right to bodily autonomy (including her right to decide whether to terminate or continue a pregnancy) is fundamental," the laws wouldn't likely survive the challenge.

High Court Ruling

In the injunction order, the district court cited a 2019 state Supreme Court ruling in Hodes & Nauser MDs PA v. Schmidt, which found that the state constitutional guarantee of "personal autonomy," includes "whether to terminate a pregnancy."

The plaintiffs in the new case lean on that ruling in their arguments.

"Because Kansans do not relinquish their rights upon becoming pregnant, this includes protection for the right to abortion," they told the court.

State officials say the Supreme Court decided the first Hodes case — also known as Hodes I — before the U.S. Supreme Court Dobbs decision in 2022 upended the federally protected right to an abortion.

"It is unclear whether, under Dobbs, Hodes' holding that the Kansas constitution includes a fundamental right to abortion remains good law," the government said in a 2023 brief.

Hodes I went back to the district court after the 2019 order. Two years later, the court granted summary judgment to the plaintiffs, leading to a second state appeal. In 2024, the state high court declined to hear that challenge.

New Claims and a Constitutional Ballot

While Hodes I worked its way through the courts, Kansas voters in 2022 overwhelmingly voted down a ballot initiative that sought to remove abortion access protection from the state constitution.

Eight months later, state lawmakers passed H.B. 2264, which amended the Woman's Right to Know Act and added what the plaintiffs call a "false message" that medication abortions can be reversed, among other requirements.

The Center for Reproductive Rights, which is representing the clinic, and Planned Parenthood also successfully petitioned the court to consider a separate but related challenge to a 2024 law requiring doctors to report a patient's reasons for an abortion to the state.

"The decision to have an abortion is deeply personal — no one should be forced to tell the government why they are making that decision," said Alice Wang, a staff attorney at the Center for Reproductive Rights, when the group filed its new claim in 2024.

A trial before Judge Jayaram is set to begin Friday morning.

Hodes and Nauser are represented by Jiaman Wang, Cici Coquillette and Megan Jones of the Center for Reproductive Rights, Teresa A. Woody of the Woody Law Firm PC and David J. Weiner and Paul W. Rodney of Arnold & Porter Kaye Scholer LLP.

Planned Parenthood Great Plains is represented in-house by Erin Thompson, by Diana O. Salgado and Emma Noftz Stern of Planned Parenthood Federation of America and Mandi R. Hunter and Stephanie L. Hammann of Hunter Law Group PA.

Kansas is represented by Robert Hutchinson and Anthony Powell of the Kansas Attorney General's Office and Denise Harle, Julia Payne Koon and J. Caleb Dalton of Alliance Defending Freedom.

The case is Hodes & Nauser MDs PA et al. vs. Kobach et al., case number 23CV03140, in Johnson County District Court.

Hello,

Please see below and attached for 3 approved requests to waive 12B requirements.

Requester: Alejandro Garcia
Department: DPH
Waiver Justification: 12B.5-1(d)(2) (Bulk Purchasing)
Supplier ID: 0000016668
Requested total cost: $4,153.00
Short Description: UPC250-12 Lead set

Requester: Jinkyung Kim
Department: PDR
Waiver Justification: 12B.5-1(d)(1) (No Vendors Comply)
Supplier ID: 0000009968
Requested total cost: $20,000.00
Short Description: Target Gift Cards $100 x 200

Requester: Shane Balanon
Department: HSA
Waiver Justification: 12B.5-1(d)(1) (No Vendors Comply)
Supplier ID: 0000009968
Requested total cost: $12,250.00
Short Description: Target Gift Cards 500 ($25/each)

Sincerely,

Joe Adkins
Office of the Clerk of the Board
San Francisco Board of Supervisors

Target - Under the Reentry Assistance program, the Public Defender Department will purchase US Target Gift Cards in denominations of $100 for participants based on the eligibility criteria defined by this program. The Target gift cards have been approved by the Board of State and Community Corrections (BSCC), which furnishes the Public Defense Pilot Program(PDPP) grant. Grant period ends in December 2026 which will also serve as the waiver end date. An estiamted 200 gift cards will be distributed over the remaining grant period. Multiple small-batch orders may be required, and the Department will track the amount used against the waiver and attach it along with the gift card policy for each requisition submitted.

If you have made an effort to have the supplier comply, explain it here. If not,:

Target is determined to be the best option for its locations and the availability of groceries and basic necessities. Also, purchasing directly from Target is the most economical option, as they provide a 2% discount. Other registered vendors charge additional processing fees on top of the card value; therefore, wer are seeking a waiver to purhcase directly from Target.

Has MTA qualified agreement as Bulk Purchasing under Charter Sec. 8A.102(b)?:

Detail the nature of this Bulk Purchasing transaction:

12B.5-1(d)(2) (Bulk Purchasing) Question1:

Per Admin Code Section 21A.2(a)
(2) Healthcare GPOs obtain cost savings by pooling their members' purchasing power and negotiating lower prices from their participating vendors. Healthcare GPOs also provide their members with cost savings by conducting a competitive bidding process for some – though not all – of the goods and services offered by their suppliers.
(3) Membership in Healthcare GPOs allows DPH to employ a streamlined process for procuring goods and services, thereby reducing administrative burdens, facilitating improved quality of care, and saving DPH millions of dollars each fiscal year.

12B.5-1(d)(2) (Bulk Purchasing) Question2:

Per Admin Code Section 21A.2(a)
(2) Healthcare GPOs obtain cost savings by pooling their members' purchasing power and negotiating lower prices from their participating vendors. Healthcare GPOs also provide their members with cost savings by conducting a competitive bidding process for some – though not all – of the goods and services offered by their suppliers.
(3) Membership in Healthcare GPOs allows DPH to employ a streamlined process for procuring goods and services, thereby reducing administrative burdens, facilitating improved quality of care, and saving DPH millions of dollars each fiscal year.

12B.5-1(d)(2) (Bulk Purchasing) Question3:

To fulfill the Board's desire to obtain the cost savings from using a GPO, pursuant to Chapter 21A.

12B.5-1(d)(2) (Bulk Purchasing) Question4:

We checked with our Primary vendor Medline, unforutnately no luck, vendor doens tdistribute the device

12B.5-1(d)(2) (Bulk Purchasing) Question5:

The purpose of Chapter 12B is to ensure equal access to benefits, including health benefits, regardless of one's protected category. The use of a GPO ensures DPH can access the goods and services it needs to provide healthcare to SF residents in a cost-effective and reliable manner, thereby increasing their access to healthcare regardless of their status. In this regard, the use of this Vizient contractor is aligned with the intent of Chapter 12B.

Detail the purpose of this contract is and what goods and/or services the contra:

Target. HSA Families Rising requires the purchase of $25.00 gift cards from Target, as incentives for our clients who have completed their short-term and long-term goals, and for participating in yearly surveys, as required by the 'Parents as Teachers' model our program has adopted.

If you have made an effort to have the supplier comply, explain it here. If not,:

HSA is requesting authorization to purchase 500 gift cards valued at $25.00 each from Target for use as client incentives. These gift cards are for the HSA's Families Rising Program (FaR). Eligibility for FaR includes enrollment in CalWorks and either Nurse Family Partnership or Field Nursing, as well as full participation in the Parents as Teachers curriculum. Incentives will be issued when participants achieve goals that ultimately leads to self-sufficiency OR moves a "step across" the Bridge (model) to self-sufficiency. In order to be effective, the incentive has to be useful and of value to the client. Incentives needs to be usable for a range of items a client might value, such as food. Incentives need to be accessible by clients regardless of residence throughout the city. If a card is not useable for the client, it will not work as an incentive and will not motivate a client to accomplish their goals. If a client can't access the store, the incentive will not work. Gift cards from single sites would be problematic as some clients have limited transportation or won't enter particular neighborhoods. Unfortunately, there no approved vendors that would serve the purpose as a generally accessible gift card that would appeal to the majority of clients.

Subject:	21B Waiver Notification - Contract - Bayview Hunters Point Foundation for Community Improvement
Date:	Friday, September 26, 2025 9:28:35 AM
Attachments:	BVHPF - Adult RV RRH - Chapter 21B Justification - 10.25-6.28 - FINAL.docx.pdf Outlook-DHSH_symbo.png

Good morning Aly,

Please find attached written notice for a waiver of Chapter 21B (authorized under Ordinance No. 010-25) for HSH to enter into a new grant agreement with Bayview Hunters Point Foundation for Community Improvement to establish and operate 40 rapid rehousing subsidies for adults currently living in recreational vehicles.

The administration of rapid rehousing subsidies for adults is a project addressing homelessness and part of the Core Initiative of addressing homelessness.

Thank you,
Dylan

DEPARTMENT OF HOMELESSNESS AND SUPPORTIVE HOUSING

Shireen McSpadden, Executive Director

Daniel Lurie, Mayor

Department & Agreement Information (*required)

Department Name*: Department of Homelessness & Supportive Housing

Agreement Type*: Grant

Department Contact Name*: Edilyn Velasquez

Department Contact Phone #*: 415-297-5436

Department Contact Email*: Edilyn.Velasquez@sfgov.org

For Contracts, Requisitions, and Purchase Orders:

Contract/Req/PO PeopleSoft ID#: 1000036835

Anticipated Contract/PO Amount: $4,186,990

Anticipated Contract/PO Start Date: 10/1/2025

Anticipated Contract/PO End Date: 6/30/2028

Supplier ID: 0000024522

Supplier Name: Bayview Hunters Point Foundation for Community Improvement

Provide details about the anticipated agreement*:

The agreement with Bayview Hunters Point Foundation for Community Improvement will establish a rapid re-housing program serving up to 40 single adults who are currently living in recreational vehicles (RVs). This grant is part of the City's strategy for addressing vehicular homelessness and is designed to provide time-limited, needs-based assistance for up to 24 months. Under the agreement, Bayview Hunters Point Foundation will deliver a comprehensive set of services that include housing location and coordination, landlord liaison, subsidy administration, and case management to help participants secure and sustain permanent housing. Households will be referred through the City's strategy for addressing vehicular homelessness, ensuring the program is focused on residents currently residing in RVs.

Core Initiative Information

This lease or contract is a "Core Initiative Lease" or a "Core Initiative Contract" per Administrative Code Section 21B.2 because it is a "Project Addressing _____":

- ☒ **Homelessness**, defined as "projects designed to prevent homelessness through the provision of housing subsidies or other services, and projects designed to provide shelter, housing, food, and/or social services to people experiencing homelessness."
- ☐ **Drug Overdoses and Substance Use Disorders**, defined as "projects designed to reduce drug-related deaths and support individuals with substance use disorders (SUDs)."
- ☐ **Mental Health Needs**, defined as "projects designed to support people with mental health disorders."
- ☐ **Integrated Health Needs**, defined as "projects designed to serve people who are at risk of experiencing homelessness due to the potential loss of their shelter, housing, or release from an institution."

☐ **Public Safety Hiring**, defined as "projects to support the hiring process for, and/or the recruitment, training, and retention of, police officers, deputy sheriffs, and 911 operators."

Describe why the contract or lease is necessary to support the Core Initiative(s) selected above:
New Agreement/Contract Amendment:
This agreement directly advances the Core Initiative to prevent and resolve homelessness through rapid re-housing and is a component of Mayor Lurie's strategy for addressing vehicular homelessness. Households living in RVs face unique challenges in securing housing, including limited landlord acceptance and the need for coordinated move-in support. By dedicating capacity to this population and pairing time-limited rental assistance with supportive services, the program increases placements from RVs into permanent housing and promotes long-term stability. Through referrals made under the City's vehicular homelessness strategy, the program ensures that individuals currently residing in RVs are connected with both permanent housing opportunities and the support needed to sustain them. HSH is using an existing rapid rehousing provider serving District 10, in which HSH is concentrating its RV strategy.

Good morning Aly,

Please find attached written notice for a waiver of Chapter 21B (authorized under Ordinance No. 010-25) for HSH to enter into a new grant agreement with San Francisco Network Ministries Housing Corporation to expand rapid rehousing services to serve 40 single adult households who are fleeing or attempting to flee violence and other life-threatening conditions.

The administration of rapid housing for adults is a project addressing homelessness and part of the Core Initiative of addressing homelessness.

Thank you,
Dylan

Dylan Schneider, MPA (she/her)

DEPARTMENT OF HOMELESSNESS AND SUPPORTIVE HOUSING

Shireen McSpadden, Executive Director

Daniel Lurie, Mayor

Department & Agreement Information (*required)

Department Name*: Department of Homelessness & Supportive Housing

Agreement Type*: Grant

Department Contact Name*: Edilyn Velasquez

Department Contact Phone #*: 415-297-5436

Department Contact Email*: Edilyn.Velasquez@sfgov.org

For Contracts, Requisitions, and Purchase Orders:

Contract PeopleSoft ID#: 1000036036

Anticipated Agreement Amount: $3,207,463

Anticipated Agreement Start Date: 10/1/2025

Anticipated Agreement End Date: 6/30/2027

Supplier ID: 0000011542

Supplier Name: San Francisco Network Ministries Housing Corporation

Provide details about the anticipated agreement*:

This new agreement with San Francisco Network Ministries Housing Corporation (SFNMHC) will provide short-to-medium term rapid re-housing (RRH) services to adult households who are fleeing, or are attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions that relate to violence against the individual or a family member. Services shall include housing location, housing coordination, landlord liaison, subsidy administration and housing-focused care management. SFNMHC will also directly refer participants to workforce, career development, and financial empowerment opportunities through partnerships with the Office of Economic and Workforce Development and the Office of Financial Empowerment.

Since 2022, SFNMHC has successfully provided RRH services to 25 family households and this new agreement will enable them to expand these services to 40 single adult households. SFNMHC was selected for provision of these services based on the organization's experience and ability to begin services in a timely manner.

Core Initiative Information

This lease or contract is a "Core Initiative Lease" or a "Core Initiative Contract" per Administrative Code Section 21B.2 because it is a "Project Addressing _____":

☒ **Homelessness**, defined as "projects designed to prevent homelessness through the provision of housing subsidies or other services, and projects designed to provide shelter, housing, food, and/or social services to people experiencing homelessness."

☐ **Drug Overdoses and Substance Use Disorders**, defined as "projects designed to reduce drug-related deaths and support individuals with substance use disorders (SUDs)."

☐ **Mental Health Needs**, defined as "projects designed to support people with mental health disorders."

☐ **Integrated Health Needs**, defined as "projects designed to serve people who are at risk of experiencing homelessness due to the potential loss of their shelter, housing, or release from an institution."

☐ **Public Safety Hiring**, defined as "projects to support the hiring process for, and/or the recruitment, training, and retention of, police officers, deputy sheriffs, and 911 operators."

New Agreement:

The **agreement** for **Adult Survivors Housing Program** is a project addressing homelessness.

This new agreement will expand RRH programming to 40 single adult households who meet the program's eligibility criteria. The program responds to the growing need for more flexible, individualized housing solutions that support a path to housing stabilization for survivors of violence. The goal of these services is to help participants stabilize, regain independence, and transition into self-sustained housing on the private rental market, thereby reducing the time they spend experiencing homelessness.

RE : Audit 2025-38, Final Audit Report
California Department of Insurance Audit of the Insurance Fraud Grant Programs

Dear District Attorney Jenkins:

In July 2025, our office conducted an audit of the San Francisco County District Attorney's Office insurance fraud grant programs. The purpose of the audit is to ensure that the grants were administered in accordance with the laws and regulations that govern the programs. Specifically, we audited the programs for the fiscal years (FYs) listed below:

- Workers' Compensation Insurance Fraud Grant Program - FYs 2021/22, 2022/23, 2023/24
- Automobile Insurance Fraud Grant Program - FYs 2021/22, 2022/23, 2023/24

Enclosed is the Final Audit Report, which presents no findings.

We have determined that the response from the county adequately addresses the finding; therefore, the final report requires no response from your office.

We would like to thank you and your staff for their courtesy and cooperation during the audit. Furthermore, in our efforts to provide the District Attorney's Offices with relevant analytical data associated with the fraud grant programs, we have included Appendix A. The appendix displays some of the county's relevant statistical data by grant. The appendix compares the county's averages to the state's averages for each grant the county participates in. We hope you will find this information valuable is assisting the county to manage the fraud grants.

Audit 2025-38

TABLE OF CONTENTS

I. SUMMARY 1

II. BACKGROUND 1

III. SCOPE AND METHODOLOGY 2

IV. DISCLAIMER 3

V. FINDING 3

VI. CONCLUSION 4

I. Summary

The California Department of Insurance (CDI), Enforcement Branch, Fraud Grant Audit Unit (FGAU) is responsible for conducting mandated compliance audits, along with audits done at the discretion of the Insurance Commissioner, related to Insurance Fraud Grants received by District Attorney's Offices (DAO) that participate in the Insurance Fraud Grant Programs administered by CDI Enforcement Branch. The objectives of each grant focus on a specific type of suspected insurance fraud. FGAU conducted an audit of the San Francisco County District Attorney's Office (District Attorney's Office) insurance fraud grant programs. For the fiscal years ending June 30, 2022, 2023, and 2024 we audited the following programs:

- Workers' Compensation Insurance Fraud Grant Program
- Automobile Insurance Fraud Grant Program

We performed the audit under authority provided by the statutes and regulations indicated in the table below:

Program	California Insurance Code	California Code of Regulations, Title 10
Workers' Compensation (WC)	N/A	2698.59(f)
Automobile (Auto)	1872.8(b)(1)(D)	2698.67(g) and (h)

The field audit was conducted from July 14, 2025 through July 16, 2025 in San Francisco, California. An exit conference was held on July 16, 2025.

We reviewed the District Attorney's Office records and identified the following finding:

- Ineligible Expenditure Charged to Grant

II. Background

We audited the grant funds for the fiscal years identified in the table below. The "difference" column represents the difference between the grant funds and the audited expenses. Positive differences represent unfunded contributions to the grant. Negative differences represent excess grant funds.

Program	*Grant Funds**	*Audited Expenses*	*(Carryover) Unfunded Contributions*
Workers' Compensation – 21/22	$969,873	$969,873	$ -
Workers' Compensation – 22/23	$1,024,651	$883,023	($141,628)
Workers' Compensation – 23/24	$1,208,352	$1,011,697	($196,655)
Automobile – 21/22	$345,697	$345,697	$ -
Automobile – 22/23	$322,271	$306,409	($15,862)
Automobile – 23/24	$328,159	$328,159	$ -
TOTAL	$4,199,003	$3,844,858	($354,145)

** Grant funds include the grant award for the specified fiscal year and, if applicable, approved carryover funds from prior fiscal years and/or interest earned.*

III. Scope and Methodology

The scope was for the fiscal years ending June 30, 2021, 2022, 2023, and 2024.

The objectives of the audit were to:

- Evaluate and report on the District Attorney's Office administration of the insurance fraud grant programs, in accordance with State laws and regulations, the Grant Award Agreement, and the Request for Application guidelines (RFA).

We conducted the audit using these procedures:

- Evaluate current administrative and payment processes.
- Examine personnel records and payment transactions.
- Examine operating expenditure records and payment transactions.
- Evaluate compliance with reporting requirements.

Our review of the District Attorney's Office's internal controls was conducted solely to support audit planning. The scope of the audit was confined to executing procedures that would provide reasonable assurance that the District Attorney's Office administered the insurance fraud grants in compliance with relevant laws, regulations, grant award provisions, and the requirements outlined in the Request for Application (RFA) guidelines.

Accordingly, we tested a sample of transactions to determine whether the expenditures charged to the grant were eligible. If we identified ineligible expenditures, the amount is deemed a monetary liability. At the discretion of CDI, the County will resolve its monetary liability by contacting the Local Assistance Unit.

Pensions Obligation Bonds (POB) and/or Unfunded Accrued Pension Liabilities (UAL)

A county's unfunded pension liability – which is more commonly referred to as its unfunded accrued liability ("UAL") is the difference between:

- The retirement system's assets and,
- The value of retirement benefits already accrued (retired and current employees).

The UAL is determined by the retirement systems' actuary as the amount the pension fund is short, without further payments from the county, to pay retirement benefits already earned by current and former employees covered by the pension system. The county is required to pay the UAL over a period established by law, or agreement with the pension system.

POBs are taxable bonds (composed of principal and interest) that some counties have issued as part of an overall strategy to fund its UAL by creating debt. As part of the employee benefits charged to the grants, counties typically include the allocated costs of its POBs and or UALs.

The IFGP regulations state interest payments are a non-allowable budget item. In addition to POB interest expense, other aspects related to the eligibility of UALs and POBS were not addressed

in the IFGP for these scope years. CDI Grant Administrators issued grant application guidance for FY 2024/25 that specifies UAL contributions are allowable whether funded by POBs or any other method and that no liabilities would be assessed for FY 2023/24 and prior UAL and POB costs.

Based on the revised CDI Grant Administrators guidance, FGAU procures related to POB and UAL costs were limited to verifying the correct percentage was charged to IFGP salaries.

IV. Disclaimer

This report is written in the exception format, which excludes the positive aspects of the District Attorney's Office's administration of the insurance fraud grant program.

The absence of stated deficiencies should not be interpreted as full compliance with all relevant laws and regulations, nor should it be assumed to imply acceptance or approval of specific procedures or practices. Nothing about this audit or the content of this report limits or diminishes the District Attorney's Office's obligation to comply with all statutes, regulations, policies, and procedures that govern the program.

This report is intended solely for use by the CDI and the District Attorney's Office management. This restriction is not intended to limit the distribution of the report, which is a matter of public record.

V. Findings

Finding #1: Ineligible Expenditure Charged to Worker's Compensation Insurance Fraud Grant for FY 2023/24

District Attorney's Office Response:

The San Francisco District Attorney's Office's (SFDA's) response, states in part:

"Ms. Nunes Ober is listed in GMS as the Program Director and the person responsible for submitting stats. Ms. Nunes Ober has been listed in GMS since 2022 as the Program Director. SFDA's organizational chart lists Ms. Nunes Ober as Managing Attorney for SFDA's insurance fraud prosecution team. "

FGAP's Comment to the District Attorney's Office Response:

The Department accepts the District Attorney's response. According to the California Department of Insurance (CDI), financial audit guidelines prohibit using grant funds to pay the salary and benefits of personnel not officially funded by the grant. However, training for administrative staff may be considered an allowable administrative or operational cost under the grant, provided it directly supports the grant-funded program and is approved in the budget therefore, no further action is required.

VI. Conclusion

We have audited the records and related transactions as they pertain to the following awarded insurance fraud grant programs: (1) Workers' Compensation (2) Automobile. The administration and maintenance of the records and related transactions are the responsibility of District Attorney's Office.

Our responsibility is to express an opinion on the District Attorney's Office's administration of the insurance grant programs and their compliance with applicable laws, regulations, grant award agreements, and the RFA. We believe the audit evidence we obtained is sufficient and appropriate to provide a basis for our opinions.

In our opinion, in all material respects for the fiscal years ended June 30, 2021, 2022, 2023, and 2024, the District Attorney's Office appears to be in compliance with the applicable laws, regulations, grant award agreements, and RFA guidelines for the awarded grants.

CITY AND COUNTY OF SAN FRANCISCO OFFICE OF THE DISTRICT ATTORNEY

Brooke Jenkins
District Attorney

September 15, 2025

Anthony Fidalgo
Manager
Fraud Grant Audit Unit
Enforcement Branch Headquarters
2400 Del Paseo Road, Suite 250
Sacramento, CA 95834

RE: Audit 2025-38

Dear Mr. Fidalgo:

This letter is San Francisco District Attorney's (SFDA) response to the singular finding in the above audit conducted July, 2025 which states that SFDA had an ineligible expenditure charged to the grant when grant funds were used for training expenditures for SFDA's Program Director, Managing Assistant District Attorney Tina Nunes Ober. The audit further states the cause of the finding as "a lack of adequate review and oversight of program rules."

SFDA rejects the stated cause of the finding as "a lack of adequate review and oversight of program rules" that "led to the inclusion of training for staff not actively assigned to the program." On August 16, 2024, SFDA's internal controls caused our office to seek guidance from Local Assistance Unit (LAU) regarding using grant funds for travel and training for unfunded positions, specifically for the Program Manager, and for partially funded staff.

LAU responded to SFDA's e-mail with an in-depth and detailed response which advised that the expense was allowed and should be divided between the 2 grants, Auto and Workers' Compensation (WC). Nothing in the guidance LAU provided to SFDA indicated that the expense was only allowed if there is evidence that the unfunded individual had a corresponding salary allocation on the insurance fraud grant program. Because the program manager was an unfunded contribution (which is encouraged by the grant programs), she did not submit functional timesheets to capture her work on the Insurance grants.

Furthermore, LAU is specifically tasked with answering grantee's questions. Grantees can and should be able to rely and act on the guidance they receive. In fact, LAU encourages grantees to reach out to them with questions. SFDA sought guidance and clarification. SFDA acted on the guidance it received from the agency tasked with assisting grantees. Had LAU instructed SFDA not to use funds for unfunded personnel to go to training, we would not have done so. SFDA is now being punished for following the guidance of the agency tasked with providing that guidance.

The auditor specifically noted in the pre- and post-audit meetings that he was aware of that e-mail exchange and had reviewed it. Despite the response from LAU, the auditor still made the finding against SFDA.

Here is a list of documentation and activities that demonstrate the work that the Program Manager provides the CDI grants:

1. Ms. Nunes Ober is listed in GMS as the Program Director and the person responsible for submitting stats. Ms. Nunes Ober has been listed in GMS since 2022 as the Program Director.

2. SFDA's organizational chart lists Ms. Nunes Ober as Managing Attorney for SFDA's insurance fraud prosecution team.

3. Ms. Nunes Ober has been the main contact for SFDA with CDI and LAU since 2022.

4. Ms. Nunes Ober signs the after-award agreements on behalf of SFDA.

5. Ms. Nunes Ober has submitted SFDA grant applications since 2022.

6. Every grant application starting in 2022 provides a lengthy description of Ms. Nunes Ober's role and work on the grants. The grant specifically encourages unfunded contributions. Ms. Nunes Ober's work is an unfunded contribution as her salary has been paid by SFDA general funds since 2022. The response to that question details the extensive work done on the grants by the Program Director. Those tasks include but are not limited to supervising the attorney staff; writing grant applications; reviewing arrest and search warrants; appearing before the Fraud Assessment Commission, and conducting outreach.

7. Ms. Nunes Ober is listed in the Letter of Designation of Authority as the person authorized to submit grant applications and sign after-award agreements on behalf of SFDA's elected District Attorney, Brooke Jenkins.

8. The auditor knew to reach out to Ms. Nunes Ober as primary contact for the audit. He contacted her both by e-mail and by phone. If Ms. Nunes Ober was not visible as SFDA staff working on the grants, it would have been difficult to locate her contact information.

All the above-mentioned documents are easily accessible on GMS and are found in SFDA's document library in GMS.

SFDA followed guidance it received from LAU, an arm of CDI. It sets a bad precedent to punish grantees when they seek guidance, they receive it and act on it. It is not as though SFDA did something it was specifically told not to do. SFDA did as it was told and now faces sanctions as a result. What is SFDA to do in the future when it seeks guidance? Are we expected to distrust that guidance and even disregard it? No grantee should be placed in a position of such uncertainty.

The Office of the District Attorney has already adjusted its procedures to ensure that the program manager's time is both budgeted and allocated to the relevant Insurance grants with appropriate documentation through functional timesheets on a going-forward basis. All SFDA financial staff that work on the Department of Insurance grants are aware of the proposed finding in this report and will ensure that only costs for travel and training that have corresponding salary allocations are charged to these grants.

We are happy to discuss this matter further if necessary.

