Dear Ms. Calvillo:

Attached please find an original single-sided and two single-sided, black and white copies of the proposed resolution for the Board of Supervisors approval, which retroactively authorizes the Department of Public Health, Community Behavioral Health Services, to enter into Performance Contract No. 18-95270 with the California Department of Health Care Services for the term of July 1, 2018 through June 30, 2021.

The California Department of Health Care Services (DHCS) administers the funding and program requirements/standards for the following: Mental Health Services Act, Lanterman-Petris-Short Act, Projects for Assistance in Transition from Homelessness, Community Mental Health Services Block Grant, and Crisis Counseling Assistance and Training Program. The Department of Public Health, Community Behavioral Health Services (DPH-CBHS) operates the aforementioned programs for San Francisco County through the San Francisco Mental Health Plan, with all performance, compliance and reporting requirements outlined in the Performance Contract. Examples of compliance and reporting standards include, but are not limited to, expenditure requirements, minimum service standards, beneficiary protections, and fiscal and service reporting requirements. The Performance Contract only includes performance requirements and is not attached to funding. The Board of Supervisors approved the budget components for these programs during the annual City budget process.

The following is a list of accompanying documents:

- San Francisco Performance Contract Agreement No. 18-95270 and exhibits
- San Francisco Contract 18-95270 Contractor Certification Clause

DPH requests retroactive approval for this item due to delays in receiving the contract from DHCS. DPH-CBHS received the contract on September 17, 2019, which is after the contract start date of July 1, 2018.
