

Complex Care Capacity Building

- \$360,570 grant allocation from California Department of Social Services to support urgent and exceptional needs of foster care youth and non-minor dependents in the least restrictive environment.
- Through a partnership with DCYF and Alternative Family Services, JPD will use the funds to provide intensive foster care and family preservation services to youth ordered by the court to out of home placement who need a higher level of treatment and behavioral support.
- Authorization is retroactive to reflect the five-year grant term that CDSS allows.
- JPD will use the funds for costs in this fiscal year and next.