Thank you for your attention to this matter.

Sincerely,

Brooke Jenkins

Dear Mayor Lurie and Board of Supervisors,

Please do not close Sunset Dunes, the park is amazing. I see so many people there enjoying it and I love going there myself. The Great Highway is already partially closed and more of it will be closed in future according the Master Plan of 2012. What does reopening this road get us? I live in the Sunset, and I haven't experienced any increased traffic in my day to day. Let's not waste money that was already spent turning a lovely community space back into a half closed, submerged in sand road.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

As an environmental engineer and Bay Area resident that worked for the CalEPA, I strongly urge you all to protect Sunset Dunes Park. I was recently at the park at 2pm on a Wednesday and there were hundreds of people enjoying the park. It really felt like a safe and vibrant community. I cannot fathom a progressive city like SF regressing to the antiquated and environmentally harmful practice of turning public spaces into highways, especially on the beach.

Do we really value slightly shortening the commute for a few private vehicles over the enjoyment of the entire city? I really hope not. If the commute is really an issue, maybe we can add a bus line instead of going back in time. Private vehicles should not get priority in a bikable/transitable city.

Thanks for your time,
Gaurav Mittal

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I'm writing to express my appreciation and love for the Sunset Dunes park. I exercise there regularly, and have been spending more time in the sunset district as a result of the park. I feel that this park is good for recreation, for tourism and business in the Sunset, and to build community in more public spaces.

Please continue to protect and defend this wonderful park!

Thank you,

Subject:	Another Sunset Family Loving the Sunset Dunes
Date:	Wednesday, October 1, 2025 12:59:30 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

I'd love to share my support for Sunset Dunes, as my family has greatly benefited from the safe activity and joyful interactions the park has provided. My family lives in the Outer Sunset and we love being able to access the dunes and beach much more safely than before. My young children feel so free and joyful on their scooters and bikes. I no longer need to panic they will bolt for the beach and into traffic. We are so excited for what the park can become - something as world class as Tunnel Tops or the High Line. If we want to keep families in San Francisco, we need to continue supporting policies that make it easier to be a family in this city.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

I recently moved here from New York and the Dunes has been an amazing part of this neighborhood. If it goes back to full car infrastructure, I may as well go back to nyc. The outdoor amenities within the city is unlike any other place on earth, and it would be a shame to lose it

Thank you for your leadership.

Subject:	Please do not close Sunset Dunes
Date:	Tuesday, September 30, 2025 8:41:49 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

As a resident of the Sunset, and one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

My family has greatly benefitted from the park - we've gotten to know many of our neighbors through visiting it and love spending the time outside by the ocean.

I cannot imagine a good argument for closing a popular oceanside park in order to turn the space into a highway.

Thank you for your leadership,
- Hannah

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

But life too is probably round — Vincent van Gogh

A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I'm writing to ask you to defend and support the Sunset Dunes park, which I voted for, and which is in the public interest.

I'm a D9 resident and parent of two SFUSD kids, and we love the park. Please recognize how vital it is to protect family-friendly public spaces in the city that are open to people and closed to cars.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership,
David Marwick

Dear Mayor Lurie and Board of Supervisors,

I am a San Francisco native, Ocean Beach Surfer and a SFVA (Ft. Miley) Registered Nurse.

I have lived in a variety of SF neighborhoods and have experienced challenges of traffic during GGPark events and more. So, I sympathize with the Sunset dwellers.

However, I have had to adjust my commute to Sunset Blvd like so many and find the Park owned stretch of road along Ocean Beach belongs to All of San Francisco and Visitors. Especially, at a time and need to attract people to witness improvements in our beloved city.

Sunset Dunes is an Internationally known for being the largest pedestrianization project in California's history.

Sunset Dunes is a demonstration of a simple project for the greater public good.

Let's not get distracted.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible travesty, compared to the beach which draws tens of thousands to enjoy our coast each week, and the now thousands of residents that no longer have access to this critical artery. The Romans built their society with roads, and we should remember them as we ensure the city maintains critical infrastructure. Let people of all ages soak up our City's incredible coastline by visiting the beach, and ensure residents and visitors have access to the city with this main arterial road. A closed road is not a park.

As one of the thousands of San Francisco voters who opposed Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will listen to the opinions of District 4 residents and ensure their voices are heard in political decisions
- Champion the future of Great Highway by reopening it, at least on weekdays, making the City more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- Sunset and Richmond residents have already made clear that they want an effective transportation system on the west side. In 2024, voters that don't live in these neighborhoods chose a full-time closure, disregarding the needs of local residents. Visitor numbers on the closed road count beach users and don't appear to reflect the actual road usage.

The park "improvements" don't change the fact that this is just a closed road. San Franciscans did not vote for a closed road, they were sold false promises of a park that will always just be a closed road.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. This closure involved significant more study and debate versus the questionable and rushed process used for Prop K. Traffic impacts appear to be significantly worse than is being widely reported.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of the voice of Sunset residents, someone who will bring the community together to solve neighborhood challenges, not alienate them by downplaying their legitimate concerns.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I love Sunset Dunes. I take visitors there all the time and I'm proud to show it off. And yes, when I go there from Lower Haight, I'm usually stopping in the outter sunset area for food or drinks or to enjoy some of the other awesome sights in the area. It's so cool that we took this old thing that was failing and falling prey to sands, and turned it into a gem of the city - a thing that brings people together and ignites our community.

Sunset Dunes has been an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the

community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Supervisors,

Sunset Dunes turned a windblown stretch of road into San Francisco's front porch. Folks of every stripe use it now—kids learning to pedal, old-timers doing Tai Chi, wheelchairs rolling by the sea. Businesses boom, dunes heal, and the coast feels like it's ours at last.

The people have spoken—twice. In 2022, they tossed out cars. In 2024, they chose a park, by a good margin. And once it opened, more people came on an ordinary Tuesday than ever showed up for the weekend road closure. Voters didn't ask for a closed road; they asked for a park.

The road's time is gone anyhow. The southbound lanes are closed, the northbound are next, and traffic slid inland without much fuss. What's left is a fine park, and a chance to keep faith with 206,000 voters who wanted it.

So I ask you plain:

- Put a District 4 Supervisor in office who will stand with Sunset Dunes.
- Honor the will of the voters.
- Champion a coast that welcomes us now and will outlast us.

Don't dig up old quarrels. The people already settled it. Let's keep Sunset Dunes for the living, and for those yet to come.

Kindly.

Dear Mayor Lurie and Board of Supervisors,

I love Sunset Dunes park. As a native San Franciscan, senior citizen, car driver, pedestrian and cyclist, I am so thrilled to have this space open to the public, rather than drivers rushing north and south. Access to the coastline should be safe and available to everyone. Let's go San Francisco and Sunset Dunes.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not

rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Subject:	D4 Resident & I LOVE Sunset Dunes
Date:	Friday, September 26, 2025 7:50:44 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

I am a D4 resident on Judah and 46 Avenue. I voted for prop K. I walk Sunset dunes nearly every day with my dog, and it brings the biggest smile to my face every time. What a privilege to live in a city that prioritizes people and outdoor access, over cars. Please don't take this away from us.

I urge you all and the new D4 supervisor to focus on things you can do. Things that bring the community together, rather than divide them. My neighbors are upset about traffic, but what they're really upset about is congestion at the intersections, visibility of pedestrians, crossing at intersections, and vehicle speeding in the community. Use the livable streets team and others to bring near term traffic calming, fixes that alleviate these issues. Then help us build a permanent solution together.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together.

Supervisors, I urge you to champion a real park for San Francisco and a coastline we can be proud of for generations to come.

Thank you for your leadership.

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

I'm writing again today because I lost sleep last night thinking about losing the park. The people who love and use the park just go and use the park, they are not perpetually angry about it like the no on K crowd, who are obsessed with it. They are a minority of folks whor are excessively strident in their views, the majority of folks just enjoy the park and get on with their lives. That would have to change if any efforts are made to close the park. Then the majority of folks would be angry!

So, please do not attack the park, let this and future generations of locals as well as visitors continus to enjoy the delightful and amazing strip of wonder.

Clay Bennett - Outer Sunset resident since 1996 - Park lover always!

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors

adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. Dear Mayor Lurie and Board of Supervisors,

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes and someone that is supportive of state housing goals. It can be tempting to take the recall as a referendum supporting cars and no more housing. Yet, the city and leadership need to stand firm against the current vocal minority.

I also urge you to look at ways to limit the current recall trends and process as recalls are being misused.

Thank you for your leadership.

Cheers,
David Schott

A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Dear Mayor Lurie and Board of Supervisors,

As a homeowner and resident of San Francisco, visiting the Sunset Dunes in the last month was first time I've specifically made plans to bring my family to this part of our city in years. It marks an evolution of a premier part of our city, one that could continue to flourish and bloom. Undoing what VOTERS have already approved and expending more city resources on any regressive action would be an embarrassment.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

In a disconnected world, we need a third space to bring communities, people, and love together. I've always enjoyed Sunset Dunes on any day, any time, since it's full-time opening. I've always seen happy faces, enjoyment, and love. We NEED to keep these spaces in order to bring everyone together. We need to come together, not be separated in cars and be individualized. Come together San Francisco!

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As a resident of the Outer Sunset and one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Dear Mayor Lurie and Board of Supervisors,

I love the new park and feel that it has greatly enhanced the Outer Sunset neighborhood where I live and own a home. With the closure of UGH and

My family visits from the East Bay and loves that my niece and nephew have a safe place to walk and learn to bike. My niece rode for her first time without training wheels a couple of weeks ago at Sunset Dunes because there aren't many safe, flat places with no cars like that available in the East Bay.

As they get older, we look forward to continuing to enjoy Sunset Dunes and helping them learn about and explore the coast and Ocean Beach.

It seems like the park is also a benefit to the Outer Sunset businesses that traditionally saw spikes in business during nice days - now, with Sunset Dunes, more people are coming out to the Outer Sunset, even on foggy days, to enjoy the park, run, bike, exercise, etc. ,and patronize the local businesses.

There are some shortcomings with regard to traffic mitigation that I would like to see happen eventually:
- The stoplight at 41st and Lincoln needs a dedicated left-hand turn arrow going eastbound. Using right-of-way for people turning left (north) into the park is not a sustainable solution because only 1 or two are typically able to turn, creating a huge backup and bottleneck at that intersection on slow days, and a nightmare of congestion on busy days.
- The lights on Sunset should be timed to better facilitate the flow of traffic. Sunset shouldn't be 'stop and go' with normal traffic flow - time the lights like Pine, Oak, Fell, Franklin, etc. so people can actually move across the sunset (similar to when GH was open). This will discourage people from speeding through the neighborhood and running/rolling stop signs.
- Make every intersection in the sunset a 4-way stop. While this would be a bit inconvenient for residents (including myself) it would be MUCH safer to force cars to stop at every intersection. Traffic will flow faster.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Thank you for your leadership.

By the way, I am a lifelong resident of 48th Avenue and Taraval Street, and a small business owner who commutes daily. This upgrade to our neighborhood has been long overdue and is making a positive impact. Change is always hard for the neighborhood, especially outer sunset beach dwellers who moved there to escape people. But the beach is for everyone, and should be protected and enjoyed. I have never seen the beach and our neighborhood more protected and enjoyed than it is now.

Best regards,

Grace Kennedy Panda

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Yes this is a templates email, but I read it and I wholly agree with the whole thing. The park is a joy to this cyclist and I hate to remind but mother nature has it in for that stretch as a road.

I was deeply disappointed to learn that following the successful recall of Supervisor Engardio, opponents of fresh air, exercise, and nature have continued in their fight to restore the 4-lane highway that we have only recently turned into a park with a majority vote of SF residents.

This stretch of former highway, now occupied by a park everyone can enjoy, had no automobile access to the nearby neighborhoods along its length and was primarily a shortcut for drivers from other neighborhoods, saving them a minute or two each way. It was closed many days per year due to being covered with sand (it was built on a beach, after all!), and its southern extension will be closed in a few years regardless.

Mister Mayor, I urge you to appoint a supporter of Sunset Dunes as the replacement for Supervisor Engardio. Local businesses are already benefiting from the increased foot traffic near the beach, and studies show little impact on traffic. Residents near the beach now enjoy clearer, cleaner air. Time will make clear the wisdom of this transformation.

To my own D10 Supervisor Walton, I call upon you to be a leader for recreation and the environment, and oppose turning the park back into a freeway for west side commuters. None of your constituents had any need to access this highway, for commuting or otherwise. We will be losing a valuable recreation space, and for what? We supported Measure K - let's be on the right side of this one.

Thanks and Regards,
Jeff Trull

Dear Mayor Lurie and Board of Supervisors,

I'm not going to use the copy and paste email, but I want to support Sunset Dunes staying in place, I think the only change we should make is doing more to make it a real park with more amenities and attractions. I didn't vote for it initially cause I was indifferent, but looking at it now the value it offers to the community is really exceptional. It makes thousands of people's lives meaningfully better every day.

Housing and homelessness are our number one problems, let's not argue about a park, let's get more housing built.

I urge an aggressive approach to upzoning, we can have the best of both worlds, there can be pockets of residential housing amongst larger housing projects. We have to be open to change to enable a diverse community to live here, while still respecting longtime residents.

Also, I support humane but firm action on the homeless and drug problem. I have a homeless person who is routinely moved and then always comes back to his spot on Jefferson square park. The police and park rangers have moved him and taken his structure 100 times, I'm not kidding. What a waste of police resources and it's both an eyesore and a safety concern walking by his camp every day. It's sad but this is not acceptable. We need to have progressively increasing consequences (and support where warranted) for people who are repeatedly picked up on the street, doing drugs or otherwise.

Also, we need to crack down on the street markets where people fence things that they've stolen immediately. Instead of picking up the same homeless people 100 times, we could be tempering real crime. We've seen them in the mission, I have far less sympathy for this group. If someone is stealing, they need to be prosecuted, period. We don't need to give them sentences that ruin their lives but they need to be held accountable and we need to show that this isn't acceptable.

I have really liked the direction San Francisco is going in the last few months. Keep it up!

Thanks,

Chris

Dear Mayor Lurie and Board of Supervisors,

My family and I love Sunset Dunes and what it is doing for small businesses in the neighborhood. The programming has been phenomenal, and it's been such a scene of meaningful community building. We live in the central Sunset (22/Pacheco) and it's the best option we have for wide open space where my 3-year-old can practice scootering, biking, and just generally enjoying nature. (Sunset Dunes is MUCH easier for us to access versus Golden Gate Park). We haven't seen any major effects on traffic.

We co-sign the letter below representing our views.

Dana Asadorian
Pacheco Street

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

I am a resident of the Inner Sunset.

Sunset Dunes has been an incredible success, drawing thousands of visitors each week. The park has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline. And, it has been a boon for Outer Sunset businesses, and is an important first step towards rehabilitating our coastal ecosystem.

As one of the more than 200,000 San Franciscans who supported Prop K, I urge you to:
- Appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- **Champion the future of Sunset Dunes** to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. **Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory**. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of weekend-only road closure. The weekend road closure was incompatible with any park improvements. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. **Now that Sunset Dunes has opened, twice as many people per day come as visited during the weekend pilot**. **San Franciscans voters embraced a vision of a coastal park rather than a mere road closure**. **We are counting on YOU, our elected leaders, to implement that vision, not rehash the issue yet again.**

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. **Sunset Dunes has lost its primary utility as a road, as that Master Plan dictated a shift in traffic patterns inland. Traffic data demonstrate that this shift has been successful and that traffic impacts have been minimal**.

- **I believe Sunset Dunes has an enormous potential as a tourist attraction**, in other words, one more facet of the life of San Francisco which will bring visitors from afar to our beautiful city.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park and since its opening, SF residents have increasingly come to love the park.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. **Supervisors**, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. Dear Mayor Lurie and Board of Supervisors,

I live in the sunset and i go to the park every day. In the horrible nightmare scenario that it gets reverted to a road I will be protesting in it every day. The people of San Francisco exercised their civic rights and voted on the measure and it passed. What else is there to say? A step backwards is unacceptable and a huge waste of the city's time and resources.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before. As one of the 206,000 San Francisco voters who supported Prop K, I urge you to: - Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks - Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses.

Thanks in advance
Yvonne

Dear Mayor Lurie, Supervisor Chan and the rest of the Board of Supervisors,

I am a D1 resident in the Richmond District. I live on Fulton and often drive south. I LOVE Sunset Dunes. Please listen to the will of the 200k+ voters who supported the park (including me!); this is an incredible addition to our city and community, especially in the Richmond. I used to live in Noe Valley, and Sunset Dunes allowed me to enjoy the Sunset (and drew me to all of the businesses there regularly!). Now from my home at Fulton Street, it's even more valuable— in fact it's one of the reasons I moved to the Richmond and became a D1 resident!

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

We want to share our love and support of Sunset Dunes Park. The bold vision to create a park along this incredible part of Ocean Beach has transformed this part of the city. We regualrly bike from our home in the Mission and are forever awed by the experience. It is a rapidly transforming haven for San Franciscans and visitors from around the world.
We are deeply concerned that the vengeful recall of Supervisor Engardio will lead to a short sighted dip in support. After all the majority of San Franciscans and the forward thinking vision of this magnificent area. Change is often difficult for people but the incredible vision and obvious environmental benefits of Sunset Dunes tranforming into an oceanside park should not be lost.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership of San Francisco.
The recent months give us hope that our city will be able to rise above the challenges that we have faced in recent years.

Our best,

Jenifer & Robert Twiford

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Subject: Support Sunset Dunes
Date: Thursday, September 25, 2025 10:29:10 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Members of the Board of Supervisors,

Sunset Dunes has been a huge success, tens of thousands of people now come out each week to enjoy our coast. It's been a boost for local businesses in the Outer Sunset, a first step toward restoring our coastal ecosystem, and a space that's opened up the shoreline in ways we've never seen before. Kids are learning to ride bikes, wheelchair users are finally able to roll by the sea, older neighbors are joining free Tai Chi and yoga classes, and people of all ages are simply enjoying our City's incredible coastline more than ever.

As one of the 206,000 San Franciscans who voted for Prop K, I'm asking you to:

- Appoint a District 4 Supervisor who will support the future of one of our city's most popular parks
- Champion Sunset Dunes so it can be even more accessible, welcoming, and enjoyable, while continuing to support nearby businesses

Here's why this matters:

- Voters have already been clear: we want a coastal park. In 2022, we rejected Prop I, which would have given the coast back to cars. In 2024, we chose a full-time oceanfront park by a solid margin. Since opening, Sunset Dunes has become one of the city's most visited parks, and the number of visitors keeps growing.
- We've seen what a weekend road closure looks like, and it doesn't work. It would mean losing all the park amenities neighbors love.

Seating, picnic areas, fitness equipment, art, the skate park, and would block critical dune restoration and sea-level rise protection. With Sunset Dunes now open, daily attendance is more than double what it was during the weekend pilot. San Franciscans didn't vote for a closed road; we voted for a coastal park. After years of debate, voters are counting on leadership to deliver on that vision, not reopen the same fight.

- The southern part of the Great Highway has already been on track for closure since the Ocean Beach Master Plan was adopted in 2012. Southbound lanes are already closed, and the northbound lanes are next as SFPUC work moves forward. The reality is, Sunset Dunes has lost its primary function as a road. The traffic shift inland hasn't been easy, but the data shows it's working, and the impacts have been minimal.

San Franciscans voted decisively for Sunset Dunes, and even more have embraced it now that it's real and full of life.

Mayor Lurie, I urge you to appoint a District 4 Supervisor who supports this park and can bring the community together to shape its future. And Supervisors, I urge you to champion Sunset Dunes and follow through on what 206,000 voters asked for: a coastal park that will welcome San Franciscans and visitors alike for generations to come.

Thank you for your leadership and for helping us protect and grow this incredible new public space.

Best,

Gina Maekawa, Outer Sunset Resident

- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.
Jessica Jenkins

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. Subject:	Urgently Champion the Future of Sunset Dunes: A Mandate from San Francisco Voters
Date:	Thursday, September 25, 2025 7:53:08 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Members of the Board of Supervisors,

I am writing to you not just as a constituent and an outdoor enthusiast, but as one of the 206,000 San Francisco voters who overwhelmingly supported Prop K. I urge you to recognize the profound public mandate and seize this opportunity to secure the future of our city's newest, most cherished coastal park, Sunset Dunes.

Sunset Dunes is already an incredible, undeniable success. It has fundamentally transformed the Outer Sunset, drawing tens of thousands of people to enjoy our coast each week.

The Clear Will of the People:

San Franciscans have spoken clearly and repeatedly that they want a coastal park, not a coastal road.

Voters resoundingly rejected Prop I in 2022, which sought to dedicate the coast back to cars.

In 2024, voters selected a full-time oceanfront park by a compelling ten-point margin.

Since its opening, the park has quickly become one of San Francisco's most visited destinations, with daily visitor numbers now double those seen during the initial weekend pilot.

Voters did not merely endorse a closed road; we embraced the full vision of a vibrant coastal park. We are now counting on our elected leaders to implement this vision, not rehash a debate that has already occupied five years of public discourse.

The Vision to Protect and Advance:

The current full-time park design is essential for progress and must be protected. A weekend-only closure would necessitate removing all park improvements—including seating, picnic tables, fitness equipment, public art, and the popular skate park—stripping away the very amenities the community has quickly come to love.

Furthermore, a part-time road closure precludes the possibility of vital dune restoration and sea-level rise protection work, which is necessary for the long-term integrity of our coastline.

The shift in traffic patterns is already a successful reality. The closure of the southern Great Highway has been planned since the 2012 Ocean Beach Master Plan, and traffic data confirms that the minimal impacts of the shift have already been absorbed by the inland routes.

A Call to Leadership:

Mayor Lurie: I strongly urge you to be forward-looking and appoint a District 4 Supervisor who is unequivocally supportive of Sunset Dunes. We need a leader who will focus on bringing the community together to collaboratively design and enhance this essential new park.

Members of the Board of Supervisors: I implore you to champion this park and deliver the will of the 206,000 voters. We need you to make Sunset Dunes more accessible, welcoming, and enjoyable, transforming it into a park that welcomes San Franciscans and our visitors to enjoy our incredible coastline for generations to come.

This park is a boon for local businesses, a crucial step in rehabilitating our coastal ecosystem, and a place that has deeply connected San Franciscans—from kids learning to ride bikes to elders enjoying Tai Chi—to the ocean in ways we had only imagined.

Thank you for demonstrating the decisive leadership required to keep this park a success,

Signed: Justis Reyes Bayview, CA

The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Dear Mayor Lurie and Supervisor Chan

Turning Sunset Dunes back into a road for cars would be short-sighted. In a world where vision zero continues to fail to deliver results, having more car free safe places for humans of all ages to enjoy the outdoors and nature is critical. As a constituent of Supervisor Chan - I bike my 2 year old from our home in inner richmond/lone mountain to his preschool in the outer sunset almost every day. I craft my route carefully but there are still large stretches where I need to bike through regular streets where people are frankly not expecting a biker. They frequently don't see me in their peripheral vision and don't stop at stop signs, not to mention the streets are full of parked cars making visibility at intersections difficult. JFK and biking through the park and Sunset Dunes are the only bright spots! We need more spaces like this not less!

Moreover, Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City’s incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I think that Sunset Dunes is an **inequitable** bad decision made by unreasonable and unrealistic people who are being selfish and not compromising. It reminds me of the "give them an inch they take a mile" parenting dilemma.

My aging disabled in-laws, who do not ride bikes and cannot walk, now can no longer enjoy this short drive that was a big part of their well-being. The road should not be open ONLY to people who ride bikes. Not everyone rides bikes! And there is still a walking path for pedestrians.

Although I was, and still am, in support of the great highway being closed off to cars Fridays, Saturdays and Sundays. Now that it has been shut down to cars for every day of the week, it makes me want to never approve any small thing ever again because then they will take all of it - They have taken too much!

I have been to the great highway mid week, and there are hardly any people there using the street at all!

Compromise is the best way to unsure everybody gets a little of something. One small group should not get everything. The great highway was originally built for cars. It is part of the San Francisco 49 Mile Scenic **Drive** and it's the only part that actually goes on the Pacific coast in San Francisco.

I know we are trying to have less cars on the road, but this is not the way to do it, this is just pissing off a lot of people! The beach really is for everyone, and therefore cars should be allowed to drive there Monday through Thursday.

Thank you for listening and being a public servant.

Sarah Fishman (Richmond District resident for 27 years)

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

My neighbors in the Sunset and I love Sunset Dunes! It has brought our community together in ways we desperately needed. A few negative voices have taken over the narrative and that is not what democracy should look like. There was a large opposition to the Golden Gate Bridge—imagine if they had won?!?!? Also, I don't want my tax dollars to pay $500,000 plus every year to keep sand off the road so that a handful of people will not have to drive another 3-5 minutes. The value of the park far exceeds these complaints.

The park has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Good afternoon Mr. Lurie,

I have really appreciated the positive changes you have made to our wonderful city. I want to express my support towards the Sunset Dunes park. The park is a fantastic addition and a step in the right direction. Like JFK promenade, it is controversial as the residents do not seem to actually understand the environmental/economic benefits, history of the highway, or real traffic impacts.

I suggest informing residents about the real benefits, and the actual traffic impacts as this seems to be the biggest concern. What makes our city so great is we prioritize people over cars, let's continue creating spaces for the people. Especially a beautiful underutilized waterfront.

I'm appalled that even my own district supervisor, Connie Chan, is going against what the 206,000 San Francisco voters like myself voted for. I urge you to appoint a supervisor who will unite the community, and support this park and all of its benefits. I urge our other supervisors to support this park, which will benefit not only Richmond but San Francisco for generations.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible waste of $$$ .The park has been a nightmare for the westside and has destroyed more than previously imagined - kids climbing the dunes, 30 mph e bikes.Garbage leftover burning man art with toxic microplastics seeping into beach+ ocean,harming wildlife.

Mayor Lurie, I urge you to appoint a supervisor who is not supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while getting rid the Outer Sunset's a fake park Supervisors, I urge you to open the Great Highway 24/7 to cars.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible waste of money and a disaster to the environment. Traffic pollution has soared.People do not shop in SF much due to traffic and parking. The destruction of the dunes is obvious. People climb on dunes everyday I go to beach.The obnoxious 30 mph ebikes make crossing the ROAD dangerous. 200k for a worthless fence,46,000 for dangerous hammocks.Liability soars.Do not appoint a new Supervisor who wants this disaster. OPEN THE GREAT HIGHWAY 24/7 to cars.Bike riders have cost SF billions of $$$ in lost revenue.

I support with my vote the closing of the stretch of road which has become a wonderful new addition to the parks of this great city.

I object to the use of the recall system to change a legal and popular vote to close the road.

A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has not been an incredible success as they say. I agree we need important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans but this plan was never it. A small group made a decision that effected not only the Sunset. But San Mateo County residents and South side resident who depend on that road way. And what about the traffic impact on 19th Ave and Sunset Blvd.
It is not like the same individual can't access Golden Gate park which has far more green space and opportunities for safe and traffic free biking.
The number of people who use "Sunset Dunes" is far less than reported and the impact to carbon output and traffic impact does not justify closing the Great Hwy. The fact that less people would have access to the beach alone is a reason to reopen the Highway. Not to mention the impact of traffic on city streets that should be on the UGH.
I am sure there is a solution. But this isn't it. It was done without a reasonable Imapct Study. Without the support of those impacted the most, and it was done duplicity.

Mayor Lurie, the Sunset District spoke loud an clear. There are plenty of places in the city were empty lots can create beautiful green space. The Great Highway is not empty, it serves a purpose and I encourage you to allow it to serve that purpose. There are plenty of opportunities to create bike and walking paths along the UGH. That can not only provide the recreation but protect the ecology. A win/win for all.

