AMENDED AT THE BOARD ON 11/5/2013

LEGISLATIVE DIGEST

[Health Code - Licensing and Regulation of Massage Establishments and Practitioners]

Ordinance amending the Health Code to 1) require massage practitioners establishments to post licensed by San Francisco to wear the photo identification cards of all practitioners licensed by San Francisco when working at the establishment; 2) deny Massage Establishment permits to applicants convicted of specified crimes; 3) provide an appeal process for persons denied a Massage Establishment permit; 4) establish health and safety requirements for all Massage Establishments; 5) establish penalties for violations of Article 29 governing Massage Practitioners and Massage Establishments; 6) require notice of violations be sent to the owner(s) of property where Massage Establishments are located; and making environmental findings.

Existing Law

All individuals engaged in the practice of massage must obtain a permit from the San Francisco Health Department ("Department"). The Department provides an identification card to all permitted practitioners, which must be presented to any City health inspector upon request at all times during the regular business hours of any massage establishment or solo practitioner massage establishment. The Director of Health may suspend or revoke a permit after a public hearing. Massage establishments and solo practitioners must comply with public health and safety facility and operating requirements. Every person holding a massage establishment, solo practitioner massage establishment, or outcall massage service permit issued by the Department pays an annual license fee to the Tax Collector.

Amendments to Current Law

Currently pending before the Board is a revision of Health Code Article 29 which will bring the Health Code into compliance with state law changes that provide: 1) An individual who is certified as a massage practitioner by the State of California pursuant to the California Business and Professions Code is not required to obtain a permit from the Department. However, any practitioner who is not certified by the State must still obtain a permit from the Department; and 2) Massage establishments that employ only massage practitioners who are certified by the state must provide copies of those certificates to the Health Department for all massage practitioners employed by the establishment, and must update this information annually. The operator of a massage establishment, solo practitioner massage establishment, or outcall massage service must maintain a register of all individuals employed as massage practitioners and their State of California certificate or Department permit numbers. Such register shall be available for inspection by the Department at all times during regular business hours.

All massage establishments, whether state-certified or not, must comply with reasonable health and safety operating requirements. These amendments will:

- require massage practitioners licensed by the Department to wear a photo identification card;
- authorize denial of permit to an applicant for a Massage Establishment permit who has been convicted of specified crimes;
- provide an appeal process for anyone denied a Massage Establishment permit;
- prohibit sexual activity, and consumption of alcohol and non-prescription drugs on the premises of a Massage Establishment during business hours;
- provide other reasonable health and safety requirements;
- establish administrative penalties for violations of Article 29.

Committee Amendments

1. Clarify that massage practitioners are certified by the California Massage Therapy Council (CAMTC), not the state of California.
2. For massage practitioners not certified by the CAMTC:
 - require an applicant for a massage establishment permit to submit a full set of fingerprints for the purpose of conducting a criminal background check.
 - add convictions for pandering and keeping a house of prostitution, revocation of a massage permit in the same location within 24 months as grounds for denial of a permit.
3. Require all massage practitioners to be fully clothed.
4. For massage establishments where the operator and all practitioners are not certified by CAMTC, require the posting of a notice in multiple languages providing information on how to report human trafficking, and adding penalties for failing to post this notice.

Board Amendment 11-05-13

1. Delete monetary penalty for inadequate attire levied against practitioner, massage establishment permittee is still responsible for fines.
2. Require massage establishments to post the photo identification cards of all practitioners licensed to practice in San Francisco working at the establishment in a public place, and delete the requirement that the practitioners wear their photo identification card.

Background Information

State law was amended beginning in 2008 to exempt massage practitioners and massage therapists who are certified by the California Massage Therapy Council, and massage businesses that employ only state certified practitioners, from local permitting and other regulatory requirements except reasonable health and safety standards.

These amendments are designed to clarify and strengthen the health and safety standards, and provide uniform penalties for violation.

File No. 130789 [Health Code—Licensing and Regulation of Massage Establishments and Practitioners]

Small Business Commission Recommendation: **Approval**

Dear Ms. Calvillo:

On September 9, 2013, the Small Business Commission (SBC) voted 5-0 to recommend approval of BOS File No. 130789.

