

1 [Adopting California Environmental Quality Act Findings - San Francisco International Airport -
Terminal 1 Program]

2

3 **Resolution adopting California Environmental Quality Act Findings related to the**
4 **Terminal 1 Program at San Francisco International Airport.**

5

6 WHEREAS, The Board of Supervisors ("Board") has reviewed the 1992 San Francisco
7 International Airport Master Plan Final Program Environmental Impact Report ("Master Plan
8 EIR") prepared by the City and County of San Francisco Planning Department, Office of
9 Environmental Review ("OER"), and certified by the San Francisco Planning Commission on
10 May 28, 1992 by Motion No. 13356, in accordance with the requirements of the California
11 Environmental Quality Act ("CEQA"), California Public Resources Code Section 21000 et
12 seq., Title 14, Section 15000 et seq. of the California Code of Regulations ("CEQA
13 Guidelines") and Chapter 31 of the San Francisco Administrative Code; and

14 WHEREAS, By Resolution No. 1006-92 dated December 7, 1992, the Board adopted
15 relevant CEQA findings, which findings are incorporated herein by reference as though fully
16 set forth; and

17 WHEREAS, The Master Plan EIR evaluated redevelopment of Terminal 1 as a
18 component of the Master Plan. Since certification of the Master Plan EIR, the Airport now
19 refers to the redevelopment of Terminal 1 as the Terminal 1/Boarding Area B Redevelopment
20 Program ("T1 Program") for convenience and to administratively organize the project into a
21 program to accommodate grouping separate activities into smaller components for
22 implementation; and

23 WHEREAS, The T1 Program is a project included in the Master Plan and is described
24 generally in the Master Plan and analyzed in the Master Plan EIR; and

25

1 WHEREAS, Section 15168 of the CEQA Guidelines requires subsequent activities in a
2 program that are covered by a program EIR be examined in light of the program EIR to
3 determine whether additional environmental documentation must be prepared; and

4 WHEREAS, After reviewing the information regarding the T1 Program, the San
5 Francisco Department of City Planning, Office of Major Environmental Analysis (“MEA”),
6 prepared an addendum to the Master Plan EIR, dated October 24, 2007, on file with the Clerk
7 of the Board of Supervisors in File No. _____, and hereby incorporated by reference herein
8 as though fully set forth; and

9 WHEREAS, MEA evaluated the impacts of the modifications to the T1 Program and
10 concluded that, as modified from its description in the Master Plan EIR, the T1 Program was
11 within the scope of the project described in the Master Plan EIR, that the modifications to the
12 T1 Program would not cause new significant impacts not identified in the Master Plan EIR nor
13 require new mitigation measures; and that no supplemental environmental review was
14 required; now, therefore, be it

15 RESOLVED, That this Board of Supervisors certifies that it has reviewed and
16 considered the information in the Master Plan EIR and the Master Plan EIR Addendum for the
17 Terminal 1 Program, dated October 24, 2007, concluding that no further environmental review
18 is necessary; and, be it

19 FURTHER RESOLVED, That this Board of Supervisors hereby adopts as its own the
20 findings contained in the Master Plan EIR Addendum relating to the Terminal 1 Program.