Thank you,
Anna Strain

Thank you for your leadership.
PS- after the GH is reopened the slow streets MUST be next!

Dear Mayor Lurie and Board of Supervisors,

I truly love the way Sunset Dunes has created a community space for all to enjoy. While I did love driving by the beach, I enjoy the ability to bike ride or walk there even more. The Sunset Dunes has reignited my passion for the beach and the ocean, and has given me space to feel right at home without the constant flow of traffic to look out for. There have been many amazing moments I've had in the short amount of time it's been open, but the sense of community is the most important, especially in these times. Please keep it open as it has been and invest more in the community spaces for all.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Dear Mayor Lurie and Board of Supervisors,

I urge you to appoint a supervisor who is supportive of Sunset Dunes. As a resident of the Outer Sunset, I urge you to protect the Sunset Dunes park. My family is a frequent user of the park and we have enjoyed immensely how accessible the beach has become with the removal of cars from the great highway. We no longer have to find one of the intersections that has a traffic light in order to cross safely and the peaceful beach is not taken over by traffic noise. In June I was able to bring my 97-year old grandmother to Sunset Dunes for a walk - I would not have been able to do this if it weren't for the park because she requires a hard surface to use her walker on. We have also thoroughly enjoyed the amenities made available by making this a full time park, including the art installations, benches, and tables. My two young children have learned to ride their bikes there, and we've built our community by attending events at the Dunes such as Halloween and Easter.

In addition to this enjoyment, I want to point out that there is no data showing harm to anyone from this park. My husband commutes along Sunset Blvd daily and has seen no noticeable increase in his commute time. Reversing the development of this park would be a shameful waste of resources that our city needs in other areas (ie public school funding).

Please use your power to protect our ability to enjoy the beauty of our city coastline.

Thank you,
Megan Sutter
District 4 resident

Dear Mayor Lurie and Board of Supervisors, Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before. As one of the 206,000 San Francisco voters who supported Prop K, I urge you to: - Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks - Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

- Brian

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been incredibly divisive and a failure. Please bring back the compromise which worked well.

Please be forward-looking and appoint a District 4 Supervisor who will respect the recall of former Supervisor Engardio and reopen the Great Highway to cars Monday through Friday.

Thank you for your leadership.

Subject: Keep Sunset Dunes A Park
Date: Saturday, September 27, 2025 7:13:29 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

I am writing to express my strong support for maintaining sunset dunes as a park.

I presently live at 46th Ave. and Ulloa Street, and have lived within three blocks of the great highway for 20 years.

Given where I live, I have a particularly relevant perspective and my experience should carry weight.

I am truly baffled by the virulent response to making the highway a park and it saddens me that supervisor Engardio had to lose his job because a handful of very angry people were the loudest voices. Democracy involves voting and sometimes what you want does not happen but people can't seem to accept that in this instance. As an attorney who is deeply interested in politics and the law, I find the recall system one of the biggest problems with California. The recalls seriously need to stop. But that is outside the scope of this communication.

I have not seen the slightest increase in traffic on my street, nor any negative impact whatsoever. All the hysterical fear mongering was just that and I have seen nothing negative from this change. To the contrary, it has been an absolute joy to be able to take my kids biking or walk our dog or do many other things without cars flying by all the time. The other night, my son wanted to throw the football at 9 o'clock at night and we were able to go out and do it under the street lights on the great highway, which was fun for us.

I appreciate that some have had their commute impacted by this closure, but my biggest point in arguing that it should remain a park is what happens when the section from sloat to skyline is closed to cars which is going to happen regardless of this decision? Once that lower section is closed, the upper great highway is effectively a road to nowhere. What is the value of maintaining that road when you have no way to get through to skyline?

It is obvious that tens of thousands of San Francisco residents enjoy that park on a weekly basis. And a significant majority voted for it. I don't really care that more people in my district voted against it, we are all one city and the Sunset should not get to make a decision that impacts everyone in the city.

I will tell Mayer Laurie that if he appoints someone who is going to reopen the road to cars, he will lose my vote and support forever. I will not throw a tantrum and support a recall, but you certainly won't get my vote in the future. I appreciate this is a complicated situation and he's facing pressure for many directions but all I can do is tell him where my vote is going to go.

And any supervisor who is appointed that supports opening the highway will find me fighting for their defeat at the polls.

This was put on the ballot, voters voted, and the decision was made. It's time to move on. A very vocal minority should not ruin something that so many love.

Thank you very much,
Sean Joyce

Subject:	Sunset Dunes makes SF feel like home
Date:	Saturday, September 27, 2025 7:20:13 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

I'm new to San Francisco, I moved here in May and immediately fell in love with the Sunset. I love living on 23rd and Lincoln overlooking Golden Gate Park but Sunset Dunes is what makes this place feel like home to me. When I come home from work trips, the first thing I do is put on my running shoes and run along the beach. It makes me tremendously proud to live in such a beautiful area. There are cyclists, families, surfers, and many others enjoying the beautiful coastline as a community.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:

The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to

shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.
Ashley

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible failure, drawing nobody to enjoy our coast each week. The park has been a failure for Outer Sunset businesses, is destroying our coastal ecosystem with the forced traffic on Sunset Blvd, 25th Ave and 19th Ave causing a huge increase in greenhouse gasses and has divided San Franciscans more than previously imagined.

Please make sure Sunset Dunes closes and the Great Highway reopens. Thanks.

A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Dear Mayor Lurie and Board of Supervisors,

I'm gonna leave the pre written email in because it's thorough. This is an honest plea, we genuinely love this park and want our kid to be able to enjoy it when he's older. People are so attached to the cars and traffic that used to be there it's wild. Please please don't touch our park.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. Dear Mayor Lurie and Board of Supervisors,

I have lived in the Outer Sunset since 2020, and am writing to express my deep love and appreciation for Sunset Dunes. As a physician and soon to be mother, I have been delighted by the accessibility of the park across all ages—from new mothers and infants in strollers and teenagers at the skate park to the elderly strolling by the beach in their walkers. My husband and I are both daily car commuters (I commute to Berkeley and he commutes to South Bay) and have not experienced any meaningful change in our commute times, nor have we noticed any increased traffic by our home or on our frequent neighborhood walks.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

As an Inner Sunset resident, I bike down to Sunset Dunes weekly and have volunteered to help restore the native dune grass. The park has become one of my favorite places to bring visiting friends, alongside JFK Promenade—these car-free spaces showcase the best of what San Francisco can be when we prioritize people and environment over traffic.

Sunset Dunes represents exactly the kind of forward-thinking urban planning our city needs. The park draws thousands weekly while supporting Outer Sunset businesses, demonstrates how we can reclaim space from cars for people, and provides critical coastal habitat restoration. As someone who prioritizes walking and biking over driving, I see firsthand how this park creates the kind of accessible, car-free spaces that make neighborhoods more livable and sustainable.

This project aligns with the values many of us share about building climate-resilient communities. Converting car infrastructure to green space that protects against sea-level rise while creating gathering places for residents isn't just good environmental policy—it's smart neighborhood planning that benefits everyone.

As one of the 206,000 voters who supported Prop K, I urge you to appoint a District 4 Supervisor who will champion Sunset Dunes' future and work to make it more accessible and welcoming. We voted decisively for a full-time coastal park, not a part-time road closure that would eliminate the improvements residents now enjoy.

Thank you for supporting the kind of sustainable, community-centered development that makes San Francisco a model for other cities tackling similar challenges.

Sincerely,

Stanford Rosenthal

Inner Sunset Resident

Dear Mayor Lurie and Board of Supervisors,

Joel Engardio was recalled because he lied to get elected and betrayed his constituents . He has created vitriol and animosity in the entire west side. Closing a major commuting highway is not only not environmentally correct, it causes hardship to MANY, many working families and commuters.

This wrong needs to be corrected. The bike coalition uses their mailing list to drum up support for their cause by people who do NOT live in SF. Some do not even live in the United States. We saw this with the closing of Lake st through the sunshine act.

I won’t continue because I doubt this message will even be read…

Please do the right thing and OPEN THE GREAT HIGHWAY!

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has not been an incredible success as others have tried to perused you to believe. It is a closed highway. Plain and simple.

During the weekend they do get a small group of walkers, bikers, etc, but the Great Highway has always drawn bikers and walkers. For years I have walked and biked right along side the steadily moving traffic. It was a win, win. Then came a small group who persuaded our current (recalled) Supervisor to put a measure on the ballot to permanently close the GH, all without one town hall and with out the consent or input of D4 constituents. Our voices were not heard.

Now that our Supervisor has been recalled by a mass majority of D4, I implore you to open the GH to cars again during the week days. Accidents are in the rise, traffic is gridlock. This can all be resolved with GH reopening. Use the GH on the weekend for parties, drum jams or whatever people like, but please allow cars back into this vital thoroughfare during the week

Thank you for listening, I hope you do the right thing by D4 and reopening the GH during the week, once again connecting the Sunset to the Richmond.

Sincerely,

Karen Kinahan

Dear Mayor Lurie and Board of Supervisors,

Closing the road was a mistake, we now know the ballot measure was the result of backroom dealing that excluded the residents of the most impacted district.

Best,
Marie

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I am a San Francisco native and Outer Sunset resident writing to you to let you know how much I love Sunset Dunes. As a medical resident at UCSF that works very long hours, having a car-free place to go walk, run, bike, and spend time with my family and friends in the few hours I have outside of the hospital has greatly enhanced my quality of life. It brings me so much joy to see people of all ages - from new parents with strollers and children on bikes, to older people with walkers or wheelchairs - enjoying the space and the community it brings with it. I have many friends who have been coming into the city from surrounding areas to spend time at Sunset Dunes and then go to businesses in the Outer Sunset. Please help to protect this precious place that brings so much good to the people of the Outer Sunset, San Francisco, and beyond.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work.

Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Best,
Emma McCune

Dear Mayor Lurie and Board of Supervisors,

I am a 23 year SF resident and I commute only on 2 wheels.

My support will go EXCLUSIVELY to those who support sustainable mobility by bike or scooters.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I'm including a form letter below but I would also like to share my personal opinion.

Sunset Dunes is a triumph of forward facing, future friendly leadership. It is a beacon for our community, providing an accessible beachfront experience for our children and our elders, and is one of the only places I've ever been that prioritizes the human experience over commuter experience and property-owner "right of way." San Francisco voted overwhelmingly to approve this park, and I believe that Mayor Lurie should appoint a supervisor that supports Sunset Dunes for the good of the entire city over someone only concerned with reopening a troublesome roadway.

My wife and I actually moved to the Sunset in part because we love the park so much! During the pandemic, we walked it every day, and when it reopened we shed actual tears for the change in our routine and being cut off from enjoying the ocean air and beach views (we had an infant whose stroller was not able to be walked on the beach). Now 4, our daughter loves scooting and learning to ride her bike on a smooth road surface without the threat of cars.

I live on 48th Ave between Lincoln and Irving. My job is at 7th & Townsend. For sure, the old, fastest route from home to work was Great Highway → Skyline → John Daly → 280. It's a minor inconvenience to take other routes. The real solution to commuter experience is improving traffic flow from the Richmond through GGP and creating a green wave on Sunset Blvd (as they had on GH). We can all have what we want here.

I was deeply troubled by the Recall campaign's focus on "newcomers vs. townies." I've lived in SF since 2012, made it my home, and invested in my community in ways big and small. "SF Nativism" has no place here—this city has always looked to the future, embraced change, and carved its own unique path. In doing so, it has attracted new people and families to all its neighborhoods. SF Natives bemoan newcomers who don't engage in SF community, but when they do (for example, by overwhelmingly supporting the creation of Sunset Dunes) they cry foul and claim their supervisor cheated them.

Mayor Lurie, I implore you, please do not shun those of us who actively choose this city. Please continue supporting a vision for the future that prioritizes human, community based experiences over minor inconveniences to commuters.

Please see below for fact based stats.

Thank you,
Allison Shaw

Dear Mayor Lurie and Board of Supervisors, Sunset Dunes has been a major debacle making it harder to navigate the area and taking away beautiful ocean views from what was one of the nicest drives in SF.

Closing the road on weekends was an ideal compromise. A beautiful highway on the weekdays and a lovely walking and bicycle area on weekends. Of course there is always a jogging path 7 days a week with or without the highway and also a promenade along the wall for a large portion of the distance.

Be forward-looking and appoint a District 4 Supervisor who will support the wishes of the local residents and make the logical compromise of a shared space.

Dear Mayor Lurie and Board of Supervisors,

I just biked on Sunset Dunes last night and saw tons of folks out getting exercise. Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:

- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

For the folks that want "their road back" - it doesn't make any sense. The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. Using this portion of Great Highway to travel south was going to end anyway.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Proposition K has been a huge disaster for the people who live and work in San Francisco. The closure of the Great Highway was championed by some of the whitest, richest, most privileged people in the Bay Area, and was done despite the harms it would --and did-- inflict upon the working class.

We are sick and tired of the now much worse traffic congestion on Sunset Ave, 19th Ave, and in Golden Gate Park. We are enraged by the degraded traffic safety the highway's closure has caused on the streets that run parallel to the highway.

Enough is enough. "Sunset Dunes" is a failed experiment. Please give us back the highway we have always needed and relied on.

Sincerely,

Brendan Bartholomew

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

David

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible failure, making tens of thousands of drivers flood city streets during the week.

It is time to restore its former weekday function.

What seemed like a good idea has become a nightmare disproportionately affecting D4 residents and businesses.

Thank you for your leadership.

Patrick Bedwell

Dear Mayor Lurie and Board of Supervisors,

I'm writing as a San Francisco resident since 1993. I'm truly excited that Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. Our treasured new park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks (as well as Family Zoning, since we need more housing too!)
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. Hello,
I would urge all members of the San Francisco Board of Supervisors to not support any measure that would close Sunset Dunes.
Prop K won with over 200,000 San Francisco voters.
Any measure that would try and close Sunset Dunes would be taking away these voter's voice.

Sincerely,
William Ford

To City Leadership,

I'll be direct: I hate the current "Sunset Dunes" configuration. It cut off a major thoroughfare the westside depends on, pushed cars into neighborhood streets, and put traffic right in front of homes.

There's a better way to balance coastal access, safety, and mobility:

- Reopen the oceanfront corridor for through travel while keeping a generous seaside promenade for walking and rolling.
- Build continuous, physically protected bike lanes along the corridor so people biking aren't mixed with fast traffic.
- Add grade-separated crossings (pedestrian/ADA bridges or overcrossings) at key beach access points so families, wheelchair users, and seniors can reach the water without dodging traffic.
- Close Lower Great Highway to through traffic (local access only) so cars don't run directly in front of homes; calm it into a true neighborhood street.
- Pair with targeted traffic-calming and transit priority on parallel routes to keep speeds safe and buses reliable.

Why this is better:

- Restores a critical east–west/south–north connection without forcing cut-throughs on residential blocks.
- Improves safety for everyone—drivers, pedestrians, wheelchair users, and people on bikes—via protected lanes and bridges rather than an all-or-nothing road closure.
- Reduces noise and emissions where people live, by removing through traffic from Lower Great Highway.

- Preserves coastal access and recreation with a true promenade and safe crossings, instead of trading mobility for amenities.

I'm asking the City to:

1. Study this configuration as a formal alternative;
2. Pause any expansion of the current layout until that analysis is complete; and
3. Convene a working group (residents, merchants, disability advocates, bike/ped groups, surfers, emergency services) to refine and implement it.

We can have a vibrant coastline and a functional street network. Please pursue this balanced solution.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has not been an incredible success as they say- it has become a lightning rod pitting neighborhoods against neighborhoods. I agree we need important first steps towards rehabilitating our coastal ecosystem, and connecting San Franciscans, but this plan was never it. A small group made a decision that affected not only the Sunset district, but San Mateo County residents and South side residents who depend on that road way. And what about the traffic impact on 19th Ave and Sunset Blvd? It's a nightmare.
We already have the Golden Gate park which has far more green space and opportunities for safe and traffic free biking.
The number of people who use "Sunset Dunes" is also far less than reported and the impact to carbon output and traffic impact does not justify closing the Great Hwy. The fact that less people would have access to.the beach alone is a reason to reopen the Highway. Not to mention the impact of traffic on city streets that should be on the UGH.
I am sure there is a solution, but this isn't it. It was done without a proper impact study and most importantly, without the support of those impacted the most, and it was done with duplicity.

Mayor Lurie, the Sunset District has spoken loud and clear by recalling Sup Engardio. There are plenty of places in the city where empty lots can create a beautiful green space. The Great Highway is not empty, it serves a purpose and I encourage you to allow it to serve that purpose. There are plenty of opportunities to create bike and walking paths along the UGH that will not only provide recreation, but will protect the ecology. Actually, it already existed before the closure. Please listen to your Westside constituents- and honor the will of the people.

Thank you
Karen McDonald, lifelong Parkside resident and small business owner.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Lastly, I supported Joel Engaridio and noticed the haters on Nextdoor Outer Sunset rally and spread misinformation to get him voted out (mostly due to his support of the Sunset Dunes) Because they'd rather drive their cars and look at the view than share this beautiful spot with the entire city as a coastal park. Let's all have a vision of the future of SF… think ahead to the generations after us who will say 'I can't believe they used this space as a road!'

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Subject:	Sunset Dunes is a joke, we need the Great Hwy Reopened
Date:	Friday, September 26, 2025 6:53:40 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes is not a park. It's a closed highway with a bunch of trash on it. Most of the people counted as using the park are on their way to or from Ocean Beach. They aren't sticking around to see the Giraffe. And the hammocks are filled with homeless people.

Traffic in the Sunset and the Richmond has gotten worse. Chain of Lakes has tons of traffic because it's one of the more convenient ways to get across the park.

It's also more difficult for people to come into the city from the Peninsula.

Please end this little joke of a "park" and let people have their highway back.

Thank you for your leadership.

Patience Hutchinson

Subject:	Reopen Great Highway for Families, Workers, and Safety
Date:	Friday, September 26, 2025 7:21:48 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Members of the Board of Supervisors,

As a longtime resident of the west side, I've seen firsthand how closing Great Highway has hurt families, service workers, and small businesses. What was promised as a community amenity has instead created more traffic congestion, unsafe streets, and ongoing costs for the city.

I urge you to:

- Reopen Great Highway to restore mobility for the thousands of San Franciscans who rely on it daily
- Appoint a District 4 Supervisor who will prioritize family safety, affordability, efficiency, and commuter access over expensive experiments and policies that risk displacing current residents of D4

Why? Because:

- Traffic is worse. Parents struggle to drop off and pick up their kids on time. Service and healthcare workers spend longer in gridlock just trying to reach their jobs. The detour traffic through the avenues has made our neighborhood streets more dangerous, not less.
- Sunset Dunes is costing more than promised. It already requires weekly sand cleanup, adding a major and ongoing burden to taxpayers. This was never clearly disclosed to voters and will become a huge overhead expense.
- Neighborhood safety is declining. With cars diverted into residential streets, I've personally witnessed more accidents in the avenues. Biking with my kids is now less safe, and letting them play outside without close supervision has become more of a risk.
- The project was sold on false promises. Sunset Dunes was marketed as a cheaper, simpler initiative. In reality, it has turned into a costly experiment that doesn't meet the day to day mobility needs of west side families. Joel Engardio campaigned on supporting a compromise, then began planning closure only two weeks after taking office.

San Franciscans want a balanced approach. One that protects our coastline without cutting off essential mobility for tens of thousands of residents. Closing Great Highway full time is not sustainable, not affordable, and not safe.

Mayor Lurie, I urge you to appoint a supervisor who will listen to families, workers, and neighbors who need this road reopened. Supervisors, I urge you to stand with us for a safer, more practical, and more affordable solution that allows the west side to sustainably support more housing. If we increase housing and population while degrading mobility, we create a recipe for disaster.

Thank you for your leadership.

Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the

SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Best,
Vivien

Dear Mayor Lurie and Board of Supervisors,

We already voted!! And Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been a blight. I'm sick of people cherry-picking stats.

"Oh! Travel times have only increased a few minutes."

As one a San Francisco voter, who did not support Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will remove one of the city's most unwanted parks
- Champion the future of the Sunset to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans in the Sunset have already made clear that they don't want a coastal park. Since the park opened, it has become one of SF's most visited parks because it's new and HUGE. It's currently a novelty. Who would want to travel across the City to see fog and experience cold?

A part-time road closure also helps any possibility of the necessary dune restoration and sea-level rise protection work. The PUC has been preparing for sea-level rise before Sunset Dunes has opened. Twice as many people come each day as visited during the weekend pilot, but it's a HUGE area. It's barren.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. The Great Highway would not lose its primary utility as a road even as traffic patterns shift inland. While change is always challenging, traffic data demonstrates that this shift has been successful, the traffic impacts have been impactful.

Think about it. They say only a few minutes longer but those minutes add up. 15 minutes per day round trip. Seventy-five minutes per week. That's 1.5 work weeks per year! MTA is fudging numbers to support a park that the locals do not want!

Mayor Lurie, I urge you to appoint a supervisor who is not supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while helping the entire city. Supervisors, I urge you to champion a part-time park to deliver the will of the Sunset and Richmond voters: a part-time coastal park that will welcome San Franciscans.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Sincerely,
Lawrence Montgomery

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I am A resident of the SUNSET District just steps away from SUNSET dunes and while there needs to be adjustments, it's been overall and net positive for the neighborhood. Strangers, neighbors, and visitors alike connect have conversations, share moments, annd interact. This is something our community desperately needs.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to: - Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks -

Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses.

Sincerely,

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of

Most days this closure is nearly empty and was closed without real and truthful plans. It's unfortunate and scrupulous that some are a conduit of misinformation to fit the anti-car narrative. Facts and the truth matter.

Example;
"It's literally the "ONLY" safe place to ride a bike in this city" Seems a bit of a stretch of the places to ride a bicycle.

- Don't forget the green space, eight blocks of the Panhandle.
- The Golden Gate Park Polo Fields. I rode my bike there yesterday.
- GGP Middle Drive is beautiful.
- The bike paths of the upper Great Highway.
- S.F. Zoo parking lot is a great place.
- McLaren Park is also beautiful. It has two miles of protected space to ride bikes.
- The Presidio with many spots, especially the shoreline locations.

Have you heard of Crissy Field?

There are many many more safe places to ride a bike in this city.

To say differently is being disingenuous and misleading.
Have fun and be safe.

False,
"nearly 3 million visitors have flocked to the oceanfront public space to build community, improve their well-being, learn to ride bikes and shop at local businesses."
First of all, this is not true and was debunked.

In addition, these closures are not as popular as the fake data from SFMTA and Rec and Park would have you believe. Using the power of public records requests, we found a treasure trove of emails showing how these agencies grotesquely manipulated usage data. For example, SFMTA's own data showed that in 2021, as people became vaccinated and the pandemic lifted, usage of the Great Highway plummeted by 57 percent. They hid this data, yet this significant drop-off was confirmed by a second independent study of anonymized cell phone data.
- 48 Hills, September 9, 2022

When will the truth be told about the real attendance numbers of Great Highway of San Francisco, by the SFBC, SFWalks, and SF Park&Rec ?

Yes, facts matter!
Open Great Highway

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

My kids and I love sunset dunes. It's the perfect place to play after a day of school and the space to practice biking has been a blessing. Getting to explore the park and then visit the local business is exactly what I want on a weekend.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Alex

Dear Mayor Lurie and Board of Supervisors,

I remember when the Embarcadero freeway came down and some folks were in a tizzy at not having it replaced. Could you now imagine having a freeway instead of our lovely Embarcadero waterfront? Unimaginable! I feel the same way about Sunset Dunes. It would be short sighted to make changes to the park and give it back to cars.

My son is autistic and it took longer for him to learn how to ride a bike. He is still not a strong enough rider to navigate SF streets on his bike. He has been able to enjoy riding safely at Sunset Dunes since we started in 2020.

As a resident of Ingleside who has lived in about 5 or 6 different neighborhoods in her lifetime, I take BART, Muni, walk, ride bikes, and drive in the city regularly. Sure, traffic frustrates me when I drive, but I truly believe a world class city should put residents first, not cars. Please invest in making public transit more reliable and convenient to diminish traffic, and champion our outdoor spaces for residents.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie (and cc Board of Supervisors),

Please appoint a District 4 supervisor who is supportive of Sunset Dunes and who will help maintain its status as a car-free space. Please respect the will of the voters (with their strong support for a car-free Great Highway in the Sunset) as you select a new supervisor. Our City needs greater focus on its transit first mandate and our planet needs much less prioritization of the automobile.

(I write this while seated on the 33, in a nicely filled Muni bus slowed by too many single occupant vehicles, clogging Stanyan Street. Transit First remains elusive.)

Thank you, Sprague Terplan and family

The closure hurts families and veterans.
It creates traffic.
"Sunset Dunes" has virtually no visitors most of the time and its time to let the resounding voices of the Sunset be heard - REOPEN THE GREAT HIGHWAY!

Mayor Lurie, as a San Francisco native I urge you to appoint a supervisor who will follow the will of their constituency, someone with greater respect for San Francisco than Joel Engardio who was overwhelmingly recalled by his district.

San Francisco needs leadership.
Real leaders will reopen the Great Highway and end the traffic mess closing it created.

-Tom

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I love Sunset Dunes! I live in Oakland, and while I own and drive a car, I've increasingly been using public transit and my bike to get around. It makes me happier, healthier, and is better for the planet.

One of my favorite places to go in the last year has been Sunset Dunes. I make the trek out on transit every few weeks to explore the area, bring visitors, eat at local restaurants, and soak in the nature. I never really went out this way before— maybe to the zoo once or twice. But now it's a whole destination!

I recognize I'm not a resident or voter, but I'm a neighbor who really appreciates the creativity, vision, and care that people are putting into projects like sunset dunes— ones that reclaim streets for people over cars!

The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As a **district 4 reside**nt and one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this

shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Dear Mayor Lurie and Board of Supervisors,

As Sunset residents, we LOVE Sunset Dunes. Our 5yo, Ruthie, just learned to ride her bike there. :) It's a great place to walk around, enjoy the art installations, and visit local businesses. And we run into so many community members at Sunset Dunes; it's now our favorite gathering place. We live in the sunset so we get some extra traffic, but it is 100% worth it.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.
Suzie Larsen Born and raised in the sunset!

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Dear Mayor Lurie and Board of Supervisors,

When I was a kid in San Francisco, my uncle Max lived in the Avenues and would never let me go to beach alone because of all the traffic on the Great Highway.

Now 65+ years later, I walked to Sunset Dunes, all by myself.

I can't tell you how happy this made me feel.

Thank you!!!

Dear Mayor Lurie and Board of Supervisors,

I'm a native San Franciscan who grew up in the Sunset. I now live in Glen Park but still use Sunset Dunes every week. I've read that the park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes (I learned on the streets but survived), I've seen people doing Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.
-Dana Cotter

Dear Mayor Lurie and Members of the Board of Supervisors,

Sunset Dunes has been a tremendous success, welcoming tens of thousands of visitors to our coast each week. The park has energized Outer Sunset businesses, launched the long-overdue rehabilitation of our coastal ecosystem, and connected San Franciscans to the shoreline in ways once unimaginable—children learning to ride bikes, wheelchair users finally able to roll along the sea, elders enjoying free Tai Chi and chair yoga, and residents of all ages experiencing our coastline more than ever before.

As one of the 206,000 San Franciscans who voted for Prop K, I urge you to:

- Appoint a District 4 Supervisor who will look ahead and champion the future of one of the city's most beloved parks.
- Support Sunset Dunes' continued growth as an accessible, welcoming destination that strengthens community life and boosts local businesses.