The Commission supports strengthening regulations to police disreputable massage therapists and establishments, while limiting further harm to those already victimized by human trafficking. Individuals and establishments operating in violation of the law project a negative image onto the many reputable small business massage service providers and establishments operating in the city, and the Commission believes this legislation will help further expand the division in the public's eyes between disreputable and honest massage businesses.

Sincerely,

Regina Dick-Endrizzi

RE: SUPPORT Health Code - Licensing and Regulation of Massage Establishments and Practitioners (File # 130789)

Dear Supervisors Cohen, Tang and Campos:

It is my pleasure to write a letter in support of the proposal: Health Code - Licensing and Regulation of Massage Establishments and Practitioners (File # 130789) being submitted to the Board of Supervisors by sponsors Katy Tang, David Chiu, and Jane Kim.

The Junior League of San Francisco (JLSF)'s Advocacy Committee has worked closely with community leaders to learn about and address human trafficking and the urgent, critical, and complex problems it poses for San Francisco. This change to the Health Code will better allocate resources to address the issue of human trafficking within massage parlors in San Francisco, and passing this proposal should be a top priority for the Board of Supervisors.

JLSF is a member of the Junior Leagues of California State Public Affairs Committee (SPAC) that is committed to ending human trafficking in all its forms. SPAC supports policies and programs that stop human trafficking, advocate for victims, and educate the community at large. JLSF is in support of SPAC-sponsored SB 738, authored by Senator Leland Yee, which would take steps toward creating a statewide framework which treats commercially, sexually exploited youth as victims, not criminals.

JLSF has proudly been on the forefront of identifying and addressing emerging community issues for over 100 years. Our 1,750 members are driven by the critical work of our mission statement: an organization of women committed to promoting voluntarism, developing the potential of women and improving the community through effective action and leadership of trained volunteers.

Empowering our Community Through Life Skills Education

In conclusion, we fully support the efforts of Supervisors Tang, Chiu, and Kim to address the Licensing and Regulation of Massage Establishments and Practitioners. Human trafficking and exploitation continues unabated in San Francisco because we, as citizens, allow it to continue. This proposal will drive change and help stem the tide of human trafficking in San Francisco.

Sincerely,

Jenna Wrobel

I am writing to you in support of Katy Tang's legislation to revise Health Code Article 29 to comply with her amendment changes to revise the current state laws.

There are many massage parlors that are used for activities that are not suited for such establishments. In fact there was recently a Public Hearing for such a massage parlor in our neighborhood that had employees that did not have licenses to give massages. The owner of this business was also fined for unsanitary premises, rodent infestation, and the premises were also used for living quarters.

This business was closed for about three weeks, but it is now reopened and nothing has changes. Business as usual.

Katy Tang's legislation should be passed promptly and with no hesitation.

The massage parlor is very clean and the mamasan was very friendly. In fact, it was night time when I went and I couldn't see the number for the place to get buzzed in and spent probably 5 minutes ringing different numbers, until the mamasan actually came down in the elevator and let me in. lol. Great vibe about the whole place. Love it

CEO Health Club massage parlor San Francisco, California

More Details:

I consider myself somewhat of a monger. Have been hitting up massage parlors for years, in many different cities and countries. I have to say that Eva is by far the best provider I have ever been with!! I had read some reviews on this site before going to SF, so when I arrived, I knew which parlor got the best ratings and which girls were rated the best. This surely was a good site to use. Eva came into my room wearing a sexy white dress and immediately gave me a big hug and kiss. She genuinely seemed happy to see me. We seemed to hit it right off. She had a great bubbly, happy attitude and not in a ditsy way either. She began massaging me and we chatted awhile and she was very flirtatious. Then she took off the dress and WOW!!! what an amazing body. A nice slim waist, a perfect round ass and perfect big tits. I almost couldn't believe my luck. She gave some great head and put that condom on without me even knowing. Great technique. She got on top and rode for awhile and seemed to really enjoy it. Then she asked me to take her doggy style. Needless to say, I didn't last too long. She loved to kiss and was amazingly wonderful throughout the whole session. There was no clockwatching, no quick to get me out the door, no bad attitude. Absolutely the most amazing provider ever and will DEFINITELY see her again. Gentlemen, if you are in the neighborhood, you will not be disappointed to spend time with Eva. I walked back to my hotel with a big ass smile on my face and a little kick in my step. Thank you so much Eva!!! You are the best. See you soon