Why this matters:

- Voters have spoken clearly. In 2022, Prop I—which would have turned the coast back to cars—was overwhelmingly rejected. In 2024, San Franciscans endorsed a full-time oceanfront park by a ten-point margin. Since opening, Sunset Dunes has become one of the city's most visited parks, with attendance surpassing the weekend-only pilot.
- The weekend road closure proved unworkable: no permanent amenities could be installed, weekday use was impossible, and dune restoration and sea-level rise protections could not proceed. The full-time park has delivered on the vision voters supported—not simply a closed road, but a true coastal park.
- The southern portion of Great Highway has been slated for permanent closure since the Board adopted the Ocean Beach Master Plan in 2012. Southbound lanes are already closed, with northbound lanes soon to follow as part of SFPUC's work. Traffic has successfully shifted inland with minimal impact, and the road's utility has diminished.

San Franciscans chose a coastal park, and its popularity has only grown since opening. Mayor Lurie, please appoint a District 4 Supervisor who will embrace Sunset Dunes and work collaboratively with the community to shape it. Supervisors, I urge you to honor the will of 206,000 voters by ensuring Sunset Dunes continues to thrive as a park that welcomes residents and visitors to enjoy our coastline for generations.

Thank you for your leadership.

Will

Dear Mayor Lurie and Board of Supervisors, Sunset Dunes has been an obstruction to disabled access to the coastal beach. It has limited our families ability to travel along the water front
on days where our children have limited abilities. We hope that you all will consider those of us who actually live here. We have had to commute outside of the area just to cross the city and found more congestion along those routes. We deserve fair access
to S.F. where we pay taxes and share many spaces with bicycles and buses. Limiting the use of this entire area throughout the week as cause unfair limitations thar have only benefited special access groups. Outside of organized and incentivized events, users
are not in the numbers that they are reporting.
Please consider reopening the Great Highway for All.
Thank you for your leadership.

My children go to preschool right by Sunset Dunes and love it so much there. They ask to go “by the ocean” (to Sunset Dunes) almost every day after school. We absolutely love it out there. I’ve been in the City for almost two decades and it can be hard to meet our neighbors, but we have met so many people at Sunset Dunes! It is a wonderful asset for us and our community. Please save Sunset Dunes.

Thank you for your leadership.

Subject:	Trying to close Sunset Dunes keeps us in the past, not moving forward
Date:	Thursday, September 25, 2025 7:53:15 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

I love this park. I live 2 blocks from Sunset Dunes in the Sunset and have seen first hand the community coming together because of the park. The Sunset feels revived, there are so many people frequenting the businesses around me, making the culture of the area feel vibrant and alive. I've met so many of my neighbors thanks to this park.

In addition, the cooperation between the park, the SF police, and the national park police has significantly decreased the amount of illegal fireworks which, last summer, almost caused me to move out of SF altogether.

While many of my neighbors predicted the traffic in the neighborhood would increase, it hasn't happened. The traffic has been diverted to Sunset which has the capacity to handle it.

San Francisco needs to continue to move forward, not look backwards. The city overwhelmingly voted for this park (10 point margin). Just because a small minority that led the recall were successful doesn't mean that we should continue to force SF voters to revote on a matter that is settled. We have too much to vote on as it is. I know some Sunset and Richmond voters claim that the people who live downtown shouldn't get to vote on something in our neighborhood, but we vote on things downtown all the time. This park is for everyone in the city and the tourists that are finally excited to come to the west side. It is not for the Sunset and Richmond to unilaterally decide and then keep trying to fight after losing fair and square.

I strongly implore you to appoint a District 4 Supervisor who will continue to support Sunset Dunes and the community it is fostering and reviving. The appointee should further improve the park, making it more accessible and an even better place for this community to come together and show how amazing it is. They should fight against the misguided actions of the supervisors trying to undo this decision and instead work to fix the issues these supervisors have raised in a way that doesn't ignore the will of the majority of SF voters.

Mayor Lurie, I am certain there is a way to improve the lives of everyone while keeping this park, if your office and Board of Supervisors would only focus on solving the problems instead of trying to fight against the voters' decision. This is a perfect example of the inefficiencies of government you promised to resolve when elected. I hope you take this opportunity to appoint someone that wants to continue to move the city forward and make it better for everyone, without destroying an amazing park that makes my life better everyday.

Thank you for your consideration,

Becca Spiegel

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Best,
Jake

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. I live 4 blocks away from it, my grandfather walks on it daily and my dog and I regularly walk. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Betsy

This road closure disproportionately affects less affluent working class local families in favor of out out of state more affluent individuals. As a small business owner i have seen no increase in businesss (which i was really hoping for BTW) Also the traffic congestion and unsafe streets have sky rocketed. thios road closure has been unfair since the begining its time to make a change!!!

thank you, Mat vlopez

The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal. San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added. Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come. Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Sincerely, Laura Greicus, Parkside Resident

P.S. On a personal level, I am elderly and now feel safe to ride my bike the length of the beach through to the length of JFK. I also have participated in the yoga and Tai Chi classes, the Dogon bike ride and the peace day with drum, as well as the no king's protest on ocean beach. These events have helped me stay engaged in our community and feel less isolated. Please support keeping the park open. It has helped many of us relax during these difficult times. Losing the park would be a travesty.

The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Dear Mayor Lurie and Board of Supervisors,

The transformation of the great highway into sunset dunes has been a boon for our city. As a Potrero Hill resident I find it even easier to access the beach than before and appreciate the huge increase in publicly accessible open space along our western waterfront, I only wish I could visit more often. Turning this back into just another road to shave off a handful of minutes' drive would be a huge tragedy for our city and a poor reflection of our values.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes was an experiment, but it has come at the cost of real mobility for thousands of San Franciscans. The Great Highway is not just a road — it is a critical artery that relieves pressure from Sunset Boulevard, Lincoln, and neighborhood streets. Closing it has pushed traffic into residential areas, increased commute times, and strained local infrastructure.

Voters were promised balance, not gridlock. A weekend closure proved sufficient for recreation without undermining the city's transportation network. Reopening the Great Highway restores fairness for residents who depend on it daily, ensures emergency access, and keeps the city moving while still allowing for managed coastal restoration.

I urge you to end the failed Sunset Dunes experiment and fully reopen the Great Highway as the vital transportation corridor it has always been.

Thank you for your leadership.

The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating California's coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - children learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up your City's incredible coastline more than ever before.

Considering all of the above, it is imperative that you:
- Demonstrate foresight and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; they embraced the vision of a coastal park. San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, it behooves you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, it is your sworn duty to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome native San Franciscans and visitors alike to enjoy the coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors.
I was born and raised in the Sunset district. I stayed in this area to raise my own children. We have always enjoyed our area. We grew up with Ocean beach and a beautiful trail along the Great Highway. We also have the Golden Gate park, Lands End and Stern Grove. We are now dealing with increase traffic and congestion on our streets. Traveling around this area has become increasingly difficult. Taking a highway that many of the residents in this area use to commute to work or school has been ridiculous. I urge you to appoint a supervisor to our area that see our vision for our community. We do not want need or want another park. Thank you.

Dear Mayor Lurie and Board of Supervisors,

As an avid runner and cyclist, I would be very sad to see Sunset Dunes go away with the selection of new supervisor.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together.

Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Socialist Board of Supervisors,

Sunset Dunes has been an incredible disaster, drawing at most ten people to freeze their ass off at our coast each week. The park has been a bankruptcy waiting to happen for Outer Sunset businesses, is an important first step towards destroying our coastal ecosystem, and has connected San Franciscans to traffic congestion more than previously imagined . It is a giant lie to say - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As a San Francisco property owner Bay is about to pull out due to the constant failure of your administration I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will be reasonable and support the dismantling the Hondo drug market/drug tourist NGO scam
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses when it gets rid of the ridiculous closure

Why? Because:
- San Franciscans have already made clear that they do NOT want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars because they are stupid. In 2024, stupid voters where scammed onto the chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks thanks to fake data.

Mayor Lurie, I urge you to stop being an idiot and appoint a supervisor who is supportive of deep financial cuts and get rid of the NGOs.

Thank you for your lack of leadership.

Dear Mayor Lurie and Board of Supervisors,

I live in Cole Valley and I visit Ocean Beach and Sunset Dunes every week. I take the N, and the Muni 7 bus, it's easy to get around on public transit. The area has come alive!

The new thick wood tables are do mice! The hammocks are amazing. A great place to spend time with loved ones!

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been a disaster, drawing fewer than 100 people a day to enjoy our coast each week. The park has made the streets of the sunset dangerous for families, seniors and pets.Outer Sunset businesses are suffering because people are no longer able to park and want to avoid traffic jamsThe wildlife is being displaced and the people are trampling on the vegetation used to hold back the the sand.

As one of the 206,000 San Francisco voters who does not support Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will not support the disaster and ill conceive closing of The Great Highway.
-forward thinking would be finding money to fix the entire road to connect to Highway 35 making it easier for the South Bay to enter the city to enjoy the museums, restaurants, festivals etc.

- Before approving Prop K, voters experienced the promise — — of a weekend road closure. The weekend road closure was the only way to satisfy most west side tesidents.

Mayor Lurie, I urge you to appoint a supervisor who is willing to work for the sunset constituence who want the Great Highway returned for all the people on the west side to get to work!

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

We live in the sunset. And Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before. We visit a few times a month; our young son loves the bike ramps. We would visit after daycare so he could get out some energy. And it's my favorite midday midweek walk after picking up coffee from the coffee shop near the beach on taraval.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will

welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

The Galvez Family, with two young kids who love their Beach/bike park.

Subject:	Please Don't Close Sunset Dunes
Date:	Thursday, September 25, 2025 11:06:12 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and the Board of Supervisors,

I've lived in San Francisco for 20 years. As an avid runner, I've spent thousands of hours running around the city, soaking in the beauty and diversity of its neighborhoods and natural landscapes. During that time, no other improvement in city infrastructure has brought me more joy than Sunset Dunes Park. What used to be a gritty, traffic-filled slog along the Great Hwy has become a joyous opportunity to listen to the wind and surf and to watch vibrant social scenes all around me. From yoga to tai-chi to jazz trios and spontaneous dance parties, hundreds of San Franciscans are soaking up the oceanfront experience every time I run through. My toddler is learning to bike alongside me, and it wonderful to have such a gorgeous open space for him to safely learn. Just this week, I met him and his father at Sunset Dunes, and we enjoyed burgers from a local business while we watched the sunset together at the newly installed picnic benches near Noriega.

Please don't let this incredible park close! San Franciscans deserve a park that showcases our gorgeous coast.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks

Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come. While I sympathize with frustrated sunset residents, we are not a city that is divided into divisions where a small majority gets to decide the

future of a park that we voted together as a city. As a mission district resident, as a resident of San Francisco, I welcome my sunset and Richmond district neighbors into the neighborhood I reside in for its rich culture. I would hope they would extend the same courtesy and listen to the will of the voters when it comes to sunset dunes park.

Thank you for your leadership.

Ruby

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever

But they lied- said there would be no cost. And what about our safety? An artery of the City is severed.

Why? Because:
- Crooked politicians lied

And all the rapid changes were a chess move to stop the park from being returned to its original state

Mayor Lurie, we live and work in SF and want her to remain as beautiful as ever - and as unique. Closing the GH to traffic on the weekends makes sense - and we love walking it then. Seeing neighbors/ kids on bikes- everything.
But Monday thru Friday let it be the way one side of the West of the City has to get to doctors appointments/ kids and grandkids to school and practice / fire and police to be able to move rapidly to assist the residents
Please find a Supervisor that listens to the SF residents - ALL of us- not just the bike people.

Thank you for your leadership.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I grew up in the Sunset, went to Jefferson Elementary, AP Giannini Middle School, and Lowell High School. I have returned as an adult, and I want to clearly tell you: the change from the Upper Great Highway bypass to Sunset Dunes Park is the single most positive change in I've ever seen in the Sunset. I live on 48th avenue at Noriega, and the traffic impacts are minimal. Every single day, I see older people using the flat walkway to enjoy ocean views, young children on trikes, and all types of people in between -- this park is used and cherished by people from all walks of life, in all types of weather!

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

Supervisors Chan and Walton were also vehemently opposed to JFK Promenade and made it their mission to block its implementation. That project has been a boon to both locals and visitors alike; we are lucky to have that one mile stretch of car-free road.

I am both a driver and a visitor to the old UGH. I drove it in the 80s when there were no stop lights; I occasionally drove it before its closure. Now I take other routes to get between where I live in the Avenues and the Outer Richmond. I and many others are so profoundly grateful for a safe place in which to recreate along the coast. My 79-year-old mother, a native of Little Hollywood who is no longer able to traverse sand, is happy for the new park as well.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

While the Sunset Dunes park is popular on the weekends, it underused and largly empty on the weekdays. Please find a way to bring back the comprmise - park on the busy weekends - functional, heavily used and necessary roadway on the weekdays. As a resident of the west side traffic has been pushed into the neighborhood streets, commute times have gone up with this critial roadway closed. Dispite what the SF Chronicle has reported about commute times and neighboorhood traffic not being affected - as a real life west side resident - this is not been my day to day experience! It is absurd to have the roadway largely empty during the week and the 18K former users of the Highway being pushed into the neighboorhoods.

Closing the Great Highway was rushed, put on the ballot with out enough feedback from the Westside residents and was overwhelming rejected by the westside of the city.

Please listen to those most affected daily by the closure of this critical roadway and find a way to get it re-opened.

Thank you for your leadership!

Shelly - SF Westside resident

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

I agree with all of this, I live a few blocks from the park. I have not noticed an increase in traffic at all.
Here's a picture of my two children playing at the pump track this morning.

While Facebook is a cesspool of negativity where anything positive written gets jumped on by lunatics who will create fake yelp reviews in retaliation if you say anything in support, in real life the park is beloved by the majority.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Phil Koczwara

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - my kids learning to ride their bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Supervisor Chan, I've already expressed to your office that any work you do to undo this park feels like you're

wasting my time as my supervisor. We voted and you're hearing from folks who aren't happy. Help them, don't undo the will of the people. Remember the orange sky day? I remember that you stood against climate change that day. Be that person. Be pro park even if that means you take some heat from those who aren't in that space yet.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

My name is Haley Baron and I am born and raised in the Sunset district. I now own a home and live here with my young and growing family. Sunset Dunes has been an incredible resource for us, one that we use daily. Our 2 year old runs freely down the old hwy, we run into friends constantly, I exercise on it every day, we feel safe when we cross onto the beach, and we have seen an uptick in "tourism" to the neighborhood, which we love. It's truly put the outer sunset on the map! I drive on Chain of Lakes every day and I do not care if there has been a few minute uptick in my commute - it's is 100% worth it to have the park available to us and our neighbors.

The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:

Dear Mayor Lurie and Board of Supervisors,

I am an Outer Sunset resident and adding my voice to the many others who support the retention of Sunset Dunes.

The park has been an incredible success, drawing tens of thousands to enjoy not only our coast but also my neighborhood, each week.

Sunset Dunes is good for the local economy, good for the environment and good for the community, as anyone who sees people of all ages making use of this amenity can see.

Closing Sunset Dunes would be a retrograde step and I urge you to:

- Appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. And in 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays.

A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work.

Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. *San Franciscans did not vote for a closed road; we embraced the vision of a coastal park.* Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the

community together to solve neighborhood challenges while designing the Outer Sunset’s newest park together.

Supervisors, I urge you to champion the park to deliver the will of the majority of voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

It's time to lead.

Dear Mayor Lurie and Board of Supervisors,

The coast is for everyone to enjoy which is why San Franciscans voted overwhelmingly in favor of Sunset Dunes. As you know Mother Nature is also claiming it for herself so its future with cars was never for long. Please don't let the short sightedness of some west side neighbors and political infighting ruin something truly joyful and beneficial to so many, including west side businesses.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible failure. It was the most successful north south route through San Francisco. San Franciscans knew it every Marin county resident knew it and every Peninsula resident knew it.
With increased building that is guaranteed to happen on the west side we need this route back more than ever. You actually might get more support for new units if people know they aren't going to be jammed into side streets.

Everything that's been quickly thrown onto the asphalt can easily be done a few blocks away at any park and especially Golden Gate Park.

While plans for the new park were being made by certain groups for many years unbeknownst to most of us, prop K was thrown on the ballot at the last minute, blind sighting everyone and not giving enough time to let people on the east side of town know how important this route is. People on east side of town had no idea of its importance. A lot of misinformation was given & many people still think the great highway is in danger of collapsing, which we know is simply not true.

Citing the department of emergency services on their side, did anyone ask a fireman or policeman? Of of course they did and they didn't publicize the answer because they know anyone with common sense knows you don't close an essential north/south route in & out of the city. It's just common sense.

There's nothing in this park that can't be found about a couple blocks away.
And Who is out there in the middle of the night when people could be using it to get home?

Could say so much more, but let's use common sense and open the The Great Highway for its intended purpose.

Terry Lynch

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Date:	Thursday, September 25, 2025 11:50:13 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Members of the Board of Supervisors,

Sunset Dunes is the best thing to come out of the 2024 election for me and for so many neighbors. It's literally my favorite bike ride in the city because it lets me turn off my constant "fight-or-flight" from riding next to cars and simply enjoy our coastline: ocean views, sculptures, happy dogs, kids learning to ride, elders doing tai chi, and Peter my elderly neighbor doing a morning walk with his walker, all rolling by the sea. We voted for this because it's what we want and a great use of our beautiful city's space.

As one of the 206,000 San Franciscans who supported Prop K, I urge you to:

- **Appoint a District 4 Supervisor** who supports the future of this oceanfront park.
- **Champion Sunset Dunes as a full-time park:** more accessible, welcoming, and enjoyable, while sustaining the boost to local businesses.

Why this matters:

- **Voter mandate:** SF rejected dedicating the coast to cars in 2022 and chose a full-time oceanfront park in 2024 with a clear margin. Since opening, Sunset Dunes has become one of our most visited parks, with growing daily use. I take all of my visiting friends and family here, and they are blown away but the wonderful use of space and views.
- **Part-time closures don't work:** Weekend-only closures would force removal of park improvements—seating, picnic tables, fitness equipment, art, and the skate area and block dune restoration and sea-level rise protection. We didn't vote for a closed road, we voted for a coastal park.
- **The road's utility has changed:** The southern Great Highway has long been slated for closure under the Ocean Beach Master Plan. Southbound lanes are already closed and northbound will follow as SFPUC work proceeds. Traffic patterns have shifted inland with minimal impacts. Note how efficient and wonderful both Sunset and 19th Ave. are for Sunset residents' commutes.

Please deliver on the will of the voters and the lived experience of residents who use and love

this space daily. Keep Sunset Dunes a permanent, full-time oceanfront park for generations to come.

Thank you for your leadership,

Teera Price

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Kendra Pinkerton-Smith (Baxter Smith's wife) who is with the Lurie group ☺

Dear Mayor Lurie and Board of Supervisors,

Although I no longer live in SF. I frequent the City to explore and spend money on a regular basis!! Also, my daughters live and one works in the City and just love the Sunset Dunes.

I love the new Sunset Dunes park. It is amazing to see so many San Franciscans, individuals, families and others enjoying the park. Not sure why you would want to take away open space in this day and age for more cars? That stretch of road has been extremely expensive to take care of for years and frankly is not needed. The park is actually cheaper to maintain and provides many more healthy benefits to everyone from walking, cycling, playing for kids, relaxing for adults and much more.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Please
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow. And, they spend money to support services in SF.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Be a part of a legacy of a new city park for generations to come. We need more open space not less.

Thank you!
Alisa MacAvoy

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

My name is Matthew Coleman, I am a resident of the Richmond district. I am a car-owner, bike rider, surfer, and transit advocate and I love the new Subset Dunes park.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

The Dunes park has personally been a great addition to my life. My commute out of the city by car has only been affected by 5 minutes, but I have had the ability to enjoy Ocean Beach in a way I have not been able to before. I get to bike the park with my partner and friends multiple days a week when the sun peaks out from the fog. I get to take my E-bike to surf at my favorite breaks at Lawton, Pacheco, and Taraval, completely eliminating my need to use my car within the city limits. This allows me to beat traffic, not have to worry about parking, and contribute to an environmentally friendly San Francisco and planet.

I get to access some of my favorite spots in the Sunset easier with the new dunes park - hookfish, pitts pub, aqua surf shop, golden gate pizza, devils teeth on noriega. Losing this park would make it harder for me to get to these businesses, making it harder for me to support a lot of backbones of the outer subset economy.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses
- Increase transit access on the west side of the city so more people can access the new park and more easily get around in the Sunset.

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Dear Mayor Lurie and Board of Supervisors,

My family and I love Sunset Dunes. My 3 year old can scoot and learn to ride his bike without fear of cars, and my 1.5 year old loves the beach and watching all the activity from people enjoying the park. We go several times a week. We know it's been controversial, but it's important for us to protect natural lands and also push people to change our culture from being car-centric.

The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Mayor Lurie and Board of Supervisors,

I'm a Sunset resident, me and my family love Sunset Dunes and use it literally every day to commute and play. It's become an incredible third space for our community. Anecdotally I have noticed almost no change in traffic and we drive daily through Golden Gate Park.

Please appoint a District 4 Supervisor who will continue to support Sunset Dunes so it can continue benefiting the whole city. We want a full-time oceanfront park, not a road. Sunset Dunes has doubled visitation compared to the old weekend closure, and it’s part of a long-standing plan to shift traffic inland. The park has proven itself.

Please stand with the community and ensure Sunset Dunes remains a place San Franciscans and visitors can enjoy for generations to come.

Thanks,
Alex

Dear Mayor Lurie and Board of Supervisors,

Yes, this is a form letter, so I am adding my own comments at the top, and you can skip the rest below. I love Sunset Dunes. Our family lives a four-block drive from the former Upper Great Highway. If anyone in the Sunset was in a position to take that thoroughfare, it was us. However, sand often closed it, and it wasn't worth driving the four blocks to find out, only to reverse back to Sunset Boulevard, so we always took Sunset Boulevard. Now, it seems more drivers are using Sunset Boulevard. I've noticed more cars, but we are still stopped at the same stoplights, and our travel time hasn't changed at all.

We live on 46th Avenue. This is the only street west of Sunset Boulevard with a clear path from Lincoln to Sloat, with four-way stops at every intersection, making it the safest option aside from the lower Great Highway and Sunset Blvd. If there was an increase in traffic on neighborhood streets, it would be this one. And there may be an increase, but it hasn't affected our daily lives.

What has impacted our lives is having Sunset Dunes. My oldest son learned how to ride his bike here on weekends. Now, my youngest son has the chance to learn the same during the week. It's a great place for my wife and me to walk and clear our heads without getting sandy when we need a midday break or want to take a long phone call. I love running into neighbors and catching up. While neighborhood retail spaces bring the community together, Sunset Dunes creates that sense of community without the expectation of purchasing anything.

"Why do we need Sunset Dunes, we have Ocean Beach!" The beach is sandy. The water is cold. Unless you're a surfer, it doesn't bring the community together. "Golden Gate Park is right there!" GGP is vast with winding roads, narrow trails, and large meadows. It isn't the kind of place where you bump into an old friend unless you both have kids at the playground. Sunset Dunes is for everyone. We don't track sand into our homes, we don't have to worry about our 2-year-old getting too close to dangerous rip tides, we can recognize familiar faces heading toward us, and we can keep an eye on our kids when they run or bike hundreds of feet away.

We live in a major city—the second most densely populated major city in the United States. Traffic will always exist. I took the Central Freeway to school in high school. Now it's Octavia Blvd. and Patricia's Green. It's hard to argue that removing a thoroughfare diminished the quality of life for Hayes Valley and San Francisco residents. The Embarcadero Freeway was a quick way for people to get to work when fewer cars were on the road. Building a new double-deck freeway would ease traffic, yet the city would revolt if that happened. As long as we live in a dense city, we should expect to see people around us. In return, we have the privilege of many resources in our neighborhoods.

Change takes getting used to, but it’s also what San Francisco has always been built on. Being adaptable to change makes us stronger. I am a member of both Sunset neighborhood groups. I’ve seen how mean and nasty some people are when anything positive is said about Sunset Dunes. They have hijacked the narrative. I understand that this is a small subset of people who will never be happy. Their bullying silences many and has created a mob mentality that feels safer to join than oppose. San Francisco has never been satisfied with the status quo. Centuries of innovative ideas have made us a leader among cities. Don't turn your back on these principles or on your voters who believe there’s a better future for San Francisco than staying stuck in the past.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it’s been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset’s newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Dear Mayor Lurie and Board of Supervisors,

I can not believe im having to write an email because im scared of losing our new sunset dunes park in order to make car use more convenient. I did not invest here as a homeowner 2 years ago to go back to 1950s urban planning.
I would probably move to Denver tbh if the park reverted to oil and car life style, like immediately. I worked on the new bay bridge as well as new light rail expansion in Denver and have worked hard for both places and love them both. Its your choice to do what's right, I'm sure many of you have traveled and recognize what to do. It's a duh type decision if its made from the heart.
Stand up to these loud mouth cry babies or lose people like me who care what our city looks like in 200 years.
Best,
Joel sayre

Dear Mayor Lurie and Board of Supervisors,

I live a block away from the park. I can testify there were none of the scare tactics effects of diverting the traffic. The new park has been literally life changing for me and neighbors. I am 74 years old, can now get to a park instead of my Muni commute of two hours round trip (really!) to reach Golden Gate Park. Now the pleasant healing sound of sea birds and crashing waves replace the petro fumes, belching diesel trucks, the sounds and smells of traffic on the windblown shifting sands of a coastline rapidly changing. My home no longer is covered in, we are no longer breathing, micro black exhaust dust.

I realize the neighboring district wants this gorgeous 2 mile strip of highway as a scenic pass way through our district, but this rare environment reasonably best serves as recreation and for its natural beauty which can happily be shared without the negative effects of traffic.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

I love Sunset Dunes! It is one of the most positive, inspiring things that has happened during the nearly 30 years I have lived in San Francisco. It represents community, climate resilience, and an acknowledgment that we need to create inspiring places that connect people with nature--rather than designing our city around cars.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Best,
Emma

Hi Mayor Lurie and Board of Supervisors,

As a homeowner since 2012 in the Inner Richomond, I am here to vehemently oppose retracting the Sunset Dunes park decision. It is awful to hear that there are members of the board of supervisors, including my own Connie Chan, moving to push for this.

The project has been a huge success and brings more value and outdoor space to our beautiful city.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I live in the Sunset (2314 48th Av) and I LOVE the park!

I'm out there enjoying it with my friends and family multiple days a week. I love seeing others enjoying themselves there too. It's a great addition to the community and for connecting with neighbors and fellow SF residents. The vibes are so positive and fun out there. It's literally making SF residents healthier and happier.

Please preserve and continue investment in this wonderful addition to the Sunset community!

Thank you,
Randell Reines

Mayor Lurie & Supervisors,

I'm a 50-year SF resident, homeowner who raised his family in this City, & I vote. My grandchildren love Sunset Dunes & we go there regularly to play & recreate. Please don't surrender to the whining 'War on Cars!' autophiles who are freaked out about the loss of two miles of roadway. There are already 2,148 miles of roadway in our 7-mile by 7-mile City! You'd think that would be enough but for some drivers, the loss of even one block of roadway is an outrage that must be stopped.

Please support Sunset Dunes remaining a city park in perpetuity. And please support Slow Streets too! Thank You.

Dear Mayor Lurie and Board of Supervisors,

We finally checked out Sunset Dunes (I had a foot problem that kept me from bicycling out there for a bit). What a beautiful new park. Everyone who got this done should be happy and should be proud. ARGUMENTS AGAINST SUNSET DUNES PARK WERE NONSENSE - PATRONIZING AND INSULTING REMARKS ABOUT HOW "You have a park (Golden Gate Park) so what do you need another park for? We LOVE our cars and want to be able to drive them along OCEAN BEACH and HOW DARE YOU TAKE AWAY OUR SPACE FOR OUR CARS WHICH WANT TO DRIVE ALONG THE BEACHFRONT AND DESTROY THE EARTH EVERYWHERE!"

That's about the gist of all the arguments against the new park. Forget Climate Change, forget having a nice car free space for people to actually enjoy nature, these idiots who were against the new park only care about their own "ease" of getting around with a transportation that is destroying the world's habitability and environment, and they don't care about anything except their own narcissistic views that "We allow you to have a park without ocean frontage, HOW DARE YOU CREATE ANOTHER SACRED SPACE FOR EVERYONE TO USE?"

Do you really GET HOW THESE IMBECILES WHO WERE AGAINST THE NEW PARK SOUND TO THOSE WITH ANY CLUE AT ALL?

And WHAT'S UP WITH CONNIE CHAN? WE MET YOU AT A FUNDRAISER AND THOUGHT YOU WERE COOL, AND YOU ENJOYED MEETING US, AND HERE YOU ARE LEADING AN IDIOTIC CRUSADE FOISTED ON YOU BY THOSE WHO **SUPPORT AND CAUSE CLIMATE CHANGE?** WHAT IS WRONG WITH THESE PEOPLE, THESE PEOPLE WHO CARE NOTHING ABOUT CREATING SPACE FOR PARKS AND ONLY CARE ABOUT PLACATING AND CATERING TO IDIOTS WHO CAN'T FIGURE OUT HOW TO SUPPORT AND USE MASS TRANSIT OR SOME FORM OF TRANSIT THAT DOES NOT DESTROY THE EARTH? THESE ANTI-PARK IDIOTS ARE SHAMELESS SMALL MINDED NON-THINKERS WHO CARE NOTHING ABOUT THE FUTURE AND ONLY CARE ABOUT THEIR OWN NARCISSISTIC VIEWS AND SMALL MINDED THOUGHTS THAT IF THEY CAN'T DRIVE ACROSS THE PARK, IT'S JUST IN THEIR WAY LIKE EVERY BICYCLIST IS IN THEIR WAY WHEN THEY GUN THEIR MOTORS ALL OVER TOWN!

THEY SHOULD GROW UP AND GET A LIFE!

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. I personally drop my son at school in the Outer Sunset and then continue to Sunset Dunes to go for a jog with our dog almost every weekday morning. There are always many others there enjoying the park, often times with coffees in hand from local businesses. The natural art installations match the stunning landscape, bring me joy, and make me proud of our beautiful City. What a special attraction in an urban setting! It would be a short-sighted tragedy to reverse something that was overwhelmingly supported by voters and has had incredible success that continues to grow.

I understand traffic concerns, though I would expect traffic flow will improve as people adjust to the traffic patterns. I heard the Supervisor's complaints about getting her children to soccer, presumably at Beach Chalet athletic fields. I have three children who all play sports throughout the City. When Chain of the Lakes looks crowded from Lincoln, it is fast and easy to do an end run to Great Highway, which is always open west of Golden Gate Park. Allowing a few extra minutes is an easy tradeoff for this beautiful park. Ultimately the City's focus should be on encouraging use of public transportation.

A city like San Francisco should be able to find a solution that addresses community concerns and also supports Sunset Dunes. It is baffling to me that given its success, discussions of closure is even being considered. As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:

- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks

- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data

demonstrates that this shift has been successful and the traffic impacts have been minimal.

We need a longterm plan to ensure our coastline and neighborhoods are prepared for sealevel rise and coastal erosion. Reopening the Great Highway is a step backward. Keeping the park allows the way forward for preventing more dune erosion, building up natural grasses and greenery, and helping more San Franciscans see what sustainable coastal access looks like.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Thanks,
Kelsey Reed

Dear Mayor Lurie and Board of Supervisors,

As a D1 resident in the Outer Richmond, I am very concerned and upset that my supervisor is threatening to reverse the decision of turning the great highway into a full time park. As someone who lists “Climate” as one of her main policy issues, it does not make sense to reverse the park decision. In just the short time that this space has been a full time park, we are already seeing efforts for climate improvement. We’ve been able to start pilot projects of sand dune revegetation with native dune grass, and we will soon be conducting a sea level rise study. People are observing animals that were not seen before in this space: owls, long tailed weasels, and coyotes just to name a few. I hope to observe the re-introduced silvery blue butterflies from the presidio make their way to Sunset Dunes in the near future (https://url.avanan.click/v2/r01/___https://baynature.org/2025/05/01/survival-of-the-flittest-relocated-butterflies-are-spotted-in-san-francisco/___.YXAzOnNmZHQyOmE6bzo5MzhiOTczM2M1YWlyYmIzNDc5Yzl1MTE3OGJrY2YwNTo3OjdkZDE6YTUwMDUxNDY1MzBmMjRkYTE5N2JmN2E5YTFiOGNlNDZhZmU1OGY2NjJmNDNkMTAxOGU4MGIyMjM3N2VkMWMxNDpwOlQ6Tg). We will lose all of these benefits if we invite cars back onto this space.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset’s newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes is an amazing park that serves many San Franciscans, including myself and my family. This park is part of our community in the sunset. Please do not bow to the minority of San Franciscans who would rather drive through a park, then enjoy it outside of their cars. This is part of what makes San Francisco a world class city. Please do not let us lose it.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Dear Mayor Lurie and Members of the Board of Supervisors,

As one of the 206,000 San Franciscans who voted for Prop K, I urge you to:

- Appoint a District 4 Supervisor who will champion Sunset Dunes and the future of our coastline.
- Ensure Sunset Dunes remains a welcoming, accessible, full-time park that benefits residents, visitors, and local businesses.

Why this matters:

- Voters have spoken clearly: in 2022, they rejected Prop I's "cars first" approach, and in 2024 approved a full-time coastal park by a ten-point margin. Since opening, Sunset Dunes has become one of San Francisco's most visited parks.
- A weekend-only closure proved unworkable—eliminating seating, picnic areas, art, and the skate park, while blocking dune restoration and sea-level rise protection. Today, daily use of the park is double what it was during the weekend pilot.
- The southern Great Highway was already slated for closure under the 2012 Ocean Beach Master Plan, and traffic data shows the inland shift has been successful with minimal impact.

Sunset Dunes is now a vibrant success—drawing tens of thousands weekly, supporting Outer Sunset businesses, restoring our coastal ecosystem, and providing space for biking, fitness classes, and accessible recreation for all ages and abilities.

Mayor Lurie, please appoint a District 4 Supervisor who will support this community vision. Supervisors, I urge you to honor the will of the voters and ensure Sunset Dunes thrives for generations to come.

Thank you for your leadership.

Sincerely,

Rich Dominiak

Dear Mayor Lurie and Board of Supervisors,

I love Sunset Dunes Park. It's been a tremendous asset for the city and has drawn visitors both locally and from across the entire Bay Area. I recently had a friend in town visiting from New York City on a tech company offsite. One of her colleagues suggested going on a walk through Golden Gate Park along JFK Promenade to Sunset Dunes Park and they were all blown away by the vastness of the park, and its connection to the Pacific Ocean. I was delighted to have the opportunity to really rub it in a New Yorker's face just how much better GGP is than Central Park, and why Sunset Dunes Park is our city's Coastline answer to the High Line. This kind of good-natured, civic ribbing simply wouldn't be possible if Sunset Dunes goes back to being a highway.

When I and 206,000 other SF voters supported Prop K, we made it clear that we wanted a coastal park. We rejected turning it over to cars with Prop I in 2022 before choosing a full-time oceanfront park with a ten point margin of victory in 2024. I've been rocking with Sunset Dunes since Day 1: The joy was contagious on opening day a few months ago, and it was one of many bright spots in our city underscoring San Francisco's resilience through community connection. I love the solitude of riding my bike there and admiring the beauty of our place at the edge of the continent. I love the interactive public art. I know I'm not alone because tens of thousands of visitors have enjoyed the park since it opened, showcasing our city's public space assets and introducing economic development opportunities to small, local businesses in the community.

As a San Francisco voter, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city’s most popular parks;
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses.

Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. Dear Mayor Lurie and Board of Supervisors,

I am a homeownerin in the Sunset and have called the sunset my home for 14 years.

The creation of the Sunset Dunes Park has been one of the best things for the neighborhood and community in my time here. I use it regularly, and I see many of my neighbors and people from across San Francisco coming to enjoy this wonderful space.

I am writing to voice my enthusiastic support for Sunset Dunes and my strong opposition to any efforts to close this park.

I encourage our SF city leaders to have a strong vision for continuing to evolve this space into a unique and world-renowned outdoor space.

Thank you in advance for your support of Sunset Dunes.

Bernie McGinn
2507 42nd Ave.

--

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Including our 1.5 year old! It is his favorite place, every day of the week. It is a true gem of the city. We take anyone who visits us down there and they love it too (and spend money in the neighborhood). The coast belongs to everyone and it is now more accessible and inclusive than ever before. Thankfully, SF voters approved its creation last November by ten points!

Mayor Lurie, we urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, we urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Sincerely,
John, Megan, and Marvin

Hi,
I've been a Sunset resident for over 10 years. I started my young family in this neighborhood and now have 2 kids who attend our local school, FSK. I am an active member of our local community and PTA. I work for a SF-based infrastructure investor and choose San Francisco and the Outer Sunset as my home.

We LOVE Sunset Dunes park. It is one of the most important things to us in our neighborhood and to our community. I walk and bike there multiple times a week and my children love the park elements.

We need more family friendly public spaces to gather safely (our local school just shut down it's "shared school yard" program).

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you,
Peggy Flannery

Dear Mayor Lurie and Board of Supervisors,

I want to keep Sunset dunes Park.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this

shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Has a city ever regretted creating a public park?

Are people still angry that the Embarcadero freeway blocked the waterfront? I remember how angry people were about that, and how removing it was voted down just before Loma Prieta rendered it unusable.

San Francisco has just a few miles of ocean front beach. Do we really want to separate it from the city with a highway?

If you've visited it, you know how well loved and used it is already, even unfinished. The city has already decided at the ballot box that they want this park, and just a quick glance at a map shows there are already more north-south avenues in the neighborhood than anywhere else in the city (more than 48 by my last count!). Surely they don't need to reclaim an ocean front park to have more…

Thanks for reading.

Dear Mayor Lurie and Board of Supervisors,

I am a long time San Francisco resident. I moved to this city in 2002 and have lived across many neighborhoods, including Outer Richmond, Inner Richmon, Excelsior, Noe Valley, and now reside in the Mission. I love our parks and I love Ocean Beach.

And I love Sunset Dunes. I supported Prop K and wrote an article supporting it at the time of the vote on my blog https://rinsemiddlebliss.com/posts/2024-11-01-yes-on-k/

I had great hopes for Sunset Dunes and it's move than lived up to them. That's just my feelings. Let me share some more tangible reasons why I need your leadership to support Sunset Dunes.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the

weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Dear Mayor Lurie and Board of Supervisors,

I live on the great highway. I am a local neighborhood watch captain, a father of 3 SI grads, a surfer, a former planning commissioner, a local business owner and contractor. I support the park.

There is no reason to move backwards. We must keep the park.

I supported prop K, while understanding the tensions and division it has created. Moving backwards will not help. Opponents are actually coming around to liking the park and the absence of pollution and noise.

We should not have "dunked" on the opposition by erecting lame leftover burning man art but that's easily rectified.

I met a couple just yesterday from New York who said they decided on a last minute trip to sf specifically to see the park. They asked me where to eat.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes is life changing for so many people. My husband and I walk every evening after dinner and several times on the weekends. It is filled with people of all ages, walking, skating, riding bikes and socializing. The sunset has fewer community meeting area than other neighborhoods and this gives us a chance and a place to build community for no/low cost. The sunset district could become a blue zone should we keep this space as a place to exercise and meet our neighbors. I love having it. The children of our city deserve this and we need to maintain it as an open space free to use as a recreation space. It is also great for my elderly in laws as a safe walking space. Please do not take this away from us. As a healthcare worker in pediatrics, I feel strongly that we need to have more child friendly spaces that encourage life long healthy habits.
Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to

love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I visit Sunset Dunes 3-4 times a week with my 15 month old daughter. It is our favorite park in the city. She loves sitting on the hammocks, watching the nature (and other park goers!), and interacting with others at enjoying the park. We have had so many great conversations with others in our community, especially seniors (3 of whom have explicitly mentioned how great it was to talk with me and interact with my baby - life can be isolating, but Sunset Dunes helps counter loneliness!). This park offers the opportunity for moms to take large group walks with strollers (something that cannot easily be done in most parks since walkways are not wide enough to walk side by side).

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Subject:	Keep Sunset Dunes Park open 24/7!
Date:	Thursday, September 25, 2025 12:00:03 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

I live in the Mission, in District 8. I love riding my bicycle to Golden Gate Park, out to the beach, and through Sunset Dunes Park. Creating Sunset Dunes Park is the best thing we've done in San Francisco for years!

Please keep Sunset Dunes Park open 24/7 and make it the best park it can be for everybody. Let's not have more redundant ballot initiatives to try to turn back the clock like we had with JFK Drive.

Please appoint a new Supervisor for District 4 who will work with all of us who love the park, while addressing the concerns of Sunset residents who have been negatively impacted by the creation of the park.

The email from Friends of Sunset Dunes is copied below. I agree with all of it.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten

point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been a tremendous success — one of our most visited parks, a boost for local businesses, and a vital step toward restoring our coastal ecosystem. Voters chose this park decisively in both 2022 and 2024, and it is already delivering on that vision.

The long-term environmental benefits of the closure are critical to our survival as a coastal city, not just our day-to-day convenience. At the same time, I urge you to acknowledge and address the legitimate concerns of neighbors who feel impacted by the change. This issue has been divisive, and the last thing San Francisco needs right now is more division.

The choice has been made — Sunset Dunes is here to stay. Now the task is to appoint leadership that will bring the community together, honor the will of voters, and ensure this park thrives for generations to come.

Thank you for your leadership.

Cheers from 46th and Irving,

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

The first time I visited Ocean Beach and explored the Outer Sunset was when the Great Highway was made into a pedestrian-first space in 2020. Talk about increasing access, I am a testament to that. Talk about bringing folks into a neighborhood to spend money and support local businesses, I am a testament to that. I've made close friends, built relationships, and gotten involved more deeply in San Francisco because of this place.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

It is wild to me that there's a movement to destroy one of the newest parks in San Francisco, Sunset Dunes. I love Sunset Dunes. I ride my bike there almost every week. It is a former highway that no longer serves any use as a road, as the "Great Highway Extension" is literally crumbling into the ocean. Sunset Dunes is good for civic happiness, the climate, and reducing car dependency in San Francisco.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

I love Sunset Dunes; the dunes are healthier since cars were excluded; community volunteers are eager to work on dune and park improvements.

Neighbors and I are working on path maintenance, weeding, planting, sand control, litter pick up, etc. Sunset Dunes has activated many neighbors to participate in their environment and to connect with others. It's a place for all of us to be outdoors, exercise, converse, and learn about coastal preservations.

Let's keep this open space for people, plants, wind, views, clean air, and future generations.

Thank you!

A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. Dear Mayor Lurie and Board of Supervisors, Sunset Dunes is a great public space. I visit the park often and voted for prop K. I spend more time in the outer sunset now and visit more restaurants and small businesses in the neighborhood because of the park. It is an incredible space which can only improve the outer sunset and hopefully make ocean beach a cleaner and more popular destination for San Francisco residents. It makes no sense to run traffic through that location for a few people so they can drive between Lincoln and Sloat near the beach instead of the many bikers, runners, walkers who now enjoy that beautiful coast line without having to worry about being run over. It has so much potential. The roadway can support traffic but nothing else if it's open to motor vehicles.

-Theo

While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Dear Mayor Lurie and Board of Supervisors,

My house looks over the new park and I see the joy it brings hundreds of people every single day. Kids flying kites and dogs running without fear of cars and surfers can cross the street with ease. Even more importantly, I watch emergency vehicles breeze by much faster than they would if they had to weave through cars. Taking away this park would be completely against the values that SF stands for. The people voted for it, let that small piece of democracy stay as it is.

Some stats:

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:

- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to

love the park now that it’s been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset’s newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

- Lily Cummings

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Dear Mayor Lurie and Board of Supervisors,

I was urged to send a form letter about Sunset Dunes Park. I will instead write my own: Although a resident of the Inner Sunset, I had never spent much time by our beaches. When Sunset Dunes Park opened, I was surprised to find how enjoyable it is to have a car-free third space. I find myself down by the beach every few weeks. This is an incredible resource for all San Franciscans. Please keep this Park for the people. Thank you,

Steven E. Pav

Dear Mayor Lurie and Board of Supervisors,

Finally, Ocean Beach is getting the attention and love it deserves as a wonderful destination for all of San Francisco. Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- As a 33-year Sunset District resident who lives on Ocean Beach, the quiet at night, the happy faces of pedestrians as opposed to car traffic and the joy of having a gorgeous, safe place to walk and ride my bicycle has been a dream come true. I am astonished that anyone living nearby would think differently.

- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Before sharing the thoughtful text provided by the advocates for sunset dunes, I'll add my own note. One of the most beautiful and progressive things SF has had going for it in the decade I've lived here is our value of shared spaces, parks and car free zones. While the rest of the state and country capitulates to car culture, we show that there is another way forward. One that puts people and communities at the center of our cities rather than cars and big business. We prove that in fact, we are safer and our economies thrive when people can walk, bike, skate, play, shop, eat and drink in car free zones.

Not to mention, we have already spent an absurd amount of money arguing over this park and transforming it into the wonderful space that it is today. Plus the wasted time energy and funds spent on the recall. It would be embarrassing and a detriment to all to walk back on this decision and action. As they say in the corporate world, disagree first but then COMMIT. you do all your constituents and the entire city a disservice when you cannot move forward and respect a decision once it's been made.

I look forward to taking many bike rides and runs at sunset dunes for years to come. Thank you!!

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to: - Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks - Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a gift for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks. Two years from now we the entire city will wonder why there was ever any controversy here! Consider JFK promenade, the freeway that once sat in front of the ferry building.
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for reading.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie & Members of the BOS,

Sunset Dunes draws tens of thousands to enjoy our coast each week--it serves the whole City, even the region! The new park has also been a boon for Outer Sunset businesses, and is an important first step towards rehabilitating our coastal ecosystem.

As a long time park advocate who supported Prop K, I urge you to:
- Appoint a D4 Supervisor who will support Sunset Dunes.
- Help it become more accessible & enjoyable while increasing revenues for local businesses

Why?
- San Franciscans have already made clear that they want a coastal park. **Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars.** In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the

Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Mayor Lurie and Board of Supervisors,

I live at 1819 45th Ave, San Francisco CA. We are home owners, parents, community members, block party organizers, and super fans of San Francisco.

When you're considering who to replace Joel with, please appoint a supervisor who is supportive of Sunset Dunes.

Thanks

Emily

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

I live on 48th Avenue in the Outer Sunset, and I love Sunset Dunes! It is highly used, I love the sense of community, and the peace and relief from the relentless traffic noise of the former Great Highway.

Most of all, as a homeowner I particularly value the rehab of the dunes for protection and preservation of our outer Sunset neighborhood. Of anything, this is the MOST important, most far-reaching and decisive advantage of Sunset Dunes. Closing the park would be singularly short-sighted, which would be a dangerous action simply for the sake of a traffic corridor. Traffic in our neighborhood has been completely tolerable if even noticeable. I am retired, and live here, and would know.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Subject:	Please open up great highway back to cars
Date:	Thursday, September 25, 2025 12:54:19 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible source of traffic through the Sunset and Richmond neighborhoods.

Please consider opening this vital stretch of road back to cars when it is needed most during weekday commute hours. This compromise was working fine during the pandemic even if it causes more congestion during the times it's closed. By opening the road back up, it allows kids to be able to play in front of their houses again without worry of constant vehicle traffic that's built up because of the closed road.

Additionally, I think we should look at reopening the part of Great Highway south of Sloat, by turning the east side of the road into a one lane each direction road. The west side of the road can remain closed as part of coastal erosion, but by keeping the one lane road in each direction on the east side, it would maintain a vital connection to Skyline boulevard and the Peninsula especially for Sunset and Richmond residents that already feel tucked away in the corner of the city.

Mayor Lurie, I urge you to appoint a supervisor who will relieve the Sunset and Richmond of the constant traffic throughout rush hour commutes, who understands the needs of the west side residents.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors:
Please do everything you can to save Sunset Dunes Park. I speak for many San Franciscans who have spent more time on the west side of the city -- shopping at small businesses and eating at restaurants -- because of Sunset Dunes Park. We love the park, it is a place of peace, beauty, and a slower pace for kids and families like ours. It is an asset for the city as a whole, as well as local businesses in the area.

The idea of wasting more time and money to reverse a decision that the majority of the city supports also feels like a depressing waste of time and city resources.

Thank you!

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. My family visits many times a week while visiting Ocean Beach, traveling to the Zoo by bike from Golden Gate Park, or just enjoying the Space for People (and not cars) to have my two daughters play on their bikes or scooters.

The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

My kids and I regularly visit Sunset Dunes. We're there at least twice a week. It's an amazing place for them to enjoy and my husband and I also love going there and running or biking with them, or just swinging on the hammocks or playing on the octopus. It would be a shame to remove this amazing resource.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

As you know, the following is mostly a message composed by the Bike Coalition. I agree with all of it, and I am personally a D4 resident who uses Sunset Dunes with my kids both as a place of recreation and as a bike commuter.

Furthermore, I urge you to appoint a caretaker supervisor who will pledge not to run in the next election. I consider the recall process abhorrent and a waste of taxpayer money, just as I did when I campagined against Joel Engardio for his support for recalls, even though I knew we needed change on the school board.

Bike Coalition copy & paste:

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

I live 3 blocks from the new park and we love it. Change can be hard but is good. I also agree with more housing. I think others should be able to enjoy our great city. There will always people who resist change and you were elected to move us forward.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Since the full opening of Sunset Dunes, I have enjoyed countless safe, car-free bike rides along our beautiful coast. I love getting to see the ocean more regularly than I did before Prop K. Clearly Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie,

As you know, Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy the coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined. I personally have visited the park and nearby businesses much more often than before the park was opened and find it now in my regular routine.

This corridor has become an important part of a safe bicycling network, providing a critical north/south route for folks biking/commuting on the west side. Previously, it was a dangerous route for anyone trying to reach the southern parts of the west side by bicycle.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks.
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

I urge you to appoint a supervisor who is supportive of Sunset Dunes as a full time park and cycling corridor. Also, someone who will be supportive of your zoning proposals to increase housing availability for all our communities. We are seeing lots of new apartments in my district (District 2) along the Lombard and Van Ness corridors, which has been very good for our neighborhood and the local businesses. The same can be true in District 4 and all over the City.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Best regards,

Dan

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

This is not just another copy-pasted email. This one comes from the heart, as someone who lives in District 4 and who spends most days at Sunset Dunes, and has seen firsthand how it has transformed our neighbourhood in the most magical of ways.

Before Prop K passed, people said that the park wasn't going to work out for a wide range of reasons. But I'm here to tell you that the creation of this park has been better than we ever could have imagined.

- People said that traffic would be a nightmare, and the neighbourhood streets would be less safe. The truth is, people have always driven way faster than they should through the avenues. That problem is still here, and we would love some traffic-calming measures. But the closure of the great highway didn't make this problem worse, nor has it noticeably changed the time it takes to get from place to place. I drive out here every day and haven't noticed any significant difference in travel time. If anything, the closure of the great highway has improved safety (in my opinion), because previously people would drag race up and down the great highway to try to beat the lights, including failing to stop at red lights for pedestrians. The number of near misses I've seen or been part of on the great highway while it was open to cars dwarfs any other traffic safety issue in the neighbourhood, and it's not even close. Closing it has made it much safer for our neighbours to access the beach, which is the crowning jewel of our neighbourhood and should stay accessible rather than stuck behind a bypass highway.

- They said that the park would be empty during weekdays and mainly just used on weekends, which wastes the space. In fact, most weekdays, the park is bustling with activity! There are a lot of children, remote working professionals, and elderly people who are there during the day. Most of the installed infrastructure (hammocks, exercise bars, skate park, climbable art) is constantly in use. I can't remember the last time I went to Sunset Dunes and it wasn't buzzing with people, and I go nearly every day at varying hours.

- They said that a park was redundant to have next to the beach. But the beach is not a suitable surface for most of the park's most popular activities. There are so many people out there every day riding bikes, roller blading, skateboarding, running, etc. which is difficult if not impossible to do on the beach. And the large proportion of senior citizens in the neighbourhood enjoy having a stable surface for safer exercising.

On a personal note, I have experienced so many moments of San Francisco magic since the park has opened. It was during one of these moments, with a stranger playing a beautiful piece on the public piano as the orange sun dipped below the waves, and neighbours gathered around in togetherness to soak in the beauty, that I realized how lucky we are to have this

amazing park. It is truly a world-class experience to enjoy a blacktop park in such a stunning setting. Very very few places in the world can offer such an experience, and although San Francisco is one of the most expensive places to live in this country, we are rich in ways that no other city in America will ever be. And it's largely because of our unrivaled geographical location, which can only be fully appreciated through our many wonderful parks.

Although the majority of residents in western districts voted against the permanent closure of the great highway, in many precincts of the outer sunset (where I reside), it was a much closer race than the media has portrayed it to be (a ~60/40 split is not a landslide). And additionally, many who initially were against the park have since changed their stance once they saw the results for themselves. Business is booming, and life has been injected into our usually-sleepy neighbourhood. Neighbours actually have somewhere to congregate, and interact. Teenagers have somewhere to hang out after school. The elderly have somewhere safe to exercise. People of all walks of life are fascinated by the many art installations.

And to the remaining holdouts who will never come around to supporting the park, to them I would say that the entire west coast of the city does not belong to only a couple districts. California coasts are meant to be for the public, not monopolized by a small group of landowners. The same philosophy should hold true for the city of San Francisco. All of us live here, all of us pay taxes and contribute to making this city wonderful. We all deserve to have a say in the direction it takes, a principle that has been a cornerstone of this city's democracy for many decades now. Some of the city's most celebrated political figures were activists who campaigned for more park space, even if it meant the removal of roads. And in the case of Prop K, the entire city has spoken. This debate has gone on long enough and there is very little to gain in rehashing the same issue yet again.

As a resident of District 4, and a passionate advocate for the city of San Francisco, I urge you, Mayor Lurie, to appoint a District 4 supervisor who will not only support the future of one of the city’s most popular parks, and but also be its champion, making it more accessible, welcoming, and enjoyable, while boosting support for local businesses.

To the Supervisors, I urge you to refrain from going against the will of the 206,000 voters who directly voted in favour of Proposition K. Not only would it be undemocratic, but in today's political and economic climate we have much bigger issues to worry about as a city. The wasteful recall already consumed enough of our resources. Tearing down a beloved park shouldn't even be something worth entertaining.

Thank you,

Allyson Francis
Resident, District #4.

Dear Mayor Lurie and Board of Supervisors,

My name is Kyle and I am a resident of district 9.

Please support the continued operation of San Francisco's newest and increasingly popular park, Sunset Dunes.

The city already voted overwhelmingly in favor of the park, so please do not make us defend our position again.

Thank you for your leadership.

Kyle Montville

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors, Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before. As one of the 206,000 San Francisco voters who supported Prop K, I urge you to: - Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks - Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses.

Dear Mayor Lurie and Board of Supervisors,

I grew up in the Parkside, Sunset, Sunnyside, and Ingleside neighborhoods, frequently visiting Ocean Beach.

I have lived South of Market (D6) for 29 years, and I have long been in the habit of running out to the beach about once a week, crossing the Great Highway/Parkway.

A year ago, I was ambivalent about Sunset Dunes park. It wasn't an obviously good tradeoff, like the JFK closure in GG Park. It would impact north-south traffic in the western neighborhoods. Would it get enough users to justify that?

In the last year, I have been surprised to see so many people enjoying the space on foot or on wheels. Even on cold, foggy weekdays, there are typically about 200 visitors at a time. There are far more on fair days around sunset. And we've barely begun to explore the range of activities and amenities that can increase engagement.

I am now certain that Sunset Dunes is a great idea, which will last for a long time as a favorite destination for San Franciscans and visitors. Think how the Embarcadero became a "signature" spot for The City after the freeway closure, or Crissy Field after the army base closure.

We voted for this, and we will again if we need to.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisor Dorsey and other supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I live in the outer sunset. I LOVE the Sunset Dunes park and use it almost everyday! I ride my bike to work every very day along the park.

I am a SFUSD teacher and am invested in my community. I took over 100 students to the park last May for them to ride bikes and walk around. Most of them had never been there before and they all loved it. This year, I again planning on taking more students. In fact, I already have a field trip planned to take students on a bike ride in Sunset Dunes Park in two weeks.

I've also seen my students walking, running, skating and hanging out at the park after school. It is a safe space to hangout and not be worried about car traffic. My own twokids ride their bikes and skate in the new park. It really is a place for all ages.

I am a member of the Sunset Community Band and we have played at the park a few times. It is a special place! So many people complimented us for bringing live music to the beach.

The park is used by so many people! I've seen elderly people on tandem bikes, people in wheelchairs, walkers, kids learning to ride bikes, groups of runners from various schools, teenagers walking and talking, people walking dogs, and so much more. There are always people out there. Don't believe the pictures with only a few people. I'm always so impressed by how manly people are out there, even on cold foggy mornings.

My partner was originally against the new park but now he runs and walks there daily. Many people are changing their minds once they use it.

Cars have access to almost all the other roads in the city. This is a road that was given back to people. There are parallel roads for car users. It's not like they are trapped.

While there has been a little bit of an uptick in traffic on 46th, it is still not at the level it was before the pandemic. I'm in support of a few more cars on the road I live on if it means we have another safe space for us non car users.

Please appoint a supervisor that supports this new park. Don't give in to the loud agitators.

The agitators have already cost the city so much money for the unnecessary special election. Don't drag this out any more. Their horror stories of how much time their commute increased seems highly exaggerated. They used the great highway to drive past our neighborhood, not go to it. This park helps people access our wonderful neighborhood.

Thank you for your time and leadership on this manner.

All the best,
Cambria Gersten
SFUSD teacher and outer sunset resident

The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

- Drew Ortega

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Dear Mayor Lurie and Board of Supervisors,

We now know that Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses. I now shop at stores I never knew existed before the park was created. It is an important first step towards rehabilitating our coastal ecosystem. It and has connected San Franciscans to the coast more than previously imagined - I had forgotten thaySan Francisco is on the Pacific. Now I'm learning its nuances. We see kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Subject:	Outer Sunset resident: I love Sunset Dunes!! Please save it!
Date:	Thursday, September 25, 2025 1:44:13 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

My family and I are residents of the Outer Sunset, and we **love** Sunset Dunes. I love visiting with my partner, my dog, and it makes me feel so much more connected to the community in the outer sunset! The park itself is an amazing third space, for clubs, meetups, activities (running / biking), all of which I've participated in.

The positive impact the park has had on my life is huge.

Knowing the surrounding context too: that the southern portion of Great Highway has been slated for permanent closure, makes it absurd to me that there's even a conversation about reopening it. Doing so would be a step backwards for our community.

Mayor Lurie, I hope you'll choose a supervisor who really supports Sunset Dunes — someone who can bring neighbors together, think long term, tackle local challenges, and help shape the Outer Sunset's new park with the community. And to the Supervisors, I ask you to stand behind this project and carry out the will of over 200,000 voters by creating a coastal park that welcomes San Franciscans and visitors to enjoy the shoreline for years to come.

Thanks,
-Josh

A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Dear Mayor Lurie and Board of Supervisors,

As a Sunset resident there has never been a more obvious choice to me than to use this coastal space as a park instead of yet another violent and polluting traffic sewer.

Please take the responsibility and show leadership by embracing this park instead of continuing to surrender public space to cars.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

When considering a District 4 representative, please appoint someone who represents the people of District 4, not him or herself. There are issues unique to people living out here on the edge of the City that others in the City don't have, as we don't suffer from some of theirs. That is why we have Districts.

The people of District 4 did not vote for the Great Highway closure, and he should have represented us and supported us. The loss of a major highway has caused dangerous traffic consequences in a neighborhood not designed to mange it. The decision has caused issues all along the west side of our city. For example, Golden Gate Park is gridlocked which can't be good for the wildlife there. The Great Highway was never closed to pedestrians. I have lived out here for over 20 years and enjoyed my daily runs and bike rides on the designated path and boardwalk without ever being bothered by a car.

You have many important things to do so I will end with, thank you for your time, consideration, and leadership.

Sincerely,
Regan Stuart-Killion, MD

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. Dear Mayor Lurie and Board of Supervisors,

I know that after the recall of Supervisor Engardio, there are those who want to destroy our wonderful park, Sunset Dunes, and revert it to a 2 miles stretch of highway to avoid having to detour from longtime driving patterns. Surely taking away a popular new park for a highway doesn't represent the kind of forward-looking thinking we need at this moment, so I do hope that the new Supervisor, whoever they are, will continue to work to refine transportation options and create more opportunities for safe travel by walking and bicycling. As a senior who no longer owns a car, I rely on my e-bike and MUNI to get around town and Sunset Dunes is part of my safe route to southern parts of the city from the Richmond District. San Francisco is supposed to be a progressive city that subscribes to Vision Zero and to Transit First. Those are the values that guided the voters who decisively voted for the Park.

Sunset Dunes is a breaktaking success, drawing tens of thousands (including many tourists) to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks

- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten-point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters had experienced the promise — and shortcomings — of a weekends-only road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. It would require re-installation

of traffic lights. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Ruth E. Malone

Richmond District resident

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Preempting the form letter a bit:
Sunset Dunes has become an important part of my family's evening and weekends. My 3yr old son is becoming an avid biker, in part, thanks to gorgeous new park. There are very few places in SF like Sunset Dunes… even for my family coming from Mission, the journey is well worth the trip. The small inconvenience for those living on the West side of the city is far outweighed by the benefit to the rest of the residents of SF, tourist, and the larger Bay Area.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

We live along the Great Highway near Ulloa, where we are raising our twin 7 year-old boys and our 9 year old mixed border collie. My 70-year old dad also lives on Sloat and 42nd.

As a family, we love the Great Hwy as a park to have access to the outdoors, build community, learn to skate, and so many more activities. My dad and our dog walk there daily, and our kids are there several times a week to surf, skate, and play. There's a sense of safety there without fast driving cars on the Hwy, which means we get out to the beach more often. Please do not over turn this amazing feature of San Francisco.

We've lived in the sunset for over 10 years, and I am so proud of us for coming together to create one of the best gifts and parks the city has seen in decades!!

Thanks for your support,
Donna

Dear Mayor Lurie and Board of Supervisors,

The message below comes from Friends of Sunset Dunes, and I support their position 100%. I will add that I have been a SF resident since 1997, and we own our house at 47th and Taraval. It simply does not make sense to have four lanes of traffic separating the neighborhood from the beach and ocean when that roadway does not provide access to either. The City has voted, twice, to use this City owned space as a park. City resources are required to maintain this space regardless of use and it is only fair that every citizen has an equal say in how it is used.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Dear Mayor Lurie and Board of Supervisors,

I love the Sunset Dunes. I travel from Oakland to enjoy this beautiful part of the City and can't imagine it going away.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added - including East Bay residents like myself.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together.

Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and visitors to enjoy this coastline for generations to come.

Thank you for your leadership.

Hi all,

Sunset Dunes should remain a park. We are a progressive city that claims to care about climate change. Re-opening the 'great highway' would be a conservative move, and counter to our desire to combat global warming.

It would also make the city a worse place to live, with cars zooming around instead of children biking (as my kids do, regularly, in Sunset Dunes park).

Please do nothing and keep the park as is.

Respectfully,

Joe DiMento
San Francisco resident (Glen Park)

Dear Mayor Lurie and Board of Supervisors,

I love this park!! I run on it every morning and it has brought so many people to my neighborhood. I work in the area and see all the people it brings as well. Let's keep protecting our coastline and not go back.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before. As one of the 206,000 San Francisco voters who supported Prop K, I urge you to: - Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks - Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses.

Thank you!

Stella McGinn

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I'm writing as a **D4 constituent,** parent, climate-change-concerned resident, and frequent Sunset Dunes visitor. I wanted to voice my clear support for keeping Sunset Dunes a park, and not a roadway. My kids didn't learn to ride bikes here, but they have ridden the Dunes from north to south end more than once, strengthening their skills and confidence and enjoying the family time and the beautiful ocean and beach we're so privileged to have nearby. Form letter follows, but wanted to make clear my own *personal* support also.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:

Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks

Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. Dear Mayor Lurie and SF Board of Supervisors,

Last year, San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more residents and visitors have come to love the park now that it's been opened and had amenities added.

It's been a huge success, attracting, as you know, thousands of visitors throughout the week. It's proven to be beneficial to Outer Sunset businesses, and traffic impacts appear to have been minimal and transit services operating as normal: https://www.sfmta.com/blog/new-data-great-highway-road-closure-how-were-supporting-your-trips

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

My name is Alex Hobbs, I am a resident of the Portola district in D-9. My family now relies on sunset dunes as our easiest way to access the beachfront. We have a two year-old son and the pathways along the old great highway have become an essential way for us to take him safely to ride his scooter or tricycle along the water.

I was not for the sunset dunes originally, but now that I have used it many times, I and my family can see the huge value and having the space for people rather than cars. Especially for families like us who cannot afford the multi-million dollar single-family homes of the sunset. Sunset Dunes opens up the waterfront for everyone instead of just being for the fortunate few who can afford to live next to the ocean.

Please protect it, we voted on this, and it should not be undone. It is not fair to continually bring things to vote when people are not happy with the outcome of the original vote. In the time of Trump cities like San Francisco need to stand up for democracy. Redoing this because a group of entitled homeowners are not happy with the outcome would fly in the face of what is right.

Thank you,
Alex Hobbs

Dear Mayor Lurie and Board
I

- Be forward-looking and appoint a District 4 Supervisor who will support the constituents.

San Franciscans in District 4 overwhelmingly voted to keep Great Highway open .

Mayor Lurie, I urge you to appoint a supervisor who is supportive of representations their constituents not their own interests , someone who will bring the community together to solve neighborhood challenges like crime .
Supervisors, I urge you to consider opening Great Highway which has negatively impacted District 4 residents like myself.

Thank you for your leadership.

In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been a complete failure!
The streets in the Richmond and Sunset districts are completely overcrowded with bumper to bumper traffic. There is more toxic emissions as cars idle , unable to move over 10 mph. There has been a dramatic increase of bike and pedestrian vs automobiles !!! So dangerous! Meanwhile this “park” is empty 5 days a week! A few families may venture out on the weekend to frolic amongst the feces and syringe needles strewn everywhere!
Please shut this down ill conceived meaningless stunt and re open the Great Highway!

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been a source of division for our city, an inconvenience to neighbors, and an indulgence to a privileged few. All attendance and enjoyment claims are created from whole clothe with no support for their outlandish claims. Let Golden Gate Park be a park and the Great Highway be a highway. drawing tens of thousands to enjoy our coast each week. The road closure in no way contributes towards rehabilitating our coastal ecosystem, and does not connect San Franciscans to the coast.

As a San Francisco voter, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will represent the neighborhood, not interest groups.

- Am willing to volunteer to remove all park “improvements”, including seating, picnic tables, fitness equipment, art, and the skate park.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Aloha,

Isao Kaji (He/They)

Dear Mayor Lurie and Board of Supervisors,

I live in the Mission District and love this park! I walk, bike, and take public transit out to the beach, businesses, and now park way more now than I used to because of the park itself.

I love seeing all the new installations and people from all over the city in all kinds of weather use the park.

Now, if only I had better and safer bike routes and more frequent transit from the Mission, I'd be there even more!

-

Thank you for your leadership.

The TL;DR is the people voted for this overwhelmingly and a small vocal minority is trying to go backwards because they want to pretend it is still covid and keep their slow street. It is time to move on into the future and the reality of climate change means this will all be dunes or underwater unless a lot changes worldwide anyway, keep it a park !

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,
I love this park. I use this park. Prop K passed.
That should be that.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Dear Mayor Lurie and Board of Supervisors,

I was one of the 206,000 San Francisco voters who supported Prop K, to create what is now Sunset Dunes Park. I urge you to appoint a District 4 Supervisor who will support the future of one of the city's most popular parks. Please champion the future of Sunset Dunes to make it more accessible, welcoming for all.

Since I moved to San Francisco in the mid-1990s, I have regularly enjoyed visiting what is now Sunset Dunes park, and long lamented that it was dominated by cars. During Covid, I was trilled to be able to get outside there in evenings after working and living in my tiny studio apartment alone every day. I was thrilled again by move to finally turn it into a car-free park, where people could enjoy it so much more, especially those of us where walking on the beach isn't what they wanted or were able to do.

The new park has been a delightful success, even in its earliest days. It draws many thousands of people to enjoy the coast every week. It has been a draw all along the west side of town, and I definitely visit local business while I'm there, since I get there and home by MUNI. I hope many Outer Sunset businesses, are enjoying the benefit of park visitors stopping by to shop. I'm sure the coastal ecosystem is benefiting from less traffic noise and lights and commotion.

The park connects us in so many ways — kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders who can stroll or roll or just sit along the traffic-free pavement and enjoy the view and the breeze. I hope many people continue to enjoy the free classes, benches, and activities dotted along the park for people of any age.

Why Sunset Dunes Should Go: Entitlement Over Access Is No Way to Govern

Sunset Dunes has been lauded by some as a symbol of community joy. But for the thousands of San Francisco residents who relied on the Upper Great Highway every day, it has been anything but joyful. Closing this vital artery for the sake of a few thrill-seekers and selfie-takers has turned public space into a showcase of entitlement — and the costs have been real, immediate, and dangerous.

Section 1: The Human Cost
Every day, more than 20,000 drivers, including seniors, parents, veterans, and essential workers, used the Upper Great Highway to commute, access services, and care for loved ones. The closure of this road has disrupted lives, increased travel times, and, most critically, impeded emergency access. Ambulances, fire trucks, and other essential services now face delays that could literally be a matter of life and death.

Section 2: Entitlement Masquerading as “Joy”
Sunset Dunes was never about public joy. Its so-called beauty and fun have been amplified by a handful of influencers, vloggers, and politicians who prioritize photo opportunities over practical needs. The park’s design celebrates a small, privileged subset of the population while disenfranchising thousands who rely on functional infrastructure every day.

Section 3: Environmental Harm
Beyond inconveniencing residents, Sunset Dunes has also endangered wildlife. The area is a nesting ground for the threatened Snow Plover, a small shorebird that relies on quiet, undisturbed sand for survival. By encouraging increased foot traffic, the park has disrupted these sensitive habitats, putting the species at greater risk. Public spaces should protect, not harm, the natural environment.

Section 4: Public Policy vs. Personal Fantasy
Good governance balances community enrichment with the needs of its residents. Sunset Dunes, as currently managed, prioritizes aesthetics and social media moments over safety, access, and civic responsibility. The decision to close the Upper Great Highway reflects a

troubling pattern: when policy favors spectacle over substance, the public loses.

Section 5: The Way Forward

It's time to rethink Sunset Dunes. Public spaces should serve everyone, not just those who seek the thrill of an Instagram post. Roads must prioritize access, safety, and equity. Sunset Dunes should either be redesigned to serve the broader community or removed altogether — because a handful of "joy-seekers" does not justify putting thousands at risk or endangering wildlife.

Sunset Dunes is not joy. It is entitlement. If blocking ambulances, inconveniencing tens of thousands, and endangering threatened species is your idea of a public good, San Francisco deserves better. Let's put access, safety, and equity back where they belong — in the hands of the people who actually rely on them.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership,

Laurel Woods
Cole Valley resident

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Dear Mayor Lurie and Board of Supervisors,

I am voicing my support for reopening of the great highway. The consequences of its closure has been increased traffic within residential areas. I am aware that some businesses have benefited from the closure. However I feel it is unfair for the city as a whole to dictate traffic patterns on the only neighborhood directly impacted by the closure.

Mayor Laurie, I think you are doing a great job thus far

best

Louis Canotas

A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

I live in the central sunset and I love sunset dunes! My life will be measurably worse if it closes.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Edwin

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

Dear Mayor Lurie and Board of Supervisors,

Please keep Sunset Dunes as the incredible oceanfront promenade park that it is. I have lived in the outer sunset for over a decade and the positive changes I've seen since we've had the park are incredible to experience. It has been such a great thing for community building — I run into my neighbors and meet neighbors I didn't previously know. I taught my adult friend to ride a bike out there. I see kids learning how to ride, I see wheelchair-bound people enjoying the park, I see all kinds of people enjoying it. Friends from other parts of the city actually come visit now. It has put the sleepy foggy outer sunset on the map and is helping small businesses out here. I've lived on 47th and 43rd avenues and an increase in traffic has never been a concern or something I've even noticed.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has quickly become a thriving community space and one of San Francisco's busiest parks. As someone who runs on the Great Highway every week, I see firsthand how packed it is with walkers, cyclists, families, and people of all ages enjoying the coast from sunrise to sunset.

Voters have been clear—they chose a permanent, open coastal park over returning to car traffic, and usage of Sunset Dunes has soared since then. Reinstating cars or scaling back the park would undo years of progress, remove essential amenities, and halt environmental restoration.

Please appoint a District 4 Supervisor who supports Sunset Dunes' future and champion the park's continued growth. Residents and visitors love this space; it's time to solidify it as a permanent asset for San Francisco.

Thank you.

Nicolas Richard

Dear Mayor Lurie and Board of Supervisors,

I was, as a car driver, initially a skeptic. however, over the last few weekends, I have been cycling and skateboarding there with my kids. It really is an absolute delight. Please ensure this treasure is safe and protected for many years to come and the generations that follow us.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Please reopen The Great Highway. Sunset Dunes will never be accepted by the west side.

I'm a native San Franciscan and a former Sunset resident. I for one want it reopened on weekends also for tourists and those who have families in Daly City and Pacifica. Now I watch what this closure has done to the Sunset and Richmond by rerouting traffic, causing more commute times and taking a beautiful drive away from us. I'm 67 years young and prefer seeing this beautiful landscape via an automobile.

Mayor Lurie, I urge you restore the Great Highway to return this road to everyone.

Thank you for your leadership.

- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

Dear Mayor Lurie and Board of Supervisors,

I voted against Sunset Dunes Park, but now I love it. Please keep it.

However, I'm glad the recall was successful. Do what your constituents want or YOUR OUT!

Regards,
Ed

Dear Mayor Lurie and Board of Supervisors,

I am a San Francisco voter and resident of District 4. I live on Lower Great Highway, directly next to Sunset Dunes Park. I have never felt more grateful and fortunate to call a place home than this beautiful, beloved, and thriving community.

I was born in San Francisco. Living near Sunset Dunes is by far the best place I have ever had the joy to call my home. Please listen to the voters who love this city, want to live here forever, and want to help make this as wonderful a place as it can be. Supporting Sunset Dunes is the way to build a bright future for San Francisco.

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you,
Sarah Sitts

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Sunset Dunes has not been an incredible success as they say. I agree we need important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans but this plan was never it. A small group made a decision that effected not only the Sunset. But San Mateo County residents and South side resident who depend on that road way. And what about the traffic impact on 19th Ave and Sunset Blvd.
It is not like the same individual can't access Golden Gate park which has far more green space and opportunities for safe and traffic free biking.
The number of people who use "Sunset Dunes" is far less than reported and the impact to carbon output and traffic impact does not justify closing the Great Hwy. The fact that less people would have access to.the beach alone is a reason to reopen the Highway. Not to mention the impact of traffic on city streets that should be on the UGH.
I am sure there is a solution. But this is it. It was done without a reasonable Imapct Study. Without the support of those impacted the most, and it was done

Mayor Lurie, the Sunset District spoke loud an clear. There are plenty of places in the city were empty lots can create beautiful green space. The Great Highway is not empty, it serves a purpose and I encourage you to allow it to serve that purpose. There are plenty of opportunities to create bike and walking paths along the UGH. That can not only provide the recreation but protect the ecology. A win/win for all.

Thank you

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been a divisive disaster drawing one or two selfish entitled ppl to enjoy our coast each week. The park has been a loss for Outer Sunset businesses, has destroyed the dunes, and has disconnected San Franciscans to South Bay. There were ALREADY ample open paths/spaces for kids learning to ride bikes, wheelchair users to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages to enjoy the freezing, windy area directly next to a real park-GGP.

As one of the over 70%voters on the west side of San Francisco who voted NO on Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the reopening of UGH
- Champion the future of an open UGH to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans were DUPED INTO closing a highway for a fake coastal park. In 2024, voters in non affected areas and who are not impacted by a highway closure, chose a full-time oceanfront park with a ten point margin of victory. Treasure Island voters don't even know where the UGH is. Since the park opened, it has become one of SF's biggest failures and visitor numbers have been embarrassingly low.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The compromise worked and it was exactly that: a COMPROMISE.
East side San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park bc they have no idea what closing ugh actually meant. Inconveniencing 20k commuters for a fake park next to an actual park is insanity.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of reopening UGH, someone who will bring the community together to solve neighborhood challenges and who will actually represent D4 interests and voters.
Supervisors, I urge you to champion the opening of UGH to deliver the will of west side voters who rely on it daily to go to work, school, the VA and many other aspects of daily living.

Thank you for your leadership.

East side San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park bc they have no idea what closing ugh actually meant. Inconveniencing 20k commuters for a fake park next to an actual park is insanity.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of reopening UGH, someone who will bring the community together to solve neighborhood challenges and who will actually represent D4 interests and voters.
Supervisors, I urge you to champion the opening of UGH to deliver the will of west side voters who rely on it daily to go to work, school, the VA and many other aspects of daily living.

Thank you for your leadership.
Stephanie Lehman

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Thank you for your leadership.

Subject:	Sunset Dunes is the will of the people of San Francisco
Date:	Thursday, September 25, 2025 4:47:03 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been **an incredible success**, drawing tens of thousands of people to enjoy our coast each week. The park has been an **economic boon for Outer Sunset businesses**, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline and the fresh air of the Pacific more than ever before.

In addition, important steps have been made to **restore the sensitive dune ecosystem** that was destroyed when a highway to nowhere was built there. This is our chance to create a coastline more resilient to sea level rise, coastal erosion, subsidence, and tsunamis, while creating wildlife habitat for **endangered species** like the snowy plover. It is dangerous to humans to put cars back on the Great Highway, literally **a highway to nowhere with no exits.**

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- **San Franciscans** have already made clear that they **want a coastal park**. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become **one of SF's most visited parks**, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. **A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love.** A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. **Now that Sunset Dunes has opened, twice as many people come each day** as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the **vision of a coastal park**. Now, voters are counting on their **elected leaders to implement that vision**, not rehash the issue yet again when it was already debated for five

years.

- **The southern portion of Great Highway has been slated for permanent closure** since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

- Sunset Dunes Park helps San Francisco achieve the following goals in our **Climate Action Plan:**

- Transportation & Land Use: 80% of trips taken by low-carbon modes by 2030
- Healthy Ecosystems: Sequester residual emissions through nature based solutions

- Sunset Dunes Park also helps San Francisco get back on track with **Vision Zero**. Remember that **68-year old Melissa Lai Chow was fatally injured** after being struck by a driver in a car on the Great Highway on December 27, 2024. There have been zero fatalities in the Sunset Dunes since it became San Francisco's newest car-free space.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added. Leaders in world-class cities everywhere are choosing to green public spaces for the greater good in the face of climate change, and residents are loving these changes. Look at Paris, Seoul and Medellín for examples from different continents.

Naysayers and those resistant to change will cherry pick data to support their argument, but **the hard data is clear**: Sunset Dunes Park is good for our health, good for our economy, good for the climate, good for wildlife, good for children and good for people of all abilities. Good for San Francisco.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver **the will of the 206,000 voters**: a coastal park that will not only welcome San Franciscans and visitors to enjoy our coastline, but also protect us from climate catastrophe, sea level rise, and coastal erosion, ultimately **saving our city billions of dollars** in climate damages.

As our leader, we trust that you will make the right decision for San Francisco, California and Planet Earth,

Kristin Tièche
District 1
Vice Chair, SF Bicycle Advisory Committee
Climate Reality Leader

Subject:	Sunset Dunes - The Compromise was perfect
Date:	Thursday, September 25, 2025 4:51:29 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie and Board of Supervisors,

In recent weeks, all of the focus surrounding Sunset Dunes has been on the Outer Sunset. So little is said about the residents of Outer Richmond. District 1 overwhelmingly opposed proposition K. We didn't get a voice in the recent recall, election of Joel Engardio. We barely have a voice at all when it comes to this topic. The people from the Richmond have arguably suffered a greater impact by the closure of the Great highway. We have truly lost our main artery to reach other access points of the city. Those championing the sunset dunes are individuals who are unlikely to require daily crossing of Golden Gate Park. Trying to cross the park at any time of the day is never fun. We have very few options to get across the park, and just to go 1 mile can take 15 minutes. Those who are arguing that the road closure only adds "a few minutes" are speaking with privilege. Some days I do not have the extra "few" minutes that it takes to get down an absolutely clogged Crossover drive or to get down 19th Ave. Or God forbid having to go down Chain of Lakes and down Sunset Blvd. It can more than double a short commute across the park.

While no one wants to drive down 19th Ave. or down Sunset Boulevard on the weekend, we accepted the compromise of closing the Great Highway on weekends. Closing it on weekdays has created traffic and delays for anyone trying to use Sunset, Lincoln, or 19th Ave. I strongly urge the board of supervisors and the mayor to consider going back to the compromise. Another option is to use two of the lanes for a two-lane road and two of the lanes for the park. There is already an existing bike path and walking pathway (which is in need of repair), not to mention a gigantic Golden Gate Park, and the miles-long Ocean Beach. This is plenty of park for everyone. If people want to keep sunset dunes, we need to consider the option of going back to a compromise.

Proponents of prop K say that the weekend compromise was untenable, but it was working. A weekend-only road closure would mean removing all park improvements, but let's be honest about how basic some of these improvements have been. Returning to the compromise is the smartest solution and the best way to serve the people who live in districts one and four, while allowing weekend use for everyone.

Let me stress that I am primarily a walker or someone who uses public transit. I am not someone who wants to pave the city and drive my car everywhere I go. I spend time every day in Golden Gate Park and prior to the street closure I ran down the path along the Great Highway almost every weekend. I was able to enjoy the ocean view even before the road closure.

Thank you for your consideration.

Monica Sather
District 1

Dear Mayor Lurie and Board of Supervisors,

Sunset Dunes has been an incredible success, drawing tens of thousands to enjoy our coast each week. The park has been a boon for Outer Sunset businesses, is an important first step towards rehabilitating our coastal ecosystem, and has connected San Franciscans to the coast more than previously imagined - kids learning to ride bikes, wheelchair users finally able to roll by the sea, elders at free Tai Chi and chair yoga classes, and people of all ages soaking up our City's incredible coastline more than ever before.

As one of the 206,000 San Francisco voters who supported Prop K, I urge you to:
- Be forward-looking and appoint a District 4 Supervisor who will support the future of one of the city's most popular parks
- Champion the future of Sunset Dunes to make it more accessible, welcoming, and enjoyable while increasing revenues for local businesses

Why? Because:
- San Franciscans have already made clear that they want a coastal park. Voters overwhelmingly rejected Prop I in 2022, which would have dedicated the coast to cars. In 2024, voters chose a full-time oceanfront park with a ten point margin of victory. Since the park opened, it has become one of SF's most visited parks, and visitor numbers have only continued to grow.

- Before approving Prop K, voters experienced the promise — and shortcomings — of a weekend road closure. The weekend road closure was incompatible with any park improvements, let alone use of the park on weekdays. A weekend-only road closure would mean removing all park improvements, including seating, picnic tables, fitness equipment, art, and the skate park the neighborhood has quickly come to love. A part-time road closure also precludes any possibility of the necessary dune restoration and sea-level rise protection work. Now that Sunset Dunes has opened, twice as many people come each day as visited during the weekend pilot. San Franciscans did not vote for a closed road; we embraced the vision of a coastal park. Now, voters are counting on their elected leaders to implement that vision, not rehash the issue yet again when it was already debated for five years.

- The southern portion of Great Highway has been slated for permanent closure since the Board of Supervisors adopted the Ocean Beach Master Plan in 2012. The southbound lanes are already closed, with the northbound lanes set for closure imminently as part of the SFPUC's work. Sunset Dunes has lost its primary utility as a road, as traffic patterns needed to shift inland regardless. While change is always challenging, traffic data demonstrates that this shift has been successful and the traffic impacts have been minimal.

San Franciscans voted resoundingly to make Sunset Dunes a full-time oceanfront park, and even more have come to love the park now that it's been opened and had amenities added.

If we have to relitigate Sunset Dunes in this coming election, it will be a HUGE waste of city resources and taxpayer dollars. We need to be focused on solving the transit fiscal crisis! That needs to be the #1 priority for the coming election.

Mayor Lurie, I urge you to appoint a supervisor who is supportive of Sunset Dunes, someone who will bring the community together to solve neighborhood challenges while designing the Outer Sunset's newest park together. Supervisors, I urge you to champion the park to deliver the will of the 206,000 voters: a coastal park that will welcome San Franciscans and our visitors to enjoy our coastline for generations to come.

Sincerely,
Rachel Clyde
District 5 resident

Dear Mayor Lurie and Board of Supervisors, Sunset Dunes has been a terrible mistake, making the streets nearby more congested, dangerous and causing unnecessary traffic in the rest of the neighborhood. The highway turned park has turned Golden Gate Park and the rest of the neighborhood into a highway. I hope that the new District 4 Supervisor will understand the city's traffic patterns including the construction work slated for 19th avenue for the next few years and consider how bottlenecking and pushing north and southbound traffic through our neighborhoods is terrible.

If you would like to do a story about St Vincent de Paul and the navigation center at 224 South Van Ness please let’s do it this should not be a place for humans to stay at they are truly no longer a benevolent organization or even Christian. I’ve been there for 6 months no drugs no alcohol no criminal activity at all. This place is not for human arguments we have no running hot water to wash your hands and they don’t care anything for this place is about cash not people. 4156355462

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Your location of a dance area on 8th St. between Folsom and Harrison between two large apartment complexes and numerous residences in the immediate area is incredible inconsiderate, and disruptive to the people that are trying to live and sleep in their homes.

The locations of amplified music areas should be brought to the attention of nearby residents before events, to allow the residents an opportunity to give their input and review anticipated noise levels and voice their concerns about the disturbances it will case. I would like to propose to the city permitting office that local residents be given that opportunity.

In the future the location of dance and amplified music areas for your events should be located where it will disturb as few people livinging in apartments and flats in the area, and the volume and the bass should be kept to a reasonable level where it will not cause vibrations in the surrounding residences.

I have lived in my flat on Ringold St. since 1997 and never has the noise from the fair been so obnoxious, disruptive and inconsiderate to the local residents.

Russ Thorsen

The attached video is an example of the noise from inside my flat, behind double paned windows; and it’s only ~12:30. Even noise canceling headphones could not mask the noise from the dance area.

Hello,

I have been on a few city guides tours and they've all been fantastic.
Today's tour of Golden Gates Heights was my favorite.
https://url.avanan.click/v2/r01/___https://sfcityguides.org/tour/golden-gate-heights-stairways/___.YXAzOnNmZHQyOmE6bzoyODkyZmZhYTc3ZWQ5ZjVmYmMzZmU5OGI0NjRiZDVjMjo3OjRmNzc6YTYzNWY0ZDZmMmExMTE0N2Y3YTYwOGIwNGZhNDU5MmVjZjE5YmI0ODVmNWZiOTgyNmZjZjUxYjQ0Njc4NzlkZDpwOkY6Tg

The weather didn't cooperate but it didn't matter.

I went with my adult son. It turned out Barry P, our guide, and my son were both Lowell alumni. It was a fun moment of connection.

I strongly urge the Mayor's office and the Board of Supervisors to fund this organization and more importantly recognize the volunteers. People like Barry P who were raised here (and are SFUSD alumni) are the heart of this city and today's meeting of two people who went to the same high school, albeit years apart, is what we all should be celebrating.

Thank you for your time,

Maya Keshavan

Subject: Urgent Concern Regarding Abuse of Caregiving Welfare Programs

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I am writing to express my deep concern regarding the widespread abuse of government-funded caregiving programs, such as In-Home Supportive Services (IHSS) and similar welfare benefits. These programs were originally designed to support vulnerable elderly individuals and patients who require daily assistance, while also ensuring that caregivers are fairly compensated for their essential work. However, in reality, many people are exploiting serious loopholes in the system, resulting in large-scale fraud and misuse of taxpayer funds.

For example, it is common to see cases where an elderly person is approved for multiple caregiver positions, and yet all the wages are ultimately redirected to a single family member. In these situations, the family member officially “hires” others as caregivers on paper, but in practice, the work is either not performed, or the supposed caregivers hand over their wages back to the family member. This means that one individual can

fraudulently collect several streams of income, sometimes amounting to nearly $20,000 per month, without providing proper professional care to the elderly person in need.

This practice is deeply unfair and harmful in several ways:

1.

Elder Neglect and Safety Risks: Elderly individuals who truly require specialized medical or caregiving support are often left without adequate care, because unqualified relatives are handling the job instead of certified professionals.

2.

Welfare Fraud and Misuse of Taxpayer Money: These fraudulent practices waste significant government resources, reducing the funds available for individuals and families who genuinely need support.

3.

Job Loss for Qualified Professionals: Many trained caregivers and nurses, who hold valid licenses and credentials, struggle to find employment or are forced to accept low wages, while unqualified individuals exploit loopholes to earn disproportionately high incomes.

4.

Erosion of Public Trust: When the public sees people abusing welfare programs so easily, it undermines confidence in government institutions and damages social fairness.

I strongly urge the federal and state governments to take immediate action by:

•

Conducting stricter investigations into cases where multiple caregiver wages are approved for a single household.

•

Establishing stronger verification systems to ensure that only **qualified, certified caregiving professionals** are eligible to receive these wages.

•

Enforcing penalties for individuals and families who commit welfare fraud, including repayment of misused funds and permanent disqualification from such programs.

•

Reforming caregiving policies so that government resources truly benefit both the elderly population in need and the professional caregiving workforce.

As a concerned resident, I believe that caregiving should not be treated as a loophole for easy income, but as a serious responsibility that requires skill, training, and compassion. If caregiving wages are directed to qualified professionals instead of untrained family members, this would not only improve the quality of elder care but also create more employment opportunities in the healthcare field—addressing two urgent needs in our society at the same time.

Thank you for your attention to this matter. I respectfully request that the government investigate these abuses and strengthen policies to protect the integrity of caregiving welfare programs.

Sincerely,

_____

Subject: Joint Request for Meeting with the Mayor re: Cultural Centers — Grants, Investment, Partnerships, and Seismic Relocation Assurances

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie,

On behalf of San Francisco's Cultural Center Directors, we respectfully request a meeting at your earliest convenience to address four urgent matters impacting our

centers and the communities we serve:

a) **Grant Payment Policies & Cash Flow Impacts**
Recent changes to grant payment policies are creating cash-flow pressures that jeopardize programming continuity, staffing stability, and compliance. We seek immediate remedies (e.g., advances and milestone disbursements) to prevent avoidable service interruptions.

b) **City Vision, Long-Term Sustainability, and Investment Plan**
We ask for clarity on the City's long-term vision for Cultural Centers, including an investment framework that sustains core operations, preserves community access, and recognizes our role in the City's cultural and economic vitality.

c) **Partnership Framework with Anchor Cultural Institutions**
For nearly five decades, anchor institutions have led the City's cultural history and economy. We request a formal partnership framework that seats Cultural Centers at the table to co-design policy and lead change—rather than being consulted after decisions are made.

d) **Seismic Relocation Assurances for Physical Cultural Centers**
Centers undergoing relocation for seismic retrofitting need written assurances that they will be able to **return to their buildings after repairs**. We seek explicit protections and timelines to safeguard continuity of service and community trust.

To facilitate a productive conversation, we welcome participation from your senior staff and relevant departments. We are prepared to share brief data points on audiences served, artists supported, classes/workshops at risk, and the budgetary/operational effects of current policies.

Proposed meeting length: 30–45 minutes

Proposed dates/times: October 10th 10-11, October 16, 11-12, October 23rd 10-11, October 29 1-2pm (Pacific Time)
Point of contact for scheduling: Dr. Martina Ayala, Executive Director, Mission Cultural Center for Latino Arts. 415-845-8849, martina@missionculturalcenter.org

We are **copying all members of the Board of Supervisors** so they are aware of our request and the urgency of these issues.

We appreciate your leadership and look forward to a collaborative path that stabilizes Cultural Centers and sustains the cultural life of San Francisco.

With respect and urgency,

Dr. Martina Ayala, Executive Director

Hi Supervisor Walton, the BoS and Mayor Lurie,

I normally focus on immediate issues in the Bayview, but the shooting and killing of Urban Alchemy worker outside the public library was horrific to read about in the chronicle.

https://www.sfchronicle.com/sf/article/urban-alchemy-worker-killed-s-f-man-stop-drug-use-21076785.php

Stop the illegal drug dealing.
Stop the public consumption of illegal drugs. Cleanup our public spaces.
Enforce the laws.

This senseless death is preventable. Enough of this drug crisis in SF. People are dying from the inability to enforce laws.

Where is the action and outcry from city hall leadership?

What is being done to address this crisis of dealing, consumption and death?

Sincerely,
Barb Tassa
Bayview Resident

Subject: Please approve a citywide No Turn On Red policy to make it safer, easier, and more comfortable for people to cross the street…

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The Board of Supervisors,

I am writing to urge you to support and approve a citywide No Turn On Red to make it safer, easier, and more comfortable to cross the street in San Francisco as well as make streets safer and more predictable for car drivers. No Turn On Red has been proven to increase safety — especially for children, seniors, and people living with disabilities — including where it's been implemented in San Francisco (e.g. the 50 intersections in the Tenderloin). Now is the time to expand No Turn On Red citywide, so drivers know this unsafe behavior is no longer permitted throughout the city while people can feel safe

crossing the street with easier and greater access.

Our city faces a roadway safety crisis and a climate crisis, both of which require making it safer to get around without a car and encouraging people to shift trips from cars to public transportation and active transportation (e.g. bikes, scooters, skateboards, mobility devices, etc.). Implementing No Turn On Red citywide will increase roadway safety (decrease roadway injuries) and help more people shift trips to walking, public transportation, and active transportation, making our city safer for people, especially people who are disproportionately negatively impacted by our roadway safety crisis and car-dominated transportation system (children, seniors, people living with disabilities, BIPOC). We need your leadership to make this street safety improvement now.

I urge you to support and approve No Turn On Red citywide to make it safer, easier, and more comfortable to cross the street in San Francisco. Please do everything in your power to ensure No Turn On Red is implemented citywide as soon as possible.

For those of you in state-level office, please work on legislation to allow SFMTA to implement No Turn On Red without installing signs at every intersection — which would enable the City to implement No Turn On Red citywide faster at a significantly lower cost and using significantly less staff time — and legislation to implement No Turn On Red statewide.

Thank you,

Subject: Restore remote public comment at Board of Supervisors committee meetings!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Clerk Angela Calvillo,

Dear Board of Supervisors,

I am writing to urge you to SUPPORT the measure to restore remote public comment at Board of Supervisors committee meetings in San Francisco. After former Supervisor Peskin proposed such a measure last fall (File #241048), the matter unfortunately did not make it to a vote before the end of the year. We need one or more members of the Board of Supervisors to take up sponsorship again, and for the rest of the Board to support it.

Remote public comment is crucial in allowing constituents to provide meaningful, real-time

feedback on decisions that will affect us and our communities. There are myriad reasons why so many of us can't make it in person in the middle of the day to City Hall to give a public comment, even when the outcome of the decisions the Board is making will impact us greatly. Many people can't take the time off work, or need to be present as a parent or caregiver for family or other loved ones. Many people don't have reliable transportation, or can't afford to risk COVID/Flu and other illnesses in an indoor poorly ventilated environment where so few people are wearing masks. Remote public comment makes democracy more accessible and increases digital inclusion for the residents of this city, who you represent.

We urge you to SUPPORT access to democratic participation for ALL, especially those most disenfranchised and marginalized in our city, who have been historically left out of the political process. Please listen to our broad coalition of San Franciscans, and invest in democracy by supporting remote public comment.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor Sauters and San Francisco Planning Department members,

I hope this finds you well. As President of the North Beach Business Association and a small business owner deeply invested in our neighborhood's success, I'm writing regarding the File No. 250682 legislation being considered today.

I am attaching my detailed letter outlining both my support for several aspects of this legislation and my specific concerns about provisions that could impact North Beach's thriving small business ecosystem.

We've seen remarkable success in North Beach, with only eight vacant storefronts on the market in "downtown" North Beach, and I believe we can work together to ensure this legislation promotes growth while preserving the balance that makes our neighborhood work.

I stand ready to collaborate with your offices to refine these proposals and would welcome the opportunity to discuss these recommendations further.

Thank you for your consideration and for your continued efforts to support
San Francisco's small businesses.

Best regards,

Stuart Watts
President, North Beach Business Association

Re: BOS File No. 250682 – Consolidating the North Beach Special Use and Neighborhood Commercial Districts and Expanding Allowable Uses and Use Size Limits in Certain Zoning Districts - Concerns and Recommendations

Dear Danny Sauter and San Francisco Planning Department,

My name is Stuart Watts, and I am a small business owner and the President of the North Beach Business Association. I am writing to express both my support for aspects of *File No. 250682 - Consolidating the North Beach Special Use and Neighborhood Commercial Districts and Expanding Allowable Uses and Use Size Limits in Certain Zoning Districts* legislation and my deep concerns about provisions that could fundamentally alter the character of our neighborhood's small business ecosystem.

A Legacy of Small Business in San Francisco

As a fifth-generation San Franciscan, my family's entrepreneurial roots run deep in this city. Our first business, Blake, Moffitt & Towne Co., opened on Commercial Street in the 1850s, just six blocks from where my shop, Locali Visitor Center, stands today. My father continued this tradition, opening the Assay Office (now Bix) on Gold Street in 1976, only four blocks away. This legacy isn't just history to me; it's a living commitment to nurturing the small businesses that make San Francisco extraordinary.

When I launched my first tour company in 2014, my mission was simple: to connect visitors and locals to the multi-generational businesses I grew up alongside. Through food and beverage experiences, guests don't just taste San Francisco; they hear the personal stories of the families behind these establishments. Now, with Locali, I've created a unique platform that supports independent tour guides, small businesses, and local artists.

As President of the North Beach Business Association, I've gone above and beyond the traditional scope of this role. From modernizing board protocols to organizing night markets and festivals, from personally funding vandalism repairs to securing grants, every action stems from one truth: I am deeply in love with San Francisco and utterly obsessed with preserving what makes our small business community special.

Supporting Smart Growth While Preserving What Works

I share this background because I want you to understand that my involvement with File No. 250682 stems from a genuine care for our city's healthy and thoughtful growth. I support many aspects of this legislation, including permitted walk-up windows, limited food manufacturing, flexible retail, priority processing with proper public notification, and more. These provisions will help our businesses adapt and thrive.

However, I cannot in good conscience support the legislation in its current form due to three critical concerns that could irreversibly damage what makes North Beach successful:

1. Use Space Expansion: Protecting Our Micro-Business Ecosystem

North Beach thrives because of its small, almost micro-sized business spaces. This unique characteristic enables businesses that you won't find in most other places; a multi-generational jewelry-making shop, a flute store, an Italian bookstore, and more. These exist precisely because our small retail spaces keep rents accessible to independent operators.
Recent policy changes have already removed retail space size limits entirely. Now, allowing expansion to much larger retail spaces without community input effectively rolls out the red carpet for big businesses that can afford higher per-square-foot costs. North Beach led the post-pandemic recovery precisely because our small-scale model works.

I respectfully request that Supervisor Sauters' office establish usage size limits and maintain protections against exessive storefront mergers in North Beach.

2. Converting Commercial Uses: Maintaining Our Vital Balance

North Beach leads San Francisco's dining and entertainment scene, with one of the highest concentrations of restaurants and bars per capita. But what makes us special and livable is the careful balance of business types, especially in downtown North Beach.

Our existing protections for commercial retail spaces have enabled us to open a neighborhood grocery store, maintain a local hardware store, and support unique businesses like that flute store. When any retail space can convert to a restaurant, it drives up square footage costs across the board and makes it nearly impossible to convert back to non-restaurant use later.

With very few vacancies in downtown North Beach, but an abundance of restaurants and bars, **I ask that Supervisor Sauters' office maintain retail-type restrictions within downtown North Beach (Broadway to Greenwich, Powell to Grant) while allowing conversion flexibility north of Greenwich on Columbus, where vacant storefronts need activation.**

3. Health Services on the Ground Floor: Keeping Streets Vibrant

North Beach remains vibrant because our ground-floor businesses, restaurants, bars, and retail shops are accessible and welcoming to everyone. Allowing health services on the ground floor would fundamentally change this dynamic. If an X-ray clinic were to replace Luke's Local, our neighborhood grocery store, that would have had a ripple effect on Green Street's foot traffic and economic vitality, which would have been devastating.

We already have excellent health services, including NEMS Hospital, located in the heart of our neighborhood, and a 365-day urgent care clinic. **I request that Supervisor Sauters' office maintain the ground-floor prohibition on health services within downtown North Beach to preserve our accessible, vibrant streetscape.**

4. The Missing Ingredient: Community Collaboration

Perhaps most concerning is how this legislation was crafted without meaningful community input. No town halls preceded the drafting. No surveys gauged support for these specific policies. When a dozen community groups requested an extension to review amendments, we received only a 72-hour notice. This feels like legislation composed behind closed doors, without the voice of the small business community.

A Success Story Worth Protecting

Downtown North Beach has only eight vacant storefronts currently on the market. This is a resounding success, demonstrating that our balanced approach is effective. We're being asked to fix problems that don't exist while risking the very formula that made us successful.
Before this legislation advances to the Land Use Committee, I urge the District 3 office to add protections for downtown North Beach, including preserving retail use size limits, preventing unlimited restaurant conversions, and maintaining ground-floor restrictions on health services.

Moving Forward Together

I want to emphasize that we deeply appreciate the efforts to support small businesses in our community. Many provisions in File No. 250682 will genuinely help our merchants adapt and grow. However, without addressing these three critical concerns, this legislation risks unraveling the delicate balance that has made North Beach an economic success story and a beloved neighborhood.

I stand ready to collaborate with Supervisor Sauters' office and the Planning Department to craft legislation that promotes growth while preserving what works. Our small businesses aren't just economic engines; they're the soul of San Francisco. Let's work together to ensure they thrive for generations to come.

Thank you for considering these perspectives from the front lines of San Francisco's small business community.

Sincerely,

Stuart Watts

RE: Support for 530 Sansome Street

Dear Board President Mandelman and Supervisors,

Advance SF is an organization comprised of San Francisco's leading employers dedicated to supporting an equitable, resilient, and vibrant economy shared by all people working and living in San Francisco. We are writing to express our enthusiastic support for the proposed 530 Sansome Street development.

Over the past three years, our organization has collaborated closely with the City government, businesses, and community partners to advocate for solutions that will make the Downtown Economic Core a more economically diverse and vibrant neighborhood rich in experiences.

As an advocate for Downtown's revitalization, we are excited about 530 Sansome's proposal for a 41-story office and hotel tower, along with a new $40 million fire station. The new office building – the first to be built in more than 50 years on the Northern Waterfront - will boost the local economy and offer various new uses, including state-of-the-art office space, a five-star luxury hotel, a "chef-driven" restaurant, concierge services, and various other amenities. The proposal also entails beneficial improvements to Merchant Street, reinventing the portion in front of the project into a shared street/living alley that will further enliven the Jackson Square corridor.

This view-centric office space is in high demand in Downtown San Francisco, particularly in the Jackson Square neighborhood, which has become a burgeoning hotspot for finance, real estate, and technology companies. This project promises to add to the City's general fund, provide much-needed affordable housing fees, and create many new union jobs.

This project is exactly the kind of vote of confidence our City needs. We encourage your support for this important project.

Wade Rose
President
Advance SF

Dear Board of Supervisors,

Mayor Lurie's upzoning map is fundamentally flawed. Blanket upzoning will not deliver affordability — it will fuel speculation, displacement, and higher housing costs.

The city needs more time to get this right. Rushing a permanent land use change without full public awareness is reckless and unacceptable.

As the largest rezoning and wealth redistribution in San Francisco's history, I urge you to withhold support unless the map is significantly revised to reflect your constituents' concerns.

Zoning laws are not just random legislation among thousands of laws; they're paramount to the feel of a place, the quality of life in a society, the amount of sky that meets the eye. They're the promise that a factory or a high-rise won't suddenly appear among single-family homes. They constitute a sacred obligation which a government has to its residents, the willful abandonment of which is an unforgivable betrayal.

Nordic countries, when they need more housing, build out new infrastructure and transit in areas that have not been residential, and then build upward in those "new" areas. In this way, current residents are not betrayed. If they can do this, so can San Francisco and California - the world's 4th biggest economic power.

Sincerely,
Casey McCoy

Dear Board of Supervisors,

As a San Franciscan, I strongly oppose Mayor Lurie's plan, which incentivizes the demolition of existing homes, displacement of renters and small businesses, and transformation of our neighborhoods into unaffordable luxury high-rise corridors.

We call on you to:

- Drastically scale back the Mayor's upzoning maps
- Request a postponement of the arbitrary January 2026 upzoning deadline

Mayor Lurie's upzoning maps would impose permanent, irreversible changes to San Francisco's land use — going far beyond what is required, with zero affordability guarantees.

Together, these plans clear the way for mass demolition and luxury towers, prioritizing the interests of developers and billionaire investors while silencing the voices of the very communities they are supposed to represent. This is not planning — it is displacement disguised as progress.

Everyone wants a separate entrance home. Nothing good can happen putting many people in a small space. What kind of infrastructure did you plan to increase? How many more police do you plan to hire?

San Francisco is dense enough. If I wanted to live in NYC I would have moved there!
Surely someone has calculated the capacity for this small 7 by 7 mile piece of land?

Sincerely,
Alice Williams

Subject: Strongly Opposed to Mayor Lurie"s Upzoning Plan
Date: Tuesday, September 30, 2025 4:50:12 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie,

I've been proud to call District 2 my home for over 20 years. As a longtime San Franciscan, I'm deeply concerned and strongly opposed to Mayor Lurie's plan. It threatens to tear down cherished homes, push out renters and small businesses, and reshape our neighborhoods into exclusive corridors of unaffordable luxury high-rises.

This plan isn't just about development—it's about displacement disguised as progress. It puts the interests of wealthy developers and billionaire investors far ahead of the families and communities who have built this city over decades.

We urgently ask you to:

- Drastically scale back the Mayor's upzoning maps
- Call for a postponement of the arbitrary January 2026 upzoning deadline

The Mayor's upzoning maps would permanently alter San Francisco's land use in ways that go well beyond what's necessary—and without any guarantees that housing will be affordable for everyday residents.

Together, we must protect the heart and soul of our city from these sweeping changes that threaten to silence community voices and erase the vibrant neighborhoods we love.

Thank you for considering my input as you make this critical decision for San Francisco's future.

Dave Lehr

District 2 Resident

ADDITIONAL COMMENTS (optional): As a resident of Ingleside Terraces, one of the few remaining intact Historic Garden Neighborhoods, I implore you to exempt historic category A properties from the current upzoning map. According to recent tabulations based on the city survey, removing these properties will not significantly impact the the required number of new homes desired by the State of California. It is absolutely possible to both meet future housing goals and embrace the past. By further modifying the proposed zoning map, you can gain the support of many of your constituents, particularly homeowners and landlords who contribute significantly to city coffers trhough payment of property taxes.

Sincerely,
Donna Howe

Dear Board of Supervisors,

As a longtime resident of the Westside, but one who has also lived and worked in many sections of our wonderful city, I believe Mayor Lurie's upzoning map is fundamentally flawed. Blanket upzoning will not deliver affordability — it will fuel speculation, displacement, and higher housing costs.

The city needs more time to get this right. Rushing a permanent land use change without full public awareness is reckless and unacceptable.

As the largest rezoning and wealth redistribution in San Francisco's history, I urge you to withhold support unless the map is significantly revised to reflect your constituents' concerns.

ADDITIONAL COMMENTS (optional):I am concerned about this week's attempt to adopt construction guidelines for single family homes that may not jive with historical architectural elements. Further, by trying to eliminate the HPC or to allow the Planning Department to assume the role of historic preservation, more necessary guardrails will be circumvented. Such manipulation does not engage the community in meaningful ways. Having already removed environmental reviews, how will the city ensure that new and modified builds will be transparent and in line with the exiting city plan?

Sincerely,
Donna Howe
San Francisco, CA 94127

Dear Board of Supervisors,

Please don't destroy our magical city. As a San Franciscan, I strongly oppose Mayor Lurie's plan, which incentivizes the demolition of existing homes, displacement of renters and small businesses, and transformation of our neighborhoods into unaffordable luxury high-rise corridors. In 2023, four- and six-plex legislation was signed into law, which created the capacity for ~400,000 units. Add the ~70,000 units in the pipeline, and San Francisco has way more than the net units required by the state's rashly passed quotas and this is all already transforming our city with not enough thought and careful city planning.

The State Department of Finance projects only ~17,000 new residents by 2050 and there are still ~40,000 vacant units sitting empty. In my neighborhood, there are luxury McMansions and condos that have been for sale and vacant for over a year. Lurie's upzoning scheme is unnecessary, excessive, and counterproductive to achieving real affordability in San Francisco. It seems like a blatant gift to wealthy development firms, who destroy our city's history and character and put up huge, personality-devoid buildings in place of it. They have been destroying irreplaceable places and rent controlled dwellings and affordable starter homes for years. On top of all that, did you know that a third of our country's landfills are filled with construction debris? There's no angle to this path that makes any sense to me. Let's do better than this.

We call on you to:

- Drastically scale back the Mayor’s upzoning maps. Why do we need this at all? Who is asking for it?
- Request a postponement of the arbitrary January 2026 upzoning deadline.

Mayor Lurie’s upzoning maps would impose permanent, irreversible changes to San Francisco’s land use — going far beyond what is required, with zero affordability guarantees and barely any protections for historic places that cannot be replaced. Together, these plans clear the way for mass demolition and luxury towers, prioritizing the interests of developers and billionaire investors while silencing the voices of the very communities they are supposed to represent. This is not planning — it is displacement and the erasing of culture and identity disguised as progress. It reminds me heavily of the "urban renewal" programs of the 60s and 70s. Let's please find better, smarter, more thoughtful ways forward. This is an iconic and diverse and creative and beautiful city, and we need to put care into keeping it that way.

Sincerely,
Erica Katrak

Dear Board of Supervisors,

As a San Franciscan, I strongly oppose Mayor Lurie's plan, which incentivizes the demolition of existing homes, displacement of renters and small businesses, and transformation of our neighborhoods into unaffordable luxury high-rise corridors.

We call on you to:

- Drastically scale back the Mayor's upzoning maps
- Request a postponement of the arbitrary January 2026 upzoning deadline

Mayor Lurie's upzoning maps would impose permanent, irreversible changes to San Francisco's land use — going far beyond what is required, with zero affordability guarantees.

Together, these plans clear the way for mass demolition and luxury towers, prioritizing the interests of developers and billionaire investors while silencing the voices of the very communities they are supposed to represent. This is not planning — it is displacement disguised as progress.

Hello,

I am writing to express my strong support for Mayor Lurie's Family Zoning Plan, and to encourage the Board of Supervisors to pass it urgently.

I am a resident of District 8, and would gladly welcome more neighbors and more vitality to my neighborhood, the Castro. The Family Zoning Plan puts both my neighborhood and the full city on a stronger path toward recovery and growth.

It should also not be discounted that passing a measure like the Family Zoning Plan is required by the state in order to stay in compliance with California law. Any supervisor who ignores that reality is unfit to serve this city.

Thanks,
Jack Eidson (94114)

Dear Board of Supervisors,

Hello,

I am a resident of District 4. I want to add that I supported Prop K, love Sunset Dunes, and opposed recalling Joel Engardio. However, as a San Franciscan resident and taxpayer, I strongly oppose Mayor Lurie's plan, which incentivizes the demolition of existing homes, displacement of renters and small businesses, and transformation of our neighborhoods into unaffordable luxury high-rise corridors.

We call on you to:

- Drastically scale back the Mayor's upzoning maps
- Request a postponement of the arbitrary January 2026 upzoning deadline

Mayor Lurie's upzoning maps would impose permanent, irreversible changes to San Francisco's land use — going far beyond what is required, with zero affordability guarantees.

ADDITIONAL COMMENTS (optional):

I have lived in the Sunset for over 30 years. There are many other ways to increase housing in San Francisco without ruining our neighborhood. The Mayor's up zoning plan is wrong for San Francisco.

Sincerely,
Paula Katz

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Members of the Board of Supervisors,

Mayor Lurie's blanket upzoning proposal will not solve San Francisco's affordability crisis – must be amended! There are other area's in need of redevelopment and revitalization in the city, especially downtown in Union Square and reaching outwards. This should be counted towards requirements and needs.

The current plan takes away the charm, vibe and character of existing established neighborhoods that are are not in need (nor they should be) of redevelopment. As a resident for over 20 years, and whom has fully planted roots in the Richmond distrcit, I whole heartedly appeal to modify this plan to not so serverly upzone established neighborhoods and instead focus on vacant areas that are in need of redevelopment.

That's why the Alliance for Affordable Neighborhoods – a coalition of tenants, small businesses, neighborhood groups, and housing advocates – is calling on you to support a better plan for San Francisco's future.

Sincerely, Justin

Justin

Members of the Board of Supervisors,

Mayor Lurie's blanket upzoning proposal will not solve San Francisco's affordability crisis – it will make it worse by displacing renters and small businesses, and prioritizing luxury development over the housing our communities need.

That's why the Alliance for Affordable Neighborhoods – a coalition of tenants, small businesses, neighborhood groups, and housing advocates – is calling on you to support a better plan for San Francisco's future.

As a constituent, I urge you to include these policies in any upzoning plan:

Build the pipeline without displacement: Use creative financing and local jobs to construct already-approved projects while protecting existing communities.
Landbank public sites: Reserve public land for affordable workforce, senior, family, and community-serving housing, as well as large "soft sites" in high-displacement neighborhoods.
Guarantee real affordability: Increase inclusionary housing requirements, expand rent control, and adopt an Affordability Financing Plan before the next tech boom – including releasing voter mandated funds for affordable housing.
Protect families: Require minimum and maximum family-sized units in designated "family zones" and remove permanent "density decontrol" giveaways to developers.
Protect small businesses and rent-controlled housing: Prohibit demolition without true one-for-one replacement or relocation packages that reflect real costs (including "warm shells"), and enforce a vacancy tax.

San Francisco deserves thoughtful, community-driven planning, not rushed deregulation that repeats the mistakes of the past. I am urging you to work with us to make this a real community plan that delivers housing for families, seniors, and workers.

Sincerely,

California

Dear Board of Supervisors,

I am a proponent of affordable housing who would like to see the proposed SF Upzoning Mandate be fine-tuned to meet holistic needs.
I hold a B. Arch (Hons), M. City Planning and MS (Transportation Engineering). I am also a certified Breakthrough Coach with good communication skills and a natural mediation ability. I grew up mostly in Singapore (tops in building affordable housing and supporting infrastructure) and did my grad studies at Berkeley. I recently hosted an impressive and high-level representative for Lima, Peru's most successful social housing development company called Besco, which is a for-profit private developer. Despite variations in what we can replicate, we have resources to learn from that further include the experiences of Auckland, NZ, Portland, OR and Seattle, WA. We will have to adjust to 1) what our local culture will tolerate within reason, 2) the heightened need for EQ safety and evacuation routes, 3) the limited space to expand making it much harder to meet desirable setbacks, 4) the limits of the existing supportive infrastructure. And 5) last but not least, how we can retain enough of the heart and soul of what makes San Francisco the local, national and global draw that it is. Singapore saved costs by having the government act as developer. Besco in Lima was able to lower costs and create enough profit by the scale of the contracts they keep winning due to their holistic follow-up services business model (in addition to an enforced non-corruption mandate). (Some of the aspects they provide that do not fit the limitations of SF could fit other CA cities, something to pass on to our Senator and Governor). I would like to see more inclusive and thus hopefully more creative brainstorming of a model for affordable building that keeps costs down and gets more buy-in from residents. Also, people tend to be more accepting of change when they feel heard and validated about their feelings and views first. They have been heard at the Planning Commission Hearing, but not actually validated or shown empathy which has further escalated fears and thus opposition. I think it is important that the public feels they have had adequate time to participate in the possible solutions. Things shift when the opposing forces have their worst-case scenario fears allayed, and come to their own conclusions about the possible measures to meet parameters as a result of being part of the brain-storming. I'd like to see the soliciting of views evolve from the negative inducing-mindset focus of what we don of what we do not want, to the pro-active, positive engagement over what we want in order to reach the 36,000 mandated units. Having non-political independent experts weigh in is also crucial. Who can we invite? Retired experts are potentially a great resource. There is such an important psychological element to getting buy-in. I conclude by asking where I can further contribute with my relevant insights, expertise or resourcefulness. I have been active on Nextdoor where over 2,600 folk (at an early count) viewed my post soliciting support in understanding what is going on. After more than 160 comments, things calmed down with the inclusion of my explanation that we genuinely do have a housing crisis that is part of a global housing crisis, and why the impetus to solve this had to come from the State. I personally do not want under the current political environment, to have it look like our governor and senator are doing something that feels like a betrayal as has been implied by the genuinely alarmed. But I do agree that the SF mandate such as it is to-date, is cause for alarm. It lacks clarity on density bonuses, a sense of control over maximum buildout within the up-zoned areas, sensitivity to other important parameters that would ensure we don't destroy cherished public spaces with gloomy shaded or wind-channeling tunnels, and assured preservation or continuity of cherished architecture and small businesses.

Sincerely,
Kirin Parmar

Views and historic neighborhoods are our city's important resource as one of the top tourist destinations in the world. Tourist industry hire 60000 people and it is a common summer time job for San Francisco resident students. Like all national parks, we have responsbility to preserve our city's view and historic neighborhoods for our future which will also generate revenues for the city and its residents.

Sincerely,
Jun Ishimuro

Hello,

Please see attached for 30 letters regarding File Nos. 250700, 250701, and 250966.

File No. 250700: Ordinance amending the Zoning Map to implement the Family Zoning Plan by: amending the Zoning Use District Maps to: 1) reclassify certain properties currently zoned as various types of Residential to Residential Transit Oriented - Commercial (RTO-C); 2) reclassify properties currently zoned Residential Transit Oriented (RTO) to Residential Transit Oriented - 1 (RTO-1); 3) reclassify certain properties from Residential districts other than RTO to RTO-1; 4) reclassify certain properties currently zoned Neighborhood Commercial (NC) or Public (P) to Community Business (C-2); and 5) reclassify certain properties from Public to Mixed-Use or Neighborhood Commercial Districts; amending the Height and Bulk Map to: 1) reclassify properties in the Family Zoning Plan to R-4 Height and Bulk District; 2) change the height limits on certain lots in the R-4 Height and Bulk District; and 3) designating various parcels to be included in the Non-Contiguous San Francisco Municipal Transportation Agency Sites Special Use District (SFMTA SUD); amending the Local Coastal Program to: 1) reclassify all properties in the Coastal Zone to R-4 Height and Bulk District; 2) reclassify certain properties to RTO-C and Neighborhood Commercial District; 3) designate one parcel as part of the SFMTA SUD; and 4) directing the Planning Director to transmit the Ordinance to the Coastal Commission upon enactment; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of public necessity, convenience, and welfare under Planning Code, Section 302; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making findings under the City's Local Coastal Program and the California Coastal Act of 1976. (Mayor, Mahmood, Dorsey)

File No. 250701: Ordinance amending the Planning Code to: 1) create the Housing Choice-San Francisco Program to incent housing development through a local bonus program and by adopting a Housing Sustainability District, 2) modify height and bulk limits to provide for additional capacity in well-resourced neighborhoods, and to allow additional height and bulk for projects using the local bonus program, 3) require only buildings taller than 85 feet in certain Districts to reduce ground level wind currents, 4) make conforming changes to the RH (Residential, House), RM (Residential, Mixed), and RC (Residential-Commercial) District zoning tables to reflect the changes to density controls, and parking requirements made in this Ordinance, 5) create the RTO-C

(Residential Transit Oriented-Commercial) District, 6) implement the Metropolitan Transportation Commission's Transit-Oriented Communities Policy by making changes to parking requirements, minimum residential densities, and minimum office intensities, and requiring maximum dwelling unit sizes, 7) revise off-street parking and curb cut obligations citywide, 8) create the Non-contiguous San Francisco Municipal Transportation Agency Sites Special Use District, 9) permit businesses displaced by new construction to relocate without a conditional use authorization and waive development impact fees for those businesses, 10) make technical amendments to the Code to implement the above changes, 11) make conforming changes to zoning tables in various Districts, including the Neighborhood Commercial District and Mixed Use Districts, and 12) reduce usable open space and bicycle parking requirements for senior housing; amending the Business and Tax Regulations Code regarding the Board of Appeals' review of permits in the Housing Choice Program Housing Sustainability District; also, amending the Local Coastal Program to implement the Housing Choice-San Francisco Program and other associated changes in the City's Coastal Zone, and directing the Planning Director to transmit the Ordinance to the Coastal Commission upon enactment; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making public necessity, convenience, and welfare findings under Planning Code, Section 302. (Mayor)

File No. 250966: Ordinance amending the General Plan to revise the Urban Design Element, Commerce and Industry Element, Transportation Element, Balboa Park Station Area Plan, Glen Park Community Plan, Market and Octavia Area Plan, Northeastern Waterfront Plan, Van Ness Avenue Area Plan, Western SoMa (South of Market) Area Plan, Western Shoreline Area Plan, Downtown Area Plan, and Land Use Index, to implement the Family Housing Zoning Program, including the Housing Choice-San Francisco Program, by adjusting guidelines regarding building heights, density, design, and other matters; amending the City's Local Coastal Program to implement the Housing Choice-San Francisco Program and other associated changes in the City's Coastal Zone, and directing the Planning Director to transmit the Ordinance to the Coastal Commission upon enactment; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and adopting findings of public necessity, convenience, and welfare under Planning Code, Section 340.

Message to the Board of Supervisors and Mayor

From your constituent	Stephen Martin-Pinto
Email	stephen@stephenmartinpinto.com

Amend or Pause the Propose SF Street Safety Act

Message:

Dear Supervisor,

Please AMEND the Street Safety Act as follows, or vote no on this Act in order to get it right. As written this Act is not about safety and will not achieve that goal. It is also onerous and oppressive to the majority of San Franciscans.

Proposed Amendments to Melgar's "San Francisco Street Safety Act" -- FILE NO. 250851

ADDITIONS TO THE RECITALS:

WHEREAS, The streets of San Francisco are used by all San Franciscans for all modes of transportation, including but not limited to, walking, scootering, bicycling, motorcycling, driving, and public transit; and

WHEREAS The use of city streets inevitably involves some unavoidable risk; and

WHEREAS All users of city streets share in the responsibility for their own safety, as well as for conducting themselves in a manner safe for themselves and others; and

WHEREAS Street design involves unavoidable tradeoffs that should balance the efficacy of the various transportation modes; and

WHEREAS All users of San Francisco streets have a legitimate expectation that their use will be facilitated, including drivers of motor vehicles, and not unreasonably impeded, complicated, or disadvantaged; and

WHEREAS More than half of the pedestrian, bicycle, and personal conveyance deaths on San Francisco streets in the last three years were preventable by the deceased by following existing traffic laws; and

WHEREAS San Francisco's surface street traffic moved at the second slowest average speed in the country in 2024 at 14 mph; and

ADDITIONS TO THE RESOLUTIONS:

FURTHER RESOLVED, That all decisions involving street design shall be made with balanced consideration to the needs of all transportation modes; and, be it

FURTHER RESOLVED, That all street redesign projects that are significant, including but not limited to, speed limit reductions, speed hump installations,

removal of a traffic lane, removal of parking spaces, and significant reconfiguration of traffic flow, shall require a cost/benefit review and report from an outside firm nationally recognized to be a non-partisan engineering expert in such matters, retained and managed by the San Francisco Controller's office; and, be it

FURTHER RESOLVED That the SFMTA shall identify the core motor vehicle traffic corridors throughout the city, shall prioritize these corridors for motor vehicle traffic, and shall publish a report by December 2026 outlining prioritized projects to increase traffic throughput on these corridors with the goal of average motor vehicle speeds of no less than 5mph lower than currently posted speeds; this report and project shall be given no less prominence, time, attention, budget, and priority than the Biking and Rolling Plan, the Northstar Network, and Vision Zero (and related programs) plans, reports, and activities.

Sincerely,

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Urban Forestry Council Members,

The current plan for **The Crocker Amazon Baseball and Softball Fields Renovation** is unacceptable**.**

Removal of mature healthy trees should be illegal. 128 trees are to be killed for this toxic

"renovation"!

The city cuts down trees like there is no tomorrow. Massive deforestation in McLaren, recent tree killings in Glen Canyon, the slopes of Clarendon near Laguna Honda and Laguna Honda at Clarendon clear cut a short time ago (one for the trees being hazardous - with no evaluation to base it on, according to the response to the public records request, another for "native restorations") - https://sfforest.org/2025/03/31/deforestation-on-clarendon-avenue/.
The list goes on and on...

Will the Urban Forestry Council ever act in defense of our trees?

Artificial turf is highly toxic - full of PFAS and greaty adding to the microplastic pollution. It should be illegal. California cities can ban synthetic turf starting in 2023 (no state preemption in this case). Instead of doing that, San Francisco puts more and more of this toxic monstrocity on its own land, in our parks, for our children to play on (and get cancers and other health problems later in life). Hailing it as a service to the community!

Below are links to some articles about artificial turf/PFAS:

Dear San Francisco Board of Supervisors, Mayor Lurie, and the Supervisor Mandelam,

My name is Vladimir Kostiukov. I'm an immigrant and long time San Francisco resident, raising my 2yo daughter in Diamond Heights. I'm writing to you to express my deep disappointment in the outcome of the SF Planning Commision meeting that took place on Sep 25, where 4/3 votes approved the building of a 10 story industrial AT&T monopole at the top of city's most loved park - Glen Canyon Park.

I'm attaching my opposition letter, one of **83 letters** submitted **against** this proposal, with only 11 supporting it. There were **20 people in the chamber**, all of my neighbors waiting 4 hours to speak their hearts **against** this monstrosity being built next to our homes. The commisitiones failed to hear us. The vote was **undemocratic and shameful.**

I hope you'd read my letter of opposition and understand how many of my neighbors felt that day.

Vladmir Kostiukov,
261 Amber Dr.
415-671-5710

RE: Opposition to Proposed 104-foot AT&T Wireless Monopole at 350 Amber Drive

Dear Planning Commissioners,

I am a homeowner in Diamond Heights and an AT&T customer, and I want to make clear that I would never ask for better wireless service at the expense of the families of this community. For that reason, I am **strongly opposed** to the proposed 10-story wireless monopole at 350 Amber Drive.

This project has advanced with **inadequate community outreach**. Many residents were unaware of the plans until very recently, and the lack of meaningful engagement is troubling given the scale and impact of the proposal. Diamond Heights is a tightly knit residential area, and projects of this magnitude should not move forward without full and transparent dialogue with those most affected.

The proposed monopole would irreparably damage the aesthetics of Diamond Heights, a uniquely tranquil part of San Francisco perched above Glen Canyon. Families choose to live here because of its proximity to nature, parks, playgrounds, and its unobstructed views of the city. A massive steel structure rising above the tree line would **permanently alter the skyline** and diminish the serene environment that makes this neighborhood so special.

There is also the very real concern of property values. Our homes represent the largest investment for many of us, and the construction of such an intrusive industrial facility in a residential setting would have a direct negative effect on those values.

In addition, the proposed site sits within a eucalyptus forest that is already **highly flammable**. Combined with the frequent extreme wind gusts that sweep through Glen Canyon, the risk of fire or structural instability should not be overlooked. Placing an electrified tower of this scale in such an environment introduces an unacceptable hazard to nearby homes, parks, and families who live and play in close proximity.

Monopoles of this scale are better suited to industrial or commercial zones rather than family-oriented neighborhoods. There are **less invasive and safer alternatives available**, including the co-location of antennas on existing infrastructure or investment in fiber-optic service to homes, which could improve connectivity without permanently degrading the character of the community.

For all of these reasons, I respectfully urge the Planning Commission to reject this proposal and require AT&T to reconsider alternatives that are more appropriate, less intrusive, and in keeping with the residential and natural qualities that define Diamond Heights.

Thank you for your careful consideration.

Vladimir Kostiukov

Subject: Proposed ATT tower
Date: Tuesday, September 30, 2025 12:30:36 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Greetings,

I am writing in regard to the proposed ATT tower and propane tank at **350 Amber Dr in San Francisco,** project **2024-004318PRJ.**

As a neighborhood resident I oppose this project on many grounds.

I am particularly concerned about safety and ensuing costs. There is a huge risk of fire due to the gas tank and with the park right there the risk of fire spreading rapidly is exacerbated. Our neighborhood is extremely windy, often when other areas are calm. This could prove calamitous; it's the worst possible location regarding safety. Additionally, California is already facing higher home insurance costs or insurance companies cancelling our insurance; this would make that problem worse.

This neighborhood is replete with natural beauty. Glen Canyon Park and the surrounding areas would be ruined by this huge eyesore of a tower. I waited 2 years for a Crags Court community garden plot and this tower would also impact the garden. This is adjacent to Glen Canyon Park, Christopher Playground, School of the Arts and The Academy, and Crags Court Community Garden, and a plethora of homes. This is not the right location for such a monstrous and potentially dangerous installation.

This tower is also unnecessary. It is only in service of a major corporation seeking to increase their profits. We have excellent phone and wifi coverage from numerous companies as it is.There are unintrusive, safe alternatives to a giant MACRO TOWER.

We also want to protect our property values and the views from Diamond Hts of the park and canyon which are what makes our homes valuable, not to mention what makes us love our homes and our neighborhood. Many of us volunteer to clean up the park and median strip in the neighborhood, we are an engaged community, and we do not want a 12 Antenna 104 foot high MACRO TOWER looming over our playground and ruining the harmony of the skyline and tree line.

Please vote against the ATT proposal. Find another location not in a neighborhood next to our parks.

Sincerely,

Debbie Taylor, 60 Ora Way, SF, CA 94131

MUNI: How could Public transit get any worse?

- Unreliable
- Not running frequently enough
- Crowded
- Dozens if not hundreds of fare offenders
- Homeless, crackheads on board
- Safety and sanitary concerns…

Please fix this.

Until then, ALL streets belong to cars, 24/7.

Reopen Market St!
Reopen the Great Highway!

Thank you.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor and District Supervisors,

Only steps away from city hall, the situation gets pretty messy every single night, all around the city library, when dozens, hundreds of homeless/crackheads, drug dealers, drug users, some clearly on Fentanyl, folded, congregate.

Just imagine getting out of a Broadway show, and all you is around is violence, despair and chaos!

Pretty much the same situation as what's going on by Market/6th Street. No need to draw you a picture.

With this happening right across from City Hall, near Pioneer Park, an area turned into a rather chaotic yet sanctioned tent city during COVID, none of this is really improving our general sense of public safety.

If we truly want San Francisco to recover and be again what it once was, we just can't have that.

Please get this matter taken care of.

Clear up the area, especially at night. Have SFPD patrol the premises regularly. On foot and by car. Whenever applicable… Issue citations. Make arrests.

Thank you.

Subject	Take Action to End Prostitution Ravaging Streets in the Mission

Message:

Dear Supervisor Fielder,

Mission residents urge you to take decisive action to stop illegal prostitution from degrading the quality of life along Shotwell Street and nearby neighborhoods. So far, the City's half-measures have merely shifted the problem from one street to another. That is not a solution. While you've expressed sympathy for the women being exploited on our streets, your constituents also deserve your sympathy—and your commitment—to end the sex trade in front of our homes, schools, parks and businesses.

Prostitution is not a victimless crime—families are forced to live with constant unsafe traffic, discarded syringes and condoms, and lewd acts in plain sight. It is unconscionable that we have endured years of trauma under supervisors who, through dysfunction or disregard, have failed their constituents. We demand a comprehensive, sustained strategy that uses every available tool and coordination across all relevant agencies to protect Mission residents and businesses from the harm of unchecked sex trafficking on our streets.

Specifically:
Community–law enforcement cooperation: Build stronger partnerships between residents and SFPD to ensure accountability and shared responsibility.

Real accountability: Measure success by concrete outcomes—such as reduced street prostitution and improved neighborhood safety—not by hours logged or nonprofits funded.
Increased enforcement: Strengthen police presence and employ targeted interventions against traffickers and sex buyers.
Expanded investigative tools: Authorize SFPD to use phone-tapping powers already permitted in human trafficking cases and proven effective in other jurisdictions, impounding the cars of johns, and sending ‘Dear John’ letters to their homes.
Technology partnerships: Collaborate with tech companies to create tools and apps that support law enforcement and victim services.
We ask that you commit to using every law and every tool available—without delay—to restore safety and livability to our community and put an end to illegal sex-trafficking and prostitution in the Mission.

Sincerely,

cc: Mayor Lurie, Interim Chief Yep, Mission Police Captain, DA's office

Enough is enough! No SFMTA paid parking on residential streets.

Message:

Dear Supervisors, Mayor and SFMTA,

This has been fought in multiple districts, San Franciscans do not want this. San Francisco's economic recovery is lagging, partly due to anti-business, anti-resident policies like SFMTA's proposal to end free 2 hour parking on many residential streets. The plan to install parking meters (or kiosks) in residential areas will only drive more people away from the city and shift consumer spending to places like Marin and South SF, where shopping remains convenient and welcoming.

I strongly oppose parking meters / kiosks on residential streets around Fillmore Street or anywhere in San Francisco. SFMTA's focus should be on providing clean, safe, and reliable public transportation, not making life harder for residents and businesses. Policies like this threaten our small businesses, reduce quality of life, and alienate the very people who keep San Francisco vibrant.

A recent poll on Nextdoor showed 98% opposition to parking meters (kiosks) on residential streets. SFMTA's track record of unpopular decisions—like those on Valencia, Van Ness, and Geary—has shown a disregard for the majority's concerns. SF

should be livable and welcoming, not hostile.

Parking meters belong only on commercial streets where turnover matters, not in residential neighborhoods. This policy will hurt local businesses, reduce foot traffic, and make living here more expensive. San Francisco should not be a city where people are charged just to be outside.

SFMTA is destroying businesses and quality of life. It’s time for our government to put constituents first and stop policies that make life in our city harder.

Thank you,

Subject: Please retain the Vaillancourt Fountain - a significant part of S.F. urban history

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Commissioners,
I write as a long time San Franciscan, a landscape architect, retired lecturer at UC Berkeley, and a former SF Arts Commissioner to ask you not only to preserve the Vaillancourt fountain, but to maintain and protect it.
The city, under the Rec and Park Department, has neglected this fountain. Rec and Park has said it is too expensive to maintain and then complained that is not in good condition and should be removed. The real reason is the area is being planned for other purposes and the head of Rec and Parks does not like the fountain. He sees it as an encumbrance to new park plans. But its removal is not his decision. Rec and Parks has presented removal of the fountain to the SF Arts Commission which does have a

decision-making role, however it did not have an open, robust and public conversation about the fountain's removal as required. Discussions were confined to the Rec and Parks Director, the Director of Cultural Affairs and the SFAC President. None of them are trained in design, and they made this decision without proper authority of the Commission. There is now a lawsuit pending.

The Vaillancourt fountain was designed in conjunction with the Lawrence Halprin-designed plaza. I have often given tours of this space to students while examining what constitutes good public design. Some students like its form or materials, some don't but that isn't the point - when operating properly it is a great interactive public fountain and it works beautifully with the space. Until the last few years it had running water and adults and children alike loved to move through the space under that falling water. What a joy for urban people! Arguments against it have come and gone over the decades with a very robust conversation about its retention in the 1990s that ended with a decision to keep it. Similar arguments were made then as now, but it was retained because of its integrity as an artwork and reflection of the city's urban history, especially with relation to Lawrence Halprin's legacy.

Halprin was a local landscape architect, one of the best urban designers of the 20th century, famous for making "people places." He left his mark on several parts of our city and these important marks are being erased or modified by the City. Another important one by Halprin is the UN Plaza and its fountain, which is also altered by Rec and Park for a skateboard park. We are talking about the place the UN was ratified, now being used as a tacky skateboard park, its fountain, intended to bring a touch of the Sierras to our urban life, partially covered up. I understand the social and design issues of this area but removing significant historical urban fabric because it isn't liked by some Department heads with no urban design training is not a solution to difficult design problems that DO have solutions. These fountains are a FINE part of our 20th century urban design heritage and should be protected while we work to solve the social and economic problems that are being described as reasons to destroy them. Yes, fountains are more costly to maintain than some other elements of public spaces. We know that going into a design and it is included in the budget. S.F. is slowly removing or marginalizing many fountains - remember the upheaval about the Ruth Asawa fountain near Union Square? New fountains are now rarely included in new S.F. open space designs.

A good new park plan along the Embarcadero will address this fountain and its urban history. Let's keep what's good.
